When a freshman falls for a senior, that's not news, but when a senior falls for a freshman, that is news. The senior is none other than Wayne Bart, and the freshman is Helen Grunwald. Don't mind, Wayne, she'll soon be a soph. Maybe!... All senior boys please listen! Betty Mouglin is crazy about one of you, but declines to tell his name. Our scribe will be sure to find out so as to relieve you from the worry as to whom the lucky boy is.... Dot Douglas, who has forsaken our school for one in Oklahoma City, is now going steady with a boy in that city. Good luck, Dorothy, and we hope to see you back with us soon.... Janet Hartman is the object of many admiring looks from Paul Sibets and Willard Johnston.... It seems that William Meyers is trying terribly hard to make a hit with Helen Myers.... It seems that Dick L. and Margarie M. were locked out and had to open a window with a clothes pole. Some fun, I'll say.... Mattie Lou Coats doesn't care for any of our boys, but it seems that her ideal lives in Findley, Ohio.... By the way, Sally Rea would like to know when she can drive your car, Busch. Watch your step or you will have no more car.... It is called to our attention that Franklin Bly is getting awfully "high hat" of late—Maybe he has something to be "high hat" about; but then, we all make mistakes.... Manuel Rothberg is still writing notes to Pat Berry. It must be love.... We bet that Roth felt very unnecessary when Don Bohl brought Pat Tressalt (a Centralite) to a recent game.... Lois Magley and Charley Woodhull are going steady. Well, we wondered why he always held her hand when he thought nobody else was looking.... The hair on Tritch's chest was not his own, as everyone suspected; but instead, a lock of Pauline's that was pinned to his shirt.... Russell's theme song to Carolyn seems to be "P. S. I Love You".... Phil Bowser hopes that his gray shoes will "Stay as Suede as they are".... Bill Hockett is getting quite a rep among the girls. You ought to know better than to use the same line on more than one girl, Bill. They get together you know.... Boys, you are wrong, Phyllis Graham is not a peach, but a grapefruit; and if you squeeze her, you get it in the eye.... Seen together at the dance last Saturday night were Doris Bennet and Dave Steger, Bonnie Craig and Paul Ream (a soph at Central), Maxine Roth and Don Bohl, Dygert and Bob Bly, Sally Rea and Bob Willson, Bernita McIntosh with Bob Lohman, D. Crabb and Tom, of course, and Clarabelle Chenoweth with Henry Miller.... Yes, Oswald, we like your teeth, both of them.... That's all for this time, my public; freshmen and all others: don't forget to drop your dirt in the Times mail box, on west side of study hall.

Mademoiselle Modiste

By Rosemary Chappell

While wintry winds blow, the style in warm sport clothes is changing. Corduroy, ever popular, is making a comeback. It is found in all colors for dresses, blouses, jackets, and skirts. Mary Elizabeth Findley shows a sporty dress of brown corduroy trimmed in bright orange. It has a round neckline with a stand-up collar of orange. This crosses over in front and has a big brown wooden button. The sleeves flare and form a wide band just below the elbow. On each shoulder is a row of smaller wooden buttons. The skirt is slit on the right side, and may be either buttoned or unbuttoned.

Another striking dress of corduroy belongs to Rosanne Celia. This is of a dull tone of red corduroy similar to wine color. The front and back of the skirt have pleats. It has a collar created along butcher-boy lines. At the top of the neck are two silver buttons. A matching buckle is worn on the belt.

For sport, Bernadette Dygert picks a jacket and skirt of brown corduroy. The skirt buttons down the right side with small brown buttons. On the left side is a square pocket. The jacket zips up the front. On each side is

Inquiring Youth

President Roosevelt's Social Security program, especially the old-age pension plan, gives rise to interesting questions. It is not hard to see that great numbers of poverty-stricken aged people would be greatly benefited by regular incomes, but would the certainty of a regular income at the age of sixty or sixty-five have a beneficial effect on the worker's attitude towards thrift? In other words, would the expectation of an old-age pension make people lax as to providing for a rainy day?

Plans, as proposed today, would give pensions to those without other incomes; so, would not the only alternative to receiving a government income, without any attempt at thrift, be saving up enough to carry one over the years which he could not work? At four per cent interest, to be generous, a fifteen thousand dollar insurance policy would bring in six hundred dollars per year or fifty dollars a month; at three per cent, the more usual interest, the income would be \$37.50 per month. Now, if one could draw thirty to fifty dollars from the government, why should one save, buying an insurance policy or other investments, and receive then perhaps no more than the government would give out? Those who can lay up a large amount of money for old age will no doubt do so; but will not the vast majority of persons who can barely get along by paying out money for savings, rather spend that money and depend on the government for support when old?

What if all desire to save would be killed? Would the absence of thrift habits prove detrimental? It might prove to be the missing link on the chain of prosperity by exciting an urge to spend; products could be sold; men could be employed; the endless circle would go on. Prosperity would be permanent, but then it might not.

Are there not always men standing on street corners, eager to rake in the gold of the gullible public? Wealth might be accumulated in the wrong places, in the wrong persons' pockets. Too, what would the effect of free spending be on one's character? Might not temperance, restraint, self-control, all be adversely affected by a breakdown of thrift habits? The Inquiring youth doesn't know, but he wonders.

Southern Slush

We wonder if it's a pastime of the North Side boys to push poor little girls down on dance floors, or is it just Art Freuchenitch's?

We miss Bob Willson, "Willson's my name. Spelled with two 'i's." But cheer up, he's not going to be lonely. (You see he's going to live in Shirley Temple's home town.)

Hey, girls, if you like dancing, look out for Ray Speaker. He's only a new freshie, but he shakes a mean leg....

Who was so interested in Mildred Hoff that he dropped the dictionary in the study hall the other day? Come around and we'll introduce you. (Anything to preserve the school property.)

Why were Ann Winter and "Georgie" DeWald looking so expectantly out of Lohman's window the other night? Expecting someone, girls? Oh, shame on you.

Some little kiddies of this school are in their second childhood, or is it still the first? If you must throw water around in public, warn everyone and we'll bring our sun-suits, too.

All you kids who missed Benny Meroff watch Bob Lohman closely. He puts on an excellent imitation of the stooge in Benny's act.

Dolly Scheele made quite a hit with a certain party the other night. If you're a good girl, we'll tell you all about your secret admirer.

Can't the Ruhl twins ever do anything different? One of them earns a letter sweater, so the other one does. Those two big S's make them look more alike than ever. I'm all a muddle.

If you want to get an idea of what perpetual motion is, ask John Bex to tell you what to say when soliciting ads. He goes on forever.

The "Goon" surely was the center of interest over at Durbin's. One boy and six girls comprised the party. Tish, tish, Bobby.

What does Jean Creighton do to make her eyelashes so long? She's the envy of hundreds when she gazes soulfully out from under them.

Mr. E. Murch To Judge Traits Of Characters

Commercial Teacher Devises Program for Developing Character in Students.

Mr. Earl Murch, head of the commercial department of South Side, has created a character building program for developing and strengthening character traits of the freshmen and sophomore pupils taking the commercial course.

Such character traits as courtesy, industry, ambition, accuracy, neatness, dependability, honesty, and initiative are essential to success in the business world, and the commercial department believes they are acquired and further developed by conscientiously practicing them until they become permanent habits.

The ability of the graduates from the commercial course to secure their first jobs in the business world may not depend upon what they can do, and what they know, but their ability to hold those jobs and the possibility of promotion usually depend upon their personal qualities or their character traits.

There is no other plan exactly like this being used in the city at the present time. As this is only for freshmen and sophomores, the commercial department is contemplating a similar course for juniors and seniors.

The following program of character education is now in effect in South Side High School. While it is by no means perfect, it is at least a step in the right direction.

Beginning in the freshman year, all commercial pupils will be rated by their commercial teachers on the following points:

Courtesy

Acquire good manners. Be uniformly respectful. Do not interrupt a speaker without an apology. Be a good listener. Assume an interest in what a speaker is saying even if you do not feel that the speaker is of any value to you. Express thanks or appreciation for services rendered you. Make a determined effort to co-operate with others. Cultivate the ability to meet people effectively in schools, social, or business relationships. Consider the sensibilities of others.

Industry and Ambition

Do your best work, not just enough to "get by." Try to be outstanding in your school work. Take pride in your workmanship. Work for yourself, not alone for your teachers. Budget your time. Choose a vocation as early as possible. Determine and develop the information, skills, and personal traits necessary for success in the vocation. Have a definite goal in view.

Accuracy and Neatness

Learn to follow written or oral instructions exactly. Pay close attention to details. Proof-read all written work before handing it in. Be accurate in your grammar, spelling, punctuation, and computation. Write as legibly as you can. Arrange written matter attractively on the page. Be systematic about routine duties.

Dependability

Be punctual. Be in your seat at work or at attention when the bell rings. Get school assignments or other tasks completed when they are due. Be regular in attendance. Work without being supervised. Do not waste your own or other people's time. Be as careful of school property as you would of your own. Obey the rules of the school and of proper social conduct.

Honesty

Do not cheat or make it possible for others to cheat. Do not lie or protect others who do. Be sincere. Do not steal the time of others. Do not spread gossip. Aid the school and all other duly constituted authorities in the enforcement of rules for the common good.

Initiative

Do not wait to be told to work before starting a task. Make an effort to solve problems for yourself before asking questions. Plan your work ahead. Be self-reliant. Devise methods of checking and improving your work. Take suggestions kindly. Read extensively in addition to assignments in your school texts. Profit by mistakes and criticisms.

Pupils were informed that their commercial teacher will rate them four times each semester throughout the commercial course and that teachers in other departments are asked to co-operate by reporting on them also.

Students Praise Firemen

Carey Orr and Edward E. Grigware, two graduates of the Lewis and Clark High School, Spokane, Washington, have been instrumental in honoring the Chicago fire department for its work in the stockyards blaze last summer.

Mr. Orr, star cartoonist of the Chicago Tribune, made a drawing depicting the firemen at work on the blaze. Mayor E. J. Kelly of Chicago suggested that the cartoon be made into an oil painting to be hung in the council chambers of the city hall, and Mr. Grigware was chosen to do the work.

Ned Henslee, South Side student, has recently returned from Indianapolis, Indiana, where he was a page in the Indiana State Senate.

Prominent Actor Gives Interview

Howard Crise, Former Graduate Of South Side, Makes Known Facts About Dramatic Career.

Knowing that Howard Crise, '27, was an actor, a make-up man, a director, and an authority on many other phases of dramatics, your reporter felt rather inferior in seeking out the famed young dramatist. This feeling was soon overcome, however, by the friendly informality of the following interview.

When asked what he had done during his high school career, Mr. Crise proudly stated that he had been a cheer leader along with Dean Mentzner for three years. He stated that he had taken parts in various plays and had the lead in the senior play of his class. On the evening of the second performance of "Tailor Made Man" Mr. Crise had completed putting on his make-up, and he was ready to dress for his entrance. At that exciting time, it was noted that three suits of his own and one of another person were stolen. Of course, there was a grand rush for suitable clothes for the show. It was really a grand rush, but the task was soon accomplished. An extra performance was given to pay for the missing suits.

Attended Western School

Mr. Crise attended Riverside College in California. While there, he was a member of the "Black Mask," an organization for dramatists, and there he had the lead in the two stage plays, "Leopard Lady" and "Thank You, Later." He attended Butler University. The "Thespis Club," another dramatics group, was the center of his dramatic activity. To gain entrance to this organization, one had to present an extemporaneous speech and a small pan-jonime before a special committee. Later Mr. Crise gained admittance to the National Dramatic Organization. Admittance was gained to this organization only by having a general knowledge of various types of stage work, including lighting, construction, and managing.

After he was graduated from college, Mr. Crise worked in the financial department of the General Electric in Bridgeport, Connecticut. Later he came back to Fort Wayne, and he was affiliated with the Playmakers. This group merged into the Old Port Play-ers. He has taken either the leads or one of the main parts in the following productions: "Successful Calamity," a vehicle of George Arliss; "Denth Takes a Holiday," the "Green Beetle," the "Perfect Alibi," "Out of the Night," "Trelawny of the Wells," "Ten Nights in a Bar Room," and "Biography." Mr. Crise is on the Board of Governors and is chairman of the casting committee of the Old Port Players.

Make-up Important Work

In speaking of theatrical work, Mr. Crise stated that there are many phases. One of the most important, however, he said is make-up. In this line of work, Mr. Crise (although he didn't admit it) excels. Having very little knowledge of this art until later years, he had some experience in that line of work when he was in several school productions. Later, while attending Riverside in California, he studied make-up from a former movie make-up man. Mr. Crise said that it took years of practice to acquire the ability he now has.

Mr. Crise is now affiliated with the General Electric in Fort Wayne.

Programs For Home Rooms Are Scheduled

Observance for Semester Include Tercentenary Celebration, Discussions, Talk.

This semester the home rooms will have various kinds of entertainment, including weekly Tercentenary celebration items, holiday programs, discussions, talks, musical programs, and many other kinds of entertainment.

The tentative schedule for these home room programs for the first half of this semester has been made out. The first week, January 21 to 25, will be given over to the organization of the home room groups and a discussion of plans for the semester. The first music program of the semester follows the home room period on Friday.

On Monday and Tuesday of the second week, January 28 to February 1, the four in one cards for the office, the dean, library, and home room will be filled out. Wednesday, Thursday, and Friday of the same week will be devoted to the sale of Times subscriptions.

During the first three days of the third week, February 4 to 8, the freshmen students will discuss the school clubs and various honors that may be obtained in South Side. Complete information for this discussion can be obtained from the home room handbook. Upper class students will plan programs for these first three days. All students will be given Tercentenary celebration items on Thursday and Friday.

On Monday, Tuesday, and Wednesday of the fourth week, special emphasis should be placed on patriotic material. A section of the home room handbook points to desirable material. A Lincoln Day program will follow the home room period on Tuesday. This program is in charge of the Social Science Club. Tercentenary items will be given on Thursday and Friday.

In the fifth week, February 18 to 22, a discussion of courtesy and order will be held on Monday. Reference may be made to the School Code and to the book on Manners, etc. Tuesday, Wednesday, and Thursday will be given over to Tercentenary items. On Friday special George Washington programs should be arranged. The second music program of the semester will follow the home room period on Friday.

The first three days of the sixth week, February 25 to March 1, will be given over to program making. (Program making needs to be started earlier with the freshmen and sophomore groups. If it is unnecessary to spend as much time as allotted here to program making, other activities may, of course, be arranged.) Thursday might be given over to talks on school spirit. The sectional tourney will be held here beginning Friday, March 1.

During the seventh week, March 4 to 8, the first three days will be devoted to program making. Tercentenary items will be given on Thursday and Friday.

The eighth week, March 11 to 15, will be spent similar to the seventh. The ninth week, March 18 to 22, will be devoted entirely to program making. Friday of this week ends the second grade period.

Personal News Is Desired by Times

Any student who knows news of personal interest concerning a South Side pupil please put a written summary in the Times mail box at the study hall entrance. This may include such things as sickness, week-end or vacation trips, or out-of-town visitors. However, no society news will be published. News should be put in the box not later than Tuesday of the week it is to be published.

Honest Aid!

It was Lincoln, wasn't it, who gave us that epigram about fooling some of the people all of the time and all of the people some of the time? Times have changed. Some people, today, can't be fooled at all.

They are the ones who buy thoughtfully and spend wisely. They are guided by the most up-to-the-minute news about products, prices and values. They read the advertisements in the daily newspaper.

Whether you're marketing for tonight's dinner, for a refrigerator or for a home—the most reliable guides are printed right here in The NEWS-SENTINEL for you.

Make it a habit to shop at home, by newspaper, before you set out. It saves time . . . saves tiresome searching . . . and it saves real money.

Read the advertisements regularly in

The News-Sentinel

Fort Wayne's "Good Evening" Newspaper

Theme of the Week

(Continued from page 2)

are about the most devoted young couple in town. I'm really afraid of the effect it will have on Lyle if she should pass away. Even now he isn't quite his own self. He has a morbid air, and he has lost the old calm self-assurance which he used to have. It's too bad, of course; but it was just written in the books. I wonder how it is going to end? Well, goodnight."

In Mrs. Roberts room a large crucifix was hanging over the bed; and there were rosaries hanging around all the locks of the windows as the doctor had ordered. In the bed lay Mrs. Roberts peacefully sleeping under the effects of a drug administered by the attending nurse.

"Doctor," Lyle asked after the doctor had explained the intended use of the crossbow, "how are you going to aim that crossbow if the vampire is invisible?"

"As I said before, this crossbow is just an idea of mine that I got from some research work in Slavic folklore. It may help, but then again it might not. At any rate, it can do no harm to try it."

After dismissing the nurse, the two men turned off the lights and settled themselves as inconspicuously as possible in a far corner of the room so that they could see all that went on there. They had agreed to take half-hour shifts as sentinels. Although neither expected to sleep, Dr. King decided that it might be a good idea to have one of them constantly giving his undivided attention. At first they talked; but later, having nothing to say they just sat quietly.

At one-fifteen, the doctor told Lyle that it was his watch and that he would go to sleep. Sleeping, he started to dream. His tired mind pictured Mrs. Roberts taking the rosaries off the window locks. Then she tried to open one of the windows. With what seemed a wonderful mental effort he shook himself from his lethargy; and upon opening his eyes, he saw exactly what he had been dreaming of.

"Lyle," he whispered as he nudged him, "Lyle, wake up. Shhh, don't make a sound."

"Yes, certainly darling," murmured Mrs. Roberts to a crouched figure outside the window, "you know that I will do anything for you."

"Hurry up and open this window then," came a muffled voice from outside the window. "Ah, that is better," he said as he came in.

Lyle was in the greatest of mental agony. He had sworn to obey the doctor in any action that they should take. Now the doctor held a restraining hand on him.

"Doctor," he whispered, "I can't stand this much longer. Do something, please."

"Be patient, Lyle. She is under a hypnotic spell and has no control over her thoughts or actions."

"You," the vampire's guttural voice rasped on Lyle's and Dr. King's ears, "are so nice to a poor old man like me. Take it away! Away I say! What is this? Who has been talking to you?"

"What is the matter, my love?"

"That horrible thing there," he said through clenched teeth as he pointed

Junior Math Club Picks New Heads

Beulah Horstmeyer To Preside, Marion Roehrs Is Secretary; Others Will Be Named Later.

Election of officers for the Junior Math Club was held at the meeting, Tuesday in the Voorhees Room. The president and secretary were elected at this meeting. They are Beulah Horstmeyer and Marion Roehrs respectively. Vice-president, treasurer, sergeant-at-arms, and representative to Inter-Club Congress will be elected at the first meeting this semester.

Plans were discussed for the skating party which will be on Friday, February 22. The committee in charge of the skating party is composed of Charles Thorne, Robert Brown, Helen Meyers, and Marion Roehrs.

Talks were given by Helen Meyers on the mathematics of the Japanese and by Charles Hart on the mathematics of the Chinese. Helen Meyers explained how the Chinese introduced "pi" into mathematics. Charles Hart told how the Chinese wrote their numbers.

to the crucifix.

The doctor by this time had fitted an arrow to the crossbow and taken aim. He coolly shot the arrow.

"Ugh! What is this?" shouted the vampire as he pulled out the shaft. "Stop!"

"Doctor," cried Lyle, "I cannot move. My arms, they're paralyzed." "Your friend, the doctor," murmured the vampire, "is in a worse condition than you. Take a look at him."

Lyle, looking over when the doctor was setting, saw that the doctor was in a much worse condition. His arms were drawn closely to his sides; and his legs were drawn up to his chest.

"It is most fortunate," continued the vampire, "that this house is constructed so well. These soundless rooms are just the thing for such an occupation as mine."

The vampire laughed in a manner that made Lyle shudder. Then he went about his horrible business of sucking the life blood from the neck of Mrs. Roberts as his nourishment. While Lyle watched the cruel monster, his mind was nearly shattered and for a while, his whole body was numb. He was powerless to do anything for the vampire had even reduced his voice to a whisper.

Suddenly the vampire snapped upright. His features hardened into a horrible grimace. He spoke to the two men.

"You have won, my friends; but it is a dearly bought victory. You, my most gracious host," he addressed Lyle, "have paid for the victory. Your darling wife, of whom you are so fond will be one of my class by morning. Does that not please you? Hah, hah, hah, hah."

"But," again he drew tense, "the arrow has found its mark. I go, never to return again."

Soon after the vampire had left, Lyle started to pray. In his prayer, when he came to the word Christ, his limbs gradually were freed from their paralysis. The doctor did the same, and he, too, was freed. Immediately they went to the bed, where they found Mrs. Roberts staring at the ceiling with glassy eyes, dead.

Invitational

Table Tennis Tournament

at

Patterson-Fletcher's

WHEN?

Tournament play begins Monday, February 4th.

WHERE?

In Patterson-Fletcher's Sports Basement.

WHO CAN ENTER?

Any Fort Wayne High School Boy.

EXPENSES?

None, everything furnished . . . best of equipment.

PRIZES?

For all semi-finals players in both winners and "consolation" bracket. (There will be a complete "consolation" tournament.) Also grand prizes. Complete prize list posted in Patterson-Fletcher's Sports Basement.

ENTRIES?

Now,—see Bill Hockett, South Side High representative in Patterson-Fletcher's Campus Shop, or go right down to their store.

RULES?

Also posted at Patterson-Fletcher's.

DEADLINE?

All entries must be in by 6 P. M., Thursday, January 31.

Many South Siders Can Trace Their Lineage Back To Kings

Some related to the royal houses of Europe, some related to great generals and conquerors, and others related to lowly cannibals; but all related to someone. This was the subject of the answers given by some students in a recent questionnaire.

When asked who some of her ancestors were, Lady Jane Louise Brinkman looked blank but finally came through with the following story: "My grandmother was a sixteenth cousin, twice removed of the late Czar Peter of the United Russias."

And while on the subject of kings, the following tale was told: "My ancestors originated in England. One of my great (great is merely an identifying) ancestors was the tutor of King George the Third of England during the Revolutionary War." That, ladies and gentlemen, is the solution to the question of why England lost the war with those "inferior" colonies. Another one of this person's ancestors was a fighter in the same war. This accounts for Miss Virginia Montgomery's fighting tactics in her daily conflicts for order, and also for her brother's golden tresses.

The ancestors of the illustrious Shiflet sisters came from France and originally Germany. One of their grandfathers was a fisherman on a whale boat. His son was born on the same boat. Later the family migrated to the Carolinas.

Staff Meeting Is Held To Start Out Campaign

"It is our duty to make the Times this year the best it has ever been," stated Wayne Bender, the general manager, at the staff meeting Monday. Every member of the staff is expected to subscribe and to get as many outside subscriptions as possible. The circulation drive is on!

Work has not been done as carefully as it should. Undue privileges have been taken which interfere with the major staff members who are held responsible for the paper's success. Proofreaders are urged to do their work more carefully.

The news editor also announced that reporters are not to change their assignments in the book and are to get their stories in on time. She said, "Recently several have failed to check their stories, which has caused inconvenience to the editor and others. If a reporter does not find his name in the book Friday, he is to look on Monday and Tuesday for last-minute stories."

Recognition of G. A. A. Members Observed at Annual Service

Athletic Girls Given Letters At Ceremony

Martha Baumgartner Talks; Eleanor Cupp Honored; Sportsmanship Laws Read

Patterson Awards Honor Numerals

Twenty Letters Are Earned, Over Twenty Numerals Awarded To Members

As the two white candles slowly glimmered away and added to the serious atmosphere which prevailed in the Greeley Room, January 11, Martha Baumgartner, president of the organization, opened the sixth annual recognition service of the Girls' Athletic Association by explaining to her fellow members the purpose of the meeting.

She stated that it was not only to give awards to those who deserved them, but also to recognize those girls who have points ranging between 300, the amount needed for a numeral, and 1200, the amount needed for a letter, or more than this number. Martha also stated that the meeting was a rather sad one, in that it would be the last recognition service in which the seniors would participate; yet at the same time it was a happy gathering, since many letters and numerals were to be awarded. After concluding her inspiring message, Martha Baumgartner read, "Good Loser, Generous Winner," a poem written by Ardis Locker, a letter girl graduating in 1932.

Eleanor Cupp Leads
As in the past two years Eleanor Cupp, the senior with the highest number of points, 2470, read the G. A. A. ritual in which she especially emphasized the fact that it is not the winner that counts, but how the game is played.

The next twelve highest point girls were honored by having to represent the sports which Eleanor Cupp named and when are carried out in this large organization. With a total of 2563 points, Vera Fremion, representing tennis, wore a white pique sports dress and carried a tennis racket. Ida Mae Frazell, having 1945 points, represented volleyball by wearing a white pique gym suit and holding the ball. Having a total of 1942 points, Alice Mae Seibold represented the hockey sport by wearing a black sateen pair of shorts and a blouse of the same material, and black shin guards with a hockey stick.

Florence McKeon, wearing gold satin trunks and an attractive sweater to match, represented tumbling and has a total of 1893 points. Being the sixth highest point girl with 1869 points, Rosema Disler, who wore a blue and white checked suit, portrayed the freshman sport, speedball. Representing the swimming sport, Margaret Ames, who has a 1627 total, wore a black sunback swim suit and beach shoes, and carried a robe. Wearing an attractive baseball suit and carrying the bat, Alwita Tarney, having 1611 points, portrayed the baseball sport.

Hiking Represented
The sport which Eileen South represented was hiking. Eileen wore a typical hiking outfit, and she has as her total of points, 1582. Doris Rindchen, having a total of 1542 points, portrayed ice skating by carrying a pair of ice skates and being warmly clothed for the cold air which is typical of this particular sport. With a total of 1478 Jean Kirby represented track by wearing a light cool gym suit. Virginia Beck, who wore white shorts and a white sweater and carried a basketball, represented this sport; she has 1477 points to her credit. By wearing an attractive skirt and jacket, Betty Wilkerson with 1476 points, represented roller skating.

Marjorie Hower, the underclassman with the highest number of points, 1680, was honored by reading the Law of Sportsmanship in which the members of the G. A. A. later joined.

After this service came to an end, awards were given to the deserving members. Miss Gretchen Smith first awarded the freshmen girls their numerals. Those who earned 300 points for their numerals are as follows: Mary Ellen Blauvelt, Margaret Beck, Betty Elizabeth Burhenne, Martha Crum, Betty Eisenacker, Dorothy Ellenwood, Margaret Eser, Helen Forker, Joan Kennedy, Charlotte Krimmel, Helen Meese, May Persing, Mabel Redding, Barbara Raymond, and Ruth Steinbarger. Miss Smith stated that two of these freshmen girls, Ellenwood and Eser, earned their numerals since September. She also stated that she was pleased to think that the present senior girls who were conducting the meeting, were her first freshmen girls.

Adviser Presents Numerals
Miss Alice Patterson, after making a short but very impressive talk, presented the upperclassmen their numerals. The sophomore girls earning their 1937 numerals are: Marcel Bandtel, 375 points; Phyllis Barrows, 400 points; Betty Beyrau, 400 points; Helen Louise Clark, 350; Geraldine Dush, 325; Grothaus, 325; Lida Mae Millberg, 303; Helen Heikowsky, 350; Helen Humcke, 344; Lida Mae Mueller, 444; Linda Lou Schultz, 395; and Dorothy Zaegel, 475 points. Edith Koch with 400 points received her 1935 numeral. Koch is a senior who unfortunately got a late start in this organization.

There were twenty girls who were awarded letters and certificates for earning 1200 or more points. The seniors with their corresponding number of points are the following: Anna Brumbaugh, 1317; Doris Ehlinger, 1200; Audrey Fels, 1217; Helen Hickman, 1249; Geraldine Hemmels, 1200; Susie Meyers, 1278; Joanna Reichold, 1206; Helen Roloff, 1325; Mary Schae-

Announce G. A. A. Recognition

Miss Alice Patterson

Miss Gretchen Smith

Miss Alice Patterson and Miss Gretchen Smith have announced that recognition has been given to a number of members of G. A. A. this week for exceptional work in their department.

Intramural Gossip

Wally Bartels was awarded his second letter recently. Wally was bowling champion this year and is also prominent in tag-football, handball, basketball, and baseball.

Walt Stone has moved to Rockford, Illinois. Walt was a two-letter man and was captain of last season's tag football and basketball teams.

Last year 275 boys took part in intramural basketball. These boys were on forty-six different teams.

The writer wishes to bring to the attention of all boys the value of accurate foul-throwing. Last year, out of the first thirty-one games played, fourteen games were won or lost on the strength of charity tosses. In these games 350 tosses were attempted but only 119 were successful for a percentage of 34. This is not as good as it should be.

Notice Freshmen!
If you wish to play intramural basketball be sure to have your health card signed by your parents and returned to Mr. Briner's office. If you don't have a card, simply inquire in Mr. Briner's office.

Attention freshmen! If you want questions answered or discussed in this column, please address your questions to the Intramural Sports Editor and drop them in the Times box at the west end of the study hall.

fer, 1218; and Mary Snider, 1295. The girls in the junior class to receive letters are as follows: Lois Arnold, 1221; Vendetta Clay, 1232; Mary Anne Fark, 1321; Vivian Hickman, 1222; LuWanda Likens, 1220; Mary Jane Redding, 1200; and Barbara Uran, 1302 points. Three sophomore girls who worked to get their letters during their second year were: Anna Marie Baumgartner, 1203 points and the Ruhl twins, Margaret with 1278 points and Marjorie with 1212.

Letter Girls Listed
In the G. A. A. the present letter girls are the following: Seniors, Margaret Ames, Martha Baumgartner, Virginia Beck, Madelyn Blauvelt, Jane Louise Brinkman, Goldie Bruoit, Susie Cameron, Eleanor Cupp, Rosema Disler, Ida Mae Frazell, Vera Fremion, Emily Gardner, Catherine Hirschman, Jean Kirby, Florence McKeon, Betty Ann Pettit, Alice Mae Seibold, Eileen South, Alwita Tarney, Pauline Warner, and Shirley Woodruff. The juniors are Marjorie Cartwright, Dorothy Crabbill, Bernadette Dygert, Lillian Haehmeyer, Mary Martha Hobrock, Donna Lyman, Vera Mosel, Doris Rindchen, Effie Roberts, and Mary Betty Wilkerson.

Martha Suter, an alumni letter girl, gave a very impressive talk on the value of the G. A. A. to one after she graduates. She stated that no matter how much a girl appreciates and enjoys the club while she is at South Side, she will find its true value after she graduates. She stated that the organization teaches a girl certain characteristics which she must have to go out in the world by herself to earn a living. Such things as sportsmanship, co-operation with other people, leadership, scholarship, and character are all acquired either directly or indirectly through the club.

Miss Martha Pittenger, dean of girls, gave a very interesting impromptu talk on how she could depend on the letter girls and G. A. A. members, and how she valued the club.

Central Still Leads N.E.I.C. Net Race

Tigers Trim Huntington Vikings And Bluffton; Sitko and Neat Lead Bengals in Scoring.

Central continued to pace the N. E. I. C. loop as they defeated Bluffton and then took the Vikings of Huntington into camp. Bluffton was vanquished 31 to 25 while Central had an easier time defeating Huntington 43 to 34.

Bluffton, playing on their home floor, provided unexpected opposition to the Bengals and it was only after the toughest kind of an up-hill battle that Central came out on top. Bluffton showed their gameness throughout, never letting a Central lead discourage them, but always fighting to pull up with the Tigers. Central entered the game a definite favorite, but the dope bucket was almost knocked over when Bluffton overcame a seemingly insurmountable lead to tie it up at 26-all, late in the final quarter. Bluffton's zone defense, not a bright spot in their play, was then penetrated by Central with fielders, dropped in by Riddle and Barker. Barker then capped it off with a charity toss which he seemed in no particular hurry to attempt.

Central led almost throughout, running up a 15 to 12 lead at the half and holding a 26 to 18 margin at the three-quarter mark. Sitko stood out in the Central lineup hitting the net for four field goals and three foul tosses to amass eleven points. McCray held the punch of the Bluffton attack.

Playing at home for the first time in a good while, Central made it two straight over the week-end by trouncing the Vikings of Huntington in a wild, free-scoring battle 43 to 34. Central was the master of the situation throughout, never being headed, but being scared badly by a determined Viking attack in the third period. The pace proved too much, however, and Huntington once more fell behind, never again to threaten. Lyle Neat provided the thrill of the evening by caging eight fielders and two charity tosses to run up eighteen points. Six of his field goals came in the first half. The Huntington scoring was evenly divided with Coolman leading with nine points.

Sportlights

The city net crown for this year will go to either Central or Central Catholic. Both North Side and South Side have been eliminated from the race. Central Catholic has completed its competition. Central must meet the Archers and the Redskins once more. The Tigers must win both these contests to be crowned champions. Our money is on Central Catholic. Do you remember what happened in the second Tiger-Archer battle last season? In the first game the Blue had beaten the Green Wave about as badly as they did a week ago. But the Archers came back to win two thrillers, one of them in the semi-final round of the sectional. Archers, we still think you are going to Butler Field House in March—and not as spectators, by the way.

It is our firm belief that a majority of South Side fans would very much like to witness another Archer-Irish tilt this year. The public high schools play each other twice a season; the Irish only once. We are quite sure that the Central and Archer squads would like another crack at the Irish; likewise Central Catholic would appreciate another chance against North Side. Couldn't it be arranged to include C. C. on South Side's net schedule twice each year?

Our nomination for the most improved man on this year's squad is Joe Close. Joe is a capable substitute for Bob Nelson at center. He did some very nice work for the Archers at Bluffton a few weeks ago. Joe handles the ball nicely and should save Coach McClure a lot of worry next season.

In any basketball game the player who scores the most points is the one who stands out in the eyes of the average fan. But don't forget that it takes four other men to guard, block, and work the crack shot loose from his guard before he has a chance to display his skill. Without good floor players, a team doesn't get far. The high scorer is not always the star, especially if he plays a one-man game at the expense of team co-ordination.

All-Intramural Teams Named For Volleyball

Charles Baumgartner, Louis Briner, John Dutterer Name 24 for High Places.

Choosing the members of the 1935 All-Intramural volleyball teams proved to be a difficult task for the All-Intramural athletic board. Nearly one hundred fifty boys took part in this sport this year, and picking twenty-four boys from such a large number of contestants was not easy. Two heavyweight and two middleweight teams were chosen.

Howard Hall was chosen to captain the heavyweight first team, and Theon King was elected to lead the mythical second team.

Members of the heavyweight All-Intramural teams as chosen by the All-Intramural board, consisting of John Dutterer, Charles Baumgartner, and Mr. Louis Briner, are as follows:

First Team
LF—H. Hall, Trojans (Capt.)
CF—Lohman, Trojans.
RE—C. Hall, Fast-Freights.
LB—Craig, Redskins.
CB—Fowler, Trojans.
RB—Stalter, Fast-Freights.

Second Team
LF—King, Redskins (Capt.)
CF—Leupke, Herrings.
RF—Kessler, Trojans.
LB—Bolinger, Trojans.
CB—Doehrmann, Trojans.
RB—Simon, Trojans.

Walter Stone and David Roth were elected to captain the two middleweight all-star teams. Members of the middleweight All-Intramural teams are as follows:

First Team
LF—Meyers, Archers.
CF—Stone, Archers (Capt.).
RF—Lehman, Plugs.
LB—Strader, Plugs.
CB—Lelja, Tigers.
RB—Cunningham, Tigers.

Second Team
LF—Crum, Tigers.
CF—Roth, Bears (Capt.).
RF—Lohman, Eagles.
LB—Klotz, Aces.
CB—Klopfenstein, Tigers.
RB—Bennigan, Archers.

Many Articles Found

In response to the query as to whether there was much to say about the lost and found department, Miss Pittenger stated that all sorts of articles were lost and found and that there were many articles found which are as yet unclaimed; but few of these are so very valuable. Among the various articles found are pencils, pens, jewelry, money, purses, and other things.

Miss Pittenger said, "A large majority of our students are absolutely honest, but unfortunately, we have a few who do not have a strong property sense."

Wavelets Down Columbia City Reserves After Tough Battle

South Side's Reserves won a rough-and-tumble see-saw battle from the Columbia City second team Friday evening bby a score of 25 to 22.

The tilt was close throughout, providing plenty of entertainment for the fans as both squads battled hard for a victory.

Columbia City's small floor was one of the factors which tended to produce a quick-break style of play. The Green was especially hampered because, once they got possession of the ball, the Eagles rushed the passes and shots of the Wavelets. There was an almost constant mixup under the basket. As a result few set shots were scored. On the contrary, the order of the evening was to get the ball somewhere near the hoop and then to shoot from any conceivable angle or position.

Seventeen personal fouls were called as a result of the fast play. South Side committed eleven offenses; while the Maroon was guilty of only six. However, four of these were committed by Overdeer. Eaglet center, who was ejected from the game early in the third period.

Converting on free throws, however, did not alter the result of the contest, although it did serve to cut down the margin of the Archers. The Wavelets converted three of their seven attempts the Eagles scoring on eight of fourteen chances.

Carl Hall led the individual scoring with six fielders and a charity heave for thirteen points. Walter led his team with a total of nine markers. Epmeier also did well with seven scores.

In the initial period the Wavelets jumped into an early lead of 9 to 3. However, Columbia City came back somewhat, and the Green led at the quarter, 9 to 6.

The Maroon continued their good work in the second period. They held South Side to a free throw while Overdeer led an offensive which netted them 13 to 20 lead at half time.

South Side, led by Hall and Epmeier, staged a comeback in the next period which tied the teams up at 17-all as the third quarter ended.

In the final quarter Hall and Epmeier scored two fielders apiece while their opponents made five points, to give the Green a 25-to-22 lead at the final gun.

Archers Will Tangle With Berne Bears Tomorrow Night

Green Netters Face Real Tilt In Home Game

South Side Quintet Hopes For Win Over Opponents; Expect Stiff Opposition.

Bruins Have Won 15 of 16 Games

Strength Shown by Visitors So Far in the Season; Lose Only Game 18-21.

In their lone clash of the week, South Side's Archers will meet the strong Berne Bears here Saturday night. The varsity game will get under way at 8 o'clock, with the reserve tangles an hour earlier. Coolman and Craney will be the officials for the two games.

Coach Judson Erbe of Berne has one of his strongest teams in years and expects his Bears to go far in the rapidly approaching spring tournaments. The Bears of the blue and white have rung up an enviable record for thus far in the season, having lost only one game in sixteen starts and having won their county tourney last Saturday.

Portland's Panthers have been the only team able to stop the Bears so far this season, defeating them 21 to 18 in a hard fought battle. Berne has chalked up impressive victories over such teams as Monroeville, New Haven, St. Mary's of Huntington, and Decatur.

Although Berne possesses such a good record, South Side is still favored to come out of the game on the long end of the score, most of the Bears' opponents not having been of the highest caliber. However, the Bruins are expected to offer the Green plenty of trouble, and an upset is not at all improbable.

With only one senior, Flueckiger, on the team, Coach Erbe has a small, but fast and clever squad, and next year he should be able to place one of the strongest teams in this part of the state on the hardwood.

Berne's probable starting lineup will consist of Felber and Neuschwander as forwards, Dro at center, Steiner and Flueckiger as guards. Felber is the only six-footer on the team and is one of the Bears' leading scorers. Neuschwander, the other forward, is only five feet seven inches tall, but is one of the fastest men on the team and a good shot from all over the floor. Dro at center is just a fraction under six feet and is one of the Bears' best all-around players. Flueckiger and Steiner, the two guards, are only five feet ten and five feet eight inches tall. However, they are two of the best guards in Adams County, both being given places on the all-county team.

South Side's probable lineup will see Hilgeman, Lohse, or Symonds as forwards; Nelson at center; George, Jackson, or Hall as guards. Coach McClure's men have been playing a steady brand of ball, and should add the Berne game to their long list of victories.

Numbers of the probable starting players are as follows:

Berne	
Felber, forward	88
Neuschwander, forward	11
Dro, center	24
Steiner, guard	33
Flueckiger, guard	44
South Side	
Hilgeman, forward	20
Lohse, forward	23
Symonds, forward	24
Nelson, center	29
George, guard	30
Jackson, guard	30
Hall, guard	27

Bob Willson Leaves City For California

Bob Willson, '35, football and track star, was entertained last Thursday evening with a pot-luck supper at the home of Jim Menefee. Bob has just finished his senior year at South Side and plans to leave Fort Wayne soon for the Pacific coast. The guests included Richard Busch, Tom Conway, William Epmeier, Brower George, Robert Hoffman, James Kennedy, Robert Lohman, James Menefee, Jack Mueller, Robert Nelson, Sam Rea, Sam Schaaf, Richard North, and Robert Zeig.

Willson began his athletic career in his freshman year, winning the half-back and quarterback positions on the football team, which he has held for two years. He has also won several berths on the track squad, running the 60, 100, 440-yard dashes, and the half mile and mile relays. It was while on the 1934 track squad, he ran the hundred yard dash in ten seconds flat in the sectional track meet at Garrettsville. Bob has earned two varsity letters and was active in intramural sports.

He plans to attend a well known college out on the Pacific coast and will be active in baseball, football, track, and other sports.

To Play Against Archers Saturday

Bob Dro, Steiner, and Flueckiger are expected to be in the Berne lineup for the starting gun Saturday. Flueckiger is the only senior on the opposing squad and holds down the position of guard with the aid of Steiner. Bob Dro is center for the Bears this year.

Archers Stave Off Late Rally To Down Columbia City Five

South Side's Archer net squad staved off a belated rally in the final quarter last Friday to secure a well-earned victory over Columbia City. The final score was 32 to 28.

The contest was one of the most "wild-and-wooly" games the Green has participated in this season. Many scrambles under the basket, fast passing, and desperate attempts by each team to secure possession of the leather added to the excitement. Neither team was able to use a set offensive. A great part of the scoring was done on quick-break plays after poor passing by one or the other of the teams.

Clugston led the attack of the opposition, scoring seven fielders and a free toss for fifteen points. He connected for four fielders and a charity heave in the final period. Bob Symonds was high scorer for the Archers with eleven markers; however, he was closely followed by Bob Nelson with three field goals and four fouls for ten points.

The teams broke the rules about equally. South Side had ten personal calls, while the Eagles committed eleven offenses. Neither squad was able to cash in on its free throws to any great extent. South Side made eight attempts out of fourteen; the Maroon made six out of twelve.

Paul Lohse started the scoring when he connected for a long one from the center of the floor. Brower George scored from under the hoop before the Eagles started off with a free toss. Nelson then hit the hoop from the center to give the Green a 6-to-0 advantage. The Archers led at the quarter 10 to 5.

The scoring in the second period was rather evenly divided. Nelson scored first with a fielder and a free toss to give his team an eight-point margin. However, the Eagles braced; and the quarter ended 21 to 14 in favor of South Side.

In the third period Symonds connected for two fielders, and Bob Nelson sank one while their opponents made three markers, to increase the Green lead to ten points.

Led by Clugston, the Maroon staged a determined rally in the final quarter. This player got away several times to score four fielders and a free toss, most of the fielders being on quick breaks. However most of these points were scored after South Side had secured a 31-21 lead, and had put several substitutes in the game. The outcome of the game was never really in doubt, as the Archer defense was tightening up to halt the Eagle rally at the final gun.

Financial Data From Athletics Reports Gains

Announce Athletics Funds Gain Over Five Year Time Under Mr. Davis, Director

Team Uses Money To Buy Equipment

Deficit Reduced to Nothing Beginning With 1933-34 After Persistent Losses.

Of interest to every fan of South Side sports is the financial report of the South Side Athletic Association. Mr. Ora M. Davis began his duties as athletic manager in 1930, and the following figures are taken from financial reports during the succeeding years.

The purpose of the Athletic Association is not to make a profit, but to make sufficient funds to carry on athletics. Because of this, students at South Side are able to procure tickets for all home games at the very lowest possible price.

Receipts Are From Tickets
Receipts are obtained from five definite sources, student tickets, adult tickets, general admission, guarantees, and tourneys.

Disbursements are made in a wider range. Purchase of equipment, officials, professional service, transportation, meals and lodging, laundry, medical supplies, sweaters and letters, and tournaments make up a large part of the other disbursements.

When Mr. Davis first began his duties as athletic manager, the affairs were in a rather serious state. The receipts were consistently less than the disbursements. In 1931, the end of the first year of Mr. Davis' management, the receipts totaled \$7,086.91 and the disbursements were \$7,327.29. At the beginning of that year there had been a deficit of \$503.92. This had been reduced to \$22.18. By the beginning of the year of 1933-34, the reports had become normal, showing a balance of \$238.36. This year, 1934-35, the Athletic Association was able to begin with a balance of \$784.02.

Determines Money Spent
The position of determining how much money shall be spent and on what, is no easy one. During 1932-33 the receipts were only \$5,134.97, which were less than the year before by approximately \$2,000. Mr. Davis had the foresight to see that the receipts were going to be less; so he cut the disbursements correspondingly and even managed to make a profit in spite of the decrease in receipts.

To explain each item of expense and its cause would go too much into technical bookkeeping, for it is long and involved. Hours of thought and figuring are put into the work each year in order to make it possible for each student in South Side to get the very best bargain possible for all athletic contests.

Hardwood Heroes

"Hooty" Hall, a veteran forward of the varsity, is one of Coach McClure's best passers. "Hooty" has seen action in something like thirty varsity basketball games; he has also earned one varsity letter and has nearly enough points for his second letter. Hall has played on the reserves for two years; he played so well that Coach McClure gave him a chance to make good on the varsity. He is six feet, one inch tall, eighteen years old and a senior. "Hooty" is active on softball teams in intramural sports and outside the school.

"Hooty" Hall came into touch with basketball at the James H. Smart school, playing on the team as a forward. He plans to be active on independent basketball and softball teams after graduating from South Side.

Don Reichert, a tall and lanky sharp-shooting center of the reserves, will undoubtedly win himself a berth on the varsity in the near future. Don has a canny way of swishing the leather through the basket from the center of the floor. He will probably save Coach McClure from a great deal of worry about the present varsity graduates. Don just tops the six-foot mark, is fifteen years old, is only a sophomore, and has seen action in nearly all of the preliminaries.

Reichert has played center on one of the James H. Smart grade school fives and was active in other sports.

North Side Scores Upset Over C. C.

Redskins Are on Long End of 30-24 Score; Administer First Defeat To Purple Quintet.

Making a determined drive in the final three minutes, the North Side Redskins scored a well-earned 30-to-24 victory over Central Catholic's heretofore undefeated team in a fast, well-played game at the North Side gym Wednesday, January 16.

Central Catholic's loss to North Side throws their chances of winning the city crown on the shoulders of South Side's Archers and North Side. If Central should lose to either South Side or North, Central Catholic wins the title.

The first quarter of the Redskins-Irish tilt started with both teams having tough luck on their shots. Central Catholic stayed close during this quarter, making all their points from the foul line. Then Central Catholic started hitting, and with Hoch bearing the brunt of the attack, passed North Side. With the quarter nearing a close, Johnston hit on a shot from far out, cutting Central Catholic's lead to 15 to 14 at the half.

During the third quarter, with La-Tourette finally opening up, the lead switched to North Side. The score at

Archer Second Team Making Good Showing

Reserves Setting Excellent Record; Win Eight, Lose Two, Tie One; Hall High.

With their season already past the half-way mark, the South Side reserves seem destined to set an excellent record for themselves if they continue at the pace they have set thus far this season. The record for the reserve squad to date contains eight wins, one tie, and two losses. The Green have scored a total of 214 points while holding their opponents to 162 markers in the eleven contests they have engaged in thus far.

In individual scoring, honors go to Carl Hall, elusive Archer sniper, who has amassed a total of 55 points on twenty baskets and fifteen charity tosses. Hines is next in this department with fourteen two-pointers and two fouls for a total of thirty points.

Hall also has been the most successful Archer at the foul stripe with a total of fifteen charity tosses to his credit at the present time.

Fred Ostermeyer and Bill Epmeier have been the most unsuccessful in evading the hawk-eyed umpires and lead the pack with eleven personal calls being called against each of them.

None of the players have seen action in all of the tilts, although Hall, Eiser, and Hines have participated in nine contests.

The following statistics include all tilts with the exception of the Auburn encounter:

	GPI	G	F	FA	TPPF
Hall	9	20	15	24	55
Hines	9	14	2	10	30
Epmeier	8	9	4	8	22
Ostermeyer	4	7	4	6	18
Eiser	9	5	4	6	14
Reichert	5	6	1	5	12
Geyer	7	4	2	8	10
Cramer	4	3	1	2	7
Broderick	3	3	1	2	7
Lohman	1	3	0	2	6
White	2	2	0	0	4
Simon	1	2	0	1	4
Lee	2	2	0	1	4
Hamilton	2	0	2	2	0
Kintziller	7	0	2	8	2
Koltz	1	1	0	0	2
Parmalee	1	1	0	1	2
Norris	2	1	0	3	2
Stewart	5	0	0	1	0
Hirschman	4	0	0	0	0
Budde	2	0	0	0	0
Dohman	1	0	0	0	0

the end of the third quarter was 22 to 20.

With three minutes to play in the last quarter, North Side held a lead of only 25 to 24, but they then scored three baskets to sew up the game.

La-Tourette and Johnston were outstanding for North Side, while Agambroad and Schott were best for Central Catholic.

The North Side seconds made it a perfect evening for the northern school by whipping the Central Catholic seconds.

Chips Off The Hardwood

North Side's triumph over Central Catholic mixed up the city standings considerably. Now Central can nose out the Irish in the city championship race by downing the Redskins and the Archers in their future tilts. However, a Bengal loss will assure the Irish of the championship.

These basketball experiments seem to be arousing a great deal of interest throughout the net world. Raising the baskets to 12 feet seems to be gaining much favor while elimination of the tip-off meets quite a bit of opposition. Both of these measures seem to be made for the purpose of destroying the effectiveness of the big man.

Announcement of the holding of the State Catholic basketball tournament here in Fort Wayne this season marks the first time that the Summit City has been given a state-wide tournament. The tournament is scheduled for Saturday and Sunday, February 23 and 24. This meet will probably have eight teams participating.

The fact that basketball will take its place as one of the major sports at the Olympic games is arousing much interest here in the Hoosierland where the population plays basketball in their sleep. Just how a team of amateurs to represent the United States will be chosen is as yet undecided. However, such a task as choosing five men out of the entire United States is sure to be a hard task.

It is rumored that Coach Erbe has been pointing his powerful Berne outfit for their clash with the Archers throughout this season. After winning twelve straight, the Bears finally dropped a tilt to Portland, and now the Erbenmen no longer labor under the suspense of losing their first one.

When are those Logansport basketballers going to resume the form they displayed in their early season encounters? The Berries continue to play erratic ball and will soon crowd Knox College out of the competition for the most defeated team.

Those Central Tigers really showed the Archers how to execute a fast-breaking offense. The Tigers swept through the Green defense time after time, and only their inability to connect kept them from running up an even higher score.

Neat and Warfield seemed to be able to hit the net from any place on the floor. Neat's shot from past center near the end of the initial half was one of the longest shots seen here this season. Warfield's pivot shots kept the Archers in constant fear.

South Siders are taking an active part in the Y. M. C. A. Church League and have been playing an excellent brand of ball. William Russell is one of the leading scorers of the league.

Latin Students Read Books; List Favorites

One Hundred Forty Pupils
Report on Collateral Texts;
Fictions Are Interesting.

150 Books Read During Semester

Richard Bebert, George Cas-
tle Report on Most Books
To Mr. Martin Rothert.

Approximately one hundred forty Latin students read collateral books during the 1934-1935 semester, according to Mr. Martin Rothert, head of the Latin department. Miss Oppelt's classes were first with a total of forty-seven pupils; they were followed by classes of Miss Woodward with thirty-five, Mrs. Welty with thirty-three, and Mr. Rothert's with twenty-five. The books which found the most favor with the readers were "The Standard Bearer," "Unwilling Vestal," "With Caesar's Legions," and "Quo Vadis." Richard Gebert and George Castle, of room 30, each read six books; Constance Haag, of room 36 read five books; Lawayne Kleiver, Paul Ellison, and Beverly Morin, all of room 55, each read four books, and Ruth Berning, of room 34, read two books.

The people who read books and the name of books they read, follows:

Richard Gebert—Singing Seamen, The Standard Bearer, With the Eagles, For Freedom and for Gaul, On Land and Sea with Caesar, A Slave of Catiline, and The Conqueror.
Elizabeth Linhart—The City of Seven Hills.
Phyllis Culver—Buried Cities, The City of Seven Hills.

Betty Jean Calkins—The Story of the Romans.

William Schafer—The Singing Seamen.

Bob Hall—Buried Cities, Famous Men of Rome, The Standard Bearer, Things Seen in Rome.

Helen Cox—Buried Cities.

Merrill Butler—The Standard Bearer.

George Faulkner—The Standard Bearer.

Dwight Frost—Buried Cities.

George Castle—Lucius, The Adventures of a Roman Boy, Famous Men of Rome, Stories of the Romans, A Slave of Catiline, The Unwilling Vestal, The Standard Bearer.

Margaret Smith—A Slave of Catiline.

Ruth Garrison—With Caesar's Legions.

Don O'Brien—Buried Cities, Classical Myths That Live Today.

Don Vetter—The Unwilling Vestal.

Betty Lee Wilson—Lucius, The Adventures of a Roman Boy.

Betty Pugh—The Perilous Seat.

Margaret Green—The Unwilling Vestal.

Margaret Kilpatrick—Stories of Old Greece and Rome.

James Dorn—With Caesar's Legions.

Margaret Ann Ruckel—Story of the Romans.

Lillian Gunzenhauser—Story of the Romans.

Jack Horn—Buried Cities.

Howard Kutsch—Buried Cities.

Donald Maggart—Famous Men of Rome.

Frank Montgomery—With the Eagles.

Ruth Berning—The Standard Bearer, The Perilous Seat.

Bill McLeish—A Slave of Catiline.

Mary Louise Helms—The Standard Bearer.

Robert Gruber—The Standard Bearer.

John Spencer—The Standard Bearer.

Geraldine Smith—For Freedom and for Gaul.

Jeaneite Braun—The Unwilling Vestal.

Virginia Busse—The Unwilling Vestal.

Evelyn Lehman—Stories of Old Greece and Rome.

Aileen Branning—Common People of Ancient Rome.

Margaret Dickmeyer—The Unwilling Vestal.

Carl Nelson—Buried Cities.

Jack McGraw—Aeneid for Boys and Girls.

Vera Hilgemann—The Unwilling Vestal.

Georgianna Jane Jones—The Unwilling Vestal.

June Haeger—The Perilous Seat.

The Unwilling Vestal.

Dick Russell—Buried Cities.

Lewis Squires—With the Eagles.

Florence Commers—The Standard Bearer.

Judith Schneider—The Unwilling Vestal.

Jane Lee Davis—Buried Cities.

Kenneth Moeller—The Standard Bearer.

Geraldine Schafer—The Perilous Seat.

Grace Collins—The Unwilling Vestal.

Lorita Schafer—The Forgotten Daughter.

Ann Peters—Singing Seamen.

Virginia Fathauer—The Perilous Seat.

John Leach—The Standard Bearer.

Wade They—The Conqueror.

Loretta Weikart—The Unwilling Vestal.

Louise Gerding—Quo Vadis.

Henry Brandt—With Caesar's Legions.

Constance Haag—City of Seven Hills, A Friend of Caesar, The Standard Bearer, The Slave of Catiline.

Julia.

Marion Bailey—A Slave of Catiline.

Quo Vadis.

Richard Snook—The Unwilling Vestal.

Walter Kayser—The Unwilling Vestal, A Slave of Catiline, The Perilous Seat.

Marie Mitchell—The Perilous Seat.

Times Box Handy For Volunteered Dirt

The Times Mail Box? Where is it? What is it used for? This story is to acquaint the new students of South Side with the Times mail box which is located at the west entrance of the Study Hall. It is made of glass with a black top and is the regular size of a mail box used by everyone.

The mail box should be used by the students who wish to send news concerning Archer Atrocities, Southern Slush, and Second Table. If the new students will understand what is to be done with material put in them and will be able to give the writers of these columns news which they do not know about.

Thomas Makey—Singing Seamen, A Slave of Catiline.

Betty Lindenburg—The Perilous Seat.

Lawayne Gleiver—Singing Seamen, With the Eagles, For Freedom and for Gaul, The Conqueror.

Jane Louise Klein—Short History of Rome.

Stanley Meyer—With the Eagles, On Land and Sea with Caesar.

Beatrice Schieber—A Slave of Catiline.

Jerry Zehr—Quo Vadis, The Unwilling Vestal.

Jane Wornington—The Standard Bearer.

Paul Ellison—Andivius Hedulio, For Freedom and for Gaul, On Land and Sea with Caesar, With the Eagles.

Willard Ridenour—The Conqueror.

Billie Bichacoff—Classic Myths That Live Today.

Kenneth Eckhart—Classic Myths That Live Today, On Land and Sea with Caesar.

Marjorie Scheumann—The Perilous Seat.

Kruse—With Caesar's Legions.

Charles Thorne—The Perilous Seat.

Elmer White—A Slave of Catiline.

Victor Nussbaum—On Land and Sea with Caesar.

Phyllis Borgman—With Caesar's Legions, The Standard Bearer.

Reginald Gerig—The Unwilling Vestal.

Anna M. Baumgartner—The Perilous Seat.

Helen Flaig—Quo Vadis.

Betty Tegtmeyer—The Perilous Seat.

Eleanor Crosby—The Perilous Seat.

Ruth Fritz—The Perilous Seat.

Marjorie Boerger—With Caesar's Legions.

Doris Line—Famous Men of Rome.

Elizabeth Simpson—The Unwilling Vestal.

Donald Schaefer—For Freedom and for Gaul.

Harold Reinking—The Standard Bearer.

Bryce Miner—The Unwilling Vestal.

Sam Betounes—With Caesar's Legions.

Donald Steinbauer—The Standard Bearer.

Mary Jane Wagoner—The Perilous Seat.

Geraldine Landis—With Caesar's Legions.

Phyllis Graham—Quo Vadis.

Eddie Thornton—Quo Vadis.

Shiela Stehly—A Slave of Catiline.

Vernon Miller—The Standard Bearer.

Robert Storm—With the Eagles.

Clavine Wells—The Unwilling Vestal.

Evelyn Kruse—The Unwilling Vestal.

Hilda Spangle—The Perilous Seat.

Elizabeth Gross—A Friend of Caesar.

Jessie Zollars—On Land and Sea with Caesar.

Catherine Hause—The Story of Caesar.

Aileen Mentzer—Andivius Hedulio.

Eleanor Monesmith—City of Seven Hills.

Louise Closs—The Perilous Seat.

Dorothy Newell—With Caesar's Legions.

Pauline Crabill—Things Seen in Rome.

Alice Bandtel—Lucius, The Adventures of a Roman Boy.

Richard Kellogg—With the Eagles.

Eddie Mae Persing—The Unwilling Vestal.

Don Helm—On Land and Sea with Caesar.

Beverly Morin—The Standard Bearer.

The Unwilling Vestal, The Slave of Catiline, A Friend of Caesar.

Laverne Dee Keel—The Standard Bearer.

Franklin Eyock—With Caesar's Legions, The Story of Caesar.

Ruth Gerber—The Unwilling Vestal.

John Thackery—Famous Men of Rome.

Ruth Eysenberg—Quo Vadis.

John Farr—Famous Men of Rome.

Kathleen Wittmer—The Unwilling Vestal.

Richard Vogelsang—Famous Men of Rome.

Charlotte Krimmel—The Standard Bearer.

Mildred Hoff—The Unwilling Vestal.

Ina Claire Chappell—The Perilous Seat.

Beatrice Fudge—The Perilous Seat.

Rosemary Lehman—The Standard Bearer.

Allen Tremper—The Standard Bearer.

Elden Wehr—The Standard Bearer.

Clifford Zieg—The Slave of Catiline.

Jim Roth—Famous Men of Rome.

Thomas Briegel—Famous Men of Rome.

Robert Braungart—Famous Men of Rome.

Alice Karn—The Perilous Seat.

Times Radio Program Monday Features Martha M. Pittenger

The Times' radio program, the only two-way high school broadcast on the air, was presented over radio station WGL Monday evening at 8 o'clock. The band, playing from the music room

at South Side, opened the program playing and singing "Cheerio." The program was then switched to the radio station where the master of ceremonies, Bob Zieg, was introduced. After this the band played the "Funderer" written by John Phillip Sousa.

Bob Willson Talks
The last of a series of sport talks was then given by Bob Willson. On the future programs Bill Geyer and Bob Luman will have charge of the portion of the program. It will be carried on in the form of a conversation between the two boys. Bob Willson gave interesting facts concerning the games played during the past week. At the conclusion of Bob's talk, a musical selection was played by a cornet, trombone, and baritone trio.

Six South Side students, Brower George, Suzanne Meyer, Sam Keen, Ann Albert, Anna Kraumbough, and Louis Bonson, gave information concerning South Side. Since the school was opened in 1922 the enrollment has increased 110 percent. This year the largest class in the history of the school will graduate. There will be approximately 420 students.

The school also has the best high school paper in the world. These were among the facts brought out by the students.

After the band played the selection "Marching Along Together," Miss Martha Pittenger, the dean of girls, was interviewed. Miss Pittenger is probably one of the busiest persons in South Side. When asked what her duties as dean were she replied that she directs the extra-curricular activities, schedules programs, serves on all committees, teaches a class, supervises the health examination of the students, investigates indigent cases, cares for lost and found articles and finds part-time work for students needing it.

Is Busiest Person
Miss Pittenger said that her busiest day is the first day of school. On that day she interviewed twelve girls who desired to help in the office, took care

German Club To Hold
Organization Meeting

Members of the German Club will meet next Wednesday, January 30, in the Voorhes room to hold their organization meeting of the club for this semester.

The program will include a business meeting and a short entertainment. The main feature of the business meeting will be the formal announcement of the new officers. These officers are: Ellis Lochner, president; Martha Webb, vice-president; Betty Rison, secretary; and Katherine Siaminger, treasurer. The executive committee, acting as the program committee, will also announce the program for each meeting of the next semester. As an extra part of the business meeting the members present at the meeting will be asked to fill out enrollment cards for Miss Pittenger.

Donald Vetter will entertain the club with several selections on the piano, after which the meeting will close with the joint singing of "Die Lorelei," the club song, accompanied by Donald Vetter.

Folsom Leaders Club To Stage Gingham Hop

A gingham hop will be given by the Folsom Leaders Club of Plymouth Church tonight in the Plymouth Hall, Berry and Fairfield Streets. Students of all three high schools are invited to dance to the music of Dick Schack's orchestra, the girls wearing gingham dresses, and the boys wearing gingham bow ties. Those in charge of the dance are: Bob Harfurr, president, South Side; Mary Benninghoff, vice-president, and Catherine Cameron, social chairman, both of North Side. Tickets may be purchased at the door for 20 and 35 cents.

Speaker Is Planned For Wo-Ho-Ma Meeting

The first Wo-Ho-Ma meeting of the new semester will be held Thursday in the Greeley Room. The club will be reorganized at this time.

A very interesting program has been planned for this meeting. A representative from Wolf and Dessauer's will be the outside speaker. The committee has also planned many interesting games which will be played. All girls who are planning to become members should come to this meeting as committees for future meetings will be appointed. Any girl who is taking or has taken sewing and cooking are eligible to become members.

Junior-Math To Elect Officers at Meeting

Junior-Math Club will hold its first meeting of the spring semester on Tuesday, January 29, in the Voorhes Room. The new officers for this semester are: President, Beulah Horstmeier; secretary, Marion Roehrs. The treasurer, vice-president, sergeant-at-arms, and Inter-Club Congress representative will be elected at this meeting. There will also be an interesting program and games.

The club is planning a skating party which will be held February 22. The committee in charge of the party for the skating party is: Charles Thorne, Robert Brown, Helen Meyers, and Marion Roehrs.

One Teacher Helps In Room S Each Period

Plan Used Several Years
Ago Is Started Because
Work Too Hard for Tutors

In order to take care of the work in study hall more satisfactorily, a teacher will assist Miss Montgomery each period. This plan was used several years ago and proved very efficient. These teachers will help maintain order and also help check attendance.

Following is a list of teachers who will help in Room S:
Period 1—Hemmer and Makey.
Period 2—Magley and Fiedler.
Period 3—Kiefer and Benner.
Period 4—Wetly and Welborn.
Period 5—DeLancey and Heine.
Period 6—Rothert and Davis.
Period 7—McClure and Fields.

A committee consisting of Miss Mary McCloskey, Mr. C. A. Bex, Miss Elizabeth Kelley, Mr. Earl Murch, Miss Alda Jane Woodward, Miss Edith Crowe, and Mr. Louie Hull has been appointed to be in charge of the halls and gymnasium during the fifth period. This committee will have the responsibility of keeping order in the halls and are authorized to make rules and arrange for supervision as they see fit.

Cafeteria Code Is Made By Staff

Rules for Courtesy on Part of
Students Are Set Forth; Man-
agement Asks Co-operation.

In order that the student body may know the proper conduct for the cafeteria, a cafeteria courtesy code has been drawn up. It follows:

1. Quiet and order should be maintained so peace can be enjoyed.

2. Clean and neat people to eat among.

3. No turning down of chairs or playing with them as the cafeteria is a place to serve the public.

4. Nice table manners which include the proper use of silver and the correct handling of food.

5. Leaving tables clean and clear of all dishes and paper by placing paper in containers and soiled dishes and glassware on side tables so everyone will find a sanitary place to eat.

6. Leave chairs properly placed at the table.

For the benefit of students and patrons following is a list of cafeteria food prices by servings: Soup 5c, meats 5-10c, vegetables 5-7c, meat substitutes 5-8c, salads 5-7c, desserts 5-7c, bread 1c, butter 1c, relishes 1-2c, fruits 3-5c, tea, coffee, cocoa 5c, milk 4c, sandwiches 5c, ice cream 5c, candies 5c.

The cafeteria management furnishes a variety of foods at the lowest cost possible to students and are very glad to have any Fort Wayne patrons eat there.

Installation, Program Planned by Wranglers

Installation of the newly elected officers will be the feature of the next meeting of the Wranglers' Club to be held in the Greeley Room Monday evening at 8:15 o'clock. An outside speaker is also being procured to speak at the meeting. The newly elected officers to be installed are William Hockett, president; David Steger, vice-president; Eleanor Cupper, secretary; Dorothy Crabill, treasurer; Richard Strasser, sergeant-at-arms; and Paul Randall, assistant sergeant-at-arms.

The meeting is also of special importance because of the appointment of committees for the coming semester and of arrangements for the Wranglers' dance. The date of the dance has been set definitely as the evening of the North Side-South Side game. Several orchestras are being considered for this affair with the final choice to be made in the near future. All old members and those wishing to join the club are asked to be present at this meeting.

Students May Collect Money for Used Books

Money for used books which have been sold to students can be secured until Monday, January 28, in the rooms in which they were sold. After Monday, the money must be called for at the office.

Miss Virginia Montgomery is in charge of the sale. For every book sold in the book store, five cents extra is charged. This money is used to provide books for students not able to procure them for themselves.

One More Issue Free To Students

At the beginning of each semester the first three issues of the Times are given to every pupil free of charge. This is to give everyone the opportunity to find out everything about the Times. This is the second issue. Be sure to subscribe for the paper by next week so that you will not miss a single copy.

All Philatheians are cordially invited.

All \$3.50-\$4.95 Shoes At Suedhoff & Butler's Now Reduced To \$2.65

HERE'S an event that no economy-minded South Sider will overlook. The SUEDHOF & BUTLER Men's Store of 1011 Calhoun street (just a few doors south of Washington street) is offering their entire stock of regular \$3.95, \$4.00 and \$4.95 shoes at only \$2.65 . . . less than you would expect to pay for shoes not half as good as these!

There are more than 400 pairs to pick from, in all sizes and widths . . . Blacks, tans, suedes . . . Pointed toes, plain toes, pointed wing tips, perforated toes, square toes . . . Bluchers, moccasin type shoes . . . Scotch grains and many combination leathers. Take our advice and Hurry In for yours . . . they won't last long!

Unsuspecting Freshmen Made Targets for Superior Wits

By Jim Sweet

"It's a nuthouse, that's what it is, a nuthouse." This wise comment sums up what Joe Bex, one of the greenest of the green freshmen, thinks of South Side. After being sent out on several

wild goose chases, he has discovered that he has been grossly fooled, hornswoggled, and what have you? on his first day in high school.

Joe comes from that well-known family that boasts a teacher and an actor. Mr. C. A. Bex, and John Bex. In appearance, he greatly resembles his brother, with his mop of brown hair, which is his most outstanding characteristic. He has the friendly habit of putting his arm on your shoulder and hanging on for dear life, the meantime keeping up a constant line of conversation on ten or fifteen subjects, while two friendly eyes twinkle out from under a pair of glasses.

After returning from one of his fruitless excursions, he said that people who play tricks on unsuspecting freshmen are confederates of Satan, and no wonder, for he has had the most despicable tricks played on him. Of course, Joe is a natural skeptic; but, when it comes to such interesting things as type lice, curiosity overcomes all prudence, so he decided to take a look.

"For Green and White With Main and Might"

Vol. XIII.—No. 23.

South Side High School, Fort Wayne, Indiana—Thursday, January 31, 1935

Price 10 Cents

Many Students Subscribe In Times Drive

Total of Subscriptions Nears
Five Hundred Mark As
Campaign Gets Organized

Circulation Goal Is One Thousand

Ruth Henline and Dorothea
Nance Have Highest Per-
cents; Agents Instructed.

Four hundred sixty-two subscrip-
tions for the Times were received
by Tuesday night, leaving 538 to be
obtained before the goal of one thou-
sand is reached.

Ruth Henline, room 16, a fresh-
man, leads the room agents with
forty-four percent. Her room is com-
posed of freshmen and is under the
supervision of Miss Adelaide Fiedler.
Dorothea Nance is second with a per-
cent of forty in room 52. Bernadette
Dygart and Lois Magley tie for the
next percent of thirty-eight.

This is the last free issue of the
Times. From now on only subscribers
will receive the paper.

The home room period will be
lengthened this morning. This will
enable each agent to contact all the
members of his class and get more
orders for The Times. All room
agents were given help and instruc-
tions at a meeting last night. With
the co-operation of all the student
body, the Times goal will be reached
during the next few weeks.

The present percentages for the
various rooms are:

Meterite Club Plans For Party February 5

Plans for Meterite party were made
at a special meeting held January 23.
The program for the party is in charge
of Ina Claire Chappell. A reading
will be given by Mary Jane
Wagoner. Each Meterite member is
to bring a guest to the party to be
held in the Greeley Room, February
5. Refreshments will be served.

A joint meeting with Philo is being
planned for the near future. The play,
"An Old Magazine" will make up the
main part of the program.

School Cafeteria Staff Offers Courteous and Efficient Service

Every day during the fourth and fifth periods, hundreds of
students and teachers crowd into the school cafeteria for their
lunch. The cafeteria must be in perfect running condition in order

to serve its patrons. The efficiency
and smoothness in running the caf-
eteria are the results of the excellent
work of the staff, which is composed
of Mrs. Mercer, Mrs. Bauer, Mrs.
Stucky, and Mrs. Clark.

Mrs. Mercer has general charge of
the cooking and the overseeing of
the cafeteria kitchen. She has been at
South Side since the school opened in
1922, and has an enviable record of
attendance, having never been absent
from work a day during her thirteen
years in the school cafeteria.

Mrs. Bauer has general charge of
the preparation of vegetables and over-
sees the greater part of the dishwash-
ing. The baking, setting up of the
counter, and the making of the sand-
wiches are under the general super-
vision of Mrs. Stucky. Both Mrs.
Bauer and Mrs. Stucky have been with
the cafeteria for a number of years.
Mrs. Clark, the mother of Russell
Clark, chief engineer at South Side,
has charge of the laundry work which
is done every Thursday. Both North
Side and Central send their laundry

Famous Comedians Got Start Following Dramatic Accident

By Jim Sweet

"The line from New York is broken!" One can imagine the
dramatic effect this had in the now defunct radio station WKEN
of Buffalo one day several years ago. As a result of that accident,
two nationally famous comedians, Col-
onel Stoopnagle and Budd, first got
their start on the air as an act filling
time. Budd, or Wilbur Budd Hulick,
came from Asbury Park, N. J., and
was an announcer at the station, and
the colonel was a continuity writer
there in his home town. Following
the broadcast, congratulatory letters
began to arrive, and they continued
their activities, going to WKWB in
Buffalo and WGR in Newark, both
members of the Columbia Broadcasting
System and owned by the Buffalo
Broadcasting Corporation.

Tells Secret of Success
Asked what made a comedian funny,
during their showing in Fort Wayne at
the General Electric Club on January
26, they replied that "not all com-
edians are funny." They said that a
comedian's success depends on delivery
material, interpretation, and manner,
and that by these means, a good joke
can be ruined, or a poor joke made to
go over well.

An example of this is the way the
colonel composes the unique names for
his skits. "The name must make a
sound suggesting the occupation of
the character, and still sound like a
name," stated the colonel. "Take Mr.
Jopp, who goes around hitting things,
knocking people out of berths and
things like that," he continued, "to me,
Jopp suggests a collision, like two
hands coming together." The colonel
then gave a very apt imitation of Ip-
switch Pushbutton, who is very busily
engaged in pushing all manner of
switches, swinging his hands in the
air at imaginary buttons. Another
suggestive name is Meticulous H.
Hush, who has the heavy job of putting
issue paper between calling cards.

"Our most popular feature?" Well,
that's hard to tell. Most of the Hesz-
Newton stories. Mr. Bopp, and the
nighty gas pipe organ are popular."
The gas pipe organ was Budd's idea,
and it ushers in each performance of
the team over the radio. They have
appeared in several short features,
working for Fox and Paramount pic-
tures. The only short feature the Col-
onel could recall was "The Inventor."
They appeared in "International
House" for a small part, "just a flick-
er," according to the colonel, but it
took a day to do. Incidentally, they
have never been to California, their
pictures being done on Long Island,
New York. They plan to start another
series soon for an independent pro-
ducer.

Comments on Weather
Asked for a comment on the weather,
they said it was very cold in Chi-
cago, their last stop, and that they had
to walk from the hotel to the taxi and
from the taxi to the theater in the
cold. It was very disagreeable, but
they enjoyed their stay there, having
played the city five or six times.
However, they like Florida the best,
and dislike the road very much. This
was their first time in Fort Wayne.

Sixty-Nine Join Student Players

Formal Initiation Is Held Sun-
day at Central; R. Blomker, C.
Fyock Assist Miss M. Suter.

Sixty-nine pupils of South Side,
North Side, and Central High Schools
were initiated into the Student Play-
ers' Club Sunday afternoon at the
Central High School auditorium, un-
der the direction of Miss Marjorie
Suter, director of dramatics in the
public high schools. Miss Suter was
assisted in the initiation by Robert
Blomker and Clarice Fyock of South
Side, Ed Rosenthal of North Side, and
John Broom and Ruth Phinney of
Central.

The new student players from
South Side are as follows: South Side,
Anna Marie Baumgartner, Rosemary
Shea, Dorothy Turfinger, Dorothy
Aldrich, Emily Lepper, Mary K.
Smith, Mary Louise Lankenau, Erna
Fuhrman, Marjorie Dancer, Connie
Schultz, Marjorie Meyer, Ellis Lock-
ner, James Roth, John Bex, Fred
Forbinger, Helen Anderson, Dorothy
Crabill, Jean Creighton, Betty Rose
Wolf, Betty English, Betty Rea, Vera
Ellinger, Bon Silene Craig, Dorothy
Golden, Robert Klopfenstein, and
Charles Hart.

School Cafeteria Staff Offers Courteous and Efficient Service

Every day during the fourth and fifth periods, hundreds of
students and teachers crowd into the school cafeteria for their
lunch. The cafeteria must be in perfect running condition in order

to serve its patrons. The efficiency
and smoothness in running the caf-
eteria are the results of the excellent
work of the staff, which is composed
of Mrs. Mercer, Mrs. Bauer, Mrs.
Stucky, and Mrs. Clark.

Mrs. Mercer has general charge of
the cooking and the overseeing of
the cafeteria kitchen. She has been at
South Side since the school opened in
1922, and has an enviable record of
attendance, having never been absent
from work a day during her thirteen
years in the school cafeteria.

Mrs. Bauer has general charge of
the preparation of vegetables and over-
sees the greater part of the dishwash-
ing. The baking, setting up of the
counter, and the making of the sand-
wiches are under the general super-
vision of Mrs. Stucky. Both Mrs.
Bauer and Mrs. Stucky have been with
the cafeteria for a number of years.
Mrs. Clark, the mother of Russell
Clark, chief engineer at South Side,
has charge of the laundry work which
is done every Thursday. Both North
Side and Central send their laundry

Initiation Party To Be Enjoyed By Philo Girls

Club To See "David Copper-
field at Next Meet; Mus-
icale Given by B. English.

All new members of Philo are to
be initiated next Monday evening in
the Greeley Room. After the business
meeting and initiation, the Philaethi-
ans will go to see the cinema, "David
Copperfield," by Charles Dickens, at
the Embury Theatre.

The Philo musicale was heard last
Sunday evening at the home of Betty
English. The splendidly rendered pro-
gram was as follows: Mary Josephine
Allen, violinist, accompanied by her
sister, Virginia, at the piano, played
"Brahms' Hungarian Dance," and
"To a Wild Rose." Claude Reese
and Harry Hertel, cornet players,
played "Old Black Joe" and "The Rock
of Ages," the Philo quartet, composed
of Betty Medaris, Betty Brothers,
Helen Flaig, and Charabelle Cheno-
weth sang, "Katie Did" and "Whisper-
ing Hope." Alice Hulse played a piano
melody of popular selections; Eleanor
Cupp, accompanied by Helen Flaig at
the piano, gave the reading, "Mother";
Miriam Lickert, accompanied by Helen
Flaig at the piano sang "Oh, That We
Two Were Maying" and "Dawning";
Harriet Basford concluded the pro-
gram with the piano selection, "Wed-
ding Day," by Greig.

The table from which refreshments
were served was decorated with red
roses and white baby breath, as were
the rest of the rooms.

U.S.A. Announces Spring Schedule

Lois Wyneken Will Be Installed
As President; New Officers To
Assume Their Official Duties.

U. S. A. Club will hold its first meet-
ing of the semester on Thursday, Jan-
uary 31. Initiation of new officers
will be held at this first meeting for
Lois Wyneken, president; Grace Nel-
son, vice-president; Mary Louise Lan-
kenau, secretary; Gertrude Dannen-
feldt, treasurer.

The new cabinet is Virginia Fat-
hauer, social chairman; Julia Crabill,
membership chairman; Mary Beth Le-
Fevre, service chairman; Evelyn Leh-
mann, publicity chairman; and Betty
Burham, card keeper.

There will be an awarding of de-
grees by Virginia Greiner who was
president of the club during last year's
spring semester. Those who will re-
ceive the third degree are: Evelyn
Lehmann, Ruth Garrison, Barbara Von
Juntun, Evelyn Kruse, Grace Nelson,
Virginia Fathauer, and Lois Wyne-
ken.

Those to receive their second de-
gree are Mary Louise Lankenau and
Gertrude Dannenfeldt.
The following members will be given
their first degree: Ellen Addington,
Anita Affolder, Vivian Blum, Mar-
garet Brunner, Eldora Buesing, Bet-
ty Burham, Charlene Clark, Clarissa
Coburn, Julia Crabill, Marjorie Cargo,
Ellen Folber, Louise Gerding, Betty
Harnish, Elvera Kopp, Mary Beth Le-
Fevre, Helen Meese, Irene Neimeyer,
Phyllis Roller, Elizabeth Simpson,
Claudine Wells, and Vivian Woods.

There were reports given on the
New Ideas, Ideals, and Friends
conference by Evelyn Lehman and
Mary Beth LeFevre. Songs and
games will be under the direction of
Virginia Fathauer.

The schedule for this semester is:
February 14—Membership Valenti-
ne Party.

February 28—World Fellowship
Meeting.

March 14—Outside speaker.
March 28—Discussion.

April 25—Theater Party—Nomi-
nation.

May 9—Mother and Daughter Tea.
May 23—Picnic—Election.

Junior-Math Announces Spring Term Officers

The newly-elected officers of the
Junior-Math Club were announced at
the first meeting of the semester held
Tuesday evening, in the Voorhees
Room. Ray Racine was named vice-
president; Helen Meyer, treasurer;

Dorothy Richter, secretary of
domestic science. The other officers, who were
elected at the meeting before, are
Bulah Horstmeier, president; and
Marion Roehrs, secretary.

Marion Roehrs read the constitution
of the club. After Miss Mary Paxton
announced that the officers should meet
in her room on Thursday to discuss
the future meetings, Helen Meyers
led the club to the skating party
which will be February 22. There will
be an attendance prize given at this
skating party.

The committee for the next meet-
ing is: Nora Mae Bradberry, chair-
man; Helen Cox, Edward Wallace, and
Clarence Helmsing.

French Club Officers Take Charge Today

New French Club officers will of-
ficially take the first time at the French
Club meeting today, at 3:30 o'clock
in the Voorhees Room. These are
Frank Montgomery, president; Betty
Medaris, vice-president; Phyllis Gra-
ham, secretary; and Mary Snider,
club recorder. Due to the fact that
French Club members are not required
to pay dues, the office of treasurer has
been dispensed with.

All students who have taken
at least one semester of French and
have obtained a grade of B or above
are invited to join. Anyone who has
finished two years of French can join
regardless of grades.

Catherine Hirschman and Betty
Brothers are on the program com-
mittee for this meeting. They will both
give a talk on "Ancient Roman Land-
marks." After the program, French
games, led by Margaret Sowers, will
be played.

"We Were The Cutest Babies"

No, not Shirley—Eleanor Cupp won first place in the baby show sponsored by G. A. A. That classic profile won second place for Emily Gardner. "Bathing Beauty Betty" English tied with that chubby little rascal, who has athlete's look, not foot, Bob Lohman.

Annual Dance Will Be Given By De Molays

Gingham and Overall Affair
To Be Staged February 2,
At Scottish Rite Floor.

DeMolay will hold its annual Gingham and Overall dance Saturday, February 2, at the Scottish Rite Ballroom, it was announced by the general chairman, Dale Perkins.

As usual, all couples planning to attend are requested to wear "gingham and overall" or the equivalent. The music will be furnished by Dick Shack's ten-piece orchestra.

Dancing will start at 10 and will continue until 12:30, with a half an hour intermission. A number of attendance prizes will be given.

Dale Perkins is in general charge of the dance. Assisting him are Charles Goble, chairman of the hall; James Bair, chairman of music; and Bernard Whitacre, publicity, chairman. Those on the general committee are Arthur Keller, Dick Paul, Ford Lughen, Robert Doctor, James Kiger, and Jay Rippe.

Bids can be secured from any DeMolay member.

Totem This Year To Use New Heads

Bill Hockett Announces New
Way of Writing Heads in An-
nual; To Take Club Photos.

Bill Hockett, editor of this year's Totem, announced that the Totem this year will be one of the biggest yet. He also stated that an absolutely new system of heads will be used. It is called the vignette heads system and is expected to be very successful.

Club pictures are going to be taken in the near future. The clubs will have the same space that they had last year.

To date, the staff has three hundred ninety-six senior pictures. There is still room for eleven more seniors on the last panel of pictures in the senior group.

By this time the students should have paid one dollar on their Totem; and by the end of February, another twenty-five cents is due. There were more than nine hundred subscriptions last year, and the staff hopes to have more than that number this year.

Those students who have paid for their pictures but have not had them taken should plan to have them taken today, for the photographer will be here. Those who have already had their pictures taken should call at the office today.

South Side Times Sent To Author for Treatise

The South Side Times recently re-
ceived a letter from Grant M. Hyde
in connection with his book, "Journal-
istic Writing." Professor Hyde stated
that in the forthcoming revised edition
of his book he was planning to repro-
duce the front pages of some of the
newspapers selected as "1934 Paceset-
ters" by N. S. P. A. The South
Side Times was one of these selected
by the association.

Professor Hyde further stated that
if The Times wished to have their
newspaper included among the other
Pacesetters in the book, he would need
copies of several issues printed since
September, 1934.

The Times has responded to the
letter by sending several copies to
Professor Hyde, who is professor of
journalism at the University of Wis-
consin.

Organization Meeting Held by Girls' Rifle Club

The Girls' Rifle Club held its first
meeting of the term at the range
Wednesday evening after school. The
most important business of the meet-
ing was the nomination and election of
officers. Miss DeLancey presided over
the election.

After the election plans for the en-
suing semester were discussed. As
another part of the business the mem-
bers were urged to make a drive for
new girls to join the club. When
enough members are secured, Miss
DeLancey plans to divide them into
teams that will compete in shooting.

The next meeting will be held Feb-
ruary 13 at the range, when real prac-
tice will begin.

Folsom Leaders Club To Hear R. N. Snider

The Folsom Leaders' Club of Ply-
mouth Congregational Church will be
honored with a talk by Mr. R. Nelson
Snider at their regular meeting next
Sunday evening. Students of all three
high schools are invited to attend this
meeting which begins at 6:30 at Ply-
mouth Hall, Fairfield and Berry
Streets.

This club has for its members stu-
dents from the South, North, and Cen-
tral high schools, and it is organized
for public speaking and social pur-
poses. The organization has always been
in considerable prominence.

It's just another tea dance—But
Oh, what that means! Over
An hour and a half of fun.

Eleanor Cupp Captures First In Baby Show

G. A. A. Vice-President Wins
Miniature Cup and Title
"South Side's Cutest Kid."

Emily Gardner Is Second; Two Tie

Betty English, Bob Lohman
Take Third Place Honors;
Winners To Get Ribbons.

After a closely contested battle, Elea-
nor Cupp, vice-president of G. A. A.,
as been named the "cutest baby"
com all pictures appearing on display
during the recent Baby Show, spon-
sored by G. A. A. Emily Gardner was
close second, while Betty English
and Bob Lohman tied for third place.
All four of the winners will be
warded ribbons denoting the place
they took in the contest. Eleanor, by
virtue of winning first place, will be
resented with a miniature loving cup.
All awards will be presented at the
assembly next Monday morning.

Judging was done by all spectators.
Each person paid his nickel at the
door, and was presented with a lollipop
and a ballot. He flicked the sucker
and viewed the babies; and, upon
completing the tour of pictures, he
placed the name of his favorite babe
and dropped it in the ballot box.

Show in Greeley Room
The show took place in the Greeley
Room on Thursday and Friday morn-
ings during the fifth period. Because
of popular demand, the show was staged
again on Tuesday evening in the study
hall.

A baby parade was staged in the
halls of the school on Thursday. The
sunt was portrayed by three cheer-
leaders, Rex Knorr, Cliff Schrom, and
Dave Steger. Cliff was a tiny baby,
ressed in swaddling clothing, being
aken for a go-cart ride by his mother,
Dave Steger. Rex was the protector.
Larger crowds followed this happy
family up the inclines and into the
show. Others who helped "draw the
rows" were girls wearing large hair
ribbons, dressed as little girls. They
were Susanne Meyer, Eleanor Cupp,
Arlene Carvin, Virginia Beck, Mar-
jorie Wright, Sue Wallace, and Bobbie
Raymond. These girls carried all kinds
of dolls and suckers.

Pictures on Placards
The pictures were on large placards
which were mounted on screens. The
screens were grouped around the room
according to classification. Some of
the groups were teachers, athletes,
girl athletes, Times workers, So-Si-Y,
math-Science, Wranglers, Philo, Intra-
mural sports, and other activities.

One of the most frequently visited
corners of the room was near a table
holding a glass case, marked "Hands
Off! Valuable Display." In this case
were the tiny shoes that little Nelson
Snider wore when he was a baby and
little pink and white booties that once
covered Martha Pittenger's ten pink
toes.

The committee in charge was Elea-
nor Cupp, chairman; Alice Mae Sei-
old, Margie Cartwright, Sue Wallace,
Bobbie Raymond, Margie How-
er, Martha Baumgartner, and Ursula
Morton.

Best Typists Are Listed By Miss Nellie Covalt

In Miss Covalt's typing 2 classes
the following pupils qualified for the
first Big Ten: Lorraine Meyer, who
wrote 40 words per minute; Robert
Gaskill, 38.3; Dale Burgener, 36.6;
Geneva Shearer, 33.9; Virginia Beck,
33.9; Martha Morgan, 33.4; Georgetta
McIntire, 33.2; Betty Rose Lehman,
33.1; Ruth Roadcap, 33.1; and Ruth
Fowler, 33.

Maxine Howard heads the second
Big Ten with 32.9 words per minute,
while Emma Yates leads the third
Big Ten with 30.1 words per minute.
Each week a list of the qualifying
students is placed on the blackboard
of the typing room. In addition to
these Big Ten lists, an honor roll, for
students writing perfect papers, is
posted.

Weekly Two-way Broadcast Featured With New Talent

The weekly two-way broadcast of The South Side Times was
presented over radio station WGL Monday, January 28, at 8
o'clock. As usual, the music, played by the South Side band under

the direction of Mr. Jack Wainwright,
was broadcast directly from the school,
while the interviews and announce-
ments were broadcast from the radio
station. The opening number of the
band was Goldman's "Cheerio." After
a brief resume of the program by Bob
Zeig, the band played the "Phi Kappa
Emblem."

A new series of sports talks was
inaugurated. These were carried on in
the form of a dialogue between Bob
Lohman and Bill Geyer. After dis-
cussing the games of the past week,
the schedule for the coming week, and
the outstanding teams in the state, the
boys gave their choice for an all-city
team. They expressed their desire that
if anyone has any suggestions for other
players on this team they send them
to the Times program in care of the
radio station. Their choice is as fol-
lows: Warfield, Central; LaTourette,
North Side; McArdle, Central Catho-
lic; George, South Side, and Neat,
Central. At the conclusion of this por-
tion of the program, the band played
"Legion of Honor." This selection was
written by Frank Jewel, a native of
Indiana, who has written many in-
teresting marches and band numbers.

The work of the boys' physical edu-
cation department and the intramural
department was explained in an inter-
view with Mr. Louis Briner. Mr. Briner
has been in charge of the South
Side physical education department for
six years. Mr. Briner stated that it is
the aim of the department to promote
activities to meet the demands of all
types of boys. Only the fundamentals
of various sports are taught in class.
The boys are given a chance of competi-
tion in the intramural activities. "Towa
Brigade March" was played by the
band under the direction of Norwood
Dalman, at the conclusion of the inter-
view.

Interesting facts about South Side
were given by Robert Klopfenstein.
He stated that if each of the students
at the school had four classes, one
study period, and a home room period
each day there would be 11,760 con-
tacts made between the students and
the teachers in that day. Also that if
every student in the school had one
pencil, and these were laid end to end
they would extend for a distance of
1200 feet. He said that if every one
in the school owned a tablet with fifty
sheets in it these sheets would cover
a fence twelve feet high and one mile
long.

The program was brought to a close
by the playing of the "Armistice Day
Parade" and "Alma Mater" by the
band. Another program will be broad-
cast next Monday night, February 4,
at 8 o'clock over station WGL.

Instruction Sheets Given To Seniors

Vital Information Is Secured By Upperclassmen Regarding Needs and Problems of Grads.

All seniors were recently given instruction sheets containing several items of interest which need to be called to the attention of the seniors at this time. The seniors are to keep the sheets and refer to them when necessary. The information pertains to scholarships, college board examinations, caps, gowns, invitations, credits, and blank diplomas.

Information concerning the scholarships offered by various institutions of higher learning can be secured at the office. If the information desired is not at hand, it will be sent for. Seniors should indicate as soon as possible the scholarship in which they are interested and make arrangements for the proper method of application. In most cases, students applying for scholarships should be in the upper ten per cent of his class, and in almost all cases in the top third.

Seniors are requested to place their orders for their caps, gowns, and invitations as soon as possible. Those students graduating in January should have placed orders before the end of the first semester, and all orders must be in by March 21.

The rental for the cap and gown is \$1.00, and the invitations are 10 cents each. These prices are both higher than the actual cost, but the money left over is used to pay the rentals for those who cannot afford it. If there is any money left after this, it is put in the class treasury. When the orders are given to the office for the caps and gowns, the seniors are asked to give these measurements: height, chest measure, and head size. Each senior has the responsibility for having sufficient and correct credits for graduation. Each student should consult his home room teacher and then should bring any unsolved problems to Mr. Snider. The proper number and kind of credits must be presented for graduation.

Only those people who fail during the last grade period will be issued blank diplomas. At that time the lists are printed and are impossible to change. If a person does not have a plan for finishing the required thirty-two credits by the end of the school year, he will not be permitted to participate in the commencement activities.

Turquoise Stone Travel Club Topic

Miss Rosemary DeLancey, Formerly of N. Mex., To Speak; Verna Holtman Plans Program

The Turquoise is the first gem to be studied by Travel Club at the meeting next Wednesday, New Mexico, a state in which the turquoise is found, will also be visited. This meeting will be the second of a series of meetings built around the theme "Around the World in Search of Gems."

Miss Rosemary DeLancey, who lived in New Mexico for a number of years, will be the speaker. She will show some polished and unpolished turquoise as well as some souvenirs characteristic of New Mexico.

Verna Holtman is chairman of the committee for this meeting, comprising Mary Anne Fark, Alberta Gollmer, Ruth Roadcap, Helen Doenges, Marjorie Meyer, and Virginia Greiner.

Earl Sterner Absent; Mr. Gresley Substitutes

Mr. Earl Sterner, English teacher at South Side, recently underwent an operation at the Methodist Hospital at Indianapolis. Mr. Sterner is expected to be absent about two weeks. During his absence Mr. Robert Gresley will take his place. Mr. Sterner would be happy to receive letters from his friends at South Side.

Sunshine Elects Members
Election of officers was held at the last meeting of the Sunshine Club. The following people were installed: Caroline Dirmeyer, president; Betty Beyrau, vice-president; Dorothy Tobianski, secretary; Thelma Ervin, treasurer, and Valeria Martin, sergeant-at-arms. Tickets were given out for the skating party to be held at Bell's rink soon. Games were played, and Thelma Ervin was awarded the first prize.

Classes Collect Clippings
To furnish a permanent file of information about activities of other schools, the second year journalism students of Argentine High School, Kansas City, Kansas, are making collections of clippings taken from the papers of other high schools that tell what they are doing.

Classes Sketch Team
The art classes of the Celina High School, Celina, Ohio, made pencil sketches of the 1934 Celina high football team. They were placed in the window of a store. The pupils worked hard for three weeks to complete the pictures.

(Continued from page 2)

crashing and splintering other trees and itself as it fell.

Frightened very much by this new danger, we quickly ran to find a different place of shelter. We were now well soaked by the rain, which came down harder every minute. We found a suitable place behind another tree which was between the road and the cave. There we waited for the storm to quit, and we decided to wait till after to explore the cave.

Suddenly, we saw a bright light slowly coming up the road. When it neared the place where we were, it stopped; and the lights were turned out.

A man suddenly sprang from the back seat of the car and ran towards the entrance of the cave. He was a man of small stature, and he walked with a stoop. He wore a large black derby hat and a long black raincoat which nearly reached the ground. He was carrying a small white bag, which seemed to be very heavy. When he was about ten feet from the entrance, he slipped in the mud and fell. He quickly got up, and immediately he lashed his flashlight on the ground near him as if he had lost something.

After he had given up the search, he opened the entrance of the cave by a secret latch. He went in; and, after a while, he came back out. He carefully put limbs and foliage around the entrance and ran back to the car. As the men were going away, a flash of lightning revealed the people in the car—four sinister-looking characters.

After they had left, and the storm had stopped, we found the object for which we believed, the man had asked. It proved to be a two-and-a-half-dollar gold piece.

The next morning, the headline of the newspaper read, "Local Bank Robbed by Bandits." I quickly took the paper and showed it to Joe. We looked at each other. We then decided to go back again that evening. However, luck was against us.

Joe's mother found his wet clothes in his bedroom. She was very careful about the health of her children; therefore, she made Joe stay in the house during the whole day for fear he would catch a cold.

Nevertheless, because I had nothing else to do, I went to his house. We talked together the whole afternoon about many things.

"Well," I said, "I'll see you again tomorrow night at the bridge again. If you don't get there before 8 o'clock, then I'll know you can't come."

"All right," Joe said. "Don't forget to bring your flashlight. Well, so long."

"So long," I said. "Don't forget."

Joe's father and mother went visiting that night; therefore, he met me at the appointed time near the bridge. We started out with Joe in the lead, for it had been so agreed. Sometimes we ran, and sometimes we walked. In a short time, we arrived near the scene.

"Be quiet," commanded Joe, putting his finger to his mouth. "There's somebody in the cave. See the light?"

"Yeh," I answered. "Look, they're just going away."

After we had waited a while, crawling on our hands and knees, we advanced toward the cave. When we got there, Joe quietly drew away the branches and foliage.

"Let's have your flashlight," Joe said. "I wonder what's in there."

"Here it is," I said, handing it to him.

He turned the flashlight on, revealing the contents of the cave.

"Look! Look!" Joe cried. "Look at them guns hanging over there on the wall. Gee, do you think we should do this?"

"Let's leave this stuff alone and call the police," I suggested. "They'll know what to do."

At this suggestion, we quickly ran to the nearby farm house. After we had knocked on the door, an old white-headed man opened it.

"Quick! Quick! May we use your telephone?" I asked. "We just found something down by the river."

"Yes," he said, pointing to the opposite side of the room. "There it is."

"Hello! Hello!" Joe said breathlessly after he had dialed the number. "Is this the police? I just found something down by the river in a cave. It had

lots of guns and money and things in it. Yes. Yes. Burglars. Out by the river about two miles south of the Stethorn bridge. Yes. I'll be standing near the road. All right. Hurry."

"What did he say?" I asked him. "He said he would send a car out right away," Joe answered. "Come on. Let's go back to the road."

We thanked the old man for the use of his telephone and quickly ran back to the road in front of the cave. After about ten minutes, the car came with three men in it. They got out of the car and walked up to us.

"Are you the persons who called up?" the man who appeared to be the leader, asked.

"Yes. The cave's right back here," I said.

"All right," he said. "Let's go back right now. You show us the way."

We quickly went back to the cave. One of the detectives shined a very bright flashlight into the cave.

"This is very interesting," said the leader, closely looking over the objects.

"Yeh, the captain would like to know about this. Will you two please come up to the police station tomorrow?" he asked, after thinking a while. "We want to know all that happened. Keep under cover in the meantime."

The next day we rode to the police station in my father's old Ford. The captain asked us many questions. We answered them and told him all that we had seen and done. After a while, he announced this plan.

"I'll put some of my men around the cave during the next few days," he said. "They will surely come back again. I advise you to stay at home until we call you again. Goodbye. I'll see you later."

Two nights later, the burglars came back again. The trap was well laid. As the same small man, whom we saw a few nights before, stepped out of the car and walked up to the cave, a few policemen captured him as they had been told. The remaining burglars, who stayed in the car, were also captured.

All were taken to the police station, convicted of burglary, and were later sentenced to long terms in one of the state prisons.

The captain thanked us for what we had done and told us we would make good detectives. A long time afterwards, we became members of the police force.

Times 1500 Club Potluck Will Be Staged Soon

Thursday, February 7, is the date set for the 1500 Club potluck. Anyone who has earned 1500 points or over in Times work is eligible for the club. The names of all the pupils who may come to the potluck are listed on the board in the Times room. Anyone whose name is not there and who thinks he has 1500 points should see Ursula Morton, president; Bill Hockett, vice-president, or Bryce Minier, secretary.

The menu is as follows: meat loaf, potato salad, sandwiches, beans, fruit salad, jello, pickles, and olives.

The committee is as follows: entertainers, Manuel Rothberg, Ann Abbott, and Bill Hockett; cooks, Ursula Morton, Lois Magley, John Bremer, and Alma Nitzsche.

Times to Germany

The Times recently received a questionnaire concerning general information about the paper sent by Ernst Roselius of the Newspaper Institute of the University of Munich, Germany. The university is conducting an investigation on university and high school newspapers.

Various questions were asked concerning the size of the paper, the type, frequency of issues, publishers, qualifications of staff, journalistic groups, number in school, amount of advertising, disposition of financial question, and other points about the publication of the paper.

New Math-Science Officers Installed

Talk on Radium by Dr. Duemling Feature of First Business Meeting for This Semester.

New officers of Math-Science Club were installed with a befitting ceremony during their business meeting Friday, January 25. Miss Adelaide Riedler, Mr. E. S. Gould, and Wayne Bender gave the induction addresses. The officers installed were: Duncan McLeish, president; Anna Brumcaugh, vice-president; Mildred Foelting, secretary; and Ned Hackney, treasurer.

The executive committee for this semester were announced as follows: Arrangements—Betty Medaris, chairman; Ernest Trapp, Elgin Stump, and Richard Meyer; refreshments, Eleanor Cupp, chairman; Alma Nitzsche, and Margaret Crankshaw; games, Catherine Allendorph, chairman; Manuel Rothberg, and Arleth Carvin.

Dr. Werner Duemling, school physician, gave an exemplary talk on radium. To illustrate it he had with him about \$700 worth of radium. His talk included the finding of radium, experimentation with it, an explanation of its rays, and its use in the field of medicine.

Illustrates Use of Radium

To illustrate the latter point, he also brought an applicator and showed how radium is applied to an outer or skin growth. For internal cancers or tumors, the radium is inserted in needles containing radium or in platinum beads fastened to platinum wires. The beads contain radon gas, a product of radium, which radiates radium rays for a period of about ten days, after which the beads are withdrawn and discarded.

After Dr. Duemling's talk, games, led by Charlene Davis, were played and refreshments were served.

All sophomore A's, juniors, and seniors who have taken a year of science or a year of math and are interested in either or both subjects are invited to join. Dues are 25 cents a semester.

Class Room News

Marian Roehrs and Raymond Racine were re-elected chairman and secretary respectively in Miss Paxton's freshman home room.

This semester Miss Paxton has a total of 147 pupils. Her largest class is 33 pupils, and a class of 29 is second.

In a short test over last semester's work Evelyn Chandler, who is in Miss Paxton's algebra 2, period 3 class, scored 100 percent.

Raymond Ballweg is a new pupil in Miss Crowe's room, 144. He is from Shortridge High School, Indianapolis, Indiana, and is in her home room and sixth period class.

This semester Mr. Makey's classes are exceptionally large. There are 31 in the seventh period, 26 in the sixth period, 37 in the third, 32 in the fourth, and 28 in the second period.

On a recent inventory test given by Mr. Wilson to his civics classes the following people received high grades: first period, Adrian Bevington, 58 percent; third period, Joe Anne Smith, 70 percent; sixth period, Robert Iverson, 76 percent.

Mr. Murphy's economics classes have started to use work books. They are called, "My Progress Book in Economics." They have been published with the idea of providing many practical projects and exercises to secure more purposeful activities. These workbooks may be used with any high school text book concerning this subject.

Journalism Classes Learn How Newspaper Is Printed

It's just an old journalism custom that was carried out last Saturday morning at the News-Sentinel. Journalism 1 classes of South Side and North Side met at the Washington Street entrance to be shown through the institution.

The first place to which we were taken was a small room on the first floor in which was located a map of northeastern Indiana, which was compiled in six weeks by five men, the purpose being to show carrier routes. Every subscriber is represented by pins on this map, which is made to the scale of one mile per inch. Pins of various colors represent the different routes. In several cases there are branches leading from other branches, thus forming a very complicated network.

The photographers' room was an attraction on the third floor. From this room we entered the morgue where cuts are filed. This room is practically filled with shelves on which newspapers are kept from the time the News and Sentinel was first issued. They also have editions of the News and the Sentinel before the two papers consolidated.

In the art room we met the cartoonist and his assistant, Eugene Craig, a former South Sider with whom we renewed our acquaintance. In this room a corner was petitioned off for the teletype machines, which are electrically operated to type the news which comes in from the United Press, Associated Press, and the International News Service.

Not much time was spent in the reporters' room. From there we were taken to the composing room, which reminded us of the press room here in South Side. It is a very large room with many Intertype machines. Here we saw how type was made and set. From here we were taken to the basement where huge rolls of wide paper are kept. Here, too, we could see the lower part of the machinery on the first floor, which we saw in operation a few minutes later. Several members of the party here were quite interested in the pole on which the workmen slide down from the first floor to the basement.

Going back to the first floor, we saw the press in actual operation, though moving slowly, as it was rather early, and they do not speed up the press until around 1 o'clock in the afternoon. One machine prints, cuts, and folds whole papers which come out faster than one can count. The papers are also automatically counted. Wires are stretched across the papers as they go over the rollers in certain places to reduce friction. When the press is going rapidly, lightning can be seen on the paper.

In the same room is the mailing department where the papers are wrapped and addressed to the various cities and small towns. An interesting device for stamping the packs is used to save time. The addresses are printed, cut, and glued all in one simple operation.

It was further explained that the rotogravure section is made up by Eugene Craig and printed at Louisville, Ky. The colored comic strips are printed at Whittenburg, Pa.

Around the School

H. Yapp and Cliff Sefton seem to be hitting it off together. Well, more power to you.

Hank Miller, take a tip from us. Don't go around calling yourself the "kid." Some people might get you mixed up with Conway.

Hey, fellows—there are two cute new northerners in our midst—"Peppy" and "Boo-Boo" Wermuth. We hope they'll like South Side.

Meigs and Knorr—you're too fickle. Why don't you make up your mind. Is it undecided love or what?

M. Mitten's old flame, Carl Nelson, says he's a woman-hater, but from the reports I hear he still burns for Margie.

Couples seen at the dance Saturday night were McIntosh and Kennedy; Woods and Cowan; Geary and Steger; Winters and Sam Rea.

Why does Sam Schaaf insist on telling Miss Magley A. Lincoln is so inconsistent? Does he like the sound of the word, or what?

Green Seconds Arch Baskets, Defeat Berne

Southern Archerettes Gain Another Victory, Keeping Lead Throughout Contest.

Holding their opponents to two field goals and three charity tosses while they themselves scored thirteen baskets and one free throw, the South Side Reserves ran rough-shod over the Berne seconds last Saturday evening to score a 29 to 7 win. The Green had their own way from the second period to the final gun and the outcome was never in doubt as the Archers penetrated the Berne defense with the greatest of ease. Hall, clever Archer sniper led his teammates with twelve points to his credit.

Both teams started fast and did not really bear down throughout the first quarter. Both quintets resorted to long heaves and took frequent chances on their passing with the result that neither team controlled the leather for a very long period. Stucky finally hit for the Berne outfit after he intercepted an Archer pass under his own basket. The Green retaliated a short time later when Reichert scored on an underneath shot and Cremer put the Green in the lead shortly after when he scored from underneath.

Archers Open Up
In the second period the Archers opened up their scoring power and hit the net for nine points while holding their opponents to three markers. Starting out fast in the second half the Green bombarded the net from all parts of the floor to make their win overwhelming by scoring four baskets in the third quarter and two baskets and a like number of fouls in the fourth period while holding their opponents to two foul shots. Hall and Reichert both hit the net two times in the third period as the Archers missed numerous shots. Coach Geyer sent in three substitutes near the end of the period after his regulars had the tilt in the bag.

The new lineup also continued to sweep through the Berne defense in the final period and Coach Geyer sent several more of his squad into the conflict. W. Sprunger scored the final point for the Berne quintet on the opening play of the period when he was fouled by Klotz.

The Wavelets were hitting the hoop with excellent accuracy from the charity line and scored on three out of the five opportunities offered to them while the Berne team was having an off night at the foul stripe where they converted on only three out of the fourteen attempts offered them.

Central Tigers Lose Tilt To Decatur's Quintet

Central was shoved out of the lead in the N. E. I. C. loop Saturday night by an inspired Decatur team that simply refused to be beaten. The Yellow Jackets flashed into an early lead and then played heads-up basketball all the way, never relinquishing their lead and at times building it up.

Decatur was content with a swift and accurate passing attack, taking few shots but usually sinking them when they were most needed. Central, on the other hand, shot frequently and found the leather spinning out of the hoop time and again. In contrast to the Yellow Jackets' snappy attack, Central played and passed raggedly, and their floorwork left much to be wanted.

Meets Archers Saturday

Although they got off to a poor start this season, the Huntingdon Vikings are coming along very fast and are expected to reach their full strength about tounrey time. As the regional tourney is to be held on their floor, the Vikings will be considered especially dangerous in the regional tourney. Members of the Viking squad pictured above are, bottom row: O'Dier, Roubush, Wires, Shoemaker, Horton, Hiple, and Winters. Back row: Coach Harold Johnson, Anderson, Howell, Brinneman, Coolman, Kennedy, Goshorn, and Principal C. E. Byers.

Tigers Forfeit Lead To Archers

South Side, Central, Decatur Are Highest in N. E. I. C. Standing With North Side in Fourth.

With Central's Tigers receiving their first N. E. I. C. loss Saturday night at the hands of Decatur's Yellow Jackets by a 31 to 26 score, South Side's Archers moved into an undisputed lead of the conference standings. South Side holds first place with a record of five wins and no losses, and Central is in second place with six wins and one loss. However, the archers will have to play heads-up all to remain undefeated in conference play, as they still have Hartford City, North Side, Central, and Garrett to meet in N. E. I. C. competition.

Other week-end conference tilts played were between Columbia City and Decatur, Garrett, and Auburn, and North Side and Hartford City. Auburn's victory over Central and 37-to-32 victory over Columbia City, Decatur moved up to third place in the conference standings. The Eagles' loss sent them deeper into the cellar position. Coach Zeke Young's Auburn Red Devils chalked up their first conference win of the season when they defeated Garrett 31 to 26 last Friday. North Side's Redskins won their third N. E. I. C. tilt by winning a close game at Hartford City 27 to 23 Saturday. This win moved North Side into fourth place, having won three games and lost one.

The conference schedule is rather slim this week-end, with only four games being scheduled. On Friday, Decatur is scheduled to meet Bluffton and Garrett will tangle with Kendallville. Saturday night Central and North Side will clash in an important contest and Hartford City will meet Auburn.

	W.	L.	Pct.
South Side	5	0	1.000
Central	6	1	.857
Decatur	4	1	.800
North Side	3	1	.750
Bluffton	4	2	.667
Kendallville	3	3	.500
Hartford City	1	5	.167
Garrett	1	5	.167
Auburn	1	5	.167
Columbia City	1	6	.143

North Side Noses Out Airedales After Battle

North Side nosed out Hartford City in the last two minutes of their game, winning by a score of 27 to 23. Johnston and Nill saved the Redskins from defeat by swishing the net for five points in the last two minutes of the game. The high point man for the Airedales was Huggins, who scored nine points. The Redskins led the first three periods by scores of 9 to 5, 14 to 12, and 22 to 19. With two minutes to play the score stood 23 to 22. Nill and Johnston each made field goals followed by a free throw by Nill.

Booers Should Look Before Leaping at Referee's Throat

Of all the different sports offered Fort Wayne high school sport fans, basketball is by far the most popular, and it is no more than fitting that local net fans should know how to watch a basketball game intelligently.

Because of the fact that the fans are so close to the basketball playing floor, their enthusiasm sometimes gets the best of them, causing much unfair criticism of the players and officials. If fans would try to diagnose the play of the teams a little more, their unsportsmanlike attitudes would disappear, and they would appreciate the play of both squads a great deal more.

A few suggestions offered by Everett Dean, Indiana University basketball coach, to fans to help them intelligently watch a basketball game are as follows:

Observe closely the appearance of the teams in their preliminary work-outs. Are their attitudes pleasing, or do they fail to impress you? Notice the skill of the different players in shooting and ball handling.

Try to determine in your own mind what system of play each team uses. Does your team use a pass and cut game, a fast breaking game, or a blocking game? What player or players are the key men on the two teams? Many times they are not the highest scorers.

An interesting study to the spectator is the center jump formation. The center jump is to basketball what the kickoff is to football game, and many different formations are used on the tap off in an effort to gain control of the ball. Decide for yourself whether your team uses a defensive or an offensive formation and notice how your opponents combat their formation.

During a rally in a very tight game, the team being scored upon calls time out and tries to find out what is the matter with their defense. Notice the actions of the players in their huddle who have called time-out. They all have a word to say to help their team regain its defensive power.

It is easy for the fans to notice how each team conducts itself in the heat of the game. Do the teams accept the officials' decisions in a sportsmanlike manner and take the bad with the good as part of the game? Notice the type of defense each team uses. Do they use a zone defense in which each player covers a certain part of the floor or do they use a man-to-man defense in which each player guards one man?

Intramural Stars

By Charles Baumgartner

One of South Side's most outstanding intramural athletic participants is John Dutterer. He was awarded his first intramural letter in his junior year and will probably be awarded his second one before he graduates this spring. John has participated in practically every intramural activity offered by the department and has been on championship tag football, volleyball, and softball teams, and was midge boxing champ in his freshman year.

At the present time he is the intramural sports editor of the Times and a member of the 1500 Club. He was also a member of the Torch and Junior Hi-Y Clubs in his sophomore and junior years. The hobbies of this active senior are reading and tinkering with automobiles. The latest honor bestowed upon him was that of being elected president of the Intramural Lettermen's Club at their last meeting. John Dutterer is seventeen years old and resides at 1926 Drexel Avenue.

Handball Results Show Few Hard-Fought Tilts

Handball games are progressing slowly with few hard fought matches being played. Gidley's 21-19 defeat of Knight featured play for the first round. Results are as follows:

Heavyweight—First round
King defeated Williams, 21-5.
Adams defeated Squires, 21-13.
Miller defeated Miller, 21-15.
Barles defeated Boerger, 21-4.
Roberts defeated Bremer, 21-1.
Middleweight—First round
Stone defeated Feichter, 21-11.
Nelson defeated Bopp, 21-15.
Roth defeated Bennett, 21-6.
Second Round
Nelson defeated Stone, forfeit.
Lightweight—First Round
Trulock defeated Broderick, 21-2.
Gidley defeated Knight, 21-19.
Dutterer defeated Walker, 21-1.
Second Round
Trulock defeated Gidley, 21-9.

Chips Off The Hardwood

With Central being subject to good and bad streaks and Decatur, North Side, and South Side as well as several county teams showing more and more strength, it seems quite likely that the sectional tournament on the southern hardwood will be filled with close tilts and a possibility of a dark-horse coming through.

The Elmhurst five showed its heels to the rest of the county teams in the county tournament last week-end, but only after Don Scherer, a sophomore, calmly stepped up to the charity line and deposited two foul shots in the basket after the final gun had gone off. His excellent performance gave his team a lone-point victory and their first county championship.

Lafayette Central established itself as a potential threat for the Summit City fives although it did not reach the finals in the tournament.

Those Decatur Yellowjackets hit the Tigers on one of their "off" nights and the Curtismen, who prize a victory over a Fort Wayne quintet almost as much as a championship, immediately went to work and handed the Centralites a stinging defeat. Coach Curtis is bringing his five along very rapidly and as only one member of the first string graduates this June, the Adams county five can be considered as a strong five in next year's competition.

This Berne outfit was plenty tough but did not seem to be able to set its defense for the Archer snipers. The Berne five also will remain intact with the exception of one member and thus it must be watched next year.

Jim Hilgemann was poison to the Ermenen Saturday night. His sniping for a total of thirteen points was the major cause of the Bear downfall. Those Archers really passed the ball around well in the second and third periods and then kept possession of the ball during the latter stages of the game to insure themselves of a win. Keep up the good work, Archers!

The excellent playing of the second team under the tutelage of Coach Geyer is very gratifying to the Archer fans due to the graduation of most of the varsity squad. Among the lads who have been showing up well are Hall, Reichert, and Hines. These players should see action on the varsity by next season if they continue to improve as rapidly as they have this season.

Fans, don't lose faith in your team no matter how far they may be behind. The Archers have beaten three of

Lettermen Select Officers For Term

Dutterer Heads Intramural Club; Jones, Brandt Tie for Vice-President; Blume Is Secretary.

John Dutterer was elected president of the South Side intramural Lettermen's Club for the new term at the meeting held last Thursday in the athletic office. The vice-president poll resulted in a tie between Myron Jones and Carl Brandt. This tie will be broken by an election at the next meeting. Melvin Blume was named the secretary.

Preceding the election Mr. Briner organized a Lettermen's lightweight team and a Lettermen's heavyweight team. These teams will play exhibition games in the gym the fifth period. Their opponents will be selected from the gymnasium classes. Following the organization a practice game was held. This was easily won by the heavyweight team.

Following the games a potluck supper was held in the athletic office.

The following boys attended: Leroy Cunningham, Wayne Telja, Bob Klopstein, Charles Baumgartner, Bob Lapping, Bob Fowler, Dorwan Kessler, Wallace Bartles, Melvin Blume, Norman Buck, Stewart Trulock, John Allen, and Mr. Louis Briner, adviser of the club.

heir toughest opponents this season by second-half rallies. They came back to gain victories over Bluffton, North Side, and Berne.

A good little man is better than a fair big man any day of the week. Jim Hilgemann furnished some evidence to that effect Saturday evening. He scored thirteen points against the Bears. Congrats!

Basketball is the most unpredictable sport! A few weeks ago South Side defeated Decatur 28 to 17. Then Central downed South Side by a decisive margin. Now Decatur comes along with a 31 to 26 victory. That puts Central out of the N. E. I. C. lead and puts South Side out in front in the race.

North Side will be plenty tough in the sectionals in March. So will Hartford City. The Redskins had a tough time beating the Airedales last week. Although Hartford City lost all their last season's squad, they will be the team to watch next month, along with North Side.

Archers Will Meet Bulldogs and Vikings Over Week-end

Decisive Win Over Bulldogs Is Prophesied

Green To Meet New Haven In Scheduled Tilt Friday At Southern Gymnasium.

Huntington Team Looks Impressive

Viking Squad Will Oppose Smooth-Working Macmen During Saturday's Game.

South Side's Archers will have a chance to look over possible tournament opponents when they meet New Haven's Bulldogs here Friday night and Huntington's Vikings at Huntington Saturday night. The New Haven varsity game is scheduled to get under way at eight o'clock with the reserve five tangles an hour earlier. Cleary and Reno will be the officials for the games.

Coach Paul White's New Haven Bulldogs are not as strong this year as they have been in the past and are not expected to offer the Archers very much opposition. His team as a whole is rather short and inexperienced. However, they may be able to give the Archers plenty of trouble if they are having a good night, but judging from their past record an Archer win looks evident.

Use Man-To-Man Defense
A man to man defense is used by the wearers of the purple and gold. South Side will probably use the same type of defense, although their zone defense worked very smoothly against Berne during the time it was employed, and Coach McClure may decide to use it against the Bulldogs.

New Haven's probable starting lineup will see Snyder and Kreager as forwards, Armstrong at center, Parks and Butler as guards.

Snyder at forward, although only five feet eight inches tall, is a very clever player and one of the Bulldog's highest scorers. Kreager, the other forward is five feet nine inches tall and a good ball handler. Armstrong, the six foot two inch center, is one of the best centers among the county teams and is only a junior in school. Butler and Parks, the two guards are five feet eight inches and five feet seven inches tall and besides taking care of the opposing forwards very capably, add plenty to the Bulldog's scoring attack.

Archer Win Probable
Huntington's Vikings are not as strong as they were last year, although they are playing a first brand of ball should give the Archers a real test. Although the Vikings have chalked up impressive victories over such teams as North Manchester, Peru, Winamac, and Hartford City; they have also been impressively beaten by Central and Bluffton. Thus, if South Side's five plays its usual brand of ball, it should avenge the loss handed them by Huntington in last year's regional tourney.

Coach Johnson's probable starting lineup will consist of Roudsush and Brinneman as forwards, Wires at center, and O'Diers and Coolman as the guards.

South Side's probable starting lineup for both games will see Hilgeman, Lohse, or Symonds as forwards; Nelson at center; and Hall and George as guards.

Central Catholic Downs Kendallville, Portland

Central Catholic added two more victories to their already impressive string by defeating the Portland Panthers by a 29 to 16 score in a game played Friday evening at the Community Center gym, and then piled up a top-heavy score of 26 to 21 on the hapless Kendallville Comets in a game played Saturday evening in the Center gym.

Portland was very much out of luck when they met the Barretmen, who were out for revenge over their unexpected defeat at the hands of the fighting North Side Redskins.

With "hot shot" Schott sinking the leather from all angles of the floor, and the rest of the entire team playing steady ball, the Panther team was sent home smarting.

The Irish seconds trimmed the Portland reserves by the score of 18 to 8.

Irish Trim Comets
Saturday evening the Kendallville Comets engaged Central Catholic in a game that was much too rough to produce real basketball. They were sent home convinced of the superiority of the Fort Wayne High Schools because their loss to Central Catholic made it a clean sweep for the city teams in the four games that they have played the Comets.

"Les" Hoch and Jim McArde were the shining lights of Central Catholic's attack and tight defense that proved to be the Comets' downfall. The Comets made eleven points, twenty-one points on charity tosses. Rensberger was the big gun of the Comet's attack.

The Central Catholic Reserves lost the preliminary to the Kendallville seconds by an 18 to 8 count.

Fight For Bulldogs

Three important members of Coach Paul White's New Haven net squad, who will tangle with South Side here tomorrow night, are from left to right, Robert Kreager, Douglas Hartman, and Paul Armstrong, six-foot-two center. Kreager and Armstrong are two of the Bulldogs' leading scorers and much depends upon them as to how the Whitemen will fare against the Macmen tomorrow night.

Tumbling Classes Will Start Soon

Girls' Athletic Association Invites Athletic Aspirants To Become Members of Group.

Both advanced and beginning tumbling will start next week after an organization meeting in the handball court under the direction of Miss Alice J. Patterson and Miss Gretchen Smith.

This sport is open to all girls in the school; however, there are some requirements for membership in the advanced classes. Each girl should be able to do a forward roll, a backward roll, a cartwheel, a headstand, and a back bend at least moderately well. If a pupil cannot fulfill these requirements, she is expected to sign up for the beginners' class.

Tumbling is one of the major sports; and much stress is placed on regular attendance, because the tumbling exhibition is always one of the most important features of the exhibition sponsored by the Girls' Athletic Association each spring.

150 Girls Sign Up

About one hundred and fifty girls have signed up for the beginners' class and about thirty-five for the advanced class. Those girls who believe they are able to fulfill the requirements for the advanced class are: A. M. Baumgartner, D. Bill, M. Carlson, F. Craig, V. Connett, B. E. Chadwick, D. Estep, R. Disler, M. Hower, H. Hirmickie, M. Hoff, L. Heuer, B. L. Houck, E. Huston, J. Kirby, W. Locker, E. E. Likens, F. McKeon, V. Mosel, M. Owens, E. Pawlisch, E. Roberts, B. Scheele, E. Snively, E. Simminger, M. Stodlar, B. Uram, B. Van Gunten, E. Woods, D. Wyss, V. J. Wells, M. B. Wilkerson, and M. White.

The advanced classes will meet on Monday and Thursday nights and the nights for the beginners' class will be decided later. Anyone who has a swimming class on the same night as a tumbling class is scheduled should see Miss Patterson or Miss Smith, who will try to arrange so that G.A.A. members will be able to participate in both activities.

G. A. A. Flashes

Attention, freshmen girls! The Girls' Athletic Association wishes you to join in our fun by going out for sports. Start in right now to accumulate points for your numerals and letters.

Tumbling is your next sport. Sign up now, everybody. The freshmen girls will be able to earn their numerals by June if they start in right away.

Don't forget to get pictures which were displayed in the Baby Show. They are in Miss Patterson's office now.

There will be twenty-two more letter girls added to the list. They certainly look neat, don't they, wearing the big letter "S."

Now is an excellent time to earn points for skating. You may also earn points by swimming ten lengths of the Y. W. C. A. pool.

Tumbling begins next week, girls. Be sure and come, because it is one of the best liked sports in G. A. A.

In a very hard-fought game, Betty Rison's Junior 2 team defeated Marge Hower's Junior 1 squad by the close score of 14 to 10. Keep it up, Betty.

In a ping-pong tournament recently held at Velma Yoder's, in which Velma, Vera Fremion, Edna Disler, and Marge Hower took part, Edna defeated all of her opponents.

During this nice cold weather, many girls are skating and receiving points galore. Everybody who is able, get out your skates and swell your score.

Since the red jackets are out of use in basketball, the teams are getting different outfits. There are some very attractive ones, too. Just look around the next time the girls play.

The swimming classes for South Side girls are proving to be very popular. The girls are learning to swim and dive, and are keeping up with the North Side Redskins at the same time.

81 Girls To Get Credits In Gym For Swimming

Advanced, Beginning Class Meet During Seventh and Eighth Periods at Y. M.

Eighty-one girls are taking swimming lessons at the Y. W. C. A. for their gym credit. The classes are held at the Y during the seventh and eighth periods on Monday, Wednesday, Tuesday and Thursday.

The following girls have signed up: Advanced class, seventh period: Jane Bradley, Mary Jane Campbell, Joan Hess, Marjorie Hower, Grace Killian, Garnet Mills, Eloise Morrel, Elizabeth Somers, Barbara Scheele, Forrester Valentine, Barbara Von Gunten, Betty Jo Wilkinson, Peggy Woodhull, Ellen Woods, and Joan Hess.

Advanced class, eighth period: Martha Ann Bacon, Anita Cattlet, Vera Crise, Jane Lee Davis, Ruth Fritz, Emily Gardner, Aileen Hauch, Vera Mae Hilgeman, Martha Ann Hull, Florence Krebs, Jeanette Lewis, Jane McElwain, Marian McAtee, Betty McGinley, Elizabeth Neff, Mary Jane Adel, Vivian Rindchen, Madelon Rothschild, Betty Ann Schaff, Ada Schuelke, Betty Shidler, Carolyn Sidle, Hilda Spangle, and Marietta Walburn.

Beginners' class, Monday and Wednesday, eighth period: Ruth Blue, Mary J. Crise, Mildred Dryer, Dorothy Elfrer, Betty Garton, Ruth Gerber, Faith Clark, Beulah Horstmeier, Lois King, Marion Hudson, Mary E. Lee, Ellen Mentzner, Louise Miller, Eleanor Warren, Mary Mulford, Edith Pawlisch, Dorothy Richter, Geraldine Schaefer, Betty Shedron, Doris Schrom, Marjorie Turner, Ruth Turner, Jane Wormington, and Luella Werling.

Beginners' class Monday and Wednesday, seventh period: Evelyn Baldwin, Opal Beck, Mildred Beck, Betty Beyran, Mary Henschen, Mary Ann Mayland, Helen Meyer, and Rachel Mingers.

Pace Makers

The leading heavyweight boxers of today in ranking order are Max Baer, Steve Hamas, Primo Carnera, Jack Peterson, the English heavyweight champ, Art Lasky, Max Schmeling, Joe Louis, Walter Neusel of Germany, Lee Ramage, and Buddy Baer. The reader may have his or her doubts the way the fighters are arranged and may use his own judgment.

Charlie Hornbostle and Ivan Fuqua, of the famous Indiana University relay team, will compete against each other for the first time, in the 600-yard sprint at the annual Millrose track meet in New York City. Strange to say, Coach E. C. Hayes, coach of the famous running twins, will not run the pair against each other in their daily workouts.

Here is news! The St. Louis Cardinals, the world baseball champions of 1934, used exactly 7,154 baseballs during the 1934 baseball season. That surely is a lot of baseballs to use during one baseball season.

The strong Elmhurst and Lafayette Central basketball teams are regarded as sectional threats again this year. Both Elmhurst and Lafayette Central are setting a fast pace this year. The three local fives, Central, North Side, and South Side, will have to play a good brand of basketball to finish out on top. It is well to remember what Lafayette Central did to Central in 1933, and to North Side in 1934 at the sectionals. Who's turn will it be this year in the sectional?

Probably you noticed where the Chicago White Sox and the Cincinnati Reds finished in the big leagues. The Reds and White Sox have finished on the bottom nearly every year for the past eight or ten years and looked up to the other teams in big leagues. In the year of 1919 it was a different story. The World Series of that year was between the Reds and the White Sox, in one of the most thrilling baseball series ever witnessed by the baseball world. The White Sox won the championship and were looked upon as one of the seven wonders of the sport world during that year.

Hardwood Heroes

Jim Ellenwood is an outstanding athlete and is a great basketball player on the varsity squad. Jim is a good all-around man, being able to play at the guard, center, and forward positions. He is eighteen years old, stands six feet high in his socks and in the same garments weighs one hundred seventy-five pounds. Ellenwood has played as a third baseman on the Archer Trucking Company's baseball team, a team that was defeated only by the strong Lafayette team in the last game of the state finals. He was good on the reserves in 1932 and played on the team as a center for one year. In 1933 he played on the varsity five, this time playing as center and forward. Jim has also played as center and forward. Jim has also played as center and tackle on the football team for three years, or since 1932. He has earned four varsity letters, or has earned a total of nearly seven-hundred fifty points playing on the basketball and football teams.

Ellenwood came into contact with basketball at the James H. Smart grade school. There he played as a center and forward. He plans to attend Northwestern University at Evanston, Illinois in the near future. Jim will be active in basketball, football and other varsity sports.

Complete Volleyball Standings Compiled

Court Tries Freshmen
The York, Nebraska, Student Court is playing an active part in the life of freshmen students. The court sessions are held Tuesday and Thursday noon to try cases of luckless greenhorns.

Archers Win Tenth Contest By Besting Berne Bears, 25-20

By Charles Baumgartner

After trailing their opponents 12-0 at the end of the first quarter, South Side's powerful Archers came back in the final quarters of the game to chalk up their tenth win of the season by defeating the Berne Bears 25-20 Saturday night.

Flashing a very powerful offense in the initial period of the game, the Bears penetrated the Archer defense to score four field goals and four free throws. South Side committed five personal fouls in the first period in an attempt to halt the Berne scoring. However, the Bears only scored four of their eight free throw attempts. The Archers found a few openings in the Berne defense during the opening quarter, but when they did find them, could not make their shots stick.

Archers Pick Up
South Side started to hit its stride in the second quarter, scoring seven points and holding their opponents to one. George opened the Archer scoring by making a free throw after he was fouled by Flueckiger early in the period. The Archers then went on to score two more free throws and two field goals before the quarter ended, thus cutting the Berne lead down to six points.

After Flueckiger had scored a long fielder to start the second half off, the Archer defense tightened and held the Bears scoreless the remainder of the period, while they went on to score eleven points to move into an 18 to 15 lead. Hilgeman and Nelson led the Archer rally, scoring five and four points respectively. Hilgeman sank two long fielders and a free throw, and Nelson scored two under-the-basket shots in the final minute of the quarter to give the Green and White the lead for the first time.

Hilgeman Leads Squad
Jim Hilgeman continued to lead the Archer attack in the final period, dropping in two field goals and two foul tosses to run up his total for the evening to thirteen points. George scored the last as well as the first Archer point of the game, sinking his second free throw of the game late in the final period to chalk up South Side's twenty-fifth point. The Archer defense continued to work smoothly during the last quarter, holding Berne to five points.

Dro and Flueckiger led the Bears' attack with seven and five points respectively. Dro making two fielders and three fouls, and Flueckiger making two field goals and one charity toss.

Both quintets failed to hit very well on their free throws, South Side making only nine out of fifteen chances and Berne making only eight out of seventeen chances. Ten personal fouls were called on the Archers, and thirteen were called on the Bears. Berne lost two players via the personal foul route. Dro and Steiner both leaving the game in the final quarter.

Festive Dates In Next Term Are Announced

Tag Day, Tournaments, Opera, Feature Semester; Dances And Banquets Have Place

During this semester there are many red letter days for the entire student body. For these important events, every body should be aware.

Tag Day for National Honor Society has not yet been definitely decided, but it will be sometime after the first of April.

Members of Quill and Scroll, national journalism society, will be named sometime during the first week in May.

Following are the days taken from the school calendar:

Minutrel show	February 22
End of first grade period	February 22
Band concert	February 22
Grade cards issued	February 22
Sectional tournament	March 1, 2
Regional tournament	March 1, 2
State tournament	March 15
End of second grade period	March 15
Opera	March 22, 23
Spring vacation	March 25 to 29
Clean-Up Week	April 1 to 5
Grade cards issued	April 2
Senior play	April 5, 6
Band concert	April 12
Basketball awards	April 19
Health weeks	May 1 to 10
Health assembly	May 10
Junior banquet and prom	May 3
End of third grade period	May 3
Grade cards issued	May 7
Quill and Scroll banquet	May 8
Sophomore party	May 10
Honor Society banquet	May 16
School exhibit	May 24
Decorative day vacation	May 30
Recognition Day	May 31
Fun-Fest	June 3
Senior dance	June 4
Grade cards issued	June 5
Commencement	June 5
End of school	June 7

Duties of Cafeteria Staff Are Announced

The student cafeteria staff has proved very satisfactory and capable this semester, and no doubt will prove so next semester, Miss Lucy Mellen, manager, stated.

To come up to the standard set for student help, there are certain requirements to be fulfilled. There are five such requirements set by Miss Mellen. The first is cleanliness, clean hands and face; the next, health, so as to be well-fit for the work. Personal neatness in clothing, hair, and in manner is also a necessary requirement. Courtesy and promptness also are included in the high standard, as they are pleasing and necessary qualities for student help in a cafeteria.

Such assistants perform various duties in co-operation with the management of the cafeteria. They do such work as serving, waiting on customers, and all dining room clean-up work. Three student cashiers work in the cafeteria, two at the candy counter and one at the cash register.

The work of these students is not unrewarded for they receive their lunches in return. Eighteen minutes of the 45 minutes which they are in the cafeteria are allowed them for eating. The rest of the time they are expected to work.

Miss Mellen stated that if the students were interested enough and would apply themselves diligently to their work, they could use this as experience for their future work.

John Dern, '34, Makes Good at Stanford U.

Many students have fared forth from South Side High School with high hopes of making a name for themselves and proving their worth to their dear old Alma Mater. Some of them, after graduating, enter a certain field of work, while others, wishing for a higher education, enter college. Many of them have really made good. An exceptional example is John Dern, a former student of South Side.

His record is one of the best the school has turned out. He not only had a high scholastic rating but was also well known among the outside clubs and activities. Because of this he was elected to the National Honor Society. He graduated in June of 1934.

However, he was not content to stop at high school. In further pursuit of knowledge he entered the Leland Stanford University in California. He there set out to secure another of his coveted records. In this school, each subject taken is worth a certain number of units. Every student is required to have twice as many credits as units at the end of the grade period in order to be promoted. As John was carrying sixteen units of work, he was required to have thirty-two credits. He not only acquired the necessary thirty-two points, but also obtained thirty extra ones. This gave him a total of sixty-two credits. We have every reason to believe that in the future John will uphold this high record.

Club Hears of Customs

Did you know that Mohammedans wash their heads three times before praying? Mrs. Bailey, who has traveled extensively in the Holy Land, told the International Club of the Benjamin Besse High School, Evansville, Indiana, this fact at their latest meeting.

"No Ducks For Sale Today," Says Famed Benny Meroff

By Ann Abbott and Louis Bonsib

..... and imagine our embarrassment to find that those slipper-clad feet that came clip-clapping down the hall to meet us were not those of that fowl of Joe Penner fame, but the under-standings of that great impersonator and band leader, Benny Meroff, who was at the Embury Theatre four days last week with his world famous band and stage show. Mr. Meroff can play with no mean ability almost any instrument and imitate almost any movie, stage or radio star with exceptional results.

Having entertained the stage-show-hirer people of Fort Wayne for a full three days, our genial host proceeded to entertain us in true Meroff style.

Throwing aside the age-old rules about interviews, more or less by accident as he put it, the first feature on the program was his dwarf-an-ebant-sized trumpet player, who by he way, can make a half-sick cow sound like a sissy. As our five hundred pound hero (more or less) waddled into the dressing room before us, Benny asked us, "Do you know how much that guy gets a week?" This trumpet player is the leading attraction and the highest paid member of the Meroff entertainers and has brought cheer to no small number of burdened souls through his clever antics.

Not waiting for us to answer, the big boy put in, "I don't know, but whatever I'm supposed to get, it isn't 'nough." Which, by all appearances, "nough" friend boss in his own little view, the surroundings of which he evidently did not enjoy, because the fair-aided and plump one was promptly expelled from the room with great vehemence.

At which time our host of Morrison Hotel fame, Benny Meroff, told us of how he would write this interview up in our paper were he doing it. "Now everything happens by accident," he went on. "That fellow (the overgrown 'wah-wah horn' player), came in me when he was just a little fellow, no bigger than you are, and now look what a big man he is." Just for the benefit of a few, Mr. Meroff was attempting a pun, at which task he succeeded with surprising efficiency. Continued Benny, "It was just an accident that he became head howman in my show. In the same way, you should happen upon your story by accident. You shouldn't come prepared for an interview and expect to get a good story."

Half-frightened, half-angered, for fear that our friend was laboring under a false impression, we quickly assured him that it was quite an accident that we had come down and that it would be only an accident if we never got the thing written.

At this he became a little more calm and restful, but to be sure that he was quite at ease, we added, "and don't worry, nothing you do or say will get into the paper. Coming down to see you is merely a gesture. (And a very costly one, may I add.)"

But much to our surprise, this didn't suit him. No, he wanted his name in the paper! He wanted us to quote him! And in his entertaining way he began to question us as to the orchestra we liked on the air. We tried to put up a good front and know about all the orchestras, but it was too much for him. He knew his orchestras!

And would you believe it, he hailed Paul Whiteman as the king of all bands.... and why shouldn't he.... "Paul Whiteman makes more money in a week than all of them put together".... quoth Benny.

That "tempus fugit," was never more adequately proved than that evening with Benny Meroff, for we were entertained by him for more than three-quarters of an hour during which time he displayed beyond all doubts or expectations his abilities as a master showman and entertainer, for we were just getting interested when we suddenly realized that we had been there a long time.

Passing through the doorway and giving a fond farewell to Benny Meroff, we had only one regret.... he was just "duddy" as far as his walk, but how disappointed we were when he called after us that his "quack" was on the bum and since his "quack-doctor" didn't come along, he couldn't quack for us.

We think he was "quacked." What do you think?

Philatelic To Install
Installation of officers will be the feature of the organization meeting of Philatelic Society to be held Wednesday afternoon in the Voorhees room. The officers for this semester are: President, Bob Blomker; vice-president, Jane Louise Benkmann; secretary, Clayton Kilpatrick; treasurer, Jane Loomis; and sergeant-at-arms, John Thacker. John Bex and Evelyn Ertel are in charge of the Stamp Club News. A new issue of the paper will be given out. All students interested in stamp collecting are invited to attend this meeting.

So-Si-Y Recognizes Members of Club

Triangles Degrees Are Presented To Winners; World Fellowship Is Theme of Meeting.

Recognition of outstanding members of So-Si-Y was held at the meeting held last Tuesday in the Greeley Room. Those who won degrees were honored. There are three of these degrees, the triple triangle being the highest one that can be won.

The requirements for these degrees are:

Triangle degree: Any girl can obtain this degree by qualifying as a Girl Reserve of good standing as defined in the constitution.

Double Triangle degree: A girl can attain this degree when she has been a member of the club for two semesters and during her second semester has met the following requirements:

Requirements Listed
She shall plan and execute some program; she shall take part in two community service projects; she shall do some service for the school, either as an individual or in the club; she shall participate in some service for the club at least once other than with programs; she shall continue to be a member in good standing.

Triple Triangle degree: A girl can attain the degree of Triple Triangle when she has been a member of the club for three semesters and has met the following requirements during the third semester:

She shall participate in at least one World Fellowship project during her club membership; she shall continue to meet the requirements for the Double Triangle.

A member in good standing as defined by the So-Si-Y constitution is a girl who has paid her dues and has attended at least five meetings during the semester.

The list of those receiving this recognition will be subject to changes until the end of this week.

World Fellowship Theme

World Fellowship was the theme of the meeting of which Violet Wittmer was the chairman. She directed a short play which stressed the importance of World Fellowship. The cast consisted of Margaret Ames, Pat Farney, Arleth Carvin, Martha Baumgartner, Evelyn Clauser, Ruth Reitz, Virginia Beck, Catherine Hirschman, Sue Meyer and Ruth Adler.

Miss Woodward gave the devotions which were on the theme of World Fellowship. She stressed the part of every girl in this all-important question.

John Bex Is Elected

Marionette President

Election of officers was held last Thursday at the called meeting of the Marionette Club. The officers elected are: President, John Bex; vice-president, Georgia McIntire; secretary, Mary Ann Park; and treasurer, Eliza Bess Lucas. The retiring officers are: Mary Ann Park, president; Millie Hoff, vice-president; Dick Russell, secretary; Lorraine Meyer, treasurer; and Kenneth Scott, Inter-Club Congress representative.

Schlosser Brothers Celebrate Golden Anniversary This Year

Schlosser Brothers, well-known manufacturers and distributors of Oak Grove Dairy Products, are celebrating their Golden Anniversary this year.

The history of the firm unfolds like a true Hoosier romance. It is almost an axiom that when a country boy leaves the farm to carve out a career in the world of industry, he is lost to the soil forever. Usually the city claims him and his children and his children's children.

The lives of three Hoosiers, however, stand as notable exceptions to this rule—the Schlosser Brothers—Henry, Phillip, and Jacob, Jr.—founders of the famous Schlosser Brothers' creameries. It is true that when these Indiana pioneers took their first seemingly reckless plunge into industry, they chose a field that was closely wedded to farming itself, yet this fact detracts not one whit from the credit which agriculture owes them, for through half a century they have been linked as closely to the land as though they still were part and parcel of it.

Uncle Inspires Them

But for Jacob Schlosser, Sr.'s, urge to come to Indiana before the Civil War there would be no Schlosser Brothers' organization today. Jacob with his wife settled in Marshall County in 1857, and there reared a family of eight sons and one daughter. His children, due to the limitations of travel and education facilities of that day, knew little of the outside world; and when an uncle from New York came to visit the family home in the early eighties, they eagerly drank in the stories of business and progress which fell from his lips.

This uncle was in the wholesale produce business, and among other things he told the children the history of butter and its uses since the days of the Egyptians, Greeks, and Romans. The uncle went back to New York after his visit to Indiana, but his story lingered on, with the result that in 1884 Henry and Phillip pooled their meager savings, erected a small building with their own hands on the corner of the old homestead near Bremen, installed some primitive butter-making machinery, and embarked in business.

Their output the first day was 60 pounds of butter, but they sold every pound of it and made the business go and pay. In 1885 Jacob, Jr., joined them. Year after year the business grew—slowly at first—but soundly in

Price 10 Cents

Saturday Night Set For Dance By Wranglers

Affair To Be Held in Greeley Room After North Side-South Side Basketball Tilt

Fifty Cents Charge Per Couple Is Set

"Wrangling Sweethearts' Dance" Is Motif; Gold- man's Orchestra To Play.

Following their precedent, the Wranglers' Club have completed all arrangements for their annual dance to be given immediately after the North Side-South Side game this Saturday evening.

The motif of the affair is "The Wrangling Sweethearts' Dance" and the decorations will be based upon the Valentine theme. The dance is under the general direction of Miss Dorothy Benner, faculty adviser; William Hockett, president of Wranglers; and Dave Steger, vice-president.

The Wranglers have obtained Bud Golan's orchestra to play for the dance. The orchestra will present several feature numbers, among which will be included special arrangements of "June in January" and "Blue Moon." Special lighting effects will be used.

The decoration committee includes Dave Steger, chairman, Shirley Sykes, Dorothea Tobianski, Jean Kranz, Lou Sheets, and Dick Strasser.

A false ceiling will be hung with small red hearts dangling from it. The several walls will be decked with Valentine streamers and large hearts with illuminations by means of floodlights. Small red heart favors will be presented to each couple attending.

Publicity for the dance has been capably carried out by a committee comprised of Dorothy Crabb, chairman; Maria Haven, Frank Montgomery, Betty Dickmeyer, Bernadette Dygert, and Dick Helm. Much newspaper publicity as well as posters and bulletins have been used. The ticket committee is composed of Shirley Sykes, chairman; Peggy Kilpatrick, Virginia Baumgartner, Virginia Shifflet, and Wilma Bleke.

The dance will continue until 11:30 o'clock and the price will be fifty cents per couple or twenty-five cents a seat.

Degrees Are Given To U.S.A. Members

Former President Awards Honors; New Officers Introduced By Lois Wyneken, President.

At the U. S. A. meeting of January 31, Virginia Greiner, who was president of the U. S. A. Club last spring, awarded degrees to the following members: third degree to Evelyn Lehman, Ruth Garrison, Evelyn Kruse, Grace Nelson, Virginia Fathauer, and Lois Wyneken; second degree to Mary Lankenau and Gertrude Dannenfeldt.

Those who received their first degree are: Ellen Addington, Anita Affolder, Vivian Blume, Margaret Brunner, Eldora Buesing, Betty Burham, Charlene Clark, Clarissa Coburn, Julia Crabb, Marjorie Cargo, Ellen Folber, Louise Gerding, Betty Harsh, Elvera Koop, Mary Beth LaFevre, Helen Meese, Irene Neimeyer, Phyllis Roller, Elizabeth Simpson, Claudine Wells, and Vivian Woods.

Lois Wyneken, the new president, introduced the officers to the new members of the club. These are Grace Nelson, vice-president; Mary Louise Lankenau, secretary; Gertrude Dannenfeldt, treasurer. The cabinet is: Virginia Fathauer, social chairman; Julia Crabb, membership chairman; Mary Beth LaFevre, service chairman; Evelyn Lehman, publicity chairman; Betty Burham, card keeper; and Julia Crabb, Inter-Club Congress representative.

The membership of the club enjoyed the games of Chip, Chop and Musical Chair.

In February 14 a membership Valentine Party will be held. The committee in charge of this party is: Julia Crabb and Virginia Fathauer, chairmen; Betty Williams and Janis Baumgartner.

Noted Newswoman Graduate Is Charter Times Member

By Charles Hart

"I don't see what is so interesting about me that you should want my interview. I should think that there would be many more interesting people than myself," said Mrs. Vivian Crates Logan, prominent journalist. When your reporter singled Miss Logan out, he felt that perhaps he might not enjoy the interview due to her many accomplishments; but this opinion was soon changed, for Miss Logan, in spite of her many accomplishments, is very unaffected. She has that air of informality, which is the delight of persons interviewing those who are superiors in their own line of work.

Now for this brown-eyed lady's accomplishments, in high school, in college, and also on the News-Sentinel staff. In South Side (she started here when the school opened, in her junior year) she was a charter member of the Times, having the position of general manager, also a member of Phi Sigma-Sigma (treasurer), and was prominent in many other extra-curricular activities. Miss Logan represented South Side in the county, district, and state Latin contests. At graduation time, Miss Logan was recognized as the second salutatorian of the graduating class.

At Indiana University, Miss Logan was just as active as she was in high

Very Early Dreams Of Faculty Members Are Now Unearthed

Going back many, many years when the teachers who are now at South Side were very young, an inquiring reporter discovered the secret ambitions which they had at that time. Many of the teachers blushed and said they never had any ambitions. But after a few minutes of deep thinking they revealed their secrets.

Mr. Maurice Murphy said that a good education was his ambition when in grade school. His grade school teacher encouraged this and helped him enter college, where he studied in the summer and then taught in the winter.

Paolowa, a Russian dancer, was the ideal of Miss Alda Jane Woodward.

Mr. Ward O. Gilbert would not reveal the ambition he had when very young but said that he longed to be a big league baseball player.

He has charge of a refreshment stand at a picnic, to be a lawyer or a grocer is just some of the high ambitions of Miss Mary Paxton.

Miss Pearl Rehorst, our sewing teacher, wanted to have a florist shop of her own.

Dramatics and art work have always interested Miss Mary Ellen Ley. She said her mother chose her occupation for her.

Miss Rinehart chose to be an author when very young.

Down in Room 72 there is a teacher who longed to be a big, burly prizefighter. Mr. Herman Makey is the reference.

Our new math teacher, Mr. Alvaro Ferlin, wished to attain the high position of a street car conductor.

Mrs. Roy Welty, Miss Mary McCloskey, Miss Lucy Mellen, and Miss Crisdie Mott have had their ambitions realized by becoming teachers.

Cities of Germany Selected As Theme

Complete Program for Rest of Semester Is Decided Upon at Last Meeting of German Club.

"Beautiful Cities of Germany" will be the theme of the German Club for its semester. It was decided at the meeting of the club in the Voorhees Room, Wednesday, January 30.

The members of the club discussed and approved the following program: February 13, Miss Smeltzley is scheduled to speak on the topic, Cities on the Rhine; on February 27, the club members will hear Frieda Schindler answer questions regarding the Erz Mountains and the surroundings of Dresden, Germany. Frieda, a pupil of Miss Clara Schmidt, lived in Dresden until she was seven years of age, and still remembers her native city well. A musical entertainment given by members of the club will feature the meeting of March 13. On April 10, April 24, and May 8, Dresden, Hamburg, and Muenchen will be reported on and discussed by members under the leadership of another member. If the weather permits, a picnic will be held on May 22.

The club also decided to have a full page write-up in the Totem this year. A short entertainment by Donald Vetter closed the meeting. Donald played "The Heavens Are Telling," and "Songs Without Words" by Mendelssohn.

Play To Feature Wo-Ho-Ma Club

Members Will Stage "Madame Nature's Beauty Shop" This Afternoon; New Girls Invited.

A regular meeting of the Wo-Ho-Ma Club will be held this afternoon in the Greeley Room. All old members and girls planning to become members are urged to attend. To be eligible for membership, a girl must be taking or have taken home economics.

A play entitled "Madame Nature's Beauty Shop" will be the main feature of the program. The cast of characters are as follows: Madame Nature, Betty Munzinger; Rose Lipstick, Helen Clark; Nellie Worry, Eloise Brase; Weepa Willowly, Alvena Greber; Thelma Goodlooks, Geraldine Duby; Beau Brummel, Roselma Disler; Trilly Overstuffed, Mary Brannen. Following the play, games will be played.

A short business meeting will precede the program.

Band To Give Benefit Concert To Help Needy

P-T. A. To Sponsor Musical; Proceeds To Buy Food, Clothing for Indigent.

South Side's band will present a benefit concert this evening in the gymnasium at 7:45 o'clock. The proceeds of the program, which will be sponsored by the South Side Parent-Teacher Association, will go to the association's fund for needy students' food, clothing, books, and supplies.

At the first concert of its kind, which was presented last winter, approximately eighty dollars was made. Most of this money was used to purchase cafeteria lunches and books, Mr. Snider stated. Mrs. David S. Vesey is president of the organization.

The band will present several novelty numbers and some will include solos. Cornet and trombone solos will be given by Norwood Dalman and Richard Snook, respectively, Norwood Dalman, Richard Hickman, and Maurice Zurburg will present a trio arrangement of the composition "Attilla," by Richards. Billy Wainwright, small son of the director, will direct the band in its closing number, "Stars and Stripes Forever."

The complete program is as follows: Phi Kappa Emblem.....Skaggs March Reception.....Schlegel Overture

Glen Island.....Short Cornet Solo, Norwood Dalman Song Without Words.....Mendelssohn King Cotton.....Snider Attilla.....Richards Norwood Dalman, cornet; Richard Hickman, trombone; Maurice Zurburg, baritone.

Gold and Silver.....Le Har Friendship.....Harris Trombone Solo, Richard Snook Barber of Seville.....Rossini Stars and Stripes Forever.....Souza Directed by Billy Wainwright

French Club Hears Illustrated Lecture

"Roman Landmarks in France" Is Theme of Meeting; Points, Pins To Be Given to Members.

Catherine Hirschman gave an interesting talk on the "Roman Landmarks in France" at the French Club meeting Thursday, January 31. She described and showed pictures of the Roman baths in Paris, the Roman theatre in Orange, and the Roman walls and amphitheatre of Arle. After her talk, the club as a whole sang a new French song, led by Miss Olive Perkins.

Afterwards everyone played an entertaining French game led by Margaret Sowers.

During the business meeting, the new president, Frank Montgomery, appointed a committee to design a French Club pin and a committee to decide on the number of points needed to win a pin. On the pin committee he appointed Alice Hulse, chairman; Eleanor Cupp, and Dick Reineke. On the point committee he appointed Betty English, chairman; Paul Randall, and Catherine Hirschman.

New members were introduced to the club and the secretary, Phyllis Graham, read to them the portion of the constitution that dealt with the requirements for membership. To become a member, the prospect member must have taken one year of French, having attained a grade of no less than B at the final grade period; and have attended three consecutive meetings of the club.

1500 Pot-Luck Scheduled To Take Place Tonight

1500 Club will hold its bi-annual potluck this evening at 6 o'clock in the Times Room. Ursula Morton, president, will preside at the business meeting.

Ann Abbett is in charge of the entertainment. Vivian Crates Logan, of the News-Sentinel, will speak. Anna Marie Baumgartner will play the ukulele and sing several blues songs. Johnny Eschoff will play the mandolin and sing several Russian songs, accompanied by Gordon Straley. Eleanor Cupp will give a recitation.

Thirty-three members have signed up. Those who do not bring food will bring 25 cents. Five members of the Northern staff will attend.

The committees in charge are entertainment, Ann Abbett; eats, Bryce Minier, Margie Killen, and John Bex; preparations, Louis Bonsh, Ursula Morton, Lois Magley, John Bremer, and Alma Nitzsche.

Local Quill and Scroll Winners Announced

The winners of the local Quill and Scroll writing contest, which was held last week, are Dick Helm, John Bex, and Jim Sweet. Dick Helm won first place in the sports writing because of his excellent sports story. John Bex won first place in the advertising part of the contest. The third part of the contest, on headlines, was won by Jim Sweet.

These entries were sent to the National Quill and Scroll office at Northwestern University.

Junior-Math Will Hold Valentine Party Today

Junior-Math Club will have a Valentine party on Tuesday, February 12, in the Greeley Room. At this meeting the president will announce the schedule for the future meetings. Some of the members are giving talks in the home rooms of 9B, 9A, and 10B about the club. The committee in charge of this meeting is: Nora Mae Bradberry, chairman; Helen Cox, Edward Wallace, and Clarence Helmsing.

Directs Dance Plans

Miss Dorothy Benner

Miss Dorothy Benner, faculty adviser for Wranglers, is directing plans for the "Wrangling Sweethearts' Dance" to be staged by the club Saturday night after the game.

Social Science Runs Program Next Tuesday

School To Observe Lincoln's Birth at Assembly; Club Directs Gym Celebration.

Social Science Club, under the direction of Mr. Wilburn Wilson, will have complete charge of the Lincoln Day program to commemorate the one hundred sixth birthday of Abraham Lincoln on Tuesday. It will be held Tuesday morning in the gymnasium. Ursula Morton, a prominent senior, is in charge of the arrangements and program for the assembly. Robert Adams will review the life of Abraham Lincoln. Ann Abbett and Flo Rose Wimer will give poems pertaining to the life of Lincoln.

Music for the assembly will be furnished by the orchestra under the direction of Mr. Jack Wainwright. An appropriate stage and setting will be erected at the south end of the gym on which outstanding scenes in Lincoln's career will be portrayed by members of the club.

Other members on the program are Bryce Minier, president of the club, Manuel Rothberg, Helen Sinish, Ned Hackney, Ernst Trapp, Louis Bonsh, John Bex, John Bremer, Robert Blomker, Aletha Hatfield, Clayton Kilpatrick, Maynard Murphy, Clayton Zediss, Robert Schweitzer, Alfred Diehm, John Grandy, Wayne Bender, and Charles Baumgartner.

Officers Installed At Philo Meeting

Club Enjoys Showing of "David Copperfield;" Plans Are Made For Banquet and Initiation.

The Philaethian Literary Society held installation of its new officers last Monday in the Greeley Room. The officers installed are: Vice-president, Margaret Murphy; secretary, Verna Holtman; treasurer, Alice Mae Seibold; program chairman, Ruth Adler; decorations chairman, Edythe Thornton; and publicity chairman, Ruth Jones.

Three officers serve for one year; they are president, Alice Hulse; sergeant-at-arms, Mary Martha Hobrock; and pianist, Betty English.

During the business meeting, the president named the initiation committee composed of Ruth Adler, Betty Dickmeyer, Mary Martha Hobrock, Margaret Murphy, and Helen Anderson. Also the banquet chairmen were appointed; program, Ruth Adler; decorations, Edythe Thornton; and place, Alma Nitzsche.

Since the Inter-Club Congress will function again this semester, the officers will meet with Miss Demaree next Monday evening to elect an Inter-Club Congress representative for Philo.

It was announced that the dues of twenty-five cents must be paid by the third meeting, or else they will be doubled.

After the meeting, many of the girls went to see "David Copperfield."

The initiation of new members will be held February 18. All girls desiring membership must be a 10th grader, and have a grade no less than C in English, and passing in all subjects. Girls are urged to give Miss Demaree their applications as soon as possible.

Mr. Wilbur Shott Talks To Philatelic Society

Mr. Wilbur Shott's talk on United States Stamps was the feature of the Philatelic Society meeting held Wednesday afternoon in the Voorhees Room. He exhibited part of his collection to illustrate his talk. Mr. Shott is vice-president of the Anthony Wayne Stamp Club.

Installation of officers for this semester was held. The officers are: President, Robert Blomker; vice-president, Jane Louise Brinkman; secretary, Clayton Kilpatrick; treasurer, Jane Loomis; and sergeant-at-arms, John Thackeray.

Plans for the new semester were held. The theme for this year will be Oddities in the Realm of Philately. The fourth issue of the Stamp Club News was distributed. The Land of the Midnight Sun will be the theme of the next meeting.

Dates grow only on female date palms, and in the groves of Arabia there are often as many as a thousand female trees to one male species. These are artificially fertilized by the natives, who climb to their tops and shake pollen over their blossoms.

Times Agents Round Up 627 Subscriptions

Nearly Two-Thirds of Goal Reached; Lois Magley Takes Lead With 70%.

"A grand total of 627 Times subscriptions has been received to date, toward the goal of one thousand," Lois Magley, circulation manager of The Times, stated Tuesday evening.

"Present indications point toward our making our full quota within the next few weeks, although the results are not as good as we expected. I would like to point out to all room agents that each one who turns in fifteen subscriptions will receive the paper free this semester."

Lois Magley leads the home room agents in subscriptions with seventy percent. Arleth Carvin is second with sixty-four percent, Bernadette Dygert is third with fifty-seven percent, and Ruth Henline and Ruth Jones are tied for fourth place with fifty percent each to their credit.

The Times' winner of many high awards for journalistic excellence, is published weekly by the students of South Side High School for the purpose of keeping students informed on all important school affairs, and to furnish reading material of interest to all. Toward this end, such diverse features as sports "dirt," hobbies, humor, styles, literary composition, topical verse, and especially many interesting features on school life, and also outside affairs, such as traveling shows, visiting celebrities, and many other famed and diverse outside things are written up.

Committee Heads Named By Groups

Meeting Chairmen Also Listed By Sunshine Club; Totem Picture To Be Taken Feb. 19.

The people appointed as heads of the committees in the Sunshine Club are: Tom Shuler for the convention, Thelma Ervin for the extra activities, Hazel Noll for membership, Georgianna Jacobs and Waneta Stahlhut for art, Geraldine Valetton for scrapbook, Betty Schultz for room clean-up, Helen McCormie for publicity, Jean Hildebrandt for Voorhees Room, Dorothy Zaegel, Eileen Mentzer, and Caroline Dermeyer for recording and entertainment.

The girls appointed as the meeting chairmen are Betty Beyran, Thelma Ervin, Valeria Martin, Betty Erick, Iona Shuler, Jean Snyder, Mildred Heidrich, Helen Fleisher, and Betty Jane Snyder.

Reports were given by Betty Beyrau, Caroline Dermeyer, Jean Hildebrandt, Georgianna Jacobs, Edith Pawlish, Dorothy Newell, and Thelma Ervin for chairman of old committee.

Games were played and Thelma Ervin was given a prize for last week's game. Mildred Close and Francine Shepler were awarded prizes for the games played this week. At the next meeting on February 19, the Sunshine picture will be taken for The Totem.

Life of Horatius Will Be Studied

Games, Short Biographies, Play, "The Fountain of Venusia," Will Complete Latin Program.

Different phases of the life of Quintus Horatius Flours, who was an ancient Roman poet, will be revealed in the Latin Club today. Horace gave many famous poems to Roman literature while he lived from 65 B.C. to 8 B.C.

A play illustrating Horace's early life will be given. This play, "The Fountain of Venusia," tells of how Horace happened to write the poem of the same name. Members taking part in the play are Helen Sinish, Don Sinish, Ruth Jones and Bob Blomker.

Helen Grunewald will give a biography of Horace, the poet. Another talk on the Horatian Cruise which will take place in July and August in honor of the millennium of Horace will be given by Rosalyn Gale.

In addition to this there will be Valentine games. Helen Sinish is program chairman for this meeting.

Students Pay Damages

Students of the East High School of Wichita, Kansas, are required to pay for broken dishes and misuse of napkins in the school cafeteria.

Book Review Features Meterite Club Meeting

An interesting book review was given by Mary Jane Waggoner at a Meterite meeting held February 5. The review was the first in a series to be given this term. The books to be reviewed are to have foreign settings. The book reviewed Tuesday was "Homing, Girl of New China."

Many new freshmen were present. Among those who were present are Dorothy Karnay, Phyllis Geller, Charlotte Kern, Margaret Gross, Betty Sheddron, Dorothy Pifer, Lilia Patton, Ellen Addington, Ruth Gerber, Doris Schrom, Eleanor Vesey, and Joan Kennedy.

Refreshments were served. They consisted of ice cream and several varieties of cookies.

Football Casualties Recorded

An average of 38 football players are killed each season in the United States. Only 10 fatalities are recorded each year in Spain as the result of bull fights.

Ned Henslee Serves As Page in Senate; Hears Will Rogers

"Oh, page!" Whether pages in the addressed in this manner or not is not known; but, if you want to know, South Side has a student, Ned Henslee, who served as one for a week just before this semester. He secured his appointment through State Senator Cleary of Fort Wayne and worked along with six other boys employed there. He evidently liked it, since he says he would like to stay there all the time either as a legislator or page, since it is very interesting to hear the way they carried on business.

Among the incidents which occurred during his stay was a talk by Will Rogers before a joint session. Mr. Rogers was introduced by Governor McNutt and gave an extemporaneous talk, making fun of the legislators. Besides seeing the governor, and Mr. Rogers, and the Lieutenant-Governor, he met the Attorney-General. He said that nothing very important came up while he was there, except a bill to regulate the sale of machine guns and parts, which was laid aside for a third reading.

The pages' duties are to carry bills from the legislators to the chair and to run errands. There are no special requirements for the job that he could think of. He has learned more about parliamentary proceedings than he ever knew, he said, so he will be well prepared for it when he takes civics.

Being close at hand, he had an opportunity to see many things connected with the state house, among them the lobbyists, who mingled with the legislators during intermissions. The only humorous incidents he could recall was the way several rather deaf senators got confused.

He liked Indianapolis very well and thinks it is very different from Fort Wayne. It is larger, better paved, and more beautiful. During his stay in the city, he went to the top of the Soldiers and Sailors' Monument; he also visited the court house. He returned a few days after school started last month.

Committee Heads Named By Groups

Meeting Chairmen Also Listed By Sunshine Club; Totem Picture To Be Taken Feb. 19.

The people appointed as heads of the committees in the Sunshine Club are: Tom Shuler for the convention, Thelma Ervin for the extra activities, Hazel Noll for membership, Georgianna Jacobs and Waneta Stahlhut for art, Geraldine Valetton for scrapbook, Betty Schultz for room clean-up, Helen McCormie for publicity, Jean Hildebrandt for Voorhees Room, Dorothy Zaegel, Eileen Mentzer, and Caroline Dermeyer for recording and entertainment.

Club Will Give Occupation Aid To Older Girls

Altrusa Club Organization Of Professional Women To Aid Senior Girls' Work

Members of the Altrusa Club who are engaged in different professions have volunteered to act as informants for senior girls interested in various professions. By calling these different women, the girls can secure information pertaining to nearly any profession they would like to enter.

The Altrusa Club's purpose is to bring forth the professional women in closer contact. It is also extensively engaged in charity work. A nursery at the Lutheran Hospital and scholarships to the International Business College and the Art School are only a few of the things which the club sponsors.

A list of professional women, their addresses, and telephone numbers follows:

General Farming—Helen Bruggeman, 1202 West Washington, A-25543. Abstracting—Lillian Borgman, 1910 Delaware, A-10122.

Furs—Jean Oviatt, 2701 Broadway, H-2166.

Commercial Art—Florence Merritt, 225 West Woodland, H-14613.

Telephone Service—Louise Pohlmeier, 1215 Fulton, A-28353.

Construction Service—Lillian Marsh, 3824 South Calhoun, H-79553.

Buyer—Celia White, 3021 West Berry, H-48071.

In a descent Lamp—Pauline Brandyberry, 1021 Savilla, H-2218. Electric Fittings—Angela Baites, 920 Madison, A-86051.

Morris Plan Bank—Grace Binder, 243 East Woodland, H-45025.

Dancing—Violet Prentiss, 919 Parkview, A-38733.

Senior High School—Mary Catherine Smetley, 338 East Washington, A-88993.

Real Estate—Nellie Carter, 2406 South Harrison, H-38113.

Shoes—Marie App, 916 South Calhoun, A-1223.

Groceries—Jessie Malone, 1724 West Main, A-2221.

Flowers—Goldie Doswell, 2330 West Main, A-1184.

Hotels—Hattie Ault, 619 West Wayne, A-47893.

Life Insurance—Lavonne Ninde, 2301 Fairfield, H-36683.

Cleaning and Dyeing—Frieda Heseberger, 720 East Wayne, A-30161.

Per Animal Raising—Alice McCulloch, 2427 Fairfield, H-47563.

Piano—Emel Verweire, 1227 Kinsmoor, H-16613.

Voice—Florence Starr, Bluffton.

Nursing—Margaret Church, 1016 Garden, A-17703.

Printing and Allied Service—Rose Ueber, 2301 Kensington, E-1264.

Business College—Mabel Bechtel, 1412 West Washington, A-10873.

Elementary Public Schools—Mabel Holland, 2116 South Clinton, H-20464.

Junior High School—Florence Heit, 4425 Pembroke, H-56414.

J. W. Wainwright Receives Comment In 'Popular Science'

Mr. Jack Wainwright's name appeared in the March issue of *Popular Science* in an article which dealt with school bands. A number of years ago Mr. Wainwright taught a boy by the name of Charles Manger in a Postoria high school. He taught Charles how to hold his lips lightly against the mouthpiece of his cornet and to breathe from the diaphragm like a singer. He taught him to depend upon his tongue for attacking a tune.

Four years later Charles played a cornet solo before a crowd of 20,000 people at the Ohio State Fair. The famous band director Sousa heard him and asked him to join his band. This was the only time that Sousa was known to do this. He said that Charles was the best young cornet player he ever heard.

Charles now plays with Frank Simon's band over the radio.

People Really Work In Times Room; Scene of Much Bedlam

By Jim Sweet

If you ever go by a room at the north end of the building, if you are ever tempted to poke your nose in that room, traditionally known as The Times room, Room 18, don't give in to the temptation, unless you are prepared for a shock. People are actually working! People seated on desks, at typewriters, pacing up and down (or even standing) on their heads would not surprise us as they are talking loudly and longly. Here, one sees everyone from the venturesome freshe trying to subscribe (imagine) to the paper to the dignified looking senior who is contemplating a serious pun for the dirt column. Don't let the confusion phase you. Walk right in.

"G. M." Directs Affairs

Who's this person walking up and down, and talking to everyone? Shhh. Listen—"What the dickens is wrong with those copy-readers? They must gaze out the windows half the time. Where's the telephone book? What happened to Smith? She hasn't been here the last two days, and neither have the other copy readers and proof readers." Don't let it get on your nerves, folks. This dynamic personality, this man who is everywhere at once, knows everything, and sees all, is none other than the general manager of The Times, Wayne Bender, going at top speed.

But wait—here's another person—"I think that agents who don't get subscriptions are simply hopeless. Here's room 76 with only two subscriptions. Why aren't the room prevents up? They have to be published this week." This rather short person is the circulation manager, Louis Magley, as you may have guessed, if you are a good deducter. In case you don't know, The Times is trying to get subscriptions, and this is just the middle of the campaign. She really is a good longhand writer, since she has to sign seals of receipts every day.

Advertising Managers Work

"May I speak to the advertising manager, please? Hello, this is the South Side Times speaking. Ah—we've got a new ad for the South Side North Side game, and we would like to know if you would take some space. How would something like this do? 'Gill's Gim-Gams satisfy hungry students—buy them at the game—only gim-gams on sale.' Will that do? Oke, then, thanks very much." This familiar sound, which hits the ears of everyone sooner or later, is heard broadcasting the virtues of The Times to prospective advertisers. We'll bet he knows every advertising manager in town by his first name, and he ought to, because he is one of the advertising managers, John Bex.

"Hey, Bender! We're short on copy! That minstrel show story hasn't come in yet, and Social Science, and 1500 pot-lick haven't turned up. I wish the reporters would check out their stories. I don't know whether half of them have been written a lot of the time. Get someone to write a feature about something and make it good and long." This personality is none other than the one who assigns all news and features, except the sports and editorial pages, Alma Nitzsche. She has a really big job, keeping track of everything which goes on in school and keeping after trust reporters.

Hard Workers Read Copy

"Contest to Mark—Home Rooms to Study—Observe—Will Celebrate." This, this apparent babble, is what one hears every time one comes near the copy-readers' desk. Shhh—let's sneak up on them and listen. "This is heavenly bliss, I love to do it. 1½, 2½, 3, 4½, 5½, etc." far into the night. Yes, we said night, for they do work into the early evening, after supper often, writing headlines and checking copy. They are known as the copy-readers, and their lot is hard and arduous. We still contend that to be a good poet or crossword puzzle writer, one must first be a headline writer. One of the outstanding characteristics of the work is a great deal of patience, for sometimes stories show an obstinate opposition to all copy-writers, in fact, one boy we know spent half an hour the other day on one of them. Of copy-readers there are many, but the copy-editors, who supervise the work, are

Bob Storm, Jo Anne Smith, and Edythe Thornton.

And so, we must close our little show for the time being, because along about now is when people are told to scam home, or else! But if you are the least bit interested, come around sometime, or something and act as if you are busily engaged in nothing at all, and no one will know the difference.

Inquiring Youth

In the January issue of "The American Magazine", Dr. Robert A. Millikan, distinguished scientist and Nobel Prize winner, stops a moment from his studies of the cosmic ray to reflect on the progress made in the past year. The big point that Dr. Millikan makes is that statistics of business or scientific progress amount to little if they are not balanced by a corresponding increased regard for human values. He says that our improved communication is of little value unless the things that were communicated resulted in sounder thinking, more generous and humane impulses. Production on farms and in factories is not the important thing, but do we grow in mental, moral, and physical stature?

Might not the same idea hold true for our educational system? Perhaps we sometimes regard the statistics of individual educational progress, i.e., grades, more important than the higher things we should get out of our work. Perhaps grades have their place in our educational system, but should they be given the place they hold today? Should the thing they usually represent be our end, or a means to our end?

Education is usually thought of in terms of accumulation of knowledge, but is that the main objective? Of course, knowledge is important, but what part should it play? Dr. Millikan stressed the point that our improved industrial processes are only as valuable as the true good they contribute to mankind. That is, telephones are so important that the messages sent over the wires. If the messages contributed to man's welfare, the instruments are worth-while. In the same way the knowledge we accumulate is only as beneficial as the use we make of it. Have our mental faculties been awakened? Are we able to think more clearly? Are we perhaps less sure that we "know it all"? Have we learned to be better citizens, are we learning to know when we do not know something and then find it out?

These are the important questions we must answer. If we do, the accumulation of knowledge appears to be of no more value than the way we apply it, the statistics of our progress denote nothing more than the use we make of our knowledge. If we answer these questions, the working for grades, the getting of so many points for an A—or an A seems absurd and childish.

Students Draw Portraits

The art students at the Boys' Technical High School, Milwaukee, Wisconsin, are learning the use of grease pencils. In Mr. Summ's drawing class the students recently finished a portrait study in grease pencil.

Winfield Hears Noted Sculptor

As a part of the celebration of the three hundredth anniversary of secondary education, an art exhibit and address by Lorado Taft, noted American sculptor, will be featured at Winfield High School, Winfield, Kansas.

Band Room Changes

Made To Aid Acoustics

Several changes have been made in the band room lately, chiefly to make it more suitable for broadcasting purposes. Gymnastic pads and canvases have been laid on the floor, and curtains have been hung at the windows to aid acoustics. Three make-shift tiers, which occupy most of the floor space in the room, have been arranged, on which the band plays.

These are only temporary, however, and great plans are in the making for improving the room further. There will be permanent tiers, a wood floor, and other minor changes. This probably will not be completed until next term.

Teams Get Most Ads

Ann Abbott and Pat Berry made the record for ad soliciting during January. These girls turned in forty-nine inches. Dorothea Nance turned in twenty-three inches even though she was not able to work the first two weeks. Ann Winters made a solicitor on January 25, and turned in fifteen inches. Dorothy Hagerman got two inches. Two of the solicitors, Bon Silene Craig and Eleanor Warren did not turn in any ads.

PROP WASH

At the rate airplane designers are developing planes, it will take a very big engine to drag a plane through the air at speeds our famous fliers are predicting. Not long ago the Italians raised the speed record from 423 to 440 miles per hour, but they had to use an engine with a thousand more horsepower. Land plane designers have raised the land record but 20 miles per hour in the last 10 years, but the engines have been increased by more than 300 horsepower. It seems that unless our designers have been keeping things down, the talk of airplanes flying 600 miles per hour will remain as talk.

Not long ago in a demonstration before the leading entomologists of the country, the autogiro showed how insects are destroyed in the modern manner. The autogiro demonstrated its ability for mosquito control work by being able to settle slowly and spray a film of oil on stagnant pools, the home of the mosquitoes.

Flying service from California to China appears to be a reality. Due to the phenomenal success of the clipper ships, Pan-American Airways plan to start service to the Orient soon.

The life of Mal Freeburg is one of heroic accomplishments. Once while he was flying his regular night mail run, he noticed a railroad bridge burning far below. He realized that he was the only person who could save the on-rushing night mail train and without a moment's hesitation he went down the chute making dives at the train which finally stopped 400 feet from the burned bridge. Another time he flew out over the Mississippi and dropped an engine that had shaken loose and landed on one wheel because his landing gear was broken. Not long ago he made a landing of a high speed transport while the wheels were jammed. By skillful flying he saved the lives of himself and six passengers and the plane was damaged so little that it was back in service in two days. Sounds like a story book tale, but it is true, as Mal's medals that a grateful government has bestowed upon him prove. No wonder airline casualties are low.

If the article from which this is condensed is right, the Wrights were not the inventors of the flying machine. As far back as 1901 Gustave Whitehead is reported to have made a flight of a mile and a half. As far as Whitehead was concerned, he was a failure because he thought a plane should rise vertically.

Did you know that the regular clipper ships operated by Pan-American Airways are heavier than Christopher Columbus' flagship? They are now getting bigger planes. It may seem as if the day of the flying box car is at hand, but these giants really go places in a hurry.

Did you know that designer Benny Howard's newest rival at speed classics is none other than Maxine Howard, his wife? Oh, well, he should worry! At least the laurels will remain in the Howard family.

There are some places where airplanes can go farther below sea level than submarines. One of these is the sea of Galilee, of Bible fame, because it is 680 below sea level and no submarine has dived past the 375 foot mark officially.

Whenever the message, "Var so god! Roda Korsets flyghplan vid Borden," is heard, an airplane is warmed up and regardless of weather some Swedish flier is off on an errand of mercy. That Swedish sentence means "Please get me the air ambulance at Borden." Since 1924 over 600 flights have been made and there have been no serious accidents. These men are truly the unsung heroes of aviation.

Julia Bowen Beauty Shop

High School Special Croquinole Permanent Waves, \$3.00 Complete Shampoo and Finger Wave, 50c 2118 South Calhoun St. H-3310

Did you know that Russia has over 16,000,000 men trained for her air service in case of war, and that United States could depend on only 444,661 trained men while both France and Italy have 6,000,000 men ready! Since these figures are of December, 1933, and we have done little to remedy the situation, it shows that the U. S. is far from being at even defensive strength.

Did you know that while Germany has only a skeleton of an air force, that it could turn out hundreds of fighting ships every week by merely redesigning their commercial planes? Also there are over 200 transport planes standing idle somewhere in Germany. This is not so bad, the way it stands, but these 200 odd planes could be made into death dealing bombers after only eleven hours' work.

The coast guardsmen, those faithful watchers of our shores, have decided that the airplane is the best instrument to combat smugglers; therefore, their present air force is to be doubled. It might be added that these planes can be landed in most any weather and have often been used to save lives.

Airline pilots are allowed to fly only 1,000 hours a year. The pilot can fly 100 hours a month but not for more than four months in succession. He must be examined by a federal doctor. All these precautions are taken to insure the passengers' safety.

Page Mr. Whelan! Two coast planes passed directly over each other recently, and would you believe it, they were both being helped by tail winds? One ship was flying south at 3,500 feet, and had a tail wind of 40 miles an hour helping it along, while the other, flying at 8,000 feet, was being pushed by a 40 mile an hour breeze from the north. At first the pilots thought they were wrong, but the weather man verified their statements.

As we have been asked to define an aviation term each week, we believe it is fitting that we define the title of this column, Prop Wash is well illustrated and has been noticed by most everyone that has ever been to an airport. One sees the steam of air from the propeller kicking dirt up, and that rush of air is the Prop Wash. We thank you.

Henry Ford, automobile king, recently announced that he would re-enter the aviation field with a plane designed by William B. Stout, the man who designed the famous Ford trimotor. This new plane will be built in quantity and is to sell for \$1,000. Ford has a new V-type engine that will sell for \$250. If the 10,000 persons that said they would buy a plane if the price is low enough all buy Ford planes, the flying flivver will be a reality.

Would you believe it? During the war, objects that resemble grooved iron pencils were dropped from planes. One of these Flichette's, as they were called, pierced an officer's helmet through his horse's body, and buried itself in the ground. The Germans made the most use of this weapon, but it was invented by the French, so each Flichette had inscribed on it the following statement: Made in Germany but devised by the French.

Bob Feichter Is Foul Throwing Contest Champ

Straley and Baumgartner Runners-up; DuWaldt Is Lightweight Toss Winner.

Scoring a total of 59 fouls throws out of 80 attempts, Bob Feichter won the heavyweight foul throwing tournament. The winner last year, Bill Russell, did not make the finals this year. Gordon Straley finished second with a total of 56 out of 80. Charles Baumgartner, last year's runner-up, finished third this year with a total of 54 counters.

DuWaldt won the lightweight championship with 59 shots out of 80 attempts. Durbin and Trulock both scored 48 throws, but Durbin won the throw-off for second place.

Free Basketball Books Give Much Information

Have you read your basketball handbook yet? To those of you who received one and then proceeded to throw it aside, and also to those who didn't receive one, it may be of interest to know just what you have missed. It contains the schedules for the Indiana High School basketball games, Indiana college basketball and the Big Ten basketball.

It also has the index to the high schools and their colors. One of the many interesting features is the one on the Birthday of Basketball. There are also many features on basketball at the different colleges.

Is also contains many pictures of the different basketball teams. These handbooks also advertise many articles which are connected with basketball. The books were furnished by the Coaches' Directory Association.

Redskin Sharpshooter

Voil LaTOURETTE

—Courtesy News-Sentinel

One of the city's leading scorers who will play against the Archers Saturday night is Voil LaTourette, Redskin sniper. Having amassed a total of 106 points already this season, Voil is second in city scoring only to Dick Warfield, Central forward who has scored 115 points.

Pace Makers

Charlie Hornbostel, famous Olympic half-miler of Indiana University, while traveling around the globe with the National A. A. U. track team last summer came to clashes with an Italian railroad detective. Charlie rested his famous feet on the seat opposite on an express train in Italy. "That will cost you a fine of just eight lire," he was told by the officer. Poor Charlie began to count his score, but when told the fine was only forty cents wasted little time arguing with the detective about the fine.

It seems that Indiana University athletes have a way with the law. Don Veller, famous half-back star of the East-West football game at San Francisco last New Year's Day, knows just how a Mexican jail looks on the inside. Don returned from San Francisco by way of Mexico. It seems that Mr. Veller did a little too much shooting to suit the Mexican government and landed in the hoosegow. No, Don wasn't trying to show how John Dillinger did it, but did it with his little Brownie by snapping rural life. Oh, the picture? It was of a rural native leading his pig to market. Don was mighty glad to give the film to the Mexican government for a breath of fresh air.

Students Hold Debate
The students of the Eastern High School, Washington, D. C., held a debate on "Resolved, That Young Men and Old Men Should Use Stay-Comb."

Students Learn Poetry
More than 36,000 lines of poetry were absorbed, recounted, and promptly forgotten in one semester by the English students of the Leavenworth, Kansas, High School.

Archer Riflers Defeat Arcola In First Match

South Siders Best Opponents By Score of 482 to 458; Local Meets Arranged.

Opening their 1935 rifle schedule, South Side's rifle team defeated the riflers from Arcola High School by a score of 482 to 458 on the local range.

For their first match of the season, the Archers showed very good accuracy, their lowest match score being a 95. Although eight South Siders and seven riflers from Arcola shot in the meet, only the first five highest scorers were counted as the team scores.

James Coffee chalked up the highest score for the locals as well as for the match, shooting a 98; and Bill Hebermehl was second highest with a 97. Robert Schrieffer and Joe Bailey shot a 96 to tie for third place, and Risher Hall annexed the remaining place on the local five with a 95.

Glen Snyder hung up the highest score for Arcola, having a 95. Helen Felger and Dorothea Gerding, two Arcola riflemen, won second and third places on the Arcola five with a 93 and a 92.

South Side's rifle team will meet North Side's team soon in the Archers' first city meet, and the local squad is also arranging for matches with Central, Elmhurst, and a return match with Arcola.

Scores of the highest five shooters are as follows:

South Side		Arcola	
Coffee	98	G. Snyder	96
Hebermehl	97	Felger	93
Schrieffer	96	Gerding	92
Bailey	96	Bahr	90
Hall	95	P. Snyder	88
Total	482	Total	458

Kelly Klad's Check Bulldog Rally To Win Thriller 28-23

Running up against a fighting New Haven five Friday night, South Side's powerful Archers were forced to exert every bit of their power in order to chalk up their eleventh win of the season.

28 to 23. A New Haven rally in the fourth period was stopped short by the Archers after the Bulldog had scored seven points and had drawn up to within two points of the Green netters' lead.

Douglas Hartman, diminutive New Haven forward, led the Bulldog's fourth-period rally, caging three fielders in that period. He was also the high scorer of the evening, chalking up twelve points. Jim Ellenwood and Joe Close were the mainstays of the Archer five, Jim scoring eight points and Joe six.

In the initial quarter of the game New Haven got off to a good start, dropping in three fielders and two free throws, while holding the Archers to three fielders to lead at the end of the period 8 to 6. However, the Archers began to click in the second period, dropping in four fielders while holding their opponents scoreless to lead 15 to 8 at the half-way mark. Ellenwood and Close each scored two of the local's four baskets.

During the third period both fives played tight ball, but the New Haven five outscored the local five, six points to four to cut the Archer lead to 20 to 14 at the end of the third quarter. Both the Archers and the Bulldogs began to hit the net in the final quarter, South Side chalking up eight points and New Haven nine.

To start the final period, Armstrong and Hartman scored fielders for the Bulldogs. George then sank a long leave, and Nelson scored on a free throw to bring the score up to 23 to 18 in favor of the Green. Armstrong then scored a free throw and Hartman dropped in a fielder to cut the Archer lead down to two points. Hall then scored for the Green on an

Intramural Stars

Having participated in practically every intramural sport offered at South Side, and having won several intramural championships, William Russell is an athlete of which the intramural department can well be proud. William has earned two intramural letters and was vice-president of the Intramural Lettermen's Club during his junior year.

During his freshman year William was on the championship middleweight basketball team. In his sophomore year he won the foul throwing contest and was again a member of the championship middleweight basketball team. He again won the foul-throwing contest in his junior year and also won first place in the bowling tournament. This year, his senior year, he was chosen All-Intramural quarterback on the All-Intramural football team.

William will graduate from South Side this spring and as yet his plans for the future are uncertain. His hobby is taking part in all kinds of sports, of which his favorite is baseball.

Champions Named In Boxing Bouts

Twelve Contests Are Included On Card Fought Last Friday; Exhibition Meet Also Held.

Marion Baney's win over Monty Briggs featured the twelve-bout boxing card held after school last Friday. Briggs came out fighting at the first gong and soon had Baney in trouble. Baney, however, snapped out of it and slugged toe to toe with Briggs. Monty fouled repeatedly in the first round. Baney really opened up in the second round and was given the nod at the conclusion of the bout. Briggs got in the better punches, but his foul tactics forced Alva W. Meister, the referee, to award the fight to Baney.

Charles "Chuck" Baney, brother to Marion, was beaten for the midweight title by Clyde Durbin, a fast-stepping little fighter who showed lots of leather to Baney. Durbin is a fighting champion and will, no doubt, be a contender for the title next year. Baney won his way to the finals by defeating Botz. Durbin conquered Broderick on his way to the finals.

Tommy Briegel won the featherweight title by defeating Ed Griffin in another close and exciting match. In the championship battle Briegel proved to be the cleverest fighter of the evening.

Griffin easily won over Cyril Velkoff. Griffin beat Thomas Makey to win the right to fight Briegel. Bob Feichter defeated Rinard and Roy to capture the bantamweight title. Both fights were exceedingly close and could have been decided either way.

Louis Squires won the welterweight title by virtue of wins over Hinton and Henslee, the latter in turn winning a very unpopular decision over Mock.

Bruce Raymonds won the heavyweight title by outslugging David Brett. Raymonds pounded David to the canvas several times during the course of the fight.

Bob Crosley (127) fought an exhibition match with Ken Miller (148). No decision was given.

Summary:

100-106	
Durbin defeated Broderick.	
Baney defeated Botz.	
Durbin defeated Baney (finals).	
107-114	
Briegel defeated Velkoff.	
Griffin defeated Makey.	
Briegel defeated Rinard (finals).	
115-125	
Feichter defeated Rinard.	
Feichter defeated Roy (finals).	
125-135	
Squires defeated Hinton.	
Henslee defeated Mock.	
Squires defeated Henslee (finals).	
135-145	
Baney defeated Briggs.	
146-156	
Crosley (127) vs. Miller (148) (no decision).	
156—over	
Raymonds defeated Brett.	

Hold Safety Contest
Pupils of Shawnee High School, Louisville, Kentucky, who wish to enter the contest must turn in original safety skits by the end of the term. The best skit will be sent in to the Inter-High School Safety Council. The prize play will be presented to the high schools of the city.

Huntington Defeats South Side 30-29 In Hard-Fought Contest

South Side failed to overcome a big, early lead and went down to defeat before the Huntington Vikings Saturday evening, 30 to 29. The Vikings had held a 12-point lead at the end of the first period.

This game marked the second occasion in two weeks that the Archers have trailed by a 12 to 0 score at the close of the first period. Berne's Bears had a like lead over the Green but in that game the Archers were able to overcome their opponents for a victory.

South Side was defeated by Huntington last year in the regional and was out to gain revenge; however, their poor work and tough luck in the first quarter presented too great an obstacle to overcome.

The game was remarkably clean. A total of only nine personals were called on both teams, five on the Archers, four on the Vikings. However, the margin of victory was gained at the free stripe as South Side made three out of five personals while Huntington was scoring on all of their six charity tosses.

Bob Symonds was high scorer for the evening with five fielders and a charity toss for eleven markers. Nelson was next with eight points, while George followed with six. The Vikings scoring was evenly divided. Odier led his team with eight markers. Only twelve men saw action in the contest, Huntington using their starting lineup throughout.

In the opening period the Vikings scored five fielders and two free tosses to lead 12 to 0. After this the Archers settled down to their normal pace, outplaying the Vikings to outscore them in every period. However, they had too large a lead and the Green never once overtook their opponents.

In the second quarter the Archers staged a determined spurt, scoring ten markers to the Vikings' three, to pull up to within five points at the half. In the third period the Green connected for twelve points while the Vikings made ten to further cut down the lead to 25 to 22 at the three-quarter point.

The Archers shaved two more points off the lead in the last stanza, but that was just one short of the necessary amount, the Vikings being on top 30 to 29 at the final gong. In the preliminary tilt the Wavelets swamped the Huntington reserves 29 to 14 to break their nineteen-game winning streak. Carl Hall and Jim Ellenwood led the Archer attack with seven points each, while Hines had six markers.

South Side To Play Two N. E. I. C. Games Over Week-end

Archers Meet Redskin Team Saturday Eve

Southern Hardwood Is Scene Of Season's Second Tilt Between City Net Rivals.

Green To Tangle At Hartford City

Airedales Not So Strong This Year; Green Should Chalk Up Victory Friday.

Facing a schedule of two N. E. I. C. contests this week-end, South Side's Archers will tangle with Hartford City's Airedales on Friday night and North Side's Redskins Saturday night.

Friday night's N. E. I. C. game with Coach J. B. Good's Hartford City five will be played on the Airedale's floor and will get under way at eight o'clock with the reserve teams tugging at an hour earlier.

On Saturday night South Side will meet North Side's Redskins in a city series and N. E. I. C. clash on the southern hardwood. This important game is scheduled to start at eight-thirty o'clock with the Wavelets and Papooses meeting an hour earlier. Paul White and John Beck will officiate the two games.

As all eleven men of Hartford City's last year's varsity squad were lost this year by graduation, the Airedales are not very strong this year. The present varsity squad is composed of the last year reserve team; and the players are not as tall, fast, or experienced as the Airedale five that went to the state tourney last spring.

So far this season Coach Good's men have failed to look very impressive, having won only one N. E. I. C. game in seven starts. At the present time the Airedales are tied for last place in the conference standings with Garrett and Columbia City, making South Side's favorite to hand the Goodmen their seventh N. E. I. C. loss and the third defeat at the hands of Fort Wayne fives.

Hartford City's probable starting lineup will see Huggins and Fulton as forwards, E. Reisinger as center, Crites and McGary as guards.

Meeting North Side's Redskins Saturday night for the nineteenth time in the school's history and having won thirteen of the contests already played, South Side's Archers have high hopes of chalking up another Redskin win to their long victory list and to also hang up another N. E. I. C. win when the two teams meet for the second time this season. As South Side and North Side are both out of the running for the city net title, this game will have no bearing on the 1934-35 net crown. However, North Side's South Side basketball teams are always strong rivals, and local net fans may be assured they will see plenty of action when the two teams meet Saturday.

Coach Bob Nulf's men have been playing on an off and on brand of ball lately, having handed Central Catholic's Irish their first loss of the season two weeks ago and then suffering two one-sided defeats at the hands of Marion and Central last week. South Side's netters are also playing off and on, handing the strong Berne Bears their second loss in seventeen starts since they dropped in their barely winning over Paul White's comparatively weak Bulldogs last Friday and losing to Huntington's Vikings by one point Saturday, a team that was defeated by Bluffton by twelve points and by Central by nine points.

North Side's probable starting lineup will consist of the same five men that started against the Archers in their first city series clash several weeks ago. The probable starting lineup will consist of Ben Knuth and Ivan Barclay at forwards, Gerald Johnston at center, and Johnny Nili and Voil La Tourette as guards.

Irish Defeat Decatur Commodores, 35 to 21

Central Catholic's Irish easily downed Decatur Catholic by chalking up a score of 35 to 21 in their annual tilt held Saturday night at the Central gymnasium.

The Commodores took an early lead by connecting on four shots, with the Irish trailing with four points. The Irish began to click and with McArdle and Bobay swishing the net to bring the score up to 7 to 8 in the Commodore's favor before the initial quarter ended.

With little time remaining before the half mark, Les Hoch made two beautiful shots to bring his team into the lead with a 15 to 12 score.

The third period saw both teams playing on even terms, each five scoring two baskets, with the Irish increasing their lead at the charity lane. In the final period the Irish opened up with a scoring streak lasting throughout the period that the Commodores were unable to stop. The ever-powerful Jimmy McArdle led the streak by putting the leather through the hoop six times. To back their scoring, they held Decatur to three foul shots and a one-handed shot by Hess, with an air-tight man-to-man defense.

Improved Archer Netter

Joe Close

One of the most improved players on Coach McClure's 1934-35 net squad is Joe Close, a junior well over the six-foot mark. Coach McClure expects to use Joe as center on his '35-'36 team and is giving him experience at this position this season.

Leading Scorers Retain Positions

Dick Warfield of Central Tops Basketball Snipers; Robert Nelson Retains Sixth Place.

Several changes were made last week-end in the positions of the ten leading net scorers, although the leader remained unchanged.

Dick Warfield, Central forward, remained at the head of the race, scoring eight points in the North Side game to bring his total points for the season up to 115, having scored fifty field goals and fifteen free throws.

Voil La Tourette, North Side guard, displaced Lyle Neat, Central guard, from second place, having scored nine points in the Central game and seven against Marion to bring his total for the season up to 106 points. Neat dropped back to third place with a total of 98 markers.

Dick McArdle, Central Catholic Center, moved up to fourth place, sending Steve Sitko, Central guard, down to fifth place. Bob Nelson, South Side center, remained in sixth position with a total of 87 points.

Darrell Schott of Central Catholic with 74 points moved into seventh position, sending Barker of Central down to eighth place with 69 points.

Jim Agenbroad and Les Hoch, both of Central Catholic, are tied for ninth place in the scoring race with 61 points apiece.

Jim Hilgeman, Archer forward, who held ninth place last week, was dropped from the big ten, scoring only two points over the week-end.

Dick Warfield has scored the most field goals so far this season, having dropped in an even fifty. Voil La Tourette has dropped in forty-five.

Bob Nelson and Lyle Neat are tied for the lead in free throwing, both having made good on twenty-two of their charity tosses.

The ten leading individual city net scorers and the scoring of South Side players is as follows:

	G.	FG.	F.	TP.
Warfield, C	15	50	15	115
LaTourette, NS	13	45	16	106
Neat, C	13	38	22	98
McArdle, CC	14	38	18	94
Sitko, C	16	38	16	92
Nelson, SS	14	33	22	88
Schott, CC	14	32	10	74
Barker, C	15	27	15	69
Agenbroad, CC	14	21	19	61
Hoch, CC	14	25	11	61
Hilgeman, SS	14	21	14	56
Symonds, SS	11	20	11	51
Jackson, SS	13	22	4	48
George, SS	14	19	9	47
Lohse, SS	12	14	16	44
Hall, SS	12	12	2	26
Ellenwood, SS	10	10	3	23
Close, SS	10	5	5	15

Chips Off The Hardwood

Coach Franklin Cappon of the University of Michigan netters cracked down the whip on his charges recently when five of his regulars broke training rules. He promptly suspended them and refused to restate them for a week. The only regular to miss this punishment was Patanelli, who is remembered for his wonderful play in the state tournament a few seasons back.

The bill for the outlawing of marathon contests which is now under consideration in the state legislature received quite a setback when it was pointed out that passage of the bill might end the present basketball tournament since a player would not receive the required amount of rest which the bill required in a twelve-hour period. The author of the bill stated, however, that in his opinion the bill would not apply to tournament play.

That the hardwood game is progressing rapidly in the southern part of the United States was the subject of one of Everett Dean's recent articles. He pointed out that the southern teams use a man-to-man defense and a fast passing and fast cutting offense. He pointed out the fact that Kentucky, winner of the Southeastern Conference last season, held New York University to a 23-22 victory a few weeks. If the Kentuckians can turn out a team of that caliber, it should be ample proof that those southerners know their basketball. Ralph Miller also reports that the southern professional teams are showing much improvement.

Coach Curtis and his Decatur Yellowjackets seem to have hit their form once more and any team coming up against them can look for plenty of trouble. Watch those Curtismen about sectional time.

The New Haven Bulldogs really gave the Archers a scare in their tilt Friday night. If the Whitemen improve very much from now on until tournament time they will be a menace to some of the favorite fives here.

The new reserve lineup seems to be working together very well. Close controls the tip with ease and the tire quintet passes the leather around with plenty of zip. These players will probably all be on the varsity squad next season.

Intramural Gossip

DID YOU KNOW THAT?

In the foul throwing tournament conducted by Louis Briner, seventy-six boys took part. This is an increase of twenty-seven from last year when forty-nine took part.

DuWaldt, the lightweight champion, had the longest string of successful foul tosses. In the second round, he sank twelve successive shots.

Broderick, also in the lightweight division, missed the greatest number of successive shots. In the first round he missed twelve in a row.

The first intramural basketball game ended in a shutout. Stalters team won from Bobby Bopp's team by the score of 28 to 0.

The Intramural Lettermen's Club heavyweight basketball team opened their schedule by a 15-7 victory over the gym class all-stars.

"Wrestling will start immediately," stated Mr. Briner.

University Presents Symphony

The Minneapolis Symphony Orchestra, under the direction of Eugene Ormandy, conductor, presented a concert of noted musical members, at the Midway Theatre. The symphony is now an important part of the University of Minnesota.

Hardwood Heroes

Paul Lohse, a tall, rangy, tricky, fast-moving forward of the varsity five, has proved to be of sterling merit to the team. In the Bluffton-South Side varsity tilt, when the Bluffton 'agers were far out in front of South Side, it was Paul who started the second-half rally to finish out on top at the sound of the final gun. Paul is a fine passer and all-round man, and it is almost impossible to block him. His fine work in the sectional last year brought to him the honor of being placed on the All-Sectional team as a forward. Lohse has played on the reserves one year as a forward and two years on the varsity squad in the same position.

Paul came from North Side, where he played as a forward with the Papooses for a year, before coming to South Side. He also played on the Franklin grade school team for two years as a forward. Lohse has been active on intramural and independent softball teams in the past. He plans to attend Northwestern University in the near future and hopes to be active in basketball.

South Side Archers Keep N.E.I.C. Lead

Central Retains Second Position; Bluffton Defeats Decatur To Move Up To Third Place.

South Side's Archers retained their lead in the Northeastern Indiana Conference net race over the week-end as they remained idle in respect to conference games.

Central's Tigers remained in second place by handing the North Side Redskins a 32 to 16 beating. North Side's second conference loss of the season lowered them from fourth to fifth place in the standings.

Defeating Decatur's Yellowjackets 34 to 31 in a close game, Bluffton's Tigers moved up from fifth to third place, lowering Decatur from third to fourth place.

Scoring a field goal in the last fifteen seconds of the game, the Kendallville Comets eked out a hard-fought 14 to 12 win over Garrett's Railroaders. Kendallville remained in sixth place, while Garrett's loss sent them from a tie for seventh place to a tie for last place in the standings.

The remaining games on the conference schedule are as follows:

February 8—Hartford City at Decatur.

February 8—South Side at Hartford City; Auburn at North Side.

February 9—North Side at South Side.

February 15—Kendallville at Bluffton; Decatur at Garrett; South Side at Central; Columbia City at North Side.

February 16—North Side at Kendallville.

February 22—Bluffton at North Side; South Side at Garrett; Kendallville at Decatur; Columbia City at Auburn.

The Northeastern Indiana Conference standings are as follows:

	G.	F.	T.
South Side	5	0	1,000
Central	7	1	875
Bluffton	5	2	714
Decatur	4	2	687
North Side	3	2	600
Kendallville	4	3	571
Auburn	2	5	286
Hartford City	1	6	143
Columbia City	1	6	143
Garrett	1	6	143

Wavelets Best New Haven Seconds Easily by 17-5 Score

Holding their opponents scoreless until midway in the third quarter, the South Side Archer reserves gave the small and inexperienced New Haven reserves a 17 to 5 beating last Friday night on the southern court. The Archers piled up a 15 to 0 lead before Bauserman finally converted on a foul toss. Coach Bill Geyer used four full teams in the contest, starting new lineups at the start of the third and fourth periods and also late in the fourth quarter.

Roselma Disler Is High Point Scorer

Leona Menze Follows in Girls' Basketball Tilts Last Week; Senior 2 Trounces Junior 4.

By making a total of twenty points during one of the games played last Friday, Roselma Disler won the distinction of being the high point forward for last week. Following close behind her came Leona Menze, who scored a total of eighteen points.

The Junior 2 team was defeated by Florence McKeon's Senior 3 team, which nosed out a 12-11 victory. Vera Fremion's Senior 2 team trounced the Junior 4 team by a 32 to 0 margin. The exceptionally good defense of the senior guards aided the seniors in their one-sided victory. Roselma Disler sank ten baskets, twenty points, for the senior team, while Vera Fremion followed with four to her credit, making eight points.

The Junior 3 team coupled their opponents' total by scoring fourteen points to the Junior 1 team's seven.

Again a senior team copped a victory over a junior team. This time it was Alice Mae Seibold's team 1, which won over the Junior 5 team to the tune of 19 to 10. Ursula Morton held a total of ten points to her credit in this game.

Although the Sophomore 2 team had a one-point lead, 9 to 8, at the half over the Sophomore 3 team, Barbara Scheele led team 2 to a close but sure victory by making three field goals and one foul shot in the last half; thus, the tilt ended in a 15 to 13 score in favor of Sophomore 3 team.

Another one-sided victory was held in the Sophomore 1 team's possession by scoring a total of 28 to 9 over Sophomore 4. Leona Menze made eight field goals for the winning team, which was also aided by Sue Wallace, who had a total of ten points to her credit.

So-Si-Y Party For Members To Be Feb. 12

Valentine Games, Piano Selections, Dances, Reading, Scheduled on Program.

All Junior, Senior Girls Are Invited

Expect Attendance of Hundred; Theme Is "Finding God Through Beautiful."

So-Si-Y will hold its annual membership party on Tuesday, February 12. Valentine games, piano selections, dances, and a reading by Ruth Greiner will constitute the program. Refreshments will also be served.

Arleth Carvin, social chairman, is in charge of the program, and is assisted by Evelyn Clauser and Aletha Hatfield. The committee is expecting an attendance of one hundred, since all junior and senior girls are invited.

The membership committee, of which Ruth Rietz is chairman, is also assisting with the arrangements for the party.

"Finding God Through the Beautiful" has been chosen as the theme for the semester. Poetry, architecture, music, character, and nature have been selected as the topics by which the club will endeavor to find God. The dates for the meetings are as follows: February 26, World Fellowship Express; March 12, Poetry; April 9, Architecture; April 23, Music and Mother-Daughter tea; and May 21, Nature. The committees and their chairmen will be chosen at the membership party.

Members are asked to bring their Valentine service project to Miss Smeltzley's room not later than next Tuesday. These Valentines are to be hand made, and materials may be secured from the advisers.

Committees Plans Anniversary Exam

Lectures, Programs To Be Given To Commemorate Tercentenary Celebration of Schools.

In connection with the tercentenary celebration and the examinations which will be given in home room periods concerning it, the following introduction has been issued by the faculty committee:

"The purpose of acquainting the student body with the forthcoming notes on the history of American Secondary Education is to make the student body aware of the significance of the American high school and its place in history. (2) The patrons of the school will become aware of the advantages of South Side High School as compared to the schools of former days. (3) This celebration should provide a theme on which the entire student body is working at the same time. (4) The home rooms which are using these items should not have the feeling of compulsion to do certain tasks. Probably not everyone will show the same amount of enthusiasm; but a certain amount of interest will, no doubt, be manifested by the student body. Various schemes may be used. Some teachers have suggested using dramatization. Others have in mind placing the subject on the board in a way to attract interest. The lecture method might be used if it seems best. Still other teachers are planning to have enthusiastic pupils take care of discussion in class. Prizes to the freshman, sophomore, junior, and senior who gets the highest score on tests will be attractively framed pictures of South Side."

A list of tercentenary items for today and tomorrow has been given out. Approximately fifteen points will be covered in the first list; some of these are the four historical types of secondary schools; courses offered in the Boston Latin School; aims, tuition, and hours of school; and famous men who attended the first school.

At various intervals during the school year, new bulletins will be issued. Later on, a complete examination on the material covered will be given to the home room students.

Rules for Conduct In Study Hall Given

In order that there may be regulation concerning the supervision of the study hall, the following new rules have been made for your observance.

1. No moving about the room without permission. This includes pencil sharpening.
2. No sleeping.
3. No whispering.
4. No leaving without permission.
5. Those desiring to go to the library must go directly.

Music, Humorous Anecdotes, Sports Feature of Broadcast

Sport talks, an interview, and music by the South Side orchestra were the features of The Times radio broadcast Monday, February 4 at 8 o'clock.

After a musical selection by the orchestra, the sports portion of the program was presented by Bob Lohman and Bill Geyer. They commented on games played by the Fort Wayne high school teams over the week-end. They again expressed their desire for people to send them questions and choices for an all-city net squad.

Gunnar Elliott, who has been a sports official for the past 12 years, was then interviewed by Bob Zieg, master of ceremonies. Mr. Elliott stated that school officials can help the sport officials very much by accepting their judgment and keeping the spectators under control. He also discussed the state basketball tournament.

After the playing of "National Honor March" by the orchestra, Berneta McIntosh told several amusing incidents about South Side students and faculty members. The program was concluded with the playing of the Alma Mater song.

Interesting Events and Details Of Life of Lincoln Narrated

In commemoration of the one hundred twenty-sixth birthday of Abraham Lincoln, which falls on next Tuesday, the following facts about the life of Lincoln present him, not as an American idol, but as a human being.

As a boy Lincoln's first great sorrow came with the death of his mother in the fall of 1818. Since Lincoln was always very tender-hearted, he was very much grieved when he had to help build the rude coffin made from lumber cut out of logs by a whip-saw and put together with wooden pegs in which his mother was to be buried. There was no ceremony at the house or at the grave. This was not through any lack of respect nor any lack of desire. In Lincoln's time there were very few preachers in the country, and none were in that section at the time of Nancy Hanks Lincoln's death. Lincoln, however, desired to have some ceremony in honor of his mother; so he wrote a letter to a preacher he had known in Kentucky, asking him to preach a sermon in honor of his mother. It was not until the following spring that he was able to come.

Anecdotes Are Numerous
There are many anecdotes told about Lincoln as a youth. One which he told relates to shooting a wild turkey. Mr. Lincoln said that a wild turkey was his last game. He had never killed one. Even though there was much game in the neighborhood and skins were needed for necessary articles, Lincoln was so tender-hearted that he never made a good hunter.

Once while riding to a mill with some grain to be ground, Lincoln was ticked by a horse and knocked unconscious. He was unconscious for a long time and there seemed to be some doubts about whether or not he would recover. This incident might have made a great change in American history.

Lincoln was always fond of oratory. As a boy of fourteen he began to imitate preachers and public speakers he had heard. His playmates delighted in having Lincoln make stump speeches in which he always talked on "ruefully to animals, or cruelly to men."

An amusing incident is told of Lincoln's first school boy's interest in a certain Miss Ann Robey. Lincoln was

always a very excellent speller and once at a spelling match Ann Robey and he were the only contestants left. Miss Robey was given the word "defied" to spell. She started, then stopped and started again; she seemed puzzled as to whether she should use "y" or "i". Upon seeing her difficulty Lincoln promptly started rubbing his eye and Miss Robey spelled "defied."

Many people think of Lincoln as a shabby and carelessly dressed man. "President Lincoln was not always flash, onaboy or even correctly dressed, but was never shabby," stated a soldier who was well acquainted with Lincoln. Lincoln wore a stovepipe hat on all occasions. Someone has said that "Lincoln went into office wearing a stovepipe hat, and came out of office wearing a stovepipe hat."

Employees Paid With Drafts
During Lincoln's administration the government employees were paid with monthly drafts. The treasurer could not hand in his monthly reports until the drafts had all been cashed. For fifteen months Lincoln had failed to cash his draft and the treasurer still had the fifteen monthly reports. The treasurer asked Mr. Lincoln why he had not cashed his drafts, and then Lincoln took out all fifteen drafts from his drawer. He asked the treasurer if the money saved from his drafts could be paid on a certain loan. The treasurer said that it probably could, but that he could not subscribe his monthly draft to this loan. Lincoln did this.

Lincoln once said, "All that I am I owe to my angel mother." There are no specific remarks recorded about his father "who has been pictured as a worthless, moneyless, hopeless wandering nobody." But, according to testimony from Lincoln's letters and many recently discovered memoranda, Thomas Lincoln was a good Christian gentleman, who unfortunately had more inclination "to love his neighbor as himself than to worship the golden calf."

Lupke and O'Brien Will Insure Anything from Life to a Stamp

Lupke & O'Brien, Inc., one of the oldest and largest insurance agencies in this city, offer to the public every kind of insurance. Uniformity is an outstanding characteristic of this agency. Its underwriting policies while flexible enough to keep pace with the changing standard of modern progress, are firmly established. They offer to the public the facilities of the largest fire, casualty, and life insurance company; among the companies which they represent are the Hartford Accident and Indemnity Company, The American Employers' Insurance Company, and the Travelers Insurance Company of Hartford, Connecticut. These three companies write all lines of automobile, workmen's compensation, public liability, burglary, plate glass, engine and steam boiler insurance as well as fidelity and surety bonds including life, accident and health insurance.

They also represent some of the leading fire insurance companies such as the Hartford Fire Insurance Company of Hartford, Connecticut, The National Fire Insurance Company of Hartford, Connecticut, The Phoenix Insurance Company of Hartford, Connecticut, and twelve other fire insurance companies which write all lines of fire, windstorm, inland marine, ocean cargo, including all forms of float policies such as jewelry, furs, cameras, silverware, wedding presents, fine arts, musical instruments, and stamp collections. They insure merchandise while taken to your laundry or dry cleaners; motor truck contents; parcel post insurance, and many other lines.

They issue today one policy covering your automobile against any kind of loss; another policy to cover your personal effects regardless of location against almost any kind of a disaster; they issue another policy to cover almost any kind of a damage to your buildings and premises. A policyholder need not have a large bundle of insurance policies which he himself is unable to analyze without the assistance of an insurance agent; this agency is keeping pace with the changing conditions, and realizes that policyholders do not have time to read and study too many policies; therefore, they only represent companies which are offering the public the broadest coverage with the least number of policies to analyze. For your insurance needs see Lupke & O'Brien, Inc.—either Mr. Lupke or Mr. O'Brien, located at 809 South Calhoun Street, Fort Wayne, Indiana, who will render you personal service.

Student Fund Large
The students of Tulsa High School, Tulsa, Oklahoma, have saved exactly \$2,176.03 this year. The juniors led with a total of 1,772 deposits.

Rules for Conduct In Study Hall Given

In order that there may be regulation concerning the supervision of the study hall, the following new rules have been made for your observance.

1. No moving about the room without permission. This includes pencil sharpening.
2. No sleeping.

They commented on games played by the Fort Wayne high school teams over the week-end. They again expressed their desire for people to send them questions and choices for an all-city net squad.

Gunnar Elliott, who has been a sports official for the past 12 years, was then interviewed by Bob Zieg, master of ceremonies. Mr. Elliott stated that school officials can help the sport officials very much by accepting their judgment and keeping the spectators under control. He also discussed the state basketball tournament.

After the playing of "National Honor March" by the orchestra, Berneta McIntosh told several amusing incidents about South Side students and faculty members. The program was concluded with the playing of the Alma Mater song.

Home Rooms Will Celebrate Tercentenary

Posters, Essays, Exhibits, To Mark Three Hundredth Year of Public Schools.

That discussions pertaining to the three hundredth anniversary of American secondary schools will be carried on in the home rooms was decided at a faculty committee meeting on January 29.

From time to time bulletins giving material for these discussions will be issued to teachers by Mr. A. Verne Flint and Miss Gertrude Oppelt. All of the teachers will aid in collecting data on the changes in subject matter of departmental work, discipline in class, general improvements, and addition of new subjects, such as home economics, industrial art, health and gymnasium work. This material will appear in the bulletins.

Exams To Be Given
An examination covering the material in the bulletins will be given some time in May, and prizes will be given for the best test written in each class. The prize will be an attractively framed picture of South Side by Sheldon Hine, well-known photographer and a graduate of South Side.

The Social Science Club will sponsor an essay contest on the history of secondary schools in Fort Wayne, and local prizes will be awarded. The best of the local entries will be placed in district, state, and national competition.

Art department pupils are working on a linoleum block poster contest for which prizes will also be given. Each poster submitted must contain the tercentenary slogan, "The Hundred Years of American High Schools, 1635-1935." The best posters will be used in the halls and classrooms of South Side.

Celebrate With Exhibit
A tercentenary exhibit in May will climax the activities of the celebration here. Several episodes dramatizing high school history will be presented by Student Players. A style show of high school graduation dresses will probably be featured and a special issue of The Times will be published.

Members of the faculty who are serving on the committee are Mr. Flint, chairman; Miss Oppelt, Miss Rowena Harvey, Miss Dorothy A. Magley, Miss Mary Helen Ley, Mr. E. S. Gould, and Mr. Wilburn Wilson.

Many Features Are On Pep Session Program

One of the main features of the assembly to be held Friday morning will be a pep session to get everybody in the proper mood for the North Side-South Side game Saturday evening. The band will play and the cheer leaders will lead yells in which the student body is urged to co-operate. Also the pep leaders will present a stunt, as is usual before a big game.

Frank Montgomery will give a sequel to his declamation speech, for which he won first prize in Wranglers. A third feature of the program will be the awarding of the prizes to the baby show winners by Martha Baumgartner, president of the G. A. A. Eleanor Cup, first prize winner, will be given a miniature cup and a ribbon; the second prize, which is a ribbon, will be presented to Emily Gardner; and Betty English and Bob Lohman, who tied for third place, will each be given a ribbon.

Students Invited To See Show At Palace Theatre

The students of South Side have the opportunity to attend the motion pictures which are to be shown at the Palace Theatre every Saturday morning starting this Saturday. The picture, Young Eagles, is a serial in twelve parts; however, each episode is complete within itself. The story concerns two Boy Scouts and the adventures they have while on an airplane trip through Central America.

Students may attend each show for the single admission price of ten cents or all twelve for the price of one dollar. The dollar tickets may be purchased in the office. In addition to the main picture, cartoons, comedies, and Travelogs will also be shown.

Alumni Hold Banquet

Graduates of Central High School, Trenton, N. J., held their second annual reunion recently. Cups were awarded to the two classes having the highest percentage of their members present. Dancing will follow the banquet.

Riley Interpreter Heard
Students of Shortridge High School of Indianapolis, were invited to hear Wallace B. Ambary, noted interpreter of James Whitcomb Riley, talk on "The Poet Seer of Lockport Street."

This talk was given at Kieth's Theatre in Indianapolis.

Roger PRYOR in EMPRESS"
"WAKE UP and DREAM"

Olga Albani gets a good many fan letters as the result of her singing on the Silken Strings programs, but of all, she treasures most the one that reads: "Dear K.D.: Your singing is simply the nuts"—and the signature.

Candid Cameragraphs: Joe Penner playfully patting the faces of Ozzie Nelson's bandmen at rehearsals. . . Ozzie Nelson, sans coat, collar, and baton leading the boys in rehearsal. . . Harriet Hilliard squeezing a handkerchief as she sings. . . Carmen Lombardo, Guy's second in command, leading the band at rehearsal. . . Jimmy Wallington announcing, left hand in pocket, smiling and arching his brows as he reads his script. . . Ed Wynn with his back to the wall, besieged by hordes of autograph hunters, signing and soliloquizing aloud on life and laughter.

After Edwin C. Hill has written his news commentaries he doesn't look at the script again until he goes before the microphone to broadcast. He thinks it's bad luck to rehearse speeches.

Roxy observes: "There is nothing left to do in radio except to do better."

Whispering Jack Smith is one of those lucky radio performers who found a theme song ready-made for him. His theme melody is the familiar "Whispering" by Schanbenger. The song has now come to be almost exclusively identified with the soft-toned baritone.

Class Room News

In Miss Coval's typing 2 class last week the following pupils qualified for the first Big Ten: Lorraine Meyer, who wrote 48.8 words per minute; Betty Ann Schaaf, 44.7; Geneva Shearer, 42; Ruth Fowler, 38.9; Rosalyn Gale, 37.1; Violet Gaston, 36.7; Robert Gaskill, 36.3; Marian Wolf, 35.6; Kathryn Pape, 35.6; Georgetta McIntosh, 35.6.

Marcella Treman leads the second B.T. Ten with 34.8 words per minute. Jane Sunderland leads the third B.T. Ten with 32.3 words per minute.

In Miss Coval's typing 2 class Geneva Shearer and Ruth Fowler qualified for the honor roll by writing a ten-minute test without any errors.

Flo Rose Whitmer, one of Mr. Park's pupils, gave an interesting talk on wheat rust in economic geography.

In Mr. Flint's home room, Dorothy Crabill was elected president. Roland Detmer, Don Cohagen, and Ruth DeHaven are on the social committee.

Five persons in Mr. Flint's algebra 2, period 3 class, scored forty points or more from a possible 47 points in a departmental test. They are: Frank Belot, Byron Findley, Jack Horn, Robert Klotz, and Robert Weil.

Don Cohagen and Joe Close were surprised recently for their birthday. Dorothy Crabill, chairman of Mr. Flint's home room, presented them with a large package during the period.

In a recent test given by Miss Smeltzley to her general history 1 class the following pupils made the grade of A or A-: June Collins, Thomas Hauser, Alice Korn, Clyde Nelson, Dorothy Yager, Richard Steinbaugher, Charlotte Krimmell, Edith Pershing, and Kathleen Witmer.

Six new members have been added to home room 82. They are: Gearhart Lebrecht, James Lindley, Mary Hake, Delores Harber, Burton Hardendorf, and Robert Haruff. Charles Stone was elected president, and Geneva Shearer, secretary, for this semester.

The students of Miss Dochterman's art classes are working on many different phases of art, and are all showing great interest in their work.

World Peace Discussed
Students of Atchison High School, Atchison, Kansas, discussed the subject, "Is World Peace Possible?" at their Student Life Interest Forum.

Semester Exams Forfeited

Ponce de Leon High School of Coral Gables, Florida, will not have examinations due to much illness during the semester. The average of the pupils' monthly grades will determine whether the pupil is to pass or fail.

South Side Student Describes Chicago Concert By Stravinsky

By Ralph Schwartz

Going into the lobby of the magnificent Orchestra Hall in Chicago, I was surprised to find it so unusually crowded. I wondered how a Friday afternoon concert of such heavy compositions could

be of interest to so many people.

My seat number was S-20. Sounds good, doesn't it? Well, it happened to be the very last row in the balcony. After climbing innumerable flights of stairs and wrestling a program from a haughty usher, I found my seat and proceeded to give the auditorium the once-over. The stage is very wide and deep. There is an organ to one side, and organ pipes decorate the walls of the stage. There are no curtains, therefore, I could see and hear the musicians talking, tuning, and in general getting ready for the concert. The audience paid no attention to the stage but was engaged in conversation or studying programs. The lady next to me was saying something about a bull fight she saw in Mexico. I couldn't see what a bull fight had to do with Stravinsky but, she chattered on.

Stravinsky Appears
A momentary hush and then a sudden burst of applause as Stravinsky came from the wings and stepped upon the podium. He was neatly attired in a blue jacket and gray trousers, and he men in the orchestra wore business suits. After a very deep bow to the audience, Stravinsky turned around, took his baton at the orchestra, and the concert was on.

The first number was the suite from the ballet "Pulcinella." It was played by a small orchestra consisting mainly of strings with a few woodwinds and flutes. Following this selection was the ballet "The Fairy's Kiss." The orchestra played this. The orchestra was seated rather strangely. A few violas were placed back of the oboes, and immediately in front of the conductor were placed two cellos. The rest of the cellos were off at the right. After the intermission, however, the orchestra was greatly augmented.

The two remaining selections were the ballet "Petrouchka," and the "Fire Bird" suite. These were conducted and played superbly. The orchestra had a beautiful tone; the violins all bowed the same way, no French horns cracked, and not one clarinet squeaked. The "Petrouchka" ballet was very interesting with its discords, effects and strange instrumental combinations. I had the conductor's score to the "Fire Bird" suite with me; therefore, I followed it instead of watching the orchestra. I felt more intimately acquainted with the music when I followed the score and saw the theme and accompaniment unfold before me.

Hears "Fire Bird" Suite
Stravinsky directs simply; so it was very easy to follow his beat. When the music was soft he usually kept his left hand on his hip, but as the music became louder and more intense he grew excited and waved both hands high in the air.

After the concert was over, I went backstage and asked Mr. DeLamarter, the associate conductor, how I could gain an interview with Stravinsky. "Can you speak French?" he asked me.

"Can he speak German?" I replied. Mr. DeLamarter said he could and wanted to know how I could speak German.

"I learned it in school and I believe I can make myself understood," I answered. "Go to it," he said. "Mr. Stravinsky is dressing right now, but you can see him in about a minute."

Happy Over Reception
I could hear Stravinsky talking animatedly in beautiful German. He was in a very happy mood and was discussing the success of the concert and the warm reception that the audience had given him. After a while I went to his dressing room, and to my good fortune I saw Mischa Mischaikoff, the concertmaster, there. Stravinsky was busy packing trunks, but looked up as I came in.

"Guten Nachmittag," he said cordially and held out his hand. "Good afternoon," I replied, also in German. "My name is Ralph Schwartz and I have come from another city to get an interview for our school paper."

"What is it that you would like to know," he asked. Apparently, he was used to interviewers.

Slick's Family Washings
MUST SATISFY!

In the presence of this great man, I became rather flustered. In fact, I forgot most of the carefully planned questions I was to ask and popped off with "How do you like America?"

Stravinsky could see I was slightly shaky; therefore, he did his best to help me. "America is a beautiful country, and I like it very much," he stated. "Do you know that I haven't been in America since 1925," and he placed his hand about so high from the floor and laughed. "I conducted the orchestra then too," he added, "but the audience this time was much more appreciative." Then he and the concertmaster went ahead reminiscing about those former concerts and how strange the music seemed the first time.

Needs Interpreter
"Do you believe that American music has become as fully developed as European music?" I asked. I believe I must have used several wrong words or grammar constructions because he looked at Mr. Mischaikoff in a bewildered manner. I told Mr. Mischaikoff my question and he put it to Stravinsky.

"American music is still rather young," he answered, "but it is progressing rapidly." The great composer stood there in his shirt sleeves chatting amiably. He is of slight build. He has blond hair, and a mild, intelligent, pleasing face that shows his Slavic descent. I thanked him for the interview and gave him my program which he graciously autographed.

I went on out to speak to Mr. DeLamarter, but a contingent of zealous women had surrounded him and were busily gushing over the concert. I realized that it would be impossible for a would-be reporter to break through that mob. Mr. DeLamarter saw me and winked and I waved back. He has grey, curly hair that stands straight up; and from what I observed he is constantly laughing and joking. He also wears an enormous raccoon coat.

I looked out onto the stage. All the instruments but the kettle drums had been removed and the auditorium was empty. "Now is my chance," I thought; and yielding to an inherent urge, I went out and played with the kettle drums.

Graduate Gets Post
Margaret Spiegel, a graduate of South Side, has recently accepted the gymnastic instructor's post at the local plant of the Fort Wayne General Electric Company. She will be entirely in charge of all the physical projects, including the newly formed girls' volleyball league.

Miss Spiegel was active in the G. A. A. and was crowned girls' tennis champion of 1930. She was also elected to the National Honor Society.

This new firm is located at the same address of the Chalfant-Cutshall Funeral Home, 801 West Berry. Their large Funeral Home has the latest in Equipment and modern conveniences. These men will personally take care of all the Funeral arrangements therefore giving you the utmost in service. Their large beautiful chapel is available as a part of their Service.

AMBULANCE SERVICE

Circulation Is the Blood of the Times—Have a Heart and Force It Up To the Top!

Home Room 74 Has Greatest Times Percent

Anna Brumbaugh Heads Agents With 77 Percent; Ruth Jones Is Second.

Subscription Total Is Eight Hundred

Agents Meet on Wednesday To Get After Stragglers; Assistants Give Pep Talks

By Tuesday evening, The Times subscription campaign had reached a total of approximately eight hundred subscriptions. Anna Brumbaugh led the home room agents with seventy-seven percent; Ruth Jones, room 72, followed with seventy-three percent; Lois Magley, room 8, and Dorothy Nance, room 52, tied for third place with seventy percent, and Bernadette Dygert, room 22, took fourth with sixty-eight percent.

There was a meeting of the room agents in room 24 after school Wednesday for the purpose of getting after stragglers and who have subscribed in the past and who are not yet among the present subscribers. Miss Harvey and the circulation assistants talked.

The Times this term enters into what promises to be a very fine season. Many popular features have been lately developed to the wants of the student body, including a fashion column, several new "dirt" columns, a radio column, stamp column, current events column, and a wide variety of feature stories. The paper covers all events of interest to South Side pupils and offers the best way to keep up with school affairs. Since its start in 1922, it has won no less than eighty-five awards, which one may see any day in The Times room. It has developed many fine professional journalists, among them are Vivian Crates Logan, Chester Brower, and Loretta Roelinger.

The room percents in order are:

Percent—Agent	Home Room
77—A. Brumbaugh	74
73—Ruth Jones	72

Students Write Excuses
Students at South High School, Omaha, Nebraska, are writing their own absence excuses. The new system was introduced at the beginning of the present quarter and will be continued if it works well.

Times Again Flaunts Trophies Earned by Superior Paper

"Gee, did the Times get all those?" "Swell!" "Pretty soon they'll crowd us out." "George won't be lonely now." These casual remarks are a few of those heard as many members of the Times staff came in room 18 for the first time Monday, for approximately one hundred certificates of merit for The Times and Totem have been dusted off and rehung. They were first taken down last summer because they became so numerous that more room was needed. Apparently nothing was done about it until several weeks ago when two rows of moulding were put up to accommodate the surplus awards.

As one who is accustomed to the bareness of the walls enters, it gives him a feeling that he is about three or four feet shorter than the last time, and it ought to be because there are no less than eighty-five Times awards and ten for the Totem. In addition, there are six photographs including pictures of the issues that won the first prize at the Indiana State Fair in 1932 and 1934, and also four pictures of the school. There are four

Programs Sponsored by Times Come To End Monday, Feb. 11

With the broadcast of the program Monday, February 11, the series of radio programs sponsored by The South Side Times was concluded. The programs will probably not be resumed until May.

Plans Complete For Inter-Racial Week Assembly

Mr. M. J. Unthank To Talk At Meeting Today; Trio Will Sing Old Spirituals.

In observance of Inter-Racial Week, an assembly will be held this morning with Mr. M. J. Unthank, executive secretary of the Wheatley Social Center, being the main speaker. His subject will be "The American Negro's Contribution to America." Mr. Unthank is well known throughout this vicinity for his work at Wheatley Center and the active part he has taken in civic affairs.

Featured on the assembly will be the Wheatley Center Girls' Trio which will offer three spirituals. These will be "Traveling On" by Thomas Dorsey, "Amen" by O. J. Hogan, and "I Can Sell The World." This trio has made numerous appearances during the present observance.

Inter-Racial Week is observed each year beginning on the Sunday nearest to Lincoln's birthday. In Fort Wayne a large union meeting is held on this Sunday, at which members of the four major races are represented. This year a mass meeting was held at the Shrine auditorium, which 2,500 people attended.

Reading Features So-Si-Y Meeting

Ruth Greiner Gives Selection At Meeting; Singing, Harp Music, and Dancing Enjoyed.

Ruth Greiner's reading "Airy Fairy Lillians" was the feature of So-Si-Y meeting on Tuesday afternoon. The reading took place at a colored college girl's romance culminating at the altar. June Haeger acted as "stooze."

Miriam Lickert, harpist, opened the program with several selections. Jane Kimble accompanied Virginia MacNamara and Jacqueline Kinsel in an acrobatic dance, "Sweet Jennie Lee." She also accompanied Betty Medaris, who sang "Dancing With My Shadow," and "Hands Across the Table." Marjorie Dancer sang "Isle of Capri" and "I Believe in Miracles," accompanied by Marjorie Glass.

Martha Baumgartner was awarded the prize in a heart-hunting contest. Several other games were also played. At the next meeting the theme, "World Fellowship Expressed," will be carried out. The Totem picture will be taken and several girls who were missed at the last meeting will be given their degrees. The program will be in charge of committee One.

All Valentines for service projects are to be in today. They will be sent to the Allen County Orphans' Home.

Wranglers' Dance Is Huge Success

Ruth Stoner, Dick North Win Award for Best-Looking Pair; L. Grodrian Wins Lucky Pot.

Such popular songs as "St. Louis Blues," the "Isle of Capri," and "June in January" were featured by Bud Goldman's orchestra at the annual dance given by Wranglers' Club. The dance was a success in every way. Several hundred people attended.

The outstanding thing about the whole affair was the decorations. The orchestra was surrounded by brilliant red decorations and all over the room were little hearts. Along the wall, little hearts with silhouettes of two lovers were placed to bring out the theme of the dance.

The climax of the evening was the awarding of the prizes to the best-looking couple and to the lucky number drawn. These were won by Ruth Stoner and Dick North, the best looking couple, and Lloyd Grodrian, the lucky pot. The committee that picked the best looking couple consisted of Miss Virginia Montgomery, Miss Betty Peters, and Mr. Alfano Ferlini. One prize was donated by the Morrison's Nut House.

Ora Davis Addresses Torch Club on "Poetry"

Torch Club held its first meeting of the semester in the Voorhees Room last Monday. A small number of freshmen turned up for the meeting. All other freshmen are urged to join the club.

The feature of the meeting was a talk on poetry by Mr. Ora Davis. Mr. Davis described the different kinds of poetry, pointed out their differences, and gave several examples for each type. He spoke about Shakespeare, and then confined himself mainly to the poet, Browning. Several of Browning's poems were read in a fluent style by Mr. Davis.

The new officers, John Edwards, Paul Ellison, and Bob Lee, had charge of their first meeting. The business of the club consisted of the naming of the program, booster, and service committees, and the naming of the chaplain and the member to the Inter-Club Congress.

Magicians Visit School
It seems that South Side was not the only school which presented magician shows recently; Bosse High School of Evansville, Indiana, was entertained by the Mystic Reno, and J. Sterling Morten High School of Chicago, Illinois, was visited by Eugene Laurent.

Social Science Commemorates Lincoln's Birth

Special Assembly Honors Martyred President; Life Reviewed in Celebration.

In commemoration of the one hundred sixth birthday anniversary of Abraham Lincoln, the Social Science Club, of which Wilburn Wilson is adviser, presented appropriate scenes and poems based on the life of Lincoln at an assembly Tuesday morning in the gym.

The stage decorations were carried out in American flags and the stage settings and costumes were in keeping with the fashions of Lincoln's time.

Ursula Morton, a prominent senior and member of the Social Science Club, was general chairman in charge of the program for the assembly.

Robert Adams, a junior, gave a brief review of the life, character, ideals, and achievements of Abraham Lincoln besides giving a short introduction to each scene.

Following an introductory poem by Flo Rose Witter, the first scene pictured the barefooted boy, Lincoln, reading a book as he lay on the floor beside an old fashioned spinning wheel.

Have Court Episode

A court room was the scene of the next act. The witness on the stand testified that he saw a certain Mr. Armstrong stab and kill a certain Mr. pletzsker. Lincoln acting as lawyer for the defense questioned the witness as to the time. The answer was 9:30 o'clock. When the witness was asked how he could see so plainly at 9:30 o'clock, he replied that the moon was shining very brightly. Lincoln then dismissed the witness. Mr. Lincoln was satisfied that Mr. Armstrong was innocent so he attempted to prove it to the jury. In his final plea he told the jury that he could prove by an almanac that there was no moon on the night the man had been stabbed so it would be impossible for the witness to see the stabbing. A verdict of not guilty was returned by Mr. Metzker.

In the third act Lincoln was impersonated by Manuel Rothberg, who gave the famous Gettysburg address, which Mr. Lincoln gave at the dedication of the Gettysburg Cemetery for men killed in the Civil War.

Lincoln Grants Request

Following this Lincoln was shown before his Cabinet reading his Emancipation Proclamation which begins thus: "I, Abraham Lincoln, President of the United States of America, do proclaim that on the first day of January, 1863, all persons held as slaves within any state, or designated part of a state, the people whereof shall then be in rebellion against the United States, shall then be, thenceforward and forever, free."

While Lincoln was acting as President of the United States of America the last incident took place. A young man was to be shot, because after many hours of work, he had fallen asleep at his post. Having heard that one of Lincoln's outstanding characteristics was kindness, the sister of the boy came to Lincoln, and begged for the life of her brother to be spared. Lincoln granted her request. The assembly was concluded with a poem by Anne Abbott, "And So They Buried Lincoln."

The characters in the incidents from Lincoln's life are as follows: Mr. Ferlini, Lincoln; Manuel Rothberg, Lincoln at Gettysburg; Helen Sinish, Lincoln's mother; Ernst Trapp, jurymen; Louis Bonsib, attorney; John Bex, Lincoln as boy; John Bremer, foreman of jury and Cabinet member; Robert Blomker, witness; Aletha Hatfield, little girl; Clayton Kilpatrick, sentry; Maynard Murphy, curtain and jury; Clayton Zedis, jury; Robert Schweitzer, curtain and jury; Alfred Diehm, jury and Cabinet; John Grande, jury; Wayne Bender, Judge and Cabinet; and Charles Baumgartner, jury.

Philatelic Society Installs Officers

Mr. Wilbur Shott Gives Discussion on Stamp Collecting; Issues of Paper Distributed.

Installation of officers featured the meeting of the Philatelic Society held February 6, in the Voorhees Room. The new officers are Bob Blomker, president; Jane Brinkman, vice-president; Clayton Kilpatrick, secretary; Jane Loomis, treasurer; John Thacker, sergeant-at-arms; and Thelma Kuttler, Inter-Club Congress representative.

Mr. Wilbur Shott, vice-president of the Anthony Wayne Stamp Club, gave a talk and discussion of his personal stamp collection. He told of how bids were transmitted over long-distance telephone during a recent stamp auction.

He also gave instructions for mounting and caring for valuable stamps. This is done by enclosing them in envelopes made of a specially heated and waterproofed paper. These envelopes are mounted on ledger paper.

Mr. Shott's collection includes one of the first stamps issued by the United States, one of the first envelope stamps printed by the United States, a set of the Chicago World's Fair stamps issued in 1893, a revenue set issued in 1861 which lacks only one stamp now worth \$500, and the four corners of a sheet of stamps which contained 40 stamps.

At one time he found two stamps now worth twenty-five dollars each, on old envelopes.

Bob Adams won the prize for the game which was played. Copies of the stamp club paper were distributed. This was the fourth issue to be published by the group. The staff for this issue included John Bex, Evelyn Ertel, Marjorie Killen, Dorothy Nance, and Jane Loomis.

Musical Star Entertains
Lucille Elmore, Broadway musical star, entertained the Dubuque High School students of Dubuque, Iowa, at their last assembly.

South Siders May Purchase State Tourney Tickets Soon

Mr. R. Nelson Snider has announced that orders for 1935 State Basketball Tournament tickets may be placed with him from February 25 to, and including, March 4. The state net tourney for this year will be held on Friday and Saturday, March 15 and 16; and tickets will cost \$2.50 each.

South Side is entitled to 113 state tourney tickets, and if the Archers win their sectional and regional tourneys, South Side will receive approximately 290 additional tourney tickets.

Tickets may be ordered outright, or conditionally upon South Side's going to state. Money for the tickets must accompany the order in either case. Money will be refunded on the conditional orders if South Side does not go to state. Orders for tickets will not be accepted before February 25.

Orders of students will receive first consideration.

Lettermen Planning Pep Session Before Tiger-Archer Game

Mr. Herbert Voorhees, head of the science department, will give a pep talk during the pep session in the gym Friday afternoon in preparation for the Central-South Side game which will take place Friday night in the South Side gym at 7 o'clock.

Aiding the regular yell leaders and master of ceremonies, Bob Klopfenstein, in preparation and participation in the assembly will be Gordon Straley, Bob Lohman, Harrison Simon, Tom Conway, and John Eschoff, all of whom are prominent lettermen. The lettermen will act as yell leaders and also present a stunt, which will probably be in the form of a playlet. Mr. Albert Heine, faculty adviser in charge of pep sessions, and Mr. A. Verne Flint, faculty adviser of Lettermen's Club, will help with the plans for the assembly.

Women's College Work Discussed

Professor of Stevens College Stresses Ten Ideals in Talk Before S. S. Senior Lasses.

A discussion of college work, with particular emphasis on advantages offered by Stevens College, was given by Professor Marion W. Sparks, a member of the faculty of the college, in a talk made to senior girls of South Side High School during the third, sixth, and seventh periods last Thursday.

Stevens College is located in Columbia, Missouri, midway between Kansas City and St. Louis, and is a noted junior college for women. During the talk, Professor Sparks gave the Ten Ideals of Stevens College, which are as follows:

1. Courtesy in speech and action.
2. Forcefulness in accomplishing what one sets out to do.
3. Health in body.
4. Honesty in word and deed.
5. Willingness to discipline oneself to do the disagreeable task—the task one would rather not do.
6. Love of scholarship which is careful and exact.
7. Appreciation of the beautiful as an intimate and integral part of one's life.
8. Reverence toward the spiritual.
9. Dedication to womanly service in the interest of one's home, one's friends, and one's community.
10. Maintenance of a cheerfulness of manner and a happy outlook on life.

"Education with culture and refinement," has been the objective of Stevens College in its one hundred years of existence," were the closing remarks of Professor Sparks talk.

Boys' Glee Club Trains For Show

Scene of Annual Minstrel Will Be Harrison Hill Auditorium; Dates Scheduled March 22, 23.

The Boys' Glee Club has started rehearsals for the minstrel show which will be given on March 22 and 23 at the Harrison Hill auditorium.

Mr. Snider will act as interlocutor for the show; and Paul Randall, Bob Klopfenstein, Jack Beemer, Frank Montgomery, Fred Beely, and Donald Bleke have been chosen as end men.

The first part of the show will be purely minstrel, featuring Mr. Snider and the end men. The second part, however, will be a combination of minstrel and elaborate singing and dancing ensembles. Members of the Girls' Glee Club, directed by Miss Patterson and Miss Smith, will appear in the dances. Several popular songs will be featured.

The admission for the show will be twenty-five cents. Tickets will be for sale soon by music department members.

High Pupils Listed For Fall Semester

A total of 241 pupils were listed on the honor roll for the first semester for having made high grades. Among these, forty of the pupils made an average of 95 percent or more. Twenty-one students failed in three or more subjects, which Mr. Snider says is the same percent as for the past four years. The highest of these averages were received by the following: Frederick Prange, a senior, 97.5 percent; Bob Blomker, a senior, 97.25 percent; Dorothy Fathauer, a senior, 97.25; and Sonia Velkoff, a junior, 97.1.

In the following departments the following percent of students failed: English, 1,516 pupils, 6.66; languages, 688 pupils, 5.95; social science, 1,193 pupils, 3.3; science, 1,137 pupils, 3.25; commercial, 739 pupils, 4.47; mathematics, 1,095 pupils, 5.66; industrial arts, 359 pupils, 1.14; home economics, 314 pupils, 3.5; physical education, 942 pupils, 4; music, 222 pupils, 1.35; journalism, with 51, at with 284 pupils, had no failures.

Central Thought—Make a Certain Down-town School Blue; They're Now White With Fear

Press Meeting To Attract Six Local Scribes

Major Staff Members To Go To Annual Journalistic Convention in New York.

C.S.P.A. To Honor Contest Winners

Awards, Lectures, Discussions To Feature Sessions; To Inspect Big Papers.

The largest delegation South Side has ever sent to a national press convention will represent The South Side Times at the Columbia Scholastic Press Association convention at Columbia University, New York, March 14, 15, and 16. Seven delegates will leave Fort Wayne by train March 12, and will be back March 17. Those planning to attend are Miss Harvey, Ann Abbott, Louis Bonsib, Anna Brumbaugh, Bruce Minier, Ursula Morton, and Alma Nitzsche.

The convention is the annual gathering of members on the staffs of school publications, and is under the sponsorship of the Columbia Scholastic Press Association of which The Times is a charter member. Leaders in the publishing field, both professional and student, will address the convention in general and divisional meetings, answering questions and giving advice. Other features are a luncheon in the grand ballroom of the Commodore Hotel and visits to large newspapers.

Largest Press Gathering

This convention is the largest press gathering in the world, either professional or scholastic, and is the outstanding event of the year for high school papers. The press association is one of the largest in the world, and boasts of members in all parts of the United States, Canada, and United States territories. Speakers last year included Louis Wiley, business manager of the New York Times, Sir Nilot Lewis, the New York correspondent of the London Times, a leading explorer, and other leaders in the magazine and newspaper fields. It is a huge affair, the number of delegates being numerous enough to fill up the grand ballroom of a large hotel.

During the convention, winners in the annual contests are announced, the entries having been sent in January. There are seven classes for newspapers in which high school publications may enter. These are: Medalist group, first, second and third standings, and a group which is judged good but does not make the required number of points.

Individual awards will also be given to outstanding advisers and student writers. The honored advisers will be given honor keys with the seal of the society, for service judged worthy by the advisory and executive boards of the society. Miss Harvey received such a key four years ago.

Club Awards Medals
The Writers' Club of Columbia University, in conjunction with the association, will give bronze medals for the best poem, story, and article in a school publication and the winners will be published in "The School Press Review," the journal of the association.

The Columbia University Chapter of Sigma Delta Chi awards annually bronze medals for the best news story, feature story, and news editorial published in a member publication, they also being printed in the journal, as will the winning news story giving advance information on the convention.

The Times has been several times in the "medalist" and has won other high recognition since its membership in the organization.

Initiates to Hold Philo Limelight

Verna Holtman, Margaret Murphy, Jo Anne Smith Appointed As Special Program Heads.

Philo will hold the initiation of its new members Monday afternoon, February 18, in the Greely Room.

All girls desiring membership should hand their applications to Miss Elizabeth Demaree as soon as possible.

At a meeting of the club officers and Miss Demaree last Monday evening, Helen Anderson was chosen as the Inter-Club Congress representative for Philo.

The Philoethians are urged to pay their dues to Alice Mae Siebold, Philo treasurer.

The special chairmen for the following meetings have been appointed: March 18, Verna Holtman; April 1, Margaret Murphy; and April 15, the joint meeting with Metacres, Jo Anne Smith. Each chairman will have an assisting committee of three members.

Facts About School Lighting Are Given After Investigation

By Jeanette Lewis

Do you know that there are approximately eight hundred eighty-four lights in use every day right here in South Side? We have all kinds, types, and sizes. Included in these are the exit

and no-pass-out signs in the gym. To give you an idea about the number of watts used by each light, we will take the classroom lights which use two hundred watts each; then there are the hall lights of 75 watts to 100 watts, the tunnel lights of 50 watts and the locker room lights of 25 watts.

Did you ever stop to think what it would cost to have these lights in use? Just to give you an example of this, we will take the lights that are used directly above the gym floor. Each of these lights uses 750 watts, and with fifteen of these lights there is a total of 11,250 watts. It costs as much to use one of these lights for one hour as it would cost to use all the lights in your home for three days. Imagine how much it costs to run these lights for just one of the many basketball games.

Out of the 884 lights of the school, 392 of these are suspended by four feet of chain. If this chain should all be joined together, there would be 1,568 feet of chain. This would be long enough to stretch the length of three and one-half city blocks.

Are dirt writers mud slingers when it rains?
Scatter Central's Sabertooth Scoopers Sagaciously!

Some people stand up for their friends—at the movies.

Obscurity—the picture of the man on a \$10,000 bill.

A popular method of voting in Mexico—The secret bullet.

Headline: Photographer Murders Wife for Smiling at Him?

Headline: Radio Police Discover Silverware Thief by Fork in Road.

"I call that a downright slam," said the lady to the bridge game gossip.

Some legislative bills are the kind one gets the first of the month in disguise.

There seems to be no trouble in meeting expenses—One meets them everywhere.

At least there's one person in the world who can stop when he sees red—the motorist.

Just because a man loses his head doesn't mean that he quits talking through his hat.

Maximum glee: Taking the photographer's picture; forcing him to look intelligent and "smile."

And so, according to an aviation column, he "dropped an engine that had shaken loose and landed on one wheel."

Sports headline: North Side Runs Over Shoot-short, 64-11, at Northern Gym. Even with the official horn honking?

According to a picture in one of the school texts, the ancients used to use baskets for elevators. Just a drop in the bucket.

Look Ahead!

Grade school and high school are stepping stones to the future. No one has much of an idea what he wants to be, when he grows up, during his days of grade school. One's idea of an occupation at that time is probably something following along the line of his parents' work or that of a close friend. As one gets older and goes into high school, his ambitions change and he begins to formulate the things in which he might be interested or be able to do. The courses in high school help much in later years. One should choose a goal and work toward it, using all the advantages at hand in school. If one is going on to college, he should plan his high school course accordingly so as to enter college with the highest learning possible to aid him there. It is a great advantage to have a good schooling before trying to get a position in business. Employers are much more apt to take on those with the best rating. Take advantage of all you can get out of high school, and you will be rewarded.

Do a Little Reading

A great supplement to school learning, in fact, the very backbone, is the wide use of books. It is a universally accepted notion that books offer the most convenient way to record a thing in order to learn it. What we believe to be equally important is the fact that they are also a great means of recreation. Many pupils are prejudiced against reading because it is very distasteful to them to have to go over everything with a fine-tooth comb. They forget that reading is, in addition to its informative value, of great use as an amusement.

The person who has never partaken of the good things of literature without a preconceived notion of it is sure to dislike it. It is like avoiding the water because one is afraid of sinking. He does not try it because he already has an opinion on the subject without previous experience. What a pity! He is missing a fine thing which would doubtless give him keen enjoyment. Naturally, all people do not have the same taste. When one dislikes all literature simply

because he must study it in school, he is defeating the purpose of teaching English at all, namely, to make him enjoy it. If you have any negative notions as to the merit of reading, dispel them now, and try it!

Music---Old and New

As every decade passes, many new things make their appearance, or many old things make a radical change. An example of this is the great change in the style and execution of music since the early days of this century. Modern music has made radical changes in rhythm, lyric subjects, and interpretation, in comparison with the older, sedate types.

We believe it is true that some modern music is not of any possible use in the world, except to jiggle by, and shake the pictures on the wall. However, there is a type of music which can be popular and still be pretty. The works of Romberg, Kern, and Gershwin, while popular today, will still be popular tomorrow. This has already been proved by the popularity of Romberg's operetta "New Moon," the songs from which are sung and liked today, after a period of over twenty years. Many other instances can be cited, among them are the songs from "Show Boat," and the extremely popular ones from other operettas by Kern and Gershwin.

We think that most students can recognize the ruth of these statements, and that, while there are a great deal of old tunes that many class as just so much noise, there is still much of it that is really good.

New Yells Are Needed

In the past few years at South Side there have not been many new yells introduced. To increase the pep and spirit of the games new ones are much needed. There are several yells in the green book which have not been in use for some time. These might be tried out, at least to see how the students accept them. Those attending games like to hear novel and original yells given by other schools; therefore South Side should step out and do something in that line, too. Everyone gets tired of hearing the same things over and over, and surely, with all the writing talent and ability in this school, several new yells should be forthcoming.

The students cannot expect the yell leaders to do all of the work of making up new yells and also leading them. They are appointed in the capacity of leading the cheering. They would welcome any contributions in this field and make use of them in any way possible. It would be quite an honor to be recognized before a great number of people by having your yell used by the whole cheering body. Certainly that ought to be enough incentive for anyone.

With the bright new suits of our yell leaders we need something peppy. The old, ordinary yells spoil the effect of the new costumes to such an extent that we fail to notice them after the first few minutes.

With all the pep and spirit of South Side's teams it is out of place to have such drab response from the students. Surely the teams deserve something more adequate. Everyone get to work and think up some new yells!

Freshman Fantasy

This Auto Be Good
We have received more nutty ideas from bright freshmen as to how the school might be improved. One pipes up with: "Why not have midget autos in the halls?" This would have its advantages and disadvantages. The daily routine would go something like this: Go to your locker and get out your car and books. Check gas, oil, water, etc. Proceed slowly as traffic jams are likely to evolve any minute. In the classrooms line up the cars in orderly array. Put down the windshield to act as a desk.

If you wish help from the teacher, just blow the horn, either until the battery goes dead, or else until the teacher faints from over-hearing and the class is dismissed. If the teacher gets tough, just rev up all the motors, don gas masks and wait until the teacher keels over from too much exhaust smoke or whatever it is.

The doors and halls would have to be widened, and the rooms and lockers made larger. As for the Scotch in nature who refuse, through financial or other reasons, to obtain one of the cars, they would become pedestrians. As a result of this, somebody is sure to be struck and perhaps killed.

A manslaughter charge would be placed against them. Thus the youth of today would become the criminal of tomorrow. The prisons would be clogged. More food would be needed. The farmer would then sell his crops to prisons instead of plowing them up. More wardens would be needed to watch the prisoners. This would relieve the unemployment situation. Then, too, after getting out of jail, they would have a criminal record, preventing them from securing jobs. Thus the honest man could step in and earn a living honestly.

Enjoys athletics.

Terra Firma Topics

Was V. Ellinger ever put on the spot when tall and handsome Paul Lohse announced in front of the whole public speaking class that she was the one girl he wanted to hear speak. And of course Miss Benner made her get up and tell everything she knew.
Freak Show—
Fat Lady—Verna Holtman.
Tallest of the tall—Charlie Hart.
Midget—Fred Ostermeyer.
Mermaid—"Lizzie" Faulkner.
This man—Wayne Decker.
Graceful ballet dancers—B. McIntosh and J. Lohman.
Bearded lady—Aileen Branning.
Tight rope walkers—Jean Kranz and Tom Conway.
Don't tell us that the younger generation isn't religious! Seen in the balcony at Plymouth Church a few Sundays ago—"Beanie" McIntosh and Sam Rea.
Eleanor Cupp cut bangs a few days ago and then combed them back. What was the matter with them? We just thought they looked smart, Eleanor.
What happened to all our little baby talkers? Don't tell us they're grown up. There hasn't been a big disturbance in the study hall for 'ist years en' years.
Perfect example of a little dimpled darling—Bob Zeig.
Yes, that gorgeous red head walking down the hall is Mary Martha Hobbok.
What charming young "lady" of our school requested Edd Clark to play the Carioca at our last assembly?

Southern Slush

Scoop! A petition was passed around in a home room recently to do away with the chatter of Marion Rippe. It was signed 100 percent.
Our idea of a dangerous occupation is the attempt of some newspapers to select the twelve greatest women in America.
Ha! Bill Meile (a woman hater) really burns for that brunette, Betty Gerding.
All the violin-playing spooks are doubtless from Heaven. The other kind would play a saxophone.
The weather was slushy (Southern Slushy). The water, last Friday, was up to one's knees. Van Perrine was yelling, "Rent a boat, be the life of the party." The moral of this story is, "Whenever the weather is Southern Slushy carry a bar of Ivory in each pocket. It floats." (Adv.)
The notice in the rooms of hotels which reads "Have you left anything?" should be changed to "Have you anything left?"
Early to bed, Early to rise, And your girls goes out With other guys!
Even a genius will make a mistake. It wasn't Bob Dirmeyer that called Dot Hagerman on the telephone seven times. It was Bob McClure. He's been over there every night for three weeks.
An American visitor complains that Englishmen do not talk enough. Efforts are being made to show him the House of Commons.
We wonder why Sam Schaaf and Sam Rea blush when the word "Gold-diggers" is mentioned?
Alas for the fellow who blows the cornet—he has no sax appeal.
Inasmuch as the Totem will be published soon, many past and present "stuckups" can be seen hanging around our esteemed photographer, Paul Reynolds.
A sailor was killed at Los Angeles when he came into contact with a live wife.
Leo (Eggs) Nolan can be seen escorting Betty Erick hither and thither from school. Whatta pair!
Mary had a bathing suit, The latest style, no doubt, And when she got inside it She was more than half-way out.
You convince a man—you persuade a woman.
Definition of fleeting joy—"That new cook of ours is a jewel—wasn't she?"
Miller Makey really goes for this Ruth Phipps. He met her on a cold, wintry night while ice skating. Ah! These romances.

Mademoiselle Modiste
By Rosemary Chappell

Our grandmothers donned extra petticoats to keep warm on cold, damp days like those we have been having, but the girl of today has her own ideas and methods. Wool fabrics are designed to ward off wintry winds. Eileen Hall has a dress of wool in a red and black Scotch plaid. The neckline is adorned with a scarf-like collar which carries out the Scotch motif. It is fringed along the edges. Sleeves are long, and the skirt is differentiated by two pleats in front.
A sailor-style dress in the typical navy blue wool is shown by Marjorie Dancer. The dress is built along straight lines, with pleats on the sides. Red and white crocheted string of yarn laces the three-quarter-length bell sleeves. Similar strings lace down the back. A red and white fagated collar trims the neckline.
Sweaters are ever in style. Marian Rippe finds white a pleasing color. Her lovely knitted sweater is woven in longitudinal stripes. It has sleeves which have wide cuff bands. The neckline is woven in the form of a round yoke which ties in front with white knitted string on the ends of which are two large, white yarn balls.
Another lovely striped sweater is worn by Thekla Leiminger to contrast with the blue in her sport skirt. The stripes are of brown, white, green,

Daffy Ditties

I don't like history, I hate to make maps; But that's a good place for me to take naps.
The radio is a wonderful thing You'll have to touch the dial You'll hear anything your heart desires From music to the Hauptmann trial.
The seniors are the worst of us, The juniors are the best, The sophomores are too "smarty," But they all think "Freshies" a pest.
Bill Geyer doesn't like me He told me so himself; He said I should never speak to him So now I'm on a shelf.
At the public speaking parties The kids have lots of fun. They give "After Dinner" speeches But none the food does shun.
It's time for me to go to bed, So I'll have to stop this jingle; For if I do not mind my maw She'll make my small ears tingle.

Around the School

Who was the girl that Allen Domer met at Oliver Lake this summer?
That flashy Benny Woodhull goes for Dorothy Boxberger. It must be so, because he tells everybody that he'll "Never Be the Same."
Bob Hawkins, can't you take a hint? "Barb" Noble doesn't need company on the way home.
And then there's a little laddie who accidentally sat down in a girl's lap and politely murmured, "Oh, pardon me," as he got up. You didn't even know he was there, did you Margie? Charles, you ought to know better.
Two cute little girls, Eleanor Vesey and Barbara Noble, sisters of upperclassmen, will be seen running around the school. What a break for "The Tiger," he seems to like them young.
Say, have you seen Andy (women hater) Wallace lately? He now wears a smart derby and dates Betty Kann.
Hail the new matinee idol, James Milton Menefee, Jr. Ask Crise.
People have often wondered when Bob Zeig will grow up. Everyone has lost hope now.
Margie Clayton seems to be getting her dates mixed up. Can't you keep your Jims straight?
Jo Anne Smith, among the most excellent of copy editors, draws pictures of her most beloved teachers between lines.
Who is the lucky boy with whom Ginny Gross is seen so much after school lately?
Herman Rutowiski had better stop making faces at every girl he sees or some poor damsel will die of fright.
Woollever, I guess you're out of luck. Jackson seems to have found that his dream girl is Sheets. That they're going to go steady is the latest report.
We hear that Zeig really goes for Heller. More power to you, Central.
Speaking of Central, Busch and Toddy have been seen running around together too.
Hey, Mosel, when are you going to give someone else besides young King a break?

Wordy Well-Knows
Bill Hockett.
Marge Howard.

Archers To Meet Central Tigers Here Tomorrow Night

Southern Five Faces Bengals In Series Tilt

City and N. E. I. C. Titles at Stake in Encounter With Traditional Opponents.

Green Quintet Is Out For Revenge

Hope To Avenge Recent Defeat; Game Will Be Played In South Side Gym at 8:30.

By Charles Baumgartner
In their lone net clash of the week, South Side's Archers will take on Central's powerful five tomorrow night at the South Side gymnasium in a city series and Northeastern Indiana Conference contest. South Side's second game of the season with the downtown five will get under way at 8:30 o'clock with the Wavelets and Cubs tangling an hour earlier in the preliminary. George and Mark Williams will officiate the two games.
Tomorrow night's clash between the Archers and Tigers is very important in Northeastern Indiana net circles, as it will decide the Fort Wayne high school net champion for 1935 and will probably also decide the N. E. I. C. champion.

City Crown at Stake

As Central has won three city series games and lost one, and Central Catholic has won two city series games and lost one, tomorrow night's game will either crown the Tigers or Irish as city champs. The Tigers have chalked up two wins over North Side and one over South Side, while receiving their lone setback at the hands of Central Catholic. Coach Bill Barrett's Irish netters have won victories over South Side and Central and were defeated only by North Side in city series competition.
At the present time South Side is leading the N. E. I. C. standings with seven wins and no losses, while Central is in second place with seven victories and one defeat. A South Side win would clinch the title for the Archers as they have only one more game left to play. However, an Archer defeat would place Central in the conference lead with eight wins and one loss. South Side's remaining conference game is with the last place Garrett Roadrunners, and an Archer win is most probable, which would place Central and South Side in a tie for the conference championship.

Team's Records Good

South Side and Central both have good records for this season, the Archers having won thirteen regularly scheduled games, while losing three, and the Tigers have chalked up fifteen

Bob Symonds

One of the important members of South Side's net team is Bob Symonds, flashy forward. Bob furnishes the team with plenty of punch when he is inserted into the lineup and has started many Archer rallies this season.

wins and four losses. Central Catholic, Central, and Huntington were the Archer stumbling blocks; while Central suffered set backs at the hands of Central Catholic, Warsaw, Decatur, and Washington of East Chicago.
Coach Murray Mendenhall will probably use the same starting lineup he sent against the Archers in their first meeting several weeks ago, consisting of Riddle and Warfield as forwards, Altekruze at center, Sitko and Neat as guards. Dick Warfield, Lyle Neat, and Steve Sitko rank first, third, and fifth in the city scoring race and will probably give the Archer defense plenty of trouble tomorrow night. Virgil Riddle and Bob Altekruze are both good ball handlers and play an important part in the Tiger's defense.

The Archer starting lineup will probably consist of the same five that started against North Side last week. Hilgeman and Nelson will probably start as forwards, Close at center, George and Jackson as guards. However Coach Jake McClure may change this five a bit, sending Nelson to center and Symonds to a forward post and also inserting Lohse and Hall into the lineup.

Green Quintet Bests Airdales By 32-5 Score

South Side 5 Sails Through Hartford City in Easy Win at Creamery City.

South Side chalked up their first victory over the week-end when they swamped Hartford City's Airdales Friday evening to the tune of 32 to 5. The Archers jumped into an early lead and were never in the slightest danger of being headed.

The outcome of the game should not, however, be held against the Airdales too much as they were playing without the services of both their first string forwards, Huggins and Fulton. Huggins is high scorer for his team with more than twice as many points as his nearest competitor.

The game was unusually clean, only ten fouls being called on both teams. South Side committed six offenses; the Airdales four. Neither team was able to capitalize on their free throws. The Green sank two out of five; Hartford City, three out of seven. On the other hand, the Archers made fifteen fielders while holding their opponents to one lone basket from the floor.

South Side's scoring was evenly divided. Almost every Archer in the game broke into the scoring column. Lohse was high, however, with three fielders and two charity tosses for eight markers. Symonds, Close, Hilgeman, Jackson, and Hall each had four points. McGary made four of the Airdales' five scores.

The Archers jumped into an early lead of six points before the Airdales sank a charity heave. The quarter ended 8 to 1 in favor of the Green. The second period was the big frame for the Green. Led by Hilgeman and Lohse, they scored thirteen markers while again holding their opponents to a lone free throw.

In the last half, with the second-string Archers on the floor, the Green led down somewhat on scoring but continued to hold the Airdales. In the third period Hall scored four of the Green's six points. The Archers led at the three-quarter mark, 27 to 2. In the final period Joe Close led the offense with two fielders while the Airdales scored their lone fielder and a free toss.

In the preliminary Carl Hall and Hines led the Wavelets to a 28 to 17 victory over the Pups. After a poor start they led at half-time 9 to 8, but played better the second half to gain a good lead by the final gun. Both teams were terrible at the foul stripe. The Green made four out of thirteen shots while the Airdales converted on one of their nine opportunities.

Varsity summary:
South Side FG FT T. Symonds 2 0 4 Lohse 3 2 8

Hardwood Heroes

Joe Close, slender, sharp-shooting center of the varsity squad, has shown an unusual improvement during the last two months. He made his first appearance on the varsity five this year and has what it takes to play the game well. He will probably share the center position with Jim Ellenwood part of next season, after Bob Nelson, the present center, graduates. Joe has played on the reserves as a center for two years. He made his first appearance on the varsity quintet in the Bluffton-South Side game and has played in ten varsity games since.

He played basketball while in grade school at Harrison Hill, where he served as center and forward. Joe would like to attend the famous Oxford University in England; but, if this should be impossible, he has Purdue University in mind. He plans to be active in basketball upon entering college.

Eugene Jackson, tall, curly-headed, six-foot-one-inch, sharpshooting guard, made his first appearance on the varsity this year, in the Monroeville-South Side tilt. In this game he scored ten points and for a long time afterward he held the high scoring honors of the South Side varsity quintet. He specializes in the one-hand shot and has caged some of the most difficult shots in this manner.

Gene had played on the reserves basketball squad for three years as forward and guard. He also played right end on the reserve and varsity football eleven. Eugene has earned nearly three varsity letters. He was active on intramural and independent baseball, and softball teams in the past.

Jackson came from Harrison Hill. He will enter Northwestern University and plans to be active in varsity sports.

Girls' Basketball Tilts Underway

Of Four Games Played in G.A.A. Tournament Monday Afternoon, Two Are Close Battles.

Four games in the G. A. A. basketball tournament were played in the gymnasium Monday night. Two of these games were close tilts while the other two were walk-aways.

Freshman 4 team defeated Freshman 1 team with a score of 21 to 17. The score was 15 to 6 in favor of the Freshman 1's at the first quarter. In the first few minutes of the second quarter the Freshman 1's brought up the score to 15-12, and then tied the score. The last half was fairly even. The outstanding players on Freshman 4 team were M. Shepler, who made five baskets and a foul, and A. Seifert, who made three baskets.

In another even game Freshman 2 team defeated Freshman 3 team 36 to 34. The score was 16 to 8 at the first quarter and 20 to 16 at the half in favor of Freshman 2 team. The last half was very close; but Freshman 2's succeeded in getting two more points than Freshman 3 team. The outstanding players were B. Rerick, B. Raymond, C. Beck, and B. Franke of Freshman 2 team and Blauvelt, Roe and Kern of team 3.

Sophomore 3 defeated Sophomore 4 in a very easy game with a score of 23 to 8. The score was 12 to 2 at the half, 16 to 2 at the third quarter, and 23 to 3 at the end of the game. The outstanding players were M. Meyers, and W. Locker played good games for the Sophomore 3 team.

The score was 25 to 6 in the game between Sophomore 6 and Sophomore 7 teams, the Sophomore 6's winning. The score was 16 to 0 at the half and 18 to 2 at the third quarter. Good games were played by B. Harnish, P. Barrows, and E. Disler, all of team 6.

Pace Makers

Charlie Hornbostel, famous half-mile track star, will no longer tread the cinder path for Indiana University, but will put on seven-league boots for Harvard University. Hornbostel has enrolled in a post graduate course at Harvard. He was graduated from Indiana University last June. Charlie's winged feet brought him the fine honor of being placed on the American Olympic track squad; he also holds the world record for the 600-yard sprint and has held the half-mile outdoor track record.

Here is news! Only forty-seven personal fouls were called in a basketball game between Huntington College and St. Joseph College. The entire first team and part of Huntington's second squad were forced from the tilt on personal fouls. Only two men were from the St. Joseph squad. At the sound of the final gun every player on both teams had at least one personal foul called.

Archers Vanquish Redskins In Thrilling City Tilt Saturday

Chalking up their second city series victory as well as their seventh Northeastern Indiana Conference win of the season, South Side's mighty Archers took the North Side Redskins into camp Saturday night by a score of 24 to 20.

Using a tight zone defense that was working smoothly throughout the game, the Green netters forced the Redskins snipers to shoot from far out on the floor and committed only four personal fouls while holding the Redskins in check. North Side's defense was also strong, but it weakened at several stages of the game, allowing the Archers to drop in enough baskets to come out on the long end of the final score. Five personal fouls were called on the northern five in their attempt to stop the Archers' powerful offense.

Opening the first quarter of the game, North Side dropped in two fielders to jump into a 4-to-0 lead. However, the Redskins' lead was short-lived as the Archers proceeded to score four baskets in a row to take an 8 to 4 lead at the end of the initial period.

Green Retains Fast Pace
In the second quarter North Side again scored two fielders in the first few minutes of the period, tying the score up at eight-all. However, the Archers again opened up their attack to score three more baskets while holding the Redskins to another fielder, giving the southern five a 14-to-10 lead at the end of the first half.

During the third period South Side ran up a lead of ten points over the Redskins and then coasted to a victory during the final quarter. Jim Hilgeman led the Archer third period rally with three fielders, and Ivan Barclay dropped in the two North Side fielders. North Side staged a six-point rally during the last five minutes of the final period, while holding the Archers scoreless to make the final score 24 to 20.

Brower George, Si Symonds, and Jim Hilgeman led the winners' attack, each scoring six points. Ivan Barclay with eight points and Gerald Johnston with six were best for the losers.

Paposes Win 24-16
Displaying amazing ability at the charity line in addition to a well-set defense, the North Side Paposes went out in front in the first period of their clash with the South Side Reserves and emerged victorious by a 24 to 16 count. In winning this tilt the powerful North Side five avenged a 26-to-15 whipping administered to them in a previous tilt by the Green outfit.

The Red literally captured the game from the foul line where they sank ten of the twelve opportunities afforded them. The Paposes were in the lead throughout the tilt being out in front

at the quarter 6 to 2, at the half 10 to 4, and the third period by a 16-13 lead. In the final period the Green defense cracked and permitted the Paposes to make their win decisive.

G. A. A. Flashes

Winnie Locker and Millie Hoff are starting on the stomach balance early in the season. Since it is almost perfect now, what will it be by the end of the season?

Anybody desiring to see a good basketball player in action be sure to watch Eleanor Cupp. She is as fast as a comet and a very good shot.

Seventy-five girls signed up for the Wednesday tumbling section, but it was cut down to sixty-four. The girls would have had to stand on one another's shoulders to do anything. Although that is in order with tumbling, it was thought the girls could do better in a smaller class.

Babs Raymond is quite energetic in teaching the girls on her squad the backward roll. Just watch her sometime.

Did you know that Florence McKeon is wearing her "S" everywhere? She even wore it in tumbling class last week. What's the idea, Florence?

The officials have to keep on their toes if they happen to have a game in which Alice Mae Seibold's team plays. Such a fast game is played that they can hardly keep track of the ball.

Tercentenary Information Is Given Out

Material Is Listed Which Gives Interesting Facts On Secondary Schools.

New information concerning the Tercentenary Observance has been issued by the celebration committee for use in the schools. Three centuries ago the Boston Latin School began a movement for the establishment of secondary schools.

The teachers in the schools in New England in the early period were very well educated, very religious, and capable as teachers. Ezekiel Cheever who was in charge of the Latin Grammar School in New Haven, Connecticut, was the author of a Latin grammar. This book was used more than a hundred years after it was published in 1650. Most of us are familiar with some of the books used at that time. The famous "New England Primer" was published in 1690 and referred to the Bible throughout. Its total sales have been estimated at three million. The Horn Book, one of the first texts used, was a thin board on which a printed leaf was pasted.

Boys Kept Garden

The Boston Latin Grammar School of the eighteenth century had a well-kept garden. The boys who behaved the best were allowed to take care of it. These boys helped the master in sawing wood and bringing in water. Some of the future signers of the Declaration of Independence, John Hancock, Robert Paine, and William Hooper, attended this school.

Early in the eighteenth century another Boston Latin School and three writing schools, where boys whose parents had no social ambitions could learn the simple principles of arithmetic and writing, were established.

In 1789 the Massachusetts legislature framed a very complete school law. The main point was the broadening of the curriculum so that English grammar and spelling could be included. This law legalized the practices in education of the past one hundred fifty years, and changed them into state requirements. A six months elementary school was required in every town having one hundred fifty families and twelve months if there were two hundred families. The Selectmen of the town inspected the schools and issued the required certificates to teachers. This was the beginning of the modern school board.

Girls Given Chance

In 1790 a town meeting was held in Boston to consider a revision of the system of public instruction. This petition provided that instruction be given to both sexes. Samuel Adams, then Lieutenant-Governor, was one of the members who favored giving girls an education. Girls were allowed to attend school from April 20 to October 20.

Several Hundred Hear Benefit Band Concert

The South Side High School band entertained about 225 persons at the South Side gym last Thursday evening despite bad weather and frozen streets and windshields. The program was sponsored by the South Side Parent-Teacher Association, and the proceeds from it will be used for needy students' books, clothing, and other necessities. Mrs. David Vesey, president of the organization, had charge of the affair, which was the second such concert presented, the other being given last year for the same purpose.

Several novel, interesting numbers were presented. Included in these were solos by Norwood Dalman, Richard Snook, Dick Hickman, and Maurice Zurburg.

Sunshiners To Meet On Tuesday Afternoon

The next meeting of the Sunshine Club will be held in the Voohees Room, February 19. At this meeting the Sunshine picture for the Totem shall be taken. Thelma Ervin and Caroline Demeryer are in charge of the program. Games and reports will be features of the meeting.

All girls of South Side are cordially invited to attend. Dues are twenty cents.

UP AND DOWN OUR INCLINES

In connection with their study of citizenship, the pupils of Mr. Field's classes were given a number of talks on different clubs by members of the public speaking department. The talks were given as follows: Wranglers, Dick Schannen, Ruth Adler, and John Bremer; Meterites, June Haeger, Helen Sinish, and Betty Wainwright; U. S. A., Elizabeth Soriers, Verna Holtman, and Anna Brumbaugh; Torch, George Anna Martin, Bob Klopferstein, and Lloyd Grodrian; Travel, Paul Randall, Ruth Greiner, and Betty Erick; Philatelic, Bill Dulin, Suzanne Meyer, and Dorothy Nance; G. A. A., Ursula Morton and Hazel Kuttler.

Orman Wagner and William Russell worked on the large sign which was used during the North Side game for the Wrangling Sweetheart Dance.

A few advanced students in Miss Dochtermann's art classes are working on designs for the tercentenary celebration. Some posters are showing much progress.

The following in Miss DeLancey's English classes have made book reports: George Kempf, Doreen Russell, Kenneth Allway, Virginia Hemmer, Eleanor Gernand, and Margaret Ruckler.

Miss Mellen's cooking 2 classes are taking up a thorough study of buying and preparing of meats in preparation for the studying of family meals. They are also becoming acquainted with department work, and have been divided

North Side G.A.A. To Give Vaudeville

'Sea Foam Frolics' To Be Theme Of Acts Given for King Neptune; Dance Will Follow Acts.

"Sea Foam Frolics" will be the theme of a vaudeville act to be sponsored by the Girls' Athletic Association of North Side High School on Saturday night at 8 o'clock in the auditorium.

All of the decorations will be pertaining to seamen, navigation, or ships. The acts will all take place on board a ship for the pleasure of King Neptune.

A unique idea has been arranged by the G. A. A. in which every club in the school is asked to enter a stunt at a performance Friday night; and from these, eight acts will be chosen to appear in the vaudeville act Saturday night. The G. A. A. will award a cash prize to the club exhibiting the best act Saturday night.

Following the vaudeville there will be a dance in the cafeteria, also sponsored by the North Side G. A. A. Dan Yoder's orchestra will furnish the music for the dance and there will be several specialty numbers. Betty Rabus is in charge of the dance.

Coral Swick and Ruth Steinacker were appointed co-chairmen in charge of the vaudeville acts. The assistants are program, Margaret Geyer; publicity, Jo Miles Phyllis Janorschke, Dorothy Bayer, Marjorie Hegerfeld, Virginia Polk, and Alice Wildermuth; property, Muriel Harper and Betty Stewart.

Admission for the vaudeville is twenty-five cents, and admission to the dance is fifteen cents. The tickets may be purchased at the door.

Charles Thorne of Miss Miller's general history 2 class, gave a report on Fredrick the Great, which was taken from Henderson's History of Germany.

Miss Miller's United States history 2 classes are making maps of secession prior to the Civil War.

Mr. Davis' algebra 2 classes are studying with a different type of studying. The work is divided into units after each of which a test is taken. In this way the student can progress as much as he wants to in as much time as he wants to.

Mr. Davis has a duplicator on which all the tests of the different units are transferred from a master copy. Other copies are then made from the duplicator very quickly.

Miss Demaree's English 6 classes are studying the short story. They are reviewing 12 stories out of class to report on.

In Miss Smeltzley's general history class the following people made 100 percent in a recent contest: Robert Braumgard, Ruth Garber, John Hines, Dee Keel, and Kathleen Witmer. The following students made grades of 90 or above: Pearl Elbertson, Kathryn Miller, John Thackeray, and Betty Davenport.

Lloyd Whelan To Talk On Geological Camp

Mr. Lloyd K. Whelan will give a talk on the region surrounding the geological camp of the University of Michigan at the next Math-Science Club meeting to be held Friday, February 22, at 7:30 o'clock. The camp is near Mills Spring, Kentucky, and is operated only during the summer months. A talk on mathematics will be given by Ruth Adler. Robert Blomker and Gerald Eickmeyer will give a chemistry demonstration. Following this program, games led by Arleth Carvin will be played. The games will be followed by refreshments.

The program committee, consisting of Anna Brumbaugh, chairman; Charlene Davis, Alice Mae Seibold, and Bryce Minier have completed plans for the programs for most of the coming meetings.

Club's Purpose To Be Discussed at Hi-Y Meet

South Side senior boys are requested to attend the Senior Hi-Y meeting at 7:30 p. m. at the Y. M. C. A. this evening. Refreshments will be served. Dick Russell, program chairman, will lead a discussion on the purpose of the Hi-Y Club. All members are asked to be ready to take part in this discussion. The attention of all members and prospective members is called to the club bulletin board. This board will carry all important club news and announcements.

Reading Fun In Store For Boys

Here's important news for the boys of America. THE AMERICAN BOY—YOUTH'S COMPANION, the nation's quality magazine for boys, has been reduced from \$2.00 a year to \$1.00. The three-year rate, formerly \$3.50, has been reduced to \$2.00.

"For a long time we have been seeking a way to reduce the cost of THE AMERICAN BOY to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible, and we think boys will agree that the new price is big news on the reading front. We hope boys will help us to spread the good news by telling their friends."

Along with the cut in cost, the magazine's publishers are planning a magazine that will continue to set the pace in fiction, articles, and departments. The favorite characters of millions of boys will parade through THE AMERICAN BOY in new stories. Douglas Renfrew of the Royal Canadian Mounted, Hide-rack, the red-and-gold collier, Bonehead Jim Tierney, the detective, will give the reader many exciting hours in the months to come.

William Heyliger, whose true-to-life, gripping vocational stories have won him wide acclaim from parents and librarians, as well as the hearty approval of boys, is working on new stories. Staff writers are interviewing famous coaches and athletes and world-renowned explorers, to bring boys the color and fun of sports and travel.

In short, THE AMERICAN BOY, under its new price, will continue to give boys a magazine that measures up to the best standards set by adult magazines. Send your subscription to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and THE AMERICAN BOY will soon be headed your way, loaded with reading thrills.

Sunshine Skating Party Draws Crowd

Valentine Motif Is Theme; Attendance Prize of Box of Candy Is Presented at Affair.

The Sunshine skating party was one of the great successes of the club year. A large crowd attended the party.

The theme of the fracas was in keeping with the season of the year, the Valentine motif.

An attendance prize, a large box of candy, was awarded about 10 o'clock. A bus met a large group of the skaters at 7:30 o'clock to take out those who had paid their dimes for a round trip.

The committee in charge of the skating party was Thelma Ervin. The chaperones for the affair were the two faculty advisers, the Misses Mary and Edith Crowe.

Historical Spots in Paris To Be Reviewed Today

Historical spots in Paris will be reviewed at the regular meeting of the French Club this afternoon in the Voorhees Room. Highlights on the Cathedral of Notre Dame will be given by John Bremer. Margaret Sowers will describe the Louvre museum and tell of some of the treasures found there. The palace of the Tuilleries will be told about by Berneta McIntosh.

Prospective new members should bear in mind that three consecutive meetings must be attended before their names will be placed on the roll, and old members should remember that each meeting attended counts ten points toward a pin.

The Totem picture will be taken in the Voorhees Room before the meeting.

Wo-Ho-Ma Meets In Greeley Room

Violet Garton presided at the meeting of the Wo-Ho-Ma Club last Thursday in the Greeley Room. It was decided at the meeting that the club would contribute to the Santa Claus suit purchased by the school. After the adjournment of the business meeting the meeting was turned over to Clara Jefferies, the program chairman.

A short play entitled "Mother Nature's Beauty Parlor" was then presented by several members of the club, after which games and dancing were enjoyed.

1500 Club Program Includes Talks, Music

"Before interviewing anyone, one should, if possible, know something about the person in question. He should also have some information on a few subjects which might interest the person to be interviewed." This was just a part of the advice given by Vivian Crates Logan, a reporter of the News-Sentinel, to members of the 1500 Club who attended the pot-luck last week in The Times Room.

Mrs. Logan also related a few of her most interesting experiences, including interviews with such important personalities as Mrs. Herbert Hoover, Ethel Barrymore, Charles Dawes, and Gloria Swanson. "A reporter should never show a pencil or paper because it gives the person interviewed a very stiff and formal feeling of procedure," she said. Mrs. Logan was formerly from South Side, and was a general manager of The Times.

Singing was provided by Anna Marie Baumgartner while the members were eating.

Gordon Straley, John Eschoff, and Bill Kozma completed the program by playing several popular and a few Russian numbers, on the mandolin and guitar.

Art Bailey Entertains Radio Club Thursday

Arthur Bailey interested the members of the Radio Club at their meeting Thursday afternoon in Room 96 with a demonstration of his new radio receiver.

The machine was displayed; its parts and the manner in which it works were explained. Art Bailey enabled the members of the Radio Club to hear a number of foreign stations. The Q. S. T. magazine to which the club is subscribing was discussed during the business meeting.

Officers Elected By Girl Riflers

Organization Meeting of Club Is Held; Outing Is Planned; New Point System Arranged.

An organization meeting of the Girls' Rifle Club was held last Thursday evening after school in Room 92. An election of officers was held with Miss DeLancey presiding.

The new officers are Clarice Rudy, secretary; Maxine Borchert, treasurer; Helen Anderson, Inter-Club Congress representative, and Elizabeth Linhart, range officer.

After the election, plans for the social activities of the term were discussed. It was decided to have a chili supper at Miss DeLancey's apartment sometime in March. Another outing may be planned later for May.

In order to make the club more interesting and to introduce some competition within the club, a new scoring system will be used this semester. The second five shots made by each member will be recorded and the girl with the highest score at each meeting will be honored.

Those who were present at the meeting are Helen Anderson, Helen Callison, Elizabeth Linhart, Maxine Borchert, Clarice Rudy, and Betty Rayl. The next meeting will be held next Wednesday, February 20, at the rifle range.

New Members Invited To Marionette Meeting

Marionette members and all students who are interested in learning how to work puppets are invited to come to the meeting in room 140 tonight at 8:30.

Georgianna McIntyre, program chairman, announced that the members would witness a demonstration of the manipulation of puppets given by Norman Budd. Norman is an active member of the club and is very experienced along the lines of making and manipulating marionettes. He has several pupils to whom he teaches this noteworthy art. The dues for the club are only fifteen cents and are payable to the treasurer of the club at any time. All students are invited to visit or join the club.

It has been announced that Miss Donna Schlegelmilch, a teacher of Harrison Hill School, will give a talk on marionettes at the second meeting of the club, to be held two weeks from today.

Many Students Aid in Project Of Beautifying

Help Faculty in Improving Surroundings of School By Working on Grounds.

Bushes, Flowers, Trees Are Used

Home Room Teachers Listed With Student Assistants; Many Have Taken Part.

Last semester several students in each home room aided in performing various projects on the beautification of the school grounds. It is to their cooperation that the school owes its gratitude. They have submitted their aid in donating and planting trees, shrubs, flowers, and in otherwise beautifying the grounds.

These pupils and their home room teachers are listed below: Miss Benner: Manfred Adams, Frances Russell, Robert Altevogt; Miss McCloskey: John Bremer, Wayne Bender, Dick Russell; Miss Magley, James Myers, Hubert Nichter.

Miss Crowe, Robert Simming, Francis Sohn; Miss Perkins, Lester Trier, Robert Tapping, Bartin Turley; Miss Miller, Betty Medaris, Berneta McIntosh, Arnold Mettsch; Miss M. Crowe, Alvin Byroade, Gayous Brindle, Quentin Briggs; Miss L. Mellen, Jerry Zehr; Miss Peck, Marian Wolff, Helen Wight, Virginia Diche, Don Weimann; Miss Paxton, Betty Pugh, Rex Perry; Miss Kiefer, Don Rinker, Clifford Schrom, Betty Rison; Miss Hemmer, John Dutterer, Paul Fairfield.

Miss Covalt, Billy Fries, Paul Graham; Miss Smeltzly, Eric Seibt, Royal Steiner; Miss Denare, Naomi Kline, Mary Ellen Kelly, Bob Klotz, Evelyn Klingenberg, Evelyn Knock, Maxine Jones; Miss Fiedler, Jack Horn, Max Hower, Harry Hawthorne; Miss Kelly, John Hines; Miss Dochterman, Lillian Bergman, Eric Beyer, Max Croyle, Louis William Bonsib; Miss Mott, Thomas Turflinger; Miss Rehorts, Donald LaFontain, Max Allen, Marion Bailey; Miss Patterson, Miles Porter, David Roth.

Miss Woodward, Paul Merkert, Nelson Miller; Miss Oppelt, Clarence Greider, Raymond Geiger, James Geiger, Richard Gebert; Mr. Whelan, Miriam McEntire, Dale McNeal, Hubert McEwen, Willis Mertens; Mr. Murch, Richard Vogelsang, Holden Rupnow, John Thackeray; Mr. Wilson, Robert Martin, Oran Marlow, Donald Jener; Mr. Sidell, Richard Hickman, Helen Hickman; Mr. McClure, Donald Klerner, Karl Klingler, LaWayne Kliever; Mr. Briner, Louis Squires, Don Sparkman.

Mr. Fields, Dave Steger, Bill Bender, Charles Stone, Marvin Bux, Virginia Shiflett; Mr. Flint, Dorothy Crabb, Margaret Crankshaw; Mr. Gilbreath, Adolph Rem, Glen Seabolt; Mr. Murphy, Joe Bell, Ina Anderson, Kenneth Allway; Mr. Davis, Bill Bundy, Jack Brown, Betty Davenport, Martha Crum, Don Bazzanett, Florence Anderson.

Mr. Sterner, Ed Leitz, Leslie Krook; Mr. Bex, Neta Davis, Ava Swing, Dorothy DeHaven, Edna Disler, Marie Ogle, Harry Ertee, Wilbur Eicher, Claude Davis, Robert Diche, Don Faux, Richard Dent, Paul Ellison, Virginia Fathauer; Mr. Chappell, Doris Papai, William Meyers, Robert Morton; Mr. Welborn, Robert Baade, Wilson Beyer, Clarence Buesking.

Mr. Gould, Jack Dawson, Robert Craighead; Mr. Hull, James Clapper, Clarabelle Chenoweth, Wayne Christie; Mr. Null, Virginia Walling, Robert Will, Norman Stoltz, Don Seibold, Robert Stillwell, Mildred Frontman, George Strahlen, Ann Winter, Betty Wilson, Bessie Wisloh, Jo Wilson, Robert Williams, Don Wharton, Delmar Stier, Marjorie Wehmer, Mariette Walburn; and Mr. Snider's whole class.

Will Durant To Speak
Will Durant, popular interpreter of philosophy and author of several best sellers on that subject, will be the speaker at one of a series of lectures sponsored by the Teachers' Club of Rockford High School, Rockford, Illinois.

M. J. Unthank Speaks Here At Inter-Rational Assembly

Mr. M. J. Unthank, executive secretary of the Wheatley Social Center and well-known civic leader in Fort Wayne, spoke on "The American Negro's Contribution to America" at an inter-racial assembly in co-operation with the annual Inter-Racial Week, which begins on the Sunday nearest to Lincoln's birthday each year.

After being introduced by Mr. Nelson Snider, Mr. Unthank said that the purpose of this week is to promote world fellowship and better feeling between the different races. He hoped that through his talk the students might become a little better acquainted and feel a little more kindly toward the American negro.

"The negro has a splendid background in that they are descendants of the Ethiopian race, which achieved achievements in fine arts and was one of the most cultured races in ancient history," stated the speaker.

"I believe the negro spirituals are the only true American folk songs," stated Mr. Unthank. "They are most beautiful in their natural form and should never be set to jazz music, as they are many times found today."

Mr. Unthank told how negro spirituals originated. Just before the slaves were set free they began to have meetings among themselves. The masters, fearing they would unite and rebel, ordered all of these meetings to be stopped. Nevertheless the black man was determined to meet with others of his race where he could worship his God. At night they would steal away from the plantations and meet in the

To Give Baccalaureate

Rev. Charles M. Houser

Reverend Charles M. Houser, pastor of Plymouth Congregational Church, has been selected as Baccalaureate minister by South Side's graduating class. Arrangements as to time and place for the Baccalaureate have not been made.

Art Club To Hear K. B. Yohannan

Local Rug Dealer Will Present Demonstration and Talk on Connection of Rugs and Art.

A trip to Mr. K. B. Yohannan's Oriental Store on South Clinton Street will feature the meeting of the Art Club on Wednesday, February 27. The members will meet in the Greeley Room at 3:20 o'clock. After a few announcements by the president, Berneta McIntosh, the club will go in a body to Mr. Yohannan's Oriental Store.

Mr. Yohannan will speak on the connection between art and oriental rugs. His talk should be extremely interesting because he has been connected with rugs all his life, and has a wide knowledge of his subject. The Art Club members will be shown through his store, during which time Mr. Yohannan will exhibit some of his finest and most interesting rugs. Looms will be used to explain something about the art of making a rug, the conditions of the people who make the rugs, and the kinds of rugs made in different sections of certain countries.

Before the club leaves for downtown, the deadline for the payment of dues will be announced. It will also be announced that anyone wishing to obtain the South Side emblem, the statue of a kneeling archer, may still do so, as there are a few Archers left from the Christmas sale. They are being sold in room 61 for fifty cents apiece.

U.S.A. Club Plans Tournament Hop

Grace Nelson, Ticket Chairman Of Dance To Be Held March 2, Appointed at Last Meeting.

Valentine's Day was celebrated by the members of the U. S. A. Club at the meeting which was held on Thursday, February 14, in the Greeley Room. With this party was combined a membership party.

Virginia McNamara and Jacqueline Hench opened the program by giving a tap dance and an acrobatic dance. Georgeanna Jane Jones accompanied them with the accordion. Margie Shuman gave a reading called "On Sunday Night." Games were played and then refreshments were served.

The committee in charge of this program was: Virginia Fathauer, chairman; Julia Crabb, Grace Nelson, Vivian Woods, and Janice Baumgardner.

Lois Wyneken, the president, announced the committee in charge of the next meeting which will be the initiation meeting. This is: Barbara Von Gunten, Elizabeth Simpson, Clarissa Colburn. She also told about the Tournament Dance, which will be on March 2.

swamps. Here as they prayed they hummed tunes. The tunes were carried down through the generations until they were copied and words were set to them. From the idea of stealing away to the religious meeting, one of the greatest spirituals, "Steal Away to Jesus," was written.

The speaker reminded the students that Booker T. Washington, a prominent negro, was the originator of the plan for shop work in schools as we have it today. Originally it was meant to train the minds and hands of the negroes who were accustomed to laboring in the fields.

Mr. Unthank urged the whites not to condemn the whole negro race because they see the headline, "Negro Brute Hunted," but to remember all the good things about the black race which are not printed.

In closing, to show how very little the white man knows about the negro, Mr. Unthank gave as an illustration an experience a friend of his had while riding on a street car in Philadelphia. A small child reached over and touched the cheeks of the negro, and then looked at his finger to see if anything rubbed off.

The Wheatley Center Girls' Trio sang "Travelin' On" by Thomas Dorsey; "Amen," by O. J. Hogan; "I Can Sell the World," and "Walking on the King's Highway."

To Sell Sectional Tickets on Monday

Sectional tickets will be distributed among the home rooms on Monday, February 25. The games will be on Friday and Saturday, March 1 and 2. It will cost \$1.50 for the whole tournament, and 35 cents for each session. There will be six sessions Friday and Saturday. Half of the profits of the tournament will be divided among the schools on the basis of the tickets sold in each school by Thursday evening.

Jr. Math Plans Skating Party This Friday

Bell's Rink Will Be Scene of Fracas Tomorrow Night; Prizes to Be Raffle Off.

Junior-Math Club will sponsor a skating party at Bell's Rink Friday night, February 22, at 8 o'clock, with admission price of 25 cents. Mr. Alvaro Ferlini and Miss Mary Paxton, faculty advisers of the club, will act as chaperones.

Tickets may be secured from any member of the club or from Miss Paxton or Mr. Ferlini. Those students who need transportation may ride out and back in the bus for ten cents. The bus will be at the main entrance of South Side at 7:30 o'clock.

One of the main features of the party will be a drawing, at which time a box of Martha Washington Candy, merchandise from the Bond Sweet Shop, and, as a prize for girls, a shampoo and a finger were offered by Moderne Beauty Shoppe, will be raffled off. Several other prizes will be given away, too. The holders of tickets will write their names on their pasteboards before handing them in. The prize winners will be drawn from these.

In charge of arrangements is a committee composed of: Charles Hart, chairman; Helen Meyer, Robert Meyer, Charles Thorne, Beulah Horstmeier, and Marion Roehrs. On the publicity side of it, Kenneth Ross made posters, and Dick Dochterman made the jig-saw, which drew so much attention.

Seniors To Offer Two One-Act Plays

Student Players' Club To Present Productions During Seventh Period on February 25.

During the seventh period Monday, February 25, the senior members of the Student Players' Club will present two one-act plays, as has been their custom in the past.

Miss Marjorie Suter, faculty adviser of the club is directing both plays which vary greatly as to type. In the first play Berneta McIntosh, Bob Klopfenstein, and Clarabelle Chenoweth will show their acting ability.

In the second one-act play the following seniors will take part: Betty Eric, Wilma Bleke, Geraldine Henline, Charlene Davis, and Eleanor Cupp. Frank Montgomery, Bob Blomker, Elgin Stump, Ellis Lockner, James Roth, and Clayton Kilpatrick.

Lloyd Whelan To Talk On Geological Camp

Mr. Lloyd K. Whelan, physical geography teacher, will give a talk on the summer experimentation camp of the University of Michigan at the next Math-Science meeting tomorrow night at 7:30 o'clock. His talk will include a description of its surroundings and the work done there. It is located near Mill Springs, Kentucky.

Garland Eickmeyer and Bob Blomker will give a chemistry demonstration showing the different colors that can be obtained from blending various chemicals.

Ruth Adler will give a talk on mathematics.

Following the meeting, games, led by Arlette Carvin, will be played and refreshments will be served.

All sophomore A's, juniors, and seniors who have taken one year of mathematics or some science are eligible to join and are invited to do so.

"Jack-the-Giant-Killer" Is Junior Hi-Y Topic

"Jack-the-Giant-Killer" was the subject of a talk given by Mr. Homer Davis of the Y. M. C. A. to the Junior Hi-Y Club at its regular meeting Monday evening.

In his talk Mr. Davis told of modern giants that needed to be killed, namely, racial prejudice and money idolism. His dissertation was much in keeping with the purpose of the club.

The next meeting of the club will be held next Monday at the Y. M. C. A. at 7:30. A discussion on "School Life" will be held, and another special part of the program is planned. Special attention is being called to the fact that the membership should be increased by a few members.

Meterites Elect, Hear Book Review Tuesday

Joan Bonsib was elected to the Inter-Club Congress by the Meterites at a club meeting held February 17, in the Greeley Room.

Betty Gross gave a review on the book, "A Home of My Own." The setting of this book was in Indiana in a small town.

A picture for the Totem of the Meterite members was discussed at the meeting. It was decided to have a half-page picture in the Totem this year.

Girl Reserve's Annual Dance After Sectional

Clubs of Three High Schools Plan Shindig for March 2 After Sectional Finals.

Dancing Will Be From 9:30 to 11:30

Both Cafeteria and Greeley Rooms To Be Used; Single Ticket Will Cost 20 Cents.

The Girl Reserves of the Fort Wayne high schools will hold their annual tournament dance on Saturday evening, March 2, from 9:30 to 11:30. The dance will follow the final game of the sectional tournament. South Side will be host at the dance following the custom of sectional hosts. Two orchestras, to be announced later, will play in the Greeley Room and in the cafeteria.

The decorations committee with Miss Miller as head, will comprise the following South Side girls: Mary Osborn, Pat Tarney, Ruth Reitz, Catherine Hirschman, Ruth Adler, and Violet Whitner. The orchestra committee's faculty head is Miss Foster of North Side, and its chairman is Florence Swanson. Two other members are yet to be chosen.

The ticket committee will be under the direction of Mrs. Roy Welty and composed of three members of each Girl Reserve club. The chairmen are: North Side, Marie Wurtenburger; Central Triangle, Mary Lou Cory; Central Friendship, Dorothy Miller; U. S. A., Grace Nelson; and So-Si-Y, Virginia Beck.

The publicity committee is composed of Hutoka Neu of Central as chairman, and Betty Rabus and Arlette Carvin. Miss Alda Jane Woodward is general chairman of the check-room committee and will be aided by Betty Reamer of North Side, Alice Bowser of Central, and Sue Meyer of South Side as sub-chairmen.

Lois Wyneken is in charge of the chaperones, who will be the principals of the high schools and the "Y" committee. Esther Hartman of Central is in charge of the program, and hostesses from the high schools will also be selected.

Admission Is Twenty Cents

Admission price for the dance will be twenty cents straight. No couple tickets will be sold. Five hundred people are expected to attend.

Novel tickets, elaborate decorations, featuring all the school colors and symbols and several special numbers will feature the dance. Letters of invitations have been sent to all participants in the tournament.

General arrangements are in charge of the Inter-Club Council composed of members of the different clubs. The officers are: Presidents, Martha Baumgardner of South Side; vice-president, Betty Reamer of North Side; secretary, Cleo Terry of Wheatley Center; and treasurer, Esther Hartman of Central.

South Side Band To Give Concert

Local Organization Will Offer Exchange Concert at North Side Building on February 26.

A band concert will be given by the South Side Band at the North Side auditorium February 26. This concert is in exchange for a program, which is to be given by Mr. William Sur and his North Side A Cappella Choir, February 22, at South Side. The following program will be given by the South Side Band:

Hall of Fame.....Olivadotta Cabins.....Gillette Harp Ensemble—Miriam Liekert, Joan Bonsib, Natalie Brennan, Helen Flaig, Helen Kreischer, Wanda Jones, Betty Wainwright. Gold and Silver—Concert Waltz.....LeHar Attila Trio for Cornet, Trombone, Baritone.....Verdi Norwood Daiman, cornet; Richard Hickman, trombone; Maurice Zurburg, baritone. Barber of Seville—Overture.....Rossini North Side School Song Stars and Stripes Forever.....Spousa Directed by Billy Wainwright

To Give Talk

Paul Geisenhoff

Paul Geisenhoff, an ex-South Sider, will talk here Monday at an assembly. He is very active in public speaking and won the North Manchester oratorical contest. This year he has entered the State Oratorical Contest and if he keeps up the good work he has been doing in oratorical contests, he is sure of gaining some high recognition.

North Side A Cappella Choir To Sing Friday

The North Side A Cappella Choir will feature the music assembly program tomorrow morning. This choir under the direction of Mr. William Sur will give a forty-minute program.

In addition to this outside talent, the orchestra, directed by Jack Wainwright, will play several selections. The following pieces will be played by the orchestra: "Fly Me Now".....Czibulka "In the Mill".....Gillet String Ensemble "Cavatina".....Bohm

Wranglers Plan Huge Potluck For Meeting

B. Klopfenstein, F. Montgomery in Charge of Affair; To Hold Initiation.

As the feature of their next meeting, the Wranglers will have one of their famous potlucks followed by the initiation of new members into the club. The potluck will be held Monday evening in the cafeteria and will start at 5:30 o'clock. The entire affair will be in charge of Robert Klopfenstein and Frank Montgomery.

The Wranglers' potluck is one of the outstanding events of the Wranglers' schedule. A number of speeches will be made by various members of the club.

Initiation ceremonies are executed by the officers of the club and present members. The officers taking part in the initiation will be Bill Hockett, Dave Steger, Eleanor Cupp, Dorothy Crabb, Richard Strasser, and Paul Randall.

All persons wishing to be initiated must sign up in room 178 before Friday evening.

Teacher To Talk About Marionettes

Donna Schlegelmich of Harrison Hill Will Lecture Thursday; Committees Named for Term.

"No one can expect to learn to operate a marionette by watching someone else, although that pays, too. It takes a world of practice." So stated Norman Budde in his talk on manipulation at the Marionette Club meeting on Thursday afternoon.

Norman illustrated his talk with some of his own puppets and also displayed a new kind of paper mache heads which he has been experimenting with.

During the business meeting Kenneth Scott was chosen representative to the Inter-Club Congress. The committees in charge of work for the semester were appointed. They are: Stage, Kenneth Scott, chairman; Clarice Fyock, Millie Hoff, Robert Wiehe, Mary Anne Park, and Helen Potocki; manipulation, Norman Budde, chairman; Doreen Russell, Laverne Boyce, Mary Zimmerman, and Eliza Besse Lucas.

The program committee with Georgetta McIntyre as chairman, will be in charge of all the entertainment for the semester. The other members of the committee are Lorraine Meyer, Tomaline Hudson, Ruth Elyenberg, Miss Donna Schlegelmich, of Harrison Hill, who is very much interested in marionettes, will be the speaker for the club next Thursday. Refreshments will also be served. Anyone who desires to make and manipulate marionettes is invited to become a member.

Get-Acquainted Day Plans Are Advanced

A committee of six, consisting of Mary Osborn, chairman; Sue Meyer, Grace Nelson, Don Sparkman, Elinor Vesey, and Virginia Fathauer, with Mr. A. Verne Flint as adviser, is busily engaged in forming plans for a Get-Acquainted Day at South Side. They have decided that this event will take place March 6, if that date is agreeable with Mr. Snider and Miss Pittenger.

The purpose of the Get-Acquainted Day is to aid the pupils in becoming acquainted with their fellow students. By way of recognition, each pupil will wear a badge with his name upon it. The freshman badge will be green; sophomore, yellow; junior, salmon; and senior, white.

This is the first time a plan of this sort has been conducted by the students of South Side.

Jr. Mathers To Review Mathematics Life

The life of a great mathematician, in the form of a drama or a speech, will be the main feature of of Junior-Math's next meeting February 26. Games will be arranged by the program committee.

Plans for the Junior-Math Skating Party were discussed at the last meeting, held on February 12. Games were arranged by Helen Cox and Nora Mae Bradbury. Ice cream and cakes were served as refreshments. The program committee for the next meeting is: John Bordon, chairman; Nancy Grant, Marjorie Mitten, Mary Jane Klomp, and Raymond Racine.

17 Student Teachers To Observe South Side

Seventeen students from North Manchester College will visit South Side High School Thursday. These students are studying to be teachers under Professor Cordier, who also teaches social science at Indiana Extension at Central High School. One-half of the class will observe teaching methods of our school in the morning and the other half in the afternoon.

New Times Head

John Bremer

John Bremer will head the staff of the South Side Times during the coming two months. His appointment was announced last December, but his term does not commence until the first week in March.

Several New Girls Joins Philo Ranks

Stunts of Initiates Comprise Program; Alice Mae Seibold Announced Doubling of Dues.

Seventeen girls were initiated into Philo last Monday in an impressive ceremony. The formal initiation was conducted by Mary Martina Hobrock and Margaret Murphy.

The informal initiation constituted the main part of the program; each girl who had handed her application in early gave a stunt. Jane Loomis told Mr. Makey's joke about the "Two Chances." Sybil Knudson played on the piano "Stars Fell on Alabama." Selma Liff gave a reading, "20 Minutes Between Trains." Florence McKoon gave an impersonation of Jeanne Lang; Virginia Gardner played a piano solo "Tiny Little Fingerprints." Martha Chasey played on the piano, "Bells of Saint Mary's." Evelyn ertel read a short story, "Lillian," and Mary Michaels conducted a guessing game. At the end of the program, refreshments of butterscotch suckers were served.

The presiding table and the piano were decorated with daffodils and lighted yellow tapers.

The new members are Louise Closs, Evelyn Ertel, Florence McKoon, Marjorie Meyers, Jessiellen Zollars, Sybil Knudson, Selma Liff, Wilma Butler, Mary Michaels, Virginia Gardner, Mary Shaffer, Martha Chasey, Jane Loomis, Mildred Hoff, Lorene Shannon, Mary Louise Helm, and Peggy Kilpatrick.

Girl From Abroad Talks on Germany

Former German Resident Speaks To German Club; Next Meet Will Feature Miss Smeltzley.

Miss Eleanor Smeltzly, who has traveled extensively through many parts of the world, will speak to the German Club at their next meeting on the topic, "Beautiful Cities on the Rhine." She will describe the cities and their surrounding territories quite in detail, also telling various interesting incidents connected with these cities along the Rhine. This meeting will be held in the Voorhees Room on Wednesday, February 27.

Frieda Schubert, a pupil in Miss Clara Schmidt's German class, told about Dresden, Germany, her former home, at the last meeting. Adding to the interest of her talk, she also showed pictures of the city and the German people in that region. One picture which caused much comment was one in which some children and horses were swimming around in the same pool. The pictures clearly showed the differences of Germany and the United States, both in architecture and dress.

Frieda came to the United States at the age of nine and immediately enrolled in the school, which was formerly known as the Oxford School, now the L. C. Ward School. Speaking only German, she started in the first grade; and now, at the age of fifteen, she has progressed so far as to be a freshman in high school.

So-Si-Y Girls Mending Aprons for Points

The So-Si-Y girls under the direction of Miss Eleanor Smeltzly have been mending aprons for Miss Lucy Mellen. Every year the girls in the club who wish to gain extra points can mend these aprons as a special project. Any girl who still wishes to mend them should see Miss Smeltzly in room 6.

Amusing Play Is Presented By Lettermen at Pep Session

With the yell "Gazella," the regular pep session preceding the Central-South Side game started last Friday afternoon in the gym. Next, the band played the school song, followed by "Hello Central."

The pupils voted that they would hereafter yell "Hi do" instead of "Hello."

Bob Klopfenstein announced that another hundred tickets of the school colors had been received and must be sold before the game. He asked for the co-operation of the student body.

Bob then introduced Mr. Voorhees, who gave a pep talk. Several actors from the Lettermen's Club gave a

Tournaments are Fun Until Our Favorite Team Gets Beaten—The test of a good sport—Let's hope we aren't tested!

Few Changes In Staff Made By New Head

John Bremer, Incoming General Manager, Announces Times' Force This Week.

Rosemary Chappell Is Named Editor

Louis Bonsib, Alma Nitzsche Managing Editors; News Editor Edythe Thornton.

"Few changes have been made in major staff positions," announced John Bremer, new general manager, whose appointment was made last semester. The new staff will publish the first paper in March and will continue in office till May. Alma Nitzsche has been promoted from news editor to managing editor, with position she will hold with Louis Bonsib. Edythe Thornton has been appointed news editor; and Rosemary Chappell will serve as editor, having charge of the editorial page. The board of managers will be made up of the two ex-general managers, Ursula Morton and Wayne Bender.

All other major posts will remain the same. Bryce Minier continues as business manager, aided by Lois Magley, circulation manager; John Bex and Marjorie Killen, advertising managers; and Charlene Davis, credit manager. Bob Storm and Jo Anne Smith remain as copy editors. Charles Baumgartner has charge of sports as sports editor, and Ann Abbott is make-up editor.

Secondary Posts Filled
A few changes have been made in the secondary positions, which follow: Assistant news editor—Lois Wyneken.

Assistant make-up editor—Betty Wolf.

Assistant business manager—Anna Brumbaugh.

Exchange manager—Mary Snider. Photographer—Paul Reynolds.

Point recorder—Geraldine Henline. Cartoonist—Paul Kennedy.

Auditors—Mildred Foellinger, Aletha Hatfield.

Sports columnists—Norman Buck, Dick Helm.

Girls' sports editor—Marjorie Hower.

Intramural sports editor—Dick Riencke.

Circulation Is Same
The circulation staff, the mailing managers, and exchange writers will remain unchanged. The minor positions have also been announced; they follow:

Copy readers: Bob Blomker, Maxine Mariotte, George Anna Martin, Reginald Gerig, Clarice Rudy, Norman Buck, James Sweet.

Boys' sports writers: Don Helm, Dean Brahm, Fred Clements, Joe Bell, Norman Buck.

Girls' sports writers: Ruth Garrison, Forrestine Valentine, Geraldine Henline, Barbara Urban.

Editorial writers: Gwen Horn, Violet Garton, Dalton McAllister, Hugh Scott, James Sweet, Sally Rea, Lorraine Meyer, Harriet Storm, Clayton Kilpatrick, Mary Ann Park.

Reporters: Ruth Garrison, James Sweet, Mary Ann Park, Violet Garton, James Roth, Martin Ankenbruck, Mervyn Bohne, Jeanne Bollman, Mary Kay Connell, Alfred Diem, Betty Garton, Violet Garton, June Hager, Ruth Gerber, Paula Gerding, Bill Hebermehl, Virginia Greiner, Bryce Minier, Ruth Rose, Charles Hart, Dick Helm, Catherine Hause, Joe Bell, Mary Louise Lankenau, Clayton Kilpatrick, Dorothea Nance, Bob Harroff, Jeanette Lewis, George Anna Martin, Geneva Shearer, Marjorie Turner, Helen Walbert, Betty English, Charlene Davis, Geraldine Henline.

Classroom news reporters: Helen McCormack, Gertrude Dannenfelt, Marjorie Meyer, Ruth Berning, Ruth Henline, Claire Mae Doran.

Proofreaders: Charles Baumgartner, Geraldine Henline, Alwita Tarney, Margaret Crankshaw, Bob Blomker, and Dorothea Nance.

Ad solicitors: Jack McCraw, Dorothea Nance.

Copy collectors: Virginia Gardner, Mary Martha Hobrock.

Wo-Ho-Ma's Will Hear Teacher's Wife Speaks

Wo-Ho-Ma Club will meet today in the Greeley Room. During the business meeting the president, Violet Garton, will appoint chairmen of the various committees. Mrs. Maurice Murphy will be the main speaker of the evening, using as her topic, "Cosmetics and Toothpaste." Mrs. Murphy was formerly a teacher of home economics.

Plans for the installation to be held the next meeting will also be discussed. Songs will be practiced and parts will be given out for the services. At the close of the business meeting, George Washington games will be played and music will be furnished for dancing.

With the yell "Gazella," the regular pep session preceding the Central-South Side game started last Friday afternoon in the gym. Next, the band played the school song, followed by "Hello Central."

Archers To Finish Season Playing Garrett and Muncie

Green To Play At Railroader City Tomorrow

Expect Win in South Side-Garrett Conflict Friday Night; Is N. E. I. C. Tilt.

To Meet Bearcats Saturday Evening

Last Home Battle Is With Muncie Five at 8 P. M., With No Reserve Game.

By Charles Baumgartner

Hoping to wind up their regularly scheduled 1934-35 net season by winning their fourteenth and fifteenth victories of the season, South Side's Archers will meet Garrett's Railroaders tomorrow night at Garrett and Muncie's strong Bearcats here Saturday night on the local hardwood. The Archers' last home game of the season Saturday night, will get away at eight o'clock. There is no reserve game scheduled for the Muncie game. George Yarnelle and Donald Coar will be the officials for the Archers' last game on their 1934-35 net card.

Meeting Garrett's Railroaders tomorrow night in their last N. E. I. C. game of the season, South Side must annex a victory to tie with Central's Tigers for the conference net championship. It is rumored that Garrett is contemplating withdrawing from the N. E. I. C. by next year and this may be the Archers' last conference tilt with the Railroaders.

Has Four Wins

Coach C. E. Bryan's Garrett five has only chalked up four victories so far this season, one from Columbia City and Lagrange, and two from the Willard, Ohio, high school five, and should offer the Archers very little trouble. Coach Bryan's probable lineup will consist of Traster and Porter as forwards, Moats at center, and Corkwell and Bishop as guards. Moats at center, and Corkwell at guard are the sparkplugs of the Railroad City five. Moats is one of the highest scoring centers in the N. E. I. C. and Corkwell, although only five feet six inches tall, is a virtual speed demon and has two years of experience behind him.

Muncie's Bearcats come to South Side to wind up their 1934-35 net season possessing only a fair record. Muncie has chalked up impressive victories over such teams as Elwood, Hartford City, Frankfort, Lebanon, Anderson, Richmond, and Newcastle; but the Bearcats have also received impressive setbacks at the hands of such teams as Connersville, Kokomo, Technical of Indianapolis, Newcastle, Jefferson of Lafayette, Frankfort, and Anderson. Although they defeated Frankfort and Anderson earlier in the season, the Bearcats received setbacks by these two five a few weeks ago. However, Muncie evened the count up with their old rivals, Newcastle, by handing them a 31 to 20 defeat last Friday.

Jolly Coaches Men

Coach Pete Jolly, Muncie net mentor, has a tall, experienced, fast, and clever team this year and it is expected to go far in the rapidly approaching net tournaments. The Purple and White netters use a man-to-man defense, and it has proven fairly successful so far this season.

South Side's five will be given a taste of the brand of basketball they can expect to face in the State Tournament, if they win their sectional and regional tournaments, when they meet the Bearcats Saturday night.

Bearcat Mentor

Pete Jolly

Coach Pete Jolly's Muncie Bearcats are having a fairly good season this year and are one of the strongest net teams in the state.

Girls Teams Play Six Tourney Tilts

Menze, Disler, and Mueller Are Leaders for Soph Teams; Juniors, Seniors Also Play.

Six more games in the girls' basketball tournament were completed Friday evening in the gym.

Sophomore 1 team defeated Sophomore 6 team in a hard-played game with the score ending at 19 to 13. The teams were led by L. Menze and E. Disler respectively, who in both instances were the outstanding players, and both scored ten points. S. Wallace and R. Goggin both scored two baskets for Sophomore 1 team. Betty Harnish was the only other member of Sophomore 6 team to score. She scored one basket.

Sophomore 5's Win

The score was 14 to 15 in the basketball game between the Sophomore 2's and the Sophomore 5's which Sophomore 5 team won. M. Mueller made four baskets and M. E. Wilkins made three baskets for the Sophomore 2's. L. Heuer scored three baskets and one foul; L. Stevenson scored three baskets; and B. Von Gunten one basket for Sophomore 5 team.

Junior 5 defeated Junior 1 in an easy game with the score ending 15 to 8. The teams were led by D. Figel and M. Hower respectively. D. Figel made four baskets and M. Hower made two baskets. The score at the half was 9 to 2 in favor of Junior 5 team.

Another easily won game was that in which Junior 2 team defeated Junior 4 team, 20 to 8. M. M. Hobrock and B. Rison, forwards on Junior 2 team, both scored four baskets.

Seniors Score Victory

Senior 3's scored a very easy victory over Junior 3's. P. Warner was the only person who succeeded in scoring any points for Senior 3. She scored 19 points. M. A. Park made one basket for the Junior 3 team. The score was 12 to 2 at the half and 19 to 2 at the finish of the game.

A very close well-played game was that in which Senior 1 team was defeated by Senior 2 team. U. Morton and I. M. Frazell scored for Senior 1 team, and R. E. Disler and G. Kock scored for the Senior 2's. At the half the score was 5 to 10 with the Senior 2's ahead. During the last half Senior 1 team gained four points and kept Senior 2's from scoring. The final score was 10 to 9 in favor of the Senior 2 team.

Archer Second Team Downed By Centralites

Opponent Team Maintains Lead Throughout Game; S. S. Rally Falls Short.

Inability to stop the scoring spree of Armstrong, curly-thatched forward, and Lloyd Altekruze, big Bengal center, was the cause of the second defeat for the South Side Reserves by the Central seconds. The Bengal win was even more decisive than the first victory they took, the final score being 29 to 17.

The Tigers' fast-breaking offense and a close-guarding defense was never headed after they went into the lead in the first minute of play. Both teams took numerous shots but were unable to hit with a high degree of accuracy. The usual accuracy generally displayed by the two teams at the foul line was also missing, the Bengals connecting on only seven of their sixteen opportunities while the Green could sink but seven out of fifteen attempts.

Altekruze and Armstrong started out early in the tilt and Altekruze hit on three pivot shots while his teammate contributed a foul to give the Bengals a 7 to 4 lead at the end of the first period. Ellenwood scored a basket and a charity toss and Kirtzmiller added a foul throw for the Archer points during the period. The Centralites increased their lead to a 16 to 10 count at the half with an addition of five charity tosses and two field goals. Kirtzmiller and Hall captured six points for the Green.

In the third period every member of the Blue sank a basket with the exception of Braden, and Shaefer added a foul toss. The Green meanwhile were at the mercy of the Blue and White defense and was held scoreless during the entire period. A fourth quarter rally by the Green was in vain because of the large lead their opponents held. Armstrong completed the Bengal offense with two more of his sensational shots. Hall contributed five points for the Green and Kirtzmiller and Reichert completed the Archer scoring.

Intramural Stars

A boy who has participated in practically every intramural activity offered at South Side and has every qualification for an intramural star is Wallace Bartels.

In his sophomore year, Wally was on the champion heavyweight doubles handball team, the winning lightweight tag football team, and the champion middleweight softball team. Wally was elected treasurer of the Intramural Lettermen's Club in his junior year, and this year, his senior year, he was crowned intramural bowling champion.

Every sport attracts Wally's interest but his favorite is baseball. Last fall Wally played first base for the Archer Trucking Company American Legion Junior Baseball team that won its way to the state finals of the American Legion Junior Baseball tournament.

Fans throughout the state are now turning their attention to the rapidly approaching tournaments. In the local sectional, Central seems to be the favorite, due to the recent victory over the Archers. However, we have our doubts about this little matter. There seems to be an opinion around Central that the Blue's only worry in the sectional will be Decatur, who defeated Central earlier in the season to give South Side its chance to tie with the Tigers for the N. E. I. C. lead.

However South Side will still have to be reckoned with seriously. The game Friday was by no means a walkaway, in spite of the final score. In two weeks a team can show a lot of change, both physically and in mental attitude.

As for the Yellow Jackets, we are inclined to minimize Decatur's chances. They have not shown a lot of stuff with the exception of the Central game, when the Bengals were having an off night. South Side beat Decatur rather decisively several weeks ago.

Central's win over the Archers sets South Side back into second place in the N. E. I. C. standings. The Blue has completed its conference games; but the Green has one more to play, that against Garrett tomorrow night. South Side should win this easily. In case of an Archer victory, they will be tied with Central for the championship. Should such a condition arise, and should the Archers and Tigers meet in the tournament, the game probably will be considered the play-off for the title. That game would really be a dandy.

We have just one big hope regarding the draw for the tourney, may South Side and Central meet late in the tourney. The Tigers have been a "hot and cold" team all year, depending almost entirely on quick breaks and sharp-shooting by Neat and Warfield. On the other hand South Side has depended more on a set offensive. Later in the progress of the tourney, when the strain of competition begins to tell, the Tigers would probably be harder hit than the Archers. No team can keep up a hot streak throughout the entire tourney.

Local fans may get a good idea of what to expect in the next few weeks by viewing the Muncie-South Side battle Saturday. The Bearcats are one of the outstanding teams of the state. If the Archers can beat Muncie, they will stand a great chance in the sectional.

South Side owes a big hand to Jim Hilgeman and Bob Nelson for their great work against Central. The final result might have been different if Jim had not been hurt in the last quarter.

Recently the football rules committee met in Chicago. Among their changes for the coming grid season was a much-needed improvement regarding passing. One of the rules was reworded to prevent the passer from being smothered after he gets off the pass.

Intramural Scores Are Very Uneven

Intramural Basketball Teams Starting Season With Many Lopsided Games Being Played.

Intramural basketball is off to a very good start with many interesting games being played. Some of the games were rather closely contested, but for the most part they were one-sided.

In the heavyweight league, the Percys ran roughshod over the Comets by a score of 36-0. Bartles led the scoring with fourteen points.

A low score seemed to be the aim of the Egyptians and Celts as the latter won by a score of 5-3. Nelson led the Celts with 3 points while C. Brant scored 2 for the Egyptians.

Led by Norris, who scored 12 points, the Kards whipped the Sinkers by a score of 18-2.

In a very listless game the Trojans defeated the Canadians by a score of 15-4. Kessler, Bolinger, and Wehrmaster were high point men for the winners and H. Wagner led the losers. All scored four points apiece.

In a free scoring game the June Bugs were defeated by the Flashes 31-15. Uebelhor led the winners with 13 points while Yoder was best for the losers with 6.

Bullets Defeat Lightfeet

The Bullets met with little opposition when they defeated the Lightfeet by a score of 15-3. Kruse and Raymond led the Bullets in scoring with 4 points while Clemens scored all the points for the Lightfeet.

By scoring half of his teams points G. Kempf led his team to an 8-4 victory over the Horses. J. Grown scored the only field goal for the Horses in this contest.

The Snippers ran away with the Dopes, outscoring them 25-5. Seltzer was best for the winners with 10 points and Woodhall was star for the losers with 4.

In a closely played game the Redskins managed to down the Cardinals 11-9. The lead changed hands several times. Craig with 11 points was high points man for the Redskins and Ewing led the Cardinals with 4.

Paced by Snively, who scored 5 points, the Chomera's doubled the score on the Swishers, 14-7. Menze with 4 points set the pace for the Swishers.

In a very loosely played game the Fast Freights downed the Aces 14-2. W. Russel led the scoring with 10 points.

Goons Defeat Pushovers

The Goons defeated the Pushovers by the close score of 9-8. Tower was high for the winners with 4 points. The scoring of the Pushovers was evenly divided.

In a wild game, the Stoges defeated the Tigers 15-5. Tielker was high with 11 points.

The middleweights had many interesting games, the most sensational one being played by the Wildcats and Tigrettes. After the lead had changed several times, the Tigrettes eked out a 8-7 victory. Cunningham and Berry gathered 3 points for the winners as did Dicke for the losers.

The Plugs ran away with the Tarzans 13-3 in their game. Keyser scored 5 points for the winners to lead the scoring.

Central Tigers Annex Victory Over Archers in Thrilling Tilt

Led by the sensational playing of Lyle Neat, star guard, and Dick Warfield, flashy forward, Central's Tigers handed South Side's Archers their fourth loss of the season by a 36 to 25 score

at the southern hardwood Friday night in a city series and N. E. I. C. clash. Central's win over the Archers gave them the city net crown for the 1934-35 season, and also put them in first place in the Northeastern Indiana Conference standings. Although Central and Central Catholic have both lost only one city series game this season, the Tigers have won four games while the Irish have only annexed two victories, thus giving the city net championship to Central.

In First Place

Having won eight conference games and lost one, Central moved into first place in the N. E. I. C. standings. South Side, in second place in the standings with seven victories and one setback, will play their remaining conference game with Garrett's Railroaders Friday night and are favorites to win, making South Side and Central probable co-champions of the 1934-35 conference net race.

Dropping in seven field goals and two foul throws for a total of sixteen points, Lyle Neat was the high scorer of the evening. He was closely followed, however, by his fellow teammate, Dick Warfield, who chalked up a total of thirteen points, making five fielders and three foul tosses. Bob Nelson led the Archer's offense with eleven points, scoring three baskets and making good on five of his eight throws from the free throw line.

Jumping into an early lead by virtue of an under-the-basket shot by Lyle Neat in the first minute of play, Central was at no time during the game on the short end of the score. In the first quarter, Neat broke away for three fielders and scored two foul throws, and Sitko made good on two foul attempts to give Central a 10 to 3 lead, Nelson having chalked up a fielder and a free throw.

During the second period, the Archers played the Tigers on even terms, both sides scoring seven points. Neat again led the Tiger offense by dropping in two fielders, while Warfield scored a basket and Kabisch a free throw to bring the Tiger's score up to 17. Nelson counted on a field goal and a foul toss, and Hilgeman and Jackson each dropped in a basket to raise the Archer score to 10.

Rallies in Third

Staging a third period rally, led by Bob Nelson who scored a basket and three free throws, South Side scored three baskets and five foul throws, while holding Central to three baskets and two charity tosses to bring the score up to 22 to 25 at the end of the third quarter.

In the final period Central went on a ten point scoring spree, while holding the Archers to four points to make the final score read South Side 26, Central 35.

Eleven personal fouls were called on the Tigers during the game, and ten were called on the Archers. The Archers were not hitting on their free throws, making only eight out of fifteen, while Central dropped in nine of their thirteen charity tosses.

Handball Tournament Nears Final Round

The heavyweight handball tournament has advanced to the third round. The results were: Second round, King defeated Adams 21-9; Ewing defeated Miller 21-9; Bartles defeated Baumgartner 21-19; Roberts defeated Miller 21-19; Russell defeated Russell 21-19; Allen 21-13; and Morris defeated Geiger 21-7.

Third round: King defeated Ewing 21-3; Craig defeated Kelson 21-14. Nelson advanced to the finals in the middle weight league defeating Pagniot 21-8 and Roth 21-16.

Nussbaum won the lightweight handball crown by defeating Trulock 21-12. Other results were: Trulock defeated Gidley 21-9; Seemeyer defeated Dutterer 21-10; Nussbaum defeated Lassen 21-11 and Trulock defeated Seemeyer 21-13.

Librarians Given Awards of Points

Seniors Given Silver Rewards; Juniors Awarded Bronze Pins; New Members May Be Chosen

Pins were awarded to members of the Library Club who had earned them by service before the point system went into effect. Bronze pins were received by Jim Sweet, George Anne Martin, Jo Anne Smith, Maxine Borchert, Vera Ellinger, Bill Fries, Martha Franz, and Helen Potter.

The following received silver pins for a year's service: Frank Montgomery, Dick Russell, Jim Clapper, Virginia Beck, Helen Hickman, Ruth Collins, Catherine Hirschman, Mildred Hoerner, Eugene Holtman, Clayton Kilpatrick, Robert Long, Richard Shannen, Max Tritch, and Violet Wittmer.

Martha Franz, who was program chairman for the meeting, introduced Violet Wittmer, who gave a reading entitled "The Newsworld Go Fishing" by Doris Kenyon. Frank Montgomery then sang several popular numbers among which were "Blue Moon," "June in January," "The Isle of Capri," and a few others. He was accompanied on the piano by Jo Anne Smith. Then a report was given by Catherine Hirschman.

Due to the fact that James Sweet is leaving the club, one or two additional members will probably be admitted next week.

Committee Decides On Hall Regulation

Teachers Are Posted in Various Halls of Building During Fifth Period This Semester.

A committee was appointed at the first of the semester to study the problem of regulation of the fifth period. In the report which was submitted last Tuesday, the teachers were asked to help in supervising the halls for a few days. Their assignments are as follows:

East door at entrance, Bex; at west end of hall, Thorne; library door, Fields; southeast, Demaree; north, Parks, cafeteria hall, Covatt; main Calhoun, Snider; northwest, Murphy; upper south of gym, Schmidt; lower south of gym, Patterson; west side of gym, Wilson; east side of gym, Woodward; lower north of gym, Frost.

This supervision is particularly important for the last twenty minutes of the fifth period.

To relieve the congestion at the end of the fourth, new regulations were made by this committee. Rooms 52 to 70, and 98 to library, including room 5, are being dismissed two minutes early, at 12:13. All others will be dismissed as usual at 12:15.

Sunshiners Meeting Features Several Games

Plans for future meetings and a potluck were discussed at the meeting of the Sunshine Club in the Greeley Room, February 19. The secretary's report was read by Dorothea Tobianski, and plans for future meetings and the potluck were discussed.

The program committee for this meeting was Thelma Ervin and Viola King. Games were played and enjoyed by everyone. After this the meeting was brought to a close by the singing of the club song, "My Sunshine Pal."

So-Si-Y Subject To Be "World Fellowship"

"World Fellowship Expressed" is the theme which will be carried out at the regular meeting of So-Si-Y on Tuesday, February 26, in the Greeley Room.

Several speakers on the World Fellowship topic will probably be featured and contributions for the Fellowship Dishes will be taken to further world fellowship in forty-six different countries. This is a part of the fellowship project of the Y.

The committee in charge of the meeting is Helen Anderson, chairman; Mary K. Smith, Verna Holtman, Georgetown McIntire, Martha Baumgartner, Vivian Hickman, Harriet Basford, Irene Becker, and Veneda Cutshaw. Betty Medaris is in charge of the fellowship contributions.

Russell Discusses Character for Hi-Y

South Side Senior Leads Club in Discussion at Meet Thursday; Serve Refreshments.

Character, its meaning, and how it is obtained, was the subject of the discussion led by Dick Russell at the last meeting of the South Side Senior Hi-Y. Following this discussion, which was marked by a great difference of opinion, refreshments of ice cream were served.

Dick Russell then announced the types of programs for the remainder of the year. In particular he stated that the program for this week would be interesting and unusual.

Meyer, Morgan, Lead First Typing Big Ten

Every week since the beginning of the semester, Miss Covatt has been giving her typing 2 classes speed tests. So far Lorraine Meyer has been leading almost every week and she is still ahead this week with 51.8 words per minute. The others in the first Big Ten are Martha Morgan, 44.8; Betty A. Schaaf, 44.7; Virginia Beck, 43.4; Dale Burgener, 42.2; Virginia Wood, 41.9; Robert Gaskill, 41.6; Betty Rose Lehman, 40.8; Ruth Fowler, 39.2; and Jane Van Wey, 38.3. Rosalyn Gale leads the second Big Ten with 37.9 words per minute and Rowena Bevington with 35.8 is second. Miss Covatt also posts an honor roll of perfect ten minute tests on the board of her room, 28.

Two Students Speak Before French Club

Betty Medaris, vice-president, took charge of the business meeting of Le Cercle Francais in the absence of the president, Frank Montgomery, last Thursday in the Voorhees Room. Preceding the meeting, the Totem picture was taken.

John Bremer gave a talk on the Cathedral of Notre Dame. He illustrated his talk with excerpts of the lives of royal personages who had some connection with the cathedral at one time or another.

Margaret Sowers told of the Louvre palace, one part of which has been turned into a museum. She illustrated her talk with several pictures.

Valentine-Membership Party for U. S. A. Set

U. S. A. members will enjoy a Valentine-membership party on February 21, in the Greeley Room. A tap dance will be presented by Virginia McNamara and Jaqueline Hench. There will also be games and refreshments.

The committee in charge of the party consists of Julia Crabill and Virginia Fathauer, chairmen; Betty Williams, Grace Nelson, Janice Baumgartner, and Gertrude Dannenfeldt.

Class Room News

In Miss Covatt's typing 2 class the following pupils qualified for the first big ten last week: Dale Burgener, who wrote 46 words per minute; Lorraine Meyer, 45.1; Geneva Shearer, 43.9; Virginia Beck, 42.3; Martha Morgan, 40.9; Robert Gaskill, 40.6; Virginia Wood, 39; Betty Ann Schaaf, 38.5; Betty Rose Lehman, 37.5; and Ruth Fowler, 37.4.

Joyce Spencer leads the second big ten with 37.4 words per minute. Beatrice Schiefer leads the third big ten with 34.4 words per minute.

In Miss Covatt's typing 2 class the following pupils qualified for the honor roll by writing a ten-minute test without errors: Martha Morgan, who wrote 44.8 words per minute; Virginia Beck, 43.4; Geneva Shearer, 42; Ruth Fowler, 38.9; and Catherine Alendorph, 38.7.

On a recent test covering Unit I in three of Miss Pieder's algebra 1 classes, Henry Velkoff, Ruth Baade, and Joseph Bex received 100 percent. Since the second week of the term Henry Velkoff has received the highest number of points. Out of 251 possible points, he has received 250 in his daily work; and in all of his classroom tests, he has made perfect scores.

A new member has been added to home room 75. He is Bruce Ellithore, who came from Philadelphia. Bob Hawkins and Doris Hayes have been chosen as chairman and secretary for this term.

The pupils of Mr. Field's citizenship classes have been figuring out budgets for imaginary families. Quite a few boys and girls have had trouble making their budgets balance.

Home Room 174 has been organized and John Echoff was elected chairman and Betty Erick secretary.

Mrs. J. B. Crankshaw will speak on Washington to Home Room 138 Friday morning.

In Mr. Makey's home room, Alma Nitsche and James Kimble were elected chairman and secretary respectively.

In period 4, geometry 1, Max Allen, Eleanor Croseley, Robert E. Lee, Robert Ninde and James Roth made 98 or above in a test given by Miss Paxton.

Lewis Squires received the highest grade in a geometry 2 test given by Miss Paxton.

South Side Riflers Win Two Matches

Archers Defeat Concordia and Elmhurst by 481-479, 481-461; B. Schiefer Has High Score.

Winning their second and third matches of the season, South Side's riflers defeated the five from Elmhurst 481 to 461 and won over the riflers from Concordia 481 to 479, Tuesday.

Bob Schiefer scored the highest score in the first match, shooting a 98. Joe Bailey and Jim Coffey were next highest with scores of 97. Ruth Clem and Clarence Kelley were high for Elmhurst, each marking up a 95.

On Tuesday the Archers won a close match from Concordia by three points. Two South Siders and two Concordia riflemen had high scores of 97. Max Goddard and Vincent Cook were the two high Archers, and Twietmeyer and Georg were high for the Concordia team.

On next Monday the Archer five will compete against Elmhurst, at Elmhurst, in a return match, and on Tuesday the local team will meet North Side's riflers on the southern range.

Scores of the two games are as follows:

South Side	Elmhurst
Schiefer 98	Clem 95
Coffey 97	Kelley 95
Bailey 97	Rauner 93
Hebermehl 95	Robertson 90
Hall 94	Oswald 88
Total 481	Total 461
South Side	Concordia
Cook 97	Georg 97
Goddard 97	Twietmeyer 97
Hall 96	Klementik 96
Hebermehl 96	Rippe 95
Schiefer 95	Frantz 94
Totals 481	Total 479

Club Totem Pictures Being Taken Rapidly

"Some progress in taking the large number of club pictures has been made," stated Bill Hockett, Totem editor. Ten pictures have been taken, the clubs being Latin, Senior Hi-Y, Philo, Wranglers, Library, Math Science, Student Players, Art, German, and Travel.

Schedules for this and next week, according to an incomplete schedule which may be changed, are: Thursday, French; Friday, U. S. A.; Tuesday, Sunshine. Clubs which are signed up for pictures include G. A. A., So-Si-Y, Junior Hi-Y, Times, Totem, 1500, Band, Booster, Boys' and Girls' glee clubs, and the orchestra. Many others are also expected to be taken, although they have not yet made arrangements for them.

Knitting Club Formed
Pupils of Senior High School, Uniontown, Pennsylvania, have started a knitting and crocheting club.

Chaperone for Party

—Courtesy News-Sentinel
Mr. Alvaro Ferlini

Mr. Alvaro Ferlini, mathematics instructor at South Side, will chaperone the Junior-Math Club Skating Party with Miss Mary Paxton, adviser for the club. The skating party is to be held next Friday night at Bell's rink. The party will begin at 7:30.

Subscribers To Get Tournament News

Approximately thirty-five hundred copies of the Tournament News will be circulated. It will be issued February 28 and will be given to subscribers of the three Fort Wayne high school newspapers. Anyone who has not subscribed to the Times and wishes to get an issue can purchase one for ten cents.

There will be twenty pages, the material for which will be contributed by the staffs of the three high schools. There will be pictures of most of the out-of-town teams as well as those of this city. The height, weight, position, and grade of all the players will also be given.

The time and date that the teams will play will be in it and any information which will make the visiting teams and spectators feel more at home.

McClure Will Talk At Pep Session on Thursday Morning

"A pep talk by some student prominent in public speaking activities will be the probable feature of the pep assembly which will be held on Thursday morning, February 28, prior to the sectional tournament," stated Mr. Heine, chairman of the assembly arrangements committee.

J. H. McClure, coach of the Archers, will also be a speaker at the meeting. His subject will also have to do with the subject of pep, but his views will be from the standpoint of the team's condition and attitude.

The yell "lineup" which has been the starting feature of all the recent games and assemblies, will again be used. This lineup consists of "Gazzella," the school song, and "Hello," in that order.

Annual City, County Spelling Contest Started

The annual spelling contest began Wednesday, February 20, at 8 o'clock over station WGL. This is the fourth contest to be held in Fort Wayne. Matches are held every Wednesday evening at 8 o'clock and on Saturday evening at 7 o'clock.

Mr. R. Nelson Snider pronounces the words and supervises in general affairs of the contest. The contest is sponsored by the Fort Wayne Milk Council. The council sponsored the contest last year.

The fifth grade of the county schools spell on Wednesday and Saturday nights of the first week. The sixth, seventh, and eighth grades spell the following weeks. The four winners of these grades spell for a county championship. The same system is to be followed in the city schools. The county champion and city champion then spell against each other for the championship.

Harrison Simon Elected Secretary

Lettermen Name Football Star To Take Place Vacated by Willson; Announce Committee

At the last meeting of the Lettermen's Club, held Monday, Harrison Simon was elected secretary to serve in the place of Bob Willson who has left South Side. The club vetoed plans for a pep session which would have been held sometime before the sectional.

John Eschoff, Bob Lohman, and Bob Nelson were elected as the new program committee.

Earl Roop, Howard Hall, and Jim Ellenwood were appointed to plan a potluck for the evening preceding the State tourney.

At the next meeting a musical program will be presented by Gordon Straley, Bill Kozma, and John Eschoff. Following this, cake and ice cream will be served.

Teacher Trapped

A teacher of the Lewis and Clark High School in Spokane, Wash., was trapped in a school elevator for an hour. Her plight was discovered by a janitor who immediately secured her release.

Washington's Leadership Founded a Great Nation

George Washington, first President, was honest, reliable and a great leader of all time. Leadership however, presumes the existence of many loyal, devoted followers. A general must have soldiers, a statesman must have constituents, a newspaper must have readers.

The News-Sentinel has been able to provide a leadership because of an overwhelming preference shown it by readers and advertisers alike. More than 52,000 copies of The News-Sentinel are sold daily, attesting to the loyal devotion of its readers.

Four Sectional Winners Will Meet At Huntington Gym

Huntington's Gym Is Site of Regional Tilts

Shower, Dressing Rooms
Built for Comfort of Play-
ers of All Indoor Sports.

Two Scoreboards Give Information

Graduating Class of 1929
Purchases and Installs
Electric Signs for Scores.

The Huntington community gymnasium will be the site for the regional basketball tournament on March 9, for the first time since the erection of the gym. The gym has a seating capacity of four thousand people.

The community gym is two blocks north of the interurban line, on East Park drive, and immediately off Jefferson, the main street of Huntington. It was completed in 1929. The gym projects east from the Central grade school, which was also finished in that year.

The bleachers constructed around all four walls of the gym are both permanent and movable. The permanent bleachers supply seats for 1200, while the movable bleachers provide seats for 2800, making the total seating capacity, for athletic contests 4000. If they would be placed on end they would extend one mile, 720 feet.

Dressing rooms provided for the teams are 18x38 feet; each has an adjoining shower room. Two small dressing rooms, each with shower accommodations, are also provided for officials.

Drinking fountains and rest rooms make up a part of the many conveniences in the Huntington gym.

The hardwood floor is 54x99 feet in outside dimensions, although the playing floor is regulation high school size, 48x69 feet, and may be enlarged to college and independent size 48x84 feet.

The two electric scoreboards were purchased and installed by the graduating class of 1929.

Times To Conduct State Dope Contest

Two Dollar Prize To Be Awarded
To Winner of Annual State
Net Tourney Doping Contest.

Again the South Side Times will conduct a State Tournament Doping Contest. The winner of the contest will receive two dollars from The Times as first prize.

Last year Bob Robinette won the contest, doping every game correctly. Eighty-one contestants took part in the contest last year, and an increase of entries is expected this year, due to the fact that South Side will probably be one of the teams to go to state.

Rules for the contest are as follows:
1. Entrant or entrant's brother or sister, must be a Times subscriber, and entries must be filled out on the diagram to be published in The Times next week.

2. Entries must be placed in mail box in front entrance, entitled "Win \$2.00. From The Times" before 8 a. m. Friday, March 15.

3. Only one entry per person is allowed.

4. Mail box will be emptied every period and entries therein marked accordingly. In case of ties, entries handed in first will win.

5. Decision of the judges will be final.

6. Winner will be announced in the March 21 issue of The Times.

Coach McClure Talks At Last Pep Session

Mr. J. H. McClure, Archer basketball coach, spoke to the student body last Thursday afternoon at the pep session before the sectional tourney. His topic was such that it covered "Pep" from the viewpoint of the team. He also announced the way in which he expected the tournament to come out.

A short pep talk, divided into three parts, was given by Mr. A. Verne Flint. First he spoke to the student body; second, to the team; third, to the coach.

The yell leaders introduced a unique way of testing the volume of yells. It was a Yell-O-Meter, which registered from 1 to 110 according to the amount of yelling from the student body.

A new pep song written by Mr. Jack Wainwright was then sung by the student body. It was written to the tune of "The Man on the Flying Trapeze."

Big, Burly Lettermen Are Served Cupcakes

South Side Lettermen's Club held its regular meeting in room 138 Monday, February 25. Motion pictures of notable people in South Side will be shown in the Greeley Room at a later date if the committee consisting of Ed Ginn, Bob Lohman, and Harrison Simon can secure permission of Mr. Snider to take them. The club was entertained after the business meeting with musical selections by Gordon Straley, John Eachoff, and Bill Kosma. Ice cream and cupcakes were served.

Interurban Tickets To State Are Selling

Rates for the trip to the state tournament have been received at the office. If forty people going to the state tournament from South Side take the interurban, a round-trip ticket may be purchased for \$2.00. State tournament tickets are sold for \$2.50.

Social Science Teachers Plan For Academy

Organization Meet Is Held; Group's Objectives Outlined; Committees Chosen.

A local Academy of Social Sciences is in the process of being organized by the social science teachers of all the public schools in the city.

This organization of teachers is for the purpose of promoting co-operation among the departments, for trading information, and for stimulating interests in social science. Later on the organization hopes to conduct a forum which will be educational, not only to the teachers, but also to the general public.

The members of this organization hope to consider not merely the problems of teaching social science, but also plan to bring occasionally well-informed outside speakers for the discussion of governmental and social science topics of current interest.

An organization meeting was held in the form of a dinner for all the social science teachers at the Y. M. C. A. on Thursday, February 20. Mr. Maurice Murphy presided at this meeting, and Mr. Merle J. Abbott was the principal speaker. Mr. William Haley of Franklin School was elected temporary chairman.

Mr. Haley appointed two committees, one to draw up the functions of the organization, and the other to draft a constitution. The members of the functions committee are: Mrs. Sadie Hatcher, Forest Park School, chairman; Miss Mary Crowe, South Side; Mr. Willis Richardson, Central; Miss Hazel E. Plummer, North Side; Mr. William Miller, Franklin; and Miss Elva McDaniel, Hoagland School.

The constitution committee consists of Mr. Rollo E. Mosher, North Side, chairman; Mr. Wilburn Wilson, South Side; Miss Mary Chappell, Adams; and Miss Elizabeth Murphy, Harrison Hill.

Both of these committees will report at the next meeting, which will be held in the latter part of April or the first of May. At that time a permanent organization will be effected.

Location of Gym In Huntington Told

Site of Regional Tourney Is on U. S. Road 24, Three Blocks North of Interurban Station.

The community gymnasium in Huntington, where the regional tournament will be held next Saturday, is located on Road 24, on West Park Drive, between Warren and Jefferson Streets.

It is located on the east side of the Central School and is a yellow brick building. Entrance may be gained by any door, but passouts may be obtained only through two doors if passouts are given.

Tickets may be purchased at the south and west doors only. The gym is three blocks north of the interurban station.

Will History Repeat?

Six years ago the Archers from South Side defeated the Berne Bears in the regional tournament, winning their way to the state. At Indianapolis the team defeated Attica, and then was eliminated in the quarter-finals. South Siders hope that their team will repeat this year, only going a little farther towards the state crown.

Regional Winners To Battle Here

Butler Fieldhouse

Each year the winners in the sixteen regional centers fight for the Indiana state high school basketball championship in the Fieldhouse of Butler University in Indianapolis. South Side team hopes to be playing on the hardwood this year instead of watching the games from the bleachers. The structure has a seating capacity of about 15,000.

Megaphones, School Colors and Pennants Feature Tourney Hop

Approximately two hundred seventy-five persons from all the fifteen schools whose teams were in the tournament, attended the annual Girl Reserve tournament dance which was held in the Greeley room and cafeteria after the final South Side-Central game on Saturday night.

The dance, appropriately titled the Basket Ball, featured two orchestras and the privilege of going from one floor to the other as the dancers desired. The orchestras which played were those of Dan Yoder and Lowell Meyer, who played in the Greeley room and the cafeteria, respectively.

Decorations were in keeping with the basketball theme, and featured the combinations of the school colors together with megaphones, pennants, and basketballs, also in the colors of the different schools.

Council in Charge

The Inter-Club Council of the Girl Reserves was in charge of the general arrangements. Martha Baumgartner of South Side is president of the council, Betty Reamer of North Side is vice-president, Cleo Turner of Wheatley Center is secretary, and Esther Hartman of Central is treasurer. The clubs represented are So-Si-Y and U. S. A. of South Side, C. T. C. and Friendship of Central, and Polar-Y of North Side.

Mrs. Roy Welty, adviser of U. S. A., was in general charge of the ticket sales and assisted by Grace Nelson and Virginia Beck of South Side, Dorothy Miller and Mary Lou Cory of Central, and Marie Wertenburger of North Side. Decorations for the affair were under the direction of Miss Hazel Miller, faculty adviser of So-Si-Y, who was assisted by Mary Osborne, Ruth Adler, Ruth Reitz, Catherine Hirschman, Alwita Tarney, Violet Wittmer, and Betty Medaris all of South Side.

The Misses Elizabeth Kelley and Alda Jane Woodward, faculty advisers at South Side, were in charge of arrangements for the check room. Their assistants were Sue Meyer of South Side, Betty Dehmer of North Side, and Alice Bowser of Central. Lois Wyneken, president of U. S. A., was responsible for procuring the chaparrons who were the principals and deans of the three city high schools, the faculty advisers of the Girl Reserve clubs and the Y. W. C. A. board members.

Students Run Publicity

Hutoka Neu of Central and Arleth Carvin of South Side were in charge of the publicity for the dance. Florence Swanson of North Side was chairman of the orchestra committee, and Esther Hartman of Central was responsible for the success of the novelty numbers which were featured by the orchestras.

Miss Zela Heimbaugh and Miss Lucille Holtzapple, secretaries of the Y. W. C. A., aided the members of the various clubs in their work on the committees for the affair.

South Side Teachers Work Tourney Games

South Side High School was not only represented in sectional competition by entering a team, but also some of its faculty officiated at games, and a few also will serve as officials in the regional meets.

Mr. Lundy Welborn and Mr. Ward Gilbert officiated at Gary for a sectional meet, while Mr. Louis Briner and Mr. Ora Davis went to Kendallville. Mr. Thomas Fields acted as an official at Marion.

Mr. Gilbert will go to Rochester, and Mr. Welborn to Frankfort to officiate in regional tilts tomorrow.

Attica Winner To Be Played

The winner of the Huntington regional tournament will draw as its first opponent the winner of the Attica regional. Draws for sectional, regional, and state tourneys were all made at Indianapolis the same day.

Host For Regional

Mr. C. E. Byers, principal of Huntington High School, will be the regional host this year for the first time. South Side of Fort Wayne, Pennville, Roanoke, and Berne will fight for a trip to the state finals in Huntington's new community gym, Saturday.

Victual Dispensaries Are To Be Found By Huntington Gym

Some people can eat in their imagination, but the basketball fans who will go to Huntington this Saturday will probably prefer something more substantial. So for the benefit of those who might have the intentions of replenishing their supply of victuals during the intermission, we are printing a directory of the best eating places near the Huntington community gymnasium.

Closest to the gymnasium is the Indiana Cafe at 527 North Jefferson Street. This restaurant has meals at reasonable prices and is less than a block from the regional playing floor. The gym is located on West Park Drive between Warren and Jefferson Streets. West Park Drive is State Road 24. This restaurant is located on Jefferson Street, the street on the west side of the gym and the main thoroughfare of Huntington. On Jefferson Street, it is south from the gym.

The Ellis Quick Lunch Restaurant is just three blocks south of the building at 426 North Jefferson Street. This is also an excellent restaurant.

For those who want anything from a sandwich to a dinner, Nick's Kitchen, two blocks south of the gym at 506 North Jefferson Street, is the best place to stop. A sandwich and coffee are served for 15 cents.

Another restaurant serving dinners is the Haymarket Restaurant on Warren Street four blocks from the gym. The first street east of the hardwood is Warren Street.

More expensive and more complete dinners may be bought at the Coffee Shop of Hotel La Fontaine on the corner of State and Cherry Streets, five blocks southwest of the community gym.

There are numerous other restaurants and lunch counters in Huntington a few blocks from the gym, serving meals most of the time at very reasonable prices.

South Side Boosters Make, Sell Favors At Sectional Tourney

Very unique favors were made and sold by the members of the South Side Booster Club at the sectional tournament. Those favors were made in the colors of all the schools participating in the tournament.

Collar and cuff sets with pinked edges were made out of oil cloth in the different school colors. Green and white checked ones were made for South Side students, blue with white ties for Central, red and white for North Side, and others in gold and blue, gold and purple, white and black, and white and purple for the other schools.

Oiled paper was used to make the megaphones on which were painted the initials of each school in its respective colors.

Crep paper in the different school colors was made into pom-pans. Oil cloth flowers in the colors of all the schools were also made.

Pennants with "Yea Team" printed on them were also sold in the various school colors.

Sectional Is Financial Success; We Get \$274

From a financial standpoint, the Fort Wayne sectional tournament was a success. The total amount taken in from the games was \$3,668.40. This amount is the money before the expenses were subtracted. From this amount, \$274.13 goes to South Side. The first \$100 goes to South Side for staging the tournament at the school gymnasium, and the rest as their share of the profits.

Warfield Paces Sectional Scorers

Centralite Is High-Point Man In Tournament; Neat, Barclay, Smith Are Next High.

Dropping in fifteen field goals and two free throws, Dick Warfield, Central forward, was high scorer for the Fort Wayne sectional tournament. Lyle Neat, fellow teammate to Warfield, was the second highest with ten fielders and seven free throws, a total of twenty-seven.

Ivan Barclay of North Side and Smith of Lafayette Central were tied for third place with twenty-five points. Bob Nelson and Gene Jackson, South Side center and guard, were next in rank with twenty-two points apiece.

Warfield scored the most field goals during the tourney games, fifteen. Neat and Jackson dropped in the next most baskets, ten. Barclay dropped in the most free throws, eleven out of twenty-one. Nelson ranked next in charity tosses, making eight out of thirteen.

The leading tourney scores and the scoring of the South Side team are as follows:

	G	FG	F-F	TP
Warfield, C	4	15	2-4	32
Neat, C	4	10	7-9	27
Barclay, NS	3	7	11-21	25
Smith, LC	3	9	7-11	25
Nelson, SS	3	7	8-13	22
Jackson, SS	3	10	2-6	22
Johnston, NS	3	9	3-7	21
Peterson, D	3	8	3-5	19
Hilgeman, SS	3	7	4-4	18
Sitko, C	4	9	0-2	18
Gemmer, LC	3	8	2-7	18
LaTourette, NS	3	7	3-5	17
Paul, C	4	7	2-3	16
Holle, Monmouth	1	6	2-6	14
Baker, E	2	6	2-9	14
Hall, SS	3	4	1-2	9
Symonds, SS	3	4	1-2	9
George, SS	3	4	1-2	9
Close, SS	3	3	0-0	6
Lohse, SS	3	1	2-4	4
Ginn, SS	3	2	0-0	4
Ellenwood, SS	3	0	1-1	1

Hoosiermen Referee Regional Tournament

The referees for the Regional Tournament, which will be held at the Huntington High School on Saturday afternoon and night, have been announced. Lowell Lenon of Logansport, Indiana, and Stanley Porter of Franklin, Indiana, have been selected to officiate in this capacity.

These two men should be well known to tournament fans as they have officiated at many during the past years. They are greatly interested in athletics and have gained a vast experience during their many seasons of officiating at games.

Mr. Porter, besides being interested in athletics and refereeing is principal of the Franklin High School at Franklin.

What Would You Say?	
Berne	2:00
Roanoke	
South Side	3:00
Pennville	

Pennville To Meet Green In Second Of Regional Games

Special Car May Go To Regional Tourney

Miss Alderdice announced that if there are forty pupils who will go by interurban to the regional at Huntington that there would be a special car for their transportation. A round-trip ticket would cost only 52 cents. She also said that if there were about one hundred to go there would be two cars. Anyone who plans to go should get in touch with her.

Facilities Provided, For At Huntington

Resting Quarters Furnished; Parking Space Is Arranged; Town Has Three Theatres.

Even the most enthusiastic basketball fan must have rest, and between those thrilling and vocal-chord stretching regional contests at Huntington some kind of physical (and mental) rest will be needed. Regional Tournament officials have realized this fact and have provided for a resting place for tournament visitors in the Huntington High School and in the gymnasium. Information and directions may be obtained from any tournament official.

For those who would like to see moving pictures, there are three excellent theatres in Huntington. The Jefferson, one of Huntington's best, is located on Jefferson Street.

The Huntington is located on South Jefferson Street, south of the community gymnasium.

The Trivoli is another fine theatre on Market Street, one-half block west of the interurban depot. All theatres will be showing new-run pictures.

Every convenience for the benefit of the fans has been arranged for, and officials will be found to be courteous and helpful in directing them to these conveniences.

The Hotel LaFontaine on the corner of State and Cherry is another place where fans may rest from the strenuous games.

Excellent parking facilities have been arranged for fans. Visitors are allowed to park without restriction on any Huntington street, and there will be ample space near the gym for such parking.

For anyone wishing to park cars in a car lot, there are two parking lots in Huntington. One is located on Cherry and Washington Streets.

Gimbel Award Is A Coveted Prize

Is Given To Player at State Meet Who Displays Best Mental Attitude; Winners College Stars.

Realizing the mental strain that the players endure while playing in the state tournament, Mr. Gimble, a well-known Vincennes lawyer, asked the I. H. S. A. to be permitted to provide a trophy to be given to that individual who displays the best mental attitude and who is a valuable member of his quintet.

Since it made its debut in the state tournament of 1917, it has become nearly as famous as the state tournament itself.

It always proves a difficult task to pick the player who receives the cup because there are many boys who show the qualities that are desired but there is only one cup given each year and so the player winning it gets nearly as much glory as the winner of the state tournament. The school that the winner attends may also be proud that one of its pupils is elected for such an honor.

Some of the past winners of the cup are still going strong. The 1931 winner, Norman Cotton, was the leader in the Big Ten scoring race last season and is an important cog in this year's mighty Purdue Boilermakers. McAnally, the 1932 winner, is a regular center on this year's Northwestern team. Marty Gosman, last year's cup winner, is still in high school and was a member of the Jasper team that lost out in the finals of their sectional last week.

North Side Gets Issue

The Northerner, with an insert of the four sport pages of the Regional Tournament issue have been distributed to the subscribers of North Side's school paper this week.

Bears, Stonewalls Expected To Have Tiring Battle In First Tourney Tilt.

South Side Favored To Go On To State

For First Time in Seventeen Years Host Huntington Defeated in Sectionals.

Four unexpected winners will enter the Huntington regional this weekend to compete for the right to play at Indianapolis next week. South Side of Fort Wayne, Roanoke, Berne, and Pennville came through in the sectionals to earn the right to play at Huntington. The Archers are the only team from this region to repeat in their sectional tournament.

South Side is favored to win its way to state. If they can display the brand of ball they flashed on Central of Fort Wayne in their final engagement, they are likely to win without too much trouble. As in the sectional, they received a break in the draw. In their first game they will meet Pennville, winner of the Hartford City tourney. The Archers did not play Pennville during the regular season, but they did swamp Hartford City 32 to 5, much more decisively than Pennville look the Airedales.

In the first game of the afternoon, Berne will play Roanoke. These teams have not as yet played each other; moreover, a comparison of their scores against squads which both have played shows them nearly equal. However, Berne is the slight favorite to meet South Side in the evening game. No matter which team comes through, it is expected that they will be sufficiently worn out from their afternoon game to keep them from giving the Archers too much trouble in the finals.

Previous to the sectional tourney, South Side was accorded the best chance to be among the regional contenders of any of the four who have finally been selected to play this week. Aided by a break in the draw, they downed Central 36 to 23, after a terrific battle in the final round. The Archers displayed their best ball of the season downing the Tigers. During the second half, they turned on the heat, displaying a passing attack that left the Tigers bewildered, and earned the Green the victory. The Archers shot under the bucket, and easy shots under the bucket. The Archers had defeated North Side 28 to 27 in the afternoon with a last-minute rally. The Archers had easy sailing previous to the final tilt. They swamped Lafayette Central 36 to 11 in the other semi-final match.

Pennville came through with the most unexpected victory of any of the local regional teams. In the first round they downed Hartford City, defending champs and the team which went to the second round of the state meet last year, and then went on to defeat Dunkirk, the other outstanding favorite, in the semi-finals. Pennville defeated Madison Township with little trouble in the finals, 23 to 13.

Huntington, entertaining its first regional tourney, fails to have representatives in the regional for the first time in seventeen years. Roanoke defeated the Vikings in the final after a thrilling battle. Roanoke led nearly all the way and had an advantage of 21 to 12 at the close of the third period. In the final quarter the Vikings staged a rally that just failed to net them a victory. They fell short by just one point, losing 21 to 20. The only other time the Vikings have failed to win their sectional occurred when Clear Creek beat them in the finals years ago.

Berne captured the other regional berth by taking Bluffton's Tigers in the final tilt after another tough battle by the score of 30 to 28, after the Tigers had led at half-time. Both teams had easy semi-final games, but Bluffton had a tiring contest against Kirkland in their morning game.

Season tickets for the regional are priced at seventy-five cents. Single-session tickets will be fifty cents. The officials of the meet will be Stanley Porter and Lowell Lenon.

Teachers Will Elect Honor Society Students

By March 8, the teachers of South Side will be required to turn in their recommendations of students whom they wish to have on the National Honor Society. Soon after the reports have been turned in, the National Honor Society Committee will meet to determine the members of the honorary society for this semester. As soon as the members are chosen, Tag Day will be announced. The members of the faculty committee who pick the students with the help of the recommendations from the teachers are: Mr. Herman Makey, chairman, Mr. Herbert Voorhees, Miss Gertrude Oppelt, Miss Mabel Thorne, Mr. Earl H. Murch, with Miss Martha Pittenger and Mr. R. N. Snider also attending the meeting.

Teams Get News

Several students from South Side, aided by a trio from North Side, went to Pennville, Roanoke, Huntington, and Berne to get news for the regional tourney issue. Information on the teams and ad from their boosters were obtained.

Berne Bears Enter Regional With Impressive Record

Ernemen Have Won 25 Tilts This Season

Record Shows 18 Victories During Regular Schedule, Seven in Tournaments.

Outpointed Foes 712 To Mere 471

Strong Offense Coupled With a Good Defense Means Battle for Title.

By Dick Helm

When Coach Judson Erne of the Berne Bears made the statement at the beginning of the present hardwood season that he would have "a fine young team," he was putting it very mildly.

For today, the Bears rank not only as one of the strongest contenders for the regional crown at Huntington, but also has the splendid record for the regular season of eighteen wins in twenty-one starts. In addition to this fine showing, the Bears have also won all of their seven tilts in tournament competition including three victories in the county tourney held in the middle of January and four wins in the sectional tournament. The Ernemen also have a perfect record on their own floor, never having suffered defeat on it during the present season.

Few Left From 1934

Coach Erne started out the present season with only four men from his regular squad of last season which piled up a record of eighteen wins and five losses. Felber and Steiner were the forwards he had left from last year who have been a headache to the Bear opponents this season.

Flueckiger, an excellent guard, also continued his fine play this season. Dro, the big lad who constantly gets the tap from much larger men, has also continued to show the great style at the center ring that he exhibited last season. Steiner, Dro, and Felber have shown plenty of scoring punch throughout the season and promise to give no little trouble to the Blue and White opponents on the Huntington hardwood. Neuschwander has also taken his hand in the sharp-shooting during the present net season.

Smother Opponents

The Bears have shown a great scoring punch all season and have scored a total of 712 points to their opponents' 471 points.

Coach Erne deserves plenty of praise for the excellent style of defense which he has taught his charges. The Bears have thus had two powerful weapons which they combined to cut down their opponents in professional style.

The Bear Facts

By Ursula Morton

Robert Dro—A great big sophomore, nicknamed Bob. He has had two years experience on the squad and is an all-around man. He is well-known as a musician, playing a saxophone in the orchestra and band. At baseball he is a whiz and has been scouted by two of the big league teams.

Gordon Felber—True to his nickname, "Rusty" is a red-headed, freckle-faced junior. Although only sixteen, he is the tallest man on the team.

Herman Neuschwander—This boy is called "Ham" by all who know him, personally. "Ham" is the shortest man on the squad but one of the fastest.

Arnold Flueckiger—Called "Flick" by all his boy friends, but not the girls. Much to our sorrow, as to all girls, "Flick" is a woman-hater. He is one of the tallest and best looking. Having served as captain during the past season, he is the only Bear to be lost by graduation. He comes from the hills of Kentucky.

Jerome Steiner—One of the best shots on the team, "Gick" is a short, fast member of the starting five. "Gick" has been called this ever since he played the part of a chicken in a grade-school play. The nickname is an abbreviation of a Swiss word, kukli, meaning chicken.

Robert Parrish—"Buck" is one of the two freshmen on the team. Only fourteen years old, he is the most bashful man of the aggregation.

Elmer Wintereg—"Chalky" is the other freshman on the squad. He can talk Swiss better than any of his team fellow-members.

Edward Stucky—This senior is called "Slats," but is very short. He is a regular honor roll student and is extremely popular.

Claire Sprunger—This junior is sweet sixteen and has never had a date. He has no nickname and is very bashful. Claire resides on a farm.

Chester Beidler—Another boy who has never had a date is a very bashful varsity man. He is nicknamed "Check" and is very tall.

Berne's Bears Battle for Berth

These ten men will tangle with Roanoke Saturday afternoon to take another step toward a berth in the state finals. Backed by a successful season and the Bluffton sectional champion-

ship, the team has high expectations of traveling to Indianapolis to play. The squad, as pictured from left to right, are:

First row: Neuschwander, Felber,

Flueckiger, Dro, and Steiner. Second row: Neuhauser, manager, Stucky, Wintereg, Hawbeger, Parrish, Sprunger, and Coach Judson S. Erne.

Berne-ing Up the Hardwood

By Jim Sweet

Although the Berne Bears are not especially large men, the team has had a very successful season, due to their dash and speed. The team depends upon speed, wit, and good ball handling to win, which they have done consistently this season.

Judson Erne, Berne coach, says: "Give me a center who can get the tip and four fast men to help him, even if they are small, and we'll have a ball team." That they have used their system successfully is a well-known fact, they having been defeated only by South Side, Portland, and Bluffton. Among their many wins is St. Mary's of Huntington, state Catholic champs, their first win from this team, and this season's first defeat for St. Mary's.

One of the misfortunes of the St. Mary's game occurred when "Gick" Steiner, one of the mainstays of the team, hurt his leg. It was feared that he had cracked the bone, but on X-ray examination, it proved to be only badly bruised. It kept him out of several games, but it was luckily not serious. Besides Steiner, Felber got a nose bleed, Dro got a wrenched hip, and Neuschwander injured his thigh in the same game.

Bob Dro of Berne, it may be recalled, played the outfield for the Berghoff baseball team last season in Fort Wayne.

One of the best games of the Berne schedule this year was the Decatur thriller. It was a fast game, clearly played, and well refereed, according to the "Berne Witness." It was generally conceded that Decatur was the toughest team up to that time on Berne's schedule. The Decatur boys averaged about ten pounds heavier per man than that team, so the Ernemen had to rely very much on their speed. Toward the end, it appeared to be Decatur's game, but in the last

few seconds, Berne tied the score for an overtime. That it was a clean game is shown by the fact that Berne had only seven and Decatur eight fouls called on them.

Berne walked off with the honors in the Adams County tourney, which they won. They were first in the following things: highest number of points, 122; highest number of points made by an individual: Neuschwander, 30; most free goals, 49; most individual free goals, Neuschwander, 13; most free throw points, 34; fewest individual personals called, Steiner, 2.

Neither Portland nor Berne expected Portland to win that game, it being the Bears first defeat in fourteen games. It seems that the Ernemen were a little over-confident of victory, but the Portland five was determined to win. Portland showed better ball than at any time in the season, their previous play being rather ragged.

The game was played rather roughly, "like football" as a local paper described it. The Berne shooting was rather poor, as shown by the fact that they only hit six out of fifty-seven attempts at the basket.

Coach Judson Erne, Former Berne Star, Builds Strong Team

Coach Judson Erne, although a mentor for but four years, has made a good name for himself in the basketball world. The Berne Bears under his guidance have completed one of the most successful seasons in their history. Coach Erne was a former Berne High School athlete. Attending a Texas high school for his initial year of secondary education, he spent three years playing baseball and basketball at Berne. He received his letter while he was in high school.

From Berne this athlete went to North Central, Collegeville, Illinois. At this college, which is a member of the Little 19 Conference, he was equally successful. During all of his four years he played on the varsity basketball and baseball teams. At college he earned eight letters.

The Berne baseball team, of which he is also coach, went to the semifinals in the state tourney two years ago. Mr. Erne is the son of Rev. F. I. Erne of Mt. Carmel, Illinois, and has been married two years.

When asked if all the girls of Berne hugged and kissed him after the final tourney game, he replied, "No, I just got a kiss from my wife."

Every One An Erneman

	Class	Wgt.	Hgt.	Age	Exp.

Berne Bears Secrets To Inquiring Scribes

Courtesy is certainly the by-word at Berne, Indiana. Everyone there was nice to a few inquiring reporters. One of the extra nice people was Mrs. Judson Erne, young attractive wife of Coach Judson Erne. Coach Erne and Superintendent E. M. Webb were grand. Mr. Erne, besides being basketball and baseball mentor, is a social science teacher. He has two classes in civics, economics, and history. He just loves civics-economics and basketball, but well, "you can skip the history," he said.

Mr. Webb when asked what he thought of the team's chances said, "we have a fifty-fifty chance with South Side. Of course, we hope to win."

The men at the Berne Witness, the local newspaper, were very helpful and kind. They conducted a tour of their plant and gave much necessary information.

Bear Sharpshooters Pile Up Plenty of Markers To Win 25 Games During Year.

By Dick Helm

A review of the splendid play of the Berne squad during the past season indicates that the Bears will not be a push-over for any man's ball club. The Ernemen not only captured twenty-five of the twenty-eight tilts they participated in but they also had an extended winning streak of twelve games at the beginning of the season before they were finally dropped by the Portland Panthers.

Opening their schedule in the final week of October, the Bears captured their initial game by outclassing Monroe in every department and taking the game by a 49 to 9 score. The fast-breaking offense enabled a trio of the players, Dro, Neuschwander, and Steiner, to get ten points each. Next in the line of opponents came Geneva which succumbed to the withering attack of the Berne offense and fell victim to the Ernemen by a 54 to 16 count. This was a clean tilt with Berne again using a fast break. Steiner again led the scoring with sixteen markers to his credit.

Pile Up Big Count

The Bears received their first stiff opposition from Markle and won only after a determined rally. Dro got ten points as his squad took the tilt by a 20 to 23 score. Jefferson was the next opponent of the Blue and White and once again the Berne offense smothered its opponents. The Ernemen emerged victorious by a 59-to-14 count with Steiner and Felber getting twenty points each. This was one of the roughest tilts of the entire season with twenty-three personals being called on Jefferson and seventeen on Berne.

The Bears continued their winning streak on through November, taking two more tilts. The Monroeville Cubs found the Ernemen too tough and dropped the tilt by a 36-to-21 score. Felber led his quintet with sixteen points. New Haven also felt the sting of a Berne defeat by a 41-to-29 count. Again Felber made use of his sharp-shooting ability and scored thirteen points.

Trim Catholic Champs

During December the Berne aggregation continued its fine play and soon became one of the few undefeated quintets in the state. Monroeville suffered its second defeat in the hands of Berne by a 40-to-30 count in a rough contest. The Berne quintet had a bad evening and hit on only six out of the twenty-one opportunities afforded them at the foul line.

Next in the line of opponents came the St. Mary's five of Huntington, the new state Catholic champs, to whom the Berne quintet administered two licks during the season. Cash Keller's squad fell before the Bernites by a 35-to-31 score on the Huntington hardwood. This was the first setback the Catholics had suffered on their own floor this season. In this tilt the Berne team won a rather expensive victory due to a severe leg injury which Steiner received. He was kept out of several tilts by it.

Woodburn and Montpelier also followed the precedent of the Berne opposition and fell before the Bernites by the scores of 36 to 18 and 34 to 28.

Decatur gave the Berne outfit its first real scare on December 20, when it forced the Blue and White to extend themselves to the limit to eke out a 21-to-19 decision. The tilt, played on the tricky Decatur hardwood, went into an overtime session before the Ernemen finally emerged victorious. Petroleum was the twelfth in the string of Berne victories in the first

Name of Berne "Bears" Had Origin in the Year of 735

Once upon a time high school basketball teams were known merely by the city, town, or community they represented as just Decatur, Berne, Geneva or Monroe, with an occasional reference to the Blue and White, Red and Black, but it often happened that so many of the school should have the same colors that the sport stories were difficult to handle.

Trains the Bears

Coach J. S. Erne

Coach Erne expects a lot from his Bears in the tourney, Saturday, having led them through a fine season.

game in January by a 27 to 24 score. The game was very tough with Steiner's twelve markers aiding the Berne cause greatly.

Finally Taste Defeat

Then came the result of state recognition for being undefeated. The Bernemen, suffering greatly from over-confidence, fell victim to an inspired Portland Panther five and dropped No. 13 by a 21-to-18 score. The Berne quintet played ragged ball all evening and scored on only six out of fifty-seven shots from the field.

This defeat was no doubt a relief for Coach Erne because it gave him an opportunity to teach his boys something more than to protect their record.

Take County Crown

Next came the county tournament in which the Berne team played in spite of little trouble. Among the Berne victims were Hartford by a 51 to 29 score, Geneva by a 36 to 29 count, and Kirkland by a 35 to 25 decision.

The Decatur Commodores were the next Berne victims by a 40 to 31 score. Then came the second defeat of the season, at the hands of the South Side Archers by a 25 to 20 count. The Berne outfit took a 12 to 0 lead in the first quarter but the Archers finally got their offense underway and rallied to get the decision.

Warren also joined the ranks of the defeated Berne opposition by the score of 35 to 17. Bluffton then took the Berne team into camp by a 30 to 26 score.

Dro, Steiner Star

The Berne aggregation finished their season in great style with three victories in tilts with New Haven, Lancaster Center, and St. Mary's of Huntington. The New Haven Bulldogs fell victims to the Ernemen by a 47 to 39 score as Dro scored seventeen points. Steiner's sharp-shooting was the sensation of the tilt, however, as he sank four successive shots from the center ring. Lancaster Center gave the Ernemen little opposition and were set back by a 39 to 21 count. St. Mary's offered the Berne five plenty of opposition before going down in defeat by a 32 to 25 count.

Now a sports fan must be familiar with a list of names taken from history, mythology and zoology in order to identify the teams represented at tournaments.

Berne's first step in applying a "moniker", we believe, was the "Fighting Five" when Coach J. Diltz was here about ten years ago. We do not know who christened the team the "Fighting Five." We do remember the year when Will Wynn got the idea of naming the Berne Bears. Talking to his new name over with Coach Harold S. Johnson and other school officials, they became enthusiastic over it and forthwith ordered growing Bear insignias for the suits.

"BERNE! What a name with which to conjure up old pictures in the memory of a genuine 'Baerner' or even his descendant!" We remembered ending in the Thirtieth Anniversary Souvenir Edition of "The Berne Witness" and then the story that dates back to 735 when the Burgundian Duke Berchthold V. of Zuerich founded the mother "Bern" on the promontory of the Aar River in Switzerland. The Duke decided to build a city of refuge and protection for his subjects and went on a hunt on the site of the city of Berne, then a dense forest. He decided that the first wild animal killed should suggest the name of the city. This happened to be a bear shot at the tip of the peninsula on which the city was built. The spot is marked with a tablet on the north wall of the Nydeck church standing there, and bearing an inscription of the incident. So the founder named his city "Baernen" or "Baern" from which the name of "Bern" (German) or "Berne" (French) evolved.

The name Bears, from the ursidae family, stuck and this year under Coach Judson Erne they have gained state-wide recognition.

(Story supplied by Edward E. Lee, Editor "The Berne Witness.")

If you're not careful, Hugh Scott, Your own dear name will appear Not as a football hero, But in a dirt column, that's clear.

Archer Quintet Has Strong Hope For Regional Victory

Southern Wave Has 15 Wins To Their Credit

Green Were Downed by Three Teams, Central, C. C., and Huntington.

Defeats Central In Final Battle

In Final Tilt All But Four Participants Are Seniors; Reserves Are Promising.

By Charles Baumgartner
After defeating Central's Tigers in the final game of the Fort Wayne sectional tournament last Saturday South Side's Archers enter the Huntington regional tourney with high hopes of going to the state tournament for the first time in six years.

South Side has won five sectional tournaments since the school was built and has sent two teams to the state tournament. In 1923, 1924, 1929, 1934 and 1935 the Archers won their way to regional tournaments. Teams were sent to Indianapolis by the local school in 1924 and 1929 when the school possessed outstanding teams.

Only Four Losses
South Side's net squad has enjoyed one of its most successful seasons in years, chalking up 15 wins and four losses; and after annexing the Fort Wayne sectional is also expected to win the Huntington regional crown. Impressive victories have been chalked up by the Green and White five this season over such strong teams as the Berne Bears, Muncie, North Side of Fort Wayne, and Bluffton. Huntington, Central Catholic of Fort Wayne, and Central of Fort Wayne (twice) were the only teams to hand the Archers setbacks during the regular season's play.

Coach McClure's five has been using a slow breaking offense lately, and plenty of under-the-basket plays. The Archers gain most of their points under the basket on plays and rebounds. The Archers use both a man-to-man and a zone defense very creditably but specialize in the zone style, which they employed in the sectional.

Lineup in Doubt
South Side's probable regional lineup is very much in doubt, because the players have been shifted around so much. However, Coach McClure has ten better than the average players to depend upon, and will not make a mistake in starting any of them. McClure has Hilgemann, Symonds, Hall, and Lohse as forwards; Nelson and Close as centers, and George, Ginn, and Ellenwood as guards. Ostermeyer and Lee are the other two tournament players certified by Coach McClure.

Eight of the twelve players certified for the tourney action will be lost to the team next year by graduation. Having only four players to build a team around next year, Coach McClure will be greatly handicapped, however several promising netters are coming up from the reserves and a fairly good team is expected next season. Close, Ellenwood, Lee, and Ostermeyer are the players who will not be lost by graduation.

Record Is Given
South Side's record for the past regularly scheduled season is as follows:
South Side 30; Monroeville 18.
South Side 26; Butler 16.
South Side 36; Bluffton 23.
South Side 31; Auburn 19.
South Side 51; Pierceton 17.
South Side 22; Central Catholic 25.
South Side 28; Decatur 17.
South Side 18; North Side 13.
South Side 44; Kendallville 21.
South Side 19; Central 29.
South Side 32; Columbia City 28.
South Side 25; Berne 20.
South Side 28; New Haven 23.
South Side 29; Huntington 30.
South Side 32; Hartford City 5.
South Side 24; Central 35.
South Side 31; Garrett 20.
South Side 19; Muncie 18.

Pebble Pups Discuss
Metamorphic Stones
After the regular business meeting of the Pebble Pups, Thursday, February 21, Louis Busse, Jack Hargan, and Howard Kusch gave talks on metamorphic rocks. After their talks they passed examples of these around to be examined.

Miss Thorne said it would be a good idea to study the ground and earth and the effect rocks have on it because gardening time is near.

Then the club voted to be divided into two teams. These teams will compete against each other for points according to the new point system which was recently adopted. The losers will throw a party for the winners.

Gr-r-r-r, here comes "Tiger" Con-way! All dressed in red and yellow to catch a fellow—No, not a girl—a fellow. Earl Roop to be exact.

What Do You Think of Their Chances?

South Side Rifle Squad Victorious

Outshoot Concordia Academy, Arcola, Elmhurst Teams on Southern Practice Range.

Having chalked up three consecutive victories so far this season, South Side's rifle team appears to be headed for one of their most successful seasons in years. The 1935 rifle squad is made up mostly of experienced shooters who are hanging up very good scores. James Coffee, Vincent Cook, Joe Bailey, Risher Hall, and Bob Schriener are the veterans from last year's team; and Max Goddard, Bill Hebermehl, and Roland Stair are shooting with the team for their first year this season.

South Side High School has one of the best rifle ranges in the territory. It is located in the northeast section of the school basement and was built by the members of the Rifle Club in 1932. Mr. Sidell, South Side mathematics teacher, is the faculty adviser of the club.

In their first match of the season, the Archers defeated the Arcola High School team by a 482 to 458 score on Tuesday, February 5, on the local range. Jim Coffee, with a score 98, and Bill Hebermehl, with a 97, were high for the Archers, while the highest opponent score was a 95, carded by Glen Snyder.

Elmhurst's riflers were the next opponents taken into camp by the Archer squad. The Archers chalked up their second win of the season by handing the Trojans a 481 to 461 loss on Tuesday, February 19, on the home range. Bob Schriener and Joe Bailey and Jim Coffee were high for the Archers with scores of 98, 97, and 97; Ruth Clem and Clarence Kelly were high for the losers with scores of 95.

Chalking up their third win of the season, the South Side five won a close match from the Concordia College team by a 481 to 479 score on Wednesday, February 20, at the southern range. Shooting 97's, Vincent Cook and Max Goddard led the winners, and George and Tietmeyer were high for the losers, also with 97's.

Loss First Match
South Side's Rifle team was handed its first setback of the season on last Thursday, February 7, by North Side's Redskins by a 487 to 477 score. Cook and Hebermehl were high for the Archers, each with scores of 97.

The scores of both teams are as follows:

South Side	
Cook	97
Hebermehl	97
Schriener	95
Bailey	94
Hall	94
Total	477
North Side	
Dunn	98
Neptune	98
Heine	98
Pressler	97
Sefton	96
Total	487

For the second consecutive year the South Side Archers are entering the regional tournament. This is practically the same aggregation that competed last year against stronger opposition. Green's squad members are, front row: Bob Symonds, Bud Lee,

Ed Ginn, Howard Hall, Jim Hilgemann, and Jim Ellenwood. Back row: Coach Jake McClure, Eugene Jackson, Paul Lohse, Bob Nelson, Brower George, Joe Close, and Fred Ostermeyer.

G. A. A. Flashes

South Side's Girls' Athletic Association is backing up their school varsity in every way possible. Here's to our team!

There are now only two full weeks left in the basketball tourney. Miss Alice Patterson will then choose the Honor Team from the various classifications of girls. They will play off at the conclusion of the sectional tournament.

Barbara Raymond has been doing some exceptionally good work as a referee. Barbara is only a sophomore and is a Student Leader, but she certainly has a good eye for fouls.

The seniors certainly do play good games! What a battle there is for the championship. Senior 3 is breaking the ice a little before the others, however.

Such a variety of colors displayed on the floor; that is, each team wears a certain color which makes the decisions much easier for the referees. They certainly look neat!

Since tumbling and basketball fill in the week for most of our girls, not many skating and hiking points have been turned in. Don't forget, girls, to skate and hike all you can!

Martha Suter, our old alumni standby, made a second special trip back to our alma mater to see her younger friends play basketball.

Ruth Goeglein, Leona Menze, Anna Marie Baumgartner, and Ruth Berning practically wore their right hands out the other night playing handball without gloves. Maybe if they helped at home with the dishes, their hands would be tougher. What about it, girls?

Roselma Disler certainly can get

around the hardwood playing the forward position on Vera Fremion's Senior team. In addition to being speedy, she is a very accurate shot, a goal which we should all strive to attain.

Helen Humcke and Evelyn Kruse are doing a very good job of guarding. They improve with every game.

Quite a mix-up came about the other night when the Ruhl twins played against each other. The teams never knew whether they were playing with the right one or not.

Did you notice how attractive the letter girls looked wearing their letters at the sectionals? Perhaps it wouldn't be a bad idea to get them cleaned up a bit 'cause we're going on to state!

By the way, the swimming classes are coming along well! But what's this about Marjorie Hower and Barbara Scheele doing the stand-sit-stand dive?

We will certainly miss Leona Menze's field goals this week. She is all "banged up" from an unfortunate accident of falling out of a car. Here's to your rapid convalescence, Leona.

Don't forget to take advantage of the nice weather and get your hiking and roller skating points in, girls!

Why is it that S. Rea and D. Golden are constant noon luncheonists at the drug store. It couldn't possibly be the soda-slingers, could it? No-o-o-o!

Archers Down Central Tigers To Retain Sectional Crown

Trimming Central's Tigers 36 to 23 in the final game of the Fort Wayne sectional tournament last Saturday night, South Side's Archers will represent this section in the Huntington regional tournament on Saturday, March 9.

South Side's offense was clicking smoothly in the final game, the Archers making ten of the fourteen baskets on under-the-basket plays. Central's five appeared to be tired from the two strenuous games with Hoagland and North Side earlier in the day and was unable to make either their offense or defense click satisfactorily.

Led by Gene Jackson, who scored a total of twelve points during the game, the Archers gained an early lead and after the first few minutes of play, were never on the short end of the score. Bob Nelson was also outstanding for Green with ten points. Lyle Neat and Steve Sitko with six points apiece were best for the Blue.

On the road to their second straight sectional title, the Archers defeated Elmhurst's Trojans Friday night 32-23 in a hard-fought contest, and Lafayette Central's Pirates 36-11 Saturday afternoon. South Side was too strong for the Trojans, and again paced by Gene Jackson with nine points, the Archers eliminated Elmhurst. The Lafayette Central "jinx" failed to work on the Green five as they proceeded to pile up a 36-11 count on the Pirates. Jim Hilgemann and Bob Nelson were high for the winners with seven points each.

In the first round clashes of the tourney, Elmhurst defeated Woodburn, 25-9, Lafayette Central won over Monroeville 31-26; New Haven won over Harlan, 24-23; Hoagland trimmed Huntertown 33-19; Central trounced Arcola 44-14; Decatur eliminated Leo 32-23; and North Side swamped Monroeville 36-13. There were no upsets in the first round play, all the favorites coming through with victories.

Pre-tourney favorites continued to win out in the quarter-final games. South Side won over Elmhurst 32-23; Lafayette Central defeated New Haven 38-29; Central trimmed Hoagland 44-22; and North Side eliminated Decatur 32-24 in a hard-fought tilt.

South Side easily won over Lafayette Central in their semi-final clash 36-11, and Central won the feature game of the tourney from North Side 28-27. Lyle Neat scored a free throw in the last few seconds of the game to enable the Tigers to meet the Archers in the final game.

The lineup and summary of the South Side Central championship tilt was as follows:

South Side		G.	F.	T.
Hall, f.	0	2	0	2
Symonds, f.	1	0	2	0
Hilgemann, f.	1	2	4	0
Lohse, f.	0	1	1	0

Ancient Mathematics Is Jr. Math Subject

Talks on the Babylonian and Egyptian mathematics were given by Marjorie Mitten and Ray Racine at the meeting of the Junior Math Club Tuesday afternoon in the Greeley Room. Games were presented by Mary Jane Klomp, and jokes were read by Ray Racine. Prizes were awarded to Mildred Mitchell and Leslie Johnson. Dorothy Richter was appointed chairman of the creed and emblem committee.

Einstein, the great mathematician, will be the main topic for the next meeting. Games will be played, and refreshments will be served. The program committee for the next meeting is: Mildred Mitchell, chairman; Eileen Garrison, Elv Shadler, and Leslie Johnson. Refreshments were served.

Silly kids what is in South Side, why do you insist on being bad and reviving the dead old eighth periods?

Come On, Archers! Let's Go!

We're pulling for you, team. We have confidence in you, and know you'll do your best. ON TO STATE, TEAM!

Pennville Fighting Spirit Makes For Good Tourney Play

Bulldogs Have Been Victors In 16 Frays

Good Teamwork and Height Factors in Caldwell's Team's Inspiring Record.

Sectional Tourney Avenges Defeats

Madison, Twice Conqueror, Turned Back From Title In Concluding Battle.

By Cornelius Ryan
Bulldogs in name and Bulldogs in nature—that's the Pennville basketball team. This never-give-up spirit was manifested in the finals of the sectional when Pennville met Madison, who had twice previously defeated them, and then vanquished their hopeless rivals by a 23-to-13 count.

It will be this spirit which will cause the Archers, Penn's first round opponents, much trouble; and may, with a break or two, install the Bulldogs as a finalist, leaving a badly chewed Archer behind.

Record Is Impressive
Pennville's season record is an unusually good one for a school of its size and facilities, boasting 16 wins against four losses. Two of these losses were to Madison, as mentioned, and were royally avenged by the victory last week.

The schedule included some of the larger schools—Hartford City, Portland, Gas City—as well as smaller county schools. All tournaments participated in are included in this record. In the Jay County tourney, Pennville was runner-up to the inevitable Madison.

Height Is There
Being blessed with plenty of height, with three boys well over six feet—the tallest 6 feet 3 inches—and a ball club which realizes the importance of teamwork, Coach Shelly Caldwell believes that, while the Bulldogs will be definitely underdogs in Saturday's clash, it will be well not to sell Pennville short, at least, not till the final gun.

French Club Discusses Adoption, Style of Pin

Alice Hulse gave a report from the pin committee at the French Club meeting last Thursday, March 1, in the Voorhees Room. She passed around a pin that the committee was debating on and told of several others that they also had in mind. Whether members should be allowed to buy pins if they can not earn them will be discussed at the next meeting.

A collection will also be taken up at the next meeting to pay for the transportation of the photographers. All members are requested to contribute a few cents.

Jack Dawson gave a talk on the Eiffel Tower. He said that it was built in Paris in 1889 by Gustav Eiffel for the Paris World's Exposition.

The Arch of Triumph was described by Berneta McIntosh. She illustrated her talk by pictures of the arch. The full name is The Arch of Triumph of the Star.

The palace of the Tuilleries was described by Goldie Bruoit, who also gave its interesting history. Because of the different people who have built on it, it does not present such a favorable appearance; but the gardens are very beautiful and are used as a resort by the people of Paris.

Dorothy Geary gave a talk on the French Opera and described the French Opera House. She mentioned the famous writers of French opera and described their different types of writing.

Hugh Scott really has been rating lately. Seen under the proverbial clock talking to four sweet little blondes. They were thoroughly enjoying themselves, too.

From the Editor of The American Boy

During the coming year, the boys of America will get a half-fare rate to adventure and fun! THE AMERICAN BOY—YOUTH'S COMPANION, the nation's leading magazine for boys, formerly \$2.00 a year, now costs \$1.00. A three-year subscription, previously \$3.50, costs only \$2.00.

Griffith Ogden Ellis, editor of THE AMERICAN BOY, brings boys the hearty assurance that the new prices will in no way affect the editorial contents of the magazine. It will be as large, as beautifully printed, as full of high-spirited adventure as ever.

"THE AMERICAN BOY'S" leadership has been no accident," Mr. Ellis states. "We publish the magazine on the firm belief that boys deserve a magazine as good as any publication for grown-ups. So we use the best illustrators obtainable—well-known artists who work for the biggest magazines. We send our staff writers all over the country digging up the interesting facts of science, interviewing world-famous explorers, talking to coaches and athletes.

"We encourage and assist our writers to go everywhere for material—to Haiti, Africa, the South Seas, China—and bring back adventure for American boys. We hire experts on hobbies and boy problems to advise boys and young men. These steps account for our position as the quality magazine for boys, and we shall continue to take them."

Twelve issues of fun and excitement for \$1.00! Three years for \$2.00! Spread the news among your friends—and send your own subscription direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

Bulldogs Out For Blood

Pennville's lanky squad, in a regional tournament for the first time in eleven years, is out to go to state. Members of the team are, front row: Carl Paxson, Waldo Paxson, Robert

Reid, William Martin; second row: Coach Shelly Caldwell, Edward Thornburg, Bob Hartley, Clyde Turner, Walter Younts, and James Hurst.

Pointers on the Penns

For the first time in eleven years, the Bulldogs of Pennville captured a sectional. They enter the regional as a decidedly dark-hued equine. Now for the Pointers (or Bulldogs.)

	Jer. No.	Hgt.	Wgt.	Years on Tm.
Walt Younts, forward	22	5-11	140	1
Ed Thorne, forward	44	5-9	145	2
Charles Priest, center	88	6-3	187	1
Bob Reed, guard	00	5-9	138	2
William Marten, guard	77	5-8	170	4
Jim Hurst, forward	99	5-11	174	2
Clyde Turner, guard	66	6-2	172	1
Bob Hartley, center	55	6-1½	158	1
Carl Paxson, guard	33	5-8½	158	1
Waldo Paxson, forward	11	5-8	140	1

Bulldog Pedigrees and Personalities

By Raymond Bixby

Walter Younts, better known to his team-mates as "Bud", is a consistently fast ball player. Younts is a junior and is good for eight to fifteen points a game. He also plays a good game of softball.

Edward Thornburg, "Ed" for short, is the flashy defense man of the team. He also will be back next year, being only a junior. Softball also has an attraction for this 5 foot, 9 inch boy.

Charles Priest, the tallest boy on the team, takes care of the center position in excellent style. "Charlie" also plays on the softball team.

"Boob" Reed is one sweet player, so says the coach. He is fast and shifty, friends it's just plain "Boob." He is friends its just plain "Boob." He is also the county's best short stop of both softball and hardball. He will have two more seasons on the team in varsity competition.

William "Bill" Martin is a little, fast, good shut-out ball player. He is playing his last year on the team and will be missed next year.

Jim Hurst, a regular, consistent ball player, will be back to regular competition for two more years.

Clyde Turner, a junior, is a flashy back guard, who is six feet two inches tall. He also plays the game of softball.

Bob Hartley, a consistent and reliable ball player, is a junior and plays on the softball team.

Carl Paxson is a boy that can be depended upon at all times; he is a good regular player. He will be lost this year, however.

Waldo Paxson, cousin to Carl, plays the same type of ball as the aforementioned player.

The student manager's job has fallen on the shoulders of a dark-haired boy of about five foot seven or eight inches tall. He has a pleasing personality and is a very excellent worker. The coach says that he can rub a fellow down better than anybody he has ever come across. The boy in question is a senior, and goes by the name of Ralph Wall.

'Only Man' Available Made Good As Coach Of Penn's Bulldogs

By Harry Smenner
Although he became coach under unusual circumstances, Shelly M. Caldwell has firmly established himself as mentor of the Pennville Bulldogs. At the beginning of the season, due to an unavoidable accident, the Bulldogs were without a coach, and, as Mr. Caldwell was the only eligible person in the town, he was duly appointed as instructor.

Much credit should be given Shelly for the team's showing made thus far, because of the lack of equipment. The gym consists of an old barn that has been slightly renovated, by having stripes painted on the floor (thus described by the coach) and a basket and backboard installed at each end of the playing floor. Due to the lack of heating facilities, the team has been forced occasionally to practice with ice on the floor. This made it necessary for most of the games to be played out of town.

Coach Caldwell received his Bachelor's degree from Ball State Teachers College where he won letters in basketball, baseball, and track. He expects to complete his work for his master's degree in the near future.

Of course, he is well satisfied with his squad and says, "If the boys play as they did against Madison in the sectional finals, they can give 'em all a good fight."

Mr. Caldwell states that, although his boys are not so good as individual players, they are fine as a team. He says that in view of the fact that six of his eight players return next season, he expects a better squad than he has at present.

Shelly is now one of the most popular men in the metropolis of Pennville and plans to introduce track in a small way in the spring.

Before coming to the home of the Bulldogs he coached in the Wells County and Eaton County high schools.

His hobby is raising English bulldogs. He is the father of a girl two years old.

Softball Is Popular Sport at Pennville

By Raymond Bixby
Softball holds a high place in the hearts of Pennville sports enthusiasts. The town is well equipped with a field which is lighted for night games. The town itself has many teams which play the common sand-lot type of ball.

The high school has a circuit which includes many of the teams in the county. The school team plays their games in the fall after the summer vacation. They played six games and won three. They are also the county champs and hold the county trophy for this sport.

Hey! Clauser, how come Don is going about buying houses? Don't get mad now, we just thought you might know.

Behind the Penns

M. C. Black Shelly Caldwell

Much credit for the success of the Pennville Bulldogs can be given to the principal, Mr. M. Clyde Black, and the coach, Mr. Shelly Caldwell.

Pennville's Bulldogs Sport Gold and Black

Black and burnished gold are the school colors of the Pennville Bulldogs. There are two pretty girls who lead the yells at Pennville, who wear very attractive uniforms of black and orange. The black is represented in the sweater, and the orange is carried out in the trousers which are near a burnished gold.

The two girls who take care of leading the student body are full of pep and really get the yells from the pupils of the Pennville High School. They have about fifteen yells which are excellent in their style.

Bulldogs Are Doggoned Sure That They Will Go To State

By Raymond Bixby

Some of the fellows on the team were so generous as to give us some statements as to what their chances against the Archers, and their chances of winning regional were. On a whole they seem to think that they have a chance if they keep fighting.

Hearst—"Feel as if we have got a big chance."

The Ladies' Man, Martin, urges—"Beat South Side; then on to state."

Hartley quotes—"Seems a shame that a good team like South Side has to lose." This is rather pessimistic; but the superstitious Bulldogs believe in it.

"Boob" Reed—"We know we're underdogs, but we got a fighting chance."

Priest, the 6-foot 3-inch center states—"We've won our tournament, and nobody has stopped us yet, so I reckon we can win again."

Waldo Paxson—"Pretty fair chance." His cousin Carl Paxson—"Might win if we play good ball."

Mr. M. Clyde Black is Principal Personality in Pennville High

By Raymond Bixby

Mr. M. Clyde Black is the big chief or the head man at the Pennville High School. He is rather slim, dark featured, bashful man, who takes great pride and really thinks a lot of his school.

Mr. Black believes in good sound discipline and as a teacher he really makes the students toe the mark.

Mr. Black has attended the edifice of learning known to so many persons and teachers of Indiana; this school is Indiana University. He graduated with his master's degree. Shortly after graduation, he started his teaching career at Bremen, Indiana, where he taught the sixth grade for many years. Later he was transferred to the Pennville High School where he has been for nine years. In the year 1931 he was raised to the position of principal of the school.

Along with his duties as head of the school, he teaches mathematics and all types of science. When he was asked about his hobby, he answered without delay that teaching was his one and only hobby and pastime.

Mr. Black is married and has a very handsome boy about two years of age. It has been rumored that the boy of the Black family, and the girl of Mr. and Mrs. Caldwell, the coach, are quite attracted to each other; but because of the youth of the two, nothing definite for the future has been announced.

When Mr. Black was asked what he thought about the chances of the team, he stated: "We have a chance; but I don't know what to expect, if the boys fight like they did in the sectionals we will have a fighting chance." He is quite keen about sports of all sorts, and believes in real, clean sportsmanship.

A. Verne Flint To Be Junior Hi-Y Speaker

All members of the Junior Hi-Y Club are requested to be present at the regular meeting Monday night at the Y. M. C. A. when a very interesting program will be presented. Mr. A. Verne Flint will be the guest speaker. Important business will also be discussed.

At the last meeting of the club, which was very successful, a potluck was held. The speaker, Mr. Millard Bennett, of the Y. M. C. A., gave a very interesting talk on "Waste." He discussed many of the old and new problems of waste in various fields, and ways they may be overcome by the next generation. At this meeting special emphasis was placed on the fact that dues should be paid as soon as possible in order that all members may be included in the exclusive and extensive general program. Those who wish to join the organization should do so immediately.

Better be careful, Helen Meyers. You're not the only fair damsel holding a torch for J. Rosenberger.

Roanoke Climaxes Best Season With Sectional Crown

Stonewall Five Beaten Twice In 21 Games

Team Noses Huntington in Final Tilt of Tournament 21-20; Defeat Andrews.

Green Captures Blind Tournament

Elmhurst, Angola, Arcola, Lafayette Central Are Victims of Strong Quintet.

By Charles Baumgartner

Climaxing one of their most successful basketball seasons in years, Roanoke's Stonewalls won the Huntington sectional tourney by eliminating Huntington's Vikings in the final game 21-20.

This sectional win was the first regional entry ever gained by the school since it was built. On the road to the title, the Stonewalls trimmed Jefferson Center 25-17 in their quarter-final game, having drawn a bye in the first round; Andrews, 31 to 17, in their semi-final tilt, and Huntington in the finals.

Lose Only Two Games

Coach Bill Bryan's squad enjoyed a very successful season this year, winning seventeen of their nineteen regularly scheduled games. Their twentieth scheduled game was called off because of a scarlet fever epidemic at Avilla.

East Union Center's blind tourney was also won by the Stonewall squad, which defeated Lafayette and West Union Center in that tourney. Some of the most impressive Roanoke victories were chalked up over Angola, Ossian, Arcola, Coesse, and Elmhurst. St. Mary's of Huntington and Huntington Township were the only teams to gain victories over the Roanoke five this season.

Deliberate Offense Is Used

Roanoke's five uses a very slow and deliberate offense against their opponents. This year the Stonewalls averaged twenty-nine points per game. A tight zone defense is used by the Stonewalls, as is shown by the fact that they have held their opponents to an average of sixteen points a game during the past season.

Although only thirty boys turned out for the basketball call this year, Coach Bryan has turned out one of the strongest net squads ever to wear the Green and White for Roanoke. Three of the players are over six feet tall and the remainder of squad hovers around the five foot eight mark. Only three of the twelve players certified for tourney competition are seniors, leaving Coach Bryan plenty of good material for next year's squad.

Roanoke's probable starting lineup for the regional will consist of Marion Law and Phil Thompson as forwards; John Schoeff, center; and Bob Stallings and Cliff Keefer as guards. Law and Schoeff are six feet, two inches tall; and the other three players average five feet nine. Coach Bryan has five capable reserves in Glenn Gillespie, Ed Klepser, Charles Richey, Estel Dietze, and Harold Klepser.

Roanoke's record for the season is as follows:

Roanoke 14, Huntington Twp. 15.
Roanoke 36, Elmhurst 18.
Roanoke 32, West Union Center 19.
Roanoke 14, East Union Center 9.
Roanoke 33, Bippus 10.
Roanoke 33, Angola 18.
Roanoke 25, St. Mary's 29.
Roanoke 42, Washington Center 18.
Roanoke 28, Warren 11.
Roanoke 25, Ossian 16.
Roanoke 27, Clear Creek 6.
Roanoke 23, Lafayette Center 14.
Blind tourney at East Union Center won by Roanoke:
Roanoke 25, Lafayette 17.
Roanoke 32, West Union Center 19.
Roanoke 37, Arcola 11.
Roanoke 25, East Union Center 17.
Roanoke 16, Kirkland 14.
Roanoke 32, Coesse 23.
Roanoke 24, East Union Center 17.
Roanoke 29, Huntington Twp. 17.
Roanoke 47, Clear Creek 17.

Pebble Pups Discuss Ways To Get Interest

At the last meeting of the Pebble Pups a discussion was held to decide a method of stimulating interest in the club.

Following this a mineral sale was held. The following types were sold: talc, apatite, obsidian, iron pyrite, selenite, fluorite, and topaz. A total of forty specimens were sold.

The program for this afternoon has been announced. Fred Prange, Jack Hargan, Louis Busse, and Howard Kutsch will talk on the various types of metamorphic rocks.

Out To Win Regional

Coach Bill Bryan's Stonewalls enter the tourney with high hopes. Those in the picture are, left to right, first row: Charles Richey, Glenn Gillespie, Harold Klepser, Bob Yahn, student manager; Robert Stallings, Ed Klepser, Clifford Keefer; second row: Coach Bill Bryan, Phil Thompson, Marion Low, John Schoeff, Estel Dietz, Mr. Stallings, principal.

Bryan's Hope and Joy

By Louis Bonsib

John Schoeff—A medium-weight, red-haired lad, who is a junior in Roanoke High School and is center on the squad this year. You'll find him behind the green and white uniform with a big 77 on the back. If you can't find him then (although this big fellow of six feet two is hard to miss), just look around for him in the center of the floor when the game starts, because he'll be playing center for the Kelly Klads in the regionals. Just call him "Tiny."

Marion Law—"Hot Dog" to you, will be seen playing forward this Saturday and is expected to show you a fine brand of basketball, as will all of these boys on the Roanoke team. A 22 will lead you to him in the heat of the battle when he will be in the midst of the fight with all the enthusiasm of a player in his last year. He is heavily, but muscularly built and has dark hair. You'll have no trouble finding this "six-foot-twoer."

Phil Thompson—"Thompson" for short, works hard for Roanoke as forward for his team. He uses all of his five-feet-eleven to its best advantage when he plays for the Stonewalls as number 99. He is of a medium build, has dark features, and is a senior. Look for number 99 in Huntington.

Glenn Gillespie—Guards for the Roanoke basketball team and is a dark-haired, heavy senior of five feet eight inches in height. "Agnew," as he is known to all of his friends in Roanoke, works as number 44. He promises to show you a lot of fine basketball when his squad plays Berne in the first game of the regional tournament.

Robert Stallings—Bob will be one of the hardest workers for the Stonewall team this year although he is only a junior in the high school. He and his father, who is, by the way, the principal of the Roanoke High School, are real boosters of their school and have high hopes of traveling to Indianapolis. He uses his five feet eight (closer to nine) as a guard on the varsity five and as number 11. He has brown hair and is of medium build. "See you at the Regional," says Bob.

Clifford Keefer—This guard, number 88, is a first-fiver, and he calls his medium-built five feet eight in-

ches by the nickname of "Cliff." Look for a light streak in the Roanoke lineup; you'll know it is Cliff Keefer because he has light hair.

Ed Klepser—Number 66 in case you want to find him on the floor of the Huntington gymnasium. He has a brother, Harold, who is also on the tournament squad for Roanoke. Ed plays the position of forward to his best ability, which is, by the way, a very excellent ability. He has black hair and is of medium build. This junior, one of the nine juniors on the Roanoke team, is five feet eight inches tall.

Charles Richey—Sports the flattering (or otherwise) title of "Boob" and is guarding opponents as number 55. His sandy hair and heavy build seem to help him along as he is only a junior and is on the tournament twelve this year. He is five feet eight inches tall.

Estel Dietz—"Dietz" is a center on the tournament squad and claims six feet of height. He is of medium build and has dark hair. 00, his number, is not by any means significant of his value to the team, because he proves to be one of the most important of the Roanoke squad. Estel is also a junior.

Harold Klepser—"Windy" is dark, rather heavy, and five feet eight inches tall. He is in his junior year and is a guard. "Windy" promises to be a big benefit to Roanoke in his first tournament experience.

Melvin Hatter—"Doc" may try a little of his "doctoring" on some of the opponents in the Huntington community gym this Saturday. He is of medium build, has light hair, and is a junior. In his first tournament, he will play center with his six feet of height.

Bob Yahn—Bob is a senior and is the student manager of the Roanoke squad. He is a light-haired, handsome fellow, and was the main source of all our information. He is a cousin of a student of South Side High School, so it will be sort of a family feud between Charles and Bob Yahn when the teams of their alma maters fight (if they do.) Bob distributes all equipment and referees games for the team practice. Without Bob, the Roanoke Stonewalls would necessarily become the Roanoke "Bares."

Roanoke Features All-round Program

Varied Subject Matter and Activities Keep Jack From Being Dull Boy; Gym Is Good.

Roanoke High School consists of eight rooms in a consolidated school building. Between two hundred fifty and three hundred students are enrolled in the high school, which was built in 1926.

The subjects taught in the Roanoke High School are Latin, Algebra, public speaking, history, English, economics, biology, commercial arithmetic, commercial geography, and physics. Mr. Stallings is principal of the school.

Extra-curricular activities at the school consist of the glee club, the chorus, and the orchestra. Plays are put on each year by both the junior and senior classes. The senior class is now working on the play entitled "Kentucky Belle" to be presented this spring.

A fine gym which will hold approximately four hundred spectators is situated in the middle of the school building. At one end of the gym is a stage where the school and city entertainments are presented.

Track and baseball are the other two varsity sports participated in by the Roanoke High School. Intramural activities consist of softball and basketball.

Whistles and Fire Engines Aid Celebration at Roanoke

By Louis Bonsib

A fire whistle blowing with both barrels in the middle of the night is bound to attract attention and perhaps cause a little excitement. But it was no fire that started the whistle or caused all the excitement that prevailed on that memorable night of March 2, 1935, in Roanoke, Indiana, when the victory of Roanoke over Huntington was received. For the first time in the history of the Roanoke High School, their team had won over the opposing teams at the sectional tournament of the Indiana High School Athletic Association; and that was plenty to celebrate about according to the Roanoke fans.

In fact, it was quite enough to get the fire engines out. At least so thought the elated Stonewalls who captured the town's fire emergency apparatus and proceeded to travel around the familiar streets of their air city in the wee small hours of the morning, with siren screaming and Bonfires Burn Brightly.

It was enough to start fires in the middle of the important highways, because that is just what they did. Bonfires reaching up to heavenly limits lighted the place and brought out the people of the town to see what was the matter.

And in the midst of all this bedlam, perhaps we should stop to tell you just how this all came about.

Roanoke had entered the sectional with high hopes of winning the title, and when they went up against the Huntington Vikings, they were filled with the hope of winning the championship, yet fearful that their fate would be the same as it had been in previous years—that of bowing to the Huntington Terribles who had lost the title only two times in its history.

Roanoke Routs Rivals

And up until the last minute of the game, this spirit prevailed among the Roanoke fans; in fact, until the last few seconds of the game, when their wildest desires were realized; and the Kelly Klads defeated the Huntington team by the close margin of one point.

Even the most excellent alibis offered by the Huntingtonites would not daunt them in their heated excitement and joy. Someone immediately got the bright idea of calling the fire alarm.

number in Roanoke which set the whistle to blowing as if the whole county was being reduced to nothingness.

The firemen turned it off right away because, as the little boy told us with awe, it cost a dollar every time it was started. But when the news was received, they at once turned it on again, because their team won only once in nine years and the money would never be missed (they hoped).

So, the whistle blew most of the night, and the fire engine got a workout, and the streets were filled with fire, and "a good time was had by all."

Howard Smith Places

Above Average Stude

Former South Side students continue to make good as they continue with their education. Howard Smith, '34, who won a scholarship to Lake Forest College, is doing well there, having six hours of excellent and nine hours of very good. His work is above the average.

Howard was prominent in public speaking here, winning first place in the city in the State Discussion contest last term and second place in the city extemporaneous contest.

Dale Burgener Leads

This Week's Big Ten

"Click, click, click," go the typewriters in Miss Covalt's typing room. The Big Ten typing contest is still under way.

Those who are in the first Big Ten are: Dale Burgener at 46 words per minute; Lorraine Meyer, 45.1; Geneva Shearer, 43.9; Virginia Beck, 42.3; Martha Morgan, 40.9; Robert Gaskill, 40.6; Virginia Wood, 39; Betty Schaff, 38.5; Betty Rose Lehman, 37.5; Ruth Fowler, 37.4; Joyce Spencer with 37.4 words per minute.

Helen Walbert with 36.9 leads the second Big Ten; and Beatrice Schriber with 34.4 and Emma Yentes with 34.2 lead the third Big Ten.

Here Are The Roanoke Boys

Nickname	Class	No.
John Schoeff, center—"Tiny"	Junior	77
Marion Law, forward—"Hot Dog"	Senior	22
Phil Thompson, forward—"Thompson"	Senior	99

Speaker In State Contest To Be Named

Local Elimination Match To Be Held March 15; All Pupils Invited To Compete.

"That the Federal Government should adopt the policy of equalizing educational opportunity throughout the nation by means of annual grants to the several states for public elementary and secondary education" is the main topic for discussion in the state discussion contest which will be held here on March 15 to pick South Side's representative or representatives.

Another phase of the contest will be a discussion, preceding the speeches on the above subject, giving general statements, and presenting general facts to the audience without any argument whatever, on "The school in the present economic crisis, the meaning of equalization, the background of Federal Aid, and financing schools in other countries."

The contestants will not know which of the four subjects in the general discussion they will speak on until the drawing one hour before the contest takes place.

After the general discussion, the pupils will give their argumentative speeches which they have developed on each phase of the general topic. In this speech they will include some of the material presented in the preceding discussion, and some rebuttal material.

Each of the speeches will be at least five minutes, and not more than six minutes, in length.

Those topics which are waived are the constitutionality and the exact amount of grants or the techniques of their administration.

The dates for the contests are: the local discussion contest on March 15, the county contest on March 30, the district contest on April 12, and the state discussion contest on April 26.

Everyone in the school is invited to participate in the contest and should notify Miss Dorothy Benner, head of the public speaking department, as soon as possible.

History Class Goes To Lincoln Museum

Various Pictures in Foreign Books of Famous American; See Remembrances of Home.

In order to add to their information regarding Lincoln and his life, Miss Pauline Van Gorder's United States history class visited the Lincoln Museum at the Lincoln National Life Insurance Company on Thursday, February 21.

This museum is sponsored by the Lincoln National Life Insurance Company, and is under the supervision and direction of Doctor Louis Warren, who is at present making an extended tour through the United States, lecturing on Lincoln and his life.

The students saw many interesting articles connected with the life of Lincoln. One of the most interesting collections was that of various pictures of Lincoln in foreign books, showing him as one of their race. In a Jewish book, he is pictured with a slightly hooked nose, and in the book of the Norwegians, he is shown with blonde hair. On another book cover there is a piece of a damask curtain which actually belonged to the mother of Lincoln. In the library, there is a collection of 4,000 books. Also at the museum is an actual mask of Lincoln which was made while he was President. The collection of Lincoln articles includes every picture of him from the first, taken when he was thirty-seven years of age, and the last, which was taken seven days before he died. As the students took leave of the exhibition, they were given souvenirs.

Miss Pauline Van Gorder, the history teacher, felt sure that the trip was very educational and was enjoyed by all the students. She said, "Seeing the exhibition gives deeper insight into Lincoln's life, and makes you feel better acquainted with him."

Wilson Back Again

Mr. Wilburn Wilson, social science teacher at South Side, was taken to the hospital last Thursday afternoon. He had a severe gastronomic disturbance, and remained in the hospital the remainder of the week. He is now back in school and hopes to remain without further illness. When he was first taken to the hospital, it was believed that he would have to be operated upon at once. However, he is now well enough to come to school, and we all hope that he has fully recovered.

Miss Dorothy Benner

Miss Dorothy Benner, public speaking teacher at South Side, is in charge of the state discussion contest at South Side to be held March 15. The discussion topic this year is "Federal Aid to the Schools."

Friendship-Courtesy Day Held Yesterday Is First of Its Kind

With the hope that it will become an annual event, a "Friendship-Courtesy Day" was sponsored Wednesday with the idea of fostering friendship and courtesy in South Side. The plan which is similar to one practiced at North Side, was proposed a few weeks ago by Mary Osborn at a meeting of the class officers. On her committee the following were selected to help with the program: Grace Nelson, Virginia Fathauer, Don Sparkman, Sue Meyer, and Eleanor Vesey. The latter was appointed by Mr. Flint to represent the freshmen.

Since the time for passing classes was lengthened by Mr. Snider, the purpose of getting acquainted was fulfilled as the students were enabled, during these extra few minutes, to take different and longer routes to their respective classes. It also enabled some students to have a large collection of autographs. However, most of the students co-operated and Wednesday may be chalked up as being quite successful.

Mrs. Herbert Ray Speaks to So-Si-Y

So-Si-Y Speaker's Topic Is "How High School Girls Can Aid in Building a World Community."

Mrs. Herbert A. Ray, whose topic was "How High School Girls Can Aid in Building a World Community," was the principal speaker at the meeting of So-Si-Y which was held Tuesday afternoon in the Greeley Room.

As the theme of the meeting was "World Fellowship," Mrs. Ray stressed the need of cheerfulness and helpfulness among the nations. She illustrated her talk with several amusing stories: the friendly stranger in Columbus who spoke to everyone she met, the Japanese Y. W. C. A. worker who became so popular in this country, and two tubercular young men in the Adirondacks who publish the cheerful little pamphlet, "Trotty Vicks."

Verna Holzman read the devotions which consisted of the reading, "I Gave Him Half of Mine." The chairman for the meeting was Helen Anderson.

Violet Wittmer, chairman of the booth committee for the reception which will be given at the Y. W. C. A. in honor of Miss Shaw, appointed the following girls to take care of the English booth: Geneva Shearer, Aletha Hatfield, Betty Eison, and Fay Bechtold. Arleth Carvin, Catherine Hirschman, Catherine Allendorph, and Dorothy Turfinger were chosen to arrange the French booth.

Mary Shaffer, Erna Fuhrman, June Haeger, and Ruth Garrison were appointed by Ruth Adler, chairman of the invitation committee for the affair. Evelyn Ertel, chairman for the next meeting has announced that Mrs. Ada Perry Bundacher, poet-reader, will give several of her poems, in accordance with the theme, "Finding God in the Beautiful in Poetry."

Other members of the committee are Martha Franz, Ruth Fowler, Catherine Hirschman, Ruth Reitz, Ruth Rose, Elfrieda Enz, Bernadette Dygert, Dorothy Crabill, Evelyn Kruse, Eliza Bess Lucas, and Helen Myers.

Club Makes Movies

The Movie Club of the Benjamin Bosse High School, Evansville, Indiana, will make its second movie in the spring with the help of the members. The first movie was made by the club in 1929.

Universities Offer New Scholarships

Purdue, Southern California, Chicago, Hanover To Tender Many Awards to Students.

Several new scholarships to Purdue, Hanover, Southern California, the University of Chicago, and Mac Murray College, have been added to present list at South Side.

Hanover College in Indiana is offering ten special scholarships paying \$225 for the year to boys and girls. The qualifications for these scholarships are: the boy or girl must have a standing in the upper 10 percent of his class; he must be recommended for Christian character and interest by a pastor, and he must be recommended for superior character, personality, and leadership by the principal or superintendent.

Purdue University awards each year a small number of scholarships known as Special Merit Scholarships. These scholarships are intended for young men and women of outstanding ability. The holders of scholarships are exempt from the payment of the principal university fees. High intelligence, good personality, and promise of leadership are the requirements for these rare scholarships. If any student feels that he has these qualities, he should speak to Mr. Snider and find out about the tests by which he may be selected to receive one of them.

Twenty-five scholarships are being offered by the University of Southern California to select graduates of accredited secondary schools which enroll more than one hundred pupils. These scholarships cover the tuition charges for the freshman year and range in value from \$270 to \$285.

In these University of Southern California scholarships, the applicant recommended from a secondary school must have attained a high scholarship record in his several subjects and must hold a place in the highest tenth of his class. Not more than one applicant will be considered from South Side. All data in support of the candidacy of the applicant must be received direct from Mr. Snider. These scholarships will be awarded on or before May 15.

Three different kinds of scholarships are being offered by the University of Chicago. The first is a two-year Honor Entrance Scholarship for men. This scholarship is awarded without an examination upon the basis of scholarship and leadership in school and community activities.

The second scholarship from the University of Chicago is a one-year Honor Entrance Scholarship for men and women. This is awarded without an examination for general excellence in scholarship.

Another kind from this university is the Prize Scholarship for men and women. These are awarded for excellence in any three of the eleven subjects (English, mathematics, Latin, German, French, Spanish, physics, chemistry, zoology, botany, and history). Pupils must see Mr. Snider to register for the competitive examinations. For complete details write to: The Committee on Scholarships, Cobb Hall 203, University of Chicago, Chicago, Illinois.

MacMurray College of Jacksonville, Illinois is awarding a scholarship for \$200 to some girl graduating from South Side in 1935. Only girls whose grades rank in the highest 10 percent of the class will be considered. The winner must rank highest in character, social attainment, general ability, and must be deemed worthy by college authorities for a scholarship to MacMurray College for women.

School Is Addressed By Paul Geisenhoff

Paul Geisenhoff, a student at North Manchester College, spoke to the South Side student body at an assembly held Monday, February 25. Mr. Geisenhoff was introduced by Betty Wainwright. The subject of Geisenhoff's speech was "A New Easter."

Paul is a graduate of South Side and was very active in public speaking activities while in high school. He has continued with his public speaking activities in college and has taken part in several state contests.

More Girl Manual Training, and Boy Cooking Classes

"I ran into a block-headed fellow and I didn't know how to work on him," explained Mary Osborne as the reason for her taking wood working training. Mary is a post-grad and is the only girl in South Side who ever ventured to take this subject, though some have taken mechanical drawing.

She said that she is rather awkward because she never had done anything like it before. Mary thinks if more girls would take manual training and more boys would take home economics, they would get along better around the house.

Her class is principally made up of freshman boys, but she said that they are very nice and she gets along fine with them.

"So far," Mary says, "I've had only one mishap. That was when I got a blood blister."

Lloyd K. Whelan Speaks at Meeting

Math-Science Meeting Marked By Chemistry Demonstration; Progress of Math, Numbers.

Mr. Lloyd K. Whelan, physical geography teacher, Garland Eickmeyer, Bob Blomker, and Ruth Adler were featured on the program for the Math-Science meeting held last Friday at 7:30 o'clock in the Greeley Room.

Mr. Whelan, who attended the summer geological camp of the University of Michigan some years ago, gave an interesting talk about it and the surrounding region. He traced the geological history of the Cumberland plateau, where the camp is located, from the time it was the bottom of the sea up to the present date, a period of about 135,000,000 years. He showed the steps of elevation and erosion it went through, illustrating them with two large physical feature maps.

Garland Eickmeyer and Bob Blomker contributed some interesting chemistry demonstrations as their part of the program. They showed how the mixing together of colorless solutions can result in many brilliant colors. The trick, of course, is in knowing what solutes to select to mix. For instance, a ferrous salt mixed with potassium ferricyanide resulted in a deep blue, while a ferric salt mixed with a sulpho cyanide results in a brilliant red. Other solutes mixed and their resulting colors were potassium chromate and barium chloride—pale yellow; potassium iodide and mercuric nitrate—orange; a ferri salt and ferricyanide—dark greenish brown; copper nitrate and ammonium hydroxide—deep blue. They also gave a clever trick showing how, seemingly, water was turned to wine and wine turned to water.

Ruth Adler told about the progress of mathematics and numbers. She showed how arabic numbers developed and discussed the need of symbolism in the world today. She illustrated her talk with drawings on a blackboard.

Following the program, games, led by Catherine Allendorph, were played and candy bars were given out as refreshments.

Archer Graduate Honored

David Parrish, a South Side graduate, was recently appointed an assistant in the history department of Indiana University where he is now a senior. This is quite an honor because underclassmen are seldom given this position. Parrish was active in public speaking, dramatics, and was general manager of The Times and editor of the Totem while at South Side.

Pupils Perfect Orthography

Nineteen junior high students of Nathaniel A. Narbonne School, Lomita, California, made perfect scores on a recent spelling contest. The contest is the result of a "Better Spelling" drive.

Marionettes Date Back, Teacher Says

Miss Donna Schlegelmilch of Harrison Hill Tells History Of Art to Members of Club.

"Marionettes are one of the oldest of the known arts and date back to an almost unknown age of civilization," stated Miss Donna Schlegelmilch, dramatics teacher at Harrison Hill and an ardent manipulator of marionettes, who talked at the meeting of the Marionette Club on Thursday in room 76. Miss Schlegelmilch stated that the little fellow's family tree has its roots in the culture of Asia, China, Japan, Egypt, and Persia and that later the trunk spread to Italy, Greece, and other parts of Europe. The leaves now extend into every part of the world.

The plays, according to Miss Schlegelmilch, are by no means new either for Archimedes, Plato, Socrates, and other early authors are all said to have written some of their greatest works for presentation by the little actors. The Crusaders were some of the first Europeans who realized the possibilities of production in their countries and brought home the idea of presenting the "Nativity," which they had seen done at the Manger of Bethlehem by puppets. Shakespeare, it is said, wrote his famous "Midsummer Night's Dream" and "Julius Caesar" for marionette shows and the Passion Play of Oberammergau was also first intended for this sort of production. Voltaire and Goethe are some of the more modern writers who labored on their manuscripts for the doll dramatists.

Miss Schlegelmilch was introduced by Georgetta McIntire, vice-president, who will also be in charge of the next meeting. It is planned that work on the construction of a stage and new puppets for the club be started at this meeting.

John Bex, president, announced that because of conflicting schedules, the Totem picture will be taken at a date to be announced in the school bulletin.

Roman Cleanliness Topic of Latin Club

Members of Program Committee Will Discuss Sundry Topics Related to Roman Conditions.

The Societas Romana will have its monthly meeting next Thursday in the Voorhees Room. The topic for this meeting is the "Promotion of Health Among the Romans," and will be under the leadership of Ruth Rose. Ruth will talk about "Sanitary Conditions of Ancient Rome."

Other members of the program committee will also give talks on this theme. Louise Miller will speak on "Roman Physicians," "Surgery Among the Romans" is the topic of Robert Harruff. Betty Jeanne Bond will describe Baiae, a health resort in Rome.

The ancient Roman Bath and Public Bath House will be described by Harriet Shaefer.

The club emblem and motto, which was made by the former president, Eugene Craig, will be displayed to the club members. These emblems will be hung on the walls of the Voorhees Room.

"News Work is Interesting," Say Alumnus During Interview

"Newspaper work is certainly interesting," replied Miss Phyllis Toothill, society editor of the News-Sentinel, and one-time editor of the South Side Times, in a recent interview, in answer to the query as to whether newspaper work is interesting. "I certainly like to write up the various stories which are handed in to me, along with the other news that I handle."

A charming young lady was then noticed to enter the room, and on being introduced, it was found that she was Rhoda Toothill, the illustrious Phyllis's sister. The information that the former sister was also a South Side graduate made it evident that this person should also be included in the interview.

These two sisters were very popular in high school. Both were members of the Times staff, having been reporters and feature writers. Phyllis was humor editor of the Totem in her senior year, and was also a member of the 1500 Club. But these two were not content to enter just publications, for they made a name for themselves in many other activities. Both were members of the Philo Club; Phyllis was a member of So-Si-Y, besides being in the Senior Play; Rhoda was president of Meterites, treasurer of Art, and also a member of Travel and Student Players. Rhoda and Phyllis concluded their careers in high school by being on the senior honor roll.

In college (they both went to Indiana University) both were members of Kappa Kappa Gamma, besides belonging to other activities. Included among these were the Daily Student, French, Y. W., and the yearbook, Arbutus.

They enjoyed their high school and college careers, besides achieving the various honors that they did. Their record certainly is enviable throughout. Rhoda is thinking of going back to college. They said they would encourage "any student who has the desire and the ability, but not the money to go to college, to work his way through." The Times wishes two of their former members all the luck in the world.

Junior Hi-Y Will Meet On Monday in Future

The Junior Hi-Y decided at the last meeting of the club to change the meeting night from Thursday to Monday. Other important business about programs and the Totem picture was discussed. The boys enjoyed a swim and refreshments.

The next meeting will be held on Monday night at 7:30 o'clock at the Y. M. C. A. Mr. Homer Davis, a prominent instructor at the Y. M. C. A., will be the guest speaker on the program. Those interested in the activities and the purpose of the club are asked to apply for membership immediately in the short membership campaign.

P-T.A. Program Includes Plays By Pupils Here

Miss Suter's Dramatic Students Give Two Plays; Orchestra Furnishes Music.

"The Lost Elevator" and "Finders Keepers," two one-act plays under the direction of Miss Marjorie Suter, were presented at the meeting of the Parent Teachers' Association of South Side on February 25.

"The Lost Elevator" is a farce in which the elevator stopped about half way down, and a great deal of conversation goes on between the much alarmed occupants. The mystery is solved when the elevator boy admitted that a young man on the elevator had paid him to stop the elevator so that he would have a chance to explain and renew his engagement with a certain young lady on the elevator.

The part of the young man was played by Frank Montgomery, and the young lady, by Betty Erick. The remaining cast was Eleanor Cupp, Charlene Davis, Ellis Lochner, Wilma Bleke, Elgin Stump, Robert Blomker, James Roth, and Clayton Kilpatrick.

Bernita McIntosh played the part of the wife, Robert Klopstein, the husband, and Clarabelle Chenoweth, the neighbor lady, in the second play, "Finders Keepers." The wife came home very much thrilled because she had found four hundred dollars and declared she wasn't going to give up the money. A neighbor lady came to the house and sufficiently described the money pocketbook and location where the money was lost so that the husband and wife knew that the four hundred dollars belonged to her. Against the will of his wife the husband told the neighbor lady he had found the money and would return it to her. The wife found she had lost her purse and someone had taken the money from it, so in the end the husband paid the money from his own account.

Two members of the Public Speaking Bureau, Vera Holtman and Richard Shannon, gave speeches. The former talked on "Shall Higher Education Be Restricted to the More Intelligent?" and the latter talked on "Federal Aid to Education."

The orchestra under the direction of Mr. Jack Wainwright gave three selections.

The parents who have children who are seniors were asked to stay for a while after the meeting to discuss plans for the fun fest.

Times Workers Prepare for Trip

Columbia Scholastic Press Meet Attracts Seven South Siders; Will Hear Famous Speakers.

The people from South Side attending the Columbia Scholastic Press Convention, to be held at Columbia University in New York City, will leave Fort Wayne next Tuesday afternoon. Although the sessions of the convention will be held March 14, 15, and 16, those from here will arrive a day earlier in order to take a sight-seeing trip.

An interesting program including speakers and round-table discussions has been planned. A few of the speakers have been announced. Mr. Arthur S. Draper, editor of "The Literary Digest," will speak on the subject, "Interpreting the News." Hon. F. Trubee Davison, president of the Museum of Natural History, will address the convention on the subject, "What Science Has to Offer the Periodical Press." "School Publication Work as Preparatory for Book Publication" is the topic to be discussed by Hugh Kelly of the McGraw Hill Book Company. The copy editor of "The New York Sun," Mr. John E. Stempel, will speak on "News Tips for Your School Publications."

Freshman Mothers To Meet on Monday

Freshman mothers will hold a meeting at South Side on Monday, March 11, at 2:30 o'clock. The theme of the meeting will be "The Treasure House." Miss Pittenger will give a talk on "Our Guide." "Our Jewel" will be the subject of a speech by some South Side pupil. A talk will be given by Mr. R. Nelson Snider on the subject, "Our Heirloom." Music will conclude the program. Mrs. F. H. Ruppnow is chairman of the program committee.

W. H. McBride To Speak on Art

Director of Fort Wayne School Will Talk to Club; Members Visit Oriental Rug Store.

Mr. Walter H. McBride, director of the Fort Wayne Art School, will be the speaker at the next Art Club meeting to be held in the Greeley Room on Wednesday, March 13. Although Mr. McBride has been connected with the school only about a year, he is quite well-known in the city. He will speak on "Art," revealing some very interesting facts about this subject. As his talk will be unusual, a large attendance is expected. The rest of the program will consist of songs by Miriam Lickert. Punch and cookies will be served at the close of the meeting.

See Oriental Rugs

A trip to Mr. K. B. Yohannan's Oriental Rug Store on South Clinton Street featured the meeting of the Art Club last Wednesday. A few announcements were made during the short business meeting held in the Greeley Room before going down town. Transportation was furnished by Lou Sheets, Edythe Thornton, Marie Wolf, and Jim Clapper.

Some very interesting facts not generally known by those who do not make a study of rugs, were brought out by Mr. Yohannan. He first pointed out the differences between an oriental rug and an American-made rug. An oriental rug is worked on a loom by the Persian people, the number of people depending on the size of the rug. Here Mr. Yohannan said that it took four and one-half to five years for four people to make the usual-sized oriental rug. To illustrate his point, Mr. Yohannan showed how rugs are made on a loom. An American-made rug is made entirely by machine.

Patterns Differ Widely

There is a wide variance of pattern and color in different kinds of oriental rugs. This could be plainly seen in the different rugs which Mr. Yohannan showed. The Persian rug which has many figures or characters and is very fine in texture was examined first. The Chinese rug proved an excellent contrast, for it is made by the Chinese people and is different from the Persian rug in every way. Its fewer characters, Mr. Yohannan pointed out, are plainer and more easily distinguishable. It is a much thicker, heavier rug, and is more coarse than the Persian rug. A very interesting antique rug, which had a coat of arms, was then explained. A fine contrast to this rug of old colors and large, distinct patterns, was the finest rug made, the silk Kashan, with its softly blended colors and its delicate pattern. Another interesting rug showed and explained by Mr. Yohannan was the Bride or Kiskillan rug, made only by girls of the mountain tribes for their future husbands. Other interesting rugs were the King Solomon Court, which showed a king and queen surrounded by many subjects; the Prayer rug; and the Sunrise pattern rug. The Baluchistan rug, Mr. Yohannan explained, is a rug in which the colors are mostly blues and reds.

HIGH SCHOOL STUDENTS WELCOME

Popularity of Ice Cream Bars Soars Above Previous Season

Yum! Yum! 4,680 yums! Yes, that is how many ice cream bars have been sold. Where? Right here in South Side by some of our very industrious student workers. When? At the basketball

games, of course. It will also interest you to know that these bars are not only sold to the younger set of people but also to the older folks.

It would probably surprise you to know the fact that one person could live for an indefinite period of time by just eating ice cream bars. Some of the very nourishing ingredients that these bars contain are milk, eggs, chocolate, etc. These very ingredients are sent in large quantities to the polar regions for the use of their hard-working people.

The first person to put out a bar of this type was a man by the name of Sanders. He didn't do much manufacturing himself but he originated the bar known as the Eskimo Pie. Mr. Sanders became rich by selling his rights to other companies which began manufacturing these bars. The production of these began about ten years ago.

The purifying of these bars is the same as the purifying of candy, ice cream or anything else of that kind. Ice cream bars are handled by a very quick process. They are measured down from ice cream in a room where the temperature is below freezing. These bars are very quickly taken from the freezer and dipped into melted chocolate, after which they are returned with the same speed to the freezer and are kept there until sold.

The Pioneer Ice Cream Company said that South Side was handling the selling of the ice cream bars very nicely this year. They said we had sold more this year than ever before.

U.S.A. Code Told To New Members

Old Members Explain What Girl Reserves Stand for; Report Given on World Fellowship.

U. S. A. Club held its initiation for the new members at the meeting of February 28. The formal initiation was held first.

Old members of the club explained the Girl Reserve Code. Those girls who took part in this are: Grace Nelson explained, "Gracious in Manner," Mary Louise Lankenau, "Impartial in Judgment," Gertrude Dannenfeldt, "Ready for Service," Virginia Fathauer, "Loyal to Friends," Mary Beth LaFerne, "Reaching Toward the Best," Julia Crabill, "Earnest in Purpose," Evelyn Lehman, "Seeing the Beautiful," Barbara Von Gunten, "Eager for Knowledge," Elizabeth Simpson, "Reverent to God," Paula Gerding, "Victorious Over Self," Clara Colburn, "Ever Dependable," and Betty Harnish, "Sincere at All Times."

The rough initiation was held next. The initiates had to shove a bean across the floor with a tooth-pick. Fruit-basket was then played.

Grace Nelson, vice-president, gave a report on the World Fellowship meeting at the Y. W. C. A. She announced that they were going to have a tea.

Philatelists Hear Of Northern Lands

Robert Archer, Lawrence Smith, John Jackson Give Talks; Quartet Sings; Games Played.

"Oddities of the Land of the Midnight Sun" was the theme of the meeting of the Philatelic Society held in the Voorhees Room, Wednesday. This is one of the programs carrying out the theme of the semester, "Oddities in the Stamp World." Bob Archer was chairman of the committee in charge of the program.

Using a map made by Marjorie Crago to illustrate his talk, Robert Archer told about the mail post that is the farthest north. It is 4,200 miles from New York and about 700 miles from the North Pole. Ships are not able to get to the post; and, therefore, it is very hard to get mail there. Another talk was given by Lawrence Smith, who is soon to move to California, on how to mount stamps and where to buy mounting material.

Tells of Mail Carrier John Jackson told an interesting story of a United States mail carrier who saved the Canadian mail.

The Philatelic quartet entertained the club with "Old MacDonald Had a Farm" and "On the Good Ship Lollypop." This quartet is composed of Bob Blomker, John Bex, Clayton Kilpatrick, and Bob Adams. Miss Pauline Van Gorder accompanied them on the piano.

It was announced that Jane Loomis is to be the chairman of the committee in charge of the club's exhibit for the Centenary Celebration. This exhibit will be composed of stamps lent by the various members of the club, but it need not be completed until sometime in May.

The members of the club answered the roll by naming someone whose picture is on a United States stamp. Next meeting, they must describe a scene from a United States Commemorative stamp.

Club Plays Game

A game was played in which the members of stamp club were described and were to be identified. Clayton Kilpatrick, Allen Tremper, Bob Adams, and Hollis Logue tied for the prize.

Another issue of the South Side Stamp Script was distributed to the members. Evelyn Ertel and John Bex supervised its publication.

The next meeting will be planned by a committee composed entirely of boys with John Bex as chairman. The members are Dalton McAllister, Dick Kowalski, Al Tremper, Eugene Holtman, Clarence Greider, and Fisher Rehner. The theme of this meeting is "Torrid Topics." John Bex is to be the auctioneer for the auction which will be held.

Cities of Germany Described to Club

"Cooking Is Excellent," Avers Miss Eleanor Smeltzley; Films To Be Shown at Next Meet.

Miss Eleanor Smeltzley, social science teacher at South Side, spoke to the members of the German Club in the Voorhees Room, February 27, on the subject, "Beautiful and Interesting Cities of Germany," which was in keeping with the club theme of the semester. During the course of the talk Miss Smeltzley described the cities generally, and also told a little of the background, either historical or religious, of them.

The speaker spoke of the Germans' quality of thriftiness; even on the large ocean liners they have fishermen who fish while going across the ocean. The fish which are caught are used to feed the people on the boat.

German Cooking Excellent

"The German cooking is excellent," stated Miss Smeltzley, "and there is no need to order sauer kraut when eating German food, as many people think. Various types of food are served, she explained. German soup was the most delicious she had ever eaten, even though Miss Smeltzley has traveled extensively. One special soup was especially brought to her attention, so she went quite into detail in describing it. She explained that liver is cut up into little pieces and made into balls which are used to flavor soup. She stated that it was very artistic and also delicious if one likes liver.

Then the speaker described some of the cities of Germany. Berlin, she stated, had no slums before the World War, even though it was a very large city. It still is very clean and attractive, for all telephone wires are underground, and the elevated train construction work is concealed by trees.

At Cologne is the very famous Cathedral, which took 632 years to build. This cathedral is one of the most famous in the world. Cologne is also noted for its famous perfume, Dresden is the German "Florence," being noted for its art collections. The original "Sistine Madonna" is in an art collection at Dresden. Dresden china also makes it a famous city.

Miss Smeltzley also gave the religious background for Oberammergau, at which place she was fortunate to meet Anton Lang, the man who portrayed Christ in the Passion Play several times.

The speaker gave historical backgrounds and descriptions of Munich; Frankfurt, home of the famous Rothschilds; Meinz, famous for its chemical factories, and Bingen, noted for its castles.

Miss Smeltzley also said that the Germans seldom mention the war and have a splendid spirit in spite of all of their hardships.

At the next meeting films will be shown to club members through the courtesy of the Carl Schurz Memorial Fund, Philadelphia, Pennsylvania.

March 22-23 Date Of Minstrel Show

Magic Act, Dances, and Solos Will Be on Program; Whole Performance Is Four Acts.

The annual Minstrel Show, staged by the members of the Glee Club, will be held on March 22 and 23, announced Mr. Jack Wainwright, musical director at South Side.

Robert Wedertz, a member of last year's graduating class, will give a magic act. "I Wanta Die From Eatin' Possum Pie" will be sung by Wayne Brown. Three line dances will be given by Joan Bonsib, Effie Roberts, Doris Gardner, Pauline Warner, Irene Ehlinger, Mary Louise Helms, Betty Wainwright, Margaret Rehm, Connie Schultz, Mary Carlson, Mary Osborn, Maxine Fry, and Clarabelle Chenoweth. The girls participating in the four tap dances are Katherine Likens, Nona Fisk, Alberta Gallmer, and Peggy Kilpatrick.

There also will be some special numbers, Betty Wainwright, Jane Kimble, and Fred Boty presenting one, and Bob Klopstein another. This show will consist of four acts.

Minstrel Show To Be Staged In Gymnasium

End Men Are Selected for
Annual Production To Be
Held on March 21 and 22.

Four-Part Feature Follows Main Act

Mr. R. Nelson Snider Is
Interlocutor; R. Wedertz
To Give Magic Exhibit.

The combined Boys' and Girls' Glee Clubs will present their annual Minstrel Show next Thursday and Friday evenings on the newly-constructed collapsible stage to be erected in the gymnasium. The production will consist of the usual line of jokes and "white elephant" propositions. The second portion features Joan Bonish as Shirley Temple in the number she made famous, "On the Good Ship, Lollypop."

Immediately following the minstrel portion of the production, a four-part olio will be given. The first part of the olio will be a magic demonstration by Robert Wedertz, a graduate of South Side. Robert, the magician, as he is generally billed, has established quite a reputation for himself in the "white elephant" profession. The second portion features Joan Bonish as Shirley Temple in the number she made famous, "On the Good Ship, Lollypop."

The third part is laid in a club room scene and is comprised of several melodies and tap dances and a new high school medley dance. Among the modern dance hits will be "I Believe in Miracles," featuring a tap dance. Bob Klopferstein will give a demonstration of his ability on roller skates to the notes of "Hungarian Dance." The concluding portion will be a patriotic number, featuring "Yankee Doodle."

In the minstrel portion of the production Mr. R. Nelson Snider will serve as the "Massa" and is the object of plenty of jokes and is forced to survive no few puns.

Japan Discussed By Ward Gilbert

Chemistry Teacher Tells About
Observations Made in Alien
Country To Torch Members.

Torch Club held its third meeting of the current semester in the Voorhees Room, Monday, March 11. The business of the club was short and consisted mainly of a reply from a letter sent to Siam for the club by Don Hickman. Two other letters were also sent but no reply has been received as yet.

Ward Gilbert, chemistry teacher at South Side, gave an account of his trip with Indiana's baseball team to the Orient in 1922. He held his audience spellbound during his narrative, for the topic was one that would hold the interest of any sport lover. Indiana received the privilege of going to Japan through the fact that they had royally entertained the Japanese team when they had visited the United States. Indiana forfeited practically all of their Big Ten competition by going abroad, but this trip netted a profit of \$13,000 for the university's coffers.

Many Enroll
It was known the year before that Indiana would go to Japan and as a consequence, baseball players from all over the country enrolled at Indiana the next year, but a Big Ten rules committee refused to allow these men to play and so the twelve men selected to go were mostly untalented newcomers. Indiana was the first mid-western school to go to Japan.

Travel All Over
The games started in Tokyo and the ball club traveled the full length of the empire. At first, untrained to the Japanese balls, the Japanese parks, and the optical illusion that was made when a Japanese ran bases, for the little Oriental's legs moved so fast that it looked like they would easily beat the ball out and the Americans usually tried to play the ball before they got it, and consequently lost. The Americans began losing games. But they finally got used to the pitching of a man called Taniyaguchi, who incidentally, pitched all the Japs' games, and they began hitting him all over the lot. The Japs began losing and after losing a good many straight games they absolutely refused to play the Americans anymore, and so the Indiana team merely loafed the rest of their stay in the Orient.

As when last year, Babe Ruth's team toured in Japan, great crowds turned out for all the games and it was common to have a crowd of between 25,000 and 30,000 people on hand merely for a practice session.

Gown, Invitation Orders Are Due on March 21

The deadline for ordering caps, gowns, and invitations is March 21. A deposit of two dollars must be made by then. The required measurements are the chest, head-size, and height. By height is meant the height of the wearer, not the length of the gown wanted. Invitations will be ten cents apiece, and there is no limit to the amount one may buy.

Boy Riflers Meet
The Boys' Rifle Club held their bi-weekly meeting Tuesday night with eighteen members present when the roll was called. Teams of four each were formed. Mr. Hall, head of the G. E. range, was present to instruct new members. Although the club meets every two weeks, the first team practices sometimes twice a week. Their score averages between 95 and 99 out of a possible 100.

In Stage Production

Miss Marjorie Suter

Miss Marjorie Suter, instructor in dramatics in the three Fort Wayne high schools, has the part of the First Mrs. Fraser in the play of the same name. The Old Fort Players are putting on the production at the Civic Theatre this week. Miss Suter is also working with the South Side students on "Seven Chances," the Senior Play.

Potato Is Theme Of Philo Banquet

Annual Affair at Women's Club;
Vivian Crates Logan Heard;
Students Entertain Guests.

The Irish potato was the theme of the thirteenth St. Patrick's banquet given last Tuesday by the Philaethians at the Woman's Club.

Vivian Crates Logan, as the representative of Philo's alumni, spoke about the planting of the potato, or the beginning of Philo. Margaret Murphy, the representative of the active Philaethians, spoke about the crop. Then Clarabelle Chenoweth, Betty Brothers, Helen Flaig, and Betty Medaris, the Philo quartet, accompanied by Betty English at the piano, sang a few selections. Roberta Carson, Philo's poet when she was attending South Side, read an original poem. Mr. Snider spoke about The Skin, and Mr. Null told about The Eyes. Betty Medaris then sang a solo.

Mr. Voorhees spoke about The Spud. To close, "My Wild Irish Rose" and "Philo's Parting Song" were sung. Between courses, various Philo songs, led by Betty Medaris and accompanied by Miss Van Gorder, were sung.

The decorations for the banquet were carried out in the St. Patrick motif.

Alice Hulse, Philo president, was the toastmistress. The various committee chairmen are: Place, Alma Nitzsche; decorations, Edythe Thornton and Betty English; program, Ruth Adler and Miss Demaree; and publicity, Ruth Jones.

Art Club Hears W. H. McBride

Director of Art School Speaks
On "Art As a Hobby"; Club
Starts Planning for Dance.

Mr. Walter H. McBride, director of the Fort Wayne Art School, was the speaker at the Art Club meeting in the Greeley Room yesterday. Mr. McBride has an B. A. E. degree from the Art School of the John Herron Art Institute. He also studied at Harvard University. He has been connected with the Fort Wayne school for about a year.

Mr. McBride spoke on "Art as a Hobby." In his talk he included enjoyable and profitable use of leisure time, vacation periods, and how to use them artistically. Mr. McBride stressed the fact that art is growing in importance, and that more and more people have begun to study art as a hobby. He also pointed out that art is one of the most pleasant ways of spending one's leisure time. Mr. McBride said that so many times one can travel and yet not see anything. He pointed out many ways in which travel and vacations can be used so that much valuable knowledge about art can be gained.

At the meeting plans were made for the Art Club Dance, which will be held sometime in the near future. Committee for the dance were named. Miriam Lickert sang "Lullaby" by Scott, and "Starry Night" by Denmore. She was accompanied on the piano by Betty Wainwright. Punch and cookies were served at the close of the meeting.

Sonia Velkoff Wins Block Print Contest

Frank Glusenkamp and Herman
Spillmer Take Second and
Third Places in Competition.

The winners of the Linoleum Block Print Contest were announced by Mr. A. Verne Flint, chairman of the judges. Poster number one, made by Sonia Velkoff, was awarded first prize; poster two, by Frank Glusenkamp, second prize; and poster five, made by Herman Spillmer, third prize.

The judges of the contest were Miss Dorothy Magley, Miss Rowena Harvey, Miss Gertrude Oppelt, Mr. Elma Gould, and Mr. Flint. Mr. Wilburn Wilson and Miss Mary Helen Ley composed the committee in charge of the contest.

The prizes for the contest have not been definitely decided upon; but they will probably be South Side Archer statuettes, which were recently made by the art department.

Senior Play Cast Selected After Tryouts

Miss Marjorie Suter Names
Final List of Players for
Annual Stage Production.

"Seven Chances" Is Drama Chosen

Twenty of Fifty Who Try
Given Parts in Show
To Be Held on April 4, 5.

Miss Marjorie Suter, South Side's dramatics instructor, has announced the cast for and the name of the Senior Play. She has chosen "Seven Chances" which will be given on the evenings of April 4, 5.

Miss Suter stated that it was a difficult task to select the cast as there is exceptionally good quantity and quality of talent among the seniors this year. She stated that she has very good material with which to work and is quite pleased with the cast. About fifty seniors tried out for the various parts, but thirty of them were eliminated. The final selections consist of the following:

Ellis Lockner.....James Shannon
Dick Shannen.....Goddard
Bob Klopferstein.....Meekin
Henry Miller.....Jo
James Roth.....George
Bob Blomker.....Mr. Garrison
Elgin Stump.....Ralph
Ursula Morton.....Mrs. Garrison
Bernita McIntosh.....Ann
Betty Erick.....George
Jean Kranz.....Peggy
Aileen Branning.....Lily
Virginia Beck.....Florence
Eleanor Cupp.....Irene
Clarabelle Chenoweth.....Betty
Others, Margaret Murphy, Geraldine Henline, Clarice Fyock, Charlene Davis, and Anna Brumbaugh.

Swarthmore College Elects Mark Gross To Student Council

Mark Gross, a graduate of last year who was a very prominent student while attending South Side, was highly honored at Swarthmore College, where he is now studying. Mark was elected to the Student Council of that college. This is one of the highest honors bestowed upon a student there. There are four members on the council, a freshman, a sophomore, a junior, and a senior. Since he has been elected in his freshman year, he will serve for all four coming years, as is customary.

During his four years at South Side he was very outstanding in extracurricular activities. He was especially interested and talented in journalism, being editor of the Green Book, Times general manager, member of Quill and Scroll, and winner of various journalistic contests. In addition to the journalistic work at school, he was the student correspondent for the News-Sentinel. Many clubs took up much of his time while attending high school, as he was interested and active in various departments of the school. In his senior year, he was given membership in the four-year honor roll, and in the National Honor Society, which are the two highest honors obtainable in high school.

Prize Winning Poster

By Sonia Velkoff, 12B

One of the most remarkable phases of progress in our country in the last three hundred years is the advancement of our high schools. Indeed, it has been so great that it is hard for most of us to visualize. Three hundred years ago, the first American high school, the Boston Latin School, was founded. It was established in 1635, only fifteen years after the landing of the Pilgrims. From a small beginning with one instructor and a small number of students, has grown the splendid system now provided for more than 6,000,000 young Americans by 26,000 public and private high schools.

The greatest move forward was the broadening of the curriculum. From the meager beginning of a school where only two subjects, Latin and Greek, were taught only to boys, has risen our present great system of education. Girls, who were formerly thought incapable and unfit to study

Is Given Honor

Wayne Bender

Wayne Bender, former general manager of The Times and now a member of the Board of Managers, has been named to the Quill and Scroll, honorary journalistic society, by Miss Rowena Harvey. To be eligible for this award, one must stand in the upper third of the class scholastically, be a 12A at least, and must have done outstanding work on a school publication for a full year.

Roman Physicians, Surgeons Discussed

Societas Romana Hears Discussion
by Various Members of
Club on Topics of Medicine.

"Roman Physicians and Surgeons" was the topic at the meeting of the Societas Romana last Thursday. Introducing the subject, Ruth Rose, the chairman of the meeting, spoke on "Sanitary Conditions in Rome." She told about the water system, the aqueducts, and other conditions.

Louise Miller spoke on "Roman Physicians." She stated that there were many classes of doctors in Rome, the lowest class of which did their practice on the street corners, often performing an operation before a large crowd of people.

"Surgery Among the Romans" was described by Robert Harfuff. He mentioned a few of the great surgeons, including Hippocrates, the first great surgeon. Bob also described the instruments used by the surgeons in performing an operation. They were very much the same as they are today, and were made of steel and copper.

Betty Jean Bond described and located Bathe, the famous health resort in Italy. Besides this health resort, she described the many beautiful houses along the shores of Italy, where the people came for recreation.

"Baths and Public Bath Houses" were described by Harriet Shaeffer. In her description she gave the conditions in Rome before public baths were in practice, when the people took one bath a week. Harriet related the different steps and rooms in which a person had to go to take a bath in the public bath houses. First, there was the dressing room, then followed the hot bath, cold bath, turkish massage, gym, and reading rooms. She said that 68 B. C. there were 170 public baths in Rome.

Social Science To Give Honor To Best Pupil

Department Plans Citation
On Recognition Day for
Most Worthy Students.

Two Plans Offered To Pick Winners

Paper May Be Written Or
Test Taken To Win; Final
Plans Not Yet Completed.

Outstanding social science students will have a chance to be honored for their knowledge by the social science department under a plan similar to those of other departments. It has been announced by Mr. Maurice E. Murphy, head of the department. The award or awards although not yet chosen, will be given out at the annual recognition services on May 31.

Qualifications Are Given
Restrictions for entry are so arranged to admit only the best students. The entries must be in the upper third of their class in scholastic standing. They must be majoring in social science, whether they take citizenship or civics and economics. They must have an excellent standing in attitude toward work and school, as judged by the teachers. This means an entry must behave well at school and take an interest in his work, at all times conducting himself well.

To Use Two Plans
There will be two plans for entry, one for pupils who have taken citizenship and one for those taking civics and economics, so that it will be as fair as possible for everyone. Under the plan, one may prepare a paper which meets the approval of the social science department, the paper to be chosen from the field of American or general history, citizenship, civics, or economics. The papers will be graded on subject matter, form, source of material, and bibliography of authors and sources used. Under the other plan, the student may take a comprehensive test prescribed by the department for each social science subject. Any student interested further may find out more about the competition by consulting any member of the social science faculty.

Diamonds Disguise? No? Card for Names Of Acquaintances

Pupils, pupils everywhere, and ten minutes between each period seemed to be the main characteristics of last Wednesday, March 6. In case you have forgotten so soon, that day was set aside for the purpose of letting students wander through the halls to get acquainted with each other. Judging from appearances, they did, for the halls were literally swarmed with them. This congestion was caused by the "studies" desires to fill their allotted cards with names of the famous and otherwise.

No doubt future generations of South Siders will point inquisitively to the diamond-shaped cards and ask what on earth they were for. And the ninety year old veterans will remember the days which they spent under the green and white and murmur back, "Them was the days!"

Heads Committee

Henry Meyer

Mr. Henry Meyer, one of the city's foremost physical education instructors, is chairman of the Vocational Guidance committee of the Kiwanis Club, which is sponsoring a six-weeks course of instruction in vocations, to begin soon at South Side and North Side High Schools.

Noted Poetess Is So-Si-Y Speaker

Mrs. Ada Perry Bienhacker Presents
Descriptive Poems;
Franz, Dygert on Program.

Mrs. Ada Perry Bienhacker, author of "God in Nature," was the speaker at the meeting of So-Si-Y on Thursday evening in the Greeley Room.

Mrs. Bienhacker, who is president of the Indiana Writers' Society, opened her talk with several descriptive poems of the Arizona desert, which she visited last year. The poems were "The Desert," "The Swan," "Petrified Forest," "Painted Desert," "Grand Canyon," and "Art Creek Canyon." Crossing the Ohio River on her return trip Mrs. Bienhacker wrote "Back to Indiana" and a final "dig" at Arizona which claimed her daughter whom she had been visiting. Mrs. Bienhacker concluded with a tribute to the Hoosier poet, James Whitcomb Riley, which she wrote similar to his "When the Frost Is on the Pumpkin."

Martha Franz, a member of the committee, read the poem "Myself" as devotion, and Bernadette Dygert gave an original poem, "Pearls."

The committee in charge of the meeting was composed of Evelyn Ertel, chairman; Martha Franz, Ruth Fowler, Catherine Kirschman, Ruth Riest, Ruth Rose, Elfrida Enz, Bernadette Dygert, Dorothy Crabill, Evelyn Kruse, Eliza Bess Lucas, and Helen Meyers.

Martha Baumgartner, secretary, announced that the proceeds of the tournament dance will be used to build a roof garden at the Y. W. C. A. building. Miss Rinehart stated that the club's Totem picture will be taken next Tuesday afternoon, either in the Greeley Room or cafeteria.

Betty Medaris, chairman of the third committee, will be in charge of the next meeting.

Clean-up Campaign Will Begin April 1

Drive Sponsored by Inter-Club
Congress Members; Home
Rooms Will Hold Discussion.

The annual school-wide Clean-Up Week, which is under the direction of the Tarentum Committee of teachers and pupils, will be held during the week of April 1, after spring vacation.

During the Clean-Up Week, a library exhibit will be held to stress beautification and cleanliness of homes and schools. An assembly will be given on Friday, April 5, by the members of the Inter-Club Congress. At a recent meeting of the congress members were requested to ask the clubs they represent for suggestions and help.

To further publicize the observation, discussions will be conducted in the home rooms and posters will be placed in the halls.

Miss Emma Kiefer and Mr. A. Verne Flint are the faculty members in charge of the Clean-Up Week. Dalton McAllister as chairman, and Harriet Yapp, Marjorie Catwright, and Bob Adams comprise the publicity committee in charge.

Sunshiners Plan Convention Here

Members Will Go To Goshen
On March 23rd To Attend
Joint Meeting With Clubs.

At the next meeting of the Sunshine Club which will be held next Tuesday in the Voorhees room, Mr. R. Nelson Snider will speak on the convention which will be held here on the 4th and 5th of October.

Betty Erick is chairman of the meeting. All members are urged to be present.

Plans are being made to attend the convention at Goshen which will be held on March 23. A number of the girls have already signed up who are going to attend. These are Caroline Dirmeyer, Dorothea Tobianski, Betty Beyran, Helen McCormick, Dorothy Zaegel, Helen Fleischer, and Georgianna Jacobs.

Hear Northwestern Choir

Students of Joliet Township High School, at Joliet, Illinois, were entertained on March 3 by the A Cappella Choir of Northwestern University. The choir is the second oldest in the country and is in great demand throughout the middle west.

Kiwanis Club Plans Course In Vocations

Fort Wayne Chapter of International Organization
To Offer Guidance Study.

Speakers Chosen For Six Weeks

Ward O. Gilbert To Direct
All Scientific Instruction
Here Beginning April 1.

Sponsored by the Fort Wayne chapter of Kiwanis International, with Mr. Henry Meyer, physical education director of the Fort Wayne public schools, as chairman, a six-weeks Vocational Guidance course, giving a general survey of vocations as a whole, will be started the week of April 1, at South Side and North Side. This course is planned specifically for seniors, but may be altered to include juniors also.

To Use Different Plan
A plan different than that used last year will be used. Instead of holding the sessions during school hours, two afternoons each week will be set apart, with two speakers being scheduled on each of these two afternoons. In this way four separate positions in each division will be discussed. The discussion meetings, each of which will feature outstanding men, will probably be held from 3:20 to 4:15 o'clock on the scheduled afternoons. Attendance, of course, is not required of anyone; but it is expected that large numbers will take advantage of this opportunity.

During the first week Scientific Service, with Ward O. Gilbert of South Side in charge of programs and speakers, will be studied.

Other Divisions Listed
The other divisions, to be studied in the order listed, will be under the direction of the following men: Professional Arts, Dr. Oswald Jones; Commercial Work, Howard Fairweather; Technical Service, Bert Larson; Home Economics, Willis Richardson; Agricultural Work, John Slater. Each of these chairmen will determine what shall be discussed and whom the speakers will be. Announcement of the first week's programs and speakers will be made at a later date.

The objectives of this course are to provide every student with information about various vocations and to give them the value of the opinions and experiences of older men.

Further additions and changes may be made in the plan, but the general plan will be followed.

An assembly, featuring some outstanding speaker, will be held at a time as yet undetermined, to acquaint the pupils with the plan.

Travelers' Topic Is Diamond Mines

Virginia Baumgartner Talks of
Stones in Africa; Cleo Berry
Gives Tap Dance And Sings.

The diamond mines in Africa were the topic at the last Travel Club meeting. Preceding the talk given by Virginia Baumgartner on the diamond mines, a tap dance was given and a few songs were sung by Cleo Berry.

Virginia Baumgartner gave many facts about the diamonds and how they are mined. She described them as they look when they are taken from the ground. They are of all shapes and sizes when they are taken from the ground and are also very rough.

Virginia stated that it takes very skilled hands to cut them, and only expert cutters, after long study and experience, are able to do it. She said that the diamond usually has forty-eight faces, and this enables it to catch practically all rays of light, thus its wonderful brilliance.

In her talk Virginia said that color also adds to the diamond's value. There are numerous colors, which include the choice blue-white, the pure white, the very valuable decided-blue diamond, the apple-green, and the pale yellow. Of these the blue-whites are the most valuable and rare.

She also told a few tales about the diamond, also relating some of its adventures. If all the diamonds in the world were welded together, the resulting stone would be fourteen feet in diameter, and would have a value of \$70,000,000.

For refreshments, "a bit of the Sahara Desert" was served. This was composed of a crepe paper palm tree on a coconut covered marshmallow. Under the tree was a little black candy nigger-baby.

Home Rooms Stress Tercentenary Material

Home rooms have spent most of their time studying Tercentenary material, making out programs for next semester, and holding programs, most of which feature student speakers.

A talk on courtesy was given by Earl Hoy in Miss Ollice Perkins' home room 30. The pupils have also been studying Tercentenary material.

In home room 140, Merle Norris, the chairman, has given out reports to several members of the class. Reports on courtesy and the 300th anniversary of Secondary Schools have been given.

A talk on manners and conduct in school was given by Helen Goeringer in Miss Nell Coval's home room. She stressed the point of courtesy in assemblies. Material on the Tercentenary celebration has been studied in preparation for the test which every student will be required to take.

In Miss Gertrude Oppelt's home room 56, Charles Hart gave a speech on courtesy and manners.

A talk was given on Washington's birthday in Miss Rosemary DeLaney's home room by Dorothy Fathauer.

Read the editorials every week!

United we stand, divided we fall below 70 percent.

South Side has its annoying radicals too—in chemistry.

The secret of pugilistic success—the hunt and punch system.

This is the time of year we feel like fair-weather friends.

All those in favor of Jimmy Durante, say aye—but the nose has it.

Now we know why the Chinese have long fingernails. Maybe they itch.

Of course the flagpole sitter may flirt with death, but he should never fall.

If love makes the world go round, think what a stationary spot Reno must be.

Whether a K. O. is O. K. or not depends upon whether you are O. K. or K. Oed.

Most girls have ruddy complexions, but we sometimes think much of it is just put on.

Many students are just like retired fire horses—when the bell rings, they want to jump into action.

We suppose that these Japs with hari-kari tendencies would just lose their heads at a high school basketball game.

Fair to Our Opponents

South Side of Fort Wayne is not only noted for its good football teams, its excellent basketball teams, but also for the fairness of the athletic department to teams which come to play against South Side. To prove this statement, here are some facts. Last basketball season, out of all the teams with whom we have competed, only two of them offered us the privilege which we extend to every school we meet. The privilege is this: before a game is scheduled, Mr. Davis sends to the principal or athletic manager a list of officials which he takes from the approved list that I. H. S. A. issues. Our opponents have a chance to express their preference of officials. We do this to every school, while only two of our opponents offered that to us. Probably you didn't know this. Well, you do now, and you should be proud of this fact.

A Result of Carelessness

Three young men, sophomores at Manchester College, were severely injured in an attempt to formulate their own tear gas. Authorities said the three were with a group which attempted to "crash" a theatre the night before. In the melee, the town marshal threw tear gas to disperse the students. In an effort to produce their own tear gas, the trio went to the college laboratory to work on an invention. A mixture of the wrong chemicals resulted in a blast which shattered several glass containers and flew flaming acid about the room.

This incident is a striking example of students fooling with something they had no business with. The explosion was in no way connected with college work, but a fair degree of blame will be placed upon college authorities. Accidents like this would not happen if the students were kept in their place and were not allowed to experiment with things they know nothing about.

You Have the Opportunity

What to do after leaving high school is a problem which stares every senior in the face. In order to help the student solve this problem, the Kiwanis Club will conduct a six-weeks' vocational guidance course at South Side and North Side as a service project. In order that more people might hear these talks, after-school sessions will be held, probably from 3:20 to 4:15 o'clock. Four speakers each week will be scheduled, each to talk on some selected vocation which comes within the scope of the division which will be discussed that particular week.

The decision of what one will do in the future

is an important one, for it governs one's life and often affects one's happiness and the degree to which one will prosper. The average high school pupil is not fitted to decide what his vocation shall be without the assistance of someone far wiser than himself. For this reason every senior owes it to himself to make an honest effort to attend these sessions.

Value of Education

Statistics compiled by the United States Bureau of Education show that the pupil who remains in school until eighteen years of age, at the age of twenty-five is earning \$900 a year more than the pupil who left school at fourteen. A high school education makes possible a larger, fuller, and better life by focusing attention upon what the leaders of the world have accomplished. Concentration upon human achievements in literature, science, and art has a cultural value which adds immensely to the joy of life. The high school emphasizes plain, every-day habits of loyalty, industry, respect for property, neatness, regard for the common courtesies, and a sense of the fitness of things. A boy or girl with these qualities can hardly fail to make good.

Be loyal to your school in word and deed. Your personal conduct will make or mar the standing of your school in the community. Have a will to do the right thing without being told or being watched. Thus you will gain in self-respect, and acquire a poise and dignity that will pay rich dividends.

The world has no use for a loafer. School is the last place in which to play the slacker. Slovenly habits stamp you as an inferior. Somebody has written: "How much are you worth above the neck? Is your head a hat-rack or a thinking machine? If you want to get ahead you must have a head."

Free Text Plan

At the present time, there is under consideration a plan which will give the schools free text books. Free texts have been supplied in many states in the nation, and now, at last, Indiana is thinking of it.

What are the advantages of free books? They might, under one plan, be school property. That is the only way it could be done economically, so we will not consider giving the books to students free. It is obviously much more economical to the taxpayers with children, since the books would be used from year to year until they wore out. It would save much time and confusion at the beginning of each term if the books were all ready to use. It would enable the state to keep at all times a uniform system of books of the same edition, also saving confusion.

What are the disadvantages? The conduct of the students stands in the way, at school. The books might fall into the hands of vandalous pupils who delight to mark, tear, and otherwise mutilate books and other property not their own. It would naturally raise the tax levy on school supplies, as the books would have to be paid for out of the public revenues. That is, unless the parents were to pay an annual fee for the use of the books by their children. This would be the best and fairest way, in our opinion.

What the future of this plan will be in Indiana remains to be seen.

Freshman Fantasy

The Regionals
 A beautiful afternoon—nice and warm—robins and greening hillsides—make Huntington in thirty-five minutes—streets thronged—tough parking—where is the gym, anyway?

Youthful ardor—yellow and black—female cheer leaders—chocolate-coated ice cream bars—Coca cola—announcement of Gazuka's roast pork and somebody else's fine feeds—the whistle at last—the long and the short in referees—a good game—nice and clean—close score—burly Roanoke lettermen making small but effective cheering section—more female cheer leaders—more ice cream bars—a verbal battle with a Pennville patriot on the seat below—no backs to these foot seats—more coca cola—the whistle—a pretty fair game—rather long-sided score—four hours to be put in some way. The Jefferson—Tim McCoy in "Square Shooter." The Trivoli—Buck Jones. The Huntington—"The Gilded Lily" with Claudette Colbert—take your choice.—Then eats—a Wimpy sandwich—apple pie—coffee.

Back to the gym—packed to the doors—Huntington band in scarlet, yellow, and white—and they can play! At last the moment arrives—the tip-off. Suspense—racing heart—a rush—a blur—a cheer—a cowbell clamoring—two points—four!—looks as if we might lose—what a band they have here—five—six—seven.—Boy, this is bad—Ah! A basket—we're hitting at last—Another—my heart—Two more!—the half!

Period ! ! !
 Funny how gloomy the night is—rain—rain and still more rain—Long, long way home—and cold—and so to bed.

Come on, philosopher, what do we learn from all this?

More Push On The Handle

Wordy Well Knowns

A traveler.
 Champ.
 Orange sweater.
 Likes to speak.
 Exercises violently.
 Rather dark.
 Eats sparingly.
 Slim.
 Mammoth public.
 Yields to none but the strongest.
 Always the same.
 Lovely complexion.
 Rates one of the Bohl boys.
 Took part in State Discussion.
 Delightful.
 Enjoys club work.
 Rolls of blonde hair.
 Unusually clever.
 Height, 5 feet 5 inches.

Daffy Ditties

Peggy, Peggy, young and gay,
 Makes of life a holiday;
 Peggy, Peggy, always sunny,
 Thinks the world is rather funny.

Maybe she's not young,
 But I like that rhyme;
 I'll try to do better
 The next time.

This is a large school
 And we use every inch;
 For if it were smaller,
 We'd all feel the pinch.

In and out and round about,
 Our winding halls do go;
 Up and down, all round and round,
 They waver to and fro.

Who goes to South Side,
 And makes 'em all glad?
 Why sure, 'tis Kennedy!
 The sturdy lad.

Poet's Corner

And You'll Do It!
 When you're failing in one of your studies,
 And you're trying your best to slip through it;
 Stop playing and really start working,
 Buckle right down and you'll do it.

Then when the teacher asks a question,
 Let the class know that you knew it;
 Start in today to do better,
 Buckle right down and you'll do it.

Don't put it off till tomorrow,
 Get hold of your books and go to it;
 Don't waste a day! Start in right away!
 Buckle right down and you'll do it.
 —Maxine Siler, '35.

Mademoiselle Modiste

—By Rosemary Chappell—

"In spring a young man's fancy lightly turns to thoughts of love," but in spring a young girl's fancy "lightly turns" to thoughts of clothes. At least, so it may be discerned from the light skirts the girls are wearing. This year spring seems to have surprised us, and has arrived even before its official date of arrival.

For sport wear, Helen Comler picks a skirt of green wool. The skirt is fashioned along slender lines. In front, three single pleats give fullness. Another pleat is on the back.

Blue and a contrast of green is worn by Alice Jane Garrison. Her skirt is of a brilliant hue of blue wool. Down the right side in front is a row of round, cloth-covered buttons. At the place where these end is a double pleat. A pocket is placed on the other side for convenience.

Ruth Jones is up-to-date in a skirt of gold-colored, brown, and tan checks. Her skirt is fashioned along simple lines except for two pleats, one on each side in front.

Dorothy Herbst finds powder blue a good shade for spring. She wears a skirt of a light-weight wool fabric. It has one pleat on the right side. Above this is a patch pocket, adorned with a blue button.

A spring outfit of yellow and brown

Southern Slush

When Dick Deahl went away to college, he told Bill Wyrick to look after Gerry Platt. Wyrick can be seen "looking after" Gerry six or seven nights out of the week.

At least Nero was honest. The towel found in his bath house recently by excavators did not bear the Pullman marks.

Gutzon Borglum, world renowned artist, was arrested for destroying his own work. Many artists would have received a vote of thanks.

Two girls, Mary Carlson and Dean Hockensmith wanted to meet Ed Barker at a recent ball game. We wonder why.

A ring on the hand is worth two on the phone.

Al "Giggolo" Giegold has two girls, Margie Clayton and Dorothy Boxberger. Watch your step, Giggolo, one oughta't be enough.

British surgeons announce a liquid that will make a coward brave. We still have some left over here, but it takes a brave man to drink it.

Bud Feichter! At last we got something on you. We found out about an old romance that you had last summer with Helen Smith.

A cobbler arrested for wife desertion was found to have committed bigamy. He should have stuck to his last.

A romance that seems never ending, is the one of Wayne Getts and Gladys Shifflet. He eats two meals a day over there; that's better than we ever did.

Truth is stranger than fiction. It doesn't come around as often.

Wayne Bennet, who said there was not a good looking girl in school, or one that he would go with, can be seen escorting Ruth Phipps home every afternoon at 4:30.

A Fort Wayne girl nearly choked to death on chewing gum while on an auto ride last week. There's just one thing about it, girls; auto riding will have to be cut out.

Tom Conway was seen asking Juanita Collins if he could come over to her house a few nights a week. No cheap stuff!

Paraguay reports the discovery of something claimed to be 200 times sweeter than sugar; but neglects to mention her name.

The Literary Digest had an article last week on "The Auto as a Killer of Wild Life." Why, we always thought that the auto was one of the chief promoters.

A boy that can be seen tramping over to a certain girl's house on Packard Avenue, is dark and handsome Paul Haefling (ex-grad?) from Central Catholic.

B. L. G. S.

1635

300 Years of Progress

1935

S. S. H. S.

Other New England colonies, influenced by the Massachusetts law of 1647, also began to foster Latin grammar schools as public institutions.

In 1689 William Penn ordered the establishment of a public grammar school in Philadelphia, which later became known as the William Penn Charter School.

Men who went to the Boston Latin School were Benjamin Franklin, Samuel Adams, and John Hancock.

The teachers in the Latin grammar schools of New England in this early period were unusually well educated men, strict in the faith, and capable as teachers.

A scrap of a portrait of a 17th century schoolmaster follows: "He wore a long white beard, terminating in a point, and when he stroked his beard to the point it was a sign for the boys to stand clear."

Ezekiel Cheever (1614-1708) was the author of "Cheever's Acedia," a Latin grammar which was used for more than a hundred years after it was published about 1650. Cheever was in charge of the Latin grammar school in New Haven, Conn. (1641-1650).

The Horn Book, one of the first texts used, was a thin board on which a printed leaf was pasted. This was covered with a thin sheet of translucent horn to protect it from dirty fingers.

The famous "New England Primer" appeared in 1690 and was religious throughout. The illustrated alphabet of "Lessons for Youth" went something like this:

"In Adam's Fall
 We sinned all."

"A dog will bite
 A thief at night."

"The Idle Fool
 Is whipt at school."

Second Table

"Where there is smoke, there is fire," said the deep thinker, but he didn't know our furnace.

Bud Jones, the little fixer, managed the Chappell-Johnson feud quite well.

Next to a one-legged ski jumper, the rarest person is a practical joker who can take it.

An optimist is a lady who sends her six-year old son to the grocery on roller skates to bring home a lemon-meringue pie.

Cleaver thinks its Dick Hickman now.

Page the Reader's Digest: "Flat-tery is soft soap and soft soap is 90 percent lye."

Jack Dawson carries on a conversation carved on a desk with an unknown person. He thinks it's Dick Dochterman—if he only knew!

Correct this sentence: Nary a high school dirt writer uses any of Winchell's idea.

Archer Atrocities

We wish to announce that Charles Thorne is the winner of this week's prize, a fur-lined bathtub, which was awarded by the Chew Chem Company for the suggestion of the use of their gum. May we tell you that he uses it to stick his notes to Margie Killen under the desk in Miss Miller's room. . . . Another couple who have decided to go steady are Margaret Geyer and Bob Lohman. . . . It is said that Craig and Swanson are together again. . . . Why give Paul Boyer a whole loaf when he's satisfied with just a Crum?

. . . J. Rosenberger still likes Hilda Adams. We know, because he lost a notebook with the initials "J. R. loves H. A." . . . Kenneth Miller, the boxing champ, has found affection for Dorothy Boxberger. . . . Gerry Dush really goes for the freshman boys, especially Paul Barker of Central. . . . We see that Jack Dawson has a cute little lamb to follow around; her name is Dean Hockensmith. Can this be romance? . . . Some impatient person would like to know why Anita Catlett doesn't make up her mind. She has gone with Don Wiley, Dick Zeig, Louie Affolder, and Richard Giese. Tisk, tisk, what is this poor world coming to? . . . We have found that keeping an ear to the ground makes that ear pretty dirty. . . . What's this between Eleanor Liby and Kenneth Simmers? They are getting to be a regular "two-some." . . . Does Louie Didier come out to South Side to see Janet Fisher, V. Vesey, H. Yapp, Rosie Chappell, or to see all of them? What a man! . . . Hugh Scott and Earl Rupp are making faces at each other over Marion Rippe. . . . Has Risher Hall settled down to Jean Bollman or Peggy Porter? . . . Eugene Schmitt is the person that Margaret Gross wants to meet. . . . He's O. K., Margaret. . . . Rex Knorr has added to his list of inventions, a strainer without any holes for the people that have nothing to strain. . . . Anna Papai has asked at least 100 people to introduce her to George Glenn. He must be worth knowing. (Bring him around sometime). . . . Dorothy Wilson can be proud for a while, because she's Bob's cousin. At least she can be glad that she's not the "Forgotten Woman." . . . What are those keen jokes that Max Wagner tells Eleanor Vesey in algebra class? Some place to tell jokes. . . . Frances is troubled because Elmer doesn't get romantic when Knight comes. (What a lousy pun). . . . Has everybody been listening?

Then comes a page of "Instructive Questions and Answers." Who was the first man?—Adam. Who was the first woman?—Eve. Who was the first murderer?—Cain. Who was the oldest man?—Methuselah. Who built the ark?—Noah.

This Primer was the school book for a century; its total sales have been estimated at three million copies. In the 17th century Latin was the language of scholars.

The Boston Latin Grammar School of the 18th century had a well-cared-for garden. The best boys of the school were allowed to care for it as a reward for merit. These best boys were also allowed to saw the master's wood and do other helpful tasks for him. Some of these were future signers of the Declaration of Independence—John Hancock, Robert Treat Paine, and William Hooper.

Early in the 18th century in Boston another Latin school was established and three Writing schools, where boys whose parents had no social ambitions could learn the simple arts of writing and arithmetic.

There were for the first time, in the Massachusetts law of 1789 certain structural elements of a system in that conditions of admission and a leaving age was fixed. For instance, boys might enter the Latin school when ten years old and might remain four years. They must have studied English grammar before entering. Boys and girls might enter the other schools at seven and remain until they were fourteen.

The Reading and Writing schools (Elementary) were established as separate schools, occupying at first, separate buildings. The pupils were the same in both, spending a half day in each by alternation. When the boys were in the Reading school, the girls were in the Writing school.

Candid Camera

Soliloquy: Wonder what happened to Mr. Flint's flies which used to bother Mr. Null. Someone ought to invent an eraser for mimeograph stencils. Wonder whose idea it was to photograph Brown and Burry in that pose for last year's Totem. What's happened to the sea scots lately. Remember when some joker carted off the Major Fontaine marker erected by social science a few years ago. Funny how people will jump all over other people just to beam from the center of a picture. Teachers must have fun watching people go through school. It must have taken real nonchalance on the part of Minier and Bex when they crawled out the window into the arms of Mr. Snider. Wonder how long this weather will last. Fat people always seem jovial.

Gwen Horn wants to be a Parisienne ballet dancer. A huge St. Bernard dog nearly frightened Max Tricht to death one dark night. Hugh Scott sits in the study hall or library every Friday evening to write his "Southern Slush." "Tarzan" Phelps and Max Roth just love to shake the ice off trees. One of the Brothers sisters tried to get a library card here. Miss Pittenger made Ralph Jones take his hat off in school. Herb Banet, an alumnus, once kicked a basketball through a basket at the other end of the gym. John Bex was a shy little lad when a freshman. Bon Silene Craig says her name means sweet silence. Bill Epmer once expressed a desire to be a bootlegger (when he was about ten years old). Risher Hall entered a speaking contest without any previous training. That row of athletic girls in last year's Totem with the incomplete sentence spelled out on them! Abundant haired studies, Frank Montgomery, Dean Brahm, and the Bex brothers.

Monsieur Immodeste—"Fine feathers make fine birds," says an old adage but nowadays, it can be applied by saying "Fine birds make the best meal, be they chickens, squabs, or turkeys." For the well-dressed sportsman, an old pair of boots, some worn out overalls, a dirty shirt, and an old straw hat are very becoming these days. What with Marlene Dietrich wearing long pants and what not, the spirit of informality is becoming fashionable. At this rate, we will soon see great men like Adolf Hitler, Huey Long, George Bernard Shaw, and Ed Kruse going to Sunday School in shorts trimmed in brilliant stripes, purple checked swallow tail coats, and straw hats.

The latest fashions from South Side's sloping inclines, which strangely enough, slope both up and down: a brilliant red sweater is worn by Jim Dern. It has a turtle neck collar with an open V front and is adorned by a lovely pink ribbon to add effect.

Eddie Reeves chooses a thin silk sock, trimmed with epaulets of purple. They are guaranteed hole-proof and tests with emery wheels prove it to last an average of two years, by which time, you will agree, he will need new socks.

Times' headlines three years ago: One Hundred Attend Philo Saint Patrick's Banquet—Bluffton to Represent Fort Wayne Area in State Meet—Will Continue Magazine Sale.

Two years ago: C. S. P. A. Again Honors Times—New Uniforms for the Band Displayed—Another Philo Banquet Held.

One year ago: Herman Makey to Lead Class of 32 Students—Tap, Tap, Boom! No Thunder Storms, Just Boys Dancing—Minstrel Show to be Given by Glee Club.

Postscript: If you want to send in something for this column, please mark "Candid Camera" on it, else it's likely to fall into the waste basket or our colleague's hands for dirt column use.

School-Wide Intramural Wrestling Contest Will Be Held

Mat Tourney Open To Boys; Classes Listed

Last Year's Winners To See Action; Eight Weights Announced For Entrants.

Gymnasium To Be Arena For Bouts

Fans Invited To Watch Affair on March 19, 20; No Admission To Be Charged

In conjunction with the intramural athletic program of South Side, a school-wide wrestling tournament will be conducted by the intramural athletic department next Tuesday and Wednesday evening after school, March 19 and 20. Mr. Louis Briner, head of all intramural athletics at South Side, will direct the staging of the tourney. It will be held in the gymnasium and all wrestling fans interested may attend the meet free of charge.

Every boy in South Side High School is eligible to compete in the meet. The tournament will be divided into divisions, according to weights; and the winners of the various weight divisions will be decided by elimination.

All boys who intend to enter the wrestling meet must have an intramural health card properly filled out and should be weighed by Mr. Briner that he may be able to place them in their correct division.

Many boys have been working out every evening after school to get in condition for the big meet. Mr. Briner directed them in their training which consisted of learning the various wrestling holds and going through different exercises.

Most of the winners of last year's wrestling tournament will again see action in this meet to defend their title. The winners of the 1934 wrestling tournament are Ostermeyer, lightweight; Miller, middleweight; Robinson, welterweight; Blume, featherweight; Boserman, bantamweight; McBride, flyweight; and Howard, midweight.

The various weight divisions for the 1935 tournament, as announced by Mr. Briner are as follows:

Leightweight—160 pounds and over. Middleweight—149 to 160 pounds. Welterweight—136 to 148 pounds. Lightweight—127 to 135 pounds. Featherweight—119 to 126 pounds. Bantamweight—113 to 118 pounds. Flyweight—100 to 112 pounds. Midweight—100 pounds and under.

Berne Review Helps In Regional Paper

The South Side Times is indebted to the Berne Review for their help in putting out the regional issue. A few South Side students went to Berne after the sectional games to get information on the Bears, the Berne school, and other things of local interest around the town. They were greatly aided by the Review in getting news for the paper.

Directs Wrestling Meet

Louis Briner

Mr. Louis Briner, physical education director of South Side, will direct the staging of the annual intramural wrestling meet to be held next Tuesday and Wednesday.

G.A.A. Basketball Games Continued

Freshmen, Sophomore Teams Play Three Recent Games Using Whole Gymnasium.

Continuing the G. A. A. basketball tournament, three basketball games in which four freshmen and two sophomore teams participated, were played in the gymnasium Monday night.

Freshman 1 team scored a decided victory over Freshman 4 team; the score at the finish of the game was 20-5. M. L. Coats scored two points, M. Persing, three points; B. Eisenacher, two points; M. Ellenwood, three points; and L. Fries, four points for the winning team. The score at the half was 9-3 in team 1's favor and it ended 20-5. The scores are low, due to the fact that the game was slowed down considerably because the whole gym floor was used instead of half of the floor for each game as usual.

11 to 6 was the score in the game between the Freshman 2 and Freshman 3 in which team 2 were the victors. Frank scored the most points for team 2, making a total of six points. B. Raymond was a close second with four points to her credit. At the half team 3 was leading team 2 three points with the score standing 4-1, but Frosh team 2 succeeded in gaining ten points in the last half for a five point lead.

The score was tied at 6-6 at the end of the game between Sophomore 3 team, captained by W. Locker, and Sophomore 1 team, captained by E. Disler. The only persons to score were B. Scheele and E. Disler who scored six points each. The score was 6-2 in Sophomore 3's favor at the half; E. Disler made one basket for team 6 at the beginning of the last quarter and made another basket to tie the score about one minute before the end of the game.

Alumni Tourney To Be At Central

P-T. A. Sponsors Basketball Contest on March 21; Former High Net Stars To Take Part.

On Thursday night, March 21, an alumni basketball tournament, sponsored by the Fort Wayne Parent-Teacher Association Council will be held at the Central High School Gymnasium. Teams composed of former South Side, North Side, and Central net stars will play each other in three games during the tournament. Proceeds from this alumni tournament will be turned over to the student aid funds.

Fred H. Croninger is general chairman of the event and will be assisted by Miss Carrie Snively, Mrs. John Kern, and Mrs. William Heine. Each of the three high schools entered in the tourney will contribute to the fun of the evening by presenting entertainment between the three games. The evening's activities will get under way at 7:30 o'clock.

Local high school rivalry is very strong and no little enthusiasm is expected to be generated by the tournament. There are many ex-high school net stars still playing basketball in Fort Wayne, and it will be possible for good teams to be obtained by each of the three entries. The South Side entry will be in charge of Coaches Jake McClure and Lundy Welborn. Coach Bob Nulf and Robert Sinks will direct the alumni squad representing the North Side Redskins, and Coaches Murray Mendenhall and Bob Dornie will get up the Central entry. The coaches of the teams entered will act as referees for the three contests, with the pair not having their team involved in a game working that engagement. Merle J. Abbott will throw up the first ball, starting play in the net tourney.

Some of the former high school net players who are expected to take part in the tournament are as follows: South Side, Geyer, Menefee, Jones, Lytle, Smith, Ralston, and Wallace; North Side, Haight, Irons, Bonham, Shafnacker, Lang, and the Ayers brothers; Central, Bobilya, Bugbs, Lester, Jennings, France, Franke, Lyons, Burton, Grimmer, Menze, Buckmaster, and Hostler.

G. A. A. Flashes

Whisper—Whisper—Many rumors have been heard about who is going to win the honor tournament—Well, who knows?

Miss Patterson would like to know why Vera Fremion and Velma Yoder always have their heads together. They're the inseparable pair.

The two girls that take the cup for fighting all through the game in trying to win are Van Detta Clay and Doris Ehlinger.

Our small guard, Shirley Woodruff, has grown an inch and gained two pounds, but this does not hinder her from stopping that leather as she always has.

Chips Off The Hardwood

It won't be long now until the jerseys, jackets, and sweat socks of about four thousand hardwood players will be tucked away for a long sleep in an odorless bed of moth balls. With all but the "sweet sixteen" quintets definitely out of action, the lid on basketball will be clamped down Saturday night.

Jeffersonville still is our choice to carry off state honors at the Butler Field House. However, there are several quintets which will offer the Red Devils no little opposition. Among these fives can be numbered Mantone, Michigan City, Logansport, and Anderson.

Don't count this Berne outfit out of the running too soon. The Bears lack height but have a hard-playing squad which can hit the nets with a good degree of accuracy. Roachdale should cause them plenty of trouble, but the Bears ought to get by them. From then on you can expect anything to happen.

Give us two Dros and three Steiners and we will give any five you can produce a good fight. This Dro boy is not six feet tall but he is capable of getting the tip from boys much taller than he. He shows great promise and has two more years of action ahead of him. Steiner is one of the fastest players seen at the regional. That boy really tosses the leather through the net with plenty of accuracy.

Intramural Netball Season Near End

Archers Garner First Place in White Middleweight League; Stooges Lose First Encounter.

With the basketball season drawing to a close in the intramural leagues, the Archers are in first place in the White middleweight league.

In the White league the four teams have concluded their schedule. The Archers are in first place with three wins and no losses. The Hoosiers come next with two victories and one defeat; third places goes to the Fireflies with one win and two losses; and the Bats, who have failed to win a single game, are in the cellar.

Final results were: Archers 26, Bats 2; Hoosiers 6, Fireflies 5; Bats 0, Fireflies 2; and Hoosiers 4, Archers 28.

The Kards defeated the Egyptians 11-10 in a hard-fought battle. Norris of the Kards scored five points, while Stanger of the Egyptians scored six.

In a very close game the Spices beat the Wildcats 7-4. Beltz of the Spices scored five points, while the scoring of the Wildcats was evenly divided.

Led by Schaaf, who scored six points, the Tigers defeated the Clippers 14-6. Mommer scored four of his team's points.

The Five Stooges received their first defeat of the season when the Si-washes were victorious by a 10-9 score. North led the winners with five points.

Girls Will Stage Honor Tourney

March 18 and 22 Are Dates Set For Games; Each Class Will Be Represented by One Team.

Finishing their tournaments in basketball this week, the athletic-minded girls of South Side are eagerly awaiting the Honor Tournament which will be held on Monday and Friday, March 18 and 22. The first two games will be played on Monday, and the finals on Friday. Their will also be a consolation game on Friday for the teams that lose their first games.

There is one Honor Team for each class, composed of the twelve best players from each. In former years it has been the custom for the athletic instructors to consult the captain of the teams and choose the girls in that way, but this year all of the girls are given a chance to elect the team to represent their class. Last Monday the elections were made.

The official will be Margaret Spiegel, vice-president of G. A. A. in 1930. She was very skillful in basketball and as a baseball catcher. She officiated at many hockey games last fall.

The general public is invited for both evenings.

In regard to the outcome of the tournament and the method of electing the teams, these are some opinions:

Betty Rison—I think it is a swell idea. The juniors will win.

Velma Yoder—I don't like it. At the rate it's going, the wrong team will win.

Vera Walker—This way is O. K. I don't know who will win.

Edna Disler—After considering, I like it. I think the sophomores have as good a chance as anyone.

Barbara Raymond—The freshmen will win. The election? Oh, I think that it is better than the teachers choosing, because no where will be no prejudice against them.

Leona Manze—I don't know, but Columbus took a chance. The sophs will win.

Ruth Berning—I don't like the idea. Of course, the sophomores will run away with the tournament.

Vera Fremion—I don't like the idea. The seniors will win.

Barbara Uran—I don't know who will win. Going to be close between the freshmen and sophomores if they meet.

Mary Shaffer—I'm not so sure about the election. The juniors will win if they play like Wiggles did in the Muncie game.

Enita Snavely—I don't like the idea very well. The sophomores will win.

Berne Bears Burn Archers In Final Regional Contest

Losing a hard-fought contest to the Berne Bears in the final game of the Huntington regional net tourney, South Side's Archers were eliminated from the 1935 race for the Indiana high school net crown by a 23 to 17 count last Saturday night.

Running up against a strong and inspired Berne five, the Archers were unable to get either their offense or defense clicking satisfactorily in the final game, giving the Bears their first regional crown since they entered the I. H. S. A. A. South Side was out for its third regional crown, having sent teams to the state tournament two times previous to the 1935 tournament.

South Side had earned its way to the regional finals by defeating Pennville's Bulldogs in the afternoon session by a 38 to 16 score. Berne had eliminated Roanoke's Stonewalls 18 to 16 to win their way to the finals.

Chalking up a 16-5 lead over Pennville at the end of the first half, the Archers had little trouble in defeating the Bulldogs. Si Symonds was outstanding for the Green, scoring five field goals and two free throws. Younts and Thornburg were best for the Bulldogs with four points each.

In the final game against the Berne Bears, the Archers got off to a poor start, trailing the Bears 7-0 at the end of the first quarter. Steiner scored two fielders for the Bears and Flueckiger dropped in a fielder and a free throw.

Hitting their stride in the second period, the Archers turned the tables on the Berne five by holding them scoreless and going on to score four fielders to take the lead at the half 8-7. Jackson scored two fielders and George one on under-the-basket plays, and Symonds hit from the side to put the Green on the lead.

Steiner Heads Attack
Led by the sensational playing of "Gick" Steiner, diminutive Berne guard, the Bears took the lead again at the end of the third period 15-13. Steiner dropped in two fielders from way out and a free throw to score five of the Bears' eight points made in the third quarter. Dro hit on another long shot and Felber scored a free throw to give the "Ernemen" their two-point margin. Nelson and Jackson scored baskets and Hall a foul toss to keep the Archers in the running.

Again Steiner led the winners scoring attack in the final period, scoring five more points, and Felber scored

Parents Co-operate

Furthermore, a factor which exists today and which is a result of three hundred years of progress is the home as the background of the school. The greatest co-operation in securing the best possible system of education exists between the parents and the teachers. This, of course, is greatly amplified through the efforts of the T. A. The parents and teachers together are the background and foundation of the present organized system. They are the executors, the power behind the wheel. Without this driving spirit of co-operation between

capacity, excellence in character, personality, and general promise as attested by principals and instructors. Anyone wishing to apply should write

This is what I have tried to show in my poster. I have endeavored to picture the increased opportunities in our high schools today; to show the great and numerous advantages we have over the first little high school of Boston. Schools were organized for a great and noble purpose which is probably best described by President Franklin D. Roosevelt when he said, "These schools are developing the most precious resource of our nation, the latent intelligence of our young people."

The News-Sentinel's circulation has steadily mounted until it is now well in excess of 52,000 daily, a remarkable circulation in a city the size of Fort Wayne and in a trading area, whose population is approximately 300,000.

The News-Sentinel
Fort Wayne's "Good Evening" Newspaper

For further information and application blanks, anyone interested should write the President of Lake Forest College, Lake Forest, Illinois. The application must be received by April 15, 1935.

Yell Leaders Broadcast
In one of the series of radio broadcasts by the schools of Evansville, Indiana, over WGBF, the yell leaders of Bosse, Central, and Reitz high schools led yells, one for each of the schools.

Schannen and Klopfenstein Are Winners

Two Boys Will Represent S. S. in County Meet of State Discussion Tourney.

Dorothy Benner Contest Chairman

North Side, Elmhurst Orators Will Also Participate In This Latter Division.

Richard Schannen and Robert Klopfenstein were picked to represent South Side in the county state discussion contest Monday evening at 7:30 o'clock in the local state discussion here in the study hall before an audience of about fifty people.

"That the Federal Government should adopt the policy of equalizing educational opportunity throughout the nation by means of annual grants to the several states for public elementary and secondary education" was the main topic for the discussion contest. Richard Schannen, Robert Klopfenstein, and Bernadette Dygert took the affirmative of this proposition while Frank Montgomery argued the negative.

The first round of the contest was a discussion giving general information, and presenting general facts to the audience without any argument whatsoever. The subjects which the contestants drew one hour before the contest were, Richard Schannen, "Financing schools in other countries"; Robert Klopfenstein, "The meaning of equalization"; Bernadette Dygert, "The school in the present economic crisis"; Frank Montgomery, "The background of Federal aid."

William Hockett, president of Wranglers, presided as chairman; and Mr. Benjamin Noll and Mr. Paul Congdon acted as judges.

The county contest will be held on March 29, at 7:30 o'clock at Central High School, stated Miss Dorothy Benner, head of our public speaking department and chairman of the county contest. The contestants from North Side and Elmhurst will also compete in this division of the state discussion contest.

Shakespeare Is Featured at Philo

Verna Holtman Is in Charge of Program; Next Meeting To Be Held on April Fool's Day.

Very unique was the Shakespearean program of which Verna Holtman was the chairman, and which was presented to the Philatheans last Monday evening. Rosemary Chappell spoke about the life and works of Shakespeare.

At various stages in the talk, small dramatizations were given. Verna Holtman and Geneva Shearer gave a pantomime of Shakespeare and Anne Hathaway, who later became his wife, reading. Verna Holtman delivered Antony's "Funeral Oration," from "Julius Caesar." Violet Garton recited, "All the World's a Stage," from "As You Like It." Jane Loomis gave, "To Be or Not To Be," from "Hamlet." Selma Liff and Geneva Shearer portrayed part of the balcony scene from "Romeo and Juliet." This interesting program was closed with the singing of "Who Is Sylvia?" by Betty Medaris. She was accompanied at the piano by Betty English.

Alice Hale, Philo president, gave the Inter-Club Congress report, as Helen Anderson, the Philo representative had to attend the Congress meeting that evening.

If you want a surprise and a good time, come to Philo next Monday, April 1. Margaret Murphy is in charge of the program which promises to be an interesting April Fool's Day program.

South Siders Leave Stamp Of Approval on New York

Throwing bricks through big Fifth Avenue department store windows is lots of fun. If you don't believe it just ask the T. E. F. (the Times Expeditionary Forces) that travelled to New York last week. But don't get us wrong—they couldn't find any bricks!

But writing a story on the educational and otherwise features of the trip isn't so much fun, because there was so much education and so little otherwise that you will begin to think that we were a bunch of old fogies at the Convention for the Columbia Scholastic Press Association March 12, 13, 14, 15, 16, and 17, in New York City.

Look Over the City

As all dudes do, we first paid out our hard-earned pennies for a sight-seeing trip around New York. If you were to ask us, the Vanderbilt's have some dump.

Something we never could understand during all our stay there was how the people knew we weren't New Yorkers. Someone was always coming up to us and asking from whence we came. Now, it was all right...until some guy came up and asked us what ranch we were from. Then we began to spout. But we had just heard him wrong, so it was all right again.

The Empire State building, a mammoth structure piercing the New York skyline, dwarfs surrounding buildings which are in reality many times as tall as the tallest buildings in our state. To attempt to tell everything about this wonderful building would be to fill our columns with nothing else. To attempt to tell a very little about this great metropolis, would be to fill a volume.

Example of Progress

New York City is an astounding example of the prodigious accomplishments of man in this vast city, and

Scribe Wins Bronze Medal

Jim Sweet

Writing the best news publicity story on the Columbia Scholastic Press

convention, James Sweet, a very active member of The Times staff, won the above medal for his paper. Jim's winning article was announced at the C. S. P. A. convention, which several South Side members and Miss Rowena Harvey, faculty adviser, attended last week.

Clean-Up Week Will Be Held After Vacation

Inter-Club Congress, Faculty, Class Officers Planning Assembly, Library Show.

The week beginning April 1 will mark the celebration of South Side's annual Clean-Up Week, which will be under the sponsorship of the Inter-Club Congress and the class officers, along with the faculty advisers, Mr. A. Verne Flint and Miss Emma Kiefer.

Inter-Club Congress will hold an assembly in observance of the week on Friday, April 5. A very interesting and novel program is being planned by the committee in charge. Martha Baumgartner is chairman of arrangements, assisted by Suzanne Meyer, Dorothy Crabbill, Fred Nye, and Jerry Zehr.

Clubs Will Help The representatives of the various clubs will also sponsor the Clean-Up exhibit in the library the entire week. Magazines, pamphlets, pictures, and any other literature pertaining to the beautification of homes and school will be displayed. Clubs or individuals wishing to exhibit something of interest are requested to give their materials, properly marked for identification, to either Mary K. Smith or Dick Russell. Others in charge of the exhibit are Maxine Mariotte and Catherine Hirschman.

The art classes, under the direction of Miss Erna Doeherman and Miss Mary Helen Ley, are at work on posters for the celebration. Large placards in the halls of the building, smaller ones in the home rooms, and the lighted bulletin board in the front hall will be used. Jean Creighton, Gwendolyn Horn, and Dwight Frost are responsible for the posters.

The publicity committee is headed by Dalton McAllister, who is being aided by Harriett Yapp and Marjorie Cartwright, in charge of the daily bulletins, and Bob Adams in charge of publicity in the city papers. Martha Baumgartner is responsible for the cartoons which will appear in The Times.

Planting To Go Ahead Mr. Flint stated that this spring the usual planting will go ahead and that the home rooms will complete projects that will make co-operation one hundred percent for this semester. Although not directly connected with Clean-Up Week, this work adds much to the beauty and spirit of the school. A beautiful bird-bath has been donated to the school.

School Given Cat

A tomat has been given to Central High of Muncie, Indiana, as a mascot.

End of Grading Brings Big Boom In School Ranks

Apples Reach Unprecedented High on Market! School Board Reports Highest Weekly Attendance of Term! Huge Quantities of Books Checked Out of Library! Of course, it is not difficult to guess what all this boom is about, for, if you will stretch your mind a little, it will suddenly strike you that the grade period, that old boogey-man of boogey-men, is about to expire. Teachers are going about with long, thoughtful expressions, and students are far from sluggish looking, anticipating the fateful day.

Perhaps you are among the anxious. Perhaps you jump whenever a teacher speaks to you. Maybe you are pessimistic. Maybe you are an optimist. But whatever you are, however you feel, remember one thing: people don't die of the consequences, so cheer up. It'll be all over soon.

Botany Instructor Talks on Flowers

Original Mathematical Drama Presented by Three Boys At Math-Science Club Meet.

Ruth Adler was elected Inter-Club Congress representative at the Math-Science meeting held last Friday evening in the Greeley Room. A report from the last Inter-Club Congress meeting was given and a discussion was held about the good and bad points of courtesy week and friendship day.

Mr. E. S. Gould, the principal speaker on the program, gave a very entertaining talk on the Conservation of Wild Flowers. The contest was held in the Greeley Room. A report from the last Inter-Club Congress meeting was given and a discussion was held about the good and bad points of courtesy week and friendship day.

The publicity committee is headed by Dalton McAllister, who is being aided by Harriett Yapp and Marjorie Cartwright, in charge of the daily bulletins, and Bob Adams in charge of publicity in the city papers. Martha Baumgartner is responsible for the cartoons which will appear in The Times.

Planting To Go Ahead Mr. Flint stated that this spring the usual planting will go ahead and that the home rooms will complete projects that will make co-operation one hundred percent for this semester. Although not directly connected with Clean-Up Week, this work adds much to the beauty and spirit of the school. A beautiful bird-bath has been donated to the school.

A tomat has been given to Central High of Muncie, Indiana, as a mascot.

Joe Tucker Talks To U. S. A. Group

Central Alumnus Speaks About His Experiences in Mexico; Program Committees Chosen.

Joe Tucker, a graduate of Central, spoke to the U. S. A. Club at its meeting of March 15, which was held in the Greeley Room. His own experiences of World Fellowship was the topic on which he spoke. Mr. Tucker told about his trip to Mexico City.

"Mexico City is a very beautiful city and it reminds me of Paris," the speaker stated. "As one goes further south, he finds the country more beautiful. In the southern part of Mexico, one may see many flower gardens." He explained about the floating islands which are covered with flowers. Some of the peculiarities of Mexico City are the odd names of the streets, the houses built up to the streets. Mexico City employs policemen who can speak seven or eight different languages to help the travelers. Mr. Tucker told something about the taxis in Mexico City, and also about the meals there.

At this meeting, Evelyn Lehman gave a report on the Inter-Club Congress. She reported that the money that the clubs made on their dance would go to the Y. W. C. A. Julia Crabbill gave a report on the Inter-Club Congress.

The president announced the committees for the next two meetings. They are: April 4—Phyllis Roller, chairman; Barbara Raymond, Margaret Brunner, and Irene Niemeyer; April 18—Ruth Blue, chairman; Ellen Addington, Vivian Blue, and Anita Aaffolder.

Kiwanis Club Will Sponsor Vocation Aid

Various Occupational Talks To Be Given by Speakers In Their Respective Fields

Inaugural Assembly Will Be April 1

Drs. Dan Mertz, L. A. Fonner, George Gillie, S. P. Hoffman To Speak First.

Opening with an assembly on April 1 which will inaugurate the Vocational Guidance project of the Kiwanis Club, a six-weeks' review and discussion of various vocations will be given at South Side to aid the students in determining what vocation each will adopt.

Dr. Guy Moore Bingham, of Washington, D. C., who is employed by Kiwanis International to give vocational talks, will be the assembly speaker. His topic will be "You Will Be What You Will To Be."

Schedule Arranged The various vocations have been divided into their respective groupings, and one of these divisions will be studied each week. Meetings have been arranged at South Side for Tuesday and Thursday afternoons, with two speakers being scheduled for each date. The meetings will start at 3:30 o'clock, and will be held in the cafeteria.

The speakers who have been scheduled for the first week's study, which will be on Scientific Service, will be Dr. Dan Mertz and Dr. L. A. Fonner on Tuesday, and Dr. George Gillie and Dr. Sterling P. Hoffman on Thursday. Their talks will each cover some phase of scientific service. These same men will speak the following week at North Side, where the same plan is being followed. Ward O. Gilbert is in charge of both sets of programs.

Chairmen Selected Bob Blomker will act as chairman for the meetings on Tuesday, and Wayne Bender will be chairman for the Thursday meetings.

Mr. Henry Meyer, physical education instructor for the Fort Wayne grade schools, is general chairman in charge of the project. The following men, besides Mr. Gilbert, who have charge of some special division, are Dr. Oswald Jones, Professional Service; Howard Fairweather, Commercial Work; Bert Larson, Technical Service; Willis Richardson, Home Economics, and John Slater, Agricultural Work.

The meetings are open to any student, and are arranged solely to aid students.

Seniors Told How To Rate Colleges

Representatives of Wittenberg Explain Method of Picking Best Educational Institution.

Speaking to a group of seniors interested in attending college, Mr. Blough of Wittenberg College, explained how one should choose a college. The speaker was aided in his talk Tuesday morning by Mr. Olson, also of Wittenberg.

Mr. Blough stressed the fact that deciding to go to a certain college is important. He said the possibility of the student acquiring a good education should be contemplated before going off to a school of higher learning for a number of years. The commendability and rating of the college should be learned before deciding to attend in order to get the best education.

Given Main Points

A rating test was put before the attending students in five main points. The rating of the college by the American Association of Universities should be considered carefully. Students graduating from a school such as South Side should be well fitted for a well-rated university.

The ratio between the number of students and faculty should be determined. The number of students per teacher is an essential point in a rating test. A student should consider the training of the faculty. He should learn the ratio between the total number of faculty members and those who have degrees.

The physical equipment of the college ought to be sufficient for the attending collegiates. The welfare of students should be protected with a program promoting physical education.

Lastly, the pupil intent on a college education should be familiar with the type of students attending the university. These are the persons with whom he will be associated at college, and a fine relationship between the students is most desirable.

Pamphlets were passed out to the seniors attending, and they were filled out by college prospects. Three other blanks were also given each college aspirant, these to be filled out by a parent, a teacher, and a schoolmate, respectively. The blanks pertained to information on the students' character and ability.

Caps and Gowns Deadline—March 21

All seniors must place their orders for caps and gowns by March 21. The orders must be left with Miss Alderice in the office. Those ordering caps and gowns are requested to give their head size, height, hip and bust measurements. The orders for invitations should also be placed at this time. The invitations are ten cents and the rental fee for the caps and gowns is two dollars.

South Side Glee Clubs Stage Annual Minstrel Thursday, Friday Eves

Blackface Show To Include, Additional To Regular Parts, Sparkling Olio

Dancing, Singing, Are On Program

Lollipop Scene, With Joan Bonsib as Shirley Temple, To Be Highlight of Act.

In addition to the great variety of singing and the usual cross-fire and jokes of the customary minstrel production, this year's edition of the South Side minstrel will have a sparkling olio, consisting of dancing, singing, and a variety of featured numbers.

One of the outstanding features of the production will be the Lollipop scene, featuring Miss Joan Bonsib as Shirley Temple, and a chorus accompaniment. The Lollipop scene will have as its background the popular dance hit, "On the Good Ship Lollipop."

The chorus is under the direction of Miss Alice Patterson and is comprised of Betty Wainwright, Martha Franz, Effie Roberts, Doris Gardner, Irene Ehlinger, Pauline Warner, Mary Louise Helms, Margaret Rhem, Corrie Schultz, Mary Carlson, Clarabelle Chenoweth, and Mary Osborne. The group has been practicing for an extended period on their numbers and promises to be one of the best ever produced in South Side. A clever arrangement and setting has been made for this act.

In the second act Fred Beelby, Jane Kimble, and Betty Wainwright will offer a clever tap arrangement. The feature of this act will be the high school medley by the chorus and Frank Montgomery, Glenn Siebold, Elgaine Stump, and Dick Vogelsang.

In the concluding part, which has a patriotic setting, an arrangement of drums and taps will be presented.

Harvard Donates Fellowship Prizes

Students of Varied Financial Circumstances May Attempt To Get These Scholarships.

This year again the senior boys of our school will have the opportunity of placing an application for a prize fellowship award. These awards, carrying a maximum of \$1,000 each, are being offered this year by Harvard College to incoming freshmen from the states of Ohio, Illinois, Indiana, Michigan, Wisconsin, and Minnesota. The applications must be in by May 1.

Successful applicants who maintain a high honor record at the university will continue to keep these fellowships throughout their college course, with an annual maximum stipend of \$1,200.

Since these awards are to be competed for by students of varied financial circumstances, the stipend will vary upward from a minimum of \$100 a year according to the need of each student.

Prize awards were established in the Middle West a year ago on the recommendation of President James B. Conant, of Harvard, in order to make it possible for young men of outstanding ability and promise to come to Harvard regardless of financial need. The plan enables a brilliant student to devote undivided attention to college work without the necessity of a heavy burden of outside employment. It also provides a form of recognition for outstanding accomplishment without bringing up the question of financial need. In selecting fellowship winners, the committee considers originality, initiative, enthusiasm, and character, as well as scholastic ability.

Details as to Harvard College entrance requirements and the basis of selection of the prize fellowship recipients may be obtained from the chairman of the Harvard College Scholarship Committee, University Hall, Cambridge, Massachusetts.

Old Globe Players To Appear Friday

Four Shakespearean Dramas To Be Presented by "Century of Progress" Actors at Shrine.

The Fort Wayne Woman's Club is bringing the Old Globe Players, who appeared in Merrie Old England of the Century of Progress, to Fort Wayne to give several performances at the Shrine auditorium on Friday, March 22. During the matinee, two plays will be given. They are "As You Like It" and "The Comedy of Errors." The evening program will feature the famous "Julius Caesar" and "Taming of the Shrew."

These plays are being made as much like the original plays as possible. The original stage from Globe Theatre in London, which is a replica of Shakespearean times, will be used. When the players who are under the direction of Thomas Woods Stevens were in Chicago at the World's Fair, their presentations were very successful. Famous critics who saw the performances praised it very highly.

The matinee performances will begin at 2:30 o'clock and the price will be 35 cents for students and 50 cents for adults; the evening performances, which begins at 8:30 o'clock, will cost 50 cents and 75 cents, plus tax.

Oversees "Plantation"

Jack Wainwright

Mr. Jack W. Wainwright, musical director at South Side, is directing the annual minstrel show being given this year by the combined glee clubs.

Arrangements Of Senior Play Are Completed

Alma Nitzsche Is Appointed Chairman of Ticket Sale; Drama To Be in Gym.

Alma Nitzsche has been appointed chairman of the ticket sale for the Senior Play which will be presented the evenings of April 4 and 5. There will be about twenty-five selected seniors to help sell in this sale. Tickets will also be available at the Totem office, as has been the usual custom.

"Seven Chances" will be the first senior play and the second production given on the new stage in the gymnasium. There will be reserved seats for fifty cents on the gym floor and seats in the bleachers for the small price of thirty-five cents.

The members of the cast have been working constantly on the production this week; and, during their spring vacation, they will rehearse both mornings and evenings every day under the direction of Miss Marjorie Suter. The play will be given in three acts, and the scenes all take place at a men's clubhouse.

Rotary To Sponsor Speaking Contest

"World Peace" Will Be Subject Of Speeches by Contestants From City High Schools.

A public speaking contest on the subject of World Peace will be sponsored in the near future by the Rotary Club. This contest will include contestants from the three public high schools, the Catholic high school, and probably Elmhurst.

The contest is open to all boys and girls who have had one semester of public speaking. The contestants will be allowed to take any attitude or choose any phase on the subject of World Peace.

The speeches concerning facts about world peace are required to be eight minutes long with a three-minute speech for the discussion in addition. South Side will hold a contest in the near future to determine a representative to send to the city conference.

After the city winners have been selected, a district contest will be held by the Rotary clubs of the other cities including Fort Wayne, Auburn, Hartford City, Columbia City, Decatur, Angola, Kendallville, and Bluffton.

In High School At Three! A student at Broadway High School in Seattle, Washington, is only three years old—probably the youngest in any high school in the world.

South Side Times Scores Again! Would You Pardon Me for 5 Minutes—No More—No Less,—If I Asked You the Score?

Little Symphony To Furnish Musical Accompaniment For Musical Production.

R. Nelson Snider Is Interlocutor

Robert Wedertz To Display Magical Tricks; Hi-School Medley Will Be Rendered.

"Plantation" is the title of the annual minstrel show to be produced by the Glee Clubs under the direction of Mr. Jack Wainwright. The production will be presented Thursday and Friday evenings beginning at 8:15 o'clock. The show will inaugurate the use of the new stage in the gymnasium.

The show consists of numerous features united into an extended olio consisting of four parts. Among the features will be the magician exhibition by Robert Wedertz and the high school medley. The Little Symphony will furnish the music for the show.

Among the featured musical numbers of the minstrel will be "Ah'd Like to Die From Eatin' Possum Pie" by Wayne Brown, "Cradle and the Music Box" by Fred Beelby, a duet of Jack Beemer and Paul Randall vocalizing on "Who? Me?" "Just a Twilight Love Song" by Donald Bleek, "All Aboard for Cotton Town" by Bob Klopfenstein, and "Waiting at the Gate for Katie" by Elgaine Stump.

The magic show promises to be one of the highlights of the production. Mr. Wedertz or "Robert, the Magician" as he is billed, is a graduate of South Side who has made good in the land of the white elephant. The difficult tap dance on roller skates promises to be one of the outstanding attractions of the show.

Mr. R. Nelson Snider will serve as interlocutor of the show in which position he has served very capably during the past shows.

Tickets for this affair have been on sale for some time and can be bought from any member of the music department or at the door. Seats arranged on the gym floor will be thirty-five cents, and seats in the bleachers will be twenty-five cents.

Mrs. John Moring To Talk to Art Club

Gardening and Landscaping Is Her Subject for Next Meet In Greeley Room on April 10.

A talk on "Gardening and Landscaping" by Mrs. John Moring will feature the Art Club meeting in the Greeley Room Wednesday, April 10, at 3:20 o'clock. Mrs. Moring, who is well known in the city for her work in the Garden Club, will bring out some new ideas in regard to her work.

Plans for the Art Club Dance, in which the three city high schools will participate, will be discussed at this meeting. Refreshments will be served. "Hobbies" was the topic Mr. Walter H. McBride, director of the Fort Wayne Art School, discussed at the last Art Club meeting on Wednesday, March 13. The hobbies Mr. McBride mentioned were inexpensive, interesting, and yet educational.

Mr. McBride passed around colored scarfs, which had been knitted at the school and water color paintings so that they might be examined more closely. Books which had been bound at the school were also shown. One which was of exceptional interest was a book with a wooden cover which had been bound by Mr. McBride himself. Carved rings and bracelets of silver and marbelite were also examined. Fine etchings and photographs of homes and outdoor scenes were placed on the table. Some old and valuable bottles were also shown and explained by Mr. McBride. Mr. McBride pointed out that every one should try to see one beautiful thing each day.

The table was set in lace, and in the center was a very rare Irish punch bowl over one hundred years old. After Mr. McBride's talk, punch and ham salad sandwiches were enjoyed by the members.

Study Music Appreciation

Among the newest classes at the Elmhurst High School is the music appreciation class. This class is composed of only five students. The purpose of the class is to create more capable and appreciative listeners of good music.

Shakespearean Slang Used By Smart Students Today

Some of our students who may be heard loudly scoffing the merits of Shakespeare may not know it, but they use his sayings every day, perhaps thinking it lowly slang. A partial list of these sayings in common use has been prepared by the Globe Theatre Players, world-known troupe of Shakespearean actors.

Here they are: Not so hot, "King Lear." To much of a good thing, "As You Like It." There's something rotten in Denmark, "Hamlet." Speak by the card, "Hamlet." There's the rub, "Hamlet." Well-to-do, "Hamlet." The play's the thing, "Hamlet." Stormy petri, "Hamlet."

Flaming youth, "Hamlet." Here you may roast your goose, "Macbeth." Crack of doom, "Macbeth." The primrose path, "Hamlet." It is a wise father that knows his own child, "Merchant of Venice." In the twinkling of an eye, "Merchant of Venice." A pound of flesh, "Merchant of Venice." Love is blind, "Merchant of Venice." The short and long of it, "Merry Wives of Windsor." It is Greek to me, "Julius Caesar." Out, damned spot! As good luck would have it. The world's my oyster. Make hay while the sun shines. At my fingers' ends.

Every dog has his day. A snake in the grass. Birds of a feather. Eat out of house and home. Sink or swim. Give the devil his due. Have not slept a wink. A woman's reason.

Tracksters To Open Season at South Bend On Saturday

Green Thinlies To Participate In Indoor Meet

Notre Dame Fieldhouse To Be Scene of First Track Competition of the Year.

Welborn Skeptical About Prospects

Squad, Weakened by Graduation of Many Stars, Is Getting Into Condition.

Opening their 1935 track season, South Side's Kelly Klads will travel to South Bend Saturday to compete in the indoor track meet to be held in the Notre Dame Fieldhouse.

Coach Lundy Welborn has been working with the Archer track squad for several weeks in an effort to get them in condition for the opening meet.

With many of last year's best men lost by graduation or by the four-year ruling, the chances of South Side's putting a strong team on the track will depend largely upon the development of the new men. Boys whom Lundy Welborn will find hardest to replace will be Bill Geyer and Bob Wilson, a pair of the city's best dash men of last year; Don Powell and Gene Reiff, two boys who did the flying hurdle act; and Earl Stauffer and Bob Robinette, distance men.

However, Coach Welborn still has Stone, a 220-yard man; Norris, whose specialty is the half mile; Kessler, a fast 440-yard man; Schoenefeldt, another 440 man; Leitz, a shot putter; Kruse, a pole vaulter; M. Makey and H. Makey, distance men; Weimer for the hurdles, Eschoff and Ostermeyer in the dashes and half mile relay; and Click, a high jumper from last year's squad, for a nucleus of this year's team.

Outlook Is Bad

Only Stone, Kessler and Norris have had much varsity experience and all these boys will be facing tough competition from veterans of the other city high schools. Coach Welborn says that the outlook for the coming season is far from bright, and that South Side will finish no worse than third in city competition.

Lundy plans to break the fellows in very easily because he works on the theory that he is out to build up a team and not to tear one down. A team with half of its best men on the bench with injuries is not one to worry much about. For quite some time the team will practice on the track for no more than 15 minutes, the rest of the time being devoted to setting-up exercises and such to develop the shoulder and chest muscles because, contrary to general belief, a runner does not tire first in the legs but in chest and shoulder muscles.

Write Class Songs

This year, as in previous years, seniors of the Evanston Township High School, Evanston, Illinois, will have a chance to display their musical talent by writing a class song to be featured on class day.

Gowns Lose in Vote

In a vote taken in the senior home rooms at the Commercial High School, New Haven, Connecticut, it was revealed that the majority of the seniors do not favor caps and gowns for commencement exercises.

Coaches Kelly Klads

Lundy Welborn

Opening South Side's track activities for 1935, Coach Lundy Welborn will take his charges to the indoor meet at Notre Dame Saturday. Due to the fact that many of last year's stars are lost by graduation, Lundy has little material left for this year's team, but hopes to uncover some new stars and put a strong team on the field.

Seniors and Sophs Win Tournament

G. A. A. Net Contests End With Six Wins Apiece for Victors; Standings for Teams Listed.

At the close of the G. A. A. basketball tournament, which was held in the gym, Senior 3 team and Sophomore 3 team gained for themselves first places in the junior, senior, and sophomore tournaments respectively.

The Senior 3, who wear blue suits and are led by M. McKeon, won six games; and the Sophomore 3's, who wear green and white uniforms and are led by W. Locker, won six games for a tie.

The members of Senior 3 team are M. Ames, M. Blauvelt, G. Bruoit, A. Carvin, C. Hirshman, V. Klopfenstein, F. McKeon, B. Medaris, S. Meyer, P. Warner, E. Gardner, and E. South.

I. Bandtel, M. Carlson, M. Connell, M. Green, W. Locker, M. Meyers, B. Scheele, D. Scheele, and C. Coburn compose the Sophomore 3 team.

Junior 2 team, which is under the direction of B. Rison, has also made a very outstanding record for itself, having won five games and tied one game, thus winning second place in the Junior-Senior tournament. This team is composed of R. Bevington, M. Dickmeyer, V. Gross, M. Hobrock, D. Lyman, D. Miller, V. Mosel, R. Reitz, D. Rindchen, B. Rinehart, B. Rison, D. Kolman, V. Gardner, and M. Cartwright.

The standings for this season are:

	W.	T.
Senior 1	3	
Senior 2	4	1
Senior 3	6	2
Junior 1	2	
Junior 2	2	1
Junior 3	5	
Junior 4	0	
Junior 5	0	
Sophomore 1	6	
Sophomore 2	2	
Sophomore 3	6	1
Sophomore 4	3	
Sophomore 5	2	
Sophomore 6	5	1
Sophomore 7	2	
Sophomore 8	1

Falsehoods About State Meet Are Blasted by Principal

An example of the carelessness with which people report conditions concerning school affairs was given in the statement in the letter which L. A. Gutting of Shelbyville sent to the parents of the boys who participated in this year's state tournament. In this letter Mr. Gutting said, "It is my understanding that a major portion of the Frankfort champions of 1928 are not living" because of having "been subjected to the terrific strain" of tournament play.

As a matter of fact, Frankfort did not win the tournament in 1928, but won it in 1929. And, only one member of the 1929 team is dead, and he died of a liver disorder, which the health official of Frankfort says had no connection with basketball playing. Of the 400 boys who have played basketball at Frankfort since 1915, only five are dead. One was killed in an automobile accident, and the deaths of the others—according to Dr. Milton McCarty, city health officer,—were not due in any way to athletics.

R. NELSON SNIDER

Alumni Hardwood Tourney Tonight

Central Gym Is Scene for P. T. A. Net Games; Floor Show To Be Staged; Price, Fifteen Cents.

Fort Wayne's public high school alumni basketball tournament will be held in Central's gymnasium tonight at 7:30 o'clock. The tournament is under the sponsorship of the Fort Wayne Parent-Teacher Association Council. Teams composed of former South Side, North Side, and Central net stars will play each other in three games during the tourney. Proceeds from this alumni tournament will be turned over to the student aid fund. Fred H. Croninger is general chairman of the event and will be assisted by Miss Carrie Shively, Mrs. John Kern, and Mrs. William Heine.

An added attraction to the tournament will be the presentation of floor shows between the games by each of the three schools.

Tickets for the tournament are fifteen cents each, and a large crowd is expected to turn out for the event because of the extreme rivalry between the three schools.

Sam Lyboubt Wins State Gimble Prize

Traditional Sports Award Given Star on Mental Attitude During Final State Tourney Play.

Sammy Lyboubt, star guard on the Richmond Red Devils' five, was awarded the Gimble medal for displaying the best sportsmanship during play in the 1935 Indiana state net tournament. Lyboubt, a senior, climaxed his net career with the Red Devils by winning one of the highest honors that can be bestowed upon an Indiana high school basketball player, the Gimble award.

Scoring twenty-nine points in three tournament games, playing outstandingly on defense, besides showing excellent sportsmanship throughout the Red Devils' three contests, Lyboubt well deserved the distinction of showing the most sportsmanlike attitude during the tourney.

The Gimble prize is awarded to the player showing the best mental attitude during the state tournament by Mr. J. Gimble, retired Vincennes business man, now living in California.

G. A. A. Flashes

Why is it that Vivian Hickman wants to go skating on the coldest days imaginable? Just one of her hobbies?

Come one, come all! Come to the finals of the Honor Basketball Tournament the first Monday after spring vacation. The games are going to be the best that have been played thus far this season.

Ann Hall and Jane Lee Davis are fighting for the honors in everything, especially in diving. They float through the air with the greatest of ease! When they hit the water? Well, ask them.

What is this about Barbara Uran being the star player on her basketball team? At least those are her words.

Ruth Berning is getting pretty good in bowling. Last week she rolled 145.

In a recent basketball game Betty Rison decided to play guard instead of forward. It was all O.K. until she forgot herself and tried to make a basket for her opponents. Let's hope she doesn't try to do it in the Honor Tournament.

Spring vacation is coming, with nice weather every day. Come on, girls, it is time to get in your hiking and skating points.

On account of the minstrel show, the final games of the tournament have been postponed until the Monday after vacation. Oh, well, a nice rest can be had before the games in this way.

Marie Engle is very fond of snipe hunting. One time she held the bag a whole hour before she became aware of the fact that it was all a joke.

Anybody desiring to see some beautiful facial expressions should watch Barbara Von Gunten when she swims. She could even make King Kong gasp in astonishment.

Times Doping Contest Won By Freshman

Janis Baumgartner Entered State Tournament Sheet Having Three Mistakes.

Picking only three games of the state tournament wrong on her entry in The Times "doping contest," Janis Baumgartner was awarded the two dollar prize for doping the tournament most correctly, announced John Bremer, contest judge.

Janis, a freshman at South Side, lost out on the Logansport-Shelbyville game, the Berne-Shelbyville game, and the championship game between Anderson and Jeffersonville. She picked Logansport to go to the semi-finals and Jeffersonville to win over Anderson in the finals. Janis is a member of the U. S. A. Club and the girls' glee club.

Three other doping sheets were handed in with three errors on them by Earl Roop, Leonard Weinraub, and Harold Reinking. However, the winning sheet was turned in on Thursday after the home room period, while Weinraub's sheet was turned in the fifth period and Reinking's on Friday morning. Roop was disqualified because he is not a Times subscriber.

One hundred forty-five entries were entered in the contest, sixty-four more than were turned in last year. Most of the dopesters picked the pre-tourney favorite, Jeffersonville, to win the state meet and lost out when the Red Devils were eliminated by Anderson. Two other games that were missed by many were the Richmond-Frankfort game and the Shelbyville-Logansport game.

South Side Rifle Team Defeated by Central

Tuesday evening on their home range, the South Side rifle team was defeated by the Central shooters by a score of 483 to 482. The Central team eked out a win when Bobilya, shooting last for Central, rang down a 97 to win. The meet was featured by a perfect 100 by Bob Schriever.

The scores follow:

Central	South Side
Scott	94
Magnnson	96
Heeden	99
Bobilya	97
Psches	97
Total	483
	482

Anderson Indians Play Good Basketball to Win 1935 Title

Upsetting Jeffersonville's Red Devils 23 to 17 in the final game of the Indiana State High School net tournament held at Butler Fieldhouse last Friday and Saturday, Anderson's Indians annexed

the 1935 state net crown for the first time. Showing surprising strength against Jeffersonville in the championship contest, Saturday afternoon from Shelbyville 30-28.

Coach Archie Chadd's Indians played brilliantly in the final game to stop the Jeffersonville winning streak of thirty-one games. Their first loss in many moons was a crowning blow to the pre-favored Jeffersonville squad, who played an excellent brand of ball all during the tournament only to fall before the inspired Anderson five. They were determined not to go home without the coveted title, as they had three times previously lost it after they had battled their way to the state finals.

Anderson's sensational overtime win over Shelbyville in the semi-final round was the outstanding game of the tourney. After trailing Shelbyville 13 to 7 at the half-way mark, the Indians came back to tie up the score at the end of the regular playing time 28-28 with a basket and a free throw in the last twenty seconds of the game. Another basket in the closing seconds of the overtime period earned Anderson a place in the finals and eliminated Shelbyville's Golden Bears from the tourney.

Coach Archie Chadd's five gained the state net title by winning over Brazil in the first round 31-22, Nappanee in the second round 33-23, Shelbyville, and Jeffersonville. The Jeffersonville Red Devils gained a berth in the finals by Defeating Montgomery in the first round 41-36, Michigan City in the second round 26-23, and Richmond in the semi-finals 33-28.

All of the first round contests ran true to expectations except Shelbyville's 27 to 21 upset of Logansport last year's champs. Other first round scores were Rushville 34, Princeton 32, Richmond 34, Frankfort 17, Michigan City 35, Montone 24, Berne 24, Roachdale 22, Nappanee 37, Tipton 31. On the second round the favorites continued to advance: Richmond trimmed

Times Captures Medalist Award In Press Contest

Columbia Scholastic Press Ass'n. Has Given Paper Honor Since Organization

The South Side Times came crashing through to victory in the nation-wide scholastic press contest which brought to the fore the best efforts of more than 1,000 leading student publications from all sections of the country. The Times, which was entered in the senior high school division of enrollment of between 1,500 and 2,500, was awarded a medalist award for its high journalistic excellence. There were only four other publications in this senior division that won medalist awards.

The Times has been a consistent winner of Columbia Scholastic Press Association and other state and national journalistic awards since it was first organized.

James Sweet was also given an honor when it was announced that he was to be awarded a bronze medal for the best news publicity story.

This was the eleventh convention of the Columbia Scholastic Press Association which is held annually at Columbia University, New York City. The convention attracted more than 1,500 delegates from all parts of the country.

Those from South Side who accompanied Miss Rowena Harvey to the convention are Anna Brumbaugh, Ann Abbott, Alma Nitzsche, Ursula Morton, Louis Bonshi, and Bryce Minier.

Nursery Playlet Given For Marionette Club

An impromptu version of "Little Red Riding Hood" was presented by several members of the Marionette Club at the meeting last Thursday in Room 140. Augmented by wise-cracks, bits of "Whose A-Fraid of the Big, Bad Wolf," and members of the cast making attempts to brush up their memory of the old nursery classic, the playlet afforded practice for the manipulation of the puppets.

The members who presented the show were Little Red Riding Hood, Mary Anne Park; the wolf, Emily Gardner; mother, Kenny Scott; grandmother, Charles Hart.

A committee, comprising Lorraine Meyer as chairman, Mary Zimmerman, Helen Walbert, and Bob Wiehe, was appointed to work out a point system for awarding pins to deserving senior members on Recognition Day.

Georgetta McIntire, program chairman for the semester, and Emily Gardner will be in charge of the next meeting. Work on the new stage and manipulation of the marionettes will be begun.

S. P. C. Meeting Changed From Friday To April 12

The meeting of the Student Players' Club, which was to be held tomorrow, will be postponed until after spring vacation, April 12, due to the many outside activities which intervene. The regular April meeting will be held during the latter part of the month.

The program has not been definitely planned by the committee, which consists of Alma Nitzsche, Mary Martha Hobrock, Ruth Adler, Geraldine Henline.

Girls Sell Candy
The girls of the home economics department of the Calvert High School, Tiffin, Ohio, have been selling candy to the students during noon hour in order to obtain money to buy the cooking and sewing room new curtains.

UP AND DOWN OUR INCLINES

In Mr. Flint's geometry I classes, special designs were made by John Thackery, Charlotte Krimmel, Clarence Greider, and Ruth Gerber.

The public speaking classes have just finished their five-minute argumentative speeches, and they are now studying their Argumentative and Debate books. A few of the best argumentative speeches were given by Mary Michaels, Hazel Kuttler, Elizabeth Sommers, Betty Wainwright, Lloyd Grodrian, Marjorie Rose, Helen Anderson, Ed Ginn, Verna Holtman, and Gwendolyn Horn.

Edward Leitz, a pupil in Miss Thorne's first period geometry 3 class, brought copper sulphate crystals to the solid geometry class relative to the study of parallelepipeds.

Miss Mellen's senior class has just finished the fourth book of Vergil.

The following pupils of Mr. Flint's geometry I classes made 90 or above in a recent test: First period: Seth Adams, Ralph Campbell, Ina Claire Chappell, John Hines, Howard Hirschman, Walter Jackson, Helen Kelsey, Robert Miller, Hilda Spangle, and Margaret Porter; Fourth period: Robert Braungart, Carl Alberson, Ruth Gerber, Clarence Greider, Lorin Hochstetler, Laverne Kiel, Charlotte Krimmel, Hollis Logue, Rollin Mason, Eleanor Monesmith, Victor Pierson, Betty Rison, Donald Steinbauer, John Thackery, and Kathleen Whitmer.

Recently Miss Fiedler's algebra I classes had a contest. On Monday, the winner of the first period class was Eugene Schmidt. The third period's winner was William Corwin. Charles Neuschwander won in the first period class on Tuesday, and Ruth Baade won in the third period class. Wednesday, the winners were Phyllis Geller, first period, and William Corwin, third period. The winners on Thursday were Robert Byers and Beverly Bond.

The following in Miss Mellen's English 3 classes have all their outside reading points in: Alice Karn, Laverne Kiel, Victor Pierson, Kathleen Whitmer, and Clifford Zeig.

Making a perfect score of 50 out of a possible 50 points in a departmental examination in Mr. Ferlini's algebra 2 class Helen Walbert received the highest grade in the class.

Miss Martin of Proctor and Gamble Company, demonstrated the correct washing of gloves, sweaters, and silk and rayon garments in three of Miss Rehorst's sewing classes.

The following have completed their outside reading points in Miss Mellen's English 2 classes: Maxine Dunaway, Rex Perry, Roy Fluigger, and Paul Ringwalt.

In Miss Mott's sewing classes, the girls have finished their child dresses and have started on their second problem, which is making wool dresses.

Spring Fever Burns Ardently In Student Vacationists Heart

"Oh the flowers that bloom in the spring, tra la, have nothing to do with the case, tra la." After a glimpse of lovely spring weather, we challenge this statement. In fact, we go so far as to

say they do have something to do with the eagerness with which South Siders are looking forward to spring vacation. Everything from reading to going into an extended doze is scheduled by the Archers.

Jerry Zehr takes the cake for sleeping, for he has a good reason. He says: "Have to practice, get in bed early, and get in condition for the state swimming meet."

Forrestine Valentine: "I'm going to Chicago and spend days in Marshall Field's."

Bob Storm: "Hom-hum! Z-Z-Z-Z!" Sue Meyer: "Sleep, eat, work on the Totem, go to the lake and the like!"

Mervyn Bohne: "Going roller skating down Lexington and just mess around with Mary Kay."

Eugene Holtman: "Read, read, and read some more."

Mary Kay Connell: "I'm going skating, bicycling, messing around with Mervyn Bohne, and eat plenty."

Bill Korte: "Rejuvenate after the Sea Scout dance."

Ruth Henline: "I'm going to skate and read a book. I like vacation, but would just as soon get off a week earlier at the end of the term."

Harriet Storm: "Keep my ear to the ground to get dirt for my column."

Margaret Murphy: "Take care of Jim Bair, write 1,200 word theme, practice for Senior Play, and help Harriet find her dirt."

Charlene Davis: "Prompt Senior Play, make a dress, and write two 1,500 word themes. It would be nice

if you could use it for a vacation." L. S. Grodrian: "Work on the Totem nine days a week; sleep about four or five hours a night, more I hope. Also going to get a start on this year's tan if the sun shines at any time I'm home."

Reginald Gerig: "Practice for a piano contest and take it easy!"

Clayton Kilpatrick: "Catch up on all things I've wanted to do. Also a time to work on the Senior Play. A good time to take a vacation."

Clarice Rudy: "Roller skate, get up at 6 o'clock every morning, eat baked beans, hike around the golf course every day, go to all the shows, and visit."

South Side Strongmen Will Plant Tulip Tree

An Indiana tree and flower will be planted by the Lettermen. They will plant it on the Northeast part of the school grounds. A tulip tree will take the place of the elm tree which was planted in 1932 by the club. This tree is a native of Indiana. It has beautiful foliage, and a clean appearance. The tulip tree attains a height of as much as 75 feet, and a diameter of three feet. Attractive flowers grow on this tree.

On Tuesday, March 19, the following boys planted shrubs around the school: Leonard Weinraub, Eugene Schmidt, and Jack Underhill.

Job's Daughters Plan Skating Party

March 26 and Bell's Rink To Be Time and Place of Fracas; Group To Hold Dance May 11.

"You are cordially invited to attend our skating party to be held Tuesday, March 26, at Bell's rink on the Lincoln Highway East," reads the invitation to South Side from the members of Job's Daughters.

The party is being held to obtain funds to be sent to the state educational fund in Indianapolis, to which all the Bethels of the state submit their support. Marguerite Blue has been named chairman of the affair and is being assisted by Mary Jane Cripe and Esther Heine.

Among other spring activities being planned by the organization is a dance to be held May 11. Complete arrangements for the annual affair will be announced soon.

Committees have been appointed as follows: General committee, Virginia Sponhauer and Mildred Foellinger; publicity, Maxine Connert, Mary Jane Schaeffer and Mildred Miller; decorations, Louise Hoffman, chairman, and Marie Schannen, Alwita Tarney, Mildred Hoff, Harriet Schaeffer, Dorothy Yobst, and Forrestine Valentine; orchestra, Helen Kelsey and Rosemary Chappell; and hall, Maxine Rippe and Eleanor Cupp.

Traveler Describes Old French Palaces

Miss Eleanor Smeltzly, history teacher at South Side, gave an interesting talk on the palaces of Versailles and Fontainebleau at the French Club meeting, March 14, in the Voorhees Room. Miss Smeltzly, who has visited France several times, told of the history and gave personal touches of the palaces. She brought with her several pictures to illustrate her talk.

Paul Randall, accompanied by Avandell Glass, played three selections on his violin. They were "Pale Moon," "That Old Irish Mother of Mine," and "Without a Song."

After the program a short business meeting was held in which it was decided that all seniors would be allowed to buy their pins, if they could not earn them, but all underclassmen will have to earn theirs. The pin committee is still working on the choice of pins an dwill probably be able to give a definite report at the next meeting.

Mr. R. Nelson Snider Addresses Sunshiners

Mr. R. Nelson Snider was the principal speaker at the meeting of the Sunshine Club, which was held in the Voorhees Room on March 19. His talk consisted of facts about the Sunshine Convention which will be held here in October.

Betty Erick was in charge of the meeting. Games were played and plans were made to attend the convention at Goshen, Saturday.

Totem Payments Due By Last of March

All students who subscribed to the Totem last fall on the 25 cents a month plan must see that \$1.50 has been paid by the last of March. Payments can be made in the Totem office before or after school.

My, How We've Grown

The growth of Fort Wayne high schools is ably shown in a graph constructed by Mr. Elma S. Gould, botany instructor at South Side. The carved line represents the steady rise of secondary schools in our own city from 1879 to 1934. The insert is an illustration of the reduction of total school costs from 1922 to 1934. This decrease should be compared with the corresponding rise in growth.

Pebble Pups To Hold Stone-Collecting Contest

Fred Prange, president of the Pebble Pups, announced that a club contest, featuring collections of specimens collected in Indiana, will be held at the third meeting in May, with the best collections netting their owners handsome prizes. Goldie Bruist was elected as Inter-Club Congress representative. A lengthy discussion on the recently installed point system was held. It was suggested to hold another mineral sale, as the first proved to be a great success. Programs for the rest of the semester were announced. The topic on which talks will be given at the next meeting is Lead and Zinc Ores.

"Diamond Mines of the United States" was the subject of an interesting talk given by Catherine Hirschman. Her speech told of the various places in which diamonds have been found in this country. James Roth spoke on copper manufacturing, and Elfrieda Enz concluded the program with a talk on copper ores. She illustrated her talk with examples of different types of this ore.

Wo-Ho-Ma Club Has Candle-Light Initiation

The regular meeting of the Wo-Ho-Ma Club was held Thursday, March 7, in the Greeley Room. Initiation ceremonies were held in the form of a candle light service. After the formal initiation, refreshments were served in the home economics department's apartment. After several games were played, the meeting was adjourned.

The next meeting will be in the form of a potluck. This will be held Thursday, March 21. After the supper a theater party will be given for all those wishing to go. Members are to sign up in Miss Pearl Rehorst's room for both the potluck and the party.

Sea Scout Dance Is Saturday Eve

"Wharf Rats' Wrassle" Theme Of Ocean Good-Deed Boys Latest Nautical Venture.

Members of the Sea Scout Ship Typhoon are completing arrangements for their annual sea-going dance, to be held Saturday evening, March 23, at the Chamber of Commerce. Bud Goldman's orchestra will play for the dance, which will be from 9 to 12 o'clock. "Wharf Rats' Wrassle" is the unique name of the hop, with decorations carrying out the theme.

Full uniform will be the attire of officers and men of the ship at the dance. Herbert Hornmann, third mate of the Typhoon, is the chairman of the dance, and Henry Wahl is the skipper of the ship. Favors will be given, and tickets may be secured from any member of the ship. Rex Knorr will present a short skit during the intermission. He will be aided by several members of the ship.

Terry King, chairman of the pre-dance dinner announces that the affair will take place at 6:00 o'clock in the directors room of the Chamber of Commerce. Commodore Hal Heher, and Commissioner Ed Dodez will be the principal speakers. Mr. Rex Knorr will give a short sight-of-hand performance.

Committees in charge of the dance include the following: tickets, Paul Perry, chairman, and Bill Merchant; decorations, Risher Hall, chairman, and Max Tritch, Wayne Brown, Paul Merkert, Harry Mee; entertainment, Rex Knorr; favors, Ben Courtney; publicity, Herbert Nitzsche, chairman, and Bill Korte, Bob Storm, Elton Wilson.

Play Badminton
Badminton, a game played for centuries in the Far East but quite new in America, is making its bid at Manchester College. Thirty fellows have signed up for this sport.

STAR IN RAREBITTA

HARVEY, MURPHY STARS IN YEAR'S BIG FLOP

Famous Dancers Wiggle in Film Called "Rarebitta"—So What?

COMING TO THE PERILESS THEATRE SOON—"RAREBITTA" starring Irene Dunne, ROWENA HARVEY and PATRICK MURPHY. Miss Harvey and Mr. Murphy were called to Hollywood to take the place of Fred Astaire and Ginger Rogers who got athlete's foot practicing their

intricate dance steps. Miss Harvey and Mr. Murphy spent over 500 hours practicing their routine and advance reports say that their dancing is splendid.

Murphy and Harvey fill the bill nicely and promise to develop into outstanding stars. Their dancing has been acclaimed the world over.

In "Rarebitta" Mr. Murphy plays the part of an American orchestra leader from Indiana, a crooner, and a dancer. Miss Harvey takes the part of an exotic temperamental French countess who is swept off her feet by Murphy. One of the high spots of this film occurs when Pat whirls Rowena above his head, swings her around and around, then gently drops her to the floor.

Miss Harvey's singing of "I Won't Dance" and "I'll Be Hard To Handle" brighten the picture very much and her intricate toe dancing is a spectacle in itself.

This super super colossal mediocre glamorous gorgeous spectacle will be shown at the Periless Theatre in Fort Wayne the week of March 32 to 39. Advance box office reports indicate that "Rarebitta" will be the biggest attraction of the year. It played twenty weeks on Broadway and crowds were turned away by the thousands. Of the 700,000 who saw the picture only 850,000 asked for a refund of their money.

Irene Dunne also plays a small part in the film. She is a designer of clothes and also sings a few songs. Miss Harvey's wardrobe is dazzling in this film and the evening dresses she wears will soon become the most popular styles of the year.

Don't miss "RAREBITTA."

STUDY HALL STOOGES VERY BOTHERSOME

Helpers in Room S Are More Trouble Than Good, Says Miss Virginia Montgomery.

Harold Teen, Beezie, Max Mariotte, and Merle Norris all have their stooges; but a certain little lady who signs her name Va. Mont. has broken all present records. She has fourteen stooges during the school day, and no one as yet has been able to determine the number she has out of school. Yes, she has fourteen stooges besides the girls who pass out the slips and run errands. They have not been officially installed in the honorable profession of stooging.

During the first period, the pupils in Room S enjoy quite a bit of freedom as Stogie No. 1 and Stogie No. 2, who are otherwise known as Miss Armanda Hemmer and Mr. Herman O. Mahey, are usually so engrossed in each other that they fail to notice the actions of the pupils. We can excuse them to a certain extent as they are both English teachers and have English and other things to discuss. But it really is quite disgusting when they make so much noise that they bother the people trying to study. Then Miss Montgomery has to quiet them down a bit.

Miss Fiedler does a pretty good job of maintaining law and order when she presides over the second period; however, Miss Montgomery has a very unusual stooge on the days when Miss Fiedler is not there. Miss Doty Magley stands by the desk with strings attached to her marionette fashion; and, whenever Virginia notices someone talking, she simply pulls the string and Doty bellers out for the pupil to come back and receive his eighth period.

As Miss E. Kiefer and Miss Dorothy Benner are both very docile creatures they cause very little, if any, excitement the third period.

And then out of a clear blue sky comes those two romances that have the whole school agog. During the fourth period Mrs. Welty and Lundy Welborn very brazenly hold hands and talk baby talk, while Rosemary Delancey and Albert Heine modestly sit and talk with that love light shining in their eyes.

Miss Montgomery ends her day with four male stooges, namely the Messrs. Rothert, Davis, Fields, and McClure. In this last group, Jake McClure is outstanding for the athletic way in which he runs around and awakens pupils.

When she was asked to comment on her stooges, Miss Montgomery said: "Stooges are a lot of bother, in fact, it is more bother to keep them quiet, busy, and apart than they are worth. I would be thankful if I had one good stooge like Miss Magley to stay with me all of the time."

Price 10 Cents

Professions Is Next Topic Of Job Talks

W. Richardson, Rev. Weber, Abe Schaefer, Paul Jasper Will Speak at Session.

D. Oswald Jones To Be In Charge

Ward Gilbert, Drs. D. Mertz, S. P. Hoffman, and George Gillie Talk First Week.

Professional Arts will be studied during the second week of the six weeks Vocational Guidance program, sponsored by the Kwanis Club, with D. Oswald Jones, director of the office in the Fort Wayne public schools, as chairman.

Mr. Willis Richardson, teacher at Central High, will talk on the teaching profession, and Rev. E. W. Weber will discuss ministry at the session to be held Tuesday. On Thursday Abe Schaefer of the Journal-Gazette will speak on journalism, and Paul Jasper will talk on the law profession. Both sessions will be held in the cafeteria at 3:30. The meetings are open to anyone who is interested.

Dr. Dan Mertz and Dr. Sterling P. Hoffman gave talks on scientific service, the first of a group of six vocational divisions, at the first guidance session held Tuesday in the cafeteria at 3:30. Another of the sessions will be held today at the same time, with Dr. George Gillie, Allen County sheriff and well-known veterinarian, and Ward O. Gilbert of South Side scheduled as speakers. Mr. Gilbert will take the place of Dr. L. A. Fomer, who was previously scheduled to speak.

Dr. Mertz in his talk, which dealt with the profession of dentistry, told of a few of the requirements. A dentist should be versed in the subjects of physiology, anatomy, chemistry, metallurgy, and operative dentistry. He also told of the various divisions into which dentistry is divided, such as filling of cavities and making of plates. Children's dentists should be versed in psychology, for they must be able to conquer a child's fear.

Dr. Mertz also told of the general requirements of the state law on dentistry. He stressed the importance of the mouth and told of the responsibilities of the dentist in caring for it.

Dr. Hoffman's talk dealt with the medical profession, and told that the state law requires that a doctor have a high school education, two years of pre-medical work in science and language, four years of medical school, and one year's internship before he is allowed to practice. He also must pass an examination.

Dr. Hoffman told of the specialized branches of medicine, any of which require a general knowledge of medicine. He also advised that a person entering the profession should have a genuine interest in it, for a person does best what he likes best.

Bob Blomker is acting as chairman for the Tuesday meetings, and Wayne Bender has charge of those on Thursday.

Birdbath Given To South Side

Mr. J. W. Menefee, Father of Last Year Graduate, Is Donor Of Limestone Bird Laundry.

Mr. J. W. Menefee, the father of Jim Menefee, who graduated from South Side last year, again gains South Side's appreciation by helping improve its appearance as he has on several occasions. He is the donor of the bird bath which is located at the south end of the school. It is turned out of Bedford limestone which came from southern Indiana, and is of exceptional beauty.

Mr. Menefee, South Side's custodian, anchored it most securely, and a member of the botany department will keep it filled with water.

Mr. Menefee, always interested in seeing the school's appearance improved, also donated the stone for the Lettermen which is located at the northeast end of the school, by the trees which the Lettermen planted.

Alumni Students Make Good In Various Phases of Life

South Side's Alumni continue to do outstanding work. At Northwestern Dan Zehr, 1932 Olympic swimmer and a freshman at that university, exceeded the world's record for the 150-yard backstroke in 1:35.2 in a solo exhibition swim after the regular events in a recent race. The record is 1:38.

International recognition was by Sheldon Hine, photographer for the Lincoln National Life Insurance Company of this city. Three of Hine's photographs were hung in the two outstanding salons of the year. Two of his photographs, one entitled "Jude Speake" and one entitled "Life Mask of Lincoln," were exhibited at the annual salon of professional photography at Rochester, New York.

The third Hine photograph won recognition at the twenty-second annual Pittsburgh Salon of Photographic Art. The print was entitled "Thick Weather."

Miss Katherine Pepper, a former student here, and now president of the Indiana University chapter of Phi Omega Pi, national social sorority, is in charge of the program for a district meeting of the sorority to be held at I. U.

James Savage has been appointed one of three junior football managers at Indiana University. Savage also has been made a corporal in the R. O. T. C. and is a member of the Y. M. C. A. sophomore cabinet.

Represents School

Courtesy News-Sentinel
Richard Schannen

Richard Schannen, South Side's representative in the county state discussion contest, has won the right to represent the county in the district contest. Dick spoke on the main topic, "That the Federal Government should adopt the policy of equalizing educational opportunity throughout the nation by means of annual grants to the several states for public elementary and secondary education." The other South Side representative was Bob Klopfenstein.

Mrs. J. W. Moring Art Club Speaker

Prominent Civic Worker To Talk On "Gardening" at Meeting April 10; Club Plans Dance.

A talk by Mrs. John Moring on "Gardening" will feature the meeting of the Art Club in the Greeley Room on Wednesday, April 10, at 3:30 o'clock. Mrs. Moring is well known in the city as she is prominent in the sponsorship of the Garden Club, in which she has held positions, and also many musical societies. Mrs. Moring has been active in almost every civic enterprise which anyone might mention. She is now president of the Fort Wayne Art School. Because of Mrs. Moring's wide experience and her ability as a public speaker, her talk promises to be of unusual interest. Mrs. Moring will develop the important part art plays in the making and planning of a garden.

A business meeting will follow the program. Plans for spring activities will be made. Plans for the annual Art Club dance, which will be held in the Greeley Room on April 20, will be completed.

"The Easter Parade" is the theme of the dance which is held every spring by the Art Club of South Side. This dance is one of the major affairs of the early spring, and a large attendance of the three high schools is expected. This dance promises to be one of the outstanding and attractive dances that the Art Club has ever given. The decorations will be carried out in pastel shades, and the Greeley Room will be transformed into a veritable fairyland.

The dance is to be "sport" and not "dress" as one might expect. The "Easter Parade" in this instance does not represent the parade of new Easter clothes. The music for the dance will be furnished by Bud Goldman's Orchestra.

The committees responsible for the success of the dance are: Decorations, Clayton Kilpatrick, Kate Connell, Ann Winter, Eleanor Rhorer, and Betty English; orchestra, Alice Hulse and Virginia Vesey; tickets, Shirley Sykes and Wilma Bleke.

The officers of the Art Club and the adviser, Miss Mary Helen Ley, are, of course, in general charge of the dance. The officers are: Berneta McIntosh, president; Jean Kranz, vice-president; Betty Dickinson, secretary; and Robert Wiehe, treasurer.

Have Dance Questionnaire

A survey to determine the attitude of parents toward social dancing under the direction of Parent-Teachers' Association, is now being conducted in Lewis and Clark High School, Spokane, Washington. A questionnaire concerning this has been issued to every student to have his parents sign.

Subject "Federal Aid for Education"

Contest Staged at Central High Under Direction of Miss Dorothy Benner.

After surviving the semi-finals and finals of the local division of the state discussion contest, Richard Schannen, prominent senior at South Side, won first place in the county division of the state discussion contest, which was held Friday evening in the Central High School auditorium under the chairmanship of Miss Dorothy Benner, head of the public speaking department at South Side.

Robert Klopfenstein, another prominent senior and last year's winner of the extemporaneous contest, also upheld South Side's standing by winning third place in the contest. Margaret Johnston of North Side placed second.

That the Federal Government should adopt the policy of equalizing educational opportunity throughout the nation by means of annual grants to the several states for public elementary and secondary education, was the main topic for discussion. The speakers prepared a five-minute speech on some phase of this topic into which they brought some rebuttal material and included material presented in the preceding discussion.

Before the argumentative speeches, a general discussion, giving general statements, and presenting general facts to the audience without any argument whatever on "The School in the Present Economic Crisis," "The Meaning of Equalization," "The Background of Federal Aid," and "Financing Schools in Other Countries" was presented by the speakers. The contestants did not know which of the four subjects they would talk on until the drawing, which was held one hour before the contest.

Each of the speeches were at least five minutes, and not more than six minutes in length.

Those topics which were waived are the constitutionality, the exact amount of grants, and the techniques of their administration.

The district contest, in which Richard Schannen will represent South Side, will be held on April 12; and the final state discussion contest will be held on April 26 in Indianapolis.

State Legislature Boosts Education

Schools To Receive Benefits From Various Laws by 1935 Session of General Assembly.

The Indiana State Legislature is doing much during the 1935 session to aid the schools, colleges, and universities of Indiana. It has already passed many bills, several of which have been signed by Governor Paul C. McNutt, beneficial to the Indiana schools.

One bill called SB24 was presented by C. K. Watson, a representative from this district. It authorizes local school boards to purchase textbooks and rent them to the parents or pupils at not more than twenty-five percent of the retail cost. This is an emergency bill.

Bill SB86, introduced by Riddle and Chambers, removes the authority of appointment of scholarship students to Indiana University from the county commissioners to the Board of Trustees and faculty of the university on test basis.

Another bill which has been signed by the Governor is SB320, presented by Riddle and Garrett. This permits the Board of Trustees of Purdue University to grant scholarships to two pupils from each county on test basis. This bill removes the authority from the county commissioners.

HB164, presented by Hoover, is the last bill which the legislature has passed. It requires teaching of not less than one year on the Constitutions of the United States and State, in high schools. Pupils will be required to pass before receiving diplomas. This bill will be effective after 1938.

James Sweet, Jo Anne Smith Win Contests

James Sweet placed first in the current events division and JoAnne Smith won both the editorial and vocabulary divisions in the latest contest for high school journalists sponsored by Quill and Scroll on Thursday, March 22.

These students placed first in their respective divisions by scoring over about eight other entries in the contest. Their winning papers have been sent to Quill and Scroll headquarters at Northwestern University for grading in district and national competitions. Divisional winners will be announced in the Quill and Scroll Magazine, national publication of the journalistic society, in about a month.

"Millionaire's Party" Given

Beer (root variety) and money (fake stuff) were featured at a Millionaire's party given by the Student Council of Lawrence Tech, Highland Park, Michigan.

Regular Latin Club Meeting Postponed

Latin Club will not hold its regular meeting this afternoon, due to the absence of the president and vice-president who have parts in the senior play. The meeting, however, will be held two weeks from today.

Directs Prom

Miss Hazel Miller

The class of 1936 has begun plans for the annual Junior Prom, and the decoration committee is well on its way to begin actual work. Miss Hazel Miller and Mr. Lloyd Whelan, class advisers, are directing all proceedings in connection with the affair; and with their leadership the dance promises to be another success in the annals of South Side Junior Proms.

Information Given About Scholarships

John Hopkins, Kenyer Military, Indiana Central, Shimer Jr. Offer Valuable Fellowships.

Several scholarships have been offered by colleges and information about them is given as follows:

The Kenyer Military Institute in Booneville, Missouri, offers three \$400 scholarships for high school and junior college for the year of 1935-36 and renewal in 1936-37. Intelligence, industry, intellectual curiosity, initiative, intellectual honesty, ambition, study habits, general objection, specific objection, loyalty, dependability, tact, forcefulness, leadership, personality, poise, personal appearance, and general interests are the qualifications which will be considered. For further details see Mr. E. Nelson Snider.

Trustees of John Hopkins University, Baltimore, Maryland, will award ten scholarships to students living outside of Maryland. The awards, which are subject to renewal each year, will be based on former scholastic achievements, leadership, and character.

Students who are worthy of financial aid may apply for other scholarships, grant, clerical assistantships. Mr. Snider has more information about this university also.

On Saturday, April 20, tests in art, piano, violin, voice, and dramatic reading will be given by the Frances Shimer Junior College, after which scholarships will be awarded to students in tenth, eleventh, twelfth, and graduates of not more than two years standing.

Indiana Central College of Indianapolis, Indiana, offers pre-professional courses in ministry, dentistry, medicine, nursing, law, engineering, business, stenography and typewriting, and journalism. If the entrants have an average of B or 50 scholarship will be given, but if the grade was such that the student was given a high rating a \$100 scholarship is awarded. For application write to President I. J. Good, in care of the Indiana Central College.

Juniors Preparing For Prom, Banquet

May 3 Date of Annual Doings Of Class of '36; Officers and Faculty Advisers Direct Work

Extensive plans are being made for the Junior's annual Prom and Banquet, which are to be held May 3 in the gymnasium and cafeteria. The junior class advisers are in charge of the affair. They are: Fred Nye, president; Dorothy Crabb, vice-president; Marjorie Cartwright, secretary; social council, Gwen Horn, Harriet Yapp, and Bob Adams.

The chairmen of the committees are: Fred Nye, refreshments and clean-up; Dorothy Crabb, publicity; Marjorie Cartwright, orchestra; Bob Adams, entertainment; Harriet Yapp, tickets; Gwen Horn and Betty Wolf, decorations. The committees are under the supervision of Miss Hazel Miller and Mr. Lloyd Whelan.

To promote interest in the Prom and Banquet, a meeting of all juniors who wish to decorate was called last Tuesday in Room 8. Any suggestions for decorations will be considered if turned into Room 8, or given to any of the committee chairmen.

Guy M. Bingham Talks on Vocations At Student Assembly

The importance of vocational guidance was brought out by Mr. Henry Meyer, supervisor of physical education in the public schools of Fort Wayne, in a brief talk which was given to the South Side student body at an assembly held Monday in the gymnasium. He also told of the efforts of the Kiwanis Club, which he represented, to help the students of South Side in selecting their vocation. He then invited Mr. Guy Moore Bingham, from Washington, D. C., who travels from city to city giving talks on vocational guidance. Mr. Bingham stressed the word "are," stating that the letters stand for Ability, Reliability, Ego. He also told various true incidents to illustrate his statements.

It was announced that Mr. Ward O. Gilbert would be in charge of the first of the series which is to aid the students of our school. There will be of a scientific nature in respect to the vocations of a doctor, a nurse, a chemist, and others similar.

Annual Senior Play To Be Given in Gym Friday and Saturday

Bill Dulin, Class President, Picks Helpers; Ushers And Stage-Hands Chosen.

Alma Nitzsche Is Ticket Chairman

Thirty-Five Cents Is the General Admission Price; Reserved Seats Are Fifty.

Bill Dulin, president of the senior class, is in charge of the ushers for the senior play which will be given on Friday and Saturday night, April 5 and 6, in South Side's gym. Approximately twenty members of the class will serve on the two nights, and the workers have the privilege of working either one time or two.

Clayton Kilpatrick is in charge of the stage-hands who will aid with the work back-stage. Several members of the class will serve with construction of the sets, decorating, and lighting effects for the stage. Frank Montgomery, Kenny Scott, Fred Forbing, Wayne Decker, Dick Helm, and John Belcher the latter a junior, will aid with the work.

Alma Nitzsche is chairman of the ticket sale. Tickets are available at the Totem office or from any member of the cast. There will be reserved seats for fifty cents, while those in the bleachers will sell for thirty-five.

The senior play will be the second production given on the moveable stage constructed in the gym.

Home Show Opens, Directed by F.H.A.

Students in Classes Are Given Opportunity To Visit Show At The Valencia Gardens.

It has been announced by Henry J. Herbst, chairman of the local F. H. A. committee, that the advanced classes of pupils in the public and parochial schools will be given an opportunity to visit the Modern Home Show on the afternoon of each day that the exposition is in session from April 2 to 6.

Plans for the event, which is being held under the auspices of the F. H. A., are now complete, it was stated, for classes from different schools to attend on different days of the show, which will be held at Valencia Gardens, Shrine auditorium. Fred Wehrnberg is chairman of the show committee, and Franke Biemer, show director.

There is exhibited building material and supplies illustrating things that are new. The demonstrations include practical ways in which to modernize and improve with F. H. A. loans. There also is exhibited practically every type of product used in furnishing the completed home, from decorations to complete living room suites. Many devices, both electrical and otherwise, are displayed and demonstrated.

The show officially opened on Tuesday night, April 2, at 8 o'clock, but is open every afternoon, beginning at 1:30 and continuing until 10:30 p. m.

Meterites To Skate At Bell's April 12

Marjorie Turner Named Chairman; Books Reviewed at Recent Meeting; Poet Named.

That the first annual Meterite skating party will be held April 12, at Bell's rink, was decided at the last meeting. Marjorie Turner was appointed general chairman of the affair by the president, Beatrice Fudge. The club is staging a contest to promote the sale of tickets. To the member who sells the most tickets, will be given a permanent wave. The price of admission is twenty-five cents, and favors will be given. The skating begins at 8 o'clock.

Current fiction books are reviewed at the meetings each week. March 19, Marjorie Turner reviewed "Carmen" by Chesley Kahman. It was about an interesting Porto Rican girl. Joan Bonish, the Meterite Inter-Club Congress representative, reported on a former meeting which she had attended. Parts for a play which will be presented in the future were issued. The club poet was also appointed.

Skit Is on Program For Assembly Today

"A day in the life of the Brown family" is the title of the skit to be presented at the Clean-Up Week assembly this morning. Clayton Kilpatrick, Martha Baumgartner, and Dorothy Crabb comprise the committee in charge of the program. The cast includes Anna Baumgartner, John Bex, Vincent Cook, Jerry Zehr, Sally Rea, Eleanor Warren, Frederick Prange, Jean Creighton, Clifford Schrom, Virginia Vesey, and several members of the home economics department. The play is under the direction of the dramatics department. As another feature there will be music by the South Side orchestra under the direction of Mr. Jack Wainwright.

Has Part

Courtesy News-Sentinel
Ellis Lochner

Ellis Lochner, prominent senior student, will play the part of Jimmy Shannon, a young stockbroker, in the annual senior play to be held this week.

Travelers To Send Two to Conference

Mary Smith, Virginia Greiner To Go To Washington for Jr. Red Cross Meeting April 8-11.

Two delegates from South Side, Mary K. Smith and Virginia Greiner, will be sent as representatives of Travel Club to the Junior Red Cross Conference at Washington, D. C. from April 8 to 11. Discussions of the high school delegates to this year's convention will point out ways in which each member of a Red Cross organization may put the most into his membership and therefore get the most from it.

A very interesting program has been planned for this year's delegates. On Monday, April 8, all delegates will attend the opening plenary session at 10 a. m., in which a junior member will be among the speakers. The first meeting of the high school delegates will be held in the afternoon, from 2 to 4 o'clock. At this session there will be discussions and nominations for officers of the succeeding sessions. A Junior Red Cross dinner will be held in the evening at 7 o'clock, where the nominees will be introduced. This dinner will be followed by a dance at the Mayflower Hotel.

On Tuesday morning, April 9, from 9:30 to 12 o'clock installation of officers will be held and speeches will be given on Red Cross work. Another session will be held in the afternoon.

Wednesday morning's session will be devoted to the discussion of the suggestions for new Red Cross projects. At 1 o'clock in the afternoon all the delegates will visit Mount Vernon in a group. On Wednesday evening at 8 o'clock a water pageant will be held at the pool in the Spillmore Hotel.

All delegates will attend the final plenary session at 10 a. m. on Thursday, April 11. The resolutions of the junior delegates will be presented at this meeting by the chairman of the resolutions committee.

Delegates from all over the United States and the Philippines will attend the Red Cross conference.

"Seven Chances," Directed By Miss Marjorie Suter, To Be Seen on New Stage.

Seventeen in Cast Of Annual Drama

Berneta McIntosh and Ellis Lochner Take Leading Roles in Light Comedy.

Berneta McIntosh and Ellis Lochner, two very talented members of the senior class, will play the two leading parts in "Seven Chances," which will be given in the South Side gym on Friday and Saturday evenings. Another heavy role will be portrayed by Robert Klopfenstein. Seventeen seniors make up the cast.

Berneta McIntosh takes the part of Anne Windsor, a very sensible girl whose business is interior decorating, and who is in love with Jimmy Schannen.

Ellis Lochner portrays Jimmy Shannon as a young bachelor whose grandfather has been trying to get him to enter into the bonds of matrimony since he is the last of the Schannons. Billy Meekin, which is played by Robert Klopfenstein, is a bachelor friend of Jimmy's and is always "fixing him up."

The part of the hen-pecked husband, Henry Garrison, is played by Bob Blomker. His society-conscious wife is portrayed by Ursula Morton, and Betty Eric will be seen as their daughter, Georgeanna, who is engaged to Joe Spence.

Aileen Branning will act the part of Lily Trenor. Lily is a delicate type of girl who "lives in another world" and dreams of the medieval knights and the flower of love. Her younger sister, Irene, is about sixteen years old and rather flippant.

The part of Peggy Wood is taken by Virginia Beck. Peggy is the type who doesn't believe in lovey-dovey sentimental rubbish.

The complete cast in the order of their appearance is as follows:

Earl Goddard.....Richard Schannen
Joe Spence.....Henry Miller
Ralph Denby.....Elgin Stump
Henry Garrison.....Bob Blomker
George.....James Roth
Billy Meekin.....Robert Klopfenstein
Jimmie Schannen.....Ellis Lochner
Mrs. Garrison.....Ursula Morton
Anne Windsor.....Berneta McIntosh
Ladies.....Gerry Henline,
Margaret Murphy
Irene Trenor.....Eleanor Cupp
Georgeanna Garrison.....Betty Eric
Lily Trevor.....Aileen Branning
Peggy Wood.....Virginia Beck
Florence Jones.....Jean Kranz
Betty Willoughby.....Clarabelle Chenoweth

Wo-Ho-Ma Girls Enjoy Supper-Theatre Party

The regular meeting of the Wo-Ho-Ma Club was held in Room 38 Thursday, March 22. Instead of a business meeting the girls sewed on the curtains for the Minstrel Show. A potluck supper was enjoyed by all, after which a theatre party was held at the Rialto Theatre.

The next meeting will be held Thursday, April 4, in the Greeley Room. Miss Lucy Mellen will give a talk on "Table Manner" as designated by Emily Post. The remainder of the program has not been completed.

Towels Kept Clean

The boys' cooking class of Santa Barbara High School, Santa Barbara, California, has the reputation for keeping tea towels cleaner than any of the girls' classes do.

Minstrel Show Added to Music Department's List of Big Hits

"The ole' Plantation" was again brought to life in the presentation of the Boys' Minstrel Show last March 21 and 22, by the Glee Clubs. The event was considered better than in previous years.

The entire show, with the exception of the music, was written by Jack Wainwright, musical instructor. Music was furnished by the Little Symphony, also under his direction.

Vocal numbers were furnished by Jack Beemer, who sang "Let Me Be Born Again," Wayne Brown, who offered "Ah'd Like to Die From Eatin' Possum Pie," "All Aboard for Cotton Town," sung by Bob Klopfenstein; "Waiting at the Gate for Katie," by Henry Miller; Frederick L. Beely; "The Cradle and the Music Box;" "Just a Twilight Love Song," Donald Bleeker; and Paul Randall, "Without a Song." He also featured a duet "Who Me?" with Jack Beemer. The outstanding song hit was "Speak To Me of Love," sung by Bobby Augspurger.

The olio, which supplied color to the show, was divided into four parts. Robert Wedertz, a graduate of South Side, presented his magic demonstration. Mr. Wedertz has established quite a reputation for himself in this profession.

The second part featured the famous "On the Good Ship Lollypop," in which Shirley Temple was costarred. This part was taken by Joan Bonish, with a chorus, consisting of Betty Wainwright, Martha Franz, Effie Roberts, Doris Gardner, Irene Ehlinger, Pauline Warner, Mary Louise Helms, Margaret Rehm, Connie Schultz, Mary Carlson, Clarabelle Chenoweth, and Mary Osborne, assisting her. Four girl pilots of the "Good Ship Lollypop" were Alberta Gallmeier, Catherine Likens, Nova Fiske, and Peggy Kilpatrick.

This was a clever scene, the chorus having obtained Lollypop heads. Later Joan made an entrance in an airplane pushed by the pilots. Miss Alice J. Patterson, director of the dances, brought in some very clever ideas.

The third scene was laid in a club room. Maxine Morton and Georgianna Jones were featured in a popular accordion duet, "Winter Wonderland." To the tune of the popular song "I Believe in Miracles," Fred Beely, Betty Wainwright, and Jane Kimble presented a fast and snappy tap trio.

Bob Klopfenstein demonstrated his great skill on roller skates, dancing Russian style to the familiar strains of the "Hungarian Dance." He returned with an encore to the tune of "Sidewalks of New York." Later the chorus, with the addition of Glenn Siebold, Frank Montgomery, Elgin Stump, and Dick Vogelsang, presented a dance to the school song of the three high school. This scene was made colorful by the entrance of the entire chorus.

In the concluding part a patriotic setting was arranged. Drummers Gay Jones and Jack Geiger called drum calls which were echoed by the quartet. Again the entire chorus entered to the tune of "Yankee Doodle," and, with the spirit of '76 entering, the curtain fell on another annual Minstrel show.

Some people are just whizzes at driving.

April Fool! Yeah, and eleven other kinds.

A lot of newspapers are just typographical errors.

Disarmament is no new thing—look at Venus de Milo!

Heigh ho! Life is just an electric transcription at times.

The trouble is that you can't get anywhere by walking on air.

You have to be an X-ray specialist to see through some things.

If you ask us, this independent Manchukuan kingdom is a lot of Pu-Yo.

Judging from Huey Long's bodyguard, we'd say he has quite a following.

We suppose saying something nasty with flowers would require poison ivy.

When driving on crowded streets remember you can't get by without shaving.

Hey Seniors! It may be early to remind you, but you should take The Times after graduation. Many do!

Was it a coincidence that Clean-Up Week begins on April 1? Maybe we'd better wait until the April Fool litter is all on the floor before we start work.

American Creed Day

April 3 is American Creed Day. Let us use it for an analysis of our principles of government. "A government of the people, by the people, and for the people, whose just powers are derived from the consent of the governed" offers race privileges to the individual but also gives heavy responsibilities. Our forefathers sacrificed their lives and fortunes for the establishment of this government upon the "principles of freedom, equality, justice, and humanity." They expressed their purposes in the Preamble to the Constitution saying "In order to form a more perfect union, etc." The Bill of Rights restates the liberties for which men struggled for ages. Liberty implies obligations. There are no rights without duties. It is difficult for us to place ourselves in a time when men knew only duties and little of rights. We are being trained in citizenship. We may well say citizenship in what? Citizenship for what? Only by a knowledge of the road traveled and the price paid can we value our blessings and dedicate ourselves to the preservation of Americanism. Let us therefore be proud to say "I believe it is my duty to my country to love it, to support its Constitution, to obey its laws, respect its flag, and defend it against all enemies."

The Great Are Unassuming

Fort Wayne was recently honored by a visit from Amelia Earhart, ace woman flier, and a fine speaker. It was a real treat for those who attended her lecture, and we believe those not in attendance missed something well worth their time and attention.

While we do not want to write an account of her talk, we would like to tell you that she is an example of womanhood to be proud of. She has shown a great deal of courage in making two solo flights, one across the Atlantic and one from Hawaii to California. There is no need to point out that that is a real example of courage. Indeed, few men would have dared it!

Besides being a great pilot, Miss Earhart is a likeable person with a very great personality. She is modest to the extreme and declares that she is not a really famous person. She has a keen sense of humor, and can keep her audience in laughter almost continually. She is a fine speaker, and her audience gives her good attention.

In fact, she compares favorably with any famous person, man, or woman. If it is said that the more famous people are, the more considerate they are to everyone, she is among the most famous.

What we would like to point out is that she is a person well worth copying. There are, alas,

too many people in the world who think if they sneeze, it will cause an earthquake. Again, may we point out that really great people are not snobs; that they are, in fact, even a little more human than most of us.

Seven Chances

How many times in our lives do we have a second chance to do something over again. Most people never have another chance; once it is finished, it is done for all time. However, some people are lucky and have two, three, or even more chances to do a certain thing.

For an amusing answer to this question see the annual senior play production entitled "Seven Chances." This play, which is the second production staged in the new auditorium, deals with a young man's seven proposals of marriage and what he did about each one. After witnessing a performance of this production, we would maybe know how it would feel if we had seven chances for one thing.

If Careless--Perhaps Carless

Have you ever had an accident? If you haven't, maybe it is because you have never had a chance or you were just careful. If you have, we wager that nearly every time it was due to carelessness or recklessness on your part or on the part of the other fellow. It is not that we expect everyone to have an accident. On the contrary, we are quite confident that if you are careful, you can proudly boast that you have never had a mishap.

Recently Indiana, following the example set by twenty-one other states, passed a safety-responsibility act, which is intended to promote safety by controlling or driving off the highways the minority of reckless and careless drivers. Probably you did not even hear of this law, more likely it does not mean anything to you. Laws upon laws could be compiled, but putting them all together, they all would mean carefulness and good judgment on your part.

Deceiving Yourself

George Harvey is reported to have asked John D. Rockefeller if he could say, in a few words, to what he attributed the success of Standard Oil. He was silent for a few moments, and then said, "We have never deceived ourselves."

Perhaps after you have seen the grade cards that you have received you will agree that it does not pay to deceive yourself. Letting things go until the last minute, trying to kid yourself into believing that you can get by with only the very smallest amount of work you can possibly do tend to make you actually believe that you are getting along fine—until a certain mark on your card shows that you have not done such a good job after all in trying to deceive yourself and the teacher.

There is a new leaf beginning today, clean and new, in your teacher's book. In the first space try and see if you can't have a mark to your credit instead of a mark designating a poorly-prepared lesson.

Freshman Fantasy

Tableau
He is alone. Slanting sheets of rain beat mercilessly upon him like huge waves battering a tiny ship. A street-lamp offers his only protection, throwing his grotesque shadow on the shimmering pavement.

Yet he is not alone. Humanity surges about him; now laughing, cursing, broodingly silent. He is now whirled away with the mass-like chips on an ocean stream. Like a wisp of a dream, he is swept along with the rest, unnoticed and forgotten. But sounds and sights fall unheeded on his dulled senses. Inwardly he is alone.

The street lamp tries valorously to pierce the prevailing gloom. Crowds throng the streets. The air is filled with raucous urban noises. But unnoticed are the fast-disappearing footprints on the sheltered side of that street-lamp.

It is night. A fine drizzle envelopes the river in a misty fog. The steady lap lap of water against a dock, the mournful wail of a foghorn, the foul stench of stagnation and disuse, the creak of some ancient ferryboat still plying between dismal shores, gives too well the evidence of the waterfront. As the mist lessens, a tiny pier stretches its decayed timbers over frigid water; timbers now rotten but harboring memories of stately ships and busy commerce. A tiny figure appears; a mere blot in the fading mist. His motion is shuffling and weary like one unwilling yet determined too, for his steps are sure and certain. They are careful also as though they feared to crush the age-old wood lest its cherished memories become lost forever. Approaching the pier's end, he pauses, then raises his hands.

Tiny ripples spread in ever-widening circles, scarce seen in the gloom; ripples doomed to circle the earth eternally; mute ripples journeying to distant lands, but leaving their tale untold.

Why do the fraternities demand these foolishnesses? He might have been drowned. At the least he might have contracted pneumonia.

The Tiny Times

Nettie's Niece

Dear Aunt Nettie:
Spring is here! Yes, I too, heard that Bob Bacon and Ken Dickey have been swimming down at Ye Old Gravel Pit, so spring must be here!...Just passed Arline Close in the hall and she was singing—she must think that she's in Fred Allen's studio—And I can't find the gong!...Do you know if Red Stone has a stiff neck, or why is it that he doesn't look right or left when walking down the hall? He snubbed me terribly!...Did I tell you that Madeline Kern has fallen for George Klotz? No bunk!...Here's a new one—If Rowena Bevington were standing on a dime she would remind me of Woolworths because it would be nothing over 10 cents....Have you heard about Joyce Spencer and Vincent Cook? What's it all about anyway?...Know Sonia Velkoff, the artist? She's going steady with Bob Faust and has been for about six months now. He sure is crazy about her....Jim Bair has a sign on his Studebaker that says "To South Car Barn Only." "Cow Barn" sounds nicer, but I better be careful or I may be walking from now on....Get a load of this! Barbara Arney has lost interest in Ray Racine because he combs his hair differently. Isn't that the limit?...Did you know me when I was twins? Mother has a picture of me when I was two....Betty Schaff and Marion Rippe aren't speaking to each other any more. Some fun....Helen Anderson and Maxine Borchert rented a room while at Huntington and took a nap between sessions! Bet Mother wishes I were that sensible!...Betty Shedron is pretty worried because Don Cohagen is "torching" for LaVon Cooks....Another green-eyed third party is Margaret Gorseh. She is all hot and bothered because of Mary Ellen Larimore and Carl Goebel....The Sea Scouts gave a swell dance recently. Have you heard about it?...Mr. Snider won a potato masher at the Philo banquet. Leave it to him to bring home the bacon—or the potato-masher....Norman Budde has great fun helping Frieda Schubert in the cafeteria. Pretty soon he'll be displaying "dish-water" hands....Ralph Dearing's hair is going to be pinned back with hair pins from now on....Who is the boy in school that has a mouth so big he can whisper in his own ear?...Here's some dope. I saw Jeannette Harlan and Glenn Giespie together at Huntington. You know he's on Roanoke's team...."Candid Camera" is good, but not half as good as this column is....What makes Geneva Shearer think that Jim Ellenwood might be as nice as some of the Concordia Cadets?...I am sure the members of the senior play will slay, I mean play, their parts well... Julia Crabb looks like a junior edition of Barbara Crawl. She graduated about two years ago....Apparently "Whistler's Father" is the Forgotten Man. Whoever heard of him, anyway?...Three girls who went to Sea Scouts are Marjorie Glass, Ann Brothers, and Jane Brothers....Miss Suter was certainly great as "The First Mrs. Fraser"....I saw a great number of my classmates there.

Your niece,

NINA.

Wordy Well Knowns

Blue eyes.
Tells interesting stories.
Makes good her promises.
In accident recently.
Seen driving a Plymouth.
Goes with a yell leader.
Eye specialist, father's profession.
Your friend.
Trots around with Vesey.
Enjoys public speaking.
Has dirt column.
Has a paper route.
Curly hair.
Takes art.
Gray sweater.
On Times staff.
Smart brother.
Tall.
Unusual.

Second Table

"Prohibition Wins in Alabama"—headline. New song suggestion, "Bars Fell on Alabama."

Virginia (Little Toar) Busse acquired the habit of coming home with the milkman—her heart works at the Pleasant Hill Dairy.

Thoughts: There once was a time when Herb Hormann and Laverne Boyce did not go around together. Something in the neighborhood of a year and a half....South Side once boasted the grand total of thirteen English teachers. There are eleven now, count 'em....Two cute freshmen are Jackie Kennedy and Eddie Reeves....Things that put us to sleep: Quillen's definitions of Americanism, (sad, but true); people who autograph Tercentenary posters in the halls; boys in red sweaters who retrieve balls from the gym floor during the fifth period....Remember when Louie Hoffman and Al Collins led us in yells at pep sessions....Fun listening to the tourney in the Times' room. Radio covered with a huge black umbrella.

But an elevator strike would be a grand thing to put everybody on the same level.

Music-room romances: Wib Arnold and Wanda Jones, George Glenn and Dorothy Mertz, Marg Dancer and Dick Hickman. But just try pinning something permanent on Betty Wainwright!

Headline, "Clean-up Campaign Will Begin April 1." It may be April Fool but what would happen if they tried it on dirt columns?

Looks like young Jack Edward Wiseman also does his part in looking after Platt. Might be the Hudson, on second thought.

Many are those who object to being addressed as "my pet." Among the rebels are Lorraine Meyer, Jeannette Braun, and Eliza Besse Lucas.

Mademoiselle Modiste

—By Rosemary Chappell—

Ah! 'Tis spring, that longed-for season of the year. Anyway, the calendars say so, and the weather stands as proof. And from the apparel of the girls we find another proof of the fact. Lovely lacy blouses and fluffy organdy collars are stylish. Helen Callison wears a spring-ish collar of fleecy white organdy. It is fashioned with a bib. The neck is round and has a small collar. The bib is round and is in the front. A border of little embroidered white flowers is around the edge.

Lillian Warren has a fluffy peach-colored organdy blouse. It is of a still, thin fabric. The sleeves are puffy. A V-neckline adds charm. It is edged in a wide, embroidered collar. The belt ties in the back.

Next is Marjorie Rohrer who wears a rose-colored wool dress. It is a skirt and blouse outfit. The blouse is straight-lined. It has a square collar. The edges of the collar are embroidered in white balls. It also has a wide belt. The skirt is also straight-lined. It has pockets on each side which are embroidered in white balls.

Barbara Ulan picks a dainty blouse of pink crepe. In the front are pin

tucks. The sleeves are puffed. A short-waist style collar is used. Two rows of small, round, white buttons are down the front. On the sleeves are some black buttons too.

Julia Crabb also has a crepe blouse. Hers is egg-shell. It is shirred around the neckline and blouses in peasant-blouse style. Around the neck is a tie which fastens on the side. The sleeves are shirred and puffed. A tight band is around the waist.

With a smart black and white checked wool skirt Betty English wears a breezy sweater of light-weight green wool. It has a round neckline and a square yoke. The yoke is in a tight weave. The rest of the sweater is woven in a basket weave. The sleeves are three-quarter length and puff slightly below the elbow. The neckline is round. A wide band is around the waist.

One of the stylish robin-egg blue sweaters is the choice of Dorothea Nance. Her sweater has short sleeves. A novel trend of style is shown in the neckline. It has a yoke which is woven similar to the band around the sleeves. The band around the waist is wide and ribbed.

Daffy Ditties

B. Storm sits in history
And looks up at the sky.
He knows all the answers
To him it's as easy as pie.

Little drops of water,
Little grains of sand,
Made the whole world muddy
And spoiled V. Gross' plan.

One night I forgot
Cliff Sefton's name.
He thought I was nuts,
That fact was plain.

Dolly Scheele wants to know
Who her admirer was:
But I don't think I'll tell
On account of just be cuz.

Eating at the drug store
Is lots and lots of fun;
But if you're trying to reduce,
This place you'd better shun.

Drug stores have stuff to kill bugs,
Special soap for dirty mugs;
Fluids that will clean your rugs,
Everything is there but drugs.

Candid Camera

Jottings: Gwen Horn reading French movie magazines....Remember how Betty Kann used to pop her gum at Miss Chapin....Helen Anderson's sailor suit....Miss Magley's toy duck....That satisfied look on Bender's face....Poor tracks stars tramping through mud and rain....When Mr. Whelan came to school unadorned by a tie....Norman Buck looking into space....Bob Hoffman and George Kempf playing with a cricket in French I....Dick Helm's communistic red gym pants....Albert Kelso's black eye....Ed Leitz' baby doll....Bob Harff's frowled hair....Charles Hart busily talking

Archer Trackmen Will Compete in Five Meets This Year

May 18 Is Set For State Finals At Indianapolis

Sectional Comes One Week Earlier; Date for City Title Match Not Set.

N. E. I. Conference Battle on May 1

Invitation Affair for Saturday Is Being Worked On by Manager Ora Davis

Announcement has been made of the schedule for the South Side track and field season by Mr. Ora Davis, athletic director. The schedule at present consists of five meets with two open dates. The exact date of the city meet has not been set as yet. The open dates will be filled in the near future.

Mr. Davis is now lining up an invitation to the city meet on either April 6 or 13. The participants will represent schools from towns in the immediate vicinity of Fort Wayne. Among the squads that have been sent invitations are Warsaw, Goschen, Elkhart, Elmhurst, Marion, Decatur, Bluffton, Kendallville, Albion, and Huntington.

On April 20, the Green tracksters will journey to the LaPorte invitation meet. The Green hope to have hit their stride by this time as there are several promising prospects who should show plenty of improvement in the next few weeks. On the following Saturday the Archers will meet plenty of opposition when they engage in a meet at Kokomo.

The annual N. E. I. C. meet will be held on May 1. The Archers have always placed well up in the standing in this meet and hope to repeat their past performances.

On May 11 the Archers will compete in the Sectional tournament. The Green are the defending champions by virtue of their excellent showing in this meet last year in which they upset the dope by capturing seven firsts out of the thirteen events.

On May 18 the Archers will compete in the State meet with the relay teams expecting to capture several points as they always have in previous meets.

Although no definite date has been set for the city meet, all of the squads will undoubtedly be pointed for it. The Redskin outfit seems to lead the pack at the present time if one is to judge from past performances.

Lettermen Hold Feast; Mr. Robert Nulf Speaks

With tables goading under the weight of 15 pies, ice cream, fruit, salads, cakes, sandwiches, meat loaves, and so many more things that they can't be remembered, the South Side Lettermen's Club held a potluck Monday, March 18, that will be long remembered.

Besides the twenty members present the meeting was attended by Mr. Flint, Mr. Gilbert, Mr. Davis, Mr. Welborn, and Mr. Windmiller of South Side. Mr. Robert Nulf of North Side was the principal speaker. He spoke on "Athletic Sweaters and Their Meaning."

Gordon Straley was toastmaster and introduced Mr. Winchell, who told of the fine way the lettermen treated him. Mr. Welborn told the club what is expected of them.

To See French Talkies The students of the Evanston Township High School, Evanston, Illinois, are going to have the pleasure of two French-filmed talkies.

Pace Makers

The first heavyweight boxing championship fight ever staged in the United States was held between two of the greatest boxers that ever lived, James J. Corbett and John L. Sullivan, in 1892. James J. Corbett won the battle with one of the most sensational knockout punches ever seen in the history of boxing.

The first left-handed catcher to play in the Big Leagues was Allison, backstop for the Cincinnati Reds, in 1863.

One of the first and biggest automobile races ever to be held on the globe was run off in France in June, 1894. The distance of the race was seventy-five miles, from Paris to Rouen. The drivers of the racing automobiles drove at the terrific speed of fifteen miles per hour. In fact, one driver was said to have driven the distance in four hours and forty-one minutes flat.

The shortest baseball game ever played since the major leagues were formed was on September 28, 1919. The game was played between two American League teams, New York and Philadelphia, in fifty-one minutes. The score was New York Yankees, 6; Philadelphia Athletics, 1.

Babe Ruth holds the world's record for drawing the largest crowd in sports. He attracted 106,437 enthusiastic baseball followers of Japan when he arrived at the Nipponese seaport last fall.

The Yale football team of 1888 scored a total of 800 points against their opponents' 0. The record still stands.

King Wyatt In Exhibit at W&D

Golden Gloves Champion To Give Appearance at Wolf & Dessauer's Friday at 4:15.

Of interest to all boxing fans of South Side is the announcement that King Wyatt, who has become the fighting idol of Fort Wayne fans, will make a public appearance at the Wolf & Dessauer department store on Friday afternoon of this week at 4:15 o'clock.

King recently won the national Golden Gloves championship in his weight class at the Chicago meet after besting all comers from this vicinity. King has knocked at the doors of fame of the boxing world several times only to meet setbacks.

In his appearance at Wolf & Dessauer's, King will appear in his regular fighting togs in a ring set up on the second floor and will shadow box and do some sparring. He will also demonstrate bag-punching and footwork. This exhibition is being made through the co-operation of the officials of the department store in their effort to develop an interest in boxing among the youth of this city. Bob Reed, sports editor of the Journal-Gazette will be in charge of the exhibition.

North Side Riflers Win County Title

Redskins Outshoot South Side, Elmhurst, Central, Arcola for Second Year in Annual Meet.

Shooting a score of 977, North Side's rifle team captured the Allen County rifle meet, held March 24, for the second consecutive year. The Redskins finished seven points ahead of their nearest rival, Arcola, with 963. Elmhurst, Central, and South Side, the other three contestants, finished in the order named with scores of 953, 950, and 949.

North Side will receive the J. W. Dickens award for the second consecutive year. The northerners now have two legs on the trophy and need only another county title to gain permanent possession of the trophy.

Fay Psches, Central sharpshooter, gained the individual honors of the match by shooting a 199 out of a possible 200. She shot a perfect score the first round and a 99 on the second trip to the firing line. Grogg and Heine of North Side and Rauner of Elmhurst were also high scorers, each scoring 197 points out of a possible 200.

Robert Schrieffer led the South Side marksmen with a 194 score. Vincent Cook with a 191 was also high for the Archers.

The eighth annual county rifle match was held at the National Guard range in the Armory and was under the sponsorship of the Fort Wayne Rifle and Revolver Club. M. S. Cook, principal of Arcola High School was the chairman of the match.

The scores of the match are as follows:

North Side	
E. Dunn	99 97-196
B. Grogg	98 99-197
L. Heine	99 98-197
T. Neptune	97 98-195
E. Nicolet	98 94-192
Total	977

Arcola	
Elmer Shear	99 96-195
Glenn Snyder	93 94-187
Gail Bahr	99 99-198
Lavern Wagner	97 94-191
Dorothea Gerding	97 97-194
Total	963

Elmhurst	
R. Clem	95 99-194
B. Hargrave	97 94-191
F. Rauner	98 99-197
C. Kelley	97 96-193
M. Robertson	85 93-178
Totals	953

Central	
E. Bobilya	95 94-189
F. Hedeon	94 95-189
I. Magnuson	93 99-192
F. Psches	100 99-199
R. Scott	96 95-191
Total	950

South Side	
R. Schrieffer	97 97-194
J. Coffee	92 96-188
U. Cook	97 94-191
R. Hall	94 93-187
W. Hebermehl	93 96-189
Total	949

Sportlights

Each year at the close of the basketball season, coaches throughout the country direct their energy toward improving the net sport by revising the rule-book. One of the plans with the largest backing is that which would eliminate the center jump.

It is a trifle beyond our conception just why this phase of the game, or any other, needs to be changed. Players and fans alike are satisfied with the sport as it now is. However, a few coaches seem determined that their plans be accepted.

Chief among the arguments against the center jump is that it places too much emphasis on height. However, elimination of this phase of the game, according to authorities, would destroy only one-tenth of the tall man's advantage. Ninety percent of the advantage of height comes elsewhere on the floor. Basketball is a tall man's sport; it always will be.

Another argument is that too much fouling occurs at the center jump. The advocates of this plan overlook the fact that there is fully as much fouling at jumps on held-ball decisions.

The proposed alternative for the center jump would give the ball to the team last scored upon, out of bounds under their opponents' basket. This is a definite step toward alley-basketball. Why not go the whole way and declare the winner to be the first team to score a given number of points?

Under the proposed system the game would be slowed down considerably. After each basket the squad with the ball would rely upon a set type of offensive. Probably fifty percent of the fast breaks of the game today would be eliminated.

There is still another angle to consider, that of the player. The proposed rule would prevent the brilliant rallies so characteristic of basketball, and would encourage stalling, a definite step backward to counteract the ten-second rule. A rallying team would automatically lose the ball to their opponents after each of their baskets. This would present the leading team with another opportunity to stall away the remaining time.

As an illustration, under the proposed out-of-bounds system Anderson probably would not be Indiana state champ today. With a half-minute to play in their semi-final game, Shelbyville led by three points. However, Anderson made a free throw and a field goal to tie the score and then went on to win in the overtime period. Had the turnover been played under the advocated system, Shelbyville would automatically have taken the ball after Anderson's free throw and could easily have stalled away the remaining time to win.

Name Intramural Wrestling Champs

Kings Crowned in Nine Weight Divisions; Blume and Funderberg Share Lightweight Title.

The recent wrestling tournament was a huge success with forty-one boys participating in the nine weight divisions. The outstanding event occurred in the lightweight finals when Blume and Funderberg wrestled to a ten-minute draw. Both boys put up a good fight but neither could obtain a fall or an advantage over his opponent.

Nussbaum was crowned the midweight king after he had defeated Kammeier in the first round and gained a fall over Cassidy in the finals in three minutes and ten seconds.

Only two entries were made in the flyweight division. Smoak gained a fall over Broderick in thirteen seconds to be named the champion.

Fiske had the advantage over Griffin after one minute and thirteen seconds of wrestling and thus gained the bantamweight title for the ensuing year.

In the featherweight round, Pequinot defeated Quakenbush in five minutes and thirty-two seconds by an advantage. He previously had won over Feichter. Quakenbush defeated Baer to advance to the finals.

Blume and Funderberg will share the lightweight title as they battled to a ten-minute draw. Both boys were exceptionally good wrestlers and put up a good fight in an effort to gain the victory.

Barney won the welterweight title for the second time when he defeated Morris by a fall in four minutes, twenty-seven seconds. In order to get into the finals, he had to defeat Faulkner and Squires.

After a tough battle, Eschoff finally obtained a fall over Kruse in five minutes, fifty-five seconds. Both came within a shade of getting a fall several times but neither succeeded. This fight was for the middleweight crown. By a decision, Craig defeated Scott for the light heavy crown in two minutes, three seconds.

Rhodes was crowned king of the heavyweight when he held the advantage over Ostermeyer, last year's champ, in one minute, thirty-seven seconds.

G.A.A. Girls Turn Out For Annual Attack on Baseball

"Watch out for the baseball." "Strike one, strike two, a hit. Hurrah a homerun." These and many more exclamations are about to be heard at the first practice of the season for the girls. Miss Patterson says that there will be an organization meeting next week sometime. All girls wishing to play baseball should sign up this week sometime.

So far eight seniors, twenty-six juniors, thirty-six sophomores, and twenty-five freshmen have signed up. The eight seniors are Alice Mae Seibold, Eleanor Cupp, Audrey Fels, Hazel Kuttler, Florence McKeon, LaVon Price, Vera Fremion, and Barbara Uran. Many outstanding players are expected this semester, due to the fact that many of the outstanding basketball players have already signed up. Miss Smith, instructor of the underclassmen, especially urges freshmen to sign up and report for practice.

Archer Alumni Quintet Wins, Loses at Tourney

The alumni of South Side, Central, and North Side, tangled recently in their annual net meet, at the Central gym. A fairly good-sized crowd turned out to watch the "old men" play and they were treated to some good basketball.

North Side came out with the top honors, defeating both South Side and Central. Central proved to be the goat, dropping both of their contests, while South Side was splitting even.

South Side came from behind in the first tilt to administer Central's initial trouncing of the evening. The Archers, led by Snider, came out from behind in the last quarter to triumph by a safe margin.

Central then tackled the Redskins of North Side and the Tigers, evidently in name only, were once more sent to the cleaners, North Side leading all the way.

The final tilt of the evening saw North Side take the measure of South Side to the tune of 25 to 10. The Archers were completely outplayed in every department and the outcome was never in doubt.

Legion Team's Spring Baseball To Start Soon

C. McGary To Lead Squad; Four Veterans To Return; Rules for Players Given.

Spring training for the Fort Wayne American Legion junior baseball team will soon get under way for the 1935 diamond season. Plans are being formulated by Legion officials for the organization of the Fort Wayne nine which will be sponsored by local business men.

As South Side High School does not include baseball on its athletic schedule, many boys turn to the Legion nine for participation in the national pastime. To be eligible to try out for the team a boy must be a student of South Side and he must not be seventeen years old before July 31.

C. J. McGary, manager of last year's state final team will again direct the Legion nine through this season. Manager McGary announced that intensive practice for the squad will probably get under way next Monday. All boys interested in trying out for the team should report at Weisser Park after school or get in touch with C. J. McGary.

With only four players left from last year's squad to build a team around, Manager McGary will be greatly handicapped in whipping his 1935 team into shape. The veterans who will be back this year are Earl Rarick, Bob Woehr, Dick Woehr, and Carl Hall. Rarick and Hall are pitchers of whom much is expected and the Woehr brothers are infielders.

Fort Wayne's American Legion team broke all precedents last year by winning its way to the state finals of the Legion tournament before losing to the strong Lafayette nine.

Clean-Up Week Word Contest Being Staged

Home Rooms Which Pick Most Correct Words To Be Awarded Plants Monday.

In connection with the Annual Clean-Up Week, March 30 to April 5, a contest is being held to interest the members of South Side in beautifying our city, under the direction of Miss Emma Kiefer, English teacher and faculty adviser for the publicity of Clean-Up Week, and a committee composed of Harriet Yapp and Marjorie Cartwright.

In keeping with the theme of the contest, blooming plants will be given to the leading home room in the junior-senior and freshman-sophomore divisions. The award will be made Monday morning during the home room period.

Each morning during Clean-Up Week a bulletin containing a poem in connection with some phase of cleaning up is distributed in each home room. Two words ending in "ation" express the thought conveyed in these poems. After the members of the home room have decided on the two words that they think best express the thought, the words are sent to the contest headquarters to be recorded. Each morning the results of the contest on the preceding morning are announced.

American University Offers 54 Scholarships

American University in Washington, D. C., offers five full four-year scholarships for men, and fifty half-tuition for men and women.

The college, which is fully accredited in the College of Liberal Arts, has a class "A" rating. The work is so arranged to meet the special requirements of the individual student. Special emphasis is made on co-ordinating the work of all departments of the college with the unusual educational opportunities of the nation's capital.

One of the outstanding features is the eighty-acre campus in one of the finest sections of the city. It is located near downtown Washington, the Library of Congress, Smithsonian Institute, and all other important public buildings. The laboratory equipment is new and up-to-date. For anyone wishing to participate in extra-curricular activities, the opportunities are excellent.

Making Curtain for New Stage Is Tough Job

Building a stage in the gymnasium called for many kinds of work. The stage construction, lighting, and painting of scenery were some of the major construction problems. While making the curtain may not be classed as a construction, it is, nevertheless, a very important piece of work.

The Singer Sewing Machine Company helped in the making by donating the use of one of their electric machines. About 1,000 yards of material were used in its making. Although many girls in Miss Pearl Rehner's classes helped in the making, three girls did outstanding work. They are Claire Jeffreys, Mildred Sipe, and Frances Sipe. Mrs. Chronister also did very much toward its making. The Wo-Ho-Ma Club donated one of its meetings for working on the curtain. All of these were under the direction of Miss Pearl Rehner. The job was completed in one week.

Cast of Senior Play Works Hard, But Enjoys Good Times

Several prominent members of the senior class gave up their spring vacation and practiced morning, afternoon, and evening to perfect the masterpiece that will enthrall the audience next Friday and Saturday evenings, April 5 and 6.

But the cast, taking into consideration the old adage, "All work and no play makes Jack a dull boy," deciding to take time off, held a potluck last Saturday evening at Allen Branning's home to climax a week of hard work. After those present had consumed a great amount of food, the girls had a dress parade, wearing the formal they will wear in the play to get the effect of the color combinations.

A succession of card tricks followed, in which Jim Roth starred, displaying his sleight of hand to the admiring members of the cast. Ellis Lochner scored a great success with his dexterity in playing the piano. Berneta McIntosh added to hilarity of the company with her famous "ostrich walk." The evening ended the cast in performing a series of exercises for slenderizing the figure.

Even when not disporting themselves at potlucks, however, it seems these lucky seniors have their full share of fun. Bob Klopfenstein leads in playing mischievous pranks to the amusement or annoyance of the others, as the case may be. It seems the members of the cast delight in playing cards between scenes, much to the annoyance of Miss Suter. The cast had great trouble with the first act, which was repeated fifteen times at a recent rehearsal. Every time they came to the place where Bob Blomker crawls under a table, a repetition was necessary, a fact which caused much laughter. Another funny incident occurred when Henry Miller and Betty Erick did a dance on the stage and had trouble keeping off each other's feet.

Critic rehearsal was held Tuesday evening before a few members of the faculty and prominent persons of the city. This evening dress rehearsal will be held, and tomorrow the cast will be excused from school to prepare for the evening.

The cast has planned one final good time in the form of a party at Dick Shannen's home after the final performance Saturday evening.

Senior Hi-Yers To Be Guests of Redskin Club

Invited to attend the North Side Redskin Club, the South Side Senior Hi-Y Club will be entertained by movies. It has not been announced what the pictures will be, but it is expected to be very interesting.

A large attendance is expected, as the members have had a two-weeks vacation. Dick Russell, program chairman, has the program lined up for the following meeting.

Plans for the Mother-Son Banquet in May will be announced and discussed at a short business meeting.

Column Names Fads

A column in the Shortridge Daily Echo of Indianapolis gives the names of the week's best-dressed man of the high school. Some of their fads are wool ties and steel soled shoes.

School Regulations Have Been Posted

Two important school regulations have been posted recently by Mr. Snider. The first has to do with any kind of meeting held in the school building. All of these must be scheduled in advance. All club meetings are so scheduled and only those which need any particular notices are those in the evening.

These meetings must be arranged for individually, in order that the custodial force will know what to do. Meetings to be scheduled for Saturdays must be planned ahead also, for such meetings that are held without advanced planning often disrupt plans of the school. No Sunday meetings may be arranged without special permission. In other words "no meetings are to be arranged until plans are checked by Mr. Snider."

The second regulation has to do with the appearance of groups of students before outside organizations. Pupils who have such an engagement during school hours must get Mr. Snider's permission first.

Times' Scribe Sends Copy at Charleston and Washington

"Neither rain, nor snow, nor dark of night shall stay these couriers from swift completion of their appointed rounds." Although the motto of the postal service, this saying also goes, after a fashion, for our erstwhile scribe who, remembering his duty to The Times, spent a total of eleven copper pieces that his articles might be in on time.

The scribe is none other than Jim Sweet, winner of a national prize for his journalistic ability and the eleven cents expended went for stamps to secure transportation for his articles through the mails from Charleston, South Carolina, and Washington, D. C. An airmail letter from the far South, and a regular letter from Washington constituted the material sent. Think of it, my friends, this individual has sacrificed his fortune, has done without two ice cream cones and a dum dum, that The Times, his most beloved interest, might not miss the humor and pathos of his artistic, journalistic creations. An orchid to Mr. Sweet!

Negro Boy Is Mascot

A small negro boy, who is a freshman at San Bernardino High School, San Bernardino, California, has been chosen mascot of the senior class.

Class Room News

In Miss Paxton's period 1, trigonometry class, Lloyd Grodrian was the only one to make a perfect score.

The following pupils of Miss Paxton's geometry 1 classes made 95 or above in a test given recently: Goldie Wobser, Will Scott, Jack Rehner, Bob Hosier, Robert Fowler, Max Allen, Elcandr Crosby, Eugene Fletcher, Andrew Kreidt, Robert Lee, and James Roth.

Lorraine Meyers, Lewis Squires, and Charles Thorne made 98 or above in a recent geometry II test given by Miss Paxton.

Miss Paxton recently gave a test to her algebra II classes. The highest grades were received by William Ham-brook, Robert Bunner, Dehmar By-road, Robert Kranfield, and Kenneth Miller.

In Mr. Rother's home room, Dwight Frost, Robert Glusenkamp, and Ellen Fuelber gave readings.

In Miss Edith Crowe's health class, Richard Bridges, Claudine Wells, Richard Keyser, and Phyllis Bauer made 100 on a test.

Virginia Hatch, a pupil of Miss Peck's English 2 class, period 1, made the highest grade in English for the first ten weeks.

In Miss Peck's English 1 class, Lillian Wiedfeldt made eleven A's in sixteen quizzes.

In observance of clean-up week, April 1 to 5, many pupils of Miss Ley made posters.

Rotary Contest Has Three Local Entries

The Port Wayne Rotary Club is sponsoring a city-wide public speaking contest for high school students, the finals of which will be held on Monday, April 22, before the club. The subjects of the speeches, which will be eight minutes in length, is "World Peace." The contestants will then be allowed a three-minute rebuttal. The South Side contest will be held next Monday, April 8, and South Side's representative for the city contest will be chosen from the three contestants, Van Perrine, Manuel Rothberg, and Frank Montgomery.

Mrs. Willis Tells Philo About Capital

Former Washington Resident Presents Talk About Nation's First City at Club Meeting.

Mrs. Willis, a former resident of Washington, D. C., gave a very interesting talk about "The Human Side of Washington" at the Philanthropic meeting last Monday evening. One of the more amusing remarks about the life in Washington was about the cigars which President Coolidge gave to his Cabinet members. It is a standing custom that the President present the Cabinet members with very fine cigars whenever they hold a meeting. As Mr. Coolidge always liked five-cent cigars, he offered them to the Cabinet members with this argument: If five-cent cigars were good enough for the President of the United States, they were good enough for the Cabinet members. Consequently, all the Cabinet members brought their own cigars.

Quite unique was this April Fool's Day program, of which Gwendolyn Horn was the temporary chairman, as Margaret Murphy was not able to be present. The program started with the adjournment of the meeting and thus continued backwards.

Joseph Brewer Visits South Side Recently

Mr. Joseph Brewer, president of Olivet College, visited South Side last Tuesday. Mr. Brewer attended Oxford College at Oxford, England, and was a publisher in New York City. Mr. Brewer was accompanied by Mrs. Hal Storr, the mother of Richard Storr, who was valedictorian of the 1933 graduating class. Mrs. Storr is now house mother at Olivet College. Mr. Brewer and Mrs. Storr visited the chemistry and botany laboratories, the cafeteria, the gymnasium, and various other interesting things in the building.

Junior-Math Meeting To Be Held April 9

Nora Mae Bradberry will give a talk to the Junior-Math Club at their next meeting which will be on Tuesday, April 9, in the Voorhees Room. She will talk about a mathematician. There will also be games and refreshments. Nora Mae Bradberry is in charge of this meeting. Those assisting her are Grace Collins and Edward Wallace.

Amelia Earhart Enthralls Large Audience at Shrine

Enchanting her audience with her pleasing personality and cheerful informality, Amelia Earhart, courageous first lady of the air, spoke at the Shrine Auditorium, Wednesday evening, March 20.

Speaking in a pleasing extemporaneous manner, she told of her experiences in her recent non-stop flight from Honolulu, Hawaii to Oakland, California, for the most part in a joking mood displaying her most keen sense of humor.

Pole-vaulting onto the stage (in the absence of steps) was hard work, but I was amply repaid by the short talk I had with her following her lecture. Those first impressions of this lovely lady were confirmed in this few minutes I had with her, talking about the thing in which she is most interested, aviation.

I had heard about the "high school student's part in aviation," but I had never been convinced that there was any real part for him nor had I been convinced that such a part would be practical. I had not thought of the model airplane clubs which help to forward aviation through the education of the students. As she so aptly put it, "If one knows how a plane is built, and how it flies, he will not fear it."

Miss Earhart suggested that we "mark" Fort Wayne, or paint the name of the city on the roof of some building in the city. Already some of the students of the art department in South Side High School have taken her suggestion and are planning to rejuvenate the sign now on one of the roofs.

Another suggestion for high school boys and girls and one which should appeal is, as Amelia Earhart said, "To get your parents up." To which question I immediately asked the ever-present, ever-puzzling, "How?" Ever the considerate and helpful

Commerce Is Next Subject Of Job Talks

Business Work To Be Studied Next Week; Two Profession Talks To Be Today

Journalism, Law To Be Discussed

Abe Schaefer, Paul Jasper To Speak To Students in Cafeteria This Afternoon.

Abe Schaefer of the Journal-Gazette will talk on Journalism, and Paul Jasper will discuss Law at the Vocational Guidance meeting to be held at 3:05 today in the cafeteria. Seniors who wish to attend these meetings will be excused from their classes.

Commercial work will be studied next week. On Tuesday Ira D. Rohrer, general manager of the John Wilding Paper Company, will discuss the work of salesmen, sales managers, and will tell about commercial printing; and A. C. McCoy, secretary of the Taxpayers Research Association, will discuss the work of bookkeepers, accountants, auditors, stenographers, and file clerks. Thursday's meeting will feature J. Wesley Dye, advertising manager of Wolf & Dessauer's, who will discuss the positions of store owner, store manager, and advertising manager, and Ed Scheuman, receiver for the Citizens Trust Company, who will talk on bankers and corporation executives.

H. E. Fairweather is in charge of arrangements for the study of commercial work.

Willis Richardson, of Central, and the Rev. E. W. Weber will be the speakers at Tuesday's meeting. Mr. Richardson, in his talk on teaching, discussed teaching as a profession. He told of how the profession was predominated by women, with the result that wages were lower than they would otherwise be. He also touched on the restrictions placed on teachers and on the women's cat which is the most sought after shade. Numerous attempts have been made to produce rubies chemically. The annual output from Paris is five million carats.

The program chairman for this week was Gertrude McIntire. Her committee included Elfrida Enz, Marjorie Dancer, and Geneva Shearer. The precious stone which was studied this week was the ruby. The first speaker who was introduced was Elfrida Enz. She said that the clear, deep red, the most valuable, but the pigeon blood ruby is the most sought after shade. Numerous attempts have been made to produce rubies chemically. The annual output from Paris is five million carats.

Annual Exhibition Has Two Phases

Class Work To Be Shown in Gym; History of American Education Will Be Portrayed.

The annual school exhibit will be held Friday evening, May 24. The exhibition will be carried out in two phases. The work which is being done in the classes will be exhibited in some booths and in the rooms around the gymnasium. In some booths the pupils will demonstrate the work as it is done in the classes.

The second phase will be arranged by showing episodes in the history of American education. These will contain some humor and show the growth of the curriculum in the schools.

The committee in charge is Miss Van Gorder, Miss Kiefer, Miss Dochtermann, Miss Magley, Miss Oppelt, and Miss Rehner. Mr. Briner is in charge of directing the student assistants. Mr. Bex will be in charge of building the booths, shelves, and other physical equipment. Mr. Wilson and Mr. Sidell are in charge of publicity and Mr. Murch and Mr. Hull have charge of the setting.

"Carmen" To Be Given By Opera Company

Port Wayne is to hear grand opera at last when the Dan Carlo opera company will present "Carmen" on Wednesday, May 6, at the Shrine auditorium. This production is to be presented as the 25th anniversary performance, but only for one night as other engagements follow so closely that no more time can be given to Port Wayne.

The opera "Carmen" concerns the escapades of a young Spanish singer, who after her trials and tribulations, finally falls in love with a young officer of the Royal army. From then on the opera concerns her trials and tribulations over the affair. One of the more beautiful musical arrangements is the "Song of the Toriadores." The prices range from 75 cents to \$1.55, including tax.

Talk on Mathematician, Music at Junior-Math

Nora Mae Bradbury gave an interesting talk on Descartes, a great mathematician, at the regular meeting of the Junior Math Club, April 9. The club was entertained by a piano solo by Marjorie Mitten, after which games were played. The committee for the next meeting is comprised of Elvera Koop, chairman; Morris Boyce, and Helen Cox. All members are urged to attend the next meeting since the members are to vote for an Inter-Club Congress representative.

Erma Dochtermann Crowned as Queen

Miss Erma Dochtermann, art instructor at South Side High School, was honored recently by being chosen queen of the Mariam White Shrine. The ceremony took place in a beautiful program at which time Miss Dochtermann appeared in a lovely robe and crown.

Service Trophies Awarded Each semester at the Roosevelt High School, Minneapolis, Minnesota, the girl and boy rendering the most outstanding service, according to the faculty committee, are awarded service trophies.

Wins Contest

—Courtesy News-Sentinel
Van Perrine

Van Perrine, winner of the extemp contest this year, won the Rotary speech contest with the subject of "World Peace." He will represent South Side in the city meet.

Travellers Discuss Ruby At Meeting

Elfrida Enz, Marjorie Dancer, Geneva Shearer Give Talks On Famous Gem, Life in India

Travel Club held its regular meeting last Wednesday afternoon in the Greeley Room. During the business meeting the plan for raising money by collecting tooth paste tubes, shaving cream tubes, and old magazines was discussed. The committees in charge of entertaining the Clear Creek High School seniors after the Senior Play Friday night were recognized. The expenses of the Clear Creek seniors were paid by the juniors of that school. The juniors gave a play and the women cat what is left. The Hindu religion, which predominates in India, has caused the people to be divided into castes. A boy must follow the profession which his father is engaged in.

The program chairman for this week was Gertrude McIntire. Her committee included Elfrida Enz, Marjorie Dancer, and Geneva Shearer. The precious stone which was studied this week was the ruby. The first speaker who was introduced was Elfrida Enz. She said that the clear, deep red, the most valuable, but the pigeon blood ruby is the most sought after shade. Numerous attempts have been made to produce rubies chemically. The annual output from Paris is five million carats.

Following this Geneva Shearer gave a general view of India. It is about two-thirds of the size of the United States. India is composed of mountains, plateaus, valleys, and a great plain. The three seasons are the hot, cool, and rainy. The population of India is about three hundred million. This is composed of many races and colors. The most numerous of these are the Hindus. There are about one hundred eighty-five languages spoken. The people have a very simple diet and rarely eat meat. They eat with their fingers and men are served first and the women eat what is left. The Hindu religion, which predominates in India, has caused the people to be divided into castes. A boy must follow the profession which his father is engaged in.

Archers Are Speakers For Humane Week

Several members of South Side's public speaking department, in connection with the celebration of Be Kind To Animals Week, have demonstrated their ability to talk at several civic club meetings and, in one instance, on a radio program.

Beginning with the first day of the observance, Clarice Rudy talked on the subject of "Be Kind To Our Animal Friends" on radio station WQOW Monday evening at 8:25 p. m. Margaret Murphy talked at the regular meeting of the Exchange Club on Tuesday at 12:15. Betty Wainwright also talked on Tuesday. Her assignment was the meeting of Kiwanis Club at the Hotel Pauline.

Pauline Crabb will talk this afternoon at the meeting of the Woman's Club at the club building at 3:15. All these speakers have been coached by Miss Dorothy Benner, public speaking instructor here.

Miss Suter Is Life of Party After Senior Play---They Say

"How'm I doin'? Hey! Hey!" would have been a rather appropriate theme song for those who attended the Senior Play party after the Saturday night performance. It was the Schannen's

(you know, the judge) who had to put up with the laughing, singing (the poorest brand of it), whistling, clogging, and anything else included in the term, noise.

And can Miss Suter do the "Wiggle"? Well, she learns fast! But it was Bob Klopfenstein and Henry Miller who kept "cutting up" on each other for the unusual honor of dancing with La Belle Marjorie. Although Bob is the smaller, he's the "top," and so fascinating was this "act" that everybody stopped (with their mouths open) to watch.

Oh, what did that good-looking, charming Elsie Lochner (with the adorable smile) do at the party? Well, for one thing, she danced with her leading lady. Then he played bridge—and it wouldn't seem natural if "Beany" McIntosh wasn't his partner. Then when he played the piano, he was surrounded by a chorus singing "Sweet Ad-oh-line."

While speaking of Beany, it might be said she had a tough "battle" with that old "cut up," Klopfenstein. They

Perrine Wins Rotary World Peace Contest

To Represent South Side in City Contest; Won Out Over Two Participants.

Shannen Is Entry In District Meet

Will Speak Against Six County Winners; C. Dammon, K. J. Perkins, Judges

Much activity is going on in the public speaking department at the present time, under the direction of Miss Dorothy Benner.

Van Perrine, winner of the Extemp Contest last fall, won the South Side division of the Rotary Club city-wide public speaking contest in the Greeley Room, fourth period, Monday.

The contestants spoke on the subject of "World Peace," and the speeches were eight minutes in length. The contestants were also allowed a three-minute rebuttal. The Greeley Room was well-filled with spectators, most of whom were South Side students. The other two participants in the contest were Manuel Rothberg and Frank Montgomery. Mr. Null, Mr. McClure, and Paul Jasper, a local attorney, acted as judges for the contest.

The final contest will be held on April 22 before the Rotary Club. The topic will be the same, "World Peace," and the speeches will be eight minutes long with a three minute rebuttal. Winners of contests held in the other city schools will participate in the contest.

The county division of the State Discussion Contest was recently won by Richard Schannen, a South Side prominent in public speaking. Bob Klopfenstein, previous winner of the Extemp Contest, took third place.

The district contest of the State Discussion Contest will be held on Thursday, April 11, at 8 o'clock in the study hall. There will be three judges, two of whom are Mr. Clarence Dammon, of Purdue University, and Mr. K. J. Perkins, director of public speaking at Portland High School. Following is a list of the contestants, schools and counties entered from, and the public speaking teachers acting as coaches, in the order given.

Richard Schannen—South Side, Allen, Dorothy Benner.
Charlotte Lochner—Auburn, DeKalb, F. W. Weathers.
Earl Brenn—Huntington, Huntington, Beatrice Patterson.
Carl Wert—Angola, Steuben, Russell Hardy.
Helen Davies—Metz, Steuben Knight Kissinger.
Paul Byers—South Whitley, Whitley, Mary Darly.
James Hamm—Columbia City, Whitley, Wilfred Wilson.

Honor Debaters Will Be Selected

Eliminations Will Be Held Soon To Determine Members of the Teams to Clash on April 22.

Plans are now being formulated for conducting an elimination contest to decide the personnel of the Wrangler's Honor Debate team. Membership on this team is one of the highest honors a debater can attain at South Side. Four members will be chosen, two for the affirmative squad and two to compose the negative squad. Miss Dorothy Benner, faculty adviser of Wranglers, will judge the elimination contest.

Contestants will meet in Room 178 Wednesday evening to decide the subjects for the debate and the order of speaking. The debate between the two teams will be held April 22 in the Greeley Room; and William Hockett, president of Wranglers, will be in charge of the affair.

The members of the Honor Debate team will be presented with Honor Debate Medals at the annual Wranglers banquet later this spring.

Experiment Causes Party

The physics classes at LaPorte High School, LaPorte, Indiana, conducted an informal experiment, the object being to see how salt lowers the melting point of ice; of course, it was only natural to put the experiment to some use, so they made ice cream.

Those who submit articles for the auction are asked to keep in mind the instructions to catalogue each stamp carefully before placing it on the sheet; to remember that most stamps sell for about half catalogue value if they are in good condition; to take off for missing perforations, creases, heavy cancellations, tears, and thin spots; to mount the stamps with good hinges, peelable ones preferred; to place catalogue value and net value, or price you think is right under each stamp; to limit the number of stamps to 25 per sheet; to place catalogue number above each stamp; to give the total catalogue value of the sheet, and the least you will take for the total sheet at the bottom of the sheet; and to have their sheets in Room 64 not later than Friday, April 12, with their name on them.

Each sheet will be auctioned separately. The Stamp Club will not be responsible for any error made in the auctioning, so care should be taken to write clearly and plainly—printing is best. Those who submit articles for the auction must secure the money at a date after the day of the auction; the club will receive a 10 percent commission on all stamps whether they are sold or not. Every article will go after three bids have been made on it to the highest bidder, whoever he may be. If an article is going at less than the owner feels he can let it go, he may bid on his article, but it will not be exempt from the 10 percent commission of the club.

The committee in charge of this meeting is composed of John Bex, Eugene Holtman, Fisher Rehner, Allen Tremper, John Thackery, Hollis Logue, and Dalton McAllister. John Bex is the chairman.

The members of the club will be asked to reply in answer to the roll call with the name of a famous personage found on a stamp. There will be another issue of the South Side Stamp Script distributed at this meeting. This issue contains a very interesting article supplied by one of South Side's teachers, Miss Covalt.

P.T. A. Election Meet To Be Held April 16

260 Clippings, 180 Books, 98 Pictures Leave Library Daily

A person seldom realizes the number of books that go in and out of the library in one day. During the month of March there was an average of 180 books taken out a day. This makes a total of 5,580 books taken out in a month. In addition to the great number of books taken out there is also a demand for pictures and clippings. On an average 98 pictures are taken out in one day. As for clippings, they average about 260 a day. Taking the books, clippings, and pictures together, there is an average of 16,647 pieces of material taken out of the library in one month.

The majority of books taken out are overnight books. Twenty-eight percent of all books taken out are fiction. Most of these books are the books on the home reading list.

The library also has many overdue books to deal with. The average for overdue books is 30 a day. Fine notices are sent out once a week and there is an average of 70 of these sent out a week.

At the end of March there were 5,875 books, 1,333 pamphlets, and 7,202 pictures in the high school library.

Social Science Has Scheduled Big Pow-wow

Important Meeting on Friday To Feature Speaker And Club Reorganization.

One of the biggest and the most important meetings of the Social Science Club will be held in the Greeley Room at 7:00 o'clock Friday evening. Election of officers for the remainder of this year and for next semester will be held. Nominations will be taken from the floor.

The high light of the program will be the talk by Clyde Reed, a prominent lawyer and president of the school board. Music will be furnished by Helen Flaig on her harp.

Plans for the rest of the semester will be made. There will be a spring picnic and the famous Social Science tour. The outgoing officers are Bryce Minier, president, and Aletha Hatfield. All juniors and seniors are eligible to join. New membership will be accepted. The advisers are Mr. Wilburn Wilson and Mr. Herman Makey.

Philatelists Make Plans for Auction

John Bex Will Be Auctioneer; Instructions Given For Preparing Stamps for Sale.

An auction of stamps will be held by the Philatelic Society in the Voor Room, Wednesday, April 17. Everyone interested in stamps is invited. The stamp clubs of the other high schools will be there. John Bex will be the auctioneer.

Those who submit articles for the auction are asked to keep in mind the instructions to catalogue each stamp carefully before placing it on the sheet; to remember that most stamps sell for about half catalogue value if they are in good condition; to take off for missing perforations, creases, heavy cancellations, tears, and thin spots; to mount the stamps with good hinges, peelable ones preferred; to place catalogue value and net value, or price you think is right under each stamp; to limit the number of stamps to 25 per sheet; to place catalogue number above each stamp; to give the total catalogue value of the sheet, and the least you will take for the total sheet at the bottom of the sheet; and to have their sheets in Room 64 not later than Friday, April 12, with their name on them.

Each sheet will be auctioned separately. The Stamp Club will not be responsible for any error made in the auctioning, so care should be taken to write clearly and plainly—printing is best. Those who submit articles for the auction must secure the money at a date after the day of the auction; the club will receive a 10 percent commission on all stamps whether they are sold or not. Every article will go after three bids have been made on it to the highest bidder, whoever he may be. If an article is going at less than the owner feels he can let it go, he may bid on his article, but it will not be exempt from the 10 percent commission of the club.

The committee in charge of this meeting is composed of John Bex, Eugene Holtman, Fisher Rehner, Allen Tremper, John Thackery, Hollis Logue, and Dalton McAllister. John Bex is the chairman.

The members of the club will be asked to reply in answer to the roll call with the name of a famous personage found on a stamp. There will be another issue of the South Side Stamp Script distributed at this meeting. This issue contains a very interesting article supplied by one of South Side's teachers, Miss Covalt.

P.T. A. Election Meet To Be Held April 16

The P.T. A. meeting which was to have been held on Wednesday, April 10, has been postponed. It will be held in the school cafeteria on Tuesday, April 16, instead. Mrs. Davis Vesey, president of the Parent-Teacher Association, announced that the meeting was for the purpose of electing officers for the coming term. The programs and nominees have not as yet been announced. All parents are invited to attend this meeting as it is one of great importance.

Art Club Hop Arrangements Are Completed

April 20 Is Date for Annual Spring Dance; Easter Sport Parade Is Name.

Mrs. J. W. Moring Speaker At Meeting

"The Value of Art To a Community" Explained by Prominent Civic Worker.

Unique plans have been made for the Art Club dance, one of the major events of the school year which will be held in the Greeley Room on April 20, from 8:30 to 11:30 o'clock. Unusual dances, such as "The Palette Dance" and "The Dance of the Hours" have always been given by the Art Club, and this dance, "The Easter Sport Parade," will be no exception. Tickets are being sold by all Art Club members for forty-eight cents a couple and twenty-four cents stag.

Decorations Unusual Distinctive arrangements for both decorations and orchestra have been made. Interesting spring colors and symbols will be carried out in a color scheme of pastel shades, thereby creating a most pleasing and harmonious effect. The ceiling will be transformed into a perfect scene of soft pastel shades illuminated here and there by tasteful lights. The dome effect will begin at the molding, and below this will be a panel-border of spring symbols among which are many and varied combinations of flowers. The corners of the room will contain other interesting signs of spring. The orchestra will be placed on a grassy platform surrounded by a small picket fence.

In charge of the dance are: Decorations, Clayton Kipatrack, Betty English, Alice Hulse, Ralph Jones, Kate Connell, Virginia Ahern, Wayne Decker, Ann Winters, Betty Wolf, Eleanor Rohrer, Jim Clapper, and Rex Knorr; orchestra, Alice Hulse and Virginia Vesey; tickets, Shirley Sykes and Wilma Bleke.

Officers in Charge The officers of the club and the adviser, Miss Mary Helen Ley, are in general charge of the dance. The officers are: President, Berneta McIntosh; vice-president, Jean Kranz; secretary, Betty Dickmeyer; and treasurer, Robert Wieke.

Plans for "The Easter Sport Parade" were announced at the regular meeting of the Art Club on Wednesday, April 10. Mrs. John W. Moring, prominent civic worker, was the speaker. The subject of Mrs. Moring's talk was "The Value of Art To a Community."

Art Is Essential "No life can be quite complete, however worthy, useful, and successful it may be, which does not include a responsiveness to the call of beauty and art, and which has not known the thrill that comes from these things," Mrs. Moring said. She declared that art has always existed in the world and the love and understanding of it play a large part in the life of the individual and community. Mrs. Moring also said that more people appreciate and demand artistic things now than formerly. To carry this point, Mrs. Moring told of a man who supported a home in Long Island by his drawings at a time when art was not considered a profession. Now drawings of dress patterns, houses, shoes, silver, and china are in demand, and the artist is held in high regard.

Hi-Y, Redskins' Guests, Enjoy Motion Pictures

Movies of the "Hell Drivers" and "The Making of Plymouth Automobiles" which were shown by the Redskins Club of North Side, were attended by the members of the South Side Senior Hi-Y. These movies were very interesting and have received much favorable comment from those who saw them. There were about eight different films shown.

"Merchandising," is the subject of an educational talk that will be given at a time when art was not considered a profession. Now drawings of dress patterns, houses, shoes, silver, and china are in demand, and the artist is held in high regard.

Several boys and girls of the South High School, Cleveland, Ohio, will substitute for any teachers who are absent in the mathematics department.

Skit Presented at Assembly Observing Clean-up Week

By an unusual skit, "A day in the life of the Brown family," the clean-up committee endeavored to induce the student body to put to practical use suggestions in connection with the National Clean-Up Week observed here last week. The play was presented Thursday in the gymnasium. Clayton Kilpatrick, Martha Baumgartner, and Dorothy Crabb were in charge of the program and directed the play. The Student Players' Club also co-operated with the Clean-Up Week committee in helping to present the play.

The cast included Anna Baumgartner as Mrs. Brown; John Bex, Mr. Brown; Vincent Cook, interior decorator; Jerry Zehr, son of Mr. Brown; Sally Roa, daughter of Mr. Brown; Eleanor Warren, a neighbor lady; Frederick Prange, landscaper; artist; Jean Creighton, saleslady from dress shop; Clifford Schrom, the Fuller Brush Man; and Virginia Vesey, flower lady.

The play showed a typical day in the life of any American family. However, on this day the family took many decided steps toward beautifying their home and surroundings.

During the day Mrs. Brown and her daughter bought dresses from a saleslady, bought flowers from a flower girl, the men's clothes were sent to the dry cleaners, paint and wall paper was ordered from an interior decorator, and the neighbor contributed bulbs for the flower garden.

Cliff Schrom, as a typical Fuller Brush man, furnished humor for the playlet. After being ousted several times from the house, he finally succeeded in selling Mrs. Brown a box of powder to clean her silverware.

Music for the skit by the South Side orchestra was under the direction of Mr. Jack Wainwright.

Sings Today

—Courtesy News-Sentinel
Rev. Richard Trojan

Rev. Richard Trojan, well known localist will sing at the assembly today a number of beautiful selections with band accompaniment.

Beautiful Churches Theme of So-Si-Y

Miss Hazel Miller Gives Talk On Cathedrals of the World; Betty Wainwright Plays Harp

Carrying out the theme of the regular meeting of So-Si-Y, "Finding God in the Beautiful in Architecture," Miss Hazel Miller spoke on beautiful churches of the world on Tuesday, April 9. Miss Miller illustrated her talk with a set of slides which featured the pictures of cathedrals, temples, and other religious buildings of the old world. Betty Madaris was chairman for the meeting, and Ruth Adler, operated the slide machine.

Emily Gardner read as the devotional part of the meeting the poem "Cathedral of the Hills." Evelyn Clauser, Norma Clauser, Gloria Bauer, and Mildred Rudig, also members of the committee, gave their impressions of features in different churches which especially appealed to them.

Betty Wainwright played "Arabesque," by Debussy, and "Impromptu Caprice" on her harp.

During the business meeting, Arletta Carvin, Verna Holtman, and Betty Rison were appointed chairmen of committees to aid with the community project of the season, coloring Easter eggs. Other community projects, scrapbooks and oilcloth aprons, were also suggested. Announcement was made of the Mother-Daughter tea, the Girl Reserve Banquet, and the opening season at Camp Yarnelle.

Gloria Bauer, Betty Rison, and Evelyn Erla, along with the cabinet, were chosen to act as a nominating committee.

South Siders Enter Music Competition

Archers Qualify for Annual Contest of Section; Judges Are From Indiana University.

Again this year some of South Side's "musically talented" pupils qualified for the annual music contest of this section held last Saturday at the Y. M. C. A. Judges were Miss Winifred Merrill, Professor Ernest Hoffermer, and Professor John L. Geiger were from the music department at Indiana University. South Side students who entered were: piano, Kathleen Witmer, Kathryn Cook, Reginald Gerig, and Beulah Sailer. Violin: Mary Jo Allen, and Bob Wiehe, cello: Betty Lickert. A lot of work was given to this task by the participants and to those who did not place, better luck next year.

U. S. A. Make Plans For Easter Project

U. S. A. Club will hold a meeting today in the Greeley Room. A devotion will be read pertaining to Easter. There will also be a number of games played. Further plans will be made as to the Easter project.

The committee in charge of this meeting is Phyllis Roller, chairman; Barbara Raymond, Margaret Bunner, and Irene Niemeyer.

Sophomore Party Planned Plans are now in progress concerning the annual Sophomore Party. The class is headed by Jerry Zehr, president, with Miss Pauline Van Gorder and Mr. Verne Flint the advisers. The party is to be a Gingham Party, and will be held in the gymnasium on May 10.

Plans are now in progress concerning the annual Sophomore Party. The class is headed by Jerry Zehr, president, with Miss Pauline Van Gorder and Mr. Verne Flint the advisers. The party is to be a Gingham Party, and will be held in the gymnasium on May 10.

Put the old "skids" on for the Meterite Skating Party on next Friday evening! What price skating? 25 cents.

Rev. R. Trojan To Sing Today To Band Music

Winners of Sectional Music Contest To Demonstrate Ability Before Students.

Profits To Benefit Glee Clubs, Band

Several John Philip Sousa Numbers To Be Featured By Instrumental Body.

Thursday morning another program will be presented by the music department under the direction of Jack W. Wainwright.

The main outside feature will be Rev. Richard Trojan, who has established quite a name for himself in his vocal career. His voice has been highly praised by music critics and it will be enjoyable to hear him.

He will sing with band accompaniment "Ours Fleeting Hour," "Drink To Me Only With Thine Eyes," "Mother Macabree," and "When Irish Eyes Are Smiling."

Entrants in the sectional music contest held last Saturday at the Y. M. C. A. will offer their selections played in the contest. Kathleen Witmer, pianist, a winner in the contest, will play her winning number.

First Movement, Concerto No. 7, by P. Rode will be played by Bob Wieke, violinist. He will be accompanied by Mrs. Gaston Bailhe, pianist.

The combined boys' and girls' choruses will offer "Operatic Masterpieces" by V. F. Safranek, with band accompaniment. Later on the program the band will offer "Spiritual Rivers" by George Gault, and "Black Horse Troop," by the immortal John Philip Sousa.

The usual price, five cents, will be charged. The proceeds, as usual, will be used in some way to benefit the music department. Tickets may be bought from home room teachers at five cents.

Intramural Group To Hold Potluck

Lettermen's Club Will Have Monthly Party Thursday in Gym; To Play Net Game.

Plans for their monthly athletic party-potluck were discussed by the members of the Intramural Lettermen's Club at their meeting on Monday. It was decided to hold the affair in the gymnasium on Thursday from three thirty until seven o'clock. During the amusement part of the meeting, basketball will be played. After the games, the lettermen will adjourn to Mr. Briner's office for a potluck supper.

John Dutterer, president of the club, will preside over the meeting. Melvin Blume and Charles Baumgartner will serve as the food committee. Members of the club present at the Monday meeting were John Dutterer, Charles Baumgartner, John Allen, Melvin Blume, John Bremer, Gaylord Stalter, Norman Buck, and Robert Fowler.

Mrs. Davisson To Talk About French Artists

Mrs. Homer G. Davisson, wife of the well-known Fort Wayne artist, will appear in costume at the French Club meeting this afternoon at 3:30 in the Voor Room. She will speak on French art, especially emphasizing the work of Corat, Millet, Rosa Bonheur, and Raden.

As Mrs. Davisson will no doubt give an interesting talk, this meeting has been set aside as a guest meeting and all members are invited to bring a guest. Anyone else interested in joining the club or hearing Mrs. Davisson are invited to come.

After the program, honorary French Club pins will be awarded to those people who have attained the highest number of points this year. Eleanor Cupp will present them.

Kind-To-Animal Week, Arbor Day Observed

This year many of the home rooms are endeavoring to make more of Arbor Day than in the past. Since Arbor Day is not as well-known a holiday as it should be, the home room officers in co-operation with the teachers are giving programs to acquaint the pupils with the origin and purpose of this holiday.

Programs also are being given concerning the local Be-Kind-To-Animal Week. The city as a whole has given considerable attention to this movement, bringing forth its importance. Therefore, the home rooms also have done their part in furthering this drive. Tercentenary material also has been stressed as usual in the home rooms, making this a busy week for the home room chairmen and program committees.

Herman Makey Names Society Banquet Date

Mr. Herman Makey, chairman of the National Honor Society committee, announced that forty-one seniors have been elected to the society thus far with a possible chance of a few more being selected this week. If there is a banquet, it will probably be on May 16.

The date of Tag Day is tentatively set for the first week of May. The committee in charge of the selections is Mr. Makey, Miss Gertrude Oppelt, Miss Mabel Tamm, Mr. E. H. Murch, and Mr. Herbert Voorhees, with the assistance of Mr. R. Nelson Snider and Miss Martha Pittenger.

Forgotten phrase: Noble experiment.

You never notice the rainbow until after the rain.

Favorite line of the weather man: "Watch my dust."

Smile: As full of advertisements as the Congressional Record.

When the President goes fishing, the big fish are always around.

If there were no pessimists, then who could distinguish the optimists?

Of course, if anyone didn't need ballyhoosers they wouldn't employ them.

If grass were growing in the street, every bit of it would be needed to hold down the dust.

Foreign princes' theme song: "I Found a Million Dollar Baby in the Five-and-Ten-Cent Store."

The trouble with the cigars most politicians get elected on is that they explode unexpectedly later.

Some people haven't a mean enough word for radical speakers, and then sit up until midnight to hear them.

Our school is the largest one-story school in the country—so large that they had to continue part of it upstairs.

Some newspapers are always alarmed about freedom of speech. And when an English communist lecturer speaks, they start a movement to suppress it.

The Last Quarter

We have successfully passed the three-quarter mark and are now entering into the fourth and last quarter of the present school year. Having fully recuperated from last semester's work, we are able to tackle the work before us with a new supply of pep, vim and vigor.

The time has come when we must look into the future and decide whether we will successfully pass through this term. The old saying "Little seeds grow big trees," can well be applied here, for work at the beginning and steady work all through the term will reap a big harvest at the end. With this thought in mind we go forward to meet the new semester.

The Unglorified

There are always some people who do important work in the presentation of a production that do not receive recognition. They are the ones who are the very greatly needed but who do not get into the limelight because of their inconspicuous help.

The carpenters, the curtain-makers, the prompters, the stage hands, all these workers have their own parts. Without them the production would not run so smoothly and efficiently as it would otherwise. A production could not be presented without a stage, curtains, furniture and other things that they provide.

The credit for a successful play always goes to the actors to whom it probably belongs. But their acting is made more successful by the help of the unglorified workers. When we see a successful production, we should remember that the back stage workers are partly responsible for its success.

Appreciate Our Trees

Tomorrow is Arbor Day. Started in 1872 in the state of Nebraska, it was later made an event of national observance. It has resulted in the planting of many beautiful trees throughout the country. It is nice to find such an expression of the beauty in the lives of people surrounded by factories, busy streets and large stretches of land without trees.

Fort Wayne is fortunate in having so many tree-lined streets, so many parks, so many beautiful lawns, and so few ugly places. We don't have to travel into the country to see these things. They are right here amidst us. We see them every way we turn. They have become a

thing taken for granted, unfortunately.

We do not expect throngs of people to swarm out tomorrow with spades and a grim determination to plant trees. It is a noble sentiment, we admit, and we would like to see more of it. But it should at least remind us of our good fortune and help give us an appreciation of beauty.

Now You Walk

Speaking of the depression, which has not quite gotten around the next corner, would you believe that there is good to be found in it? Of course, we grant that there is a lot of bad; but, if you stop to think about it, things that seem harmful sometimes contain benefits.

Take, for example, this case. You are ready to go to town (this is in good times). You can't decide whether to take the street car or drive down. The scene changes to depression: you are going to town. You don't have to choose between driving and using the street car, fourteen cents are fourteen cents. You walk. Walking is one of the best exercises you can take. That is one of the good things.

One writer in describing the cycles says that "while business is depressed, we are depressed. We are cautious, thrifty, industrious. When everything has been going well for a few years, we start to act foolish. We withdraw our savings and decide to go after some easy money in the form of stocks or real estate. Then we become slightly indifferent toward our regular work."

Animals

Writers of popular fiction often use for the heroes of their plots, an animal. Even though we call these heroes dumb animals, in life it has happened many times that when human life is in danger, an animal will bravely rescue the unfortunate one. Many dogs during the World War were trained to go out on the battlefield and bring supplies and water to wounded men, carry messages, and rescue the fallen.

Before automobiles, bicycles, and machinery, the horse was considered a very important item to humanity. If the farm was to be cultivated, the horse had to be used. If a journey had to be taken, one traveled horseback or stage coach. In fact, a great deal was done by these faithful animals. Only we cannot realize this so much in this century where machinery has taken the place of all this. We do have some pets, though, perhaps a dog, maybe a cat, or even white mice. Although we don't use our horses for transportation or our dog to herd sheep, we still keep them for the pleasure we can obtain from them.

This week is animal week. If you have a pet (we hope you do) be kind to it this week. Of course, you always are, but be extra kind. And then we hope you won't stop at the end of the week but continue to be kind always. You will be more than repaid for the devotion which an animal can give you.

Freshman Fantasy

The Mystery of the Missing Report Card
Is your name Drummond Bullard? Have you the sleuthing instinct? If so, study the following data and send your solution of the mystery to the editor:

- Report card transported home Tuesday, April 2, and,
- Loweringly viewed by family. (Note—Comments numerous and pungent.)
- Father and mother both testify card was on dining room table at 10:06 p. m.
- Following noises heard during night:
 - prolonged feline yowling
 - faucet dripping
 - car back-firing in distance
 - fire truck still farther in distance.
- Maid "tidied" living room at 6:30 a. m.—no recollection of card.
- To school at 7:47—forgot card.
- Following excuses proffered:
 - Wore other pants
 - Amnesia
 - Amnesia
 - Wore other pants.
 Promised to bring card next day.
- Accused maid of throwing card out while tidying—suggested no more tidying till summer vacation. (Note—maid replied disrespectfully.)
- Entire house in uproar over search.
- Returned crestfallenly to school—more excuses:
 - Wore other pants
 - Amnesia.
- Wednesday, 5 p. m., raised floor boards; 5:45, dug up cellar; 6:30, demolished piano; 7, ploughed yard; 8, ripped fender off car; 9:30, roof collapsed; 10, frenzied household starts shooting.
- Thursday morning—calmer but card still missing. Resignedly contemplate eighth period.
- Friday, Saturday, Sunday, etc.—card still missing. Now, my friends, you have the details. Can you find the card? (Note—I can't.) Send your ideas to the editor. If you are right, we will send you a genuine second-hand Yale lock for your report card. (Note—Be sure to enclose the blanket from a Borick's Twenty-Milk-Team Malted Mule.)

The Tiny Times

Wordy Well Knowns

Enjoys public speaking.
Very cute.
Mite size.
Sweet.
On basketball squad.
Robin's egg blue sweater.
A junior.
Evidently interested in "Terry."
Letter girl.
Chuch" his nickname.
A shorty.
Student player.
Rather bold.
Has lots of girl friends.
Enjoys tea dances.
Aids in decorating for school affairs.
Times worker.
Round, brown eyes.
Likes to act.
Has an eye for business.

Southern Slush

Mary Ellen Woods and Bob Cowan have disappointed us. We thought they would go together years upon years. Tch! Tch!

A modern murderer is supposed to be innocent until proved insane.

"Hoity" Hall had his first date last week. Reports have it that all they did was to hold hands and look at each other. Oh! Gush, gush.

If the dance marathoners want a patron saint, there's St. Vitus.

Despite all efforts of certain people to break up the Fritz-Kimball duet, it still is going strong. We never knew what love could do.

The three creatures skinned to provide the essentials of college training are the coon, the sheep, and dad.

South Side's society can be seen hanging around our photographer, Paul Reynolds. It's Totem time, ye know.

All work and no play makes jack and lots of it.

Helen Gray writes Ronny Diehl mash notes in Latin class, and we thought Gray was Bob Moody's one and only. Joke, huh?

"I love the waiter," Says Mary Hayes, "Because he has such Fetching ways."

When Lindbergh sends his shirts to the laundry they steal them for souvenirs. Of course, we're not so popular; they only take parts of ours.

Nettie's Niece

Dear Aunt Nettie, or Hi Toots:

The prize boner for this week was pulled by Robert Blomker when he got the measles two days before the senior play was presented. Fred Beel stepped into the breach, however, and made everything OK. Wasn't he cute as Ursula's husband?... Bill Korte has won over Dick Orr for Peg Kilpatrick. Apparently ladies also prefer blonds.... Orchids to Alice Mae Seibold for rating a date with Blair Hattersley. I wonder how she did it?... Have you seen Bob Cowan's new car? (At least it's new to him).... Some of the more interesting sights are: Bonnie Craig's and Vera Crise's pictures in the window of a nearby beauty shoppe, advertising their permanent waves.... W. L. Decker making his mud pies at the green-house.... Eddie Reeves and Eleanor Vesey at the Minstrel Show.... Our fair "leading lady" has already been dated for the Junior Prom and Senior Dance by that "master of men?" Jim Kennedy. He certainly believes in getting his car in early.... Funny, but Martin Ankenbruck just asked me if Gwen Horn is a freshman. I wonder where he's been for the last few years.... Isn't it neat the way Durbin flits out of the library when Miss Shoup isn't looking? Naughty, naughty.... Helen Goeringer has decided that maybe Roy prefers blonds (P. S., she's a brunette)... Paul Sutterlin fooled his mother recently when he cut the sleeves off of his long underwear after he had arrived at school. Some joke, eh?... Phyllis only says High to Jack McGraw, but that satisfies him.... There is still a question in my mind as to who the girl is that Fred Ostermeyer took to see "Roberta." She is a regular "cutie"... Isn't John "Bankhead" Bex a keen actor? As the father of Jerry Zehr and Sally Rea, he was somethin'.... Is Ray Ballweg ever the lucky guy? He recently flew to Indianapolis and back in Captain Cornish's new cabin plane with his father.... Risher Hall is half off but still no bargain. I wonder where he ever got the idea that he is "God's gift to the ladies"; but he can't fool all the people all the time.... Apparently Bob Campbell doesn't know that the girl's locker room is "No Man's Land." At any rate he was found there.... Did you know that Don Sparkman has got Mary K. Connel's number and now he is following Mary Louise Helm's? I have heard that Paul Benge and Arnold Gardner go for Charlotte Kern in a big way. Putt, Putt.... Willa Dean Lorts wears black, not white, since Dick left school.... Kathryn Limecooly and Russell Long are among the couples seen about school together. Do you know them?... I guess that Marion McAttee is certainly "two-timing" poor Phil Bowser. Since his accident she hasn't spent a lonely moment, contrary to all bets placed.

I guess that by this time I've covered everything but the water-front, 50000000.

Tweet, tweet,

Nina.

Mademoiselle Modiste

By Rosemary Chappell

In ancient days the Romans wore sandals, and even now the young lady follows their example. But at this particular time of the year oxford seem to rank among the favored few for footwear. Vernal Meyers have chosen for spring a pair of white doekin oxfords. They follow the regular lxford style with few exceptions. Around the top of each shoe is a strip of leather. This extends to the heel in back. The tongues fit up on the front of the foot and have zig-zagging edges.

A smart pair of two-toned oxfords please Betty Meigs. They are fashioned of brown suede and white leather. The whole toe is of brown suede. A wide strip of the white leather extends from the sides across the front of the shoe. The heel is of brown suede trimmed with a thin strip of the white.

June Rupert has also taken a pair of two-toned oxfords. Hers are of brown and white leather. The toe is white and the rest of the front is of brown leather. The white heels have a vertical strip of brown leather down the middle. These shoes are especially attractive when worn with a sport skirt and sweater or blouse.

Oxfords of white leather, trimmed in dark brown leather are worn by

300 Years of Progress

1935

S. S. H. S.

The academy was a school sometimes for boys, sometimes for girls (often called seminary) and sometimes co-educational. Often, but not always, it was a boarding school and drew its students from a wide territory.

The specific contributions to school improvement made by the academy may be listed as (1) the more democratic service because of its enriched curriculum over the Latin grammar school, (2) opportunities of secondary education for girls, (3) a place for the training of teachers for the lower schools, and (4) a secondary education less dominated by sectarian influences.—L. V. Koos, "Secondary Education."

The academy exists today as an important institution for (1) experimental secondary education, (2) for education of boys and girls not suited to the program of the public high school, and (3) for those who want an exclusive type of training.—L. V. Koos, "Secondary Education."

Westminster Seminary in Fort Wayne, a Presbyterian academy for girls, was founded by the Westminster Association. The school lived sixteen years. It was located on West Main Street, the last house east of the bridge at Westminster Place.

Some of the names connected with its founding are: John Bass, A. E. Hoffman, William Mossman, and Peter Smyser.

Mrs. D. E. Wells of the Clay School here and Miss Carrie Sharp, principal of the Jefferson school, became its associate principals. Miss Anna Philley, now a private teacher of public speaking in Fort Wayne, was one of its early teachers.

During its more prosperous years there were about 150 girls enrolled. From 8:30 in the morning until

Candid Camera

He's one of the town's worst practical jokers. He takes every opportunity to do funny things, and succeeds—sometimes. He can be seen every day somewhere with an admirer, public and seems to never run down. And he's not one person. There are several of him.

Jottings: George Anna Martin's family of dogs—Wayne Bart joining the army—Philos all eating lollypops—Bob Hoffman's white (?) shoes—Lois Magley in the corner—Art Keller's quint—Ursula Morton practicing a monologue—Bill Hockett and Charles Baumgartner shooting basketball baskets with chalk—Mr. Heine walking down the hall—Dick Dochterman munching cafeteria hamburgers—Dick Schannan's expression during a speech—Cliff Schrom's smile—Helen Kelley's voice—Hugh Scott in a pensive mood—Tom Conway at the telephone—The doorknob on Bud Mahurin's car—Smiling countenance of Herb Kramer.

Tempting thoughts: Snap those suspenders—Take off those squeaky shoes—Talk like Joe Penner to Mr. Voorhees—Make faces in the group picture—Draw a black eye on Greta Garbo's picture—Throw paper wads into the bass horn—Krunch the ice in the iced drink—and laugh at our teachers' pet jokes.

Clayton Kilpatrick leading yells—Bob Klopfenstein without a joke—Sue Meyer not in the Totem office—Dean Brahm giving a communistic speech—Vera Effinger cooking hash—John Bex refusing to get ads—Don Sinish singing "Asleep in the Deep"—Bill Korte without freckles—Louise Closs without Millie Hoff—Grace Nelson singing a torch song—Bob Nelson on a kiddy car—Dorothea Nance giving some one a dirty look—Eugene Jackson with his hair ruffled—Sonia Velkoff without her lessons—Ernie Trapp going home empty-handed—Our Colleagues not watching everyone!

Joe College Gets the Dope

By Gerald Farries, '34

Situated on the banks of the Wabash in Tippecanoe County, Purdue University forms the nucleus for West Lafayette, Indiana. With an enrollment well over four thousand students, the university is in its seventy-third year of technical existence, having been established as a land grant institution by the Morrill Act of 1862, signed by President Lincoln.

Purdue has adhered to its original policy of higher learning in the fields of Engineering, Agriculture, Pharmacy, and Applied Science. The institution has always attracted men students, although about 600 women are now enrolled in the Home Economics school. This department is centered in one of the newest and best equipped buildings on the campus. Besides this building, there are fifty other structures containing the latest in research and experimental equipment.

Experimentation and research have been a typical policy of Purdue ever since its beginning. Among the foremost of its experimental stations are the Agriculture Station and the Engineering Experiment Station. The two leading research organizations of the university are the Engineering Extension Department and the Purdue Research Foundation. The latter encourages and conducts scientific investigations and industrial research.

Since Purdue is an integral part of the educational system of Indiana, any graduate of a commissioned high school is admitted without an entrance examination. The requirements for entrance are 15 units, seven of which must be: English 3, History or Social Science 1, Algebra 1, Plane Geom-

12:30 at noon general subjects were taught. In the afternoon private lessons were given; such as, art and elocution.

Green Hill Academy in Columbia City in the years 1873, '74, and '75, had its students coming from Whitley County and Columbia City. One came from Fairmount.

In this academy there were three courses of study: (1) the common branches consisting of reading, spelling, penmanship, drawing, arithmetic, geography, grammar, morals, and manners; (2) the preparatory consisting of higher arithmetic, elementary algebra, U. S. history, drawing, and elocution, and (3) the graduating course consisting of algebra, rhetoric, bookkeeping, botany, penning, philosophy, ancient history, chemistry, astronomy, geology, and painting.

The expense of tuition per term was \$5.00 for common branches, \$6.00 for the preparatory, and \$8.00 for the graduating. French was \$4.00 extra per term; oil painting, \$10.00.

The rules and regulations of this academy were strict. The exercises of each day were commenced with reading the Scriptures and prayer.

Each student was required to bring an excuse from his parents or guardians, whenever absent from school.

All communication among the students during study hours and recitation was carefully avoided.

Care had to be taken not to mar, deface, or in any way injure the building.

In case of willful disobedience or habitual delinquency any student was suspended or expelled from the privileges of the academy.

A record of each recitation and of the department of each student was read publicly.

Second Table

Mary Martha Hobrock and Sue Wallace find lots of interesting things to tell Ed Lietz after school till 5 o'clock in the north hall.

We don't know about Ability and Reliability, but if it takes Ego a lot of us ought to get along swell!

Ellis Lochner has had his seven chances and still he remains a woman-hater. Or is he?

Jeanette Braun says it's a broken heart that makes her so silly and that Lawrence Lewis isn't the cause of it. But we heard from other sources that she thinks he could do a lot to mend it.

To be mentioned by a popular New York columnist is considered to be singularly honored, but lots of people around here have fits when they're caught at something that warrants a little publicity.

Beanie McIntosh did a hurried ostrich walk to a mirror when Miss Harvey very seriously asked her if she was contracting measles, too.

Student dictionary: Blotter—Thing you look for while the ink dries.

Helen Goeringer, it's about time you realize the futility of chasing young Mertens while he carries the torch for Saint Catherine's.

In this day of poster popularity at South Side, the forgotten man seems to be the big Red Cross placard at the west end of room S. It is perched precariously on a receptacle labeled "waste paper and gum."

What is Virginia Tucker of Central doing now that Nelson goes steady with our own Virginia Gardner?

When will we have enough cash to meet Totem payments on time... another marionette play... a swimming pool... an elevator... enough sense to quit.

One way to earn journalism credit: Clean out the desk drawers in the Times room.

Wisdom doesn't make you popular. All you get out of it is the privilege of saying "I told you so."

South Side Archers' 1935-1936 Net Schedule Announced

Mr. Ora Davis Maps Program For 19 Games

Fröebel of Gary, Central of South Bend, and Goshen Are New Teams on List.

C. C. To Be Played Twice In Season

To Play Two Games With Central, North Side Fives; 20th Game Is Undecided.

With the addition of one more opponent than was played during the 1934-35 net season to the card, Mr. Ora Davis, faculty athletic director, has announced the South Side 1935-36 basketball schedule. The Archers tangled with eighteen regularly scheduled lives last season, but will meet nineteen, and possibly twenty hard-wood quintets next season.

South Side has scheduled games with three new teams for next season. Fröebel of Gary, Goshen, and Central of South Bend are the three new teams that the Green will face. Fröebel of Gary is one of the outstanding teams in the Calumet section of the state, having won the Northern Indiana championship last season. Goshen and Central of South Bend may also be counted on to place a strong team on the floor against the Archers.

One more game is expected to be added to the South Side schedule between either Michigan City or Wabash, two of the outstanding schools in Indiana net circles during the past season.

Another feature of South Side's new schedule is that the Archers will meet Central Catholic in two hard-wood contests next season, instead of one as they have in the past seasons. Both games will be played on the southern hardwood schedule.

Since Garrett high school has dropped out of the Northeastern Indiana Conference to join the newly-organized State Corner Conference, South Side has dropped the Railroaders from their schedule. Monroeville's Cubs and New Haven's Bulldogs, two county opponents, were also dropped from the 1935-36 schedule to make room for the new quintets on next season's card.

South Side's basketball schedule for the '35-'36 season is as follows:

- December 6—Butler, here.
- December 13—Bluffton, here.
- December 20—Auburn, here.
- December 21—Piercetown, there.
- December 27—Central Catholic, here.
- January 3—North Side, there.
- January 10—Dandallville, there.
- January 11—Decatur, here.
- January 15—Central, here.
- January 18—Columbia City, here.
- January 24—Berne, there.
- January 25—Fröebel of Gary, here.
- January 31—Huntington, here.
- February 7—Hartford City, here.
- February 8—North Side, here.
- February 15—Central, there.
- February 21—Goshen, there.
- February 22—Central Catholic.
- February 29—Central of South Bend, there.

May Go To Japan

Dan Zehr

Dan Zehr, '34, may travel with the American swimming team to Japan this summer in reward for his fine showing in the A. A. U. swim meet recently. Dan broke the old world's backstroke mark in coming in close behind speedy Adolph Kiefer in the meet. The trip will be in preparation for the 1936 Olympics.

Handball Doubles Winners Decided

Miller-Nussbaum, Nelson-Meyers, Craig-King Champions; Several Close Games Played.

Twenty-nine teams were entered in the recent doubles handball tournament. Miller and Nussbaum were victorious in the Lightweight league, Nelson and Meyers in the Middleweight and King and Craig in the Heavyweight division.

Results in the Lightweight league were: Racine-Rose 21, Walker-Thompson 4; Stillwater-Lassen 21, Morton-McAllister 12; Miller-Nussbaum 21, Godne-Knight 14; Stillwater-Lassen 21, Racine-Rose 9; Miller-Nussbaum 21, Seemeyer-Trulock 15; and Miller-Nussbaum 21, Stillwater-Lassen 17.

Middleweight results were: Nelson-Meyers 21, Dutterer-Roth 2; Armstrong-Kennedy 21, Jones-Lake 14; Davies-Pequignot 21, Crum-Cunningham 18; Nelson-Meyers 21, Kennedy-Armstrong 13; and Nelson-Meyers 21, Davies-Pequignot 4.

Heavyweight results were: Feichter-Keyser 21, V. Miller-Henslee 16; Ewing-Kelso 21, Anderson-Taber 12; Roberts-Morris 21, Adams-Menze 10; Jones-Larson 21, Lechot-Frost 6; Erdel-Dicke 21, Kreider-Geiger 16; Craig-King 21, Hinton-Strader 5; Hosier-Groves 21, Dent-Squires 11; Alexander-Allen 21, Stalter-Hostettler 18; Ewing-Kelso 21, Feichter-Keyser 1; Roberts-Morris 21, Jones-Larson 2; Alexander-Allen 0, Hosier-Groves 21; Roberts-Morris 23, Ewing-Kelso 21; Craig-King 21, Hosier-Groves 0; Craig-King 7, 15, and 15; Roberts-Morris 15, 6, and 12.

Championship To Be Decided During Week

Intramural Basketball Play-offs in Divisions Will Be Made by Elimination.

Playoffs for the intramural basketball championships began in each of the weight divisions this week. Schelper led the season scoring with 41 points in five games. The light and middleweight play-offs will be round-robin affairs while the heavyweight title will be decided by elimination.

Teams participating in the light-weight finals are: Slugs, Spartans, Dukes, and Yankees.

Middleweight contestants are: Archers, Tigerettes, Jones Boys, Plugs, Hoosiers, Spices, Jinks and Tornados.

Drawings for the final elimination for the heavyweight title were made as follows: Celts vs. Wolves, Percys vs. Snippers, Chimera vs. Siawashers, Redskins vs. Goons, Kards vs. Stoo-gee's, Fast Freights vs. Trojans. The winner of this elimination will play the Flashers who won the night championship for the school title.

The leading scorers of the league were:

Schelper, 41; Uebelhoefer, 35; Brown, 22; Nieris, 22; Bartles, 19; Wigent, 16; Domes, 15; H. Wagner, 15; Raymond, 15; Stalter, 15.

Final standings in intramural basketball:

Lightweight League		W.	L.
Slugs	3	0	0
Dukes	3	0	0
Spartans	2	1	1
Yankees	1	2	2
All-Americans	0	3	3
Playboys	0	3	3

Pigskins Taken from Mothballs As Spring Grid Practice Begins

The moleskins, pads, and pigskins, have once more been removed from the moth balls and soon the thud of cleated foot meeting hard turf will be heard from without the sacred precincts of the cement edifice known as the South Side stadium.

Junior Honor Five Wins Over Sophs

Take Crown by Defeating Sophomore Honor Team 21-19 in G. A. A. Tournament Monday.

In the annual G. A. A. honor tournament between the freshman, sophomore, junior, and senior honor teams, the junior team was given the championship after they defeated the sophomore team 21-19 in the final game in the gym Monday night, before an audience of about one hundred persons.

B. Rison, M. M. Hobrock, D. Fiegel, M. Boett, M. Dickmeyer, and M. How-er were forwards for the winning team while M. Braun, D. Rindchen, R. Certia, M. Cartwright, and L. Miller composed the guards.

The forwards for the sophomore team were C. Wells, L. Menze, E. Disler, Marjory Ruhl, and Margaret Ruhl; the guards were R. Goeglin, B. Schoele, A. Snively, W. Locker, A. M. Baumgartner, B. Harnish, and B. Humcke.

The game was very close and hard fought with neither team very much in the lead at any time. The juniors had somewhat of an advantage on the sophomores because of their experience and height. M. Hower and M. M. Hobrock were the only members of the junior team who scored, the first making 11 points and the latter, 10 points. While L. Menze, C. Wells, and E. Disler were the principal scorers for the sophomores. At the half the sophs were leading the juniors two points but in the last half the juniors succeeded in getting a lead to win the game 21-19.

of the cement edifice known as the South Side stadium. Coach Lundy Welborn, who is diverting his attention between track and football, issued a call to arms to prospective gridsters a few days ago and the answer from some eighty-five or ninety candidates almost set a new high for those centuring in the great field of football. It is true that a few of these prospective stars seem rather diminutive when the thought of some Central husky coming in to close up a hole or charging hard into a line, crops up, but these boys are getting some good experience and their enthusiasm certainly isn't lacking. It is also true that this year seems to have produced somewhat of a surplus of quarter-backs. This coveted position seems to be strung out between about 25 percent of the candidates, while the poor plodding linemen, whose names get no more than the lineups in the paper, seem rather slighted by the crop of candidates.

Lundy intends to keep the whole bunch working out in the gym for one week. The working out will consist mainly of calisthenics to get muscles back into shape. At the end of this week the fifty best prospects will be retained while the rest will be sent, ingloriously, back to their respective private lives. The remaining candidates will then adjourn to the football field where work will start in earnest.

They will work out there until May 1, at which time the squad will once more be cut in half, leaving 25 of the original candidates. The 20 best football men will then be selected from those who pick track as their principal recreation during the spring months. These 45 players will then finish up the spring training season, probably with a few scrimmages.

During this spring training period Lundy will be able to get a line on his new prospects for grid positions, many of whom will constitute next year's team. Graduation hit the Archers heavily in football and many gaping holes will have to be filled with new players. Upon these new players depends much of South Side's success on the gridiron next year.

Track Squad Will Engage In Home Meet

At Least Five Teams To Enter in Invitational Meet At Archers' Stadium.

Chances of Green Trackers Unknown

Welborn Depends Mainly On Medley Relay Team, Middle Distance Men.

South Side will engage in their first home track meet of the season when they are scheduled to meet several squads in an invitational meet at the Archer stadium Saturday afternoon at 1 o'clock.

Mr. Ora M. Davis, faculty manager, has invited by letter a number of nearby squads to participate in the event. At the present five teams have signified their intention of participating. They are Albion, Decatur, Central, Elmhurst, and Bluffton. It is probable that other teams will yet decide to come.

Officials of the meet hope to have plenty of athletes entered, with some good material in every event. Because of the uncertainty of the number of teams entered, plans are not yet complete for running off the events.

South Side has participated in only two meets this season, at Indianapolis and at South Bend. Because of the large number of teams in both these meets and the stiff competition offered, local fans have been unable to get much dope on the strength of the Archers compared to nearby squads.

However, the medley relay team has shown considerable ability. It has placed in each of the two meets, taking a first place and a second place. Coach Welborn also expects the Green to be fairly strong in the middle distance, especially the 440-yard dash. Other than this, Lundy will have to gamble largely on new, inexperienced material. The best men for the Green are Kessler, Feichter, Shoenefeldt, and Morris.

Rewards Urge Ambitious Ones To Enter Work

Cash Prizes Will Be Given For Best Entries in 300th Anniversary Contests.

In observance of the 300th anniversary of the founding of secondary schools, many contests are being held for high school students. Many cash prizes are being offered to the winners of these contests.

In one of the contests students are to write letters of congratulation to Mr. J. L. Powers, Headmaster of the Boston Latin School, on behalf of all high school students of America on the occasion of the 300th anniversary of the founding of that school. Prizes of \$25 first, \$15 second, \$10 third, and ten prizes of Spencerian fountain pens will be awarded to the students writing the best letters.

Requirements Listed

Letters must be pen-written and must not exceed 200 words in length. They will be judged on the basis of neatness, expression of thought and interest and should set forth reasons for the importance of the celebration in addition to conveying congratulations. Entries should be mailed to Celebration Committee, 155 E. 44th Street, New York, N. Y. Winners will be announced in May. The prizes are offered by the Spencerian Pen Company.

Another interesting contest is for those students interested in making scrapbooks. Students entering this contest are to collect all magazine articles and newspaper clippings dealing with the 300th anniversary celebration and place them in a scrapbook. A prize of ten dollars will be awarded for the best scrapbook. All books must be mailed to the Celebration Committee, 155 E. 44th Street, New York City, by June 15, 1935.

Students Eligible
All undergraduate high school students are eligible to enter these contests. On the top of the first page of their work students must fill out an entry blank giving the address of the school, City, State, and Street. They must also give the name of the school, name of the student, address of the student, principal's name, teacher's name, entrant's age, grade in school and classification.

Further information on these and other contests may be obtained from the celebration committee.

Pedagogues Wilson, Murch Allow Studes To Describe Them

At last opportunity knocks on the doors of the pupils who have as teachers Mr. Earl Murch and Mr. Wilburn Wilson. After long years of rating students and others in their classes, these two enterprising teachers have made out teachers' tests for those who daily toil in their classes. There is opportunity for them to express their opinion of the speech, personal appearance, personality, assignments, method or way of teaching, way the class is conducted, the knowledge of the subject matter, and grading of their instructors.

This is not only a great opportunity for the pupils, but also affords the teachers an impartial view of their faults and virtues. Mr. Wilson is making a graph of the results and has discovered that he has been rated in the points under discussion surprisingly the same by the different students. Of course, some pupils, unused to such a privilege of expressing pent-up feelings in regard to their instructor, let their feelings of revenge run riot with the truth they really felt. These are definitely in the minority, however, and can be readily distinguished from those who are sincere.

Directs Orchestra

Frank Simon, probably the best known cornet soloist in the United States and recently elected president of the American Bandmaster's Association, directed the South Side orchestra here last Friday. Mr. Simon was acclaimed as the "foremost cornet soloist" by the late John Philip Sousa.

Portable Stage Goes In Storage As Janitors Swing Hammers

The bang of the hammers, the ripping of nails, and the slamming of boards was once again heard in South Side on Monday as our worthy janitors prepared the new moveable stage for storage. The stage was used for the Minstrel Show and for several assemblies. Last Friday and Saturday nights the Senior Play was performed on this platform, thus bringing a triumphant end to its services for awhile. It has now been taken down and is stored under the seats of the gymnasium, where it will rest until May 26, when it will again be erected for use during our annual exhibit. The real reason the stage was taken down was to give room for the Junior Prom which will be held in the near future.

The accessories to the stage, such as curtains, lights, and scenery have also been taken care of. The curtains are to remain on their hooks, but fastened securely to the rafters of the gym so that no one can take a swing on them, although it might be great sport. The lights have also been left behind—that is, all but the footlights, which have been taken up and stored—but are disconnected.

The scenery, since it is Miss Marjorie Suter's, has been taken away to its store house with the rest of Miss Suter's stage equipment. Thus we find that our wonderful and magnificent stage is no more, but lies in pieces under the seats of the gym. Such a sad end for our most important internal improvement.

Two New Students Come to South Side; School Given O. K.

During the last several weeks two outstanding students joined ranks at South Side High School. They are Peggy Phillips, of Elmhurst, Illinois, and Jack Canning, of Three Rivers, Michigan.

Peggy, who left Community High just before her graduation, was very active in extra-curricular activities. She was elected to the National Honor Society in her junior year, was secretary of the Pop Club, general chairman of the Latin Club, president of the Dramatic Club, and an honorary Latin member.

"I was bewildered," said Peggy, "when I came in the west entrance and saw so many students hurrying along the narrow hallways and runways." In her former high school, classrooms were equipped with clocks and instead of arm chairs, they have chairs and tables. To Peggy the teachers and students alike seem warm hearted and friendly and they display good school spirit. In other words, South Side is "okey."

In the high school at Three Rivers the chances for club work were not so good, because it had only three organizations. About four hundred students go to that school.

"I was told that the students were slightly stuck up, but the person who informed me thus was greatly mistaken; because I have never been with a more friendly group of students," explained Jack after his second day at South Side.

He is only a sophomore and he thinks that he will get along nicely here.

Seniors Told About Wabash and DePauw

Since representatives are being sent from various colleges to talk to the seniors at the high schools, Mr. John Plummer talked about Wabash College, of which he is a representative. Tuesday afternoon in the Greeley Room.

Wabash College is a boys' school in Crawfordsville, Indiana. It is a liberal arts college accredited by North Central Association of Secondary Schools and the Association of American Universities. Wabash does not offer any special course in medicine, law, music, etc.; however, law students graduated from it are admitted into Harvard law school without an examination. The tuition for Wabash is \$100 a semester. Mr. Dean Dirks spoke Wednesday afternoon about DePauw University, in the Greeley Room to a group of senior boys and girls. He told of campus life at DePauw and answered questions concerning the college.

Philo, Meterite Clubs To Hold Joint Meeting

The Philalethians will hold a joint meeting with the Meterites in the Greeley Room next Monday evening. The Philalethians will present the play, "Katherine Decides." The program of the Meterites will consist also of a play and a harp solo by Joan Bonsib.

Alibis Discussed By Mr. Ora Davis

Report on State Hi-Y Officers' Conference Given at Last Meeting by Robert Harroff.

"Alibis" was the subject of the interesting and worthwhile talk presented by Mr. Ora Davis after a very satisfying potluck dinner of the Junior Hi-Y last Monday. In his discussion Mr. Davis used his topic with special reference to sportsmanship in athletics.

At the meeting next Monday night, at the Y. M. C. A., a prominent citizen will talk on politics, which promises to make an exceptional meeting.

A report was given by Bob Harroff, president, of the annual state Hi-Y officers' conference at Indianapolis last Friday and Saturday, which he attended. He stated that one of the most interesting of the club reports was on the financial system of the Frankfort Hi-Y, which earns and spends over \$600 a year, quite unusual for a school club.

All members will be given the short ritual or serious initiation of the Hi-Y Clubs April 22. Every member should count on attending this meeting.

Seven Staff Members Going To Field Day

Seven members of The Times staff and Miss Harvey, faculty adviser, will attend the second annual journalism field day to be held at Butler University, Indianapolis on Saturday, April 8. The program will be comprised of a series of talks and features by outstanding Indianapolis news writers, and a visit to the plant of the Indianapolis Star. Those in attendance will be members of the senior classes on Indiana high school papers. The program will begin at 9 a. m. and will close about 4 p. m.

Those planning to go are: Miss Harvey, John Bremer, Ursula Morton, Wayne Bender, Aletha Hatfield, Jim Sweet, Alma Nitzsche, and Ann Abbott.

Films Instruct Gridders

Films are now being employed in the instruction of the football team at Colorado Spring High School.

Janitors Have Much Hard Work In Clean-up Week Observance

"I was so busy that I couldn't find time to talk," said one of South Side's janitors when he was asked what part he had played in the annual Clean-Up Campaign. "Massaging window panes" was their hardest job. Big windows, small windows, plain windows, fancy windows—all the windows which South Side possesses.

But this was not their only task. They also waxed the floors of the cafeteria, offices, study hall, corridors, and many classrooms.

Gum, the breaker-upper of many pupils, was removed from the floors to its final resting place. The outside of the school was also benefited by Clean-Up Week. The steps, which had cracked, from the weight of the students were remodeled with cement.

Several loads of dirt were placed on the southeast lawn. Later this season tulip bulbs will be planted. Colorful posters were placed in the halls announcing the week. Home rooms exchanged speakers.

A guessing contest was conducted and prizes awarded, which were received by Miss Thorne's home room, which represents the juniors and seniors. They submitted eight correct guesses out of ten. Rooms 60, 90, and 174 had seven out of ten correct.

The freshmen and sophomores were represented by home rooms 16 and 15 respectively. These rooms received duplicate prizes as they both had seven out of ten correct. Room 56 placed second with six correct.

Many other interesting things were accomplished and by the end of the week the students were well informed on the principles of Clean-Up Week.

Student To Peddle Way To Mexico on Vacation

Have you planned your summer vacation yet? Miles Frisinger, a junior at South Side, has an excellent plan, if you are interested in bicycling. He plans to peddle his way to Mexico, but he is looking for somebody who will take this daring journey with him. If you are interested, get in touch with Miles Frisinger. For your information, he is in home room 56.

The South Side Times

Publications Potluck Brought Honor To Sixteen Graduates. Our Heartiest Congratulations New Quill and Scroll Members.

All-American--N. S. P. A.; Medalist--C. S. P. A.; International Honor Rating--Quill and Scroll
Vol. XIII.—No. 33. South Side High School, Fort Wayne, Indiana—Thursday, April 18, 1935 Price 10 Cents

C.S.P.A. Report Awards Times Score of 98.2

School Paper Receives 982 Points From a Possible 1000; Earns High Rating.

Usual Newspaper Basis of Analysis

All Divisions Get 100% on Sheet Except Make-up and News Story Editorializing

The South Side Times was again judged best in a field of all first class senior high school newspapers by the Columbia Scholastic Press Association in its annual contest. Announcement was made that The Times had won the medalist award when the C. S. P. A. convention was held in New York City last month, but the final scores were made public only last week. The Times scored 982 out of a possible 1,000 points.

Previous Rating Ignored
In these contests, each paper is compared with the others in its own class. Five hundred thirty-nine out of 550 points were totaled in general principles, which include good English, range of interests, coming events anticipated, timeliness, and editorializing avoided in news stories; sports news, which included stories and features, in which are included semi-news stories, literary, and humor; and editorials, which must be forceful, straight-forward, and brief.

Writing Technique Counts
The second main factor for consideration is writing technique. The Times received a score of 98.2 out of a possible 250 points were scored. Included in make-up are general appearance, which constitutes front page, editorial page, make-up of other pages, and proofreading; and headlines, in which construction and typography are considered.

Advertising Division
The third main factor for consideration is advertising. The Times received a score of 98.2 out of a possible 250 points were scored. Included in advertising are general appearance, which constitutes front page, editorial page, make-up of other pages, and proofreading; and headlines, in which construction and typography are considered.

Another perfect score was made on the general considerations division. Fifty points were awarded for excluding syndicated material and for expressing school pride, school achievement, and vision.

Drama Instructor Aids Graduation

Miss Marjorie Suter To Direct Pageant Depicting 300 Years Of American High Schools.

One of the outstanding features of the joint commencement to be held on June 4, at the North Side stadium will be the pageant which is under the direction of Miss Marjorie Suter, dramatics director in the three public high schools.

The pageant, which will depict the advancement of high school education, will be given by the junior classes of all three high schools, and already most of the characters have been chosen. Two of South Side's juniors have been named to the cast and probably more will be chosen later. They are Ruth Adler who will portray Health, and Mary Martha Hobrock, who will be Art. Juniors from North Side and Central will be named at a later date.

The whole commencement has been planned in honor of the three hundred years of progress in United States high schools. There will be no speaker and all information conveyed to the seniors will be about the history of Fort Wayne high schools. The pageant is the farewell of the juniors to the seniors who are ever reluctant to leave their alma mater.

Seniors Equip Stage
The senior class at Connersville, Indiana, is buying stage equipment as its farewell gift to the school.

Scribes Hear Local Amateurs During Semi-Annual Potluck

With a good meal, good entertainment, and good speeches another publications potluck is now a thing of the past.

The after-dinner speeches were featured by a very interesting

talk by Mr. Ray Woolver of the Fort Wayne Engraving Company. His topic was "The Use of the Engraver to School Publications." Because of the good reputation South Side has established, they do not need as much advice as most of the other schools. He showed illustrations about make-up, photography, and art work. He carefully explained about the commercial and financial part of publications.

Louis Bonsib was announced by Miss Harvey as the next general manager. Sixteen members who were elected to the Quill and Scroll were also announced by Miss Harvey.

Following the cue of the radio, an amateur contest was held using all talent from the staff.

Charlie Hart, who had some experience in a previous contest, opened the program by singing "When I Grow Too Old to Dream."

A tap dance on roller skates was

To Head Staff

Louis Bonsib, managing editor of The Times, has been named by Miss Harvey, faculty adviser, as general manager for the remaining part of the term beginning May 1.

Louis Bonsib To Head Staff Rest of Year

Miss Rowena Harvey Names New General Manager at Publications Potluck.

That Louis Bonsib, prominent senior of next year's graduating class, will be the next general manager of The Times was the announcement made by Miss Rowena Harvey, faculty adviser, at the publications potluck last Tuesday evening. Louis will head the staff till the close of school.

The general manager-elect has been high school journalism experience, for he began working on the paper when a freshman. Louis began as a reporter, and soon began to solicit ads. He served for a while as advertising manager. After working as assistant circulation manager, he was appointed business manager. Louis has also been credit manager, news editor, copy editor, head make-up man, and managing editor.

One of the big jobs in the path of the new general manager is the big school exhibit issue which will be handed out free at this annual event.

Life in Brittany Described to Club

Wife of Well-Known Artist, Mrs. Homer G. Davison, Talks To Cercle Francais.

Mrs. Homer G. Davison addressed the last meeting of the Cercle Francais with an interesting talk on village life in Brittany. She spoke of Brittany as "The Land of Granite" and showed several sketches, made by her husband, showing the picturesque stone cottages of the fishermen. She described the colorful display of the produce shown at market that was brought from the truck gardens, the only farming done by the inhabitants of this district.

The main occupation of the people of this district is, of necessity, fishing. In connection with this, she showed several sketches of scenes showing the little fishing boats. Another occupation of these people is their handicraft. The women make exquisite lace of which Mrs. Davison had a sample. She also described several of the holidays and fetes such as weddings, funerals, and feast days.

Mrs. Davison was attired in the native costume of the French women of this district. It consisted of a long rose-colored dress with long sleeves over which was worn an immaculate white half-apron. Around her shoulders was worn a large hand-made black lace shawl. It was caught at the throat with a large carved pin. On the head she wore a little silk and lace cap.

As the French Club pins had not arrived by last Thursday, the time for earning points was extended to next March 25. Anyone who has points coming to him should see either Mary Snider or Miss Olive Perkins about them before the next meeting. Only eight pins will be awarded to those holding the highest number of points at the next meeting.

given by Bob Klopstein and Eleanor Cupp. Martha Baumgartner and Sue Meyer added their two cents worth in a song, "I Love You Truly." Since somebody was itching to use the gong, Ann Abbett was gonged after trying to sing, "Bury Me Out on the Lone Prairie." Joan Bonsib was another who tried her luck at singing, but she received the gong as the result. Maxine Morton and Georgianne Jane Jones played several numbers on their accordions. Bob Blomker imitated a blind man and also received the gong. "Beanie" McIntosh, after attempting to sing and play her uke, was relieved by the gong. John Bremer surprised the entire group by imitating Clara Bow in her recent picture "Hoopla."

The members will be divided as equally as possible among the periods. The committee in charge of choosing them are Miss Oppelt, Miss Thorne, Mr. Murch, Mr. Voorhees, and Mr. Makey.

School Plans To Celebrate Health Week

Topics Will Be Discussed in Home Rooms This Week; References Will Be Issued.

"Health During the Last Three Hundred Years" will be the topic for talks during Health Week of April 29 to May 3. There have been many additional programs planned for this week by the different organizations of this school.

During the week there will be a contest sponsored by the Girls' Athletic Association and conducted by the members of the art department under Miss Dochtermann. Prizes will be awarded for the best posters at a health assembly on Thursday, May 2. The feature of this assembly will be a talk given by Dr. Noah Zehr. The parents of all the students, and anyone else who wishes to come, are cordially invited to attend.

Each home room will receive a copy of "Health Through the Ages," a book on health during the centuries of history. These booklets have been loaned to the home rooms by the health department and material from these will be used for talks to be given in the home rooms during the week.

Some topics for talks are as follows: Monday, April 29—VII A King's Physician, p. 22. VIII A New Social Conscience, p. 26.

Tuesday, April 30—IX The Lady With the Lamp, p. 30. X The Basis of Modern Surgery, p. 33.

Wednesday, May 1—XI The Secret of Contagion, p. 36. XII The Defenses of the Body, p. 42.

Thursday, May 2—XIII The Modern Health Department, p. 45. XIV The Conquest of Yellow Fever, p. 52.

Friday, May 3—XV The Mind That Found Itself, p. 56. XVI Chemistry of the Body, p. 60.

This material is being given out in advance so that the boys and girls responsible for presenting the material may have time to prepare it.

Herbert Butterfield Speaks to S. P. C.

Director of Old Fort Players Tells Interesting Stories of The Professional Stage.

Mr. Herbert Butterfield, director of the Old Fort Players, was the speaker at the Student Players' meeting held last Friday. Mr. Butterfield gave a talk on everything in general pertaining to the theater and dramatic work.

He said that the drama was an art of its own and that the theater would never take the place of it. He thought, however, that if the theater would not take the plays from Broadway and put them in the theater, it would progress much faster.

Mr. Butterfield was asked who he thought were the outstanding actors and actresses of today. He replied that it was a matter of opinion, but he chose Katherine Cornell, Helen Hayes, Charles Laughton, Jane Cowle, and Elizabeth Bergner as the most prominent. Mr. Butterfield added that the Fort Wayne public high schools were fortunate to have Miss Marjorie Suter as a dramatic instructor. He also stated that he was trying to make it possible for those interested in dramatics to take a course at the I. U. Extension soon.

After he finished his talk, Mr. Butterfield answered the questions asked by the members of the club.

Miss Marjorie Suter appointed several committees for the potluck which will be held at Virginia Vesey's, and for the May 17 meeting. She announced that on June 9 she plans to have a lake party for the seniors. Helen Anderson is the chairman for the potluck with Virginia Vesey, Ruth Adler, Vera Ehlinger, Mary Martha Hobrock, and Kenneth Scott on the program committee. The following are on the committee for the next meeting: Barbara Underhill, chairman; Emily Lepper, Rosemary Chappell, Louis Bonsib, and Ruth Adler.

Mr. H. Michaud To Speak at Club

Math-Science To Hear Nature Guide; Election, Recognition Service Will Be Feature.

Mr. Howard Michaud, a nature guide at the McCormick Creek Canyon State Park, will speak on the Indiana state parks at the Math-Science meeting, the date of which has been changed from Friday to Tuesday, April 23, at 7:30 o'clock. Mr. Michaud will speak on the parks as in relation to natural science.

Preceding the program, election of officers will be held for next semester. All members should be present so that their votes can be counted.

Mr. R. Nelson Snider will conduct the recognition services that will follow the election of officers. Those students that have taken either two years of mathematics and three of science or three of mathematics and two of science and have attained an average of ninety-two or above are eligible for recognition.

Games will be played and refreshments served after the program, as usual.

National Honor Society Seniors To Be Chosen

Additional members to the National Honor Society will be named May 2. Forty-four seniors who have been outstanding in scholarship, leadership, service, and character will be elected to the National Honor Society. Alumni members of the National Honor Society and some of the members chosen last semester will assist in tagging.

Makes Plans

Miss Pauline Van Gorder, one of the faculty advisers for the sophomore class, is aiding the class officers in planning for the annual Sophomore Party, to be May 10 in the gym.

Miss Pauline Van Gorder, one of the faculty advisers for the sophomore class, is aiding the class officers in planning for the annual Sophomore Party, to be May 10 in the gym.

Membership In Quill-Scroll Given Sixteen

Twenty-One Outstanding Journalists Now Chosen To Honorary Society.

With wise cracks about each and everyone, Miss Rowena Harvey announced the new members of Quill and Scroll at the publications potluck in the cafeteria last Tuesday evening. A total of twenty-one have been elected to this international honor society for high school journalists although five had been named at previous dates.

All of the members have a scholastic standing of 82 percent or above, have met the requirements in judgment of character, and have done outstanding work on The Times or the Totem for at least one year. Almost all of them are outstanding in other extra-curricular activities, also.

Members Work Hard
John Bremer, who is the present general manager of The Times, was one of those elected. He will also be remembered as the boy who won the Philo cup for writing the best piece of original creative writing. Another is Charles Baumgartner, the quiet, well-liked sports editor. Charles is very active in intramural sports in which he has won his letter. Martha Baumgartner, who has been equally active on The Times and the Totem was the third named. Being president of G. A. A. and a very active member of So-Si-Y, this senior is known as the most cheerful girl in South Side.

Suzanne Meyer and Arleth Carvin, two others named, are, in Miss Harvey's own words, the girls who do Bill Hockett's work on the Totem. Charles Davis and Aletha Hatfield were named because of their untiring work in collecting money for The Times. Both girls are active in Philo also. Lloyd Grodman, the business manager of the Totem, was another one honored. He is a former copy editor of The Times and is now president of Senior Hi-Y.

Consistency Rewarded
Gerry Henline, Ruth Jones, Mary Snider, and Dorothea Nance, although they have never held a major staff position have been elected because of their untiring efforts. All three have been proofreaders and have held many other positions on the staff. Bill Hockett, Totem editor, after serving as an excellent toastmaster all evening, was really put on the pan when Miss Harvey announced that he was the boy who made appointments to work and then played golf. Bill has been president of Wranglers twice and has been active in debating circles.

Dorothy Fathauer, copy editor on the Totem, was also honored. Dorothy has an almost A+ average and is active in Philo.

Alma Nitzsche, another of the brighter members of her class, was another girl named. Alma is at present managing editor of The Times. She is also a member of Philo. Margie Killen is another one elected. She is an active advertising getter, now being advertising manager. She is the writer of the famed dirt calendar. Others who had been elected before are Berneta McIntosh, Edythe Thornton, Lois Magley, Wayne Bender, and Ursula Morton.

Fractured Clavicles Meet News Editors; Is Jim Sweet Next?

Bad luck, in the form of broken clavicles, seems to be haunting a certain group of Times' "bosses" known as news editors this spring. Two of these honored persons (past and present news-editors) have suffered like injuries in automobile accidents in a short time.

Not long ago, Virginia Vesey, a junior and news editor-elect, fractured her right clavicle when a car in which she was a passenger crashed into a railway elevation. The injury now is healed, and splints and casts are no longer required.

Friday night, News Editor Edythe Thornton suffered a fracture of her collar bone when the car in which she was riding met with an accident. Her injuries will confine her to her home for a few days.

Jim Sweet, reporter, editorial writer, copy reader, and senior, has been appointed to the position of news editor.

Write Paper in Shorthand
A newspaper written entirely in shorthand was made at the West High School of Salt Lake City.

Royal Ball Is Junior Class Prom Theme

Elkhart Orchestra To Furnish Music for Dance; Officers Are in Charge.

The title of this year's Junior Prom is "The Night of Knights." All the decorations will carry out the medieval theme. The main feature of the decorations will be the large castle at the south end of the gym.

The orchestra, another great attraction of this year's prom, is led by Wayne Stuts from Elkhart, Indiana.

The idea of the middle ages will be used in all the arrangements for the banquet, which will precede the dance. The favors, programs, entertainment, and decorations will be of this order.

The dinner-dance is open to everyone in the school. The banquet will start at 8 o'clock in the school cafeteria, and the dance will be held in the gymnasium at 8:30. The tickets to the "Night of Knights" are 75 cents a couple, and the "Royal Banquet" tickets are 45 cents each.

The officers of the junior class, including Fred Nye, president; Dorothy Graham, vice-president; Marjorie Cartwright, secretary; and Harriet Yapp, Gwen Horn, and Bob Adams, social council members, each head one of the various committees. Fred Nye is chairman of the refreshment and clean-up committee. Bob Adams is chairman of the entertainment committee. The chairman of the ticket committee is Harriet Yapp. Gwen Horn is chairman of the decoration committee, and Dorothy Crabbill is head of the publicity committee.

Camp Yarnelle Has Tentative Schedule

Many Advantages Are Given; Dates for Sessions Are Listed; Open for Week-End Groups.

With the coming of the first signs of spring, the Y. W. C. A. camp committee with Mrs. George Bacon as chairman looks forward to the opening of Camp Yarnelle with much anticipation. Camp Yarnelle, a gift of Mrs. E. F. Yarnelle, is located directly across from the Winona Assembly grounds on Winona Lake, one and one-half miles from Warsaw.

Glorious sunsets, refreshing swims, twilights around the campfire, bright stars overhead in evening, and the beauty of stillness give to all who participate most vitalizing and real experiences.

A camper will develop skill and control. She will learn to swim, blaze a trail through an unknown woods, and create beautiful objects out of practically nothing. She will learn the value of courtesy, self-control, and the true art of living in a group.

Along with the adventures at camp, safety is assured. Every girl attending Camp Yarnelle will be required to undergo a physical examination to assure her safe participation in its activities. One of the members of the staff will be a trained nurse, and trained leaders will wisely guide the girls. Girls and young women who have been trained in Christian leadership through Girl Reserve clubs will assume partial responsibility for the many varied activities of the camp, but these counselors have not yet been elected.

After the middle of May, the camp will be in readiness for any group wishing to use it week-ends; but the official opening of the camp by the High School Girl Reserve conference will be June 22 to 29. The second period of camp, the high school girls' camp, will be June 29 to July 13. July 13-27 will be given to grade school girls over twelve years of age, or in the seventh grade.

So-Si-Y Annual Tea To Feature Playlet

Ruth Greiner To Direct Performance; Life and Selections of Irving Berlin To Be Given.

A playlet titled "Grandmother's Recollections," directed by Ruth Greiner, will be the feature of So-Si-Y's annual Mother-Daughter tea which will be given on Tuesday, April 23, in the Greeley Room.

Catherine Allendorph will review the life of the well-known modern composer, Irving Berlin; and Mary Jo Allen will present several of his best loved compositions on the violin. A quartet will also be featured in some selections by Berlin.

All mothers of members of the club are being issued invitations to the tea, which is one of the foremost of all the school's spring functions. Refreshments will be served.

The fourth regular committee for the semester is in charge of the meeting. The group is composed of Ruth Greiner, chairman; and Catherine Allendorph, Anna Bremer, Lois Arnold, Suzanne Crumrine, Erna Fuhrman, Marie Romy, Geneva Shearer, Beatrice Schieber, Mary Lou Stahlhut, Virginia Wood, Ruth Garrison, Pat Tarney, and Virginia Beck.

Four South Side Boys To Take College Exam

One of four boys from our school will have the privilege of going on to the next examination connected with the Grain Dealers Fire Insurance scholarship. In order to take the next exam the boy must receive the highest grade in the school examination in this school. The boys who competed for this honor were Robert Blomker, Richard Shannen, Duncan McLeish, and Garland Elckmeyer. The award is a \$500 scholarship to any college in Indiana that teaches business administration, for the scholarship is for that type of course.

Heads Easter Parade

Berneta McIntosh, president of Art Club, is in charge of arrangements for the Easter Parade, the club dance to be held Saturday in the Greeley Room from 8:30 to 11:30 o'clock.

Berneta McIntosh, president of Art Club, is in charge of arrangements for the Easter Parade, the club dance to be held Saturday in the Greeley Room from 8:30 to 11:30 o'clock.

P.T.A. Meets To Mark End Of Work Year

Office Holders Are Elected; Reports and Activities of Year Are Summarized.

Mrs. Victor F. Rae was elected president of the South Side Parent-Teachers' Association at their closing business meeting in the cafeteria Tuesday afternoon, with Mrs. David Vesey, retiring president, presiding.

Other officers were Mrs. Abram Jones, first vice-president; Mr. Thomas Fields, second vice-president; Mrs. Graham Russell, secretary; and Mrs. Alfred W. Kettler, treasurer.

As this is the closing business meeting, all of the annual reports were submitted to the organization. The committee chairmen and class chairmen gave summaries of their activities during this year. Miss Martha Rittenger and an account of relief work being administered to the students at South Side through the cooperation of the Parent-Teachers' Association. Mr. R. Nelson Snider also expressed his appreciation for the fine work the Parent-Teachers have done here this term.

Richard Schannen gave the speech on "Federal Aid to Education" with which he won the country discussion contest; and Manuel Rothberg, another prominent member of the public speaking department, gave his speech on "Peace," which enabled him to place second in the Woman's Club oratorical contest, in the program which followed under the direction of Mrs. Noah Zehr, chairman of the program committee.

Kathleen Witmer gave two piano solos, and Mary Jo Allen presented two violin solos with harp accompaniment by Betty Wainwright.

Philo, Meterites Present Plays

Music Is Furnished by Mildred Hoff, Joan Bonsib, Ruth Body; Easter Eggs Are Served.

Mildred Hoff opened Philo's part of the program at the annual joint meeting of Philo and Meterite Tuesday with the piano selection, "Hungary." Maxine Mariotte read the prologue of the play "Katherine Decides," by Carolyn Barr, in which the following girls took part: Clara, a clinging vine who is beautiful but dumb, Baxine Borchert; Betty, a cultured intellectual, Mary Martha Hobrock; Jane, a very athletic girl, Ann Abbett; and Katherine, a striking diplomat, Helen Anderson.

Helen Grey, accompanied by Marjorie Glass at the piano, began the Meterites' program with a snappy tap dance. The Meterites then presented a play, "An Old Magazine." The characters were: First flapper, Margaret Gross; second flapper, Marjorie Turner; and Grandmother, Betty Gross.

The music during the play was furnished by Ruth Body, pianist, and Joan Bonsib, harpist. Joan Bonsib then concluded the program with the harp selection, "First Prelude," by Chalmers, and "In the Garden," by Schuetz.

Miss Peck and Miss Demaree graciously donated refreshments of Easter eggs.

Many More South Side Alumni Make Good Showing at College

Pauline Sundsmo has been further honored by her sorority, Zeta Tau Alpha, by being re-elected president of the Bloomington chapter. Her re-election automatically selects her as the chapter

delegate to the National Convention of the organization, which will be held in Pasadena, California, the latter part of June. Miss Sundsmo will go to Chicago June 28 and there will join a delegation which will proceed to the coast. Miss Sundsmo is a member of Terpeschorians, Theta Alpha Phi, National dramatic organization and Pleiades, honorary social sorority.

Dan Zehr, Fort Wayne's Olympic aquatic star, who is now enrolled as a freshman at Northwestern University is still breaking tank records, having shattered the world's 150-yard backstroke record recently in the exhibition swim. However, he was nosed out in the finals of the National A. A. U. Meet held in New York Thursday.

Herbert Merrill, another graduate from this school and now a student at Northwestern, has been honored by his fraternity, Sigma Alpha Epsilon, by being presented with the \$25 scholarship awarded each semester to its ranking student.

Easter Parade, Art Club Hop, To Be April 20

Spring Decorations To Pre-avail at Annual Dance; Officers Are in Charge.

Forty-eight Cents A Couple Is Price

Ceiling To Be Dome of Gay Colors; Corners of Room To Contain Easter Bunnys

Promising to be the biggest sensation of the school year, the "Easter Sport Parade" should attract every South Sider. This annual Art Club dance will be one of the most spectacular affairs ever held in the school and will take place in the Greeley Room, April 20, from 8:30 to 11:30 o'clock. Dick Shack's orchestra will provide the music for the hop. Forty-eight cents a couple is the price for the evening's entertainment.

Dance To Be Colorful

This dance will long be remembered for its colorful arrangement and harmonious effects. The ceiling will be transformed into a perfect dome of four striking colors, flame and white. Spring flowers will be placed in unusual arrangements and combinations on a panel-border which will feature interesting spring symbols. The corners of the room will contain four huge rabbits, different than the post-ers which have been placed in the three schools and in downtown stores.

The committees for the dance are: Decorations, Clayton Kilpatrick, Ann Winters, Virginia Ahern, Katherine Connell, Eleanor Rhorer, Wayne Decker, and Betty English; orchestra, Alice Hulse and Virginia Vesey; tickets, Shirley Sykes and Wilma Blake.

The officers and Miss Mary Helen Ley, the club adviser, are in general charge of the dance. The officers are: President, Berneta McIntosh; vice-president, Jean Kranz; secretary, Betty Dickmeyer; treasurer, Robert Wiche, and program chairman, Edythe Thornton.

The regular meeting of the Art Club will be held in the Greeley Room on April 24 at 3:20. Mr. Dan White, well known for his work in the Men's Garden Club, will talk on "Gardening." Mr. White has been engaged in gardening for several years, and has a very extensive knowledge of his subject.

Bob Adams Elected By Social Science

John Bex, Manuel Rothberg, Millie Foellinger, Bryce Minier Assist President Next Term.

Bob Adams was elected the new president of the Social Science Club at a meeting held last Friday night in the Greeley Room. Other new officers are: Vice-president, John Bex; secretary, Manuel Rothberg; Inter-Club Congressman, Millie Foellinger; and sergeant-at-arms, Bryce Minier. The club historian and chairman of the various committees will be appointed at a later date.

Mr. Clyde Reed, prominent lawyer and president of the school board, gave a very interesting talk on our laws and how they are used today. In his talk, Mr. Reed showed how our laws were used several years ago as compared with the way they are used today. He pointed out the fact that laws today cannot be interpreted in exactly the same way as they were several years ago. The laws now must be interpreted in such a way as to apply to the present-day situations.

Mr. Reed said, "Even the judge of our Supreme Court, who are considered about the most conservative body of men of today, take the laws not as they were originally applied but as they can be used to fit the cases that are brought before them today." Thus the same laws that were made years ago can be used today, but they must be interpreted to meet our present needs.

Also at this meeting, Helen Flaig played several selections on her harp. Lane Breidenstien, accompanied on the piano by Dick Mariotte, sang "On the Isle of Capri."

The meeting closed with the announcements that the annual club picnic will be held some time in May, and that the historical tours will be held in the near future. The dates for both of these will be announced later.

Boys Get Prepared

Twenty-one boys of the Indianapolis Manual Training High School have enrolled in the cooking class.

Northwestern, Has Been Honored by His Fraternity, Sigma Alpha Epsilon, by Being Presented with the \$25 Scholarship Awarded Each Semester to Its Ranking Student.

To Paul Geisenhof most of the success of his school's forensic department is attributed. The debate team of Manchester College ended their season with an outstanding record of 58 wins, 36 losses and 2 ties.

Robert Parrish was one of the thirty-two sophomores pledged last week to Skull and Crescent, honorary second-year organization on the Indiana University campus. The groups select two men from each of a number of fraternities on the campus for membership. Parrish is one of the two chosen from Sigma Pi.

Detailed Plans Are Advanced For Fun Fest

April 26 Is Date Set; Program Is Kept Secret; Officers of Class Direct.

Detailed plans for the annual Senior Fun Fest which will be held Friday evening, April 26, in the gym are being kept secret from the seniors and the students.

As usual the parents, teachers, and seniors will all contribute an act for the entertainment for the affair. All of the acts are planned and are being practiced by the participants.

The seniors usually take advantage of this opportunity to get revenge for all the "knocks" they have received from their teachers in their high school career.

Because the senior advisers are usually very rushed with all the senior activities at the end of the term, the Fun Fest is being held earlier than in preceding years in hopes that with more practice, the affair will be more successful.

Refreshments will be served and are in charge of the Parent-Teachers' Association. Mr. J. H. Chappell and Miss Adelaide Feidler are the senior advisers in charge.

The families of all the graduating seniors are cordially invited to the Fun Fest.

Earl Brenn Is First In Meet

Richard Shannen, Allen County Representative, Ties With Two Others for Second Place.

Richard Shannen, senior here at South Side and representative from Allen County, was named in a three-way tie for second place in the district discussion contest at South Side Thursday night, in which Earl Brenn of Huntington was judged winner.

Shannen has made an unusual record for the school and for himself, having placed in the school and having won first place in the local and county meets. Both Shannen and Brenn spoke on "Meaning of Equalization," one of the sub-topics of the general topic, "Federal Aid To Education."

Brenn will represent this district in the state finals to be held at Indiana University, Bloomington, Friday, April 26. Seven other districts will send finalists to the meet.

Others in the second place were Carl Wert of Angola and Charlotte Lochner of Auburn, representatives for Steuben and DeKalb counties respectively. Paul Beyer of South Whitley, Whitley county representative, was named in third place. Other contestants were Helen Davis of Metz, Steuben county, and James Hammer of Columbia City, Whitley county.

Professor Robert Huber of Manchester College, Professor Clarence Dammon of Purdue University, and K. J. Perkins, head of the public speaking department in Portland high school acted as judges for the county meet. Miss Dorothy Benner, director of public speaking here, was chairman in charge of the meet.

Merchant Speaks To Senior Hi-Y

Mr. G. Irving Latz of Wolf & Dessauer Tells Qualities Needed for Success in Life.

In a talk given before the Senior Hi-Y Club of South Side High School, Mr. G. Irving Latz, head of the Wolf & Dessauer department store, stated that to him, honesty, ambition, and sincerity are necessary qualities for one who is to succeed in the world.

Speaking on "Merchandising," Mr. Latz broadened his talk, and spoke about the present business conditions, the N. E. A. and its relation to merchandising, and general hints on choosing one's life work. In speaking of choosing one's life work, he said that selling is more important than buying, because a knowledge of salesmanship is necessary in any line of work; and one must "find himself" in the school of hard knocks.

Next on the program is a talk on the "Medical Profession," which will be given by an outstanding Fort Wayne doctor, at the regular meeting which will be held this evening at the "Y." All members are to attend regularly or present legitimate excuse for their absence, it was announced.

South Side Times Wants Ad Solicitors

An excellent opportunity has arrived for people to acquire points, experience, and self-confidence all at once. The Times needs ad solicitors! Anyone who comes to the Times room and sees John Bex will be given a pad of blank contracts and told whom to approach for an ad. The next step is to see the prospect and persuade him to sign on the dotted line. He rarely refuses.

Where Did You Hear This Before?

"We have more than just a sweet shop to operate," said Jess Bond, head of Bond's Sweet Shop, when asked for his plans since his grand opening this year. "I believe that our service is the best which can be offered at this time; we are not only concerned with selling of our services and foods. It is our aim to provide the highest possible type of place for students, teachers, or parents, and courteous treatment to every one who enters."

"Mrs. Bond or I intend to be present all hours of business, and all of our co-workers have been instructed to let nothing stand in the way of adherence to strict discipline on our part as well as of those of our guests."

"Naturally, we are proud in being so close a neighbor to be able to serve the school's student body and faculty, and it is our solemn promise to please the public."

South Side Students Dress In Good Taste; Suedhoff & Butler University Styles Very Popular; Easter Parade More Popular in East Than West

By JOHN BEX

TO the average male the term fashion is anathema; he regards it as effeminate, something to occupy the minds of flighty women, yet every man, statesman or stevedore, regardless of his station or the size of his pocketbook, subscribes to the constantly changing trend in men's clothing. Wittingly or unwittingly, more often the latter, he conforms to the current style when making purchases and so helps to make it what it is. Today even the newspaper men are considered a well groomed lot, especially in the larger cities.

It is trite to observe that good clothes are an asset. But good clothes, however well tailored, lose much of their appeal unless by their material and cut they stamp the wearer as one alert to follow the nation's style-setters before the new vogue has been taken up by the four or five million and is already on the wane.

How a Vogue Starts

Instances of fashion-setting by men who, quite obviously, had nothing of the sort in mind, are legion. About ten years ago Winston Guest, who was then the popular captain of the Yale polo team, wore a polo coat with ordinary street clothes. Nobody had ever done it before. Yet within a few months 700 Yale students paid \$125 apiece for polo coats and the new type of camel's hair garment was in nationwide demand.

An amusing story is told of an incident which, it is said, played quite a part in the sudden change in the college boy's attire. A group of Princeton men went to call on President Coolidge. The President eyed them thoughtfully and then remarked in his nasal New England drawl: "Why don't you pull up your pants?"

His visitors took the president's remark back to Princeton and within a short time the suspender was in nationwide demand. The college boy had pulled up his pants.

College boys and prep school boys may still, among themselves wear odd attire, but pride in their particular school impels them nowadays to emulate their fathers' friends when it comes to choosing clothes for anything except campus activities. Leaving school or college, they carry into business or professional life the same desire to be well dressed and so make their influence felt on the styles of male attire throughout the country. Dressing well is necessary if one wants to succeed. It is folly for boys working on school papers to go downtown selling advertising with shirts unbuttoned at the collar, hatless, droopy socks and otherwise not having a neat appearance. The sales-resistance is too great.

Ensembles in Demand

In making a survey we find that the two pants ensemble is in big demand. One is being worn by Herbert Kramer at the extreme left in the foregoing photographs. He is wearing the sports pants with a contrasting coat and vest. Herbert has the President Roosevelt habit. He is a stamp collector and member of our Philatelic Club, also the Social Science "order."

The Suedhoff & Butler Men's Wear Store, 1011 Calhoun street, which supports not only "The Times" but the

other local high school papers, is a popular shopping place for high school boys. This spring they are featuring in the "prep" department, ESQUIRE college clothes which are designed by Bud Levine. As a designer "Bud" has been about a year ahead of most concerns manufacturing College clothing. Esquire clothing is sold exclusively in Fort Wayne at Suedhoff & Butler who also have such other famous lines as Hart Schaffner & Marx and Society Brand. Tom Jaenicke in the center of the illustration is also wearing a double breasted model with lattice back. Tom is active in the Wranglers Club and will go places in years to come. He'll possibly study law. He wears his clothes well and if Hollywood "scouts" could see him he might land a movie contract. Last but not least is none other than Frank Bakin who not only plays basketball but also likes indoor baseball. He has a shock of dark hair that helps make anything he might wear look good.

Pictures for this feature are the work of Van De Grift, well known as one of the best photographers in the city.

It has only been in recent years that the "Easter parade" has taken hold in Fort Wayne. Chicago of course will have its fashion parade along Michigan boulevard. New York's Fifth Avenue as usual will set the pace. However, various resorts are also the mecca for the well dressed at Easter Time. We have in mind Atlantic City and its miles and miles of board walk which in the spring of the year attract many Easterners over the week-end.

South Side Student Is Well-Informed On All Lincoln Lore

South Side has in its midst a student who is very well informed on Lincoln Lore and has given many talks and papers on the subject. He is none other than Donald Backofen, of 3618 Bowser Avenue. Donald is a junior and is very prominent in school activities.

Although he has been interested in this project only for a month or so, he already has many things in the way of information about the "great emancipator." Among his various collections are a complete set of pennies from 1909 to 1935. Others include a set of pictures and many poems.

Donald has divided his collection into poems about Lincoln, pictures and coins, stamps, books and pamphlets, articles and tributes, maps, cartoons, and Lincoln Lore, the monthly published by the Lincoln Life Insurance Company.

Donald has written many short sketches about Lincoln and has started to write a bigger and more complete sketch. The school may well expect to hear more about this boy who may attain fame through his hobby.

Choir Sings

Featured as the studio choir for the University of the Air program of March 12, the Central High School Choir of the Central High School, Detroit, Michigan, sang over a state hook-up, beginning at 9:15 a. m.

"The Choice of Them All"

Seniors Hear Dr. Sommers Speak of Indiana University

Mr. R. Nelson Snider had to stall time last Friday at the assembly for seniors until the speaker, Dr. Sommers, arrived. Mr. Snider enumerated the senior events: April 26, the Senior Fun

Fest; June 2, Baccalaureate; June 3, the Senior Dance; and June 4. Commencement.

Mr. Neff gave a brief talk on the I. U. Extension course and the courses had another appointment, he had to give them. Due to the fact that he leave before the speaker, whom he was supposed to introduce, arrived.

Dr. Sommers, from the Indiana University, then arrived and talked to the seniors about the advantages of Indiana University and its Co-operative Living Plan. He stated that one should have definitely in mind what profession or vocation one is going to enter and then attend a college which will give him suitable education. He also stated that not all seniors would want to go to Indiana University, and that all students wanting to go there unfortunately would not be able to do so. Pamphlets were then handed out. They were "University Courses Offered in Fort Wayne by Indiana University" and "The 1940's". After the students filled out information blanks, the assembly was dismissed.

Kenyon College Offers Fifteen Scholarships

The trustees of Kenyon College offer fifteen scholarships of \$250 each to students entering there next fall. Class standing, scholastic attitude, character, personality, and prominence in school activity will be considered in making the award.

Applicants must be personally interviewed, besides sending letters and credentials. April 27 is high school day; therefore, a special opportunity may be had for these interviews. Write to the Dean of Kenyon College, Gambier, Ohio, for application blanks, and other information.

Name "Apollo" of Week
"The Young Esquire," a column in the Shortridge Daily Echo from Indianapolis, Indiana, gives the name of the week's best-dressed man of the high school. Some of their fads are wool ties and steel-soled shoes.

Sight-Seeing Experiences Told By Travelers to Washington

By Virginia Greiner

Friday night Mary K. Smith and I left for Washington. We were determined to get a good night's sleep as we were stopping off at Altoona, Pennsylvania, for a few days. About 2:30 in the

morning, we were awakened by an awful sound which turned out to be the snoring of a man in the berth across from us. We didn't know whether to call the porter and have him punch the man or not. Finally we decided to endure it until morning. And we did!

On Sunday night we arrived at Washington amid a downpour of rain. As we were driving through the streets we could see the Capitol and the Washington Monument shining in the distance. That night I can say we got a good sleep.

Early Monday morning we went to the National Red Cross Headquarters Building to register and to receive our badges. At 10 o'clock we attended the opening plenary session at the Memorial Continental Hall. Preceding the session the United States Army Band orchestra gave a concert. Mr. Cary T. Grayson, chairman of the central committee, was the presiding officer. Among the speakers were Dr. Edward C. Elliott, president of Purdue University, who praised Indiana very highly, and Miss Linnea Anderson, a young girl from Tacoma, Washington, who acted as spokesman for the Junior Red Cross.

It was still raining in the afternoon when we attended the first Junior Red Cross session, which was presided over by Dr. Thomas W. Gosling. The topic for discussion was "Junior Red Cross Councils." Nomination for Junior Red Cross officers for the convention were held. The most interesting thing we noticed during the afternoon was the different accents and ways of speaking that the people from different parts of the United States have.

Monday night we attended the Junior dinner and dance held at the Mayflower Hotel. They served turkey with chestnut dressing and a lot of other high class dishes which I couldn't remember the names if I memorized all night.

On Tuesday morning the topics for discussion at the meetings were "Building a Good Local Program" and "Red Cross Courses and Activities." In the afternoon we discussed "International and Intersectional Correspondence." All the Tuesday meetings were held at the Hall of Service, District of Columbia Chapter House.

After these meetings were over, we went with the other Fort Wayne delegates to the Coreoran Art Gallery, the Pan-American building, and Congress. It was a funny sight to see a senator from South Carolina deeply interested in a newspaper while the others were arguing over a bill.

In the evening, we went to a theatre where Cab Calloway was appearing in person with his famous red-hot rhythm.

Wednesday morning ways of raising money for the Red Cross Clubs were discussed. The Junior officers of the convention were: David Macarov, Atlanta, Georgia, chairman; Robert Schwartz, Chicago, vice-chairman; and Mary Rogers, Clarksburg, West Vir-

ginia, secretary.

The biggest thrill came Thursday afternoon when the Red Cross delegates were invited to a tea at the White House. Mrs. Roosevelt, the hostess, received the guests in the Blue Room. She was introduced and shook hands with all the delegates. The White House was beautifully decorated for the occasion. The only disappointment was that we had to come in the east entrance instead of the front entrance. We were told later that not even earls and knights are let in the front entrance.

Among the other places that we visited were Mount Vernon, Smithsonian Institute, Folger Shakespeare Library, Washington Monument, Lincoln Memorial, Congressional Library, and Alexandria and the old points of interest concerning Washington.

As a whole we enjoyed the convention and Washington immensely.

Charles Hart Wins An Amateur Award At The Chatterbox

The amateur craze has invaded South Side, believe it or not! At least one well-known South Side student has been caught red-handed displaying his talent to a large crowd of merry-makers, Charles Hart being the guilty culprit. Time—last Thursday night, place—Chatterbox, scene—group of nervous amateurs.

Charles entertained the guests by singing "Every Day" and as an encore "I Believe in Miracles." He won second place and received two dollars in recognition of his singing ability.

This is not Charles' first attempt at singing for he has sung for several South Side club meetings. He hopes to have still better luck next time and win the first prize.

Library Fine Notices To Be Sent on Monday

A new arrangement for the distribution of library fine notices has been announced by Miss Emma Shoup, head librarian. Fine notices for overdue books will be sent out on Monday morning instead of on Wednesday. The fines must be paid, or arrangements made with Miss Shoup, by Wednesday evening. If the fines are not paid or arrangements are not made, eighth periods will be assigned for Thursday evening. Miss Shoup expects this plan to work more effectively than the former one.

Manager Dunked Voluntarily

The swimming team of Rouge High, River Rouge, has a new custom. Each time they win a meet the manager is swung by his hands and feet by four boys, who throw him into the pool.

Archer Track Squad To Participate at Laporte Saturday

Five Schools Will Compete With Archers

Host Invites Michigan City, Knox, Plymouth, Riley of South Bend, and Green.

South Side Team Shows Progress

Thinly-Clads, Winners Two Years Ago, Counted on For Many Points at Meet.

South Side's track squad will engage in its second outdoor meet of the season Saturday when the team will participate in an invitational meet at Laporte. The Archer opponents will be Laporte, Knox, Michigan City, Plymouth, and Riley of South Bend.

This week will mark the Archers' third consecutive year as participants in the Laporte meet. Three years ago the Green travelled there for the first time and returned with first prize honors. Last season Mishawaka won the event, but the Archers were a factor to be reckoned with.

Saturday's meet is expected to be a close battle. Laporte and Michigan City have good squads. South Side showed unexpected strength in its home meet last week. Consequently, the Laporte event is expected to be a battle between these three teams, with a good opportunity for either of them to win.

Archer fans were agreeably surprised at the showing made by their thinly-clads last Saturday, inasmuch as Central had been expected to win rather easily. If the Green can continue to improve, they may develop into serious contenders in the City and the Conference tournaments.

Saturday's meet served chiefly to bring out some good material for Lundy Welborn to coach. Gord Parmelee performed the unexpected when he took first place in the pole vault event at ten feet, six inches. Jack Beemer did better than expected, especially by capturing the 220-yard dash. He also took a third in the 100-yard dash. Ed Leitz appears to be the Green's best bet in the broad jump and the shot put.

Intramural Lettermen Plan Participant Party

At their April social-business meeting on Thursday, April 11, South Side's Intramural Lettermen held a basketball tournament and a potluck supper, preceded by a business meeting.

During the business meeting, plans for a school wide intramural participants potluck party were discussed. The proposed intramural gathering would be conducted entirely by the intramural lettermen as a service project to the school. Every boy who has participated in intramural activities during the present school year would be eligible to attend under the proposed plan. The event would take place after school and would include a basketball and handball tournament before the potluck supper. Further discussion of the proposal will take place at the next meeting.

Those present at the meeting included: John Bremer, LeRoy Cunningham, Melvin Gronauer, John Allen, John Dutterer, Charles Baumgartner, Norman Buck, Wayne Leija, James Hilgeman, Robert Fowler, Melvin Blume, Robert Tapping, Wallace Bartels, Stewart Trulock, and Gaylord Stalter.

Stars on Cinder Path

Dorwin Kessler

One of the bright lights on this year's track squad is Dorwin Kessler, both distance and dash man. Kessler starred in the invitational meet last week, capturing the mile run.

G. A. A. Flashes

By the way the girls are walking around the halls this week, it is quite clear that they have been doing a lot of hiking.

And now the last major sport of the year, baseball, comes up. Everybody is expected to come out for it and have the time of their lives.

It is too bad that Shirley Woodruff can't be in South Side next year, because she is one of the best guards in basketball in the school. Nice going, Shirley.

New Haven seems to be quite a popular place to hike to. One day during vacation three groups of hikers were there at the same time.

Bernice Springer had much fun during vacation, but she had the most when she washed windows. Some girls are too ambitious.

Notice has been posted at the gym office to begin getting in shape for track. Take that advice, girls, so you can break more than two records this year.

Babs von Gunten doesn't get enough school here at dear old South Side. Recently, she visited the Berne and Monroe schools. She said that she was crazy about the Berne school.

Some questions for the remainder of the athletic season are: Is Betty Eisenacher going to keep up her good pitching? Is Joyce Brett still going to knock homers? Are Mr. Snider and Mr. Davis going to play ball with the girls again? Is Leona Menze going to retain her high-jumping championship? Are there going to be any new track events?

It seems that about the only way that the girls can play baseball outside is to wear hip boots for protection.

Frosh Maidens Get Out Balls, Bats for Tilts

Teams 2, 3 Are Victorious Over Groups 1, 4 in First Diamond Games Monday.

Freshman baseball, the major spring sport for the freshmen, began Monday evening in the gym, under the direction of Miss Gretchen Smith, with all the members of the baseball squads participating in the games.

The teams and their captains are: Team 1, captain, E. Niemeyer; R. Cronister, V. Blume, E. Affolder, V. Seifert, A. Buesking, R. Perry, M. Owens, B. Walker, and R. Bohnet; team 2, captain, M. J. Nahrwald; R. Luyben, E. Liby, M. Morrison, F. Shubert, V. Roe, J. Telly, M. J. Staley, B. Roberts, and T. Shorb.

Team 3, captain, Habig; Williams, M. L. Coats, Tassler, B. Rarick, Eser, and Russell; team 4, captain, Weseloh, Estep, Diehm, Franke, M. B. Le Fever, Wimmer, McGintie, and Brett.

In the first game Frosh 2 defeated Frosh 1 with the score ending 1-7. Walker scored for Team 1 and R. Luyben, M. J. Nahrwald, V. Roe, J. Telly, M. J. Staley, and Roberts chalked up the points for Team 2.

Team 3 defeated Team 4 in the second game 5-0. Habig, Williams, M. L. Coats, Ellenwood, and Russell scored runs for Team 3.

C. C. 1935-36 Net Card Announced

Central Catholic To Play Nine-teen Games; Schedule Berne Tilt; Two With South Side.

With only one new team added to their schedule, Central Catholic's net card for 1935-36 was announced last week. The new team to face the Irish will be the state tourney representative from this part of the state, Berne's Bears. Central Catholic has nineteen games scheduled at present, but hopes to add several more to their card.

For the first time in basketball history, the Irish are scheduled to play a city team in two games. The Irish will tangle with South Side's Archers twice next season instead of once as has been the policy in the past. Both of the Irish's games with the Archers will be played on the Green's hardwood.

Coach Bill Barrett's netters will also meet four other teams in a pair of games next season. Waterloo, New Haven, Butler, and Decatur Catholic are the other schools which will face the Irish twice next season.

tion from the mud. The only objection to this wonderful suggestion is the weight of the boots.

Going to the "Y" is making Dolly Scheele quite proficient in water sports, especially diving. Just ask her about the back jack and the half gainer.

Coming as a big surprise, Vera Fremion showed some rare pitching in her last game. In fact, she looks like the best pitcher the seniors have.

Betty Eisenacher is coming out in her true form. When she pitches a ball it just can't be seen. What do you put on the ball, Betty?

Tap dancing is all right. In fact, it is a very good pastime; but, when anybody gets so enthused over it that they do it in bookkeeping class, something should be done about it. Ask Ruth Berning her opinion on it.

Opinions on Proposed Football Championship Plan Are Varied

With the proposal of regional competition between high school football teams in Indiana to decide the state champion being studied by a committee of coaches, various opinions have been advanced concerning the plan.

All state secondary schools would be divided into two divisions upon an enrollment basis according to the plan. The larger schools would make up the class A, and the smaller schools, the class B division.

A division of the state into four regional districts would be made and the strongest teams in Class A and Class B in each regional would meet, according to the proposal.

Originators of the plan state that the aim of the proposal is not intended primarily to determine a state champion, but to stimulate interest in high school football games in Indiana.

Persons in South Side connected with high school football offer various opinions of the proposed plan.

R. Nelson Snider: "I am opposed to it. It is contrary to the aims of high school athletic programs."

Tom Fields: "If there is to be a state champion, and it can be decided without tournament play, this plan would be satisfactory."

Gordon Straley: "It will fail to accomplish its aim because the best team will not always win, and it will cause too many post-season games."

Harrison Simon: "It will result in causing disputes just as the present basketball tournament system does."

Ward Gilbert: "I am in favor of it. It is a fine idea."

Louis Briner: "If it is properly conducted, I can not see why it should not be adopted."

Lundy Welborn: "I don't think much of it."

Ora Davis: "I am not in favor of it. The present seasons are long enough. If the proposal was put into effect, the officials would encounter the same evils that are arising in connection with the state basketball tournament."

Intramural Stars

One of the few boys in South Side who has earned both a varsity and an intramural letter is Robert Fowler. Participating in practically all of the sports offered at South Side by the intramural athletic department, Bob soon earned his minor letter.

Bob was a member of the Trojan softball team which won the softball championship every year since he has been an Archer and he feels confident that they will win the title again this spring. He was also a member of the Trojan volleyball team which annexed the volleyball championship for the last three years.

A varsity letter was awarded to Bob by playing tackle and end on the football team during his junior and senior years. He is a member of both the Lettermen's Club and the Intramural Lettermen's Club. His hobby is taking part in all kinds of athletics.

Intramural Gossip

Ping pong may be added to the intramural athletic calendar next year if sufficient interest in the sport is shown.

May 16 and 17 has been set as the probable date for the intramural track meet. Further information concerning the meet may be found on the intramural bulletin board.

Spring sports to be offered this year by the intramural athletic department are track, tennis, golf, horseshoe, and softball.

Several intramural lettermen are also varsity lettermen. Bob Fowler, Dorwan Kessler, and Jim Hilgeman have earned both intramural and varsity letters.

Mr. Merle J. Abbott, public school superintendent, recently stated that Fort Wayne's schools now have, including sports of the intramural variety, as good a sports program as any city, town, or hamlet in the state can offer its boys and girls of high school age. South Side students may feel proud of the fine intramural system in effect here.

First letters were recently awarded by the intramural department to Leroy Cunningham and John Bremer. Charles Baumgartner received his second intramural letter.

South Side's new stage in the gymnasium seriously hampered intramural basketball play, causing some of the first round games to be played on the girls' courts and causing play of the second round to be postponed a week.

Bob Craig has won the intramural heavyweight handball championship for the past three years. He and his partner, Theron King, have annexed the heavyweight handball doubles championship for the past two years.

Annual Athletic Banquet To Be Held In Cafeteria Tonight

R. N. Snider Is To Preside As Toastmaster

South Side Principal To Wield Gavel; Many Athletic Awards To Be Given.

Dr. King To Award Annual Trophy

Archer Athletes To Be Presented Letters, National Honor Society Honors.

South Side's annual athletic banquet will be held tonight in the cafeteria at 6:30 o'clock under the toastmastership of R. Nelson Snider.

During the meeting, various awards will be given to outstanding Archer athletes, the feature of which will be the King Trophy. Dr. King awards annually a trophy to the South Side basketball player who displays the best sportsmanship and mental attitude during the net season. Other awards will include lettermen certificates and certificates of membership to the National Athletic Honor Society.

Many outstanding people have been secured to speak to the lettermen including Miss Martha Pittenger, who will speak for the dean; Mr. Paul Sidel, who will speak for the faculty; Mr. Lundy Welborn and Mr. Jake McClure, who will speak for the coaches; Mr. Merle J. Abett, who will speak for the superintendent; E. J. Gallmeyer, who will speak for the public; and Gordon Stoney, who will speak for the lettermen.

Mr. Vainwright is in charge of the music for the banquet, Miss Ley is in charge of the decorations, and the Wa-Ho-Ma Club is in charge of the serving of the banquet.

160 Pupils Enter G.A.A. Baseball

Upperclassmen Are Out for Seasonal Activity; Games Have Begun for Some Teams.

About one hundred and sixty upperclassmen have gone out for baseball this season. There are two large senior teams, four junior squads, and four sophomore teams.

At the first baseball game the upperclassmen started the season off with two close tieups and two walk-aways. Vera Fremont's Senior II team scored an easy margin of 12 to 2 over the Senior I team whose captain is Roselma Disler.

One of the exciting games of the upperclassmen was played by the Junior III and the Sophomore I teams. Both teams fought hard to become the victor, but the Junior outscored the Sophomores by 8 to 5.

An unexpected outcome came to pass when the Sophomores ran away with the Juniors. Leona Menze played a nice game as pitcher and also scored a home run for the Soph II team. The success of her team was, of course, due to the co-operation of her teammates. The final score was 6 to 1. Marjorie Hower led her team to victory over the Sophomore III team. As the whistle blew the Sophomore III team lost a well-played game by one point, the score being 5 to 4.

Boys Demand Cooking

To Present Award

Dr. E. A. King

Dr. E. A. King, prominent physician and sports enthusiast, will award the athlete in South Side who has displayed the best mental attitude during the year the King Trophy. Last year's winner was Ed Ginn. The award will be made at the Lettermen's Banquet tonight.

Sportlights

Now that, after the usual hullaboo and ballyhoo, big league baseball has scampered forth on its annual extended journey across the sports horizon, sport fans and sport writers throughout the country are issuing their private opinions as to the result of the race for World Series honors.

Compared to the past few years, little change has been made in the lineups of most of the big league squads. The biggest change of all is the transfer of Babe Ruth from the Yankees to the Boston Braves of the National League. The Cincinnati Reds, backed by the Crosleys millions, have spent a pretty penny in gambles on rookies to get them out of the cellar. However, it is very doubtful if they will have much effect on the standings during the coming season.

In the National League the Cards will not be able to repeat. It seems very probable that someone will stick a pin in Dizzy Dean and burst his bubble. The race will probably be between the Cards, Cubs, and Giants, preferably the latter.

Detroit's Tigers will repeat in the American League. They have youth, experience, and teamwork gained by their season in the big time together last year. The Yankees will probably finish second. Without the psychological aid of Babe Ruth they will not quite be able to make the grade. The complete final standings will be about like this:

- American League:**
1. Detroit.
 2. New York.
 3. Cleveland.
 4. Washington.
 5. Boston.
 6. Philadelphia.
 7. St. Louis.
 8. Chicago.
- National League:**
1. New York.
 2. St. Louis.
 3. Chicago.
 4. Pittsburgh.
 5. Boston.
 6. Brooklyn.
 7. Philadelphia.
 8. Cincinnati.

First Round In Net Play Is Finished

Intramural Basketball Completes Initial Play in Each Different Weight Division

The intramural basketball tournament has completed its first round in each weight division. In the Blue Middleweight League, the Hoosiers are in the lead with two victories and no defeats, the Tornados are in second place with a victory and a defeat while the Spices and Jinks are last with two defeats.

Results in the first round were: Jinks 5, Tornados 10; Hoosiers 12, Spices 2; Jinks 3, Hoosiers 6; Spices 0, Tornados 15.

The Archers are leading the Red Middleweight League with two victories, the Jones Boys and Plugs are tied for second place with a victory and a defeat, and the Tigerettes are in last place with two defeats.

Results were: Archers 15, Jones Boys 5; Tigerettes 8, Plugs 14; Archers 18, Tigerettes 7; Jones Boys 11, Plugs 9.

First place in the Lightweight League is shared by the Spartans and Yanks. Each have two victories to their credit. The All-Americans and Slugs are in second place with a victory and a defeat. The Ducks and Playboys are in last place with two defeats and no victories.

Results were: Spartans 11, Playboys 2; All-Americans 2, Playboys 0; Slugs 8, Yanks 15; Ducks 4, Yanks 8; Spartans 9, All-Americans 1, Slugs 4, Ducks 2.

The Swashers, Redskins, and Fast Freights advanced to the second round of their conquest for the heavy-weight title.

Results were: Swashers 15, Chimera 7; Redskins 8, Goons 5; Fast Freights 15, Trojans 10.

Redskins To Play Eighteen Net Tilts

Scheduling Is Delayed by Illness of Athletic Manager; Sixteen Games Contracted.

Although the scheduling of North Side's 1935-36 basketball games has been delayed by the illness of the faculty manager, John Delong, sixteen games have been contracted for the Redskins netters so far. However, two more games are expected to be added to the present schedule, making a total of eighteen tilts for Bob Nulf's five next season.

North Side's 1935-36 net schedule is as follows:

November 30—Masonic Home, here.
December 8—Central.
December 13—Decatur, here.
December 13—Peru, there.
December 20—New Haven, here.
January 3—South Side, here.
January 11—Marion, here.
January 17—Central Catholic.
January 25—Hartford City, here.
February 1—Central.
February 7—Auburn, there.
February 8—South Side, there.
February 14—Columbia City, there.
February 15—Kendallville, here.
February 21—Bluffton, there.
February 28—Huntington, there.

Give Faults of Teachers
The faults of teachers were discussed at the meeting of the Dunking Club of Morton Senior High School, Richmond, Indiana. Some of the faults mentioned were narrow-mindedness, teaching subjects too uninterestingly, and age in some cases.

Around The Cinder Path

Sports fans in this vicinity seem to have gone out for track in a big way if one is to judge by the big turnout at the invitational meet in the stadium last Saturday. The meet as a whole was very good and the narrow margin by which the Central tracksters captured first place made it especially exciting.

The Archers displayed much more power than they had been previously credited with possessing and should be right in the thick of the battle when the city meet is held. The Green showed surprising strength in the dashes and in the pole vault, broad-jump, and the shot put in the field events. The mile relay team looks plenty tough, and the half-mile relay squad should show its heels to its future opponents if it improves in passing the batons.

Norris, Kessler, and Beemer really looked good in the dashes. Beemer's showing was all the more surprising in view of the fact that he has never gone in for varsity competition although he was recognized as one of the outstanding dashmen in intramural activities. Norris and Kessler also registered fine performances and should pile up plenty of points for the Archer thinly-clads this season.

Leitz gave a fine performance in the field events in which he was entered. He carried off a first in the shot put and a second in the broad jump. Parmalee really showed what his knowledge of pole vaulting amounted to as he soared over the ten and one-half foot mark to carry off the honors in that event.

Lonnie Kirtz is one of the boys to watch this season. In the grade school Lonnie was a menace to all competition and holds several city records. Charlton of Central finished just ahead of this husky negro lad and if Lonnie can correct his fault of being slow on the start he ought to become one of the outstanding dashmen in this vicinity.

North Side's track outfit seems to have had things all its own way at Elkhardt, carrying off the honors in nine events and scoring grand slams in three events. Ormiston, McMeen Van Wormer, and LaTourette took care of the dashes with the greatest of ease, and Hathaway carried off the honors in the hurdle events.

Willis Ward, Michigan's great negro dash man, gave the track fans on the west coast an exhibition of the speed which has earned him an endless amount of press notices. Ward placed in four different events to capture a total of seventeen points for the Big Ten champions. He carried off first place in the high sticks and the broad jump, tied for the first position in the high jump, and captured second place in the century dash.

New High School Conference Made

Eight Northern Schools Form "State Corner Conference;" To Sponsor Basketball, Track.

A new high school athletic organization in Northern Indiana, to be known as the State Corner Conference, has been formed. This newly organized conference raises Northern Indiana's total of conferences to three, the other two being the Northern Indiana Conference and the Northeastern Indiana Conference.

Eight high schools in the northeastern corner of the state have joined the conference. The eight charter members are Albion, Angola, Avilla, Ashley, Butler, Garrett, Lagrange, and Waterloo.

Due to the fact that Garrett saw fit to withdraw from the N. E. I. C. and join the S. C. C., there is now a vacancy to be filled in the former organization. Huntington may decide to rejoin the N. E. I. C. and Warsaw is also to be considered as the new entry to take the place of Garrett's Railroaders.

Angola and Garrett, charter members of the S. C. C. were also charter members of the N. E. I. C. Garrett has been the fourth high school to drop out of the N. E. I. C. The other three schools were Angola, Portland, and Huntington.

Only two sports will be participated in by the corner loop, basketball and track. In addition to varsity basketball competition, the conference will sponsor a second team league. A varsity team in basketball and to the winning second team in basketball. The conference track meet will be held at Garrett on Saturday, April 27, and a trophy will be presented the winning team. Points for the first five places in the track events will be given and ribbons will be awarded.

Mr. Fredrick, principal of Ashley High School, has been named president of the group. Mr. Elliott, principal of Angola High School, is the vice-president. Mr. C. E. Bryan of Garrett is secretary, and Mr. Yoder, principal of Lagrange High School, was chosen treasurer.

Net Players Turn Out For Spring Practices

Basketball players whose ranks have been very much thinned by those who turned out for track and spring football, have once more received the call from Coach Jake McClure, and a comparatively few are now turning out daily for workouts in the gym. Basketball also received a severe setback from graduation; and next year's Archers will be mainly composed of men who, as yet, have seen very little, if any, action with the varsity.

Those out for spring practice are mostly reserves of last year who are not working on the gridiron or the cinder path. Coach McClure intends to keep his boys working out for a few weeks, when they will disband until basketball will really come into its own next fall.

Mere Fraction of Point Loses Invitational Meet for Archers

South Side lost in its first home track meet of the season as the Central Tigers managed to eke out a victory after a close battle in the invitational meet held at the Archer stadium Saturday.

The Tiger margin was a bare four-fifths of a point. The Blue scored 48 3-5 points while the Archers were tallying 47 4-5 markers to provide a close battle. Bluffton was third with 12 4-5 points; Albion captured fourth with 6 4-5; Roanoke was last with a lone marker.

Decatur and Elmhurst also sent entries to the meet. However, they did not compete in the regular meet, Herb Curtis and George Nulf entering their men in the reserve meet in an attempt to uncover talent.

Garvin of Central was high scorer of the meet with ten points from first places in both the hurdles events. Charlton of Central was another high scorer of the meet with eight points from a first in the 100-yard dash and a third in the 440-yard dash. Two Archers, Norris and Beemer, each scored six markers. Hiatt of Albion scored 4 4-5 points, all but one of his team's total.

South Side and Central each captured six first places. Albion took one first place. The Tigers took five second places, the Archers, four, and Bluffton three.

The final outcome was not decided until the last race. With two events left on the schedule, the mile and half-mile relay races, Central led by four-fifths of a point. In the mile event, Kessler, lead-off man for the Archers opened up a wide gap which the Tigers were unable to overcome, giving the Green a 1 4-5 point lead. In the draw for the decisive half-mile relay, Central drew the inside lane while the Archers received a bad break in drawing the outside lane. The lead man for the Archers, however, overcame this advantage to go around his Tiger opponent, only to lose it on the exchange of the baton. Three times this happened. On the third exchange, however, the Tigers gained a big advantage. Although the Archer man was rapidly drawing up on his opponent at the finish, the lead was a few yards too great to overcome.

The results of the events are as follows:

100-yard dash—Charlton (C) first, Kirtz (S) second, Beemer (S) third. Time—10.5.
220-yard dash—Beemer (S) first, Stout (B) second, Ostermeyer (S) third. Time—24.2.
440-yard dash—Hiatt (A) first, Charlton (C) second, Norris (S) third. Time—54.5.

Plan "Press Prom"
Commerce Evening High gives a dance each term called the "Press Prom." The funds received help to finance the publication of the school paper.

Chess Is Taught
Chess is taught as a credit subject at Hayward High School. No wonder the Hayward teams have been the champions of northern California for the past three years.

Commerce Is Subject For Talks on Jobs

J. Wesley Dye, Ed Scheuman To Be Heard; Technical Service Is Next Topic.

Two more talks on commercial work will be given by J. Wesley Dye, advertising manager of Wolf & Dessauer's, and Ed Scheuman, receiver for the Citizens Trust Company, who will be the speakers for the Vocational Guidance program to be held in the cafeteria today at 3:05. Mr. Dye will discuss the work of the store owner, store manager, and advertising manager, and Mr. Scheuman will talk on bankers and corporation executives.

Technical Service will be next week's topic. On Tuesday Clyde Green, production manager of the Builders' Supply Company, will talk on contracting and lumbering, and R. W. Nolan, consulting engineer, will discuss electrical and civil engineering.

Thursday's speakers will be William J. Hockett, personnel director of the General Electric Company, who will discuss auto and machine shop engineering, and Howard Miller, director of the works laboratory of General Electric, who will talk on mechanical engineering.

Tuesday's talks were not heard because of a change in arrangements.

The Vocational Guidance Indicator, which is printed through special arrangements with the copyright owner, will be found on page 6 of today's paper. This chart gives aid in determining what vocation to follow.

Girl Reserves To Hold Annual Spring Banquet

The annual Spring Banquet of the Girl Reserves will be held at the Y. W. C. A. on April 25. Extensive plans are being made by the Inter-Club Congress with Martha Baumgartner of So-Si-Y as general chairman. The price is twenty-five cents and all Girl Reserves are invited.

For Easter, U. S. A. will send individual baskets to the Day Nursery. Girls wishing to get credit for community service should come to room 34 or 62 on Thursday after school. The Mother-Daughter tea will be held on May 23. Helen Meese was appointed chairman and those assisting her are: Paula Gerding, Marjorie Crago, Betty Williams, and Phyllis Barrows. The last meeting of U. S. A. was held Thursday, April 11. Barbara Raymond opened it by reading an Easter devotion. A piano selection followed by Kathleen Wittmer. After the business meeting, popular songs were played and sung with Virginia Baker at the piano, and games were led by Phyllis Roller.

Spring Fever Affects Students; Vacation Looms As Remedy

Is there a doctor in the house? It's a bad case of spring fever that afflicts most of the students of South Side. We've heard that in order to cut down expenses for pencils and paper with which to figure, and to keep the rest of the student body from going into a state of mental prostration, one student worked himself with the help of one other into frantic frenzy figuring out the following data:

Until summer vacation there are eight more weeks of school, or thirty-five and one-half days, or 227,746 hours, or 13,667 minutes or 820,050 seconds.

Until the blessed day of June 7, but maybe not so blessed in that grades are given out, there are two more full moons, one tonight and one Saturday, May 8; and two new moons one Thursday, May 2, and Saturday, June 1.

For recuperation, there are seven week-ends and Decoration Day.

Organize Chess Club
A Chess Club, consisting of ten members, has been organized in the Southeastern High School, Detroit.

Students Vote for Peace
When a straw vote was taken at the Dunsburg College and Seminary, Minneapolis, Minnesota, recently, the students opposed the League of Nations and voted that the United States should keep out of another war.

Senior Home Room Observes Arbor Day by Planting Trees

In keeping with the spirit of Arbor Day, which fell on April 12, Mr. Makey's senior home room planted a tree—but two days late.

On Friday the weather was cloudy and rainy, so no tree was planted; only one of the class members was willing to come back on Saturday, so no tree was planted on Saturday; out on Monday, regardless of weather conditions and other excuses, the tree was planted two days after Arbor Day.

On Monday morning after Mr. Makey read the bulletin, members of home room 72 proceeded to the west side of the alma mater, to the place where the honorable tree was to be planted. James Kirble and Dorwan Kessler, two of the "he-men" of the class, secured the tree from storage and brought it to its final resting place in one of the janitor's wheelbarrows. While the hole was being dug, the members of the class stood around and shook their teeth loose in the cold breeze of the morning.

Finally Mr. Makey had to show the boys how to dig a hole in the right way. At last the tree was placed in the hole, black dirt put around its roots, and solid clay laid on its breast. When this was finished Alice Hulse, acting as mistress of ceremonies, introduced Helen Hughes, who read the poem "What Do We Do When We Plant the Tree."

After the recitation Ruth Killen was introduced, and she dedicated the tree to Mr. Makey's senior home room of 1935. In her speech she said, "When ever we see this tree, we will always remember that we, the members of home room 72, in 1935, have left some thing behind us as a remembrance to those who are to follow."

After these solemn proceedings, the dedication and planting of the tree came to an end; and each one went to his first period class nearly frozen to death.

Ellis Lochner Shows Berlin, Germany Films

A film showing scenes of the famous and beautiful city of Berlin, Germany, was shown at the last German Club meeting on Wednesday, April 10, by Ellis Lochner, president of the club. Frederick Prange gave an explanation of the film with the aid of Miss Clara Schmidt, adviser of the club.

The film showed the most beautiful and interesting spots of Berlin, dealing with the educational, political, and social world of that city. After the film was shown, a discussion was held in which the students were permitted to give any information they wished, or to ask questions. This proved very interesting and educational for it afforded those who were interested to gain more knowledge concerning Germany by actual pictures of that country and also by discussion.

At the next meeting films will again be shown. The next will show the city of Dresden and Munich, which are also large and beautiful cities. These will again be explained by Frederick Prange and Miss Clara Schmidt.

Have Scooter Races
The yell leaders of the Lincoln High School, Tacoma, Washington, thrilled the crowds at their basketball games this season by performing scooter races during the halves.

Y.M.C.A. Directs Hobby Exhibition

Show Will Be Given in "Y. M." Boys' Lobby May 4-7; Wide Range of Entries Possible.

"From soup to nuts" would appropriately describe the extent of the many hobbies which will be on exhibition at the annual hobby show to be conducted by the boys' division of the Y. M. C. A. on May 4, 5, 6, and 7. The exhibition will be held in the "Y" boys' lobby, and additional room has been provided for if more room is needed.

Mr. Homer F. Davis, associate boys' work secretary, has charge of the show. Qualifications for entrance of exhibits into the show will be that the owner is under twenty-one years of age and is a resident of Fort Wayne or Allen County. All entrants into the show must be entered by May 3 at 8 p. m.

All competition in the show has been divided into seven different classes in order that the youths entering their hobbies may have a better conception of what the show will consist of. The following classifications have been announced:

Models—Boats and ships, houses, automobiles and carriages.
Model Aircraft—Scale models, flying scale models, gliders, outdoor models and other models of aircraft.

Collections—Wild flowers, leaves, woods, shells, minerals, insects, moths, bugs, seeds, and other nature or botanical or zoological collections. Also collections of stamps, coins, and any other collections, such as match box tops, handkerchiefs, souvenir cards, past cards, etc.

Crafts—Bow and arrow, metal work, soap carving, clay and putty modeling, furniture (tables, stools and chairs), small gifts such as ash trays, fancy woodwork, wood carving and other leather or bead craft.

Mechanical and Technical—Radio and electrical apparatus, other such exhibits.

Art—Posters and lettering, pen and ink, pencil and cartoons, crayon, pastels, water and oil colors and any other art exhibits.

Miscellaneous—Any exhibits not listed above.

The exhibits will be open to the public. The contest is open to boys not members of the Y. M. C. A., as well as the boys who are members. Further information regarding the show may be received at the "Y" boys' department.

Class Room News

The following pupils in Miss Rinehart's English 1, period 1 class, made perfect scores on an English test on conjugation of verbs: Ruth Baade, Joe Rex, Kathryn Boerger, Mildred Brett, Richard Gentis, George Kinne, Eddie Reeves, and Julia Ann Smith.

The pupils of Miss Ley are very busy making favors for the Lettermen's Banquet and Art Club Dance.

Robert Byers, Beth Ellen Chadwick, Carl Goebel, Norbert Holloway, Dorothy Karnap, Martha Kessler, and Henry Velkoff, made 100 percent in a recent test given by Miss Rinehart.

The English 8 pupils of Miss Demaree are studying the Life of Samuel Johnson.

Miss Demaree's English 6 pupils are beginning drama. Several students plan to dramatize plays which they are reading outside.

Pupils in Miss Schmidt's German classes who made grades from 96 percent to 99 percent on recent grammar tests are: Eric Beyer, Dorothy Buchholz, Gertrude Dannenfeldt, Verna Holtman, Alvin Buuck, Ellis Lochner, Betty Muntzinger, Frederick Prange, John Staley, Lorraine Meyer, and Mary Michael.

The pupils of Miss Hemmer's English 4 classes are studying the essay course and in connection with this are writing original essays. Some are showing interest in this type of work.

Last Week's Music Assembly Enjoyed By Worthy Studies

"Swell." "Grand." "Stupendous." "Colossal." "Gigantic." "Extra-ordinary." These were some of the answers received by the inquiring reporter when the question, "How did you like the assembly?" was asked. All of the pupils moreover gave positive answers.

The outside talent for the assembly was well presented. This feature was the singing of "One Fleeting Hour," "Drink To Me Only With Thine Eyes," "Mother Machree," and "When Irish Eyes Are Smiling," by the Rev. Richard H. Trojan. He has established many new friends with his appearance at South Side and the pupils hope that he return to us again in the near future.

Several entrants in the sectional music contest held April 6, at the Y. M. C. A., demonstrated their ability "along the music line." Reginald Gerig, pianist, presented "A Flat Major Ballade," by Chopin, and an encore, Bach's "First Movement of the Italian Concerto." Reginald placed in the contest and will compete in Indianapolis next week.

Later Bob Wiehe, violinist, presented "First Movement, Concerto No. 7," by P. Rode, accompanied on the piano by Mrs. Gaston Baillet. "The Pearls," a clever cornet duet was worked out by Norwood Dalman and William Nickerson. This was accompanied by the band which later offered, "Spiritual Rivers," by George Gault, and "Black Horse Troop," by John Philip Sousa. The entire chorus was introduced for the first time in the spring concerts. They sang "Operatic Masterpieces" by V. F. Safranek.

Journalism Field Meet Attracts Times Members to Capital

(By Ursula Morton)

One of the largest groups of journalists and journalists-to-be of Indiana were assembled at the Butler University Journalism Field Day at Indianapolis, Saturday, April 13. Three carloads of

South Siders, thirteen in number, made the trip. One of the southern delegation is a journalist, but I would not be willing to say just how many of the twelve are journalists-to-be.

Staff members of the Indianapolis Star, the Indianapolis Times, and the Indianapolis News were the principal speakers of the day. Two of last year's speakers were recalled by special demand. They were Mary Bostwick, veteran dare-devil; and Claude Mahoney, another reporter of the Indianapolis Star. They told of their thrilling and interesting experiences. One of Mary's thrillers was landing a glider upside down, cracking the glider in three pieces and breaking three of her ribs. She said that she was the luckier though because she could walk off and the glider could not.

Mr. Mahoney has had some interesting experiences of his own, too. He gave amusing imitations of some of our well-known politicians. First of all he told of ex-Senator Robinson. In a husky voice he muttered, "Ours is a noble heritage." Mr. Mahoney stated that he had never heard a speech by this politician but that the phrase had been used with a meaning far beyond his comprehension. Mr. Robinson is not alone in having a pet phrase because this news hawk had never heard a speech given by our esteemed Governor Paul V. McNutt, but that he uttered, "Strike upon the rumps of the four horses of the Apocalypse." Both of these talks were given in the Star Symposium, which also included such well-known Hoosier writers as Robert Tucker, a Kathryn Pickett, F. E. Raschig, Maurice Early, and Ralph Brooks.

A noon-day luncheon was served at the College Club. The Butler University orchestra played while the 250 guests partook of the food. C. Walter McGarity, managing editor of the Indianapolis News, was scheduled to give a speech, but he brought two famous personages to speak in his stead. They were two Bills, Bill Fox, noted sports-writer, and Bill Herschel, poet. The latter Bill told of his acquaintance with James Whitcomb Riley. He said that one day he and Riley were riding towards Greenfield and Riley asked how long Bill had stayed in grade school. Mr. Herschel replied that he had seven years of schooling. Riley said "I had only five years, you educated son-of-a-gun!" Herschel then recited one of his more famous poems, "Ain't God Good to Indiana?" He also told of how he started to write poetry. He gave his first, and almost, he says, his last poem. It was

"Teacher thinks I stole his dog, But why should I take Jim, When teacher's here all day long, And I can look at him."
A tour was then taken through the laboratory of the Butler Collegian. Everyone was given a copy of the paper right off the press.

The final session of the day was featured by a talk by Robert Hoover, police reporter of the Indianapolis News who gave a talk on covering the police stories. He exhibited the late John Dillinger's machine gun. He had some photographs taken of Dillinger, as he was lying dead, and of the Dillinger family.

Other interesting talks of the day were given by Talcott Powell, Wayne Guthrie, Gerald Bowman, Dick Miller, Harrison Roberts, Charles Payne, Mrs. Mabel Wheeler Shideler, Norman Isaacs, Helen Lindsay, Mrs. Florence Webster Long, Herbert R. Hill, and Professor J. Douglas Perry, head of the university journalism department.

Those who attended from South Side (in Jim Sweet's car) are John Bremner, Wayne Bender, Jim Sweet, Aletha Hatfield, Alma Nitzsche, and Gerry Henline; (in Mary Wolf's car) Bryce Minter, Mary Wolf, Harriet Yapp, and Dorothea Nance; (in Miss Harvey's car) Ann Abett, Rowena Harvey, and Ursula Morton. All except the latter drove up and back on Saturday; they went on Friday and returned on Sunday.

Prominent Wranglers Chosen as Debaters

Two of the best debating teams in South Side have been selected in a preliminary debate and will compete for the championship of the school at the next meeting of Wranglers on Monday, April 22. The preliminaries were conducted on April 15.

Bob Klopfenstein and Ann Abett compose the first team, and Frank Montgomery and George Anne Martin the second. The subject the opponents will discuss is "Crop Control."

Music for the meeting will be furnished by Betty Wainwright and Paul Randall, who are prominent Wranglers as well as musicians.

Medals for superior debating will be given at the annual Wranglers' banquet which will probably be held about May 20.

New Memberships In National Honor Society Awarded

South Side's Greatest Honor
Bestowed Upon Forty-
Four Graduating Seniors.

Introduce Members
At Special Assembly
Requirements for Members
Are Character, Scholar-
ship, Leadership, Service.

Forty-four new members were elected to the Promethean Chapter of the National Honor Society on Monday, April 22, making a total of fifty-four members chosen from this year's graduating class of over four hundred students. Membership in this society is the greatest honor South Side can bestow on its seniors, and signifies that they have been outstanding in scholarship, character, leadership, and service. Former members of the society tagged them during the seven periods of the day, and there was an assembly after school at which they were introduced to the student body. Mr. Herman Makey, the chairman of the committee which selects the members, told the requirements, and Mr. R. Nelson Snider called the members to the floor.

Bob Archer, a newly-elected member, has been a member of the Philatelic Society, band, and orchestra. Martha Baumgartner has earned her letter and has served as president of G. A. A. and as secretary of So-Si-Y. She has also been a member of 1500, Meteterites, Math-Science, Times staff, Inter-Club Congress, and Quill and Scroll. She is circulation manager of the Totem and vice-president of the senior class. Wayne Bender has served as general manager of The Times, secretary of the Model Airplane Club, president of Math-Science, and as a member of 1500, Latin, Torch, Junior Hi-Y, Senior Hi-Y, Totem, Quill and Scroll, and Speakers Bureau.

Aileen Branning has served as secretary of Travel, vice-president of Latin Club, and as a member of U. S. A., Wranglers, Student Players, and Archery Clubs. John Bremer is general manager of The Times, and has been a member of French Club, Travel, Senior Hi-Y, Torch, Junior Hi-Y, Speakers Bureau, and Quill and Scroll. He is an intramural letterman. Arleth Carvin has been secretary of Math-Science, lay-out editor of the Totem and a member of Meteterites, Junior Hi-Y, G. A. A., Times staff, German, and Glee Club. She is also a member of Quill and Scroll. Betty English has been president of Meteterites, secretary of French, and member of Wranglers, Art, Student Players, Booster, Philo, Times, and Totem.

Elfrida Enz was treasurer of So-Si-Y and a member of Travel, Glee Club, Pebble Pups, and Speakers Bureau. Dorothy Fathauer has been vice-president of Philo and a member of Meteterites, Latin, Math-Science, Times, Totem, and Quill and Scroll. Emily Gardner has been vice-president of Meteterites, secretary of Marionette, and a member of Student Players, German, G. A. A., Totem, Philo, and Glee Clubs. Brower George has earned his valedictorian's diploma. He has been president of Letterman's and a member of Junior-Math. Lloyd Grodrian has been vice-president of Torch and Junior Hi-Y Clubs, president of the Philatelic Society, and a member of the Philatelic Society, band, and orchestra.

Philatelists Plan
For Exhibit, Party
Committees Are Appointed, and
Nominating Groups Named;
Stamp Auction Held Recently.

Four committees were appointed at the Philatelic meeting held last Wednesday.

Robert Archer, chairman of the nominating committee, has as his aides Bob Adams, Hazel Kuttler, Edith Knoke, and Earl Brown.

Robert Adams is chairman for the next meeting of the club to be held May 1, with "Land of the Penguins" as its theme. Hazel Kuttler, Dorothea Nance, Dick Kellogg, and Clayton Kilpatrick are the committee members.

Plans were advanced for the stamp exhibit which will be held in connection with the general school exhibit May 24. The committee in charge of the philatelic division consists of Jane Loomis, chairman; Hazel Kuttler, Bob Adams, Robert Archer, John Thacker, Beatrice Fudge, and John Jackson.

A stamp auction was the feature of last Wednesday's meeting.

A club picnic to be held sometime in May is in charge of Emily Lepper. The division chairmen are: Food, Edith Knoke; program, Jane Loomis; transportation, Hollis Logue; and clean-up, Allen Tremper.

Rockettes Plan Trip;
Elect Team Heads

An effort to select team captains for the club team of the Pebble Pups resulted in a two-way tie on the A team and a four-way tie on the B team. In the rebuttal Mary Snider was elected as head of the B's, and James Roth as head of the A's.

On April 27, the club will go on an excursion to the Deister Somenclature Company, manufacturers of mining machinery. The company is located at 901 Glasgow avenue. The next meeting will be held at the home of Mr. James Frythol, a local mineral collector.

Rosalind Enz gave a report on gold "Gold in Indiana" was a report given by David Roth, "Jewels and the Corundum Family," a report by Thomas Turfing, was read by Rosalind Enz because of Tom's absence.

Heads Prom Decorations

Gwen Horn

Gwen Horn, a member of the junior class social council, is chairman of the decorations for the Junior Prom. Final plans are being completed for the dance which will take place Friday, May 3, in the gymnasium.

Best Wrangler Debate Squad Is Recognized

Ann Abbott and Bob Klopfenstein To Be Awarded
Honor Medals at Banquet.

Performing in the manner of experienced debaters, Ann Abbott and Robert Klopfenstein were declared to be the honor debaters in recognition of their win over the affirmative team of George Ann Martin and Frank Montgomery. The debate was on the subject of "Crop Control" with the winners being on the negative side of the question.

The team was victorious on the basis of their ability to place the debate on an issue which the affirmative team had failed to develop. The decision was rendered by Miner Meyers, debate coach at Elmhurst, who gave an excellent review of the debate and explained the basis of his decision. The winners will be presented with medals at the coming Wranglers' Banquet.

Plans are now being made for the annual Wranglers' Banquet to be held May 20. At this event recognition is given to the outstanding speakers of our school. This year there are a great number of members who will receive recognition because of the wide range of events in which the public speaking students of our school have entered. This year four speakers will receive gold S's with pearl settings. This is the highest honor the Wranglers can bestow upon a fellow member in recognition of his representing our school in inter-scholastic competition.

Manuel Rothberg will receive this award for participation in oratorical contests for two successive years. Robert Klopfenstein will receive his pin for his excellence throughout his entire high school career and in recognition of his win in the state discussion contest and in an extemporaneous contest. Richard Shannen likewise has been outstanding in public speaking and has been active in the state discussion event, winning the county contest. Van Perrine also has been outstanding in public speaking throughout his four years in South Side. He is a past winner of the extemporaneous contest and was an active participant in the discussion sponsored by the International Rotary Club.

Others To Be Honored
Robert Adams and Ruth Adler will receive gold S's for their work as representatives of South Side in the FHA contest. Frank Montgomery will receive his award for being winner in the Wranglers' declamation contest. The names of the winners of the freshman-sophomore speaking contest yet to be decided will be engraved on the honor plaque donated by the Psi Iota Psi sorority. All cups won by students of South Side during the past year will also be formally presented at this banquet.

Pedagogues Look Forward To Balmy Days of Vacation

Many teachers have already planned their summer vacation as well as the students. Some will go far to find their place of interest while others will remain at home.

Miss Mabel Thorne will again return for the summer to Labrador. She will take with her Emily Gardner and Charles Thorne, both students at South Side. Miss Mary McCloskey has arranged no definite plans yet, but she hopes to attend the convention of the National Education Association held at the latter part of June in Denver, Colorado. She plans to extend the trip to Yellowstone National Park and the surrounding territory.

Miss Crissie Mott also hopes to visit Yellowstone National Park, leaving immediately after the close of school. She will be accompanied by a friend whose cabin in the mountains they will visit. They will then continue their trip to Los Angeles, San Diego, and other points of interest in southern California.

Miss Alda Jane Woodward in June will attend the annual convention of Psi Iota Xi, a national charitable sorority, which will be held in Bloomington, Indiana. In July she will attend the biennial convention of Alpha Omicron Pi, national college sorority. This convention will be held at Lake Forest, Illinois. The rest of the time she hopes to be at the Worthington Apartments, resting up for her next year's work.

Mr. C. A. Bex will probably attend Carnegie Institute of Technology. He will also make a pretense of exterminating the weeds from his lawn, according to his beloved son, Mr. Martin. Rothert hopes to take a trip East, visiting Washington and Philadelphia. He will also do some gardening on a small scale and will indulge in some light reading.

Graduating Students Increase Since 1865 From Four to 1,000

By comparing the graduating class of the first public high school in Fort Wayne with the graduating classes of the three public high schools of today, one can see how rapidly the secondary schools in Fort Wayne have been growing.

In the year 1865 the first class ever to complete a public high school course in the city graduated from the Fort Wayne High School. The class was composed of four girls, Emma Baldwin, Margaret Cochran, Marian Humphrey, and Abbie Sharp.

In June, seventy years later, over 1,000 boys and girls will graduate from the three Fort Wayne high schools, North Side, Central, and South Side.

The faculty back in 1865 was composed of the principal, Mr. Zack Taylor, and three teachers, Mrs. M. J. A. Green, Miss M. S. Newton, and Miss Annie Abbott. Before 1861 the principal had no assistants and therefore conducted the school by himself. Now the three high schools employ approximately 150 teachers.

The old high school building, which was located at the site of the present Paramount Theatre, was erected and occupied in 1868. An addition to the building was built in 1898. A new high school building, now Central, was built in 1905.

The enrollment in the Fort Wayne High School increased from 118 in 1879 to 676 in 1907. By 1894 the enrollment had reached 346, by 1898 it reached 413, and the 500 mark was reached in 1905.

All this information was collected by Mr. Elma Gould. He has made a careful study of the history of the Fort Wayne high schools and has obtained a large amount of interesting information.

Travel Topic Is Jade Stone Of The Orient

Mrs. Albert Sears Speaks
To Travelers, Shows Fine
Tapestries and Jewels.

Mrs. Albert Sears was the speaker at Travel Club, Wednesday, April 17, on the subject of the jade stone found in China. Preceding the speech, Robert Long played "Country Gardens" on the piano.

Mrs. Sears stated that the emerald green jade stone is the best and most expensive, but the white jade is considered the sacred by the Chinese. The greatest sources of jade are Tibet, Burma, and although much of it is found in China.

"When the Chinese worship heaven, they use a circular green jade, but when worshipping earth, they use the round yellow jade tablet," Mrs. Sears stated. In telling about the customs of the Chinese, she said that their mourning color is white. They use the jade for earrings, necklaces, and rings, but more often for decorative purposes.

Mrs. Sears showed her display of jade stones and also of tapestries purchased in China. In her display are rings, brooches, a snuff bottle with a jade lid, and a carved figure in soapstone, which is often mistaken for jade but is different in that it is not as hard or as cold as the jade stone.

Travel Club asks all its members to collect empty toothpaste tubes and magazines which will be sold and the money used for Red Cross purposes. The senior picnic was announced to be on May 15.

Hi-Y Club To Hold Mother-Son Dinner

Bob Klopfenstein To Be Toastmaster of Annual Banquet
On May 13 in S. S. Cafeteria.

In a business meeting of the South Side Senior Hi-Y Club, Bob Klopfenstein reported that the Mother and Son Banquet will be held at 6:30 o'clock Monday, May 13, in the cafeteria. The price has been set at thirty cents a plate, with the balance of expenses to be paid from the club treasury. Bob was elected to serve as master of ceremonies at this affair.

The committees in charge of the banquet are: publicity, John Bremer, Wayne Bender, Dick Russell; decorations: Wayne Christie, Fred Forbinger, Jim Clapper, Duncan McLeish; program: Newell Kellogg, Lloyd Grodrian, Frank Montgomery, and Paul Randall.

Mr. Donald White Speaks to Artists

Horticulturist Talks on Gardens,
Plant-Landscaping; Paul Randall, Miriam Lickert Entertain

"In building a yard, which is more desirable, beauty or specimen plants?" This was one of the questions addressed to the Art Club members on Wednesday, April 24, by Mr. Don White, prominent horticulturist. "Gardening" was the subject of Mr. White's informal talk. Mr. White stressed the point that one must have a knowledge of landscape before he can plan a beautiful and effective garden. It was decided that beauty could be obtained by the proper arrangement of the most simple flowers, and that one could easily spoil the beauty of his yard by unwise arrangement if beautiful specimen plants.

Mr. White also asked if an observation of nature was important in arranging a garden with the idea of ranging in mind. Since nature is reputed to be one of the finest teachers in life, it was decided that nature should be carefully observed and closely followed. The finest specimen plants, said Mr. White, can be obtained from those who have made a study of them.

After Mr. White's instructive talk, Paul Randall, violinist, played several selections, with harp accompaniment by Miriam Lickert. His numbers were "Speak To Me of Love," "Together," and "Lover Come Back To Me," from Sigmund Romberg's "New Moon."

Mr. White also asked if an observation of nature was important in arranging a garden with the idea of ranging in mind. Since nature is reputed to be one of the finest teachers in life, it was decided that nature should be carefully observed and closely followed. The finest specimen plants, said Mr. White, can be obtained from those who have made a study of them.

Junior Prom And Banquet To Be May 3

Annual Class Affair Will Be
Staged in Cafeteria and
Gym 1st Friday of Month.

'Night of Knights' Theme For Dance

Decorations To Typify Days
Of Medieval Knighthood;
Novelties Are Promised.

Outstanding in South Side's social season, the annual Junior Banquet and the Junior Prom will be given in the cafeteria and gymnasium May 3, the banquet being scheduled for 6 p. m. and the prom from 8:30 to 11:30. The theme for the affair is to be "The Night of Knights," the decorations following the atmosphere of King Arthur's time. Wayne Snider and his orchestra from Elkhart will play for the prom. Fred Nye, president of the junior class, will be toastmaster for the banquet.

The committee in charge of the banquet entertainment is Robert Adams, chairman; Bryce Minier, Bob Storm, Manuel Rothberg, Mildred Poellinger, Virginia Gardner, and Helen Anderson. The committee in charge of the prom program will be Louis Bonish, chairman; Bill Fries, William Hebermehl, Tom Jaenicke, Theron King, Bob Groh, Dick Helm, Bob Noe, Kenneth Scott, Will Scott, Ann Abbott, Maxine Howard, Sonia Vekoff, Hazel Kuttler, Rosemary Chappell, Virginia Griener, and Judy Kroeff. The committee in charge of the orchestra is Marjorie Cartwright, chairman; Bon Silene Craig, Cliff Schrom, and David Steger.

The publicity committee has charge of newspaper stories, art work, and speeches. The committee consists of Dorothy Crabill, chairman; Jim Sweet, Dick Dochterman, Bernadette Dygert, and David Steger. The refreshments and clean-up committee consists of Fred Nye, chairman, assisted by other officers.

Work has been going on for the last week on the decorations for the cafeteria and the gymnasium under the direction of Miss Hazel Miller and Mr. Lloyd Whelan, class advisers, and Gwen Horn and Betty Wolf, co-chairmen of the decorations committee.

Tickets for the banquet will sell for forty-five cents per plate, and those for the prom will be seventy-five cents per couple. The ticket committee consists of Harriett Yapp, chairman; Manuel Rothberg, Dick Strasser, Mary Martha Hobrock, Fred Nye, Dorothy Crabill, Marjorie Cartwright, Gwen Horn, and Robert Adams.

Work has been going on for the last week on the decorations for the cafeteria and the gymnasium under the direction of Miss Hazel Miller and Mr. Lloyd Whelan, class advisers, and Gwen Horn and Betty Wolf, co-chairmen of the decorations committee.

W. J. Hockett, Howard Miller To Give Talks

Foremanship, Chemical Engineering To Be Subject of
Talks To Be Heard Today.

William J. Hockett, personnel director of the General Electric, will discuss foremanship and the absorbing of college graduates in a large corporation, and Howard Miller, chief chemist for the same company, will discuss chemical engineering at the Vocational Guidance meeting to be held today in the cafeteria at 3:05.

Bert Larson was in charge of this week's division, which was technical service.

Home economics, under the direction of Willis Richardson, will be studied next week. Speakers will be Miss Gertrude Keep, domestic science teacher at Central, who will talk on domestic science as a useful science, and Miss Fulsher, director of Wolf & Dessauer's cafeteria, who will talk on the commercial possibilities in domestic science. Both of these talks will be held on Tuesday at 3:05. There will be no talk on Thursday.

The speakers for last Tuesday's meeting were Clyde Green, production manager of the Builders' Supply Company, who talked on contracting and lumbering, and E. W. Nolan, consulting engineer, who told about electrical and civil engineering.

Students Give Voice Of Genuine Feelings With Pet Sayings

Take your choice between the two evils of being a pessimist or an optimist. Personally we won't express our opinion, but here's what other people say about others, and some about themselves.

Students of Miss Hemmer seem to recall that her favorite thoughts deal with themes and result with something like this: "From what encyclopedia did you copy this?" and "Well, who wrote it for you then?" or "Who did the punctuation?" (Some students think her too inquisitive.)

Mr. Null is the picture of delight when someone comes in with a few slips to take students out of his class. Before the procession is over, he usually manages to say, "Now we'll watch him (or them) go out."

Dick Busch, poor boy, says, "I'm tired of it all. I think I'll end it." (When?) Following this remark, someone else said "It would help out the undertakers." Obliging person?

Walt Howey, president of the women's society, refuses to announce his views on the subject. From his position, however, one might suspect his opinions.

Janet Fisher thinks that life is a burden. (She does look a bit weak.)

Mr. Murphy seems to be a very sentimental person from his speech, "Them's my sentiments."

When Terry King was approached on the subject, he just said "Skip it." Maybe he was thinking of his brother.

Bob Klopfenstein tells himself to shut up when he feels lonely. One might think he was not brought up right.

Libby Findly knows the answer to all questions. No one else does. "What do you say?"

Jean Kirby's pet optimistic saying is "What's the difference as long as you're healthy? Even if you're not healthy, what's the difference?"

"In order to prove her optimism, Beanie Dygert goes around singing 'Happiness Ahead.' We hope she bumps into it with a bang."

Three Seniors Take Ball State Shorthand Test

To Choose Delegates From
Five; Anna Brumbaugh Is
Third Highest in State.

That Anna Brumbaugh scored the highest at South Side in the state shorthand test sent out by Ball State Teachers' College was the news received by Mr. Earl Murch, commercial teacher, in a letter from Mr. Studebaker last Saturday. She made the score of 211 points out of a possible 215 points. This score also ranked her third highest in the state.

The contest, which was sponsored by Ball State, is open to all schools which can pass the eligibility test. After the test is passed, the highest papers are sent in to be graded. From these, mediums are figured and the twenty-five schools having the highest mediums are eligible to send delegates to the final contest which will be held in Muncie, April 27.

South Side, which ranks as the highest school in the state, being eligible, will send three delegates and an alternate. These four will be chosen from the five who made the highest scores on the first test. These are Anna Brumbaugh, Alma Nitzsche, Martha Chasey, Emily Gardner, and Dorothy Fathauer. They will be chosen by a series of tests given all this week.

The girls will be accompanied by Mr. Murch, and Miss Martha Pittenger. Mr. Delivan Parks and Mr. Tom Fields are also going along to transport the typewriters.

Van Perrine Wins Second in Contest

Fred Kroemer, Representative
From North Side, Is First in
Rotary Peace Speech Meet.

Van Perrine, South Side's entrant in the Rotary Peace contest was awarded second place in the discussion meet which was held Monday at the Rotary noon meeting. Fred Kroemer, who represented North Side, won first place with his topic of "Peace Through Education." Perrine discussed peace with the topic of "Ultimate Peace Through Education and Immediate Peace by Taking Profits Out of War."

Herman Deck of Central, Alex Lebanoff of Central Catholic, and Robert Speen of Elmhurst placed third, fourth, and fifth respectively. Judges for the contest were Charles Meigs, Otto Marahans, Father Monahan, Rabbi Markowitz, and J. Earl Shea.

The district convention, of which Merle J. Abbott is chairman, will be held in Central High School auditorium on Monday, April 29. The state convention is scheduled for May 1, at Gary, Indiana.

Some Seniors Would, Some Wouldn't--Change if Freshman

Seniors were bewildered when the reporter asked them what they would do if they were freshmen again. These are the answers of some of our dignified seniors:

Jean Kirby: I'd do the same thing I did when I was a freshman.

Clayton Kilpatrick: I'd do the same thing I did when I was a freshman except getting caught in the locker room while opening my locker and causing public scandal.

Ginny Beck and Gerry Henline: We'd only join one or two clubs and be active in those. We'd quit monkeying around so much.

Leone Fredericks: I'd join some

clubs and be active in extra-curricular activities.

Bob Blomker: I'd join only one or two clubs and then study harder.

Aletha Hatfield: I'd join the Times and work to get a gold jeweled pin.

Wayne Bender: I'd join The Times staff as soon as I entered school.

Martha Baumgartner: To make better grades would be my ambition if I were a freshman again.

Senior Fun Fest Will Be In Gym Friday Evening

Directs Fun Fest

Bill Dulin

Bill Dulin, president of the senior class, is in general charge of the arrangements for the Fun Fest to be held Friday evening. This annual senior event will be held on the temporary stage in the gymnasium.

Math-Science Puts John Bex In As Leader

R. Adler, H. Anderson, D. Sherman Officers; High Averages Are Honored.

John Bex, a junior, was elected president of Math-Science Club at the meeting Tuesday evening, April 23 at 7:30 o'clock. The other officers elected were: Ruth Adler, vice-president; Helen Anderson, secretary; and David Sherman, treasurer. These new officers will take office next fall and serve until the end of the semester. The office of Inter-club Congress representative has been left open until a later date.

Principal Presides

Mr. R. Nelson Snider presided at the recognition service for the honoring of those students who had either a major in science and a minor in mathematics or vice versa, had attained an average of 92 or above, had been a member of the club for one year, and had contributed something to the club activities while belonging. Those recognized were Clayton Kilpatrick, Elgin Stump, Wayne Bender, Betty Medaris, Lloyd Grodrian, Jane Louise Erikman, Duncan McLeish, and Garland Eickmeyer. Garland has attained the highest average, that of 97 percent. Arleth Carvin was also given honorable mention. The other eight were awarded with certificates.

The date for the Math-Science picnic has been set for May 29 at Foster Park. Every member intending to go is requested to pay 5 cents. This fee will partly cover the cost of the food; the rest to be made up out of the club treasury. The method of paying this fee will be announced later in a bulletin.

Following the business meeting, the club was adjourned to the biology room where Mr. Howard Michael, a biology teacher of Central High School, gave a talk on the Indiana State Parks. During the summer, Mr. Michael is closely connected with the parks, being at the head of all the guides of all the parks, and, therefore, is very well informed about them. Mr. Michael first told of the Indiana Department of Conservation and its different branches, such as forestry, geology, fish and game, sanitary engineering, and lands and waters. It is under this last department that the state parks are.

Tells of Parks

He first spoke of the Lanier State Memorial, distinguishing it from a state park by saying that a state park is for recreation, and showing the quiet beauty of the place. It is situated in the southern part of the state. He next showed slides of the Clifty Falls State Park whose main feature is, as the name implies, its shelving falls. The next park was the Indiana Dunes State Park which borders Lake Michigan. In contrast to it was the next park of Turkey Run State Park. Pokagon State Park was another. It is noted for its Indian atmosphere. McCormick Creek State, the one at which he spends most of his time, is situated about six miles west of Bloomington. It has many lime stone formations which prove interesting to geologists, and it also has nine large caves. Mr. Michael told several amusing incidents of his experiences while there.

Some one ought to start a movement for "down with Totem payments."

When those from "the sticks" go to the big town, they are likely to get stuck.

The frog is superior to the cat. It can croak more than nine times and still exist.

He who sits and looks at himself in the mirror all day never sees anyone but himself.

Could "Walking on Air" be just a take-off from "The Man on the Flying Trapeze?"

The leaves and grass turn green in the spring, but some students are that way all the time.

Now personally, we could never get lyrical about that certain miracle which gave us U.

Pity the poor politicians. They can never put their foot down without stepping on some one's toes.

Of course newspapers that use the word "blasts" in their headlines may expect to be shaken up.

Of course, the infatuated millionaires of Southern Slush might need brakes for fountain pens; but we are afraid taking the "in" and "uated" off would describe them better.

Young Man's Fancy

In the spring a young man's fancy turns to white shoes. They are the acme of his economic wants. Begging, pleading, and cajoling his mother or even doing menial labor such as housework, (schoolwork), washing dishes, etc., for the mama to procure a pair of the pale shoes, are a few of the tortures a boy will go through. But alas! Boys around school have overstepped the law of Providence. They have committed a sacrilege! Wearing white shoes while the snow still clings to Mother Earth's bosom, is a profanation indeed! May all their children be quintuplets!

How Little Are You?

The Good Book contains this sentence: "Vengeance is mine, I will repay, saith the Lord." The Herald Tribune says that people who are continually looking for an opportunity to "get even" never become big men. They take too much of their time and energy to devise some schemes to "get evn" with someone who purposely or unintentionally had hurt them. History tells us that great men have been open-minded and generous in their dealings with their enemies. Abraham Lincoln amazed the nation by putting into his Cabinet his foremost political adversaries. It meant nothing to him if these men disliked him as long as they were able fitted for the positions he offered them.

We can't all be great and illustrious figures in the world. In fact only a few of us will be famous in our country. But the person who triumphs over petty jealousies and smallness will truly be great even though the world does not acclaim him as so. If one is victorious over these attitudes, it will act as boomerang, returning to him and bringing back double the good he did to someone else.

All Are Excellent Examples

All of our admiration and esteem goes to those persons from our student body who have had bestowed upon them the honor of becoming members of the National Honor Society. This is the highest honor which can be conferred upon a group of South Side students. Four years of hard work have as their reward eligibility to this honorary organization. However, scholarship is not the only feature of a National Honor Society member. Excellence in leadership is of equal importance. Club work and ability in extra-curricular activities bring out this essential characteristic. Each member has been loyal to his school in being active in extra-curricular work, and has also benefitted from his experiences in it. Character is also stressed. These people have fine characters and should be looked up to by all underclassmen. We are proud to know these seniors, and shall hold them as our examples. So we wish to extend our hearty congratulations

and best wishes for success in the future to all new members of the National Honor Society! May we carry on the work so nobly begun by you.

Thoroughly Enjoyable

Much has been said about leisure time; how to spend it, how to enjoy our free time, has been the topic of many discussions. One of the most popular of the solutions that have been offered is reading. Now that most of us have our outside reading points in, we have time to spare for reading anything that catches our fancy.

It was formerly the notion that detective fiction did not make the best reading material. Now that has been overcome. There are many thrilling and adventurous mystery novels by forward authors of today. It has been said that many of the great men were lovers of mystery stories. True stories of adventure are also obtainable at the nearby library.

At the present time many of the old favorite novels are being produced on the screen. It doubles the enjoyment of a picture when one first reads the book, then sees the picture.

There are libraries conveniently located in Fort Wayne; there is the main library uptown, and there is also our own library here in school. The main library also carries a rental library which contains many of the latest books. They were built for your use. Why not use them?

An Educational Experiment

Many college undergraduates complain because of the present-day method of education.

They object to the customary system, whereby individual subjects are studied without relation to other individual subjects.

They object to the accepted procedure of language study, according to which French and Italian and Greek are spoken in classrooms several times weekly and ignored during the remaining days.

The effect of this procedure, college students say, is to give pupils a mass of unrelated facts instead of incorporating appropriate points into a broad cultural background.

The past seven months have witnessed an educational experiment at Olivet College in Michigan, where an attempt has been made to "break the lockstep of elaborate machinery by which we conceal ignorance."

Students, professors and president seem to agree that the experiment has been a success.

Class bells ring no longer at Olivet. There are no examinations, cuts, or compulsory lectures. In place of an elaborate system of grades, quizzes, and credits, there is one preliminary examination, which students must pass to enter the senior division, and one final examination before receiving the coveted degree.

Each new student has a basic tutor. The program consists of lectures, conferences and seminars, the seminars being limited to groups of ten or fewer undergraduates.

The fundamental purposes of the experiment are to widen academic horizons and to put students more on their own without the handicaps of watertight compartments.

It would be of interest to find out how such an experiment would work at our smaller schools. From appearances it seems to be a step towards the right direction.

Freshman Fantasy

What Price Glory?
See you you brilliant athlete? He is a darer of many dangers, a breaker of school records, a flutterer of sweet young hearts. What is the secret of his prowess? Hath he been favored of the gods? Was he born with those sturdy muscles? That unerring judgment? That amazing skill?

Cold and wintry blasts tinged with flurry snow and sleet—gray and empty bleachers frowning down on huddled shivery figures in whites and shorts, separated by knobby legs, blue and rough in the raw wind. Such was the stadium just a week ago. The would-be footballers were there. Their helmets looked curiously large and clumsy without the rest of the padded clothing of the game. Block—push—shift—charge. A fleet halfback skirts an end. A tiny quarterback drops back gracefully to heave a pass. A giant fullback hugs the pigskin to his manly bosom and plunges headlong into the line. Yonder a trio stumbles the last long yards of a weary, weary mile. At the far side, a valiant soars skyward, then falls to the sand carrying the bamboo with him. A high jumper twists himself over the bar. (If the bar sagged any more, I could do 5 feet 8 inches myself.) All very interesting. Next day they were at it again, and the next, and the next. Yesterday, today, tomorrow—always ever at it. The novelty soon wears off. The freshman cannot expect to arrive among the toptoppers. Not often does a soph get there either. It takes three years or four of constant grueling work.

Streamers flying, bands playing, crowds cheering, pop popping. He wins!—a new champion—a school record—another hero! Was he born that way? Perhaps some special endowment was given him, but he earned most of it himself.

The Tiny Times

Nettie's Niece

Dear Aunt Nettie:

The latest news about Carl Goebel and Mary Larimore is that they are still going steady; I don't expect a break up very soon as they seem to be doing all right. The funniest thing that I saw this week was Dot Wilson and Eleanor Rarick walking down the street with large lolly-pops. Apparently they are still in their childhood daze. Roses to Carl Nelson for rating a date with Jane Davis. He took her to a skating party after she had turned down several others. Ann Abbett is said to be very happy because Louie Bonsh has had his braces taken off of his teeth. And with only six easy lessons you can also play like Ellis Lochner, but he plays by ear. Funny, I thought he used his hands! Edie Thornton is home convalescing from a broken clavicle (a \$10 word for collar bone), but we're glad that she didn't get hurt any worse. And then there is the girl that speaks of her boyfriend as "maple syrup" because he is such a refined sap.

McIntosh, accompanied by the gong and her guitar sang, "I Ain't Got Nobody" at a recent potluck. I wonder where she lost it. How gossip does travel, now I hear that Rohrer is between "Wink," the yell leader from Central, and Doris. Dick Dennis is a regular "stooge" for Evelyn Klingenberg. She must have him trained. And now there is a blond girl in sewing class who Danny Weller keeps his eye on when he is in manual training. Isn't that too silly? I suppose next year he will sign up for a course in Home Ec. so he can be near her. Ha, ha, Frank Andrews has been trying to get a date with Gwen Horn for ages. Maybe by this time he realizes that the first 100 years are the hardest.

Did you know that Tom Bennigan spends his whole second period looking at Helen Allen? Time wasted I'd say. Betty Shedron has been writing some notes to Bob Faust in the Greeley Room. They tell me that spring is here, but I'm from Missouri. At least Wayne Decker and Dick Reinke seem to think so, as they have already been swimming in Sylvan Lake this year. Could swimming be a substitute for their daily bath? I'm still up a tree (just an expression) as to who the big attraction in Wabash is for E. Yentes. Another other note writer is Ruby Horst. All of hers go to Willard Squires. What a man! Kranz was plenty embarrassed last week when she got the hiccup in English class. Who wouldn't be, though?

Jackson and Sheets attended a dance recently at Wabash College. Some fun, it was a barn dance, too. Clarabelle Chenoweth is going to the Junior Prom down at I. U. this year, and not with Henry, but with her friend Earl. Some dates at Art Club Dance were Betty Dickmeyer vs. Bill Hockett; Jane Brothers vs. Ray Ballweg; S. Sykes vs. J. Clapper. Dot took Estep toward three of our seniors. They are Wilbur Arnold, Lester Yoder, and Norwald Dahlman. I'm afraid that it'll take more than she's got to get them, as they are much desired men. Mart Ankenbruck thinks that Bonnie Craig ought to mind her own business! So there!

So long, Nina.

Tattle Tales

It's a Wunder Bud finally settled down to one girl. But so far everything has been fairweather for Margaret and him.

A newcomer (who, by the way, seems to be holding his own with the girls) made his appearance last Tuesday morning in the study hall. Each girl tried to coax him to her with delicious-looking morsels of paper, gum, or anything else which they thought would appeal to him. He accepted each offer gratefully and then would gaze soulfully into the donor's eyes by way of thanking her. When the girls ran out of offerings, the dog trotted eagerly to the other side of the room in search of more.

The brunette doesn't seem to want to fall for "Hoody." Eh, "Hoody?"

To Beatrice Fudge and Betty Gross the Meterite Skating Party was just one big FLOP! (Pun.)

Candid Camera

Well, well, what's this newcomer, this intruder in the quiet galleries of the editorial page? Tattle Tales they call it, and "they" are Marjorie Turner, ably assisted at the typewriter by Ina Claire Chappell. We wish you the best of luck, Tattle Tales, and humbly apologize for calling you black heads last week.

Garland Eickmeyer stealing Mr. Gilbert's thunder by teaching his seventh period class. Bernadette Dygert's impatient frown. They say Dorothy Douglas is coming back here. Ray Ballweg and Bob Storm arguing around. Naughty people putting aspirins in coca colas at the publications potluck. Norman Buck spilling pickle juice on his pants. And John Dutterer imitating a geyser with a bottle of coke. That smile on Maxine Morton's face when at the keyboard of the mighty geyser accordion. Every time we look in our 1933 Totem, we wonder what ever happened to the picture of Paul Mielke and Gerry Findley in the S. P. C. article. They're seated on a bench and you can see the bench right through them—Gosh, maybe it's ghosts! Recent visitors to South Side and former students here: Bob Rinehart and Dan Zehr. And then there was the time when Martha Baumgartner couldn't open her mouth. Thanks for explaining your name, Second Table. We understand. Julia Crabb and Eleanor Vesey remind us of their big sisters. That nonchalant look on Dalton McAllister's face. Herb Merrill, '33, back in town. And then Myron Jones read a line from Macbeth and included the line number. Ann Abbett's pleased expression. Why is it you never see a picture of a wrestler smiling? Ursula Morton hurrying to typing class. Sonia Volkoff's brilliant red smock. Bob Hoffman and Gwen Horn (all in the interests of cleanliness) rubbing their names on the wall in room 90.

Well, at last spring is here, with its sunshine, lawnmowers, rug beating and mud. Heigh ho. If it isn't furnaces, it's lawns! The Art Club dance is a thing of the past, and a constant stream of school affairs is scheduled from now on, including the Junior Prom, Sophomore party, school exhibit, and many others. In fact, it's already showing up in the actions of our students. Some are even going swimming! Peggy Kilpatrick, we've heard, went bicycle riding with Korte last Friday. Healthy students are jumping out of school windows and others are breaking chairs with their mighty yawns. We are again engaged in planting trees around the school. Track stars are tramping the cinder path, and last, but not least, "In the spring, a young man's fancy—" You say the rest.

Solution to Wordy Well-Knowns

B. L. G. S.

1635

300 Years of Progress

1935

S. S. H. S.

It is interesting to note the time of entrance into secondary education of the various subjects found in our own curriculum.

1. Latin appeared in 1635 in the Boston Latin School.
2. Mathematics beyond arithmetic did not make its appearance in the Latin grammar school until after the academy had recognized it.
3. The modern foreign languages, French and German, made their appearance in the academy.
4. Science, too, appeared in the academy and developed rapidly in the earliest high schools.
5. Though English was used in connection with translations from the Classical languages and found its way into the academy as a recognized subject, still it is the early high school which elevated it to an important position.
6. History was listed in the academy and the early high school. Expansion in civics and economics has been great in recent years.
7. Commercial subjects were found in the academy as bookkeeping and "mercantile" (commercial) law; it was the high school, however, stimulated by the development in private commercial schools that gave these subjects wide recognition.
8. Manual Training made its appearance in the eighties, sometimes in high schools known as "manual-training high schools" or in regular high schools, by way of two higher technical schools.—The Massachusetts Institute of Technology and Woodward Manual Training School of Washington University at St. Louis. In 1917 the Smith-Hughes Act, providing Federal aid to the states for vocational training, required that each dollar distributed by the Federal government be equalled by an additional dollar appropriated by the state. This money was to be expended only for the salaries of teachers of Manual Training and Home Economics and the training of teachers of these subjects. The result was a rapid development of these subjects.
9. In the last half of the 19th century domestic science appeared in the curricula of several high schools. The names "domestic economy" and "domestic art" also were known. In 1899 the Lake Placid Conference became a pioneer in this. Mrs. Ellen H. Richards, an instructor, is known as the "mother of home economics."
10. Although penciling and painting were listed in the early academy and had a little place there and in the early high school, yet art as it is known today as a subject, is only now being recognized.
11. The opening of the 20th century has seen music given a place in secondary education.
12. The forerunner of health and physical education was physiology, which had appeared in the academy as early as the second quarter of the 19th century. By 1921, 28 states had passed legislation on physical education, bearing upon both elementary and high schools.

Southern Slush

When a woman takes in washing for four dollars a day, that's labor. When she does it for nothing, that's LOVE!

It seems that Steger and Sally Rea can find so much to talk about the seventh period.

Girls who give advice to others go to proms with their own brothers.

Theme Songs: Jackson, "I'm Going Shopping With You," Vesey, "A Little Noddy," Noble, "Take a Number From One to Ten," Jean Creighton, "You're the Top," D. Crabb, "Lovely to Look At."

With Violet cuddling in his arms, Wallace drove his Ford—poor silly Where once he held his Violet He now holds his lily.

Have you noticed the new hairdress of Mme. Chappell? We think it's pretty cute.

Stalin says tyranny made him a radical. Did radicalism make him a tyrant?

Novelties: Harriett Yapp's lip, too cute for words.—The chuckle that bubbles forth from Bob Bligh's mouth. —Rubber cement draped on the snout of Abbett.—These gals new names, Bobo, Peppy.—Boys with these collarless shirts.

Hors D'Oeuvres Is Pronounced Popular Dish—Headline. That's helpful. We always were uncertain about how to say it.

Sally Rea doesn't seem to be splashin' so well lately. Seems if Angie Fruechtenicht has put her out of the Spotlight as far as Paul Lenz is concerned.

A woman will usually forgive her husband's past if he comes home with a present.

You know puppy love is the beginning of a day's life.

A nifty young flapper named June While walking was caught in the rain. She ran—almost flew, Her complexion did, too, And she reached home exceedingly plain.

These people who climb in and out of windows are just too, too dainty! Especially Bender.

A magazine is conducting a contest to learn which are the twelve greatest dates in history, 13,000 contestants, we predict, will start their list, "Antony's with Cleopatra."

Mademoiselle Modiste

By Rosemary Chappell

Stormy weather brings fine feathers. This has been illustrated during the last few days. In spite of the bad and rainy weather, there has been an increase in the wearing of fluffy blouses, new silk dresses, and lovely spring collars. These all add to the spring atmosphere. A dainty blouse of pink satin is displayed by Dorothy Scheele. This clever creation has little puffed sleeves with narrow sleeve bands. It has the typical butcher-boy collar. In the front are two ruffles which are fastened down by crystal buttons. A belt ties in back.

Evelyn Clauser shows a beautiful sweater of dusty pink. The sleeves are short and rather inclined to puff. A round yoke adds to the attraction of the neckline. This yoke is gathered at the top by a knitted string which has small white yarn balls on the ends. The band is wide.

Margie Turner has chosen a fluffy blouse of brown orandy. This is worn with a smart brown swagger suit. Down the front of the blouse is a wide ruffle. It is ornamented with a row of flat glass buttons. The sleeves are puffed. The belt of brown orandy is narrow and ties in a tiny bow in front.

Virginia Noble has a dressy frock of peacock blue and black checked

Second Table

An industry research bug states that Somerville, Texas has the largest tie plant in the world. Just another Gretna Green, huh?

From the portico: Walter Weaver pulls his big woolly cap over his ears and trudges home to mama. Gerry Platt hailing all north-bound cars from the steps. The "thundering herd"—to the street car. Jim Clapper, supposedly copyrighted and tied up, heading south with Durbin. "Dignified" senior girls walking the bannisters.

McIntyre writes of actors, Quillen defines Americanism and ribs Huey, Winchell dittos Bernie and tells us what he never knew before—forgoosesakes, somebody give us an idea!

Another brainstorm: Wanted, One Cave Woman With An Appetite

Oh, for a dame to lunch with me, Without just asking for salad and tea; If she'll eat potatoes and a big plank steak

I'll promise to give the gal a break.

Things we could do without: Those freshettes in the very top row of section C the fifth period in the gym, hollering at the top of their voices. Laverne Boyce's poetry (a horrible example in the preceding paragraph). Ray Ballweg's ideas. Beatrice Schieber's bangs.

That guy Townsend's okay. Giving the folks over sixty-four hundred dollars a month will solve one problem. The young folks won't clamor for jobs.

After all these months: Pauline Crabb and Max Trith look at no one but each other. Elberta Bell still waits for that Knoche. Freshmen forget their locker combinations. Harriet Yapp pronounces the word "ignore" as "ignor." We still hear Tercentenary bulletins.

Student dictionary: Stomach—the thing in men which brides use to practice on while learning to cook.

John Bex ought to have a medal for breaking Times room furniture. His latest adventure was removing the seat from the back rest with one decisive movement.

Rather hard to explain our name, Candid Camera, but have you ever had to wait until the guests had all been served when mom had a house full of dinner guests? Sort of hashy and left-over, y'know.

Everyone has a guaranteed cure for a cold except the doctor.

It is a two-piece dress. The blouse is similar to the tunic blouse. It has three-quarter length bell sleeves. They are ornamented with large flat buttons. Similar buttons are in a row across each shoulder. A wide belt gathers it around the waist-line. The skirt has slim lines. It has a single pleat on each side.

A pretty collar of white satin trims Irene Dicke's blouse. It is fashioned in the round, school-girl style. In front is a small bow of the same material as the rest of the collar. This fabric is different from most satins in that it has stripes which form tiny checks.

For school, Harriet Storm picks a smart swagger coat of yellow and brown striped wool. The background of the fabric is light tan. It has long full bell sleeves. These have wide cuffs and are trimmed with brown buttons on the right side. For warmth, large pockets are provided.

Another pastel-colored sweater is worn by Helen Parker. She has chosen bright yellow. A square yoke gives interest to the neckline. The sleeves are long with wide cuff-bands. A zig-zag stripe is featured in the knit.

Archer Thinlies To Travel To Meet At Kokomo Saturday

Blue And Red Also Entered In Track Meet

Stiff Competition Expected By Local Squads; Many Excellent Teams Entered.

Green's Chance Is 1500 Yard Relay

South Side Hopes For Win In Event, Hold Present Record; Weak Otherwise.

South Side, Central, and North Side will send their track teams to the Kokomo Relays Saturday afternoon. Between twenty-five and thirty schools will send their squads to this outstanding annual Hoosier high school track event. The best teams of the state, including Horace Mann of Gary and Kokomo will be represented. The winner of this meet stands an excellent chance of capturing the state tourney in a few weeks.

South Side does not expect to accomplish very much in the way of scoring points. This meet is usually much tougher than the state meet itself. Coach Lundy Welborn expects to experiment somewhat to uncover material for the remainder of the season.

May Win Relay
According to Lundy, South Side stands little chance of scoring in more than one event, the 1500-yard relay. In 1932 South Side's 1500-yard relay squad composed of Enslay, Fleming, Yane, and Beery, set a new record of two minutes, fifty-five and nine-tenths seconds. The Archers will throw their greatest strength into this event to preserve South Side's record. This relay squad is composed of Kessler, Miller Makey, Norris, and Schoenfeld, who have run as a mile relay squad this year, scoring a first place in every meet.

The Kokomo Relays are somewhat different from ordinary meets. No flat running events are scheduled except the 100-yard dash. High hurdles, low hurdles, broad jump, high jump, shot put, and pole vault events are run off as in any other meet. However, a middle relay, consisting of 220, 440, and 880-yard runs and a mile run, middle distance relay, composed of two quarter-mile runs and two half-mile runs, are scheduled in addition to the usual half-mile relay. In place of the usual mile relay, a 1500-yard event is run.

Award Five Places
Instead of the usual point system on a 5-3-1 basis, five places will be rewarded on a 5-4-3-2-1 basis. Medals will be given to winners of first, second, or third places; ribbons for fourth and fifth positions in the single events. In the relays school trophies will be given, the individual runners receiving medals or ribbons. The school winning the meet will also be presented with a school trophy.

Neither North Side or Central is expected to do much better than the Archers. The Redskins may place in the hurdles and broad jump; the Tigers in the broad jump. However, in other than these events the Fort Wayne schools are not expected to be tough enough to place.

Other schools expected to attend are Washington, Shortridge, Technical, and Ben Davis all of Indianapolis; Hammond, Noblesville, and Marion. About fifteen other schools are expected to turn in entry blanks, but they are not yet definite.

G.A.A. Baseball Series Continues

Frosh 1, 2, and Junior 1 Victors in Games Monday; Miss Gretchen Smith in Charge.

G. A. A. baseball games continued Monday evening at the baseball diamonds in the lot opposite the school, under the direction of Miss Gretchen Smith.

Freshman 2 team defeated Freshman 4 team, 54-5 in a walk-away game, with every member of team 2 making at least three runs.

In a close game Frosh 1 defeated Frosh 3, 20-16, due somewhat to the outstanding playing of Seifert, Blum, Niemeyer, and Buesking.

Under the leadership of M. Hower, Junior 1 team defeated Sophomore 1 team, 17-12 in a hard, well-played game. M. Hower and J. Brite each made two home runs, and M. Dickmeyer scored three home runs for the Junior 1's. Home runs were hit for Soph 1's by Campbell, DeHaven, Disler, and Kern.

Sprints For The Archers

Merl Norris

Merl Norris, one of this year's most prominent members of the track squad, has been performing well. He runs in the 440, 880, and the mile relay. Norris is expected to be a prime factor in piling up points for South Side in the coming city track meet. This meet is of more importance to most South Siders than any other, and Merl's ability will be much appreciated.

Around The Cinder Path

The Archer tracksters really showed plenty of strength at the Laporte invitational and surprised many of the cinder fans by capturing second place. The Green carried off only four firsts in the thirteen-event meet, but captured enough seconds, thirds, and fourths to slide into second place. The meet was run off on the 5-3-2-1 point system.

Kessler and Norris again showed their heels to all opposition in the 440 and 800 yard dashes. These boys are really doing well in every meet and will be the backbone of the Kelly Klads in the city meet next month.

Ed Leitz continued to pile up the points in his specialties, the broad jump and the shot put. Ed carried off first place in the former event and placed second in the latter. He, too, should be plenty tough by the time of the city meet.

The Archers have also shown some strength in the hurdle events. Weimer and Prociase carried off second places in the high and low sticks respectively. However, they will probably find that the competition of Hathaway from North Side will be too much for them in the city meet.

Fore! Love 30 Are Calls of Sportsters Under J. McClure

As warm weather once more assails us, golf and tennis come into their own as more or less principal sports. Those who have ability in these two sports are able to show it under the tutelage of Coach Jake McClure.

It seems that this year's crop of tennis prodigies are rather lacking; and, unless some ambitious racketeers show up, tennis will take a back seat to golf this year. South Side will have a group of veterans from which to choose a golf team, so this school should be well represented by experienced golfers. The first three men have already been selected, and a hot fight is in store for the fourth position. The Archers will tangle in their first meet of the year with Marion. This is the only meet thus far scheduled. Mr. Ora Davis, athletic manager, is now working on a schedule for the team. It will be announced as soon as it is completed.

Basketball Finals To End Tourney

Intramural Contestants Play Deciding Rounds in Light, Middle, and Heavy Divisions.

The Archers of the Red League and the Tornados of the Blue League will play each other for the middleweight championship. The Yankees and Dukes are the finalists in the lightweight playoff. The heavyweights have advanced to the third round of their tournament.

Results and standings in the Red League were:
Archers 6, Plugs 5; Tigerettes 4, Jones Boys 10.

	Won	Lost
Archers	3	0
Jones Boys	2	1
Plugs	1	2
Tigerettes	0	3

Results and standings in the Blue League were:
Tornados 13, Hoosiers 11; Spices 2, Jinks 0.
Tornados 3, 0
Hoosiers 2, 1
Spices 1, 2
Jinks 0, 3

The lightweights have entered the finals in their tournament with the Yankees and Dukes as contenders. First round results were:
Dukes 10, Slugs 5; Spartans 6, Yankees 9.

Results in the second round of the heavyweight tournament were Wolves 9, Percys 8; Stooges 29, Kards 10; Siwashers 11, Redskins 9; Stooges 24, Wolves 10.

Curtains for Principal
The girls of the sewing class at Emmerich High School in Indianapolis made curtains for the principal's office.

Howard Hall Is Awarded King Trophy

Three-Year Varsity Player Is Honored at Lettermen's Banquet Held Thursday.

Howard Hall, one of South Side's foremost basketball players, and guard and forward for the past three seasons, was awarded the King trophy by Dr. E. A. King at the Lettermen's annual banquet held in the cafeteria last Thursday. This trophy is awarded annually to the South Side basketball player on the basis of attitude shown and value to the team over the entire season. Hall made the reserve team in his freshman year and has played on the varsity squad during the past three years.

Mr. R. Nelson Snider presided as toastmaster and introduced the speakers of the evening. Mr. E. J. Gallmeyer, who gave the principal address, stressed the point that every one should try to reach the top and not be satisfied with anything less. He stated that they should always try to win a letter wherever they are and in whatever they do.

Mr. McClure gave a short talk telling about the different outstanding games. Mr. Welborn compared the boys to the solar system, stating that there will always be outstanding stars but that it takes dimmer stars to make the bright ones stand out. Both coaches thanked the boys for their fine and excellent work during the season.

Mr. Paul Sidell as faculty representative told several amusing facts about the lettermen with whom he had come in contact.

Mr. Merle J. Abbott spoke about the fine qualities which the different boys had shown during the work in athletics. Miss Pittenger thanked the boys for their fine work and stated that we all enjoyed the games and track meets.

Gordon Straley, Letterman representative, thanked every one for their fine co-operation.

Eight sweaters were awarded to deserving athletes by Ora Davis, faculty athletic manager. The sweaters were awarded to Hall, Bob Symonds, Joe Close, Gene Jackson, Brower George, Jim Ellenswood, Paul Lohse, and Jim Hilgeman.

Musical entertainment for the banquet was under the direction of Mr. Jack Wainwright. The Little Symphony played during the banquet, and a trio composed of Paul Randall, violinist; Avanel Glass, pianist; and Miriam Lickert, harpist, played between the speeches.

Members of the Wo-Ho-Ma Club served for the banquet.

Archer Thinlies Place Second In Laporte Invitational Meet

South Side made a good showing Saturday in winning second place at the Laporte invitational meet by garnering thirty-eight and three-quarters points. Laporte proved itself superior by running off with forty-five points and the meet. Riley of South Bend was third with twenty-eight markers. Michigan City and Winamac each scored ten points, Knox nine markers, and Nappanee was last with one-fifth point.

Two years ago the Archers entered this meet and won first place. Last year they were near the top, but Mishawaka was too tough. Mishawaka did not enter this year, leaving South Side, Laporte, and Michigan City as favorites. The Archers and the host team came through as expected, but Michigan City fell down, tying with Winamac for fourth place. On the other hand, Riley of South Bend did somewhat better than expected, making a third.

South Side scored four first places, in the 440 and 880-yard runs, the broad jump, and the mile relay, and tied for first place with three others in the high jump. The Archers took seconds in the shot put, half-mile relay, and high and low hurdles, third position in the broad jump, and fourth positions in the 440-yard dash and in the shot put.

Darwan Kessler, flashy senior, was high point scorer for the Green with 8 1/4 markers scored in the 44-yard dash, the broad jump, and the mile relay team. Ed Leitz was a close second, scoring eight points with a first place in the broad jump and a second place in the shot put. Merl Norris earned third highest points for the Archers, scoring 6 1/4 with a first place in the half-mile run and a share in the mile relay team.

Several other members of the squad accounted for the remaining points. Miller Makey took fourth in the 440-yard run. Weimer scored in the high hurdles and Prociase did likewise in the low hurdles. Miller took a fourth position in the shot put. Alexander accounted for several points by tying with three others for a first place in the high jump.

Both relay teams came through to win places in their events, as they have done in every meet this year. The mile relay team, composed of Kessler, Norris, Makey, and Schoenfeld, captured first place. The half-mile relay team, made up of Ostermeyer, Eschoff, Feichter, and Beemer, scored second in their run.

Sectional Meet Will Be Held Here May 11

South Side Is Named To Act As Host For Local Section Of State Track Tourney.

South Side has been chosen as the site for the local 1935 sectional track meet to be held Saturday, May 11, announced Arthur L. Trester, commissioner of the Indiana High School Athletic Association. South Side will again act as host after a lapse of two years, Garrett entertaining the meet for the past two years.

Sectional track meets are to be held in fifteen sectional centers to decide the entries for the annual state outdoor track and field meet to be held at the Butler University field in Indianapolis on the following Saturday.

Athletes placing first or second in sectional track events will be eligible to compete in the state final meet as will winning relay teams.

Events to be held in the sectional meet are:

One hundred yard dash, 220-yard dash, 440-yard run, half-mile run, mile run, 120-yard high hurdles, 220-yard low hurdles, high jump, broad jump, pole vault, shot put, half-mile relay, and mile relay.

Points in the sectional meets will be awarded on a 5-3-1 basis, but in the final meet five places will be awarded on a 5-4-3-2-1 basis.

222 Workers On Honor Roll At Mid-Term

Industrious Students Are
Listed; Must Make, at
Least, Average of 90%.

Juniors In Lead With 84 Names

Seniors Are Next With 68;
Sophs Have 45; Frosh
Trail Group With 25.

Two hundred and twenty-two industrious students were rewarded for their labors by being placed on last semester's honor roll, announced Mr. R. Nelson Snider. The juniors were first with eighty-four, seniors next with a total of sixty-eight, sophomores third with forty-five, the freshmen trailed with twenty-five members. To receive this honor, one must have an average of 90 percent or over in his grades.

If any names have been left off the following list, it was because some cards were not turned in on time. Pupils whose names were omitted are asked to see Mr. Snider immediately:

Ann Abbott, Robert Adams, Ruth Adler, Catherine Allendorph, Robert Archer, Ruth Baade, Marion Bailey, Harriet Basford, Phyllis Bauer, Virginia Baumgartner, Fay Bechtold, Bevington, John Bex, Joseph Bex, Eric Beyer, Billie Bichacoff, Albert Bidelot, Robert Blomker, Joan Bonisib, Louis Bonisib, Lavern Boyce, Robert Braungart, Anna Bremer, John Bremer, Richard Bridges, Jane Brinkman, Goldie Bruoit.

Norman Buck, Wilma Butler, Wilson Byer, Ralph Campbell, Dorothy Canada, Arleth Carvin, Ina Claire Chappell, Rosemary Chappell, Clara-belle Chenoweth, Clarissa Coburn, La Von Cook, Helen Cox, Dorothy Culler, Margaret Crankshaw, Phyllis Culver, Eleanor Cupp, Charlene Davis, James Derr, Margaret Dickmeyer, Caroline Dirmeyer, Aldena Disler, Helen Doenges, Bernadette Dygert.

Garland Eickmeyer, Paul Ellison, Georgianna Engle, Betty English, Thelma Ervin, Mary Fark, Dorothy Fathauer, Virginia Fathauer, Don Faux, Helen Forker, Ruth Fowler, Martha Franz, Miles Frisinger, Virginia Gardner, Ruth Garsen, Betty Garton, Robert Garsen, Richard Gert, James Geiger, Ruth Gerber, Louise Gerding, Reginald Gerig, Frank Glusenkamp, Max Goddard, Ruth Goebel, Dorothy Goegelein, Ruth Goegelein.

Clarence Greider, Virginia Greiner, Lloyd Grodrian, Elizabeth Gross, Lillian Gunzenhauser, Constance Haag, June Haeger, Dorothy Hall, Robert Harruff, Ruth Henline, John Hines, Catherine Hirschman, Mary Martha Hobrock, Mildred Hoff, Verna Holtman, Gwendolyn Horn, Maxine Hughes, Alice Hulse, Robert Ingham, Jeanette James, Myron Jones, Robert Jones, Laverne Keel.

Martha Keesler, Jack Kelley, Helen Kelsey, Joan Kennedy, Clayton Kilpatrick, Robert Klopfenstein, Lucille Kneller, Sybil Knudson, Elsie Koch, Evelyn Kruse, Justine Lahrman, Richard LaMar, Rosemary Lehman, Elizabeth Lickert, Miriam Lickert, Selma Liff, Ellis Lochner, Robert Lohman, Jane Loomis, Kathryn Magley, Lois Magley, Max Magner, Maxine Manock, Maxine Marjette, Hubert McEwen, Gergetta McIntire, Duncan McLeish, Betty Medaris, Eileen Mentzer.

Leona Menze, Carl Mesing, Lorraine Meyer, Frederick Meyers, Verneal Meyers, Mary Michaels, Vernon Meller, Bryce Minier, Elizabeth Neff, Grace Nelson, Dorothy Newell, Martha Newell, Alma Nitzsche, Kathryn Pape, Robert Peterson, Margaret Ann Porter, Helen Potter, Frederick Prange, Betty Rayl, Sally Rea, Edward Reeves, Marjorie Rose, Ruth Rose.

James Roth, Manuel Rothberg, William Roy, Margery Jean Ruhl, Margaret Jane Ruhl, Francis Russell, Geraldine Schaefer, Lorita Schaefer, Lorene Schannen, Richard Schannen, Marjorie Scheuman, Frieda Schubert, Kenneth Scott, Geneva Shearer, David Sherman, Robert Shimer, Robert Shookman, Maxine Siler, Elizabeth Simminger, Katherine Simminger, Harrison Simon, Donald Sinish, Geraldine Smith, JoAnne Smith, Julie Anne Smith, Harry Snider, Richard Snook, Elizabeth Somers.

Don Sparkman, Lewis Squires, John Staley, Harriett Storm, Robert Storm, Richard Strasser, Elgain Stump, Shirley Sykes, Alwita Tarney, John Thackeray, Charles Thorne, Edythe Thornton, Marcella Tieman, Max Tritch, Edward Turner, Marjorie Turner, Porrestine Valentine, Henry Velkoff, Eleanor Vesey, Virginia Vesey, Betty Wainwright, Helen Walbert, Robert Weil, Claudine Wells.

Elinor White, John Will, Betty Lee Wilson, Betty Wimmer, Marie Winkler, Kathleen Witmer, Robert Woehr, Marie Wolf, Virginia Wood, Viola Yanne, Harriett Yapp, Jerry Zehr, Clifford Zieg, Jessie Zollars.

Aids With Dance

Betty Wolf

Betty Wolf, a member of the junior class, is one of the co-chairmen of the decorations for the Junior Prom. Final plans are being completed for the dance which will take place Friday, May 3, in the gymnasium.

Journalists Plan Banquet May 7

Quill and Scroll Members of
South Side and North Side To
Be Feted at Annual Dinner.

Thirty-seven members of Quill and Scroll chapters in South Side and North Side will attend the annual banquet which will be held on Tuesday, May 7. The banquet will be given in a private dining room at the Mandarin Inn at 6 o'clock. The menu will consist of fruit cocktails, clam chowder, fish, steak, combination salad, green beans, hot rolls, and pie a la mode. Entertainment for the event is to be in charge of Ursula Morton.

Two old members and thirteen initiates of North Side, and five old members and sixteen initiates from South Side will attend. Those from South Side who will attend are John Bremer, Charles Baumgartner, Marjorie Baumgartner, Suzanne Meyer, Arleth Carvin, Charlene Davis, Aletha Hatfield, Lloyd Grodrian, Gerry Henline, Ruth Jones, Mary Snider, Dorothy Nance, Bill Hockett, Dorothy Fathauer, Alma Nitzsche, Margie Killen, Berneta McIntosh, Edythe Thornton, Lois Magley, Wayne Bender, Ursula Morton, and Miss Rowena Harvey, faculty adviser.

Soph Party Theme Is "Gingham Gallop"

That the Sophomore Party will be held on May 10, in the form of a "Gingham Gallop," was the announcement of the committee in charge this week. Dancing and games will take place in the gymnasium, and refreshments and a program will be in the cafeteria. Decorations will be carried out in gingham.

Those on the decorating committee are Jean Creighton, Louise Closs, Sally Rea, Betty Jean Bond, Jane Kennedy, Beatrice Fudge, Hilda Spangle, Claudine Wells, and Eleanor White. The ticket committee is headed by Don Sparkman. Tickets will be on sale next week for twenty-five cents. Jerry Zehr is chairman of the orchestra committee. The other members are Miles Porter and Georgianna Jane Jones. Grace Nelson is in charge of the refreshments.

All Signs of Spring Indicate Tea Dance

Tulips and daffodils! Robins and blue birds! All are signs of spring. In the celebration of the return of spring a gala tea dance will be held in the cafeteria after school Friday. The room will be decorated with all colors of the rainbow in keeping with the spring theme. These decorations will be loaned by the Art Club. Rudy Errington's orchestra will furnish the music for the affair.

To the first two hundred students in attendance, favors, which will also carry out the theme of spring, will be given. A feature of the dance will be a tap dance on roller skates, presented in costume by Bob Klopfenstein and Eleanor Cupp. Their accompaniment will be played on the piano by Betty Wainwright.

Miss Emma Kiefer and Miss Martha Pittenger will serve as chaperones. The committee in charge, Harriet Yapp, Bernadette Dygert, Virginia Vesey, and Pauline Crabill, extend an invitation to every student in the school. A large number are expected as this is the last tea dance of the school year.

Shakespeare's Superiority Shines Through Centuries

This week, students of drama and literature are remembering the birth, and coincidentally, the death of the greatest dramatic poet, William Shakespeare.

"Born at Stratford-on-Avon, married and had children there; went to London, where he commenced as an author, and wrote poems and plays; returned to Stratford, made his will and died—this," says Stevens, "is all that is known with any degree of certainty about Shakespeare." However, his real biography lies in a critical estimate of his writings and in the long drawn-out search of one historian after another.

Shakespeare's baptism was registered at Stratford on April 26, 1564; so it is to be supposed that he was born perhaps within a week of that date. He received his education (fairly substantial, considering the time) at a free grammar school at Stratford, learning besides English "small Latin and less Greek." Of his early youth little is known with certainty. Some hold that he was an attorney's clerk. The tradition is that he was a wild young fellow, stealing deer. At any rate, this was the period during which he was storing up knowledge and cultivating that range of genius which made him what he became.

Shakespeare married Anne Hathaway in 1582, and to them were born three children—Susanna, Hamlet, and Judith. In 1586, he became connected with the Blackfriars theater in London. Soon after he was made a joint proprietor, and it was through this venture that he became rich. In the twenty years between 1590 and 1610, Shakespeare wrote and produced most of his plays. To the first decade belong chiefly the histories and comedies; to the second, the tragedies. Some or all of them were performed before the royal court. In 1603, Heminge and Condell, his stage companions, gave his plays to the world in what is known as the "First Folio." Prefixed to this edition was an authentic half-length portrait of the author.

That Shakespeare's works quickly rose to prominence in the field of English literature, we may judge from the fact that, in 1592, when he had been in London not more than five or six years, he was the object of a jealous attack by a rival playwright. At the age of forty-nine he was able to retire to Stratford-on-Avon in luxury. To Shakespeare are attributed thirty-four plays, counting as single plays those that are written in two parts. As before mentioned, his works are divided into three classes. Nearly everyone is familiar with at least a few of these, which are considered the best in each class:

Comedies: As You Like It, Merchant of Venice, Winter's Tale, The Tempest, and Twelfth Night.

Histories: Richard III, Henry IV, Henry V, Henry VIII, King John, and Julius Caesar.

Tragedies: Hamlet, Macbeth, King Lear, Othello, Romeo and Juliet. In addition to his dramas, Shakespeare wrote two long narrative poems and 154 sonnets. It is said that Shakespeare's greatness is his universality; he was "not of an age, but for all time." Other writers may have equalled Shakespeare in some one quality, but he excels them all in the combination of all.

The great author died on April 23, 1616, which is supposed to be the anniversary of his birthday. His body lies in the chancel of the parish church. On a slab which marks the spot are inscribed lines traditionally attributed to Shakespeare:

"Good friend for Jesus' sake forebear; To digg the dust enclosed here; Bleste be the man that spares these stones."

And curst be he that moves these bones." In South Side High School, four of Shakespeare's best known plays are used in English. They are: Merchant of Venice in English III; Julius Caesar, IV; As You Like It, IV; Macbeth, VII; and Romeo and Juliet, VIII. In commenting on the author's works, Mr. Benjamin Null, head of the English department, said, "The fact that we have four of Shakespeare's plays in the course of study here would indicate what we think he is worth, and I think I speak for the whole staff of English teachers when I say that."

More of Shakespeare's plays are used in the curriculum than those of any other one author.

Dr. Noah Zehr Will Be Health Week Speaker

Prize Poster Winner To Be
Announced at Assembly
Program Friday, May 3.

Health Week, the purpose of which is to encourage the pupils of the three high schools to keep clean and healthy, hence, to help greatly to prevent disease, will be held from April 29 to May 3. The committee in charge of the program for this week is Miss Alice Patterson, chairman; Mr. Louis Briner, Miss Gretchen Smith, Miss Crissie Mott, Miss Pearl Rehorst, and Miss Edith Crowe.

Miss Erma Dochterman, South Side art teacher, is in charge of the posters which will be judged on Wednesday under the sponsorship of the Girls' Athletic Association. Last year the first prize was one dollar, but the prize of this year has not yet been decided.

A talk by Dr. Noah Zehr will be the feature of an assembly to be given on Thursday, May 3.

During the week talks are being given in all the home rooms. This program, based on the booklet, "Health Through the Ages," is as follows:

Monday—A King's Physician; A New Social Conscience.

Tuesday—The Lady With the Lamp, and The Basis of Modern Surgery.

Wednesday—The Secret of Contagion, and The Defenses of the Body.

Thursday—The Modern Health Department, and The Conquest of Yellow Fever.

Friday—The Mind That Found Itself, and Chemistry of the Body.

Times Sponsors Contest

The Times, in co-operation with the Scholastic Magazine, sponsored a contest for members of The Times staff yesterday. The test was a current events examination and was taken by several students of The Times staff. This was the fourth annual news examination sponsored by the Scholastic.

Exactly \$1.75 To Be Due on Totem Tuesday

"All students must have \$1.75 paid on their Totems by the end of April," Martha Baumgartner, circulation manager, has announced. The Totem must be paid in full by May 10 or a fine of 25 cents will be added. Totems may still be ordered at the Totem office. The full price is two dollars.

New Memberships In National Honor

(Continued from page 1)

dent of Senior Hi-Y, and secretary and vice-president of French Club. He has been a member of Junior-Math, Travel, Math-Science, 1500, Wranglers, and Times staff, and is co-business manager of the Totem. He was elected to Quill and Scroll.

Anna Brumbaugh was vice-president of Math-Science, treasurer of Philo, vice-president of Student Players, and a member of Art, 1500, Times, Totem, and G. A. A. Goldie Bruoit was vice-president of Inter-Club Congress, delegate of Pebble Pups; she has a letter in G. A. A. and has been a member of Travel, Math-Science, Art, French, and Rifle Clubs. Eleanor Cupp has been secretary of Wranglers, secretary and vice-president of French Club, and a member of Junior and Senior Student councils, and Philo, Travel, Art, Student Players, Math-Science, Speakers Bureau, Times, and Totem.

Catherine Hirschman was secretary of French Art Library Club, vice-president of G. A. A., U. S. A., and Inter-Club Congress. Bill Hockett was editor of the Totem, president of Wranglers, vice-president of 1500, and a member of Latin Club and Quill and Scroll. Alice Hulse was president and treasurer of Philo, secretary of her class during her sophomore year, and a member of Art, Wranglers, and Boy. Clayton Kilpatrick has been secretary-treasurer of Torch Club, president of Student Players, secretary of Philatelic, and a member of Latin, Writers Club, Math-Science, Social-Science, and Inter-Club Congress.

Jane Kimble has been a member of the orchestra, Glee Club, Travel and Art. She has provided piano music for musical productions during her four years at South Side. Bob Klopfenstein has been president of Torch, Junior Hi-Y, and Travel Clubs. He has been vice-president of Torch and Travel, and a member of Latin, Junior-Math, Wranglers, Senior Hi-Y, Glee Club, and Student Players. Bob has been very prominent in public speaking, having won several contests. Ellis Lochner has been a member of Philo and Student Players. He was president of German Club and Pebble Pups and copy-editor of the Totem. Duncan McLeish has been president of Junior Hi-Y and Math-Science, and a member of Radio, Senior Hi-Y, Torch, and Travel.

Betty Medaris has been vice-president of French, treasurer of Philo, and a member of U. S. A., Math-Science, G. A. A., and the Glee Club. Suzanne Meyer has been president of So-Si-Y, secretary of German, and a member of the senior social council, Meterites, G. A. A., Junior-Math, Math-Science, and assignment editor of the Totem. Ursula Morton has been president of 1500 and U. S. A., vice-president of Math-Science, and a member of So-Si-Y, Booster, Writers, Student Players. She was general manager of the Times and a member of Quill and Scroll. Margaret Murphy has been vice-president of Student Players and Philo, and a member of Art, Meterites, Wranglers, Booster, Speakers Bureau, and Times staff.

Alma Nitzsche has been secretary of Meterites, Times managing editor, Totem sophomore editor, and a member of Quill and Scroll, 1500, Wranglers, Art, Math-Science, Philo, and Student Players. Frank Montgomery has been secretary of Junior Hi-Y, president of French, and a member of Torch, Senior Hi-Y, 1500, Student Players, Wranglers, and Travel. Frederick Prange has been president of Pebble Pups, copy editor of the Totem, and a member of Travel and German Clubs. Paul Randall has been treasurer of Hi-Y and a member of French, Wranglers, Glee Club, orchestra, and Totem staff. Sam Rea has been a member of the Totem staff, 1500, Wranglers, Math-Science, Inter-Club Congress, and the Times staff.

Alice Mae Siebold has been treasurer of Philo, and a member of G. A. A., Math-Science, Art, and Travel. Harrison Simon is a member of the National Honorary Athletic Society, secretary-treasurer of Lettermen's, and a member of Math-Science. Helen Sinish has been a member of Latin, Math-Science, orchestra, and Glee Club.

Chew Your Troubles Away! Make Work For the Janitors

South Side High School, it seems, is an everlasting monument to the enterprise of William Wrigley, that famous personage who gave the English something to laugh about, in short, chewing gum.

The gaping mouths of our beloved nation long did nothing but gape. Then came Wrigley and chewing gum! Following Wrigley and chewing gum, it seems, came a multitude of receptacles commonly called waste baskets which were also supposed to have gum thrown in them, here at South Side. We'll bet the gala day when they were installed was one long to be remembered by sentimental graduates. In fact, if we weren't in kindergarten at the time, we'd have given three weak cheers. Just think of it! A special place to put our worn-out gum!

But did our early ancestors here appreciate it? We can't exactly say off-hand; but, judging by the amount of thirteen years to one-day-old gum which greets our venturesome fingers unexpectedly everywhere, we would say that they didn't.

In fact, if we someday find ourselves

looking at the ceilings it wouldn't look like school if there wasn't a wad there. If you see a troubled scholar frantically attempting to rise from his seat, you can be fairly sure what the cause is. That gooey stuff sold in little five-cent packages!

Perhaps it was a blessing in disguise (though not for the taxpayer). Just ask Joe Junk, one of our ambitious brush-pushers. Every night upon his daily rounds, he comes across loads of it. Under chairs, on pedestals in the halls, on the floors, on the walls in fact, every available space is soon unavailable, at least until our hero enters. Viola! What a change! In the tracks of the eradicator everything is as white and clean as the day it was built. It might well be said that the motto of the janitors is "Neither dust nor dirt nor stick of gum, stays these swift cleaners from the rounds of their appointed tasks."

U.S.A. Banquet Scheduled Today

Annual Spring Affair To Be Held
At Y. W. by Girl Reserves;
Mother-Daughter Tea in May.

The annual Spring Banquet of the Girl Reserves will be held at the Y. W. C. A. on April 25. Julia Crabill is the ticket chairman for the U. S. A. Club. The price is twenty-five cents.

Helen Meese is the chairman of the committee for the Mother-Daughter Tea which will be held on May 23. Those assisting her are: Paula Gerding, Marjorie Crago, Betty Williams, and Phyllis Barrows.

An interesting program is planned for the meeting of April 25. The committee in charge of this meeting comprises Ruth Blue, chairman; Ellen Adlington, Vivian Blue, and Anita Ad-folter.

GinghamGallop Will Be Theme For Soph Party

Affair To Be Held May 12
In Gym and Cafeteria;
Prize for Best Costume.

Bud Goldman Band To Furnish Music

Novel Decorations Planned;
Committee Heads Listed;
Program Includes Games.

The most interesting and entertaining event of the school year, the "Gingham Gallop," given by the sophomore class, will be held Friday, May 12, beginning at 8 p. m. The party will be held in the gymnasium and the cafeteria. Both sites will be elaborately decorated to carry out the "gingham" theme.

Girls are requested to wear gingham, seersucker, or anything "cottony." Boys should contrive to wear something to carry out the central idea of decoration, if it is only a gingham tie. A prize will be given to the boy and the girl whose costumes show what the well dressed ginghamite should wear.

To Have Games
The evening's entertainment will include games in the gymnasium followed by dancing, the music for which will be furnished by Bud Goldman's orchestra. Refreshments will be served in the cafeteria, followed by a program.

The ticket sale closes promptly at 4 on May 8. Absolutely no tickets will be sold after this date. The cost of admission is twenty-five cents a person. Tickets may be secured from the following people: John Bex, Charles Thorne, Emily Lepper, Thomas Makey, Ruth Garrison, Ruth Goeblin, Dorothy Herbst, Victor Neusbaum, Betty Gross, Mary Jane Wagner, Robert E. Lee, Dale Cutter, Bill McLeish, Irene Ehlinger, Bob Storm, Dorothy Newell, Don Basinette, and Edward Snook, or from Mr. Verne A. Flint or Miss Pearl Van Gorder, the faculty advisers.

Name Chairman
The heads of the committees are: decorations, Jean Creighton; program in the cafeteria, Virginia Fathauer; program in the gymnasium, Jerry Zehr; food, Grace Nelson; and tickets, Don Sparkman.

The chaperones will be the parents of the officers, Mr. and Mrs. R. Nelson Snider, Miss Martha Pittenger, Miss Van Gorder, Mr. Flint, and other faculty guests.

The officers of the sophomore class who are in general charge of the affair are Jerry Zehr, president; Don Sparkman, vice-president; Grace Nelson, secretary; and Virginia Fathauer, Jean Creighton, and Miles Porter, student council.

French Club Pins Presented Seniors

Are Given To Those Having
Highest Number Points; Test
To Determine Honor Pupils.

Honorary French Club pins were awarded to Lloyd Grodrian, Berneta McIntosh, John Bremer, Betty English, Betty Medaris, Mary Snider, Frank Montgomery, and Albert Bidelot at the French Club meeting last Thursday, April 25, by Eleanor Cupp. Pins were awarded to those people because they were the eight senior members having the highest number of points. Albert Bidelot led with a total of 450 points; Frank Montgomery had 454; Mary Snider, 402; Betty Medaris, 398; Betty English, 376; John Bremer, 375; Berneta McIntosh, 341; and Lloyd Grodrian, 335.

The first four graduating seniors desiring to buy pins may do so for one dollar, a slight reduction from the retail price.

At the business meeting, Miss Olive Perkins, adviser of the club, announced that two French students will be recognized at the Recognition Day service in May. A test will be given on May 15 to decide who the two students will be. Anyone is eligible to take the test who has either completed two years of French or is now taking French in grade 4. The test will be given in room 90. Anyone desiring to take the test should see Miss Perkins immediately.

The program was in charge of Albert Bidelot and Phyllis Graham. Albert had prepared slips of paper each having a French noun written on it. These were distributed to those present who had to say something in French about the topic they had.

Studes Prove Able in Dodging Eighths, Tardiness, Absence

With a percentage of 96.4 for the attendance average of last month, Miss Virginia Montgomery, of the attendance office, stated that South Side students are quite regular with their attendance

at school. About 60 pupils are absent each day, about the number of girls is a few more than the boys because there are more girls than boys in the school. Since the reasons which may excuse one from an eighth period after being late are few, an average of 12 students are penalized for tardiness.

On special occasions, when students may be excused, the number of absences doubles and redoubles. This was especially illustrated at the last tournament when Miss Montgomery started giving out slips at 7:30, and the line of waiting became so long that it extended more than half way around the study hall. Quite a few were also excused on Good Friday.

Of course, when students skip school they are assigned an eighth period. This is only one of the ways which one

Totem Toilers Near End of Goal; Work Is Nearly Finished

"Almost all of the work on the Totem has been completed by the members of staff," stated Bill Hockett, editor of the yearbook, Monday.

All of the individual pictures of the students and teachers have been taken. The class editors have written up all of the stories about clubs, outstanding pupils, seniors, and the like. Bill Hockett and Paul Reynolds have taken snapshots of scenes in and around the school building and of the students, which will illustrate the Totem.

Alma Nitzsche To Be Head of Senior Issue

Other High Positions Given;
Announcement Will Be
Made of Complete Staff.

Alma Nitzsche, a prominent senior and member of the National Honor Society, has been appointed general manager of the annual Senior Issue of The Times, which will be published on Recognition day, May 31, under the direction of Miss Rowena Harvey, faculty adviser.

Alma has been very active on The Times staff for the last three years, having filled the positions of managing editor, news editor, copy editor, and reporter.

Other major staff positions are as follows: Managing editor, John Bremer; news editor, Ursula Morton; editor, Edythe Thornton; make-up editor, Wayne Bender; copy editor, Bob Blomker; and Margaret Murphy; business manager, Charlene Davis; and advertising manager, Anna Brumbaugh.

The complete staff will be posted after a meeting of seniors which will be held in the near future.

Questionnaires have been printed and will be distributed to the entire senior class in the near future. The results of the questionnaires will also be published in the senior issue.

Annual Feast Held By Girl Reserves

Three High Schools Participate;
Attendance Large at Banquet;
Rainbow Color Scheme Used.

One hundred sixty-eight guests attended the annual High School Girl Reserve banquet which was held last Thursday evening, April 25, at the Y. W. C. A. building.

Betty Medaris, assisted by Alvina Greber at the piano, led the introductory songs, and the banquet was opened with the Girl Reserve prayer.

Betty Reamer of Polar-Y, the toastmistress, gave a "Receptive Recognition" and then introduced Mrs. R. Nelson Snider, who in turn presented the Girl Reserve committee, of which she is chairman. Miss Eileen Hughes of the Pathfinders sang "Moonlight," and as an encore, "Blue Moon." The Central Triangle girls presented a "Remembrance" of Camp Yarnelle, and Wanda Keller of Polar-Y gave a humorous reading.

Martha Baumgartner, president of Inter-Club Council, gave a talk on the Girl Reserve conference which will be held at a Wisconsin lake this summer, and Miss Zelah Heinbaugh, of the Y. W. C. A., presented a discussion of the advantages of being a member of Girl Reserves.

Miss Mary Harrah, who has been chairman of high school Girl Reserves in this city since their organization, announced that Miss Marie Ehle will take over the position when her resignation becomes effective in July. Miss Harrah was presented a gift by Martha Baumgartner from the Girl Reserves. Miss Lucille Holtzapfel continued Miss Heinbaugh's discussion of Girl Reserve advantages.

Decorations for the table and gym were carried out in rainbow theme, a large rainbow being suspended across the room. A large Girl Reserve emblem and posters of Camp Yarnelle were also used. The table decorations were carried out in blue and white rainbows, the Girl Reserve colors.

Julia Crabill, of U. S. A., was in charge of the menu, which included baked ham, sweet potatoes, salad, creamed peas, rolls, coffee, and strawberry ice cream. Anne Bremer, Rowena Bevington, Helen Doenges, Sue Meyer, Pat Tarney, and Miss Beulah Rinehart of So-Si-Y, were in charge of ticket sales at South Side.

South Side Is First In State In Shorthand

Archer Team Wins Plaque
And Trophy in Ball State
College Annual Contest.

First, Third Taken In Individual Match

Dorothy Fathauer, Anna
Brumbaugh Place First,
Third Respectively in Test

First place in advanced shorthand in the state of Indiana was awarded the shorthand team from South Side at an annual contest sponsored by the Ball State Teachers College of Muncie, Indiana, on April 27. This is the seventeenth contest of its kind in Indiana and was under the direct supervision of the commercial department of that college.

South Side was one of the twenty-five schools represented in the advanced shorthand division of the contest, these twenty-five being the winners of the state mass contest, which is open to any high school in the state. First place in the mass entry was garnered by the South Side shorthand class, all members participating. Their median score ranked them in first place, and Dorothy Fathauer, Anna Brumbaugh, and Alma Nitzsche were chosen to represent the school as a team at Muncie. Martha Chacey served as an alternate. The class as a whole had to rank among the first twenty-five in the state before they could participate in the state event.

Wins Plaque for School
In addition to securing a plaque for the first team place in the state, first and third individual places were awarded to Dorothy Fathauer and Anna Brumbaugh, respectively. Second place was won by a representative of Lew Wallace High School of Gary. A cup was awarded to the school for one year, to be kept permanently if won for three consecutive years. This cup was given for the accumulation of the most points in the advanced shorthand division of the contest.

The contestants were accompanied by E. H. Murch, head of the commercial department and teacher of the winning shorthand class. The contest began at 10:30 Saturday morning and was completed by 12:15. The final results were announced at an assembly of all contestants in the Library Hall at 4:30. A Victory Banquet was held at the Hotel Roberts, Muncie, at 6:30 for the representatives of the different schools, and was followed by a dance.

Visit Dean's Farm
Martha Chacey and Mr. Murch came home directly after the contest, and the members of the team stayed at Miss Pittenger's farm over the weekend.

This was the first time South Side had entered this contest since 1928, at which time they also captured first place in Indiana in the shorthand division. There are also tests in beginning and advanced bookkeeping, beginning and advanced typing, and beginning shorthand; and the advanced shorthand was the only event in which South Side was entered.

Times Inaugurates
Several New Plans

New Ideas To Be Tried by Paper
Under Direction of Louis
Bonsib, New General Manager

Several new ideas are being tried out by Louis Bonsib, new general manager of The Times, which took charge of The Times, beginning with this issue. One plan is to post make-up lists in the teachers' rest rooms, and will receive their diplomas much in the same manner as at former commencements. Practically the only difference between this exercise and that of former years will be the combining of the three occasions, and the improvement and magnification of the presentation made possible by this combination.

In order that each graduate may be sure to have seats for those of his family who care to attend, tickets will be issued, and these tickets will entitle the holders to places in sections which will be reserved. The exact number available for each graduate has not been decided, but it probably will be eight or ten, about twice the number which could be issued in our own gymnasium.

None of the individuality of the high schools, nor of the graduates, will be lost. The members of each class will enter as a unit, be seated as a unit, and will receive their diplomas much in the same manner as at former commencements. Practically the only difference between this exercise and that of former years will be the combining of the three occasions, and the improvement and magnification of the presentation made possible by this combination.

In order that each graduate may be sure to have seats for those of his family who care to attend, tickets will be issued, and these tickets will entitle the holders to places in sections which will be reserved. The exact number available for each graduate has not been decided, but it probably will be eight or ten, about twice the number which could be issued in our own gymnasium.

The largest remaining issue of The Times will be the Exhibit Issue, which will commemorate three hundred years of secondary education and will be distributed to everyone attending the exhibition on May 24.

Preparations for this issue are being completed and some assignments are in the assignment book. There will be room for several new members on the staff until after this issue is published. Anyone interested should see Louis Bonsib in room 18.

"Cartoonists" Topic of
Next Art Club Session

Mrs. Walter E. Thornton will be the speaker at the next Art Club meeting to be held in the Greeley Room on Wednesday, May 8, at 3:20. "Cartoonists" will be the subject of Mrs. Thornton's talk. She will tell about the life history of cartoonists, including some of her acquaintances. Betty Medaris will sing two popular songs and Helen Gray will give a tap dance.

At the business meeting, plans for the picnic will be made. Reports from "The Easter Sport Parade," the Art Club dance, will be given.

Prominent Men Visit
Music Department

Dr. Frank Simon and Ernest Glover were visitors of South Side's music department on Tuesday. Mr. Simon, who is director of the Arno Band of Middletown, Ohio, is assisted by Mr. Glover. These men will be instructors at Wainwright's Music Camp this next summer.

Wins Contest

Reginald Gerig
Reginald Gerig, a sophomore at South Side, recently won first place in a state music contest. Reginald has been studying piano for eight years.

Plans Complete Now For 1935 Commencement

Chairmen and Committees
Announced for Ceremonies To Be Held at N. S.

As plans for the 1935 Commencement near completion, those taking part in the preparation become more enthusiastic. The spectacle of almost a thousand graduates, the pageant depicting the history of secondary education in the United States, and the possibility of ten thousand or more citizens in the audience, all intrigue the imagination.

The commencement exercises will be held Tuesday afternoon, June 4, at 4:30 o'clock in the North Side athletic field. The pageant, written by Mrs. Vera Lane of Central, and directed by Miss Marjorie Suter, will be presented upon an enormous stage which will be erected at the south end of the field. This stage will be built on three levels, so that various types of action may be shown at the same time.

Enter As Units
At the back of the stage will be a large background with three archways, and through these will come the graduates of the three schools. The graduating classes will enter as individual units, march down across the stage, and take their separate places in seats immediately in front of the platform.

When the diplomas are presented, the classes will march back across the stage, receive their tokens of graduation, and wave by the same doorways by which they entered.

In order that everyone in the audience may hear the entire performance, an extensive broadcasting system will be installed, with microphones located at all points where speaking is to be done. One of the film news companies has already made arrangements to have its sound and picture equipment here to make a record of the commencement for showing in theatres throughout the country.

The members of the pageant cast will be students selected from each of the high schools, most of them being juniors. The music will be furnished by combined orchestras, bands, and glee clubs, and will be under the direction, respectively, of Mr. Bailhe, Mr. Wainwright, and Mr. Sur.

No Loss of Individuality
None of the individuality of the high schools, nor of the graduates, will be lost. The members of each class will enter as a unit, be seated as a unit, and will receive their diplomas much in the same manner as at former commencements. Practically the only difference between this exercise and that of former years will be the combining of the three occasions, and the improvement and magnification of the presentation made possible by this combination.

In order that each graduate may be sure to have seats for those of his family who care to attend, tickets will be issued, and these tickets will entitle the holders to places in sections which will be reserved. The exact number available for each graduate has not been decided, but it probably will be eight or ten, about twice the number which could be issued in our own gymnasium.

The largest remaining issue of The Times will be the Exhibit Issue, which will commemorate three hundred years of secondary education and will be distributed to everyone attending the exhibition on May 24.

Preparations for this issue are being completed and some assignments are in the assignment book. There will be room for several new members on the staff until after this issue is published. Anyone interested should see Louis Bonsib in room 18.

Extemp Contest Begins May 9 For South Side

Speakers Will Be Eliminated
Thursday To Determine
Contestants for Finals.

S. S. Victor Vies To Win Lang Cup

Extemporaneous Discussion
Will Be Concluded in June
Before City Rotary Club.

The second of the semi-annual extemporaneous discussion contests to decide the remaining representative in the city extemporaneous contest to be held before the Rotary Club in June will be held on Friday, May 10, during the second period. Miss Dorothy Benner, public speaking instructor, is in charge of the contest. The contest will consist of six semi-final elimination rounds to be held on Thursday, May 9; the winners will compete for the title on the following day.

The subjects for the discussion will be "Freedom of the Press," "United States and the World Court," and "United States and Social Security." These subjects are among the most discussed questions of the present day and will insure a great deal of competition. It is expected that there will be about forty entrants in the discussion, with the field being narrowed down to six contestants. The entrants will choose their subjects for the five-minute constructive speeches on Wednesday evening preceding the semifinals.

Van Perrine, winner of the contest last fall, is not entered in this contest, since he has already secured the first position on South Side's team in the city contest. Bob Klopfenstein, is the only entrant who has previously won this contest. The winner's name is to be engraved on the South Side extemporaneous cup and on the Lang trophy.

Reginald Gerig Is First in Contest

South Side Student Named Best
Pianist in State; Betty Lickert
Rated Third in Cello Division.

Reginald Gerig, a sophomore, won first place in the piano division of the annual Indiana high school state music contest which was held at Indiana University, April 22.

Reginald received a gold medal as award for first place at the reception held Monday afternoon at the home of Dr. William L. Bryan, president of Indiana University. The three selections featured by Reginald were the Ab Major Ballade by Chopin, the First Movement of the Italian Concerto by Bach, and a Three Part Invention by Bach. He has taken piano lessons for about eight years and is at present a student of Miss Edith Foster. During his two years at South Side he has played for many assemblies.

Elizabeth Lickert, another sophomore, ranked third in the cello competition. Elizabeth received a bronze medal, which was the award for the third place in each division.

Irven Jensen and Kathleen Bolyard, both of Central High School, placed second in the violin and cello divisions respectively. Silver medals were awarded these competitors.

Five district contests were held in different cities throughout the state. Winners in these contests were eligible to compete in the state contest. Forty-eight winners of the district meets competed in the contest which was judged by members of the faculty of the school of music at Indiana University. Other district winners from Fort Wayne included: Ruth Seigel, a former student of South Side now attending Central, and Bernard Jacobs of North Side High School.

Another Mural Added To Wall of Room 77

Following the latest trend in art, another mural has been painted on the west wall of room 77. The work is being done by Kenneth Scott, an art 4 student. The mural is of a gypsy girl sitting in the back of a gypsy wagon. She is dangling her feet and holding an earthen bowl of apples. The figure, about twelve feet high, is done in vivid colors.

Miss Erma Dochterman, under whose supervision the project is being done, said "Similar projects are being done by many art classes today as opportunities for big free work with brushes."

Kenneth has studied murals, their requirements and modern mural painters such as Rivera, who did murals in the Ford plant and educational buildings in Mexico. This project, besides offering experience to many young artists, covers soiled wall.

Times Staff Members Win Contest Honors

In a recent Quill and Scroll contest, several Fort Wayne journalists received high honors. Virginia Blakley, managing editor of the Northerner, won first place in the editorial division. Jo Anne Smith, a copy editor on the Times, received honorable mention in the same division.

Current news contest winners included Cornelius Ryan, a member of North Side publications staff, and Jim Sweet, news editor of the Times. Corby was a medal winner, while Jim placed third as a sectional winner.

Honorable mention was given to Cornelius Ryan in the vocabulary contest, which was the most popular division in the contest.

"Night of Knights" Theme of Junior Prom-Banquet

Two Names Left Off
Mid-Term Honor Roll

The members of the office staff and The Times staff wish to correct the omission of the names of Joan Gunter and Louise Closs from the honor roll. Both of these girls are in good standing on the honor roll; and their names should have been present in the list of the members of the honor roll in last week's issue of The Times.

Last Vocational Guide Subject Is Agriculture

Hugh Heckard, Don White,
Ersal Walley To Talk on
Various Phases of Work.

Agriculture work, under the direction of John Slater, is the topic of next week's Guidance study. This is the last of the six-week course, which will cover the general subject of agricultural work as a profession.

On Tuesday, Hugh S. Heckard, county agricultural agent, will discuss "Agriculture Education as a Vocation," while on Thursday Don White, president of the Men's Garden Club, will talk on "Gardening as a Hobby," and Ersal Walley, of the Walley agricultural agency, will discuss "Country Living and Farm Management."

Discuss Home Economics
This week's topic is home economics. This subject was divided into two talks, both of which were given on Tuesday.

Miss Gertrude Keep, domestic science teacher at Central, in her talk on home economics as a teaching occupation, told of the various things that enter into such a job, such as requirements and salary. She also told of the advantages of a college education in an occupation connected with home economics.

Miss Fulsher, head of Wolf & Desauter's cafeteria, told of the requirements necessary to managing a team. She told of the fundamental requirements that a person must have, such as tact, patience, and congeniality. She discussed some of the problems that cafeteria workers encounter.

Sponsored by Kiwanis
The six weeks guidance campaign has been conducted in South Side and North Side high schools by the Kiwanis Club, with Henry Meyer as general chairman.

The club distributed sheets containing aids on vocation to all seniors on Tuesday. These sheets were in the form of a list of questions which cover various topics, including characteristics, requirements, financial returns, advantages, disadvantages, and environment and conditions.

Films of Germany Presented at Club

Scenes of Dresden and Munich
Shown To German Aspirants;
Election To Be Next Meeting.

Films of Dresden and Munich, Germany, were shown at the last meeting of the German Club. Many scenes in and about Dresden, which is on the Elbe River, and Munich, which is situated on the Isar River, were shown.

Dresden has a very unique terrace which is built and extends along the Elbe River. The terrace is so distinctive that it is often called "the balcony of Europe." Dresden is a city of culture as was shown by the pictures of the beautiful opera house and magnificent art galleries, in which are beautiful paintings, including the famous picture of the Sistine Madonna. Wonderful architecture is also displayed in the government buildings and cathedrals.

Munich, or in the German language, Munchen, is also a city of many arts, such as painting, sculpturing, architecture, and music. A picture was also shown of a house in Munich in which Schiller wrote one of his famous plays.

The film was shown in Mr. Gould's room by Ellis Lochner, president of the club. Frederick Prange, with the aid of Miss Clara Schmidt, gave an explanation of the film.

At the business meeting it was announced that the executive committee would act as the nominating committee and that the election would be held at the next meeting.

One Hundred Sixteen Pupils Leave South Side Since Fall

Spring fever and final tests both tend to influence studes to quit school; however, although approximately one hundred sixteen pupils have withdrawn from South Side since last fall, there is no

record in the office of anyone quitting school permanently because of a longing to spend more time in the sun.

Twenty-nine of these deserted our fair portals to move to another city or state. California seemed to be the stopping place for a large number of deserters.

Contrary to the universal idea that high school pupils do not like to work, twenty-eight of the withdrawn decided that their time would be more profitably spent on a position than on books and school lessons.

Central, Elmhurst, Central Catholic and International Business College now claim thirteen of our former stu-

Decoration of King Arthur's
Time Will Be Represented
By Armored Men of Old.

Stutz's Orchestra To Furnish Music

Prophecy of Future, Talks,
Songs, Dancing To Fea-
ture Program After Affair

The Junior Prom and Junior Banquet, annual gala functions of the junior class, will be given to a large crowd of Archers tomorrow evening, following several weeks of preparation, under the direction of Miss Hazel Miller, Mr. Lloyd Whelan, and class officers. Music for the prom will be furnished by Wayne Stutz and his orchestra from Elkhart.

Decorations in the gymnasium for the prom are the scenery of King Arthur's time. The theme for the dance is "The Night of Knights." The decorations will be put up tomorrow.

The banquet will feature an entertainment by members of the class, also following the theme of the period. It will include songs, dancing, a prophecy for the future, and other mysterious features, as yet secret.

Advisers, Officers Assist

The arrangements for the affair have been capably handled by Miss Hazel Miller, Mr. Lloyd Whelan, class advisers, and the class officers: Fred Nye, president; Dorothy Crabill, vice-president; Marjorie Cartwright, secretary; social council members who are Harriet Yapp, Bob Adams, and Gwen Horn.

The check room will be under the direction of David Sherman, Herman Makey, Dick Dochterman, Carl Mesing, and Melvin Kiessling.

Those who have donated their services to aid with the decorations are: Gwen Horn and Betty Wolf, co-chairmen; Ann Abbott, Ruth Adler, Helen Allen, Lois Arnold, Virginia Ayres, Harriet Basford, Irene Becker, Virginia Baumgartner, Ruth Bornumth, Maxine Borchert, Anna Bremer, Roseanne Certia, Rosemary Chappell, Bon-Silene Craig, Margaret Crankshaw, Justine Cram, VanDeita Clay, Martha Day, Margaret Dickmeyer.

Helen Doenges, Claire Mae Doran, Dorothy Durbin, Betty Ekleberry, Mary Ann Fark, Vera Ellinger, Mary Findley, Janet Fisher, Mildred Foelinger, Martha Farn, Virginia Gross, June Haeger, Vivian Hickman, Verna Holtman, Maxine Howard, Dorothy Keen, Betty Leade, Georgiana Jacobs, Betty Kiene, Judy Kroeft, Sybil Knudson, Betty Rose Lehman, Eliza Bess Lucas.

More Give Help

Thelka Leininger, Jane Loomis, Joan Lohman, Maxine Mariotte, Loraine Meyer, Georgette McIntire, Betty Meigs, Mary Michaels, Vera Mosel, Gerry Platt, Marjorie Paetz, Helen Potteff, Ruth Reitz, Betty Rison, Ruth Rose, Ruth Roadcap, Dorothy Reese, Maxine Roth, Dorothy Roubush, Mildred Rudig, Clarice Rudig, Betty Shultz, Mary Shaffer, Dorothy Scheele, Mary K. Smith, Joanne Smith, Virginia Shifflet, Dorothy Turfing, Ruth Stoner, Marcella Tieman, Barbara Uran, Helen Wight, Goldie Wohser, Virginia Wood, Theo Schuenerberg, Sonia Velkoff, Virginia Vesey, Harriet Yapp, Virginia Zieg, and Bernadette Dygert.

Fred Nye, Dick Dochterman, Bob Haruff, Fred Meyers, Allen Faux, Clifford Schrom, Myron Jones, Bud Mahurin, Melvin Kiessling, Theron King, Carl Mesing, David Sherman, Burton Hardendorf, Ralph Jones, Kenneth Scott, John Allen, Charles Worden, Jim Ellenwood.

Joe Clymer, Manford Adams, Herman Makey, Jim Sweet, Bob Zieg, Louis Bonsib, Bryce Minier, Richard Strauss, Ed Kruse, George Glenn, Roger Seemeyer, Bill Epmeier, Gayous Brindle, Bob Altevogt, Gerhard Lebrecht, Edward Milker, James Conroy, Donald Barkofen, Bob Locke, and Eric Beyer.

Chaperones will be Mr. and Mrs. M. J. Abbott, Mr. and Mrs. R. N. Snider, Mr. and Mrs. Charles Adams, Mr. and Mrs. A. F. Cartwright, Mr. and Mrs. J. H. Chappell, Mr. and Mrs. E. L. Crabill, Mr. and Mrs. H. C. Horn, Mr. and Mrs. F. W. Nye, Mr. and Mrs. D. F. Vesey, Mr. and Mrs. L. K. Whelan, Mr. and Mrs. L. C. Yapp, Miss Martha Pittenger, and Miss Hazel Miller.

Lettermen Story Next Week

The Lettermen's Club meeting plans were made too late to make the edition this week. A story will be printed next week in the times covering this meeting and plans for future meetings.

Modernism: Doing what you please, followed by aspirin.

Economy—Spending money without getting any fun out of it.

Take care of the pennies and the Government will take care of the dollars.

Where there's life, there's hope. And spinsters live longer than married women.

A break for the girls—If "permanent" waves had the durability of "temporary" taxes.

How a car and a girl are alike—A good paint job will conceal the years, but the lines will tell the story.

At a glance, the main difference between low-priced and high-priced cars this year, seems to be the price.

Untearable paper has been invented in Japan. It is thought that it will be especially useful to write treaties on.

Civilization—One generation paying the last generation's debts by issuing bonds for the next generation to pay.

Is Courtesy Week Over?

One of the reasons for Courtesy Week which was held a few weeks ago, was to instill a little pride in the students in the manners of the school. Nothing shows the attitude toward and the loyalty to the Alma Mater as much as these manners. In assemblies, especially if you cannot hear the speaker or are not especially interested in what he is saying, you can help the school a great deal by merely sitting quietly until it is over.

Assemblies are the result of hard work on the part of the faculty and some students. They have worked hard to be able to bring you something of the spirit of the school. The very least you can do is be attentive. The musical programs especially take hours and hours of long and tedious practice to bring you enjoyment. Is it fair that this work should go for nothing?

Are You Listenin'?

A few words, an impression gained, a contorted vision—a catastrophe. It doesn't take much to get and give the right idea. A little careful listening to instructions will go a long way in preventing a misunderstanding or perhaps even an accident. How many times have you heard the excuse offered, "But I thought you said—." Many railroad and automobile accidents have happened in this way.

Something that is more likely to be connected with us is getting straight the instructions of teachers. Half-listening to the directions given isn't going to help a bit. Teachers don't talk just to hear themselves. They are saying something that is important to you. Any task is made much easier by obeying the rules a higher official gives. That is the purpose of their position.

Why Not?

The question which has been repeatedly presenting itself to us is, "Why not have every week to be clean-up week here at South Side? Since we have seen the wonderful results of the recent campaign, this is a logical question. In order that permanent results may be obtained from such a campaign, the process must be repeated often.

We would have a much nicer and cleaner school if the students would practice clean-up courtesy every day instead of just during the week yearly set aside for it.

Who wouldn't be ashamed of his school if visitors should come and find waste paper strung all over the floors, walls and desks all marked up, and things in a general disorderly condition? It is unnecessary for a school such as ours to be anything but a winner in appearance when it is a winner in so many other things.

With a practice of clean-up would come a glow of pride when a visitor says, "What a neat and clean appearance this school gives." Why not?

After Graduation—What?

Statistics compiled from surveys conducted among the Fort Wayne high schools reveal that

many of the seniors of the graduating classes are undecided as to their future. Many of them even stated that they had no aim or ideal in life.

Those students who have indefinite plans for the future we advise to attend the vocational guidance meetings sponsored by the Kiwanis Club. These meetings, at which prominent business people talk, reveal the inside workings of many occupations.

Many people who were undecided as to which of several occupations they should take up as their life work, made successful decisions after talking with people connected with the various businesses.

One of the worst mistakes a young man or woman can make is to select the wrong occupation for his life's work.

Take advantage of the vocational guidance talks and steer clear of the puzzling question, "After graduation—what?"

Transportation

The past twenty-five to fifty years have brought about a great development in the world of transportation. This progress is the result of improvement in scientific knowledge, electrical machinery, and through inventions.

In the days of our great-grandfathers and grandmothers, the principal method of transportation was the covered wagon. It took days for them to go a few miles over Indian trails.

The gay 90's saw the horse and buggy as the chief transportation facility. Also the very first automobile companies started at this time.

Today we have the most modern means of transportation ever known. Stream-lined automobiles humming along broad cemented highways; luxurious passenger ships skimming through the water; fast airplanes flying through space, carrying us across the country in a few hours and stream-lined trains going a hundred miles an hour speeding over steel tracks; even double trains running on single rails built in the air. A true feat of engineering.

All these modern transportation facilities we accept without thinking how much they mean to us. Without realizing that our country would not be the prosperous, civilized country it is today were it not for these modern means of transportation.

Health Means Happiness

It is a well-known fact that "the future of a nation lies in its youth." For the purpose of preserving the youth of our nation, the American Medical Association is sponsoring a National Health Education week. Through the ages there has been a great movement to destroy disease and to promote good health. Many great men and women have lost their lives in the attempt to conquer disease and to aid posterity in securing healthier and happier lives. The secret of happiness lies in the health of the mind. Without a healthy body, a healthy mind is almost impossible. Now, "public health is the only great social goal which still has practically universal approval," quoting H. W. Hill. The future population of the United States is now in the making. Physical education is taught as a subject in schools. There are skilled surgeons and physicians. Health magazines are circulated with the purpose of teaching the basis of good health to all people. In colleges and universities, health is emphasized. It is practically impossible to obtain a promising position without almost perfect health. It is far harder to gain back health after it is once lost than it is to keep it. Health education begins in kindergarten and is taught through all the school years. So, men and women of tomorrow, take advantage of these benefits and have longer, happier lives.

Freshman Fantasy

On Glass Tumblers

Has it ever fallen to your lot to cleanse the family glassware after the evening meal? No doubt you have. No doubt, further, you have reflected, possibly at length, upon the detail of a mechanism which will impart cleanliness to said soiled glassware.

For instance, one might have a hopper into which the glasses may be dumped (care being taken to prevent chipping or breaking). Then may be passed along a chute wherein hot soap suds are swished about. Each is seized with a pair of whirling brushes, one inside, and one outside, and then dropped into a rinsing bath. Thence to a current of warm, dry air followed by soft and cushioned polishers also whirling. Finally, they are delivered, up-side-down and nicely spaced on a belt ready to be picked off and stored away for the next meal.

How much nicer, how much more suitable to the dignity of a first-year high school student to press a button of this machine than to stoop to the pride-ruining, the complexion-threatening, the time-consuming depths of the primitive method of our forefathers.

There is a contribution to civilization worthy of the modern spirit of progress. It fills a long-felt need. It removes the drudgery from an unpleasant task.

Second Table

Girls do silly things on hikes: Vivian Hickman sits on snakes—Lillian Hackmeyer insists on carrying four-foot pop signs home—Marge Hower begs to go just one or two miles farther—Mary Shaffer and Ginny Baumgartner beg Coca Cola and salted nuts from truck drivers.

Bea Schieber looks like a bad imitation of Hepburn in her new crop of bangs.... Cartwright looks still enter as the Indiana tiger-woman stuck to the wall of a classroom with a wad of chewing gum.... Clarice Pyock represents the third extreme falling out of a cupboard way, way down in the cellar.

.... One of my colleagues said that it is impossible to get anything on Betty Wainwright, but I know that she has been with Bob Blomker a lot; that is, before he got the measles.... The anonymous notes that come to the Times mailbox are really silly. I wonder if some of their authors could do as well with a column like this. I doubt it.... A new romance of the past few weeks is centered around Don Laur and Nancy Grant. "In the spring the young man's fancy lightly turns to thoughts of love." Some famous man said that, and it is still true I guess.... The two Bobs, Lohman and Hoffman, wear droopy cords with their white footwear.

Mademoiselle Modiste

By Rosemary Chappell

In spring when Mother Nature clothes the trees and bushes with bright green leaves, the ladies of the land cannot be outclassed. They don their smartest coats and gayest new spring frocks. In her spring wardrobe Doris Bennett has a stunning swaggar coat of orange and brown lightweight wool. This clever coat is the usual swaggar coat length. It has sleeves which are long and loose. They have wide set-in cuffs. Each sleeve is ornamented with a large brown button. There is no collar, but three brown buttons fasten it at the neck. Large patch pockets are on each side in the front. In the back of the neck are three large pin-tucks which stand up. For school wear, Helen Anderson has selected a girlish dress of gay plaid print. The dress is in two pieces. The blouse is one of the popular butcher-er-boy creations. It has long full sleeves which are gathered in white cuff bands around the wrist. The collar is of white and is round. It matches the cuff bands. In a row down the front of the blouse, are red buttons. On the belt is a red buckle which matches these. Big pockets are on either side of the blouse in front. The skirt is tailored and straight-lined.

Helen Doenges tastefully has chosen a frock of navy blue crepe. It compliments her complexion. The frock is fashioned in the becoming shirt-waist style. It has a square yoke with

gathers in both the front and back. These lend fullness to the blouse. The collar is of braided white strings. It adds becomingly to the simplicity of the dress. The sleeves are short and decidedly puffed. Two pleats are in both the front and back of the skirt. The belt is rather wide.

Betty Pugh looks attractive in an ensemble of yellow boucle. Her frock is fashioned along very slim lines. It has a tiny collar which forms a V in the front of the neckline. The dress is tailored and has a wide brown suede belt. The jacket of brown boucle is very plain. It has full length sleeves. The sleeves of the dress are short.

To add to the charm of her green dress, Helen Potter wears a ruff of white crocheted string. It is composed of two ruffles with a band in the center. The collar is crocheted in a spider web design.

Maxine Roth is charming in a frock of navy blue crepe. Her outfit is two-piece. The blouse has three-quarter-length sleeves which are full and gathered in a band just below the elbow. It is fastened in front by a row of cleverly designed red and navy blue celluloid buttons. Around the neck is a shirt-waist-style collar. Similar to pockets are the pleated sham cartidges on each side of the blouse. The belt is wide and of red suede. The skirt has two pleats in both the front and back.

Tattle Tales

Thanks, Candid Camera, for the swell write-up you gave us last week. Next to us, we think your column is the best in the paper.

Ann Abbott either doesn't believe in "publicity at any price" or else she just doesn't want it known that she has been seen going with a couple of Concordia cadets. Nevertheless it's true.

We wonder what mysterious reason caused Bob Hall to break his date with Barbara Arney to the Art Club dance. Can it be that there is someone else?

SEEN: One Hugh Scott anxiously watching the Easter parade in search of someone. Could it be Sue Meyers? We have inside information that she is his secret passion.

We thought that the Wallace-Miller affair was to be permanent, but they are no longer seen talking together in the art class. What's the trouble?

It has been rumored that Helen Forker is simply cr-r-azy about Jack Beemer. Maybe it's his voice that gets her (or is it his poison-ality)?

Add Cute Sights: Juanita Wolford chasing Dave Steger down the hall. We thought they were out of that stage years ago, but maybe we're wrong.

Add Cute Sight, (concluded): Betty Meigs rushing to class after talking to Rex Knorr for five minutes between periods.

Virginia Noble is out in the cold again.

Mary Shaffer is getting tired of furnishing. Charles Hart with entertainment for his dates. It seems that he borrows her music to take with him to his girl's house. The gals must go for that voice of his. (Ho! Ho!)

WANTED—Some good dirt for this column.

Marie Wolf.
Peggy Phillips.

Nettie's Niece

Dear Aunt Nettie,
I have just received a request from some inquiring girls to find out why Jim Hilgeman goes to the G. E. Club dances and just stands around and talks. They wonder if he thinks the girls are not good enough for him.... The weekly boner comes from Phil Green who went out to the Davis farm to see the cows, but Virginia was not home. Was he disgusted?... I understand that Dorothy Mertz thinks a lot of Paul Brumm.... Edna Disler is burning up and the cause of the fire is none other than Bob Nelson.... What about Helen Cox's picture of John Barnes? And it's signed so sweetly, too.... Two curious young girls would like to know if H. De Gregory's brother really has flat feet. If so, maybe he'll grow up to be a policeman.

I have heard remarks as to whether Kilpatrick is korting Korte or Korte is korting Kilpatrick.... Jane Davis, along with Peggie has been playing anagrams and ping-pong with Rex Perry and Bill Papal. Wonder what has happened to the jig-saw puzzle craze.... Eleanor Warren is noted for her sorrowful expression when it is time for Herbert Cramer to go home. Can she be sorry, or is she a good actress?... The combination of Dorothy Yaeger and Fred Sunsmo seems to be just the thing. Nice.... Don Sparkman and Mary Louise Helms receive our vote as being one of the cutest couples in school.... The world's worst woman-hater has at last broken down, and now Ruby Horst and Jack Horn are being seen together a lot.

According to the "News" and "Journal," "Elgaine Stump is the 'daughter' of Mr. and Mrs. Stump," but he looks like a boy to me.... Sykes is in the process of having her tonsils out; therefore she is absent one day out of every week. (Teachers, please note)

So long, Nina.
P.S.: Do you know whose Cimmarron pin Jerry Smith is wearing? 'Nough said.

Green Thinly-Clads To Participate In N.E.I.C Meet Friday

Team Enters Evening Meet At North Side

Lundy Has Certified Squad; Two Men For Each Event, Four for Half-Mile Relay.

Northern Team Is Favored To Win

Central Probable Second; Archers May Surprise; Individual Stars Likely.

South Side's thinly-clads will participate in the annual N. E. I. C. meet Friday evening under the floodlights at North Side. The Archers hope to make a good showing this week.

Favorite for the meet is North Side, who captured fifth place in the fast company of the Kokomo Relays last Saturday. Central is a slight favorite to beat the Archers for second place, but the Greens will need to be watched closely as their chances of pulling a surprise are rather good.

Coach Welborn has certified his team, nominating three men for each individual event except in the hurdles and the shot put. Since each school may enter only two men in each regular event, Lundy will have to scratch one of its entrants in these events. Five men have been named for the half-mile relay team, one of whom will not see action.

The uncertainty as to the outcome of the meet is increased by the fact that scoring will be recorded on a 5-4-3-2-1 basis. North Side will no doubt score the most first places, but neither of the other local squads may score enough extra points for merely placing to give the Redskins a run for their money.

Each school may enter two men in every event. No track man may enter more than three events. Those men who have been certified are as follows: Alexander, Goddard, E. Kruse, Stone, Leitz, Kirtz, Weimer, B. Kruse, Precise, Norris, Kessler, M. Makey, Schoenfeld, Beemer, Ostermeyer, Eschoff, Feichter, Boerger, Kinton, Derr, Uebelhoefer, Beck, Miller, Parmelee, and Piepenbrink. However, some of these will be scratched just before the meet.

In the 100-yard dash Boerger, Beemer, and Kirtz have been entered. Boerger is the most likely to be scratched. Although it is very improbable that an Archer will win this event, the Green will probably take one, if not two, places.

Stone, Beemer, and Kessler are the entrants for the 220-yard dash. Any one of these three may be scratched, but it will probably be Beemer. Stone has the best chance of running in this event.

Due to the three-event ruling, Kessler, who is entered in four events, will probably be scratched in favor of Norris and Miller Makey, two of our fastest men in the 440-yard run. Lundy will probably take the chance that both Stone and Kessler will place in the 220, and that both Norris and Makey will come through in the quarter-mile.

In the half-mile Norris and Hinton will probably run, with Derr as an alternative. Our best hope in this event is that Norris will take a place.

South Side's chances are very good in the mile event. Kessler should run off with first place. His running mate will probably be Kessler in favor of Uebelhoefer.

Leitz and Miller are the Archer entries in the shot put. Leitz should take a second or third at the most. Miller may place but it is very unlikely.

In the pole vault event Ed Kruse and Gord Parmelee are expected to jump, Piepenbrink is the third entrant. Either Kruse or Parmelee may place but they probably will not capture first place.

The high jump entrants are Ed Kruse, Alexander, and Goddard, who will probably be scratched. The Archers are very weak in this event, probably too weak to even place.

Ed Leitz will turn in a place for the Archer team in the broad jump. The other post is between Stone and Kirtz.

In the high hurdles Weimer and B. Kruse are entered, with Weimer having the better chance to place. Both Weimer and Precise have a chance to come through in the low sticks.

South Side should capture first place in the mile relay event, with its winning combination of Norris, Kessler, Makey, and Schoenfeld. Five men, Stone, Beemer, Eschoff, Ostermeyer, and Feichter, are entered in the half-mile relay.

Around The Cinder Path

Jesse Owens' brilliant showing in the Drake relays was undoubtedly the outstanding performance in the track world over the last week-end. Aided by a good start in the century dash, the ebony flash stayed out in front of an exceptionally fast field all the way and broke the tape in 9.5 seconds to equal the present Drake record in that event. In addition to this astounding performance Owens also hurled his lithe body through the air to set a new American record in the broad jump of 26 feet 1 1/4 inches.

Glen Cunningham also showed that he has not lost any of his speed in the long distance events when he negotiated the three-quarter mile event in 3 minutes 5.3 seconds. Glen found his greatest joy in the victory in the act that he defeated Glen Dawson, who had given Cunningham a dismal defeat a week ago.

Jack Torrance, who made himself famous throughout the sports world with his mighty heaves in the shotput event, clearly demonstrated to the large crowd of spectators at the Penn relays that he has not lost any of his stuff because of his ineligibility. Baby Jack walked calmly up to the ring and sent the 16-pound ball through the air for a distance of 54 feet, 5 inches and then on the next day he heaved the 12-pound shot to a new mark of 62 feet, 3/4 inch. He can't keep this up much longer or some wrestling promoter will sign him up to deposit other members of the grand and groan profession in the laps of the spectators around the ringside.

G. A. A. Flashes

Well, baseball games can at last be played outside. The girls who have played there so far have enjoyed it immensely.

Betty Eisenacher and Barbara Raymond believe in starting the baseball season right. Betty gave a girl a black eye and Barbara managed to spot another girl's shoulder.

The costume committee for the annual G. A. A. demonstration is working very hard these days. You are doing fine, girls. Keep it up.

The girls' advanced tumbling group is now coming to school after dinner on certain nights to tumble. It is all for the demonstration.

The sailor's dance that Miss Patterson's gym classes are doing is interesting. It would be well worth anybody's time to learn it.

What is getting the matter with Leona Menze? The other day in gym class, she was fanned out by Edna Disler; but, then, Disler is a star pitcher.

Annie Baumgartner had a rather painful experience in the girls' gym office. It was her birthday.

Roselma Disler has been going around with a satisfied smile predicting that Senior 1 baseball team is going to win the tournament.

Elliott Takes First In Gym Tourney

Lightweight Scores 31 Points In Gym Class Competition; Other Positions Are Listed.

Clarence Elliott of the lightweights took the gym class tournament in a walk-off. He scored 31 points. Eugene Griffin, another lightweight, took second place with 15 points. Tom Piepenbrink, heavy, was third with 14 points. Victor Sewald, heavy, and Jack Brown, light, were tied for fourth place with 13 points. Jim Phelps, heavy, was fifth with 12 points. Bob Hosier and Charles Kinard, both heavies, tied for sixth place with ten points.

Summary of the events:
Hand wrestle:
Heavy—Sewald, first; Piepenbrink, second; Hosier, third.
Light—Papai, first; Hargan, second; Griffin, third.

Relay:
Heavy—Hosier, first; Sewald, second; Phelps, third. Time—20 4-5.
Light—Elliott, first; Blanks, second; Kiester, third. Time—21 2-5.

Dash:
Heavy—Hosier, first; Marchand, second; Ertel, third. Time—:04.
Light—Elliott, first; Lafontin, second; Blanks, third. Time—:04 1-5.

Leg Wrestle:
Heavy—Schoppman and Anderson, first; Piepenbrink, second.

Light—Griffin, first; Brown, second; Stier, third.

Balancing Test:
Heavy—Schoenbein, first; Dicke, second; Theye, third. 501 times.

Light—Cassidy, first; Kammier, second; Dahman, third. 97 times.

Medicine ball push:
Heavy—Sewald, first; Phelps, second; Piepenbrink, third. Distance 53 feet 3-4 inches.

Light—Elliott, first; Griffin, second; Turner, third. Distance 51 feet 11 inches.

Hand walk:
Heavy—Kinard, first; Piepenbrink, second. 64 feet 10 inches.

Rope climb:
Heavy—Kinard, first; Pierson and Marchand, second. Time—:07 2-5.

Light—Turner, first; Briegel, second; Jones, third. Time—:09.

Volley ball:
Heavy—Campbell, first; Dearing and Koch, second. 5 out of 10.

Light—Roth, first; Walzer, second; Huffman, Kennedy and Campbell 3. 7 out of 10.

Chin-Up:
Heavy—Kelso, first; Quackenbush, second; Schoenbein, third. 39 times.

Light—Griffin, first; Sowers, E. Turner, W. Turner, second. 32 times.

Broad jump:
Heavy—Thorne, first; Phelps, second; Miller, third. Distance 17 feet 5 inches.

Light—Elliott, first; Spencer, second. Distance 15 feet 11 inches.

High jump:
Heavy—Faulkner. Height 5 feet 3 inches.

Light—Elliott and Arnold. Height 5 feet 7 inches.

Backward jump:
Heavy—Phelps, first; Piepenbrink, second; Miller and Bailey, third. Distance 5 feet 4 inches.

Light—Brown, first; Elliott, second;

South Side Fails To Score In Kokomo Relays Saturday

Victims of very stiff competition, South Side's Archers failed to score at the annual Kokomo Relays held last Saturday. The 1,500-yard relay team, on whom Coach Welborn had pinned his

entire hopes of scoring, failed to come through for the first time this year. Points were awarded for five places in each event. The 1,500-yard squad came in sixth. Defeat in this event was doubly bitter, as the record set by the Archer team in 1932 was broken. The Kokomo quartet lowered the mark of two minutes, fifty-five and nine-tenths seconds by one-tenth of one second.

Froebel of Gary pulled the unexpected by capturing the meet with 31 points. Kokomo, host and favorite, was second with 26 and one-half markers. Horace Mann of Gary, also favored over Froebel, was a close third with 25 points. Muncie finished fourth with a total of 19 scores.

Two records, besides the 1,500-yard relay mark, were broken. Williams, high scorer with eleven of his team's nineteen points, broke the high jump record, raising it to six feet, two inches. Horace Mann's half-mile relay team set a new mark of one minute, thirty-two and seven-tenths seconds. Horace Mann scored four first places. Kokomo took two events and shared first place honors in another. Muncie captured first in two events.

Fisher, third. Distance 4 feet 11 inches.

Baseball:
Heavy—Yons, Thompson, Klingler, Piepenbrink, Williams, first. 8 out of 10.

Light—Gidley, first; Blanks, second. 10 out of 10.

Standing broad jump:
Heavy—Phelps, first; Campbell, second. Distance 8 feet 3 inches.

Light—Brown, first; Elliott, Griffin, Blanks, second. Distance 7 feet 2 inches.

Followers of sports, both amateur and professional, will find the special sports section of the Saturday News-Sentinel a necessity if they wish to keep themselves athletically informed. Sports dominate an entire section in the week-end edition, one reason for its increasing popularity.

Frosh 1's and 2's Win in Baseball

Sophs Play; 1's Beat 4's; Walk-away Games Played; Teams Have Several Star Hitters.

Two walkaway games, in which Frosh 1 and Frosh 2 teams were victorious, were featured in the Freshman division of the baseball games played in the gym Monday evening.

In the first two innings of the game between Frosh 1's and Frosh 4's, the former made fourteen runs and all through the game continued to add to this lead. The score at the finish was 21-2. The members of Frosh 4 team were very much outplayed and could neither put the members of team 1 out nor score runs while at the bat.

M. Morrison, M. J. Nahrwald, and E. Liby scored two runs each in the game between Frosh 2 and Frosh 3 teams in which the former team was victorious. B. Rarick and D. Ellenwood were the only members of Team 3 to score. The game ended 12-2.

A 7-3 score in a close game between the Soph 1's led by E. Disler and the Soph 4's led by B. Harnish in which the Soph 1 team was victorious. E. Disler, pitcher for the winners, was of great aid to her team, both in the box and at the bat.

Hourly G.A.A. Office Force Keeps Things Moving Along Well

There are in the girls' athletic department some girls who deserve much credit. They are the office girls. There is one for each period of the day, the girls working a period apiece.

At the close of each season for some particular sport there are always points waiting to be recorded, and the girls get to help with that. Then there are errands to be run, occasional typing to be done, and bulletins to help make.

Just at this time the costumes for the demonstration given by the physical education department are to be made, and the office girls assist those on the costume committee in making these.

Besides this, when a person is to be found, they just naturally get the job, but this is made up for by letting them have charge of the office when Miss Smith and Miss Patterson are not there.

The girls and their periods are: Ruth Seifert, first; Virginia Baker, second; Dorothy Elfner, third; Louise Closs, fourth; Leona Menze, fifth; Lois Daugherty, sixth, and Lillian Warren, seventh.

Three Schools Give Many Scholarships

DePauw, Wabash, Redlands Offer Scholarships To Seniors Meeting All Requirements.

Scholarships from University of Redlands, DePauw, and Wabash College were announced recently by Mr. R. Nelson Snider for all seniors who qualify.

Redlands offers ten four-year scholarships annually to seniors in high school who are in the upper fifth of their graduating class. The student must, at the beginning of the college year, indicate his intention to enter the competition by registering in the president's office. For information write to Admissions Office, University of Redlands, California.

Fourteen scholarships are offered by DePauw each year to freshmen who qualify on the basis of competition and personal interview to be held in Greencastle, Indiana, on May 18. Candidates for the scholarships should be recommended by the high school principal.

Wabash College of Crawfordsville, Indiana, calls special notice to the examinations, which will be given for the honor scholarships on May 27 and 28. A credit of \$80 will be given towards \$100 of the semester bill, and continued throughout the student's course provided he maintains a record satisfactory to the dean. The examinations are based on high school work in English, mathematics, foreign language, laboratory science, and history.

Each candidate should write by May 20 to Dean George V. Kendall, Wabash College, Crawfordsville, Indiana, stating preferences in foreign language, history, and laboratory science. The first will be held Monday morning, May 27, at 9 o'clock in room 13, Center Hall.

Lovely Lollypop Leap Is Feature At Last Terrific Tea Dance

South Side's last tea dance until next semester went off with a bang last Friday in the cafeteria, notwithstanding the heat. One might christen a new dance "the lollypop dance," first seen at South Side. You do it this way: one step one way, and one step the other. Do a swift turn and lick at a lollypop. Some fun, eh? In case you weren't there, dear reader, the first two hundred customers received one lollypop apiece.

Rudy Errington's orchestra furnished the music. The featured performance was a roller skate tap dance given by Eleanor Cupp and Bob Klopfeisen, which received everyone's applause.

The G. I. Club of Grand Island has a rule that any Letterman letting a girl wear his sweater takes a penalty of twenty-five spat.

Hear Amelia Earhart
The pupils of the Argentine (Kansas City, Mo.) High School had the pleasure of hearing Amelia Earhart talk to them about her latest flight.

Class Room News

In a recent trigonometry test given by Miss Paxton, the following pupils made a grade of A plus: Robert Adams, Ruth Adler, Mildred Poellinger, John Gerding, Brower George, Frederick Prange, and Arthur Schlie.

Jane Wormington painted the roof on the model Roman house in room 35.

On a recent Latin test in Mr. Rothert's room, the following pupils made 90 or above: Joan Bonsib, Dick LaMar, Helen Cox, Margaret Dickmeyer, Margaret Ann Ruckel, Robert Wiehe, Betty Lee Wilson, and Vivian Woods.

In Miss Covalt's typing 2 classes, the following pupils wrote a ten-minute test without an error: Virginia Woods, whose speed was 46.2 words per minute; Mildred Rudig, 45.6; Ruth Fowler, 44.3; Martha Morgan, 44.2; Doris Metsch, 38.3; Martha Lyman, 37.8; and Walter Weaver, 34.3.

Lorraine Meyer leads the first Big Ten with 52.6 words per minute in Miss Covalt's typing 2 classes. Others are Geneva Shearer, 51.7; Helen Walbert, 51.3; Dale Burgener, 48.9; Jane Van Wey, 48.2; Betty Ann Schaaf, 48.1; Selma Liff, 47.1; Robert Gaskill, 46.5; Ruth Roadcap, 46.1; and Mildred Rudig, 45.9.

The pupils of Miss Paxton's Algebra 2 classes who made 95 to 100 on a recent test are: Evan Case, Joe Bell, Dehmar Byroad, and Robert Kramfield.

Virginia Woods heads the second Big Ten with a total of 45.5 words per minute, and Maxine Manock is highest in the third group with 41.5 words per minute.

Robert Glusenkamp made 96, the highest grade in the class, on a recent 3A Latin test in Miss Woodward's room.

In Mrs. Welty's Latin 4 class, Richard Snook made an excellent reproduction of a Roman torments, an engine of warfare.

The boys in Mr. Chappell's industrial arts 4 classes have finished their period in mechanical drawing and will spend the remaining part of the semester working on their projects in the shop.

Mr. Chappell's class in industrial arts 2 are designing and making some parts which can be used in upholstered stools.

In Miss Crowe's U. S. history 2 class, Richard Brown has been collecting newspaper clippings that have bearings on problems that have developed since the Civil War. He has filed these according to topics and now has unusually good and up-to-date information on these problems.

In a recent mock try-out for the Merchant of Venice in Mrs. Welty's English 3 class, the following leading characters were chosen: Betty Gross, Schylock; LaVerne Kiel, Portia; John Hines, Antonio; Fisher Rehner, Bassanio; Mary Ellen Blauvelt, Narissa; Kathryn Hause, Jessica; Paul Reiter, Lorenzo; Clifford Zieg, Gratiano; Ral-in Mason, Launcelot Gobbo; and

Grade Period Ends Friday, May Third

Calling all South Siders! The end of the grading period is drawing to a close and your fate will soon be written in delicate U's and S's across the face of a tell-tale card. Wailing and gnashing of teeth will soon be spent in vain on the sympathies of hard-hearted teachers. Yes, students, the grading period ends Friday, May 3. The grade cards will be issued Tuesday, May 7.

Now is the time to act! The teachers must be kept in a good humor, for that helps, you know. A few polished apples might do the trick. However, whatever condition your grades may be in, volunteer for special work and bring your grades "way up there" for the final and last most precious quarter of the semester. Make up your work immediately and avoid that last minute rush of cherished privileges.

April Fool! Studes Get Fooled When Speaker Oversleeps

"April Fool's Day has gone and passed and we are the biggest fools at last." Through how many minds did this last saying ring when they were "fooled" by Mr. Snider after he called a false assembly. As an excuse for the late speaker, he explained that day-late saving time had just taken effect. Then all students were sent back to their classes.

But in order that this assembly should not be entirely in vain, Mr. Snider announced that Anna Brumbaugh, Alma Nitzsche, and Dorothy Fathauer had just won more honors for themselves and their school by winning several prizes in the State Shorthand Contest. As he had promised chicken dinners if they won four prizes, late Saturday evening Mr. Snider received a telegram from the girls saying, "Bringing home four chickens; have four chickens ready."

Charles Castle, Gobbo. Minor parts were taken by Fred Rapp, Howard Hirschman, Ralph Campbell, James Roth, Don Helm, Eleanor Monesmith, Joanna Dailey, Victor Pierson, Kathleen Wittmer, and Thomas Briegel. Quite interesting was the fact that more girls wanted to try out for Shylock than boys.

Four of Miss Thorne's classes are working on their exhibit projects.

Miss Thorne's home room class is reading a story called "Nothing Over Ten Cents."

Eleanor Vesey, James Craig and Joan Kennedy made a perfect score of 50 points in a recent departmental test given by Mr. Ferlini in his algebra 1 classes.

Pupils in Mr. Ferlini's algebra 2 classes who made a grade of 90 or above are: Helen Walbert, Ruth Kimmel, and Vivian Woods.

Girl Reserve Tea Is Set For May 7

So-Si-Y Mother-Daughter Affair To Be Held Tuesday; Feature Is To Be Honor Ceremonial.

"Finding God, the Beautiful, in Character" is the theme which So-Si-Y's annual Mother-Daughter Tea will be carried out on Tuesday, May 7, in the Greeley Room.

This affair is one of the most prominent on the high school Girl Reserve calendar, and invitations have been sent to mothers of all So-Si-Y girls. Instructions and song sheets were distributed for the tea on Tuesday during home room period. Fay Bechtold, as chairman, Eleanor Schremer, Betty Lou Lindenberg, and Mary Shaffer comprise the invitations committee. All girls who intend to attend are requested to sign up and pay ten cents in room 66 not later than tomorrow evening.

Virginia Greiner, Betty Rose Wolf, Audrey Fels, Eileen South, and Helen Anderson have arranged a candlelight ceremonial to honor graduating members as the feature of the program. The Girl Reserve loyalty songs and the code will be used as a part of this ceremonial. Miss Lucille Holtzapfel of the Y. W. C. A. will speak on Camp Yarnelle, and one surprise feature is being planned.

The decorations, which are in charge of Ruth Adler, Ruth Greiner, Betty Kline, and Betty Rison, will be carried out in a spring flower motif.

Refreshments for the tea are in charge of the semester social committee of which Arleth Carvin is chairman. The hospitality committee comprises Evelyn Ertel, Martha Jane Clark, and Marjorie Boerger.

"Ideal Girl Reserve" Is U. S. A. Subject

U. S. A. will hold its annual Mother-Daughter tea on Thursday, May 9. Each member is asked to bring her mother and one other guest. A play will be given entitled "Follow the Gleam."

The program committee in charge of this party consists of Helen Meese, chairman; Paula Gerding, Marjorie Crago, Betty Williams, and Phyllis Barrow. The refreshment committee has on it Corissa Colburn, chairman; Julia Crabill, Janice Baumgartner, Vivian Woods, and Vivian Blume.

At the meeting on April 25 "An Ideal Girl Reserve" was the subject discussed. Ruth Blue led the discussion. Some of the ideas which the member expressed were that a girl should be reverent to God, a good example to other girls, kind, friendly, truthful, and always dependable. A girl should also respect teachers and make the home life as happy as she can.

Vivian Woods also played a selection on the piano and Dorothy Pifer gave a reading called "Dumbbell."

Have "Boyless Prom"
A "Boyless Prom," at which club members will represent funny paper characters and take girls dressed as boys for dates, will be sponsored by a girls' club at Brackenridge High School, San Antonio, Texas.

Three Peerless Seniors Visit Honored Dean's Country Home

Imagine South Side's peerless seniors Alma Nitzsche, Anna Brumbaugh, and Dorothy Fathauer dressed in print dresses of a by-gone day! If we may believe their somewhat incoherent stories,

that is just what happened last Sunday. The dresses belonged to Miss Pittenger and her sister—well, a few years ago. After the shorthand contest, in which the above-mentioned girls participated, they were taken to Miss Pittenger's farm, which, according to Alma, has a river, a creek, a gravel pit, and a horse.

It was the horse which afforded the most amusement and the most exercise. Having slept on a grassy bank most of the morning, the girls, still in the print dresses, decided to ride horse-back. We have no idea where Miss Pittenger was at this time, but have a notion that she was watching and enjoying the spectacle.

Again referring to Alma, Dorothy Fathauer came up when the horse went down, and descended to meet the horse coming up, thereby creating a bouncing motion quite contrary to the usual method of riding and Dorothy's sedate gait.

Miss Pittenger had her share of mishaps, for while gardening, she mistook some nettles for weeds, and both her fingers and feelings were hurt. While transplanting hollyhocks, she also sunburned her nose and neck.

Something educational should be derived from every trip and in this instance, the girls gained very explicit knowledge in the intricate operation of currying a horse. The horse really looked nice, but it wasn't their fault.

Mother-Daughter Tea Planned by Meterites

Plans for Meterites' Mother-Daughter Tea are now being made under the direction of the officers. May 14 has been set as the date. Beatrice Fudge, president, and the Meterite officers will receive the mothers. Ruth Henline, Ann Peters, and Betty Garton are chairmen of the refreshment, decoration, and program committees respectively.

At the next Meterite meeting, a book review will be given by Ann Peters. All old members who are now ineligible because of their grades are expected back at this meeting. They can again become eligible by presenting a note from their English teacher stating they have now raised their marks.

Torch Club Plans Mother-Son Feast

Mr. Davis and Miss Pittenger Will Speak; Trio Will Play; Senior Hi-Y To Serve At Affair

Torch Club will hold its annual Mother and Son banquet in the cafeteria Monday evening, May 6, at 6:15 o'clock. All freshman and sophomore boys are invited to bring their mother and come. The cost will be 45 cents per plate. An entertaining evening is predicted for everyone who attends, as an excellent program has been arranged. All boys wishing to come should be sure to sign up in room 176 before Friday. The guests will be served by Senior Hi-Y boys, and in this favor will be returned later in the year by Torch Clubbers who will serve at the Senior's banquet. The toastmaster for the evening will be John Edwards, and the program will consist of:

Word of Welcome... Dalton McAllister
Response by a mother... Mrs. R. C. Lee
Poems... Members of Club
Story... Member of Club
Talk... Miss Pittenger
Talk... Mr. Ora Davis

The harp, violin, and piano trio from the music department of the school will provide the musical background.

Dorothy Fathauer, Bob Blomker Lead 4-Year Honor Roll

Valedictorian, Salutatorian
Also Have Good Records
In Extra-Curricular Work

Forty-Seven Have
Excellent Grades

Four Will Be Recognized
Who Have Not Attended
South Side Required Time

Forty-seven of more than four hundred graduating seniors of South Side were recently named on the four-year honor roll for achieving an average of 90 percent or higher during their career at South Side. Dorothy Fathauer leads the graduating class of 1935 as valedictorian. She has been outstanding not only in her scholastic ability, but also in extra-curricular activities. She served on the staff of the South Side Times and has held membership in the Meterite, Philo, Latin, and Math-Science clubs. Robert Blomker has been named salutatorian. He has been prominent on the Times and in the Torch, Junior Math, Latin, Math-Science, Philatelic, Student Players, and Social Science clubs. Both have also been elected to the National Honor Society.

To make the four-year honor roll, the student must have attended South Side at least three years. Four pupils whose grades merit a four-year honor roll standing but who have attended South Side only two years out of the four are also to be given equal recognition. The four-year honor roll members are as follows:

Wayne Bender, John Bremer, Jane Brinkman, Anna Brumbaugh, Goldie Bruoit, Dale Burgener, Dorothy Canada, Arleth Carvin, Clarabelle Chenoweth, Eleanor Cupp, Garland Eickmeyer, Betty English, Fred Forbing, Emily Gardner, Brower George, Phyllis Graham, Lloyd Grodrian, Edward Hackney, Catherine Hirschman, William Hockett, Helen Hughes, Alice Hulse, Ruth A. Jones, Ruth Keller, James Kennedy, Clayton Kilpatrick, Robert Klopfenstein, Ellis Lochner, Berneta McIntosh, Duncan McLeish, Betty Medaris, Frank Montgomery, Dorothea Nance, Alma Nitzsche, Sam Rea, Sam Schaaf, Richard Schannen, Robert Schelper, Mary Snyder, Harrison Simon, Elizabeth Somers, Elgair Stump, Shirley Sykes, Alwita Tarney, and Edythe Thornton.

Those who attended the school for only two years but who had high four-year averages, are as follows:

Betty Erick, Dorothy Geary, Elsie Koch, and Frederick Prange.

South Side Wins Three Art Honors

Eloise Greiser, Jack Fiske, and
Lester Yoder Submit Entries
Rewarded in C. of C. Contest.

South Side entrants in the Chamber of Commerce "Paint-Up and Clean-Up" contest for high school students of Fort Wayne took three of the first six prizes.

Eloise Greiser of South Side won first prize, which is \$4; Jack Fiske of South Side, second prize, \$3; Lou Rose McNett, North Side, third prize, \$2.50; Lester Yoder, South Side, fourth prize, \$2; Dorothea Bayer, North Side, fifth prize, \$1.50; Bill Poffenberger, North Side, sixth prize, \$1. Honorable mention was given to Robert Kutsch of Central, Gilbert Greiser of South Side, and Gerry Kratz of St. Catherine's.

Harold Kern was general chairman of the contest, and the judges were Fred Gilbert, Walter McBride, and Sheldon Hine.

All the twenty-one posters which were entered are on display at the Chamber of Commerce Building.

Constructions For Puppets Discussed

Helen Walbert Talks on "Making
Marionettes" To Puppeteers;
Potluck Plans Are Advanced.

"Properly staged, a marionette show creates an amazing illusion of size in the minds of the audience," so stated Helen Walbert in her talk on "Making Marionettes" at the regular meeting of the Marionette Club Thursday afternoon in the workshop.

Drawing much of her information from mechanical magazines and puppet books, Helen went on to tell about general construction in which speech stressed dimensions of controls and marionettes, facial features and expressions, costuming, and material necessary.

During the business meeting, John Bex, president, announced that a committee for arrangement and presentation of a show at the annual exhibit, Norman Budde, chairman; Helen Walbert, Doreen Russell, Emily Gardner, Mary Anne Park, and Kenneth Scott. The next meeting will be termed a "Painters' Potluck" and will be held for the purpose of painting and decorating the workshop and stage. The event will be held on Friday evening, May 9, instead of on Thursday of that week. This will give longer opportunity for working. Vivian Hickman, Clarice Fyock, and Kenneth Scott were chosen to serve on the committee for procuring paints, brushes, and supplies for the work.

Idred Hoff, Georgetta McIntyre, and Helen Walbert were appointed to select a menu for the potluck. Members are requested to sign for food in room 140 after today.

Heads 1935 Class

Dorothy Fathauer

Bob Blomker

Dorothy Fathauer and Bob Blomker, both prominent members of the senior class, were chosen valedictorian and salutatorian, respectively, because of their high scholastic averages for their four years of study here. Dorothy's average is 96.97 and that of Bob is 95.56.

Annual So-Si-Y Tea Is Held Tuesday

Theme of Meeting Is "Finding
God in the Beautiful
In Character;" Play Is Given.

"Finding God in the Beautiful in Character" was the theme of So-Si-Y's annual mother-daughter tea which was held in the Greeley Room on Tuesday, May 7.

A play carrying out the character theme was presented by a group of members and a club mother. The play was centered around Bettyrose Wolf, who plays the part of a school student who was preparing a public speaking talk. Other members of the cast were: Jane Addams, Virginia Griener; Annie Brown; Fay Bechtold; Mother, Mrs. Ertel; Alice Freeman Palmer; Verna Holtman; Girl Friend, Audrey Fels; Narrator, Violet Whitman; Florence Nightingale, Helen Anderson; Louisa M. Alcott, Aletha Hatfield.

Sue Meyer, president of the club, gave a welcoming address and introduced the officers and advisers and the Y. W. C. A. executive board.

Miss Lucille Holtzapfel of the Y. W. C. A., spoke on Camp Yarnelle, telling of the opportunities the camp offers to its patrons.

A ceremonial honoring graduating senior members was presented during the program. The Girl Reserve code was repeated and two of the official songs were sung during the ceremony.

A trio composed of Betty Medaris, Lois Arnold, and Martha Franz sang two selections, and at the close of the program refreshments were served by the refreshment committee.

The ceremonial tables were decorated in pastel shades, and the room was arranged with spring flowers. Each mother present was given a corsage of sweet peas.

Helene Foellinger '28 Grad, Is Outstanding Archer Alumna

Among the many successful graduates of South Side, Miss Helene Foellinger is one of the most outstanding. At the present time she is active working on the News-Sentinel as women's editor. Her work on that staff includes managing the woman's page and writing articles and other features. "I enjoy interviewing people more than any other type of work. Recently I interviewed Amelia Earhart and found the interview extremely interesting," said Miss Foellinger, when recently interviewed.

Miss Foellinger was very active in extra-curricular activities in both high school and college, and she attained high scholastic achievements. Her outstanding work in extra-curricular activities was in journalism, showing her talents in working four years on the Times staff, acting as one of the general managers of the Times, editor of the first green book published here,

G.A.A. Exhibit Will Portray Beach Scene

"Let's Go To Florida" Theme
Of Annual Show, To Be
Held on May 17 in Gym.

Affair Will Depict
Seaside Activities

Members of the Executive
Board in Charge of Pro-
duction; List Committees.

"Let's go to Florida," showing the activities on a beach throughout one day, will be the theme of the annual exhibition of the Girls' Athletic Association which will be held in the gym May 17, at 8 o'clock, under the direction of Miss Alice J. Patterson and Miss Gretchen Smith.

Decorations for the exhibit will be carried out in keeping with the theme of the affair, with large colored umbrellas, desk chairs, sea horses, and giant sea shells scattered over the stage.

Numbers on the program include studies in natural dancing showing the waves, games and setting up exercises by the beach loungers, and entertainment consisting of tap dancing, musical comedy numbers, ballet dancing, character dancing, modern dancing, and a life-guard drill. These acts are supposedly for the guests at the beach.

The grand march in which everyone taking part in the play will participate, will be accompanied by the school orchestra, as will several other dance numbers.

Members of the G. A. A. executive board, Martha Baumgartner, Eleanor Cupp, Virginia Cupp, Marjorie Hower, Leona Menze, and Betty Eisenacher, are in charge of the production and already have their plans under way.

Rosanne Certia is chairman of the art committee. Other members are Mary Martha Hobrock, Lillian Warren, Betty Harnish, and Alice Mae Seibold.

The ticket committee is composed of Sue Meyers, chairman; Lois Wyneken, and Helen Anderson. Tickets are twenty-five cents each and may be purchased from anyone in the gym classes, any person on the ticket committee, or in the girls' gym office.

Travel Clubs' Annual Picnic To Be May 15

Goldie Bruoit Talks on Opal,
M. Crankshaw, A. Bremer
Feature Recent Program.

Once again the time has come for the annual senior picnic given by Travel Club for the outgoing senior members. Travel Club will travel to Huntington for the picnic this year on May 15. Cars will be furnished by teachers and members of the club.

The opal was the subject at the last meeting, of which Helen Walbert was chairman. Goldie Bruoit told about the stone and its history. She stated that the beauty of the opal is judged by its different colors. Among the different kinds are the white, black, and fire opal. The names of the common opal are white, agate, moss, and wood.

Goldie stated that before the nineteenth century the opal was the favorite stone and it was believed that it would ward off dangers, but after that it was considered a bad luck gem.

"The polishing of the opal is the most difficult process," Goldie Bruoit stated. It chips easily when it is cut and polished. She also told something about the value of the gem. Some of the common ones are of little or no value. The precious ones are worth about fifty dollars, but even mount to as high as \$7,000.

Margaret Crankshaw read an article about Travel Club which appeared in a Washington paper. Her article was about fifty dollars, but even amount to as high as \$7,000.

Reports on the annual Red Cross convention held at Washington, D. C., in April, to which Mary K. Smith and Virginia Greiner were sent as representatives of Travel Club, were given. Virginia told about the happenings at the convention on Monday and Tuesday, and Mary told about Wednesday and Thursday.

Anna Bremer told about the World-Wide Junior Red Cross Broadcast, which will be given by Red Cross members from all over the country from 2 to 3 p. m. on May 18.

Helene Foellinger '28 Grad, Is Outstanding Archer Alumna

Among the many successful graduates of South Side, Miss Helene Foellinger is one of the most outstanding. At the present time she is active working on the News-Sentinel as women's editor.

Her work on that staff includes managing the woman's page and writing articles and other features. "I enjoy interviewing people more than any other type of work. Recently I interviewed Amelia Earhart and found the interview extremely interesting," said Miss Foellinger, when recently interviewed.

Miss Foellinger was very active in extra-curricular activities in both high school and college, and she attained high scholastic achievements. Her outstanding work in extra-curricular activities was in journalism, showing her talents in working four years on the Times staff, acting as one of the general managers of the Times, editor of the first green book published here,

Times Leader

Bryce Minier

Bryce Minier, a prominent member of the class of 1936, has been appointed general manager of the Times by Miss Rowena Harvey, faculty adviser. His term will begin next semester.

Bryce Minier To Head Times Next Semester

Has Held Numerous Positions; Aspirants Meet Today To Apply for Jobs.

Bryce Minier, a senior B and present business manager of the Times, will be next semester's first general manager, it has been announced by Miss Rowena Harvey, faculty adviser. "I have chosen Bryce because he has such an excellent record and knows what needs to be done on the paper," Miss Harvey said. "I think that he will make a very good manager."

Bryce has been connected with the business staff of the paper since he was a freshman. He has been very active along that line, holding the positions of ad solicitor, advertising manager, and business manager.

There will be a meeting of all people who desire to work on the paper next semester in room 38 today at 3:30. Applications will be taken from all present and will be considered by the new general manager. The positions for next semester will be announced by him later this semester.

Bryce will hold this position, according to the number of other general managers selected by Miss Harvey next semester, she announced. The retiring general manager will be Louis Bonsib, whom Miss Harvey has appointed to be Totem editor for next year. Other general managers who have served this semester are Wayne Bender and John Bremer, graduating seniors.

Wo-Ho-Ma Plans For Annual Picnic

Committee Also Named for Exhibit; Members To Elect Officers for Term at Next Meet.

Plans for the picnic to be held at Foster Park on June 6 provided the main topic of discussion at the Wo-Ho-Ma meeting Thursday in the Greeley Room. Several committees were appointed by the president. They are as follows: food committee, Alvina Greber, Eloise Brase, and Mildred Keller; entertainment committee, Mary Hudson, Helen Clark, and Mary Brannen.

Miss Pearl Rehner, faculty adviser for the club, appointed a committee to work up a project for the annual school exhibition. The girls who were appointed are Eleanor Warren, Betty Jane Turschman, and Betty Muntzinger. They will be assisted in their work by the officers of the club.

Following the business meeting a very interesting program was presented. Dorothea Tobieski gave a talk on "Home Economics in High Schools" and a biography of Ellen H. Richards, who was known as the mother of home economics.

Later, games were played. Refreshments of ice cream and cookies were served, followed by a short period of dancing.

The main event at the next meeting will be the election of officers for the new term. Betty Muntzinger and Audrey Jefferies were appointed as the nominating committee. At the next meeting prizes will be awarded to Clara Jefferies, Betty Muntzinger, Audrey Jefferies, and Helen Clark.

Aid of Pedagogues Desired by Times

During the last few weeks, there have been lists put up in the teachers' rest rooms for teachers' suggestions for news stories in the Times. So that the teachers may have an opportunity to have their ideas used, it is urged that they make use of these lists. The Times is glad to receive such aid, and it will be greatly appreciated. Important stories, if listed here, will be run in the Times. It will be of additional help if a time to get the material is given with the suggestion.

Semi-Annual Extemp To Be May 9 and 10

Plans Being Completed for
Public Speaking Contest;
Three Subjects Selected.

Thirty Contestants
Speak This Week

Thursday Will See All But
Six Cede To Finalists
Who Will Speak Friday.

Plans are now being completed for the second of South Side's semi-annual extemporaneous discussion contest to be held on Thursday and Friday of this week. There are over thirty contestants entered in the discussion which will be narrowed down to six competitors on Thursday.

The subjects for the contest this year are all the topics of national discussion. The three subjects are "Freedom of the Press," "The United States and the World Court," and "The United States and Social Security." The public is divided over these questions, and competition promises to be quite keen.

The semi-finals will be run off on Thursday in the public speaking classes. There will be six of these contests with six contestants in each room. The winners will compete on Friday in the Greeley Room during the second period. Judges for the contest will be chosen during the middle of the week.

The complete list of speakers contains Marjorie Rose, Helen Doenges, Helen Flaig, Robert Groh, Manuel Rothberg, Helen Anderson, Verna Holtman, Jack Hemmer, Robert Blomker, Robert Klopfenstein, Vera Eltinger, Betty Erick, Herbert Meyers, Robert Lohman, Louis Bonsib, Ruth Adler, Helen Sinish, Susan Meyers, Robert Long, Elgair Stump, Dorothy Golden, Ruth Greiner, Mary Michaels, Robert Storm, Ernest Trapp, Myron Jones, Elizabeth Somers, Hazel Kuttler, June Haeger, Paul Randall, Dick Helm, and Anna Brumbaugh.

Final Concert Will Be Held Next Friday

Band and Orchestra To Play
Tomorrow for Final Program;
Chorus Is To Sing.

Closing the series of music concerts presented through the term, an unusually long and interesting assembly will be presented Tuesday morning, May 14. The band, orchestra, and glee club will be featured, as the program is to consist of school talent only. Numbers to be played are all very interesting and several popular songs are to be featured, which the chorus will sing and the student body will be asked to join. These songs are "The Isle of Capri" and "When I Grow Too Old to Dream."

The following program will be offered by the band: "Visions" by Al Hayes, featuring a French horn trio; "On the Banks of the Wabash Far Away," featuring cornet and trombone trio on the chorus; "Home Sweet Home" by J. Bodewalt; "The World Over" by J. Bodewalt; "Lampe." This will be probably the most interesting number on the program. It was dedicated to John Philip Sousa in commemoration of his around-the-world tour. This piece is interesting as it shows the way "Home Sweet Home" would be played by England, Germany, Spain, Russia, Italy, Scotland, Hungary, China, Ireland, and American jazz band.

The orchestra, which has not appeared on a program for some time, will reappear with several well known classical pieces. These will include "Der Freischutz," an overture by C. M. von Weber; "A Day in Venice Suite," by Ethelbert Nevin. This suite includes "At Dawn," "The Gondoliers," "Venetian Love Song," and "Good Night." They will also accompany Betty Wainwright, who is playing a piano solo. The chorus will sing "The Butterfly Waltz" from the ballet of Coppelia by Leo Delibes. A religious number "Holy, Holy, Holy," and a romantic number by Liszt, "Liebestraum."

The usual charge of five cents will be charged to all pupils and tickets will be purchased from the home room teachers on Monday. Although many people have disliked the programs, most students have received a benefit and enjoyment from them.

South Side Graduates Express Ambitions, Desires for College

South Side has been trying to help seniors to decide on an occupation through talks on different professions under the direction of the Kiwanis Club; however, many are still undecided about

a profession. The following are answers which seniors gave when they were asked what they intended to do when they finish high school.

Pat Toney: I'm going to get a job as a stenographer, if anyone will have me.

Peggy Phillips: I'm going to college, and try to become more teachers. I haven't decided which college.

Fred Prange: I'm going to Indiana University Extension.

John Bremer: I'm going to try to get a job and earn money this summer to go to college next fall.

Berneta McIntosh: I'm going to spend a rip-roaring summer and then find myself a nice little job, if I don't get to go to college.

Betty English: I know I'm going to college, but I don't know where.

Ellis Lochner: I'm going to run the launch at Clear Lake.

Sophomore Party To Be Friday Eve In Gym, Cafeteria

1936 Totem Editor

Louis Bonsib

Louis Bonsib, a prominent senior B, was chosen as editor of the Totem for the next year.

Louis Bonsib To Edit Totem For Next Year

Is Present General Manager
Of Times; Paul Reynolds
Is Named Photographer.

Louis Bonsib, a prominent Senior B, was appointed by Miss Rowena Harvey, adviser for the Times and Totem, to be Totem editor for next year. Paul Reynolds, well-known around South Side for his photographic work, was chosen as the head of the photography staff for the 1936 Totem.

Bonsib has been a member of the Times staff since he was a freshman. He has held the following positions: reporter, advertising solicitor, advertising manager, business manager, news editor, and managing editor. He now holds the position of general manager of the Times.

Louis is very much interested in advertising work and has won many awards in this field. He won first prize in an international advertising writing contest. He has also received a Royal typewriter and a medal in other contests. Through his interest in type and layout work, he has maintained his own print shop for some years. Louis possesses a fine technical knowledge of engraving, printing, and layout work. The training which he will receive on the Totem will be of great help to him in advertising after graduation.

Reynolds has done photography for the Totem for two years and is becoming known as one of the outstanding amateur photographers of the city.

Philo Entertains With Yearly Tea

Mother-Daughter Affair Held;
Welcomes, Musical Program,
Given at Monday Meeting.

The Philaethian mothers and daughters were entertained a week ago last Monday at a tea given in the Greeley Room which was tastefully decorated with spring flowers.

Ale H. H., president of Philo, welcomed the mothers for the club, and Ann Abbett, as a daughter, welcomed the mothers. Mrs. Merle J. Abbett gave the response for the mothers.

The Philaethian quartet, composed of Betty Medaris, Clarabelle Chenoweth, Helen Flaig, and Betty Brotherton, and accompanied by Betty English at the piano, opened the program with "Mother, McCree" and "Baby Boat." Betty English played the piano selection, "Invitation To a Dance." "The Blue, Black Grass-Widow" is the title of the reading given by Selma Liff; Miriam Lickert played a selection on the harp. After the program, tea was served.

A trio composed of Avanel Glass, pianist; Miriam Lickert, harpist; and Paul Randall, violinist, furnished musical selections preceding the program and during the serving of the tea.

Skit To Be Featured on Program; Bud Goldman Band To Play; Officers Assist.

Ginghams, Prints
Are To Be Theme

Various Committees Given,
Chaperones Are Listed
For Annual School Event.

A skit carrying out the theme of the evening will be the feature of the annual party given by the sophomore class, which will be held in the gym and in the cafeteria on Friday evening at 8 o'clock. The skit will be a part of the program which will be presented in the cafeteria.

The cast is as follows: The hero, Don Sparkman; the heroine, Maxine Rippe; the villain, Don Sinish; the devil, Bob Augsburg; jockey No. 1, Miles Ruller Porter, III; announcer, John Bex; ten other jockeys.

The committee in charge of the program in the cafeteria is Virginia Fathauer, chairman; Reginald Gerig, Charles Hart, Barbara Scheele, Ina Claire Chappell, Georgianna Jones, Maxine Rippe, Don Sinish, John Bex, and Don Sparkman.

The complete cafeteria program will include:

Master of the Bolt..... Jerry Zehr
"oldskat Polka..... Reginald Gerig
Gingham Greetings..... Miss Pittenger
"Popular Prints..... Jacqueline Hensch,
Virginia MacNamara, and Barbara Arney.
Jaspering Calicos..... Marjorie Glass,
June Close.

Gingham Gallop.... By the Galleppers
The committee in charge of the program in the gym is Jerry Zehr, Miles Porter, Ned Henslee, Lewis Squires, and Paul Ellison.

Decorations in the cafeteria will carry out the motif of gingham and prints. Huge silhouettes of gingham umbrellas and jockeys will be arranged on two lattices, the tables will be arrayed in calicoes, and clever programs with gingham girls and boys will be used. Decorations are in charge of Jean Creighton, Louise Closs, Sally Rea, Betty Jean Bond, Jean Kennedy, Beatrice Fudge, Hilda Spangle, Claudine Wells, and Elinor White. Elinor White was the originator of the idea for the theme.

Bud Goldman's orchestra will play for the dancing in the gym during the evening. Jerry Zehr, Miles Porter, and Georgianna Jones compose the orchestra committee.

Prizes for the most original costumes in gingham will be given to both boys and girls during the evening. Everyone is requested to come dressed in some thing gingham even though it is only a tie or hair-bow.

The food committee is composed of Grace Nelson, Leona Menze, Ruth Barning, Winifred Locker, and Mary Louise Helms; and Jerry Zehr, Sally Rea, and Don Sparkman are in charge of publicity.

Don Sparkman is chairman for the sale of tickets which closed Wednesday evening. Don was assisted by John Bex, Charles Thorne, Emily Lepper, Thomas Makey, Ruth Garrison, Ruth Gueggen, Dorothy Herbst, Victor Nussbaum, Betty Gross, Robert E. Lee, Dale Curoth, Bill McLeish, Irene Ehlinger, Bob Storm, Dorothy Newell, Don Bazzinet, and Richard Snook.

Miss Martha Pittenger, Mr. and Mrs. R. Nelson Snider, Miss Pauline Van Gorder, Mr. and Mrs. A. Verne Flint, and the parents of the class officers have been invited to serve as chaperones for the affair.

Officers of the class of 1937 who have been responsible for the success of the plans are: President, Jerry Zehr; vice-president, Don Sparkman; secretary, Grace Nelson; and social council, Virginia Fathauer, Miles Porter, and Jean Creighton.

Senior Musicians Receive Letters

Forty-Two Honored for Talent
Devoted To This Department;
Gold Lyres on Large S's.

To those seniors who have devoted their time and effort to the music department, letters have been given. These letters are the regular large S's with gold lyres embroidered on them. In order to receive one, the student had to be a member of the music department during his four years in high school, had to be regular in attendance and willing to devote his talent and time to the department.

The following students received their letters: Jack Beamer, Vernon Gregory, Myron Jones, Leone Frederick, Mary Jo Allen, Alwita Tarney, Arlene Close, Dick Hickman, Adolph Rehm, Betty Medaris, Miriam Lickert, Wanda Jones, Wilbur Arnold, Elmer Webb, Erna Fuhrman, Paul Randall, Wayne Bender, Helen Flaig, Dorothy Mertz, Glen Siebold, Alberta Gollmer, Kathleen Kigar, Aletha Hatfield, Bob Archer, Bob Klopfenstein, Helen Sinish, Jack Geiger, Rosalind Enz, Ida May Franzell, Catherine Likens, Norwood Dalmont, Wayne Brown, George Glenn, Bill Knoche, Alice Bandtel, Bill Hebermehl, Olan Lehman, Bob Wiebe, Morris Zurburg, Bob Gingham, Bob Adams, and John Will.

Doctor Takes Course

Dr. Carl Goebel, who is well known to South Siders, both from his personal contacts and his support of the school's activities, recently attended a post-graduate course at Indianapolis, which was conducted by Dr. Dillon, famed neurologist of Los Angeles, California.

A good way to attract rainfall is to wash the car.

One way of modernizing Africa—selling canned missionaries.

The hardest job of a freshman—learning good manners without seeing any.

Both humorists and those who work in beauty parlors make up jokes—sometimes.

One thing that made great men of old seem so great was the want of candid cameras.

What every politician knows—if you give the people what they want, they won't want it.

A dog lover says that a dog often fills an aching void. This is especially true of the hot dog.

Napoleon must have been thinking of the Times Room when he said "Ages look down on you."

A Senior—One who talks about something he doesn't understand and makes you think it's your fault.

The one difference between death and taxes is that death doesn't get worse every time Congress meets.

Black paint may be removed from the seat of a pair of trousers by using a stiff brush, a bottle of turpentine, and a pair of scissors.

Think It Over

Looking back over our high school days, we always see some things left undone which we had always wanted to do. Perhaps we did not join in with any organization until our last year; maybe we did enter some clubs but did not actively participate in them. At any rate, there is always something which we wish we had done. Although we cannot go back to do these things again, we can learn from this always to make the most of our opportunities in college or business life. The seniors will go on into other fields; the rest of us, juniors, sophomores, freshmen, still have a chance to participate in activities around school. Let's listen to the "voice of experience" and start to do things so that at the end there will not be many chances that we have missed at school.

Safe Hikes

The arrival of spring brings with it the season for picnics, hiking parties, tramps through the woods, lanes, and so forth. When starting on a motor trip or week-end jaunt, the motorist should remember that there will be many pedestrians on the national highways and by-roads. Every pedestrian who uses the highways should have as his motto, "Walk to the left facing traffic."

Keeping a watchful eye on the safety of all concerned, sixteen states have passed bills making it unlawful to walk on any but the left side of a highway and facing traffic. Delaware, one of the above mentioned sixteen states, also requires the carrying of a light at night. Some states have even gone so far as to levy a fine for the breaking of this law.

Although statistics show that automobile-pedestrian collision accidents account for about 7 percent of the accidents on the streets and highways of the country, the deaths resulting from these mishaps comprise nearly one-half of all fatalities. Walking on rural highways, while an enjoyable pastime, is one of the most hazardous forms of pedestrianism, causing thousands of accidents each year.

Boy Scouts

Fishing, camping, hiking, and swimming, just what these and many others of this nature have to do with the prevention of wars is a question very worthy of debate. Not just fishing, hiking, camping, and swimming, but the movement that these are so much an integral part of—Scouting. No boys' organization has been so universally accepted as the Boy Scouts. No boys' organization stands for so worthy a cause and such high ideals as the Boy Scouts. No boys' organization is so strong, so powerful, so tightly banded together

with the bonds of fellowship as the Boy Scouts. It is safe to say that these Boy Scouts would be among the first to volunteer in time of war, would be the first to lay down their lives for their country. But to kill their friends, brothers of another nation, is another matter. Patriotism is little more than pride in one's own country, but friendship and brotherhood among these boys is love that when depressed may become dangerous, even deadly, to the least expected quarters. The millions of boys who belong to this and many closely related organizations of this kind are to be considered. This organization has become strong since the World War and may show its strength at the approach of other armed conflicts.

Mop Up, Studies

The Junior Chamber of Commerce is planning this week to carry out a clean-up campaign. The general theme is "Clean up, dress up, and paint up." During the past weeks, many efforts have been made to instill this thought in the students. A contest was held, talks were given, and much work in beautifying the school and grounds has been done. Already the difference in the appearance of the building and grounds can be noted. If this continues, as it will, South Side will also be one of the "most beautiful high schools in the United States."

As youth especially is always interested in looking neat and perked up, it will not be hard to employ its enthusiasm in this project of cleaning up. Spring always is a time to don lighter clothes, fix up the house and lawn, and act gayer. Now is the time for South Side to brighten up its grounds, clean out its halls, and generally beautify its appearance.

The Junior Chamber of Commerce as a part of the publicity of this campaign is offering prizes for the best posters made in the high schools. Many of the art students are enthusiastically entering this contest. It is predicted that South Side will, as usual, come out on top.

What Price Proms?

"Everyone had a wonderful time at the Junior Prom and Banquet." But few realized what it meant to prepare for it, not through any fault of their own, but because of the impossibility of comprehension of the enormous amount of work to do unless one has experienced it himself.

Three long banquet tables were lined in the center by hundreds of hand-made flowers. In among these flowers were placed at least a hundred silver shields. For the Prom, vines had to be made, requiring countless hours of work; decorations had to be painted, and then put up. But more than this, every page and cover of the clever programs had to be cut out by hand.

When this work is finished, everyone looks at the beautiful dance floor and attractive banquet table with a proud sigh of relief. That such a huge piece of work should be completed in such a short time with such wonderful results seems almost impossible and certainly incomprehensible. But it is done, and each year the Prom is said to be better than the last. Each year its purpose is fulfilled manifold. This year's Prom was no exception. And now, to Miss Miller, Mr. Whelan, and all who helped, possibly a big "Thank you" would be in line.

Freshman Fantasy

Assignment for May 9:

Write a theme complaining about an order which has been incompletely filled.

Dear factory—

I hev receive the shoes which I cent fer to you. The shoes are very very fine, very fine. But I hev look all over the plase, and I hev not seed the laces, I mean the shoe laces. I hev look in the shoes and under the shoes and in the box and in the led and in the paper. My brother he look in the shoes and under the shoes, ect, ect. And my sister she hev look ditto ect. But we cant enny of us find no laces. So what I want to rite to you about is becuzz how will I do up the shoes if I hev no laces. Or should I oughta do them up with string I mean not shoe-string becuz I hevent enny but plain string offer a meat package or sumpin. I would like to hev did it I mean wear the meat string only I thot mebbe you wouldnt like it if I went out to a dance or somewhere and somebody sed wher did you git them shoes and I sed I got them at yer factory. Now I kin git them laces at Hoofum's five and ten here fer 5c and what I wanna know is will I go down town and buy the laces and will you send me the 5c or will I use the string like I sed. Pleez rite me and tell me what to do on accounta I ast my girl that Susabella to go to a clam-bake nex week on I fergit the egsat day I think its toosday or wensday or mebbe friday I fergit. Pleez rite and tell me about the shoe laces ez soon ez you git around to it right away so that I will know about gittin the flivver fixed to take Sus to the clam-bake.

Yrs truly,
A. Southside Sophomore.

P. S.: Never mind about the shoe laces. I put my foot in the shoe to see if they would fit and I got my big toe all tangled up in something which wuz the shoe laces up in the toe of the shoe.

The Tiny Times

Daffy Ditties

To Stoner, English six seems hard,
She wrote essays by the ton,
But after they were written
She said that it was fun.

Dick North has only one subject in school,
Which comes at the first of the day,
Some people wonder what he does
But I hear that he's rather gay.

Moving stairs
Are lots of fun,
Ask Joan Lohman
And watch her run.

Second Table

The pay-off really came when, in chemistry class, "Wee Willie" Imler very seriously asked Mr. Gilbert, "If you have a chicken with high blood pressure, will it lay hard-boiled eggs?"

This week's orchids to: Paul Kennedy's recent cartoons....Fred Waring's adjective reuel "Way Back Home" last Thursday night....The Prom committee's choice of a dance theme....Martha Washington's conceptions.

The three chief causes of matrimony are spring, love, and boarding houses.

Sights: Bob Augspurger, Eleanor Vesey, Margie Rohrer, Bob Hall, and Paul McConnell jumping rope in the middle of Webster Street....Half of the school on the porticos on these warm days....Anna Brumbaugh and Ann Abbott all bothered over Warren Zelt, the idol (?) of Concordia....Wilson Byer insisting he won't do extra work in geometry for the exhibit....Andy Makin, another Concordia cadet, sparkin' Betty Wainwright.

"Matrimony," says Eddie Cantor, "is not a word, but a sentence." And then somebody adds that it's a long sentence with many words.

And so Betty Lou Lindenberg comes to school with a bunch of curlers in her hair, huh? That must have been the morning after she went to bed at 8 o'clock.

We are very modest about our pains. We're always admitting that they're a lot worse than other people's.

This week's inevitable contribution to our misery by LaVerne Boyce: School

A bunch of silly people
Rambling round the hall,
The bell rings in the steeple
There ain't none there at all.
The only thing we wonder about is
if she means people or school bells.

Jeanette Braun's current worry is the fact that Bender has gone away to camp, and she's lonesome and wants somebody else and stuff. Only one worry, did we say?

Nettie's Niece

Dear Aunt Nettie:
Did you know that Alice Jane Garbison has already "cracked-up" the new Hudson that she got about two weeks ago? A building got in her way, so she ran into it. Peculiar huh?...Bud Merrill is back in town after wintering in Florida. This ought to be good news for all fair young damsels....A freshman that's doin' all right is Juanita Wolford. The latest man that has gone for her in a big way is Eddie Kruse....I wonder how Bill Dulin and Aletha Hatfield can find so much to talk about during English class.

The Prom was swell. Among the dates there were JoAnne Smith and Wayne Bender, Betty Pettit with Jim Kimball, Maxine Howard and Bob Blackwell, Betty Ann Schaaf and Gordon Parmalee, H. Yapp and B. Minier, Maxine Borchert and Jim Sweet, Betty Erick and Bill Wilson, G. Martin and Bob Blomker, Max Roth and Walt Jurgenson, Betty Wolf and Jack Hemmer; and last but not least, Marge Glass and Bob Storm.

To some "bright light" goes the credit for the following: "Thirty days has April, June and Kentucky, all the rest have thirty-one except Chicago, which has the World's Fair....Paul McConnell and Mervyn Bohne have been seeing all the bright spots together, according to my scouts....Apparently Marge Rohrer's latest is the diminutive Robert Cowen, a 9A, whom most anyone can see running about the halls in monstrous goggles and knee-pants....This Spring (?) weather has caused many to come out and try their luck on last year's roller skates. Phyllis High knew what she was doing when she took Frank Bly with her, so as to sorta hold her up. She's not so dumb.

Edwin Ketter has his eye on two little numbers, Mildred Mitchell and Grace Killian. I suppose he will settle down to one of them and go with her for the rest of his high school daze....Jack Dawson seems to think that it is no longer a privilege to go with Dean Hockensmith, but a duty instead! Looks like Dean is slipping—losing her man, or somthin'....

Who is it that E. Campbell is so tickled to see at the G. E. shows? Why it's B. Winkler, of course.... And now I hear that Marjorie Mitten is chiseling in on Otto Reichwage. Personally, I don't think he's worth the trouble...."Dude" Weinmann's "heart" is in his art class.... Sybil Knudson's theme song is "I Can't Get Along Without That Man of Mine." The man is Bill Carroll; but his theme song is "Take a Number from One to Ten"....Jack Brown is doing his best to get a date with Lizzie Faulkner, but doesn't he realize that Gene Jackson is her first love?

Adios, Nina.

Mademoiselle Modiste

By Rosemary Chappell

An old tradition tells us that the knights in days of old had two main hobbies. One was to slay terrible dragons; the other to rescue beautiful damsels. From the atmosphere which prevailed at the "Night of Knights," it was evident that there were many fair damsels. But the mode of dress varies greatly from the frocks worn by the ladies who lived in the days of knight-hood. Organdy seemed to be the prevalent choice of many. Virginia Woods chose a fluffy frock of dainty yellow organdy. This had a long, flowing skirt which was trimmed with a dust ruffle around the bottom. The waist had a yoke which came to a V in front. A cape of yellow net was fastened to the neckline. This attractive cape had ruffles around the bottom. At the front of the neckline was a bouquet of several lovely flowers of organdy.

A very smart gown of pink pebble crepe was worn by Peggy Porter. Its jacket had long, tightly fitting sleeves. The open jacket displayed the neckline of the gown, which was adorned with a clever square white clip. The neck was trimmed with organdy ruffles which stood up around the neck. Around the skirt was a dust ruffle.

Marjorie Persing's frock was of white chalk crepe. It had a small cape which was just shoulder length. This was trimmed with two rows of maribou. The skirt was fashioned along slim lines. A rhinestone brace-

let with earrings to match completed the effect.

Doris Schrom was attired in a formal of pink taffeta. The jacket had two outstanding features. It had a large stitched collar. The sleeves were puffed to the elbow. Godets lent fullness to the floor-length skirt. Another lovely pink taffeta was worn by Martha Franz. The gown was sleeveless and featured a V-neck. The cape boasted circular sleeves. Its neck and sleeves were adorned with maribou. A slinking skirt gave the finishing touch.

Jane Brothers sported a frock of white mouseline de soi. It was fashioned short-waist style. The sleeves were exceptionally large. A full-length skirt was the final feature.

Sonia Velkoff looked charming in a printed chiffon of red, blue, yellow and white. A flowing cape hung to the hips. The waist had a yoke on which the cape was shirred. At the neck was a cluster of red, white, and blue roses. The skirt was long and flowing. Wrought gold and red accessories added to the color scheme.

Blue embroidered organdy fashioned the creation worn by Dorothy Crabbill. It was embroidered with white crescents. The drop shoulders were adorned with a fluffy organdy ruffle. A sash of white satin matched the embroidered crescents. Around the bottom of the full skirt was a wide ruffle.

1635

300 Years of Progress

1935

S. S. H. S.

Because of the crowded school condition in Fort Wayne in 1867 the first high school building was planned in that year. Oliver P. Morgan, John S. Irwin, and Edward Slocum, members of the school board, induced the city council to issue bonds for the purchase of lots on East Wayne Street where the Paramount Theatre now stands.

In the summer of 1867 and the spring of 1868 a two-story brick school was constructed. On September 5, 1868, the school was formally opened with dedicatory ceremonies at 2 o'clock in the afternoon. Among the speakers was Prof. J. H. Smart, superintendent of schools at that time, after whom the James H. Smart School was named. School began September 7, 1868.

The exercises were held on the top floor of the building in the gymnasium, 48x56 (our own is 55x105). A drawing room and a library which connected with the gymnasium were opened to make an auditorium. The program to which the public was invited was an historical one. Music was furnished under the direction of a member of the faculty.

The following hymn, "The Dedicatory Hymn," by W. T. Adams, written to the tune of "America" and sung at the exercises, shows how proud Fort Wayne was of its first high school:

"Our country, now to thee,
Land of the brave and free,
We consecrate,
This temple's lofty walls,
These fair and spacious halls,
That Wisdom's answered calls
May keep thee great.

For thee, our glorious land,
May this proud structure stand,
And ever be
Thy children's guiding light
A tower of Wisdom's might,
To bear thy banner bright
Aloft and free."

The school had a faculty of eight, among whom was Mr. Robert G. McNiece, A.B., principal of languages and belles lettres.

The following subjects were taught: Latin, English, French, German, natural sciences, painting, mathematics, instrumental and vocal music, and gymnastics.

So very proud was Fort Wayne of its high school that a model was sent to the Centennial Exposition at Philadelphia in 1876.

The first graduating class consisted of ten pupils in the spring of 1869.

In 1868 that high school was valued at \$30,000; in 1922, the lots on which the school was located was said to be worth between \$100,000 and \$125,000. Compare those figures with our own \$1,000,000 high school.

M. Rivet, a polite, generous minded missionary, driven out of Europe by the French Revolution, came to America in 1793 and established a school in Vincennes. He seems to be the first schoolmaster in Indiana about whom there is any account.

Though the state of Indiana adopted a law in 1816 to provide "for a general system of education ascending in a regular graduation from township schools to a state university wherein tuition shall be gratis and equally to all," no steps were taken to introduce the free public schools in Allen County prior to 1853. In 1853, 154 schools in Fort Wayne were taught in rented buildings. The first school board in Fort Wayne consisted of Hugh McCulloch, Charles Chase, and William Stewart.

During these years, however, the Clay and Jefferson Schools were planned and built, and enough money was gotten from taxes to keep school for the next several years. All of this was made possible through the untiring efforts of the mayor and the city council.

The years 1857-58-59 were difficult. The opposition to the public schools was so keen that an injunction was secured "to restrain the council from paying out funds appropriated by them for the maintenance of the schools."

The summer of 1858 a committee was appointed to solicit funds from the community to keep the schools open during 1858-59.

In the meantime warrants issued for the Jefferson School were coming due. Ten loyal citizens mortgaged their property to the state of Indiana for \$500 each and purchased school warrants from the school board.

Tattle Tales

ADD, CUTE SIGHTS: Sonia Velkoff and Bob Faust writing notes under Mr. Sidell's nose during assembly.

Editorial writers rushing to Room 18 after the tea dance to finish their columns.

These people whose only idea of dirt is that which accumulates in the back yards; We can find plenty of dirt around school without going down alleys.

While diligently searching the halls for dirt, we happened upon the large green waste can which is in the front hall. We pounced upon it in hopes of finding some dirt. But, alas! the other columnists had arrived upon the scene and thoroughly cleaned it! All that was left was the scent of an apple!

Vi McNeal seems to be losing out in every way. She had a fall-out first with Bayer, then Trulock, and the latest break-up was with Bob Morris. Tough luck, Vi!

Carolyn Sidle seems to know all the tricks, when it comes to concealing gum which she has supposedly dispensed with.

Our idea of Public Enemy No. 1: People who go around pushing mirrors into the lockers in the girls' locker room.

We wonder when Bender will make up his mind. First it was Dorothea and no wit is Ursula. I saw him with my little eye Present her with a pumpkin pie.

We wonder if Billy Schaefer still goes for Kay Kigar—or vice versa? And then we wonder, too, if Herbie Kramer knows that there are other "amorous oglings" (loving looks) lavished upon him besides Aletha Hatfield's.

All year there has been one grand fuss between Betty Wainwright and Margie Glass as to which one rated Norwood Dalman. Of course, Margie Glass won. No one could expect anything else.

Could it be possible for Jean Creighton to win Brower George's heart by her talent of playing the piano?

Alive to "Babe" S. As long as Schrom goes with Vesey, you don't have a ghost of a chance!

The next time you decide to go through the girls' locker room, Carl, don't get cold feet, for the Hall is only a short distance away. Besides, who knows, you might get a glimpse of Eleanor.

Popular songs to fit popular personages: "The Lady in Red"—Miss Dochterman.

"Flowers for Madame"—Miss Kiefer.

"The Girl in the Little Green Hat"—Miss Smetley.

"Little Man, You've Had a Busy Day"—Mr. Murphy.

"Margie"—Miss Suter.

"The Object of My Affections"—Her-man Makey.

"Pardon My Southern Accent"—Miss Rinehart.

"Let's All Sing Like the Birdies Sing"—Mr. Wainwright.

Louise Miller's latest conquest of Eugene Briegel has been quite successful. In fact, the affair has lasted for three months. Tch! Tch! Whoever would have thought it!

Southern Slush

Kimball took Betty Pettit to the Junior Prom. She in turn will take him to a popular dance in the near future. That's the way it started last year with Fritz, and now—?

How Deth Doth! How doth the gentle laundress Search out the weakest joints And always scrape the buttons off, At most strategic points.

German is not so much a language as a gargle.

One is lucky indeed if he is given as much as a nod from Vera Crise or Dot Durbin. Or else nobody wants that kind of luck.

Famous affinities: Flu and pneu.

Ye editors of Tattle Tales, Chappell (the young 'un) and Turner laughed when we suggested the name mentioned above for their new column. Now look. Heh! Heh!

There must be love-making in the next world. We often hear of ardent spirits.

Remember when Bob Moody used to boil for Betty Dickmeyer? It's rumored he still does.

One of the consoling things when movies were still silent was to see so many women on the screen with their mouths open and yet not able to hear a word.

Two microbes sat on a pantry shelf And watched with expression pained The milkman's stunts; both said at once,

Thirteen Schools To Take Part in Sectional Meet Saturday

Green To Use Twenty-Six Men In Local Event

Four Field Events Scheduled; Thirteen Events To Be Run; Central Favored.

Archers Probably Will Take Third

First, Second Place Winners Will Go To Indianapolis To Enter State Meet.

Thirteen schools from Allen, Whitely, Huntington, Wells, Adams, and DeKalb Counties will travel to South Side Saturday afternoon to participate in the local sectionals of the state track meet. The meet will start at 1:30 p. m. South Side is the defending champ for the meet. The admission will be fifteen cents.

A total of 193 men are entered in the events. Central and North Side have entered the most with twenty-seven each. South Side will use twenty-six athletes. Auburn, Garrett, and Huntington each are sending fifteen men, while Bluffton will send fourteen, and Roanoke thirteen. Ten men have been entered from Larwill, nine from Elmhurst, eight from Columbia City, and seven each from Geneva and Petroleum.

Those entered by South Side are Alexander, Beck, Boerger, Dorn, Eshcoff, Feichter, Goddard, Hinton, Kessler, Kirtz, Bill Kruse, Ed Kruse, Leitz, Makey, Miller, Norris, Ostermeyer, Parmelee, Piepenbrink, Prociue, Weimer, Schoenefeld, Stone, Uebelhoefer, Fowler, and Domer.

The usual thirteen events will be run off, nine running and four field events. First and second place winners in each event will earn a trip to Indianapolis on the following Saturday. At the State Meet two races will be run in each event. The winners from each sectional will not run in the same race. However, only the first place winner in the relays will participate at State.

Central is favored to win the meet, in spite of the fact that North Side has the much better record thus far this season. South Side is expected to take third place. However, winning the sectional meet has little significance other than the winning team usually sends the most men to the State Meet.

The Archers' best chances for a first place are in the relay events, especially in the mile event. South Side's mile relay squad has shown a good deal of strength this year. However, both Central and North Side have thrown their strength in this event in an attempt to beat out the Green. At Kokomo recently the Tigers' half-mile relay squad beat the Archers by about five yards. Central has now been reinforced by Ed Wolf, reputed to be even faster than Charlton in the 220-yard run. With his added strength the Tigers will probably beat the Archers out of first place. Kessler is expected to at least place in the 440-yard dash and Norris should do the same for the Green in the 880-yard run.

Stone will also run in the 220-yard dash. In case Kessler fails to place in the 440, he will also run in the 220-yard event.

Kessler and Miller Makey will participate in the 440-yard run. Kessler should take a place in this event. In the half-mile Norris should place. Dorn is the other entrant for the Green.

Beck will run in the mile and Weimer in the high hurdles. One other may be entered in each of these events but they had not been decided upon as yet.

Prociue and Parmelee are scheduled for the pole vault. Leitz and Miller are entered in the shot put. The Archers have a slim chance of scoring in both these events.

The mile relay team is composed of Kessler, Norris, Schoenefeld, and Makey. Stone, Eshcoff, Ostermeyer, and Feichter will run in the half-mile relay.

Around The Cinder Path

All eyes will be turned to the southern oval next Saturday where the annual sectional meet will be held. With fifteen teams competing it is expected that the meet will develop into a tightly contested affair. The Redskins from North Side are the pre-meet favorites because of their excellent showing in the past season. The Archers have shown promises at times this season, and are generally picked at the second place winners. However, it is highly possible that they may pull an upset and retain their crown.

Fort Wayne should send a large delegation to the state meet at Indianapolis on May 18. Ormiston and Charlton will probably represent this section in the 100-yard dash, and the former should also gain one position in the 220 dash. Norris, Charlton, and La Tourette will make plenty of competition for any outsiders, but Hatt of Auburn has been showing his heels to his competitors and may outdistance the Summit City trio. In the 880 dash and the mile there seems to be a dual between North Side and South Side. Van Wormer and Thomas will carry on for the Redskins while Kessler and Norris will represent the Green.

The field events are rather wide open events with the exception of the hurdles. Hathaway should sweep through these according to all previous performances. Shumm and Parmelee has shown promises in the pole vault, Givens and Leitz carry off honors in the broad jump, while Ivey looks good in the high jump. The relays are wide open affairs.

Eugene Hathaway Is Given Award

Lions Club Scholarship Goes To North Side Trackster; Dick Warfield Named Alternate.

One of Fort Wayne's most outstanding trackmen, Eugene Hathaway, was awarded the first annual Lion's Club athletic scholarship Saturday night at the Catholic Community Center. Dick Warfield, Central colored star, was chosen as alternate choice for the scholarship in case anything prevents Hathaway from accepting it. The Lions scholarship gives the receiver one hundred dollars or more, to be used to help him secure an education at any college or university.

Hathaway, a North Side student, specializes in track, while Warfield has starred in football, basketball, and track for Central. Eugene is considered as one of the leading high and low hurdlers in the state. He won second place in the sixty-yard high hurdles in the state meet at Indianapolis and third place in the sixty-yard low hurdles.

Besides taking an active part in North Side athletic activities, Hathaway has also been active in other North Side extra-curricular activities. He is president of the senior class and was president of his sophomore class. He is also a member of the National Honor Society and a member of Helicon, Phy-Chem, Language, and Lettermen's clubs.

Hathaway was selected as the winner of the award from a field of eleven other candidates. Three boys from each of the four local high schools were selected by the nominating committees. The other contestants besides Hathaway were Ivan Barclay and David Bradley of North Side; Harry Rhodes, Lyle Neat, and Dick Warfield of Central; Lawrence Walsh, Jack Murray, and Leo Grout of Central Catholic; and Bob Nelson, Gordon Straley, and Eugene Jackson of South Side.

A committee consisting of Robert Cordner, president of the Lions Club; Ben Tenney, sports editor of the News-Sentinel; and Robert Reed, sports editor of the Journal-Gazette, selected the scholarship winner. The award was based upon athletic ability, classroom work, mental attitude towards sports, desire for a higher education, and financial need.

Contest for Stenographer
A stenographer contest is being conducted by the Central High School of Trenton, New Jersey. Each contestant is required to write in shorthand any speech given during assembly periods.

Now that the Girls' Gym Exhibition is getting well on its way, queer things are beginning to happen. In the sixth period gym class, Irene Niemeyer appeared dressed as "Mammy."

It seems that the Soph 1 baseball team has hurt Soph 4's pride. The score was 7 to 3; but they say they can take it.

As the baseball season rolls on its way, windows have been falling out. Now, girls, I ask you, is that the human thing to do?

Miss Patterson wishes to extend her appreciation of the enthusiasm and interest the girls are showing for the Gym Exhibition.

A pin-sticking contest was held in the girls' gym office with Marjorie Hower and Ruth Berning in charge. Barbara Raymond, Leona Menze, Betty Harnish and Enita Snavely were on the receiving committee.

"Old Man Sunshine" has been slowing up the progress of baseball lately. Better luck this week, girls.

U. and S. Cards have caused the flutter of many a girl's heart. When work is (properly) done the fun will come.

Hear ye, hear ye, all that read—Get yourself a theme song and join the fad—

Rachel Mings—Lullaby of Broadway.
Elvin Baldwin—La Cucaracha.
Lida Mae Millery—What's the Reason.

Frances Knight—You're a Heavenly Thing.

Ask Bobbie Raymond why she has sore ribs. She claims its because she was playing Donkey at Marjorie Hower's.

Mary Ann Fark became so enthusiastic in a game of Donkey that she fell over backwards in her chair.

We hear that Marg Hower has her future all doped out. She wants to be a physical education instructor. Well, we hope you will some day be an instructor at South Side, Marge.

Champions Named In Three Leagues

Yankees, Archers, Siwashers, Named Class Champions in Annual Basketball Tourney.

The Yankees, Archers, and Siwashers have been crowned champions in the Light, Middle, and Heavyweight classes respectively.

In a close game, the Yankees defeated the Dukes in the Lightweight finals. The score was 10 to 7.

Yankees: Heilman, 2; Ringwalt, 3; Spency, 3; Buick, 0; Schaaf, 2; Brown, 0.

Dukes: Cassidy, 2; Junghans, 0; Babcock, 2; Dahman, 3; Flaig, 0; Gentis, 0.

In the middleweight finals, the Archers defeated the Tornadoes 36-13 in a free-scoring game.

Archers: Cronauer, 4; Schmeling, 2; Clymer, 10; Crosley, 7; Miller, 2; Bannigan, 0; Lehman, 12.

Tornadoes: Bridges, 5; Klopferstein, 0; Howell, 2; Springer, 0; Deem, 0; Klotz, 0; Stoner, 2.

In a nip and tuck, hard-fought battle, the Siwashers defeated the Flashes to take the heavyweight crown. Roc sank a foul and a field goal in the last minutes to win the game.

Siwashers: Lohman, 2; Geyer, 0; Nolan, 0; Nye, 4; Straley, 0; Rea, 9.

Flashes: Wigent, 0; Domer, 1; Houser, 2; Schelper, 8; Uebelhoefer, 3; Kessler, 2.

Intramural Gossip

Thirteen more boys took part in the handball tournaments this year than did last year. A total of 75 took part in 1935 and only 62 in 1934. Basketball participation, however, dropped off, only 222 taking part this season as compared to 303 for last year.

Date of N. E. I. C. Track Meet Is Undetermined

Track coaches of the schools in the Northeastern Indiana Conference will meet Saturday to decide upon the date and time for the annual Conference track meet. The meet, originally scheduled for last Friday night under the floodlights at North Side was postponed because of rain until last Monday. The meet was again washed out Monday. Reports that the event will be held on May 25 have no authoritative source, according to Lundy Welborn, Archer track mentor.

Spring Grid Practice Will End With Games

The football aspirants, having received somewhat of a setback by the rain which has lately been falling here, are still working out on the gridiron, and they intend to wind up their practice with numerous scrimmages between teams picked by Coach Welborn.

At the present time, some four full squads of players are working out, and they will compete in six games, after which the twenty-two best players will be kept and will scrimmage against two teams of older men who will be recruited from the ranks of veterans. This will wind up spring football and will give Coach Welborn an excellent line on his next year's material.

Baseball Leagues Are Being Formed

Sixteen Intramural Teams Ready For Three-Loop Competition; Noon, Night Games Scheduled

In the spring a young man's fancy turns to baseball. At least the intramural boys' fancy does. One hundred sixty-five boys on sixteen teams will compete. The lightweight teams are 110 pounds and under; the middleweight teams are 110 pounds to 140 pounds; and the heavyweight players are over 140 pounds. The games are to be played the fifth period and after school on the south field.

The lightweight teams and their captains are: The Slugs, Tremper; Yanks, Bazzinett; All-Americans, Melchi; and Nameless, Johnson.

The middleweight teams and captains are: Hoosiers, Brown; Lions, Hofstetter; Wimpy Lads, Schmidt; Panthers, Blume; Crusaders, Bopp; and Toars, Heersche.

The heavyweight teams and captains are: Sluggers, Boerger; Trojans, Kessler; Hawkers, Hinton; Fast Freights, Russell; Cubs, Hilgeman; and Spirals, Dochterman.

Last Vocational Guide Program Will Be Today

Ersal Walley To Talk on "Country Living and Management" in Cafe.

Bringing to a close the six-weeks Vocational Guidance campaign sponsored by the Kiwanis Club in South Side and North Side high schools, Ersal Walley will give the last talk today at 3:05 in the cafeteria. Mr. Walley's topic will be "Country Living and Management," a subject which falls under the listing of agricultural service. Two other talks in this division were given on Tuesday by Hugh Heckard, county agricultural agent, who discussed "Agricultural Education as a Vocation," and Don White, president of the Men's Garden Club, who dealt with "Gardening as a Hobby."

A special talk was arranged last Thursday with Captain Clarence Cornish, manager of the municipal airport, as speaker. Capt. Cornish's talk covered the general field of aviation.

The course of instruction is being carried on by the Kiwanians, under the direction of Henry Meyer, director of physical education in the Fort Wayne schools, as a service project.

The course was designed to cover the entire vocational field, and the entire field was divided into six divisions, consisting of Scientific Service, directed by Ward Gilbert; Professional Arts, directed by D. Oswald Jones; Commercial Work and Technical Service, headed by Howard Fairweather and Bert Larson; Home Economics, directed by Willis Richardson; and Agricultural Work, with John Slater in charge.

The Kiwanis Club has obtained permission for the Times to run a vocational aid chart, and this will be published in the May 24 issue.

Mrs. W. E. Thornton Talks to Art Club

Speaks on Cartooning To Members; Tap Dance Also Feature; Singer Presents Numbers.

"One of the compensations of age is to look back and see those former acquaintances who have become famous," was the opening statement made by Mrs. W. E. Thornton at the Art Club meeting in the Greeley Room on Wednesday, May 8, at 3:20. The subject of Mrs. Thornton's talk was "Cartooning." She told about four men, two of her acquaintances, who had become famous for their cartoon work.

Tells of Fontaine Fox One of these men was Fontaine Fox, who went to Indiana University at the same time as Mrs. Thornton. He has become the creator of the Toonerville Trolley. Mrs. Thornton said he always had someone else draw in the track and telephone posts, but he was the only one that could draw the trolley and the conductor.

The second of these men was Don Herrold, who was born in Bloomfield. He passed his college days at Indiana University, where he illustrated the annual. He is now a cartoonist of national repute.

Dales Phillips was the third cartoonist discussed by Mrs. Thornton. As a young man, Phillips was eternally drawing belts and harnesses of horses. When he first went in business for himself, he started an advertising agency. Since this was not to his liking, he soon dismissed the agency and drew advertisements. He was the inventor of the impressionistic picture.

George Bellows Discussed George Bellows was the last cartoonist discussed by Mrs. Thornton. Bellows, an Ohio man, was the son of a farmer. Although his mother wanted him to be a minister, he went to Ohio University and then to New York, where he became known as an artist. Mrs. Thornton told other facts about his life, and also named some of his pictures.

The rest of the program consisted of a tap dance by Helen Gray and two songs, "Every Day" and "It's an Old Southern Custom," which were sung by Betty Medaris. She was accompanied on the piano by Jane Kimble. During the business meeting, the president, Berneta McIntosh, announced that a lake party would be held at the close of school. Plans for this party were discussed.

UP AND DOWN OUR INCLINES

Mr. Ben's 9A classes are doing wood-turning. Most of the students started on their masterpieces; but, before starting, they were required to do five exercises, including the cuts necessary to do their work. They have chosen upholstered footstools, bedside tables, hall trays, book ends, and end tables.

In Miss Kiefer's English 8 class in connection with our study of "The Life of Samuel Johnson," Ralph Schwartz gave a very interesting report on Johnson's "Rasselas."

The English 6 class of Miss Kiefer has completed its study of modern drama and short stories and is beginning its study of modern poetry.

Frank Montgomery, a student of Miss Kiefer, will give a report on Johnson's "Life of John Dryden" in connection with the study of Johnson and Dryden.

Many pupils of Miss Ley are making posters for the Art Club Dance and place cards for the Letterman's Banquet.

The English 6 pupils of Miss Demaree wrote original and personal essays and are now ready to begin the study of drama.

The pupils of Miss Kiefer's English 8, period 1 class have completed their study of drama, and in place of a test they are writing a paper on "Browning's Character" as shown in the poems they have studied.

Eighteen pupils from Miss Kiefer's English 8, period 1, class were chosen members of the National Honor Society.

Mary Katherine Smith, a guest speaker, spoke to Miss Van Gorder's U. S. history class, period 2, concerning her trip to Washington, D. C. She also told about the tea where she met Mrs. Roosevelt, about the White House and Capitol, and about the dance at the Mayfair Hotel.

In home room 138 the pupils who have given talks on health up till today are: Helen Coomler, Justine Cum, Elmo Owen, and George Craw. The last talk was given by Rosemary Shea.

The students in Miss Smeltz's general history 1 classes have completed written reports on Charlemagne. The following students received grades of A to A-: Sam Beutoune, Robert Braungart, Ina Claire Chappell, Betty Davenport, Richard Dingley, Betty Garton, Ruth Gerber, Laverne Keel, Kathryn Miller, Eleanor Monesmith, Hilda Spangle, John Thackeray, Allen Tremper, and Clifford Zeig.

Over twenty pupils taking P. G. 2 took a trip to the weather bureau on the top floor of the postoffice. B. B. Whittier, the weather man, explained the operation of the weather bureau.

P. G. 1 classes made rock collections. The following handed in the best collections in the second period class: Norman Krone handed in 24 specimens, Kenneth King handed in 22, Dale Burgner handed in 20, and the collections of Lester Kramer, Elizabeth Sommers, and Gerry Walker were good.

In the sixth period class John Hines handed in 16 different rocks, Bob Miller handed in 15, Bob Tapping, Lenore Stephenson, Bill Ostermeyer, and John Lyons handed in good collections.

In the third period history class of

Mr. Wilson, Elmer Webb gave a report on the Navy, Georgianna Martin gave one on the Army, and Helen Allen and Bill Freese took opposite sides on the League of Nations.

In a recent test given to Mr. Furst's junior business training classes, Marian Roehrs and Viola Yoney made 95 or above while the following made from 90 to 95: Jane Bradley, Mildred Dryer, Marian Hudson, Harold Krauskopf, Helen Meyer, Vera Walker, Norman Budde, Jack Fox, Jeraldine Schaefer, and Herman Spillner.

The German 4 classes have finished their first story, "Immensee," and have taken a test on it. They answered German questions in German. The highest grades (98-100 percent) were made by Arleth Carvin, Ellis Lochner, George Vorndran, Erna Fuhrman, Lucille Kneller, Lorraine Meyer, and Katherine Simminger.

In Miss Paxton's geometry 2, period 7 class, the following pupils made 90 to 99 on a recent test: Kenneth Eckart, Lewis Squires, Charles Thorne, Betty Jeanne Bond, and Virgil Duncan.

The following pupils gave interesting health talks in Miss Oppelt's home room last week: Miles Frisinger, Ruth Garrison, James Dorn, James Geiger, and Leroy Cunningham.

Some of the boys in Mr. Chappell's industrial arts 4 classes are working on projects for the school. Those who are not working on school projects are making individual projects for themselves. They are to be finished by the end of the semester.

Mr. Chappell's mechanical drawing classes have been making blue prints on nice days when the sun is shining bright, because all the blue prints made here must be made in sunlight as we have no electric blue print machine.

Home room 138 had as its guest last week, Dorothy Peters, the sister of Eleanor Peters, from St. Joseph's Hospital training school. She talked on the health program. Her subjects were: The Organization of Hospitals, Duty of Nurses' Training and Disinfection of Instruments. She answered questions about nurses. The boys in the class were interested in medicine, and the girls, nurses' training.

Mr. Rother's Latin 4 class is making daily reports on topics connected with Roman history and customs. They are based on Showerman's "Rome and the Romans."

Helen Leaman, Erma Lenz, Betty Miller, and Leo Nolan took part in Mrs. Wely's home room health program.

In Miss Woodward's Latin class, Ruth Greiner and Elizabeth Hampel are making a cheese cake for the exhibit over the recipe given by Cato.

In a hobby contest recently, Wayne Decker and Hollis Logan, pupils of Miss Ley, won first and second prizes. The contest was held at the Y. W. C. A. Friday, Saturday, and Sunday.

The English 8 pupils of Miss Demaree are starting to study poetry of Wordsworth.

Miss Demaree's English 6 pupils are beginning to study modern poetry; each individual is writing an original poem.

The physical geography 2 classes have been studying the Weather Bureau's report on the Maumee River and the affect of the rainfall on it.

May 31 Is Set For Recognition Of Exceptional

Students Who Have Done Work in Subjects, Clubs To Be Honored in Gym.

Recognition of students who have done outstanding work and have given particular service to South Side will be given in an assembly to be held in the gymnasium Friday, May 31. The Recognition Day program is for all students and is to be held in the afternoon. A student from any class may be recognized for particular service by his department.

The program will differ from last year, inasmuch as every different department in the school will recognize someone for some outstanding trait. A department may recognize a student for scholarship or for simply an individual piece of work or composition. The program this year will be more interesting because programs will be given to all students.

The various departments and their complete list of people to be recognized are to be summarized in the programs. The awards will be of various types. They may include medals, books, pins, plaques, or other similar things.

A more permanent record is kept by the school in the form of the large green book which was started last year. All students who have been called to the floor for recognition are asked to sign in this book. This record will be kept over a period of years, and in this way, the school will have definite proof of a student's value.

The plans for the Recognition Day program are in charge of a committee composed of several faculty members of which Miss Elizabeth Demaree is chairman. The teachers on this committee are Mr. Elma Gould, Mr. Russell Furst, Miss Mary Paxton, and Miss Alda Jane Woodward.

National Honor Society Banquet To Be May 16

The annual National Honor Society Banquet for the members of the Promethian Chapter of South Side High School will be held on Thursday, May 16, at 6:30 p. m. in South Side's cafeteria. Each teacher of South Side's faculty will invite a member of the Society. The parents are also invited.

Plans for the banquet are in charge of four of the members: Dorothea Nance, Alice Hulise, Sam Rea, and Clarabelle Chenoweth. Edythe Thornton is chairman of the student decoration committee. The teachers in charge of the event are Miss Gertrude Oppelt, and Miss Mabel Thorne.

Night of Knights Big Success; Juniors Hold Sway Again

Due to the hard work of the junior class members, the Junior Prom and Banquet proved to be a huge success. Approximately seventy-five people attended the banquet held in the cafeteria.

The songs which were in the form of a small banner were held together by a small horn at the top. The songs were about the class officers and advisers, also about the dance; and were sung to the tunes of "Lookie, Lookie, Lookie," "It's An Old Southern Custom," "The Isle of Capri," "What a Difference a Day Made," and "Flirtation Walk." The programs were in the forms of pink scrolls. Pink crepe paper flowers were scattered around on the tables with small silver shields in between.

Fred Nye, the junior class president, acted as toastmaster and introduced the speakers. Mr. Snider spoke about the advantages the students of today have compared with those in the olden days. Clifford Schrom looked into the crystal and saw the future of many prominent juniors. Clarice Rudy talked about a garden and stated that our class would prove to be a blooming success. Miss Pittenger took the lady's side in her talk about the days of old. Mr. Abbott took the part of King Arthur.

Dancing at the banquet was provided, under the direction of Miss Gretchen Smith and Miss Alice Patterson, by Marjorie Turner, Mary K. Connell, Beatrice Fudge, Marie Mitchell, Bonnie Snyder, Dolores Cleaver, Charlotte Krimmel, Betty Mae Schultz, Mildred Mitchell, and Helen Grunewald.

The gym, which was transformed into a castle courtyard, had a canopy of leaves with a white cheesecloth canopy studded with stars in the center. The large posts were transformed into trees and the wooden wall around the gym was made into the garden wall.

Wayne Stutz and his orchestra from Elkhart provided the music for the dancing.

Fred Meyer was in charge of lighting arrangements.

Social Science Club Plans Annual Picnic

For the purpose of planning their annual picnic, the members of the Social Science Club held a meeting in room 10 last Thursday after school. The picnic will be held on May 10, after school, at Swinney Park. It is to be a potluck; members should sign up in room 10 for the dish they wish to bring.

The various committees and their members for this affair are: Food committee, Aletha Hatfield, chairman; Bob Blomker and Helen Sinish; recreation committee, Ann Abbott, chairman; Mildred Foellinger, Jo Anne Smith, Clayton Kilpatrick, and Ernest Trapp; transportation, Louis Bonsib and James Sweet.

The Social Science tour will be held on May 15. Further details about it will be announced later.

Jeanne d' Arc Topic Of French Club Meet

Jeanne d' Arc will be the subject of the May 9 meeting of the French Club, which will be held in the Voorhees room. Incidentally May is the month in which the French people also celebrate her anniversary. Frank Montgomery will give a talk on Jeanne d' Arc. Mary Snider will tell about the Basilique, a building which is closely connected with her life. Clarabelle Chenoweth will give a report on the 500th Anniversary of Jeanne d' Arc as it was celebrated by the French people.

1935 Graduates Are Announced In Final Listing

Four Hundred Eleven Pupils To Be Given Diplomas in June at North Side Field.

To Be Largest Ever Graduated

Huge Pageant Will Feature Gala Celebration of 300 Years of High Schools.

The entire list of the class of 1935, which numbers 411 pupils and which will be the largest graduating class in the history of Fort Wayne high schools has been announced by Mr. R. Nelson Snider, principal. The diplomas will be distributed at the North Side athletic field Tuesday, June 4. The graduates of North Side and Central will receive theirs at the same time.

The commencement will be in the form of a huge pageant centering around the theme of three hundred years of secondary education, which will be directed by Miss Marjorie Suter, high school dramatics instructor.

The official list of graduates follows: Louis Alexander, Virginia Ahearn, Carrie Alexander, Grace Alfrey, Margaret Ames, Robert Archer, Etta Arnett, Hildegard Bahde, Joseph Bailey, James Bair, Alice Bandtel, Hilda Barny, Wallace Baretels, Charles Baumgartner, Martha Baumgartner, Gloria Baur, Dorothy Beard, Virginia Beck, Frederick Beelby, Wayne Bender, Patricia Berry, Adrian Bevington, Albert Bidlot, Helen Blanks, Madelyn Blauvelt, Carl Bleck, Donald Bleck, Wilma Bleck, Robert Blomker, Melvin Blume, Metra Bojinoff, Bruce Bolinger, Robert Boussum, Claudia Bowby, Albert Brand, Aileen Branning, John Bremer, Eugene Briegel.

More Listed

Jane Louise Brinkman, Robert Brodrick, Elizabeth Brothers, Wayne Allan Brown, Lavera Broxon, Ada Broyles, Anna Brumbaugh, Goldie Bruant, Frank Buchanan, Margaret Buchanan, Evelyn Bullen, James Bunday, Dale Burcher, Dolbert Busche, Earl Buskirk, Susie Cameron, Dorothy Jane Canada, Arthur Carr, Donald Carr, Dorothy Carr, Marian Carr, Maurice Carter, Arleth Carvin, Lee Casteel, Lee Chalfant, Martha Chasey, Clarabelle Chenoweth, Wayne Christie, James Clapper, Otis Clark, Evelyn Clausen, Frederick Clements, James Cline, James Coffey, Beulah Colcho, Ruth Collins, Catherine Connel, Thomas Conway, Helen Cooper, Irene Courdeville.

Pauline Crabb, Robert Craighead, Mildred Crick, Susanne Crumrine, Robert Cruise, Eleanor Cupp, Eugene Dahman, Norwood Dalman, Dolores Dammeyer, Louis Daugherty, Charlene Davis, Jack Dawson, Lowell Day, Wayne Decker, Marvin Degits, Howard Degler, Richard Dennis, Betty Dickmeyer, Frederick Dickmeyer, George Diffendorfer, August DiGregory, Robert Dirmeyer, Roselma Disler, Jeanette Dixon, Alan Domer, William Dolin, John Dutterer, Frank Eakin, Doris Ehlinger, Garland Eickmeyer, Mary Elstine Elliott, Georgianna Engle, Betty English, Elfrida Enz, Rosalind Enz, Betty Erick, Evelyn Ertle, John Eschoff, Paul Fairfield, Dorothy Fathauer, Audrey Fels, Roy Fisher, Fred Forbing, Robert Foust.

Robert Fowler, Victor Frankfather, Ida Mae Franzell, Leone Fredrick, Clarence Fremion, Vera Fremion, Esther Frymire, Erna Fuhrman, Robert Funderberg, Clarence Gable, Alice Jane Garbison, Doris Gardner, Dorothy Gardner, Emily Gardner, Robert Gaskill, Dorothy Geary, Brower George, John Gerding, Wayne Getts, Gertrude Getty, William Geyer, Richard Giese, Robert Gingham, Edward Ginn, Ruth Glaze, Carol Goddard, Helen Goddard, Dorothy Goeglein, Geraldine Goette, Albert Gollmer, Paul Graham, Phyllis Graham, Alvina Greider, Ruth Greiner, Eloise Griesser, Lloyd Grodrian, John Gunter, Gertrude Hackmeyer, Edward Hackney, Eileen Hall, Howard Hall, Risher Hall, Elizabeth Hampel.

Others Graduate

Lowell Hargan, Jeanette Harlan, Marian Harris, Aletha Hatfield, Mary Hayes, Jack Hemmer, Geraldine Henline, Mildred Hensch, Helen Hickman, Richard Hickman, Irene Hildinger, James Hilgeman, Raymond Hilgeman, Catherine Hirschman, Robert Hirschman, William Hockett, Mildred Hoern.

(Continued on page 4)

Anna Brumbaugh, Alma Nitzsche Get Jobs As Rewards

Anna Brumbaugh and Alma Nitzsche are two of the luckiest girls in South Side. They are going to finish their school work this week and start working at the Lincoln Life Insurance Company next Monday. Now who wouldn't call them lucky?

They don't know what kind of work they will do, but they are sure that they will like it. That's a nice attitude to take, isn't it? Now here is what many of you are wondering about. How did they get their jobs? That's an easy question—through their ability in the commercial department. Both girls are members of the National Honor Society and the four-year honor roll. They placed high in the state shorthand contest and were active in many clubs and the Times. Alma Nitzsche was elected as a member of the Quill and Scroll.

We again say that they are very fortunate, as they will be able to come back to graduate with their classmates, demonstrate at the exhibit which will be held May 24, and come to all banquets and the senior dance.

Girl Reserves, Hi-Y Members To Hold Party

Y. W. C. A. Scene of Dance To Be Held on May 25; Tickets Are 25 Cents.

Plans are now being completed for the Deck Party being sponsored by the high school recreation council and the Hi-Y-Girl Reserve Forum committee on May 25. The party will be staged on the recently-constructed roof-gardens on the Y. W. C. A. This will be the first social event staged on the new dance floor. The party will start at 8:30 o'clock.

The general theme of the party will have its setting on the slogan, "What Constitutes a Good Time?" The initial portion of the program will be held on the roof with the remainder being held in the Y. W. gymnasium. Decorations for the event will be carried out in nautical fashion. The program will be in general charge of Lucile Holtspale, girls' secretary, and Harold Amrhein, boys' secretary at the Y. M. C. A.

Tickets for the party will be 25 cents. They may be secured from any member of the ticket committee. The committees consist of the following: Decorations, Virginia Beck, chairman; Max Triche, Jack Murray, Walter Evers, Dale Fisher, Pauline Crabb, Marjorie Swihart; passports, Aletha Hatfield, chairman; Herman Deck, Gene Hathaway, Alice Briedenstein, Evelyn Lehman; publicity, John Edwards, chairman; Dick Russell, Hutoka Neu, Alan Bauer, Dick Schannan; refreshments, Martha Boone, chairman; Gertrude Sammetinger, Frank Montgomery, Lois Wykenen, Dorothy Adams; program, Dwan Shearer, chairman; Mildred Wilcox, Marie Wurttenberger, Franklin Doenges, Art Goeglein, Bob Adams; orchestra, Don McAnis and Mary Osborn.

Puppeteers Hold 'Painters' Potluck'

Workshop, Greeley Room Scenes Of Painting, Eating by Marionette Members, May 10.

Old clothes and splochy exteriors were the features of Marionette Club's first "Painters' Potluck" which was held in the workshop and Greeley Room on Friday, May 10. In order to give more time for working, no business meeting was held and the members spent the entire period calceining the walls and ceiling of the new workshop. The entire decorating is to be done in blue and yellow. After the painting period, a potluck supper was held in the Greeley Room. Miss Martha Pittenger and Miss Pauline VanGorder were guests of the club. Helen Walbert, Millie Hoff, and Georgetta McIntosh were in charge of the menu, and Clarice Fyock, Vivian Hickman, and Kenneth Scott comprised the committee which was responsible for securing paints and supplies.

Final Music Concert of Year, Tuesday, Has Varied Program

"Last but not the least" applies to the final music assembly for this year, held last Tuesday morning. The concert featured numbers by the orchestra, band, and glee club, and specialty numbers.

In commenting on this year's series of music assemblies Mr. Jack Wainwright, the director of South Side's music department, said, "The whole music department appreciates the good sportsmanship of the student body during our concerts. Their nickels have helped very much, and I am sure nobody really minded paying this amount."

The program, which was divided into two parts, was as follows: Part I—Orchestra Der Freischutz, overture... Weber Mazurka De Concert... Musin Violin solo: Mary Jo Allen Sympathy, chorus... Friml A Day in Venice, Suite... Nevin Gypsy John, Steel Away, Down in the Valley—Boys' Glee Club. Piano Concerto... Mendelssohn Specialty—Saxophone solo—Buddy Meyer.

Part II—Band and Chorus Holy, Holy, Holy... Dykes Student Body Londonderry Air... Lake King Carnival... Krul Trombone solo: Dick Hickman

Fall Term's Class Schedule Is Announced

Table of Subjects, Periods Listed for Coming Term By Mr. R. Nelson Snider.

Students Asked to Check Programs

For Conflicts Found, Pupils Should Confer With Mr. Snider Before Monday.

The following is the preliminary schedule of classes for the fall semester. All students should check it carefully to see if their programs can be made without conflicts. If there are any unavoidable conflicts, see Mr. Snider before Monday evening.

The schedule in its final form will be published in the Times next week.

Lettermen To Make Movies of Sports

Picnic Plans Are Advanced; Exhibition and Nominating Committees Are Appointed.

Making moving pictures of various outstanding athletic events that take place here at South Side is the most recent project that the Lettermen's Club has attempted. The club plans to make pictures of the exciting instances in all of the various sports from year to year.

These pictures will be developed so they can be used for future club meetings and entertainments. The first film was made of the track meet Saturday, and others will be made as soon as finances permit. Ed Ginn is in charge of the pictures and is acting as photographer.

The Lettermen's picnic will be held May 31, and although complete plans have not been made, Fred Nye and Ed Ginn have been appointed to act on the committee.

Because election of officers will be held next week, a nominating committee composed of Brower George, Dorwan Kessler, and Harrison Simon has been named.

Plans for the Lettermen's part in the exhibit were discussed at the meeting Tuesday evening and Gordon Straley, Bob Lohman, and Harrison Simon were appointed as the committee in charge of them.

Marion Bailey, Soph Has Invented Device For Trisecting Angles

Marion Bailey, a South Side sophomore, has just completed an invention which, as far as he can find out, is the only one of its kind that really works. It is a device whereby one may trisect an angle of not more than 180°. So far, this could not be worked out geometrically. Marion said he cannot tell very much about it because it is so simple that somebody may copy it.

If this small metal instrument, which he completed after one month's work, turns out to be correct, he will try to get a patent.

Marion, who is an honor roll student, plans to study mathematics all four years of his high school career.

Booklet Issued For College Requirement

Entrance Examination Body Sends Booklet To Library Stating Exam Subjects.

The National College Entrance Examination Board has issued a booklet stating the requirements for college entrance and suggesting various means of preparation for entrance. This has been received by Miss Emma Shoup at the school library. The college entrance examinations this year will be given during the time of June 17 to 22. The list of the examination subjects are as follows:

History A—Ancient history.
History B—European history: Modern, or medieval and modern.
History C—English history.
History D—American history.
Latin 2—Two-year Latin.
Latin 3—Three-year Latin—Prose authors and composition.
Latin 3—Three-year Latin—Poets and composition.
Latin 4—Four-year Latin.
Latin H—Fourth year Latin—Poets (without composition).
Latin K—Fourth Latin—Prose authors (without composition).
Give Greek Exam
Greek 2—Two-year Greek—Xenophon and composition.
Greek 3—Three-year Greek—Xenophon, composition, and Homer.
Greek H—Third year Greek—Homer.

French 2—Two-year French.
French 3—Three-year French.
French 4—Four-year French.
German 2—Two-year German.
German 3—Three-year German.
German 4—Four-year German.
Spanish 2—Two-year Spanish.
Spanish 3—Three-year Spanish.
Spanish 4—Four-year Spanish.
Mathematics A—Elementary algebra.
Mathematics A1—Algebra to quadratics.
Mathematics A2—Quadratics and beyond.
Mathematics B—Advanced algebra.
Mathematics C—Plane geometry.
Mathematics D—Solid geometry.
Mathematics CD—Plane and solid geometry.
Mathematics E—Plane trigonometry.
Mathematics C. 3—Elementary mathematics—Elementary algebra and plane geometry.
Mathematics C. H—Advanced mathematics—Including two or more of the following subjects: Solid geometry, trigonometry, and advanced algebra.

Note: A candidate who wishes to offer only one of these subjects should take one of the separate examinations: Mathematics B, Advanced Algebra, Mathematics D, solid geometry; Mathematics E, plane trigonometry, biology, botany, chemistry, mechanical drawing, physical geography, physics, and zoology.

Requests for information regarding the examinations of the college entrance examination board and for blank forms of application for examination should be sent to the following address: College Entrance Examination Board, 431 West 117th Street, New York City.

Upon receipt of thirty cents, which may be remitted in postage stamps, a copy of this document will be sent to any address. The booklet which has been sent to the library at our school will be shown to anyone upon request.

The poster contest which was staged at South Side during Health Week by the art department and the athletic department was a great success. The posters were displayed in the study hall all of Health Week and were judged on Friday. The judges were: Miss Patterson, chairman; Mr. Snider, Miss Pittenger, Miss Smith, Miss Crowe, Mr. Briner, and Miss Rehner.

The first prize was won by Arthur Boerger, a 12A. The motto for his poster was "Good Health Is Your Greatest Wealth." The colors were effectively blended in gray and white.

Louis Bonsib, a 12B, won second prize with the poster mottoed "Good Health Stock." This poster was very unusual in form.

Delbert Leininger, a 12B, and John Worling, a 12A, were tied for third prize. Leininger's motto for his poster was "A Healthy Body Defies Disease." This was a gorgeous silver on black with vermilion stripes. Worling's was in blue, a statistical chart.

Some of the others who entered posters but were not so fortunate as to win a prize are Mary Martha Hobrock, Claire Johnston, Lester Yoder, Bill Knoche, Bruce Bolinger, who entered two posters, Jack Fiske, William Russell, and Leon Yaggy.

May 24 To Be Date of Annual School Exhibit

Friday Night, Gymnasium And Various Classrooms, To Be Time and Places.

Gym To Be Scene Of School's Pageant

Rooms To Have Department And Club Exhibitions; Committees Are Named.

South Side High School's annual exhibit will take place Friday night, May 24, in the gymnasium and various rooms throughout the school. The plan this year is different from that of the past two years. Exhibits of the various departments will be given in rooms on the east, north, and west sides of the gymnasium.

A change in the program plans is the series of episodes, depicting changes in the schools of America since 1635. This pageant is to be given on South Side's newly-constructed stage in the gymnasium, and is featured as part of the evening's entertainment. This feature will follow the exhibits in the various rooms.

The whole exhibit program is under the chairmanship of Mr. A. Verne Flint. Separate committees and chairmen have been appointed from the faculty to assist in individual assignments. Miss Pauline Van Gorder is chairman of the committee for the preparation of episodes and staging of the demonstrations in the gymnasium.

Student assistant work is in charge of Mr. Louis Briner. Mr. C. A. Box is arranging the physical equipment needed. Mr. Wilburn Wilson and Mr. Paul M. Sidell are in charge of the programs and the publicity. Mr. E. H. Murch and Mr. Louie R. Hull have been given charge of the lighting, seating, and general arrangements in the gymnasium.

Refreshments will be sold to people at various spots in the halls and will be in entire charge of the Parent-Teachers' Association. Whatever profit they make will go to their society to help in carrying out the aid they are constantly giving to needy students.

As each department of the school should have work exhibited, each pupil will have three or four active interests in this affair. The library and the club exhibits are new features of the exhibit this year. The library will have its exhibit in room 8, and the clubs will have theirs in room 50. Athletics are considered as a part of the club work and also will be shown in room 50.

The various subjects under science, namely, chemistry, biology, botany, physical geography, physics, and health will have their exhibits in rooms 2, 4, 14, 14, 96, and 32 respectively. English will be shown in room 28; Latin, in 30; and French and German will be displayed in room 34.

The mathematics display will be given in rooms 16 and 22. Commerce information will be derived from room 26. Home economics and manual training will be displayed in rooms 38, 40, 44, 44, and 46, respectively. Forms of social science will be shown in rooms 10 and 12.

The Times exhibit will be in room 18. Library will have its exhibit in room 8. The art display will be shown in room 24. The art department has been of great assistance in making posters and directories for the exhibit. Miss Erma Dochterman has taken charge of a lighted sign and directory to be placed at the north entrance.

Boys of the manual training classes have made the framework. There will be signs placed in the halls to show where the different room exhibits are.

Miss Evelyn Ley's classes have made posters and such to advertise the coming exhibit. The idea for the exhibit is being successfully carried out by hard-working faculty members and students.

Mr. A. Verne Flint, who is in general charge of the affair, said, "The idea is one of the finest we've ever had; it will show more completely the finer points of our school. I believe that the individual room demonstrations will assist in this. All parents are especially urged to come because they can then see the real purpose of education and can help their children in receiving a good one."

I believe that the individual room demonstrations will assist in this. All parents are especially urged to come because they can then see the real purpose of education and can help their children in receiving a good one."

Boys of the manual training classes have made the framework. There will be signs placed in the halls to show where the different room exhibits are.

Miss Evelyn Ley's classes have made posters and such to advertise the coming exhibit. The idea for the exhibit is being successfully carried out by hard-working faculty members and students.

Mr. A. Verne Flint, who is in general charge of the affair, said, "The idea is one of the finest we've ever had; it will show more completely the finer points of our school. I believe that the individual room demonstrations will assist in this. All parents are especially urged to come because they can then see the real purpose of education and can help their children in receiving a good one."

G.A.A. Exhibition To Be Presented Tonight In Gym

Head Gym Carnival Dances Portrayed in Florida Background To Be Given; Music To Accompany Act.

Let's Go To Florida Theme of Pageant

Price of General Admission Is 25 Cents; 15 Cents Will Admit Grade Pupils.

"Let's Go To Florida," theme of the annual demonstration of the girls' department of physical education, will be given tonight at 8 o'clock for the public and this afternoon for the students.

The price is twenty-five cents for everybody except grade school children, who pay fifteen cents; however, the students who go this afternoon pay only a nickel to see some of the best parts of it.

The grand march starts the proceedings, and in the first section come those who are in the gym events, then the dancers, and last come the others in the gym events.

The show proper opens with the "Dawn," a very attractive dance accompanied by the Little Symphony orchestra under the direction of Mr. Jack Wainwright, playing a selection from the William Tell Suite.

Next the ocean may be viewed when the "Waves" come in. The only music is the triangle. The girls doing natural dancing in their tunics make very realistic waves.

Just about this time the sun rises in all its glory interpreted very well by natural dancers in a dance called "Sunrise." The orchestra playing Chopin's Minuet, accompanies them.

As the day warms up a little, the people begin to get frisky. They come all decked out in shorts and blouses of all colors, making a very colorful array. In time with the orchestra they whoop it up doing all kinds of gymnastic exercises and playing very lively games. When they have their fun, some girls wearing beach pajamas of every hue come in and do a tap dance called "Beach Togs."

By this time it is noon and everybody is getting hungry. The piano is heard and in come the "Singing Waiters" doing a line dance. They are very nattily attired in white slacks, red coats, white shirts, black bow ties, and carry trays. They do their dance, serve the people on the beach, and then leave giving the stage to the Sink-Easies who go out in the water, throw up their hands and call for help. The handsome life guards from the American Red Cross then go out and save them.

"Tumbling on the Sands," a tumbling act put on by the tumblers; "Ship Ahoy," a sailors' horn-pipe with Ursula Morton as ensign and Enita Snively as chief petty officer, all come while the sun is high.

Sunset is a study, the girls wearing summer formal. Following this comes "From the Plantation" with mummies and young men with black faces accompanied by the orchestra, and boys' quartet; an "Oriental Melody," a Caucasian dance, the costumes being oriental and the dancers having tambourines; and the "Gypsy Tribe," in ballet technique, the gypsies wearing the traditional costumes.

The last activity is "Modern Design." Being a new type of dance expression, it is sure to attract much attention. Peculiar in that it is accompanied only by drums, the girls make a very attractive spectacle in their long skirts with alternate stripes of red and yellow or green and purple running around, and with tops of the same design.

The pianists are Dorothy Richter and Ruth Bade.

Ten-centenary Test Given On Thursday, May 16, during home room period, a test was given on Ten-centenary facts. These facts have been given in home rooms for the past several months, and have dealt with the history of secondary schools in America since their beginning in 1635.

The pianists are Dorothy Richter and Ruth Bade.

And now we take our tongue in cheek and prepare for the exhibit.

Seniorette—one who can make up her face quicker than her mind.

A consolation for fat girls—umbrellas and handkerchiefs always fit.

Keep it up, Seniors!—a prison warden says that college graduates make ideal convicts.

A humorist—one who can chuckle at the jokes he reads while in the dentist's waiting room.

What has become of the little metal savings banks that taught parents to be bank robbers?

It wouldn't be a bad idea to put the designers of bathing suits to work cutting the school budget.

What has become of the old-fashioned government that used to pay something on its national debt occasionally?

One of our freshmen declares that brains should be taxed—trust a student to suggest taxation that wouldn't affect himself.

Hygiene experts tell us that babies should be kissed on the back of the neck.—We always thought that was what you picked them up with.

An Overlooked Beauty Spot

There are many beauty spots around and in Fort Wayne that people come for miles around to see. But one that natives of Fort Wayne seldom think about is the grave of Johnny Appleseed.

Johnny Appleseed, who became known as Johnny Applesed, spent his life traveling over the country scattering apple seeds and planting apple trees.

Johnny Appleseed's grave has been beautified during the last year and is now a beauty spot of great interest to people all over the country.

Although he is not thought of as being as important as George Washington, Abraham Lincoln and other famous people in history, still his work was important.

Every Fort Wayne school child and citizen should become familiar with the life and work of Johnny Appleseed.

Life Insurance

The observance of the National Life Insurance Week from May the thirteenth to the eighteenth, makes this an appropriate time to give some thought to the influence which the great institution of life insurance is going to exert on the future of the thousands of students now attending the high schools of this country.

One of the dangerous developments of the depression has been the growth of a tendency to regard the saving of money as a futile effort. One often hears the remark that it is better to spend one's money and enjoy it than to save it and then lose through the depression the investment in which it was placed. Yet, it is still true that to have money you must save money. And the problem of the young man or woman starting out in the business world is not whether to save money, but when to save it. Life insurance, with its semi-compulsory saving feature, proved its merit during the depression and it behooves us all to place ourselves under its protective influence if we are to attain the financial independence which is the goal of the new era.

Education In Crime

Crime is still running full force in the United States, despite all efforts to stop it. A nationally known child welfare worker and criminologist has said that the way to prevent crime in America is to teach children how to live, to analyze the life experience of the inmates of prison, attempting, by composing their social histories, to find features in common. Most criminals are deficient in home, church, and school training. As there is no apparent way that the government can improve the efficiency of home and

church operation, there should be a more efficient public education. It has been said that a system of individual education patterned in each instance to meet the needs of each individual child, should be started. Although this would cost a great deal of money, it would save a large amount of money in reduction in crime.

Less than two percent of the inmates of American prisons are high school graduates, meaning that a high school diploma is practically immunity from prison. Therefore, a battle should be fought against school lapsation, and more prevocational and vocational training in the schools of America.

Cramming

For the past week most South Side students have been burning more than their share of midnight oil. As most people have found out, final tests were given, and of course, the best time to study is the night before the test. It seems the policy of most students just to drift along the whole term and let the studying go till the night before the final test. In this way you can have a good time all term and just one night will be spoiled with really hard studying. Although most people do their cramming the night before the test, some have found that it works just as well to wait until the morning before the test or even until a study period.

For some strange reason students do not seem to be rewarded for all their hard cramming, for when they take the exam they just can't seem to remember whether it was 1782 or 1791, or whether it was Washington or Lincoln who was the father of his country.

In addition to these students, of course, we always have with us those students who study all term and when the test comes don't have to worry. In the end it seems that it really pays to be one of the latter and spread your work over many nights instead of saving it all for one night.

Recognize Thy Neighbor

Many of us have heard this a great deal: "Love thy neighbor." Recently in a magazine we found that "the only neighbor is he who recognizes the whole world as his neighbors."

It is now a great deal easier to think of the residents of other countries as our neighbors than it was formerly. Cablegraph, radio, telegraph, fast steamers and airships all connect us with the inhabitants of once strange and hostile lands. Now we know that people across the sea eat the same foods, do the same things, even enjoy the same movies that we do. After all, anyone that is interested in the same things we are has a certain relation to us.

History has told us many stories of war and the disaster that invariably follows in its wake. Old timers are against war. They know by first hand knowledge that fighting is not all glorious heroism and honor. For every battle won, there always were many lives sacrificed. And to what end?

Many prominent and respected men of the world are today working hard to keep world peace. No one knows how much this peace means to the world. It means that instead of living in constant fear and danger, there is prosperity and tranquility; instead of death and destruction, there is life, freedom, and building of a new and better world. Truly peace is a jewel among jewels.

King George's Jubilee

Last week England celebrated the twenty-fifth anniversary of the coronation of George the Fifth as King of England.

How times have changed since Egbert became the first king of all England more than a thousand years ago, since Alfred the Great won the hearts of his countrymen, since the Conquerors vanquished Harold at green Runnymede, since the Thirty Years' War and the War of the Roses, since Elizabeth "queen of all art, song and story," since Charles and grim Cromwell and gay Charles the Second, since George V succeeded Edward VII on May 6, 1910!

And how times have changed in America! Newspapers of today carry all the foreign news, large cities with sky-scrapers have grown up, airplanes have been greatly developed, radio and television have come into their own, sound pictures have been invented, and rail streamlines trains have been introduced to the people.

Most other kings, had they been crowned in 1910 when English monarchs had already been shorn of almost all their power, would have failed utterly on the throne. But King George accepted the situation as it existed and immediately went to work and made the most of it.

English people call King George "defender of the faith," the most supremely successful figurehead in all the annals of history." Always he is correct, always immaculate, always the king.

All the nations of the world joined in congratulating George the Fifth on the anniversary of his twenty-five years as king.

Go Straight Ahead, Sir

Mademoiselle Modiste

By Rosemary Chappell

They say that April showers bring May flowers. And, judging from the bright and gay print dresses which the girls have been wearing in spite of the stormy weather, we might voice our opinion and say that it is true. Plaid seems to be a dominating influence in the printed fabrics.

A clever combination of yellow, brown and orange stripes is shown in Dorothy Turflinger's seersucker dress. It follows the tailored trend of style. The sleeves are short with narrow cuffs. A tailored collar forms a V at the front of the blouse. The blouse buttons down the front with large, round white buttons. The belt is rather wide. In the skirt, two pleats in both the front and back are shown.

Another striking plaid seersucker dress is worn by Margie Hower. The plaid is of yellow, black, red and white. The frock is fashioned in a blouse which comes slightly below the waist, and a skirt fashioned along the usual lines. The blouse has short sleeves whose cuffs are trimmed with black buttons. The skirt is a pleated skirt with a black belt. Black buttons fasten the blouse on the right side. A patent leather belt of red and black complete the blouse. The skirt has pleats in the front. Pockets give an added touch of interest to the skirt.

Betty Erick is dressed to the moment in a powder-blue linen sailor outfit. This two-piece frock displays the typical square sailor collar. In back it is trimmed with white embroidered stars. In front the collar is fastened on each side by a row of three small pearl buttons. The blouse has pleats in each side. Another nautical touch is given by a white embroidered anchor on the front of the blouse.

Southern Slush

Spring gets all of them. Bob Hull asked Mary Hayes for a date one glorious night. A few dates later he asked her to go steady. (She answered in the negative.)

The reasons offered for Hollywood's going blonde are: First, to lighten the overhead; second, to be fair to their public.

Elegy in a Traffic Jam
The curfew tolls the knell of parting day,
A line of cars winds slowly o'er the lea,
A pedestrian plods his absent-minded way
And leaves the world quite unexpectedly.

Red Leininger is almost going steady with Babbie Emrick. These "almosts" get us down.

"Are hard-boiled eggs beneficial to a girl just over twenty?" somebody asks a medical-advice column. Well, we should think much would depend on whether she was going to eat them or step out with them.

Paul Doebrman, who is making a tryout for the Mid-Atlantic Baseball League, wrote Donna Bill a six-page letter.

It's nothing much to think of—But every now and then, I wonder where M. Gandhi Carries his fountain pen.

News comes of a Broadway playboy who has diamonds set in his front teeth. He is regarded by many as just a flash in the pan.

Red Baumgartner asks everybody within asking, who the female is behind the desk in the library the third period. Somebody tell the poor sap, before we go off our nut!

Then, on the other hand, a bachelor's life is just one undared thing after another.

A cat fell into a milk can at a nearby railroad station last week, but was fortunately rescued by a porter from a watery grave.

How's this for a good fire-prevention slogan: "A match may be down but not out."

We thought that Dorothy Geary had some sense—going steady with Tom Conway, of all the ones to choose from! The Bronx cheer!

Solution to Wordy Well-Knowns

Eddie Kruse.
Mary Hayes.

Wordy Well Knowns

Rides around in a red roadster.
Shows one a good time.
Kicks feet around gracefully.
Eyes are blue.
Is a junior.
Eats only a half of hamburger.
Delights in teasing girls.
Doctor's son.
U can't help but like him.
Eddie is only his nickname.

Much liked.
Reliable.
Young and beautiful.
Airy.
Honey.
A brunette.
Your ideal girl.
Sweet.
Enjoys bicycle riding.

Nettie's Niece

Dear Aunt Nettie:

Bob Cowen escorted the latest, Pat Tresselt, to a recent midnight show at the Paramount. They look real cute together. . . . Gee, whenever I see Paul Boyer he is surrounded three deep by his women. What a man! . . . Jack Murray is again coming to good old S. S. for his cuties, this time the happy gal is Millie Hoff. . . . His friend, Kenny Sanborn, can't make up his mind between Ruth Fritz and Peppy Wermuth. In other words he is sorta on the fence. . . . Oh my! . . . Believe it or not, Elgin Stump was a regular Queens, too—all this took place at a recent public-speaking party.

If you are ever in need of the information on how to fleece a person, go to E. Reeves or Doris Schrom. They really know how—and how! . . . Among the hand-holding couples in the school are Frank Clifton and Alice Alexander. Bet she's glad that she is without those dish-water hands. . . . A little freshman thinks that the home state of Cab Calloway is H'Idaho. . . . The theme song of the night watchman (with many apologies) is "Take A Slumber From One To Ten" . . . Don Hathaway is getting around, just as his brother Gene, he has been seen around at the hot spots of town with Madeyn Fish. . . . I wonder if it is true that Audrey Jefferies is really trying to steal her sister's B.F. (boy friend)? I bet she doesn't get away with it for long.

All the kids at the Soph party were just too cute for words! . . . Add Ducky Sights: Mr. Snider playing with a Yo-Yo in the front hall before an audience. . . . Peg Porter stated that her recent date with Bob Hoffman was her good turn for the week. Now she's braggin' again. . . . The "P and J" means, "pride and joy".

Have you received any chain letters yet? . . . What's this game called "Fifty-Fifty" that Hooty Hall is supposed to be so fond of playing? Sounds rather interesting. . . . Jim Clapper looks so very cute in his usher's uniform when on duty at the Rialto, that he will have all the people coming to see him, and not the show. . . . So Virginia Vesey drove up to Huntington in Moon-Glow with Bud Mahurin and Bob Bacon, did she? She must be robbing the cradle, or is she just rocking it for a while? . . . Ho, ho, Joan Bonab fell for the elevator boy at the hotel in which she was staying in Florida. I guess that she thinks his acquaintance will elevate her. (Pun) . . . Have you heard anything about Margaret Sheefel and Paul Sivits of late? I've sorta lost track of them. . . . Ralph Schwartz has been taking Ruth A. Jones (one of the Jones girls) around for quite some time now and as yet they have failed to make a dirt column together. So here 'tis.

Bob Lockes the door on Betty Jo Wilkerson so she will not get out of the car and leave him. Maybe he should get her some Stickle's glue. . . . Did I tell you about the cute poem that Betty Jane McKnown wrote about her hero, Jim Higeman? She's some poet, I'll say! . . . I guess I'm done as I can't find any more dirt on the Times room floor, so

G'wan to Bed,
Nina.

B. L. G. S.

1635

300 Years of Progress

1935

S. S. H. S.

In 1789 the Massachusetts legislature framed a very complete school law, the principal feature of which was the broadening of the common schools by the mandatory study of English in the form of grammar and spelling.

"The above law legalized the practices in education of the past one hundred fifty years, and changed them into state requirements. A six-months elementary school was required in every town having 150 families, and twelve months, if 200 families. All teachers had to be certificated, and all grammar school teachers had to be either college graduates or certificated by the minister as skilled in Latin. The Selectmen of the town inspected the schools and certificated the teachers." Note that here is the beginning of the modern school board.

In 1790 a town meeting was held in Boston to consider a petition from numerous "respectable" citizens for a revision of the system of public instruction. In this petition the citizens asked that provision be made for "youth of both sexes."

Samuel Adams, then Lieutenant-Governor, was a member to consider giving girls a chance.

Candid Camera

Chit-chat: Ann Abbott: I don't like people who are conceited—Helen Kelsey: I was walking along, all dressed up, and fell in the mud—Dorothy Crabill: Isn't Silas Marner ten points?—Anna Brumbaugh: I'm no shorthand queen; my hands are really big—Robert Shookman: In the spring, young ladies may be heard saying "Hi toots!"—Joan Bonab: Music is absolutely necessary to a student—Mr. Wilson: Is there any more business to come before the house?—Harriet Storm: Nighty night, see you in the wash—Bertha McLaughlin: Yea, we're distant cousins—Edythe Thornton: Clavicles are very annoying things—Jane Loomis: No, I paid fifty-two cents, not forty-eight—Don Cohagen: I just tried to seal a glass tube with water in it—Fred Prange: Can anyone read Dygert's writing?—George Anna Martin: Hi!—Bryce Minier: Sleep no more, Macbeth does murder sleep—Ursula Morton: Hey, this is my sister's jacket—Miss Shoup: There's entirely too much noise in here—Gerry Henline: Gee, stamp collecting is silly. Just little scraps of paper—Mary Kay Connell: Oh, isn't he cute?—Mervyn Bohne: I want to see the Bride of Frankenstein—Eighty people: We want to work on the Times next semester—About forty of them: We want to write dirt columns—Dorothea Nance: Honest truly.

When Beanie Dygert went through the postoffice with Mr. Wilson's civics class, she found a letter for herself stuck in a cubby hole. Such intuition!—Bill Fries, the original joker, likes to blow out all the bunsen burners at a chemistry table by blowing through a tube connected to the gas pipe. . . . Don't you think one of the three healthy reasons for Holsum bread on the bill board across the street looks like Bud Mahurin?—And then Juanita Wolford, the original advertisement for chewing gum, roller skated into a post. . . . And while we're reminiscing, we laugh at the thought of Charles Hart crawling in the hall on his hands and knees. Smile: As Scott-free as Southern Slush.

We'll just bet there are many people in South Side who rant and rave every time they see their pictures in the Times. (Believe it or not). Pictures of teachers taken when they graduated from college, pictures of seniors taken when they were freshmen, and pictures which look like they say someone else may gripe them, but remember! The camera never lies. Moral: See yourself as others see you.

Breathless moments: Waiting to see if you have an eighth period—Looking for your name in a dirt column—Cautiously looking to see if the problem you spent fifteen minutes on is right—Walking on wet sidewalks in white shoes—Sitting down on a ukelele—Your first date—When teacher says she wants to see you after class—The timid freshman when he sees a Letterman on the opening day of school—Trying to sneak through the halls without a slip—The yell of the lady at the box office who informs you you have forgotten your change after getting in as a child—Trying to get that point book read before school lets out.

Tattle Tales

Vera Crise vigorously peddling a bicycle up West Creighton Avenue.

Ned Henslee running through the girls' locker room after being dared by Jean Bollman.

We don't intend to steal Hix's stuff, but we just couldn't let this swell opportunity pass. But, "Strange As It May Seem" John Thackery really took a girl to the "Gingham Gallop." Poor Fish!

Theme songs for characters of "Gingham Gallop":
Lovely to Look At—Maxine Rippe.
Got the Jitters—Don Sparkman.
I Ain't Gonna Sin No More—Don Sinish.

I'm Goin' To Heaven on a Mule—Miles Porter, III.

We were simply knocked off our feet when someone informed us that Don Hickman took Virginia Greiner to a show.

Now that Clean-Up Week is over there must be a lot of dirt that people would like to get rid of. Just mail all excess dirt to this column in care of the mailbox at the west entrance of the study hall.

Girls were allowed to attend the schools from the 20th of April to the 20th of October.

In the winter, when the girls were not present, the upper and lower classes of boys alternated in a similar way. This unique arrangement was later called "the double-headed system."

The daily sessions were seven hours long until 1802, when they were reduced to six.

In early records of New England towns, the "fittin skule" was a winter school kept by a man who taught writing and arithmetic, chiefly to boys.

In these schools boys studied in order Numeration, Addition, Subtraction, Multiplication, and Division; Interest and Decimal Fractions.

In the writing schools the scholars usually worked on their sums until they were right. Jonathan Trumbull, later an artist, is said to have spent three weeks on a sum in long division when he attended the school as a boy.

No text was prescribed in arithmetic until Daboll's was introduced in 1819.

State Track, Field Meet To Be Saturday At Indianapolis

Six Entered In Annual Contest By South Side

Norris, Eshcoff, Ostermeyer, Feichter, and Stone To Represent Archer Thinlies

To Enter 880-Run And Half-Mile Relay

Green's Chances Are Weak; North Side, Central Send Stronger Squads To Meet

Winners in the local sectional of the Indiana High School Track meet will travel to Indianapolis Saturday to participate in the finals of the state meet. The morning trials will begin at 10 o'clock. The final events will start at 1:30 o'clock. The admission price is to be fifty cents.

South Side will send six delegates to the meet. The half-mile relay team, composed of Eshcoff, Feichter, Stone, and Ostermeyer, and Domer, an extra man, and Norris, who captured second in the local half-mile run, will participate. The Archer relay squad is expected to place in its event, but it is extremely doubtful if they can win. Norris should also place unless he gets a bad break by drawing the tougher of the two races in his event.

North Side will have the most representatives from this section. Eight Redskins earned the right to participate in seven events, the mile run, 400-yard dash, shot put, high hurdles, low hurdles, broad jump, and mile relay. Thomas should place well in the mile, judging by his local performance when he ran the distance in 4:43.5 without being pushed. The state record is 4:43.3. Hathaway also has a fine chance in both the low and the high hurdles. Their mile relay squad has a very good chance of winning its event. Their time last Saturday, 3:32.5, is good enough to win, as the state record is but three seconds less than this. Ormiston also may place in the 440-yard run.

Central's Tigers qualified five men in five events for this week's meet. They will participate in the 100-yard dash, mile run, 440-yard dash, high jump, and half-mile relay. However their chances are much less than those of North Side. Charlton has a slim chance of placing in the quarter-mile run, and Mourning has a slightly better chance to score in the half-mile. However, these are almost their only possibilities to break into the scoring column.

Huntington qualified three men in three events, Garrett two in three events, and Auburn two in three events to complete the representatives from this section. Kokomo is the favorite to come out on top Saturday. They won their sectional at Anderson while qualifying fifteen men. This gives them a decided advantage. However, they received a blow when Elliott, their star 100-yard dash man and state record holder from last year, placed third in the sectional due to an early-season injury. Consequently he will not be allowed to participate. Froebel of Gary is the best choice to run off with second place honors.

The winning school will be awarded a shield or cup by the I. H. S. A. A. Medals of gold, silver, and bronze will be given to the winners of places in each event. Relay team members will also receive medals.

The winners of their respective sectional meets are as follows: at Marion, Muncie; at Fort Wayne, North Side; at Anderson, Kokomo; at Mishawaka, Mishawaka; at Indianapolis, Tech of Indianapolis; at Lafayette, Monticello; at Vincennes, Vincennes; at Bloomington, Bloomington; at Evansville, Bosse of Evansville; at Rushville, Richmond; at Kentland, Brook and Rensselaer tied; at Gary, Froebel of Gary; at Elkhart, Elkhart; at Terre Haute, Wiley of Terre Haute, at New Albany, New Albany.

Eight Baseball Tilts Played By G.A.A.

Games of Girls' Ball Teams Are Both Thrilling and Lopsided; Menze Is Outstanding Player.

Only surprise would follow the statement that there were four baseball games in progress at one time on the diamonds opposite the school Friday when the G. A. A. girls turned out for baseball.

The first game that was watched was the most thrilling of the season. It was played between Fremion's Senior 2 team and Hower's Junior 1 team. Frazell, the most outstanding neider on Fremion's team, came forth with a run and a home run. Fremion ended the first inning with a home run, making the score a total of 3 runs. On Hower's Junior 1 team, Brett and Hower both scored home runs. The final score, after two innings of hard playing, was a tie at 7-7.

The next game was nearly a match for the first game, for the final score was 3 to 8. The game was played between Redding's Junior 3 team and Eisenacher's Sophomore 3 team. Baumgartner and Haines brought in two home runs for their team.

After these two most thrilling tilts, the spectators were daunted by a score of 21 to 0. Menze, the outstanding pitcher for the season, hurled several curves at her opponents that called for three consecutive outs. After these pitches, the opposite team was utterly defeated.

The seniors just couldn't hold the juniors down, for in the game between Disler's Senior 1 team and Rison's Junior 2 team the juniors scored 12 to 4. In this game six home runs, out of twelve runs, were made.

The next set of games was played at 4 o'clock. Hower's Junior 1 team defeated Harnish's Sophomore 4 team by a score of 5 to 2. One home run was scored by Snively on the Sophomore 4 team.

Another 4 o'clock game was played between Disler's Senior 1 team and Redding's Junior 3 team with a score of 5 to 12.

Fremion's Senior 2 team came out on top again with a score of 9 to 6 over Rison's Junior 2 team.

Eisenacher's Sophomore 3 team just couldn't be held down after the second game. The twelve came through with a score of 11 to 1.

25-Cent Tickets For State Track Meet Available

Noble E. Kizer, director and football coach of Purdue University, announced recently that, as a means of stimulating interest in track and field games among the high school students of Indiana, a special 25-cent ticket has been offered for the Indiana State Collegiate Track and Field Championship meet which is to be held at Purdue University, Saturday, June 1. Students are to give their order to Mr. Snider. The meet, which promises to be a colorful affair, will offer very keen competition.

G. A. A. Flashes

A rose to Alice Mae Siebold! The little girl who originated and designed the cover for the Exhibition program.

With everyone signing up for track events and practicing them it is evident that a track meet will be held in the near future.

If you want to see a unique way of serving come and see the dancing waiters.

As usual the G. A. A. is doing its part. The Letter Girls are arranging a display booth for the exhibition.

The advanced tumblers' part on the program is especially commendable. They have been practicing their stunts all winter.

Accompaniment for the show will be furnished by the quartet and little symphony under the direction of Jack Winwright.

There will be light dancing numbers besides many other attractions Friday night.

Do you want your fortunes told? The gypsies will explore into the future Friday night.

The costumes are ready, the scenery is finished, rehearsing is practically over, every thing is set for a gala production. I'll see you at the G. A. A. Exhibition tonight.

Marge Hower's junior 1 baseball team has won three games already in the season. Next comes Menze's team by winning two games.

You just can't hold the G. A. A. girls down. Anna Brumbaugh went to Muncie and won for us a medal.

I-M. Track, Field Meet To Be Held Today

Annual Intramural Rivalry Set for May 16 and 17; Rules and Records Given.

The annual intramural track and field meet will be held today, immediately after school. Those who enter will be limited to five events.

The rules for the track and field meet are as follows:

1. Anyone out for varsity competition is ineligible.
2. One may enter two track and two field events and one relay, or two relays and a track or field event.
3. Get entries in at once.
4. Field events will be held Thursday, May 16, immediately after school; track events on Friday, May 17.
5. No spike shoes are worn in this event.
6. Points will be given as follows: 1 point for participation in each event and 3-2-1 for first, second, and third in each event.
7. Weights will be as follows: Lightweight, under 115 pounds; heavyweight, over 115 pounds.
8. For further details see Mr. Briner.

Records that have been made in track and field competition are as follows:

Mile run—Lightweight, Williams, 1930, 5:26; heavyweight, Weikel, 1933, 5:25.

100-yard dash—Lightweight, Bradley, 1930, 11.8 seconds; heavyweight, Geyer, 1932, 10.8 second.

220-yard dash—Lightweight, Gross, 1933, 26.2 seconds; heavyweight, Geyer, 1932, 24.2 second.

440-yard dash—Lightweight, Mone-smith, 1931, 1 minute 6 seconds; heavyweight, Snyder, 1930, 57.8 seconds.

880-yard dash—Lightweight, Obunger, 1930, 2:34; heavyweight, Weaver, 1931, 2:19.

120-yard hurdles—Lightweight, Maxham, 1932, 23.2; heavyweight, Craig, 1934, 22.2.

220-yard hurdles—Lightweight, Stone, 1934, 35.2; heavyweight, Kessler, 1933, 30.2.

Shot put—Lightweight, Voight, 1934, 26 feet; heavyweight, Smith, 1932, 35 feet 10 inches.

Broad jump—Lightweight, Gross, 1933, 16 feet 11 inches; heavyweight, Click, 1933, 18 feet.

Baseball throw—Lightweight, Feichter, 1934, 194 feet; heavyweight, Lenz, 1932, 241 feet.

High jump—Lightweight, Lelja, 1933, 4 feet 3 inches; heavyweight, Weaver, 1930, 3 feet 3 inches; Cameron, 1932, 3 feet 9 inches.

Half-mile relay—Trulock, Stone, Half-mile relay—Lightweight, Dutterer, Stone, Trulock, Meyers, 1934, 2:04; heavyweights, Straser, Beng, Ayers, Cunningham, 1934, 1:53.

Mile relay—Lightweight, Trulock, Stone, Dutterer, Meyers, 1934, 5:11; heavyweights, Ellinger, Roberts, Locke, Swihart, 1934, 4:31.

Archers Fourth in Sectional Meet; Five of Green to State

South Side, defending its title, placed fourth in the annual local sectional track meet held at the South Side stadium Saturday. North Side, presenting a powerful team for this region, won the title for the coming year. The Archers managed to come in only a poor fourth.

North Side piled up a total of forty points in winning. Central gave the Indians a battle but weakened in the closing events to score twenty-seven markers for second place. Auburn was third with thirteen markers. The Archers chalked up twelve points. Garrett was close on the Green's heels with eleven markers; Huntington, in turn, closely followed the Railroaders, totalling ten scores. Bluffton was a poor seventh, garnering four points. Columbia City, Elmhurst, Geneva, Larwill, and Roanoke failed to break into the scoring column. Petroleum, which had entered seven contestants, failed to appear.

Central had some hard luck in the draw for trial heats. Garvin, best hurdler for the Blue, was placed in the same trial heat as Hathaway, Redskin ace. As only the winner of each trial may compete in the final run, Garvin was thus deprived of an excellent chance to place second in both the low and the high hurdles.

Kessler of South Side was the victim of circumstances. Expected either to win or place second in the 440-yard dash, he became ill and finished third, losing his opportunity to go to state. However, he would no doubt have placed higher had he not been the victim of very poor sportsmanship on the part of one of his opponents on the last turn of the race.

Meyers of Auburn and Hathaway of North Side shared individual scoring honors with ten points apiece. Hathaway took first in both hurdle events while Meyers captured firsts in the broad jump and the shot put. Charlton of Central did next best by taking first in the 100-yard dash and a second in the 440-yard event. Snook of Garrett, also had eight points. Ormiston scored six and a quarter points by a first in the 440 and a share in the winning mile relay team.

Two local sectional records were broken, both by North Side. In the high hurdles Hathaway clipped three-tenths of a second from the old mark, by covering the distance in 16.2 seconds. The Redskin mile relay team, into which they threw all their strength, established a new mark of 3:32.5. South Side made the former record of 3:34.3 in 1933.

North Side certified the most men for the state meet with eight men in seven events. Central will send five players in five events. South Side will also take five athletes in two events.

The summary for the meet:

100-yard dash—Charlton (C) first, Snook (G) second; Kirtz (S) third. Time—10.5.

Second Cachet Will Be Issued By Stamp Club

Philatelists to Print Seal To Mark Huge Joint Graduation of City High Schools.

Expect Sending of Ten Thousand

Sonia Velkoff's Tercentenary Poster To Be Used As Design on Letters.

In connection with the three hundredth anniversary of the founding of secondary schools in the United States, the Philatelic Society of South Side will issue a cachet, June 4, graduation day, marking the joint graduation of the seniors of the three Fort Wayne High Schools.

Sonia Velkoff's poster, which has been honored by being given first place in a poster contest judged by Dorothy Magley, Rowena Harvey, Gertrude Oppelt, and A. Verne Flint; by being printed in The Hoosier School Journal, a paper for Indiana teachers; and by being chosen by the National Education Association to be used as part of its publicity for the Tercentenary, has been chosen for the cachet. This poster, reprinted on white cardboard, may be seen in all the home rooms in South Side.

Article States Aims

In an article which Sonia wrote in connection with her poster, she said, "I have endeavored to picture the increasing opportunities in our high schools today; to show the great and numerous advantages we have over the first little high school of Boston." This is the purpose of the cachet.

The first secondary school in the United States, the Boston Latin School, had only one instructor and a very few students; but now there is an educational system large enough to educate 6,000,000 young Americans. There are about 26,000 public and private high schools. Greek and Latin were once the only subjects taught; now there are languages, history, sciences, fine arts, mathematics, domestic and industrial arts, commercial subjects, geography, music, health, physical training, and many others.

This will be the first joint graduation held in Fort Wayne, and promises to be a most spectacular sight. Naturally everyone, especially those graduating, should want at least one of these cachets as a remembrance of the affair. There is to be no limit to the number one may obtain. A self-addressed, stamped envelope sent to John Bex, 336 West Gumpfer, or given to Miss Van Gorder in room 64 is all that is needed. All these must be there by June 3, as the cachet will be issued the next day.

Much Publicity Given

This cachet has been announced by leading stamp magazines; and at least 10,000 of them are expected to be issued, John Bex announced.

Cachets are distinctive designs or pictures printed on the left-hand of envelopes to commemorate outstanding affairs or anniversaries. They are not only excellent souvenirs, but sometimes come to be quite valuable to stamp collectors.

This will be the second cachet issued by the club, the first one commemorating the tenth anniversary of the founding of South Side High School; the Congressional Act of April 19, 1918, authorizing the Indiana Territory to form a constitution. It was designed by Eugene Craig, former Times' cartoonist.

Picnic Planned

The members of the Philatelic Society are asked to sign up in room 64 for the picnic to be held May 29 at Foster Park. Each member is to bring five cents and some food.

The newly elected officers of the club for next semester are Homer Miller, president; John Thacker, vice-president; Dalton McAlister, secretary; Fisher Rehner, treasurer; and John Jackson, sergeant-at-arms.

Latins Have Last Meeting of Year

Potluck Is Held Thursday in Cafeteria; Ruth Reitz Is in Charge; Do Work on Exhibit.

The Societas Romana ended a very successful year with a potluck in the cafeteria Thursday at 5 p. m. Before the meeting and potluck, the club worked in room 34, getting material ready for the Latin section in the School Exhibit.

Before the potluck, election of officers was held. The program was in charge of Ruth Reitz and her committee: Rosemary Lehman, Bill Hockett, Walter Weaver, Edythe Thornton, Dick Schannen, Aileen Branning, and Virginia Gardner.

"Food and Meals of the Romans," was a suitable subject related by Rosemary Lehman and Virginia Gardner spoke on "Cato's Idea of the Duties of the Housekeeper." Games and contests were in charge of Ruth Reitz.

Superintendent Sends Message To South Side High School

The 300 year span of time just elapsed is marked by useful endeavor. The period is rich with achievement and its annals are graced with personages who stood for honor and unselfish service. You have carried the banner with credit toward new goals of victory. May each new endeavor

be a worthy one and your lives be filled with deeds that stand for honor, integrity, true happiness and success. The new century will proclaim your worthiness. We know you will move standards forward and in like manner will inspire those who shall follow. Sincerely, MERLE J. ABBETT.

The Rooms of the School Are Not All Like They Used To Be

Did you know that the Times room hasn't always been room 18? It used to be in regular class rooms, first 72, then 12, and then 20. Also, Mr. Null's office was a dispensary a few years ago.

Until it was changed and dedicated to Mr. Voorhees last year, the Voorhees room was an art room. Also within the last few years the manual training rooms have been moved from the basement, and the band room was changed from the forge room to a practice room for the music department.

A few years ago, if the students wanted to refer to something in the library, they had to climb the incline, for what is now the Greeley Room was formerly the library.

Besides changes in rooms we have also had a few changes in our manners and customs. The periods were arranged differently, and we had ninth periods instead of eighth periods. A few years ago Miss Gertrude Oppelt was in charge of these periods. As she was also faculty adviser of the tea dances, ninth period pupils were excused on the nights of the tea dances. Probably tea dances were never more appreciated than in those days.

As our S and U grade cards have just come out, perhaps it would be fitting to mention that this idea is an innovation in the last few years, also. Formerly orange warning blanks were sent out only to the parents of the pupils whose work was doubtful or failing.

And finally, do you remember when we had unassigned days? One day of the week was set aside as an unprepared day for each subject.

Oh for the good old days!

South Side Has Steady Growth In Enrollment

Number Enrolled Increases From Only 892 in 1922 To 1914 at Present Time.

Teachers Number Also Increased

Teachers Employed in 1922 Number 39; 61 in 1935; One For Every 31 Pupils.

Since its first year, 1922, South Side High School's population in teachers and pupils has more than doubled. Now, in 1935, the institution finds itself with an enrollment of nearly two thousand pupils, a teaching staff of sixty, and a building originally constructed to house one thousand five hundred students.

The school's first year of work opened in September, 1922, with an enrollment of about 850 pupils. This amount has grown steadily and next year, no doubt, the two thousand mark will be passed. If the enrollment increases at a rate approximate to past years, 1938 will see the number of pupils triple the original enrollment. The following figures will show the increase through the years:

1922-23	892
1923-24	1013
1924-25	1189
1925-26	1245
1926-27	1253
1927-28	1298
1928-29	1448
1929-30	1549
1930-31	1683
1931-32	1724
1932-33	1848
1933-34	1895
1934-35	1914

South Side's teaching staff has increased about in proportion to student enrollment until, in 1933, the number was cut considerably to allow for other expenses. The fraction of a teacher in the current year is to allow for a part-time worker or substitute. The numbers follow:

1922-23	39
1923-24	49
1924-25	54
1925-26	60
1926-27	62
1927-28	62
1928-29	63
1929-30	66
1930-31	73
1931-32	72
1932-33	70
1933-34	62
1934-35	60.5

From these statistics of the increase in South Side's population, a very accurate table of pupil-teacher ratio was obtained. In accordance with the gains, it will be noticed that the average number of students each teacher

(Continued on page 12)

Pupils To Save Times For Final Elections

Since final program elections for next semester will be made Tuesday, May 28, pupils are requested to keep this week's Times to assure accurate elections.

President Sends Greeting

To the pupils and Teachers of the United States

Franklin D. Roosevelt

"Tercentenary" Theme Of Third South Side Annual Exhibit Tonight

Skits Depicting High School Of Past, Present Century To Be Presented in Gym.

Episode Series To Be Introduced

A Day in South Side High, Latin Grammar Schools, Academy To Be Shown.

"The Tercentenary Album," a pageant depicting the development of secondary education in the United States, will be the feature of the annual school exhibit which will be held here on Friday evening, May 24. The pageant will start at 8:45.

More than three hundred students, teachers, and parents will take part in the pageant; which is in general charge of Miss Pauline Van Gorder, chairman; Miss Dorothy A. Magley, Miss Pearl Rehner, Miss Emma Kiefer, Miss Erma Dochterman, Miss Gertrude Oppelt, and Miss Martha Pittenger. The entire pageant is written in four main episodes with Miss Dorothy Benner as narrator throughout.

Show 1635 School Life

The first episode will portray a Latin Grammar School class in 1635. Mr. J. H. Chappell will preside as teacher, and parts will be taken by eight boys from the Cicero classes of Miss Oppelt, who, with Miss Kiefer, wrote the narration and is in charge of that part of the program.

By 1750, the public caught the idea that girls were worth educating and that year saw Benjamin Franklin's Academy rise to popularity. This academy is the scene of the second episode, the narration of which was written by Miss Kiefer and Miss Pittenger. Mr. Earl Sterner will act as teacher of the class which will be portrayed by pupils from Miss Kiefer's and Miss Pittenger's English 8 classes.

Episode three will depict a Friday afternoon rhetorical contest in 1880, the time when "oratory was oratory." Those attending and acting as judges are teachers, Miss Magley, Miss Adelaide Fiedler, and Mr. A. V. Flint; parents, Mr. and Mrs. W. R. Fudge, Mr. and Mrs. Graham Russell, and Mr. and Mrs. H. S. Simon, and "school board," Mr. Benjamin Null, Mr. Martin Rother, and Dr. Werner Duemling. Sixteen students from Miss Magley's English classes will also take part. The narrations for this part were written by Miss Kiefer and Miss Magley.

Portray Typical Day

The fourth episode will portray a typical day at South Side and will show the various activities that go on here daily. The episode will consist of three principal parts, beginning with the home room class of Miss Kiefer.

The second part will be a series of twenty living pictures to show the school life of South Side. The pictures will be presented in pantomime and the narrations are in charge of Miss

(Continued on page 12)

Father of Mary, Edith Crowe One Of First Faculty

"Where the classes of the first Fort Wayne High School were held, is now the location of the Paramount Theatre," is the statement of Mary and Edith Crowe, whose father, Mr. A. B. Crowe, was a member of the faculty of the first high school in Fort Wayne.

Mr. Voorhees, instructor of chemistry at South Side, and Miss Alice Hall, supervisor of art in the grade schools, were some of his fellow teachers.

Latin and Greek, physics and chemistry were a few of the major subjects at this school. Many parents of students that are now attending high school were apt pupils at the Fort Wayne High School. There were 33 graduates in 1900. The school was dubbed by its students "The Cheese Box." The only club the school had was a Glee Club. As there were no other such clubs, students formed in cliques. "Aeniation" was the name of the yearbook published for 31 consecutive years.

Mr. Albert B. Crowe was born in Bedford, Indiana, in 1869, attending school here. He left Fort Wayne in 1903 to further his teaching career at Eastern Illinois State Teachers' College, Charleston, Illinois, where he is now teaching chemistry. He planned the chemical laboratory at Central High School. He was married while he taught school here.

Tercentenary Test Winners Named Below

Home Room Victors To Take Final Test Monday After School Sessions.

In keeping with the three hundredth anniversary of secondary schools, a test on tercentenary items was given recently in the home rooms. Questions about the first high school and our present schools were asked.

Winners in each home room are as follows: Freshmen—Robert Firestone, 30; Robert Leach, 10; Dick Lamar, 10; Margaret Stalter, 6; Herman Spillner, 6; Roy Pfueger, 146; Marion Roehls, 146; Joan Bonisb, 66; Marjorie Turner, Greeley; Evelyn Baldwin, cafeteria; Tomaline Hudson, cafeteria; Marie Hearn, 16; Mildred Dryer, 4; Martha Ann Bacon, 12; Don Armstrong, 94.

Sophomore—Betty Garton, 62; Ruth Phipps, Study; Ruth Garrison, 56; Beatrice Meyer, 36; Robert Storm, 85; Justine Lahrman, 98; Richard Bridges, 64; Don Sinish, 80; Gladys Shifflet, 26; Dorothy DeHaven, 46.

Juniors—Walter Weaver, 60; Phyllis Bauer, 24; Dorothy Roudeshush, 58; Gaylord Stalter, 82; Anna Bremer, 142; Geraldine Landis, 176; Charles Lahrman, 176; Eric Beyer, 77; Dorothy Keene, 144; Lorraine Meyers, 14; Frederick Meyers, 14; Herbert McEwen, 14; Dale McNeal, 14; Sonia Velkoff, 90; Helen Potterf, 92; Roland Dettmer, 138; Mary Anne Park, 22; Emma Yentes, 140; Robert Adams, 178; Francis Russell, 178; Clarice Jones, 178.

Seniors—Mary Snider, 32; Clarice Fyock, 22; Robert Gaskill, 52; Jean Kirby, 72; Berneta McIntosh, 8; Arleth Carvin, 96; Alwita Tarney, 50; Joseph Bailey, 28; Jim Bair, 28; Violet Wittmer, library; Glen Seabold, 2; Adolph Rehm, 2; Alice Mae Siebold, George Diffendorfer, 78; Leo Nolan, 34; and Bob Blomker, 74.

Philos Plan Senior Picnic For Monday

Annual Outing To Be at Swinney Park Monday, May 27 Four Committees Are in Charge.

All Philalethians are invited to the annual Senior Picnic, which is to be held at Swinney Park, Monday, May 27.

The committees in charge are: Entertainment, Harriet Storm, Betty Medaris, and Dorothy Canada; foods, Margaret Murphy, Betty Brothers, and Clarabelle Chenoweth; place, Eleanor Cupp and Alice Mae Siebold; and transportation, Edythe Thornton.

Those desiring to go should sign up in Miss Demaree's room for the food they are going to bring. All who are able to drive, please inform Edythe Thornton.

Times Mentioned On Radio

The South Side Times was mentioned over radio station WOWO Tuesday at 12:30 by Bob Valentine, news commentator during his regular program of electrical transcriptions. He told the radio audience of the many awards and honors that the South Side Times had won.

Departmental Exhibitions, Episodes To Be Shown; New Features Added.

Class Work To Be In Various Rooms

Mr. Verne Flint in Charge Of Committees; Miss Van Gorder Directs Pageant.

"Tercentenary" is the theme of the annual school exhibit which will be held at South Side this evening. The departmental exhibition and a series of episodes are the two divisions of the exhibit, which is under the direction of Mr. Verne Flint, general chairman of committees. Miss Pauline Van Gorder is chairman of the pageant, which is to be given in the gymnasium.

New exhibits will be featured by the Library and Club Exhibits. The P.T. A. will sell refreshments.

Displays in Classrooms Because the stage will be set up in the gymnasium, exhibits of the various departments are to be displayed in the classrooms.

The Latin display will be in Room 30 and will consist of posters showing the contrast between the schools of ancient Rome and those of the present time; applications of Latin to English, and miscellaneous items.

French and German exhibits will be in Room 34. They will consist of posters dealing with reference to the languages themselves and with their relation to English. Maps and possibly some historical comparisons, and slides of the customs of old Rome will be shown.

Themes, notebooks, textbooks, and individual work will be displayed by the English department in Room 28. A separate section will be set aside for the public speaking department. The display is to be arranged to show the three courses of English given by South Side. Arrangement will be made according to the year of English taken. The plan is such that, though every student can not be represented individually, every one of the sixty-six classes in English will have work in the exhibit.

Debate Is Scheduled

The aim of the exhibit to be held in Rooms 12 and 14 by the social science department will be to indicate the progress of that subject during the past 300 years. Notebooks, maps, outlines, test papers, charts, graphs, old books, recent books, and magazine references used in the department will be shown. Activities will consist of student groups working on maps and work books in Room 12 and a debate on Installment Buying by the economics class in Room 10.

Room 26 is the scene of the commercial department display. The miniature office will show such things as transcribing shorthand notes from dictaphone cylinders, and operating comptometer and a mimeograph. Another display will show work in type-writing, bookkeeping, commercial geography, junior business training, and commercial law.

Library To Show Material

The library exhibit in room 8 will show book collections, magazines, bound magazine collections, readers' guide, card catalog, pamphlet collections, college catalog collection, picture and clipping collection, reference books, bookmarks, bookmaking display, work done in library, and posters.

The following subjects are displayed in these rooms: Art, 24; athletics and club activities, 50; biology, 4; botany, 14; chemistry, 2; commerce, 26; English, 28; French and German, 34; health, 32; home economics, 38; Latin, 30; library, 8; manual training, 43, 44, 46; mathematics, 16, 22; physical geography, 14; physics, 96; social science, 10 and 12, and Times, 18.

Senior Questionnaires Distributed May 15

Questionnaires were distributed in all of the senior home rooms on May 15 to enable seniors to express their opinion on various puzzling questions which can be decided by vote. The results or answers will be published in the Senior Issue of the Times.

Seniors were instructed to answer the questions with the name of one girl and one boy. The following questions appeared on the questionnaires: Who is the most studious? Who is the most helpful to underclassmen? Who is the most pessimistic? Who is the most optimistic? Who is the most naive? Who is the most bashful? Who is the most friendly? Who is the hardest working? Who has the best personality? Who is the best athlete? Who is the best looking? Who has the best sense of humor? Who is the best bluffer? What subject is the hardest? What subject is the easiest? Did you ever have an eighth or ninth? Who has the biggest line? Who is the best dancer? Who is the best dressed? and, Who plays up to his teacher the most?

Small Building Is Birthplace Of Education

Boston Latin School First Secondary School in U.S. Free To All Students.

Founded Under Religious Influence

Massachusetts Bay Company Recognized Importance of Advanced School.

One of the most famous buildings written down on the pages of history is a little two-story wooden building, the Boston Latin School. It was the first high school established in America. This school, evidently constructed of ordinary clapboards, must have offered a barren, gloomy aspect to those few students who originally attended in the first years of its history.

But what results have been obtained from the founding of this first secondary school? The grade school and high school methods of education are developing rapidly and the Boston Latin School has much to its credit as the first school of this type founded three hundred years ago.

At least six signers of the Declaration of Independence were students at this famous old school. In its dim interior men who later became famous in the making of the nation's history including leaders in the Revolutionary War, statesmen, lawyers, and teachers, also gained a part of their education.

The remarkable feature about this early institution was not only that it was free to all students, but that it was a secondary instead of an elementary school. It seems as though our ancestors did not include girls as a part of "all" children, as this school provided for the education of boys only. Apparently they believed that girls needed no education other than the simple arts of reading, writing, and a few figures.

The Boston Latin School was founded under religious influence, in order to insure a capable and learned ministry for the future. It was also established to afford an opportunity for those boys who desired further training in the subjects offered there and who did not expect to attend college, either for financial reasons or because they were needed at home.

It is probably needless to say that this small school was founded by those observing members of the Massachusetts Bay Company in 1635. It was these people who recognized the fact that our country was destined to grow and develop more fully, and who realized a growing need for some system of advanced schooling.

South Siders Win In Y Hobby Show

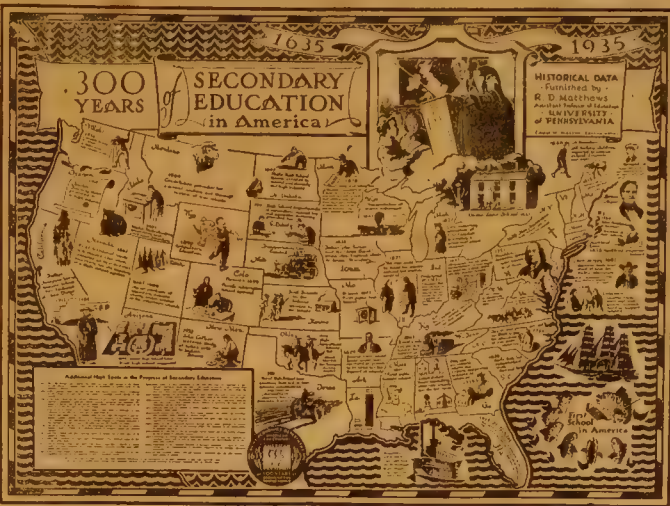

Wayne Decker, Hubert McEwen, and Hollis Logue Take Prizes in Contest at Y.M.C.A.

Wayne Decker, Hollis Logue, and Hubert McEwen, students in South Side, took prizes for their work in the recent Y. M. C. A. Hobby Show which took place from May 4 to May 7. The exhibit was open to boys all over the county and was under the direction of Mr. Homer Davis of the "Y."

A great number of exhibits were entered, as any one under twenty-one years of age could enter. It was estimated that almost one thousand people attended the show, which was held in the boys' lobby of the boys' division of the "Y." There were a number of ribbon awards.

Those who won awards in art are: Wayne Decker, Duwayne Green, and Hollis Logue; those in stamps are: Clifford Matson, Jr., Robert Hodell, and Richard Secrist. There were some very interesting exhibits in scrap books. Those who won awards in this field are: Brian Kincaide, Donald Buchanan, and Jack Mair. Some very unusual collections were entered by Bob Hodell, Jack Hodell and Howard Ennsley. Bob Hodell had some seventy small dogs and his brother Jack Hodell had a collection of thirty small elephants. A special collection of stuffed birds was the display contributed by Bob York and Bob Brudi. Those who won awards in furniture making are: Richard Geiser, Hubert McEwen, and Earl Johnson. There was a great number of model airplanes and it was hard to choose, but those who won are: Hansie Dumelt, Mark Polloni, and Claire Lochner. The lone winner of the Gun exhibit is Lee Klopfenstein.

The Fort Wayne Civic Home Workshop Field had an exhibit of their own.

Frank Simon Will Direct Concert Band

Famous Armo Band Director Will Head Faculty at Camp Wainwright This Summer.

Frank Simon, world famous Armo Band Director, best known cornet soloist in the country, and recent visitor at South Side, will direct the Wainwright Band and Orchestra Camps' Band of Lagrange, Indiana, and head the camp faculty for the 1935 summer season which commences on June 22. Mr. Simon will be aided by Ernest M. Glover, his assistant conductor and trombone soloist in his famed Armo Band.

Mr. Simon, at one time known as "the boy wonder of the cornet," toured this country with leading professional bands; and while a member of the celebrated Sousa band was proclaimed "America's Foremost Cornetist" by its director, John Philip Sousa. During his time, he was cornet soloist and assistant conductor with the "March King."

Acclaimed as a front rank musician, Frank Simon was offered a position as head of the band department of the Cincinnati Conservatory of Music, one of the finest and most famous music conservatories in the world in 1932. In a short time his genius has developed a Conservatory Band of symphonic proportions that plays the finest works in his artistic style.

Starts Own Band
Ambitious to create a great band of his own, Frank Simon accepted an offer a number of years ago from the American Rolling Mill Company of Middletown, Ohio, to organize and conduct their band. He organized and re-organized this band, until today, fourteen years later, he conducts an organization that is in the very front rank of the world's greatest professional bands. With his Armo Band, Simon has appeared at many engagements of national and international significance, and has also been heard on radio.

Radio has had an important part in the rapid rise to fame of Frank Simon and his brilliant body of musicians. The Sunday evening broadcasts over a national hook-up and the unsurpassed performances of his band has made the name of Frank Simon a household word in the homes of lovers of band music throughout the continent.

Frank Simon is president of the American Bandmasters' Association, an organization comprised of the leading professional bandmasters of the North American continent. He was one of the organizers of this association, organized for the betterment of band music.

Awarded Doctor's Degree
A Doctor of Music degree was conferred upon him at Columbus, Ohio, in recognition of his untiring efforts in the advancement of bands in the United States.

Frank Simon has been hailed as a dynamic conductor, a brilliant soloist, a great organizer with a colorful personality; and while his achievements have brought him many honors, his chief delight is the opportunity that radio affords him to bring pleasure and inspiration to millions through the medium of his famous Armo Band.

Mr. Glover, Mr. Simon's Armo Band assistant, soloist, and manager, when in his early teens served as trombone soloist with the Imperial Concert Band of Toronto, Canada, for a number of years. He is a member of the American Bandmasters' Association, professor of the trombone and assistant director of the band department at the Cincinnati Conservatory of Music. He will instruct trombone and baritone at the camps.

The Wainwright Camps are non-profit organizations conducted for boys and girls during the summer by some of the country's best musical educators. A beautiful spot, carrying with it a full curriculum of academic and musical subjects, the Wainwright Camps are a wonderful opportunity for the youth of today offering a summer paradise with educational features as an added attraction.

An interesting map, portraying outstanding incidents in the history of the United States in different sections of the country by clever inset drawings can be secured from the publicity committee of the Secondary Education Celebration Committee. It can be obtained by writing to J. B. Matthews, professor of secondary education at the University of Pennsylvania, Philadelphia, Pennsylvania.

Uses of Courses, Subjects Are Told

Commercial, College, General Work Is Offered; Cultural, Practical Values Are Stressed.

Much is being said at the present time about the wonderful advance in the curriculum of the public high school. This advance has brought ever-increasing opportunities for the student in the field of work which he prefers.

There are three separate courses now offered to the pupils of the public high schools, the college, commercial, and general courses. After taking the college preparatory course, the student is enabled to enter any college in the United States with or without an examination. The commercial course, by teaching commercial subjects and also general culture subjects, prepares a student for an office position. If a student does not wish to take either of these courses, the general course affords a basic education which will give a more real appreciation and enjoyment of life.

The uses of education can be divided into two groups. The subjects are to be of practical value and are to make life happier.

The chief reason that foreign languages are carried in the high school curriculum is that they give the student a better insight into the literature, the attitudes, and the customs of other countries. This knowledge, in turn, leads to a better understanding between countries. Another reason is that many colleges require a foreign language for entrance. Thirdly, foreign languages are traditional in the curriculum of the high school. Latin and Greek were taught in the high school one hundred years before the English language.

Science and mathematics are two subjects which are very closely connected in that they form a basis for many facts of life. To really understand the modern inventions, it is necessary to have an understanding of science and mathematics.

The arts are primarily to add to the appreciation and enjoyment of life, while manual training and domestic science are especially for practical use. However, the arts also have a practical value, even as manual training and domestic science have a cultural side.

English is taught, of course, because it is the mother tongue, and also to enable students to contact with the most brilliant and finest literary minds of all time.

The social-science subjects, history, civics, economics, occupations, and citizenship endeavor to acquaint the students with the development of civilization in order that they may face the problems of today with a better understanding.

Girls Collect Buttons
A plea has been made to the girls of Stadium High School, Tacoma, Washington, to bring buttons for the school's welfare department. Their motto is "Button, button—Who's got a button?"

Would-Be Tarzans Appreciate Girders, Or Being The Tops

Look! What are those animals crawling up among the girders in the gym? They are boys, of course. What's the big idea? Is Mr. Briner inaugurating a new class of daredevil acrobats? Oh, my, he's falling! No, he only jumped from one girder to another.

Well, they aren't an acrobatic class or some would-be Tarzans. They are merely recovering some of the baseballs that have been caught up in the cloth screen. Each day through carelessness several balls are lodged there.

Some enjoy climbing around in the girders so much that it is suspected that they do their best to get several caught each time. Luckily, however, all the balls that have been lost in this manner have been recovered.

M. Chasey, Alternate In Contest, Is Fifth

Martha Chasey, the alternate who accompanied the South Side to the Commercial Contest sponsored by Ball State Teachers' College, made the score of 204.3 points, it was learned by Mr. Earl Murch in a letter from one of the contest heads. Her score, of course, was not counted in the contest; but it is interesting to note that her score, if she could have entered the contest, would have given her fifth place in the state. She made the total of 204.3 points as compared to Dorothy Hathauer, first place winner in the state, who made a score of 207 points.

Martha Chasey was taken along as alternate because she placed fourth highest in the test taken to decide who would make up the contest team. If any member became unable to participate in the contest, she would have taken her place.

Her rating gave South Side first, third, sixth and fifth ranking in the state advanced shorthand contest.

State Adopted Health Laws First in 1891

Present Program Is Result Of State Acts Passed At Intervals Since Then.

By Miss Edith Crowe
The present day health program in the schools of Indiana has been developing since 1891 when the first legislation in Indiana relating to health was passed. This provided for the state control of health by the state board of health which "shall have general supervision of the health and life of the citizens of the state."

In 1895, laws were passed concerning teaching in the common schools of the nature and effect of alcohol and narcotics on the human system and providing that physiology and hygiene be taught in all schools receiving money from the state. A provision was made in 1897 for children mentally and physically incapacitated. In 1899, children were given legal protection from fire hazards. Provision that children should be kept from school when they have communicable diseases was passed in 1903.

In 1907, the state legislature provided for the state to supply antitoxin against diphtheria free to all children of the poor. This was amended in 1909 for counties, cities, and towns to supply free antitoxin to citizens too poor to purchase same. A provision was made in 1909 authorizing the board of school trustees of cities of the first four classes to establish, maintain, and equip playgrounds for summer vacations. In 1913, this act was supplemented. A law was passed in 1911 providing for medical examination of school children and for sanitary buildings. This act made possible the appointment of at least one school physician for each school corporation.

Every legislature from 1911 to 1929, except 1923, has passed additional legislation for school children's health under state supervision. In 1915, there was a provision for open air schools and in 1917, a provision for medical inspection for tuberculosis and for fire drills. An act in 1919 provided for the establishment, maintenance, and supervision of courses in physical education in elementary and high schools in all accredited schools of the state. Provision for serving lunches in public schools was made in 1921. There was a provision in 1927 for children of school age who could not be taught profitably in regular schools.

Since 1930, health has been required in the high schools in Indiana. In South Side High School, the state requirement is satisfied by requiring a semester course in health education in the eleventh year. The course has as its aims those given by the Joint Committee on Health in Education of the National Education Association and American Medical Association. The aims are:

"1. To instruct children and youth so that they may conserve and improve their own health.
"2. To establish in them the habits and principles of living which throughout their school life, and in later years, will assure that abundant vigor and vitality which provide the basis for the greatest possible happiness and service in personal, family, and community life.
"3. To influence parents and other adults, through the health education program for the children, to better habits and attitudes, so that the school may become an effective agency for the promotion of the social aspects of health education in the family and community as well as in the school itself.
"4. To improve the individual and community life of the future; to insure a better second generation, and a still better third generation; a healthier and a fitter nation and race."

Washington News Must Be Correct, Accurate, Timely

"Neither snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds."

That sentence on the post office building in New York City

applies describes the duties of a news agency in the capital, as well as employees in the postal service.

The capital city of the United States is a very complex problem to cover efficiently for the nation's readers, considering that it is the center for the government of a large nation. First, of course, comes the White House, in the interest of the readers. There are ten executive departments, such as the Treasury department and the Postoffice department, with their various divisions and bureaus. At the present time, there are many recovery agencies, such as the NIRA, the AAA, the RULC, the CCC, and others.

The actions of the Supreme Court are of great importance to law enforcement. The congress, with its 96 senators and 435 representatives, each of interest to someone, make up another problem. In addition to these governmental divisions, there are the diplomatic corps of fifty nations, organization like the Pan-American Union, the Red Cross, the National Geographic Society, the Chamber of Commerce of the United States, and the American Federation of Labor.

Naturally, this is a very knotty job to do well and yet get all the news. A news agency is divided into general news, specialists in one line, such as financial and agricultural writers, and people reporting news of regional interest only. Every action of the government is bound to affect the people back home in some way, so there must be someone to report its relation to them. The A.P. staff in Washington numbers 67 editors and reporters, of whom more than a score have regional duties.

What does a reader expect of a Washington news story? First of all, the information must be from a good source. Regional interest must be seen and reported in its proper importance. Human interest stories about national figures are of great interest. When a senator gets in a fist fight, or when the president's daughter gets married, that's news! The hardest job of all is to do, out of the meaning of a new law or ruling. It requires a great deal of technical knowledge, and some reporters pine for a first class fire or murder, or the relatively easy job of watching national politics.

Human interest was not of such importance in the old days. When Grover Cleveland married, only one reporter troubled to obtain details of the wedding. It was considered an unofficial act, and not of any significance. Likewise, when two senators got so excited in debate that they started fighting, the Associated Press was severely criticized for reporting it at all, since it was not recorded in the Congressional Record.

The sources of the news are divided into news beats. The best method of getting news is personal contact. To do this, the reporter must be in the acquaintance of the "high-ups" in the habits and attitudes, so that the school may become an effective agency for the promotion of the social aspects of health education in the family and community as well as in the school itself.

Ball State Teachers College

MEMBER OF

American Association of Teachers Colleges

AND

North Central Association of Colleges and Secondary Schools

This state college offers courses leading to life licenses for Superintendents, Principals, High School Teachers, Special Teachers, Supervisors, Kindergarten, Primary, and Intermediate-Grammar Teachers. Work leading to the Master of Arts degree in Education is offered, in addition to the four-year college courses. Libraries, Laboratories, Demonstration-Laboratory School, Gymnasiums, and Athletic Fields are well-equipped.

Ball State Teachers College is a growing institution. Since the school was established in 1918, the enrollment has increased from an average of 180 students to 1,200 students for the year. The number of buildings has increased from two to nine buildings. A new Arts Building, which will house music, art, English, and social science departments, is being constructed. The teaching staff has grown from 16 to more than 100 members. The college has certified for graduation 4,674 students. The campus consists of eighty acres, several of which are a natural forested area.

The academic departments include Art, Business Education, English, Education, Foreign Languages, Mathematics, Science, Social Science, Home Economics, Industrial Arts, Music, Library, and Physical Education. Student extra-curricular activities include dramatics, band, orchestra, glee clubs, choir, concerts, intercollegiate sports and games, newspaper, annual, Y. M. C. A., Y. W. C. A., hikes, field trips, departmental clubs, and social organizations.

Fifty-Six Year Period Shows Rapid Growth

Enrollment in Fort Wayne High School Gains From 119 to 5,053 Since 1879.

Instructors' Ranks Greatly Augmented Secondary Education Units Triple Student Body in Period of Twelve Years.

The past fifty-six years have witnessed a decided growth of public schools. Both elementary and high schools have shown a remarkable increase in enrollment. As the number of students has grown, the number of teachers has increased correspondingly.

Following are statistics compiled by the South Side Tercentenary committee, including the number of students enrolled in Fort Wayne High Schools from the year 1879 to the present time, and the elementary school enrollment from 1907 to 1923 inclusive:

Year	Enroll. in High Sch.	Enroll. in Elem. Sch.
1879	119	
1880	112	
1881	94	
1882	94	
1883	93	
1884	97	
1885	105	
1886	163	
1887	145	
1888	141	
1889	145	
1890	258	
1891	250	
1892	278	
1893	283	
1894	346	
1895	356	
1896	354	
1897	354	
1898	413	
1899	397	
1900	373	
1901	388	
1902	420	
1903	429	
1904	480	
1905	592	
1906	648	
1907	676	
1908	710	5984
1909	795	6135
1910	877	6281
1911	889	6501
1912	874	6701
1913	950	7026
1914	895	7338
1915	930	7298
1916	1055	7373
1917	1085	7981
1918	1006	8488
1919	1104	9092
1920	1172	9584
1921	1520	9715
1922	1779	10013
1923	1992	10537
1924	2355	
1925	2542	
1926	2712	
1927	3006	
1928	3382	
1929	3656	
1930	4115	
1931	4275	
1932	4303	
1933	4684	
1934	5053	

These figures show that the enrollment in the high schools nearly tripled during the years from 1922 to 1934.

The following figures show the increase in teachers for both the high schools and the elementary schools from 1907 to 1923:

Year	High Sch.	Elem. Sch.
1907	26	168
1908	25	165
1909	29	169
1910	30	180
1911	34	195
1912	38	196
1913	39	213
1914	40	225
1915	40	237
1916	43	254
1917	47	267
1918	51	263
1919	54	305
1920	58	321
1921	62	318
1922	76	344
1923	103	345

Local Offices Visited By School's Civics Classes

On last Monday afternoon, the members of South Side civics classes took a tour of various federal offices in Fort Wayne. Among the places visited were the Federal Building, the jail, and the transient bureau. At all of these places the various positions were thoroughly explained.

THE SCHOOL BOY HERALD

Vol. 1 Fort Wayne, Ind. Feb. 23 1884. No. 1

INTRODUCTION

This is the School Boy Herald. Just coming into the world. The news it intends to give, And we hope it may ever live.

For school new's it is the best, Come take it with the rest. It is as good as it can be, Which by reading you can see.

For 10 cts. a month you will get it,

Kind friends you will never regret it.

Two dollars worth of good cheer Can be had for a dollar a year.

Subscribe for the Herald,

The best in the world.

LOCAL

James Turner, one of the editors of this paper was very sick last week.

Minnie Keel of Broadway, entertained a party of friends last Tuesday evening, dancing was the principle feature.

The attention of young Master Brinsley of Water St. to M M—is attracting considerable attention in the school.

Mr. Embury of South Broadway died at 8.20 yesterday morning, having been an invalid for about eleven years.

Mrs. Woodworth the evangelist began a series of services at the Wayne St. M. E. church Friday evening.

These reproductions of the first Fort Wayne school paper and the attendance certificate were made from the originals, which were brought in by Ruth Jones, a South Sider. They were possessions of one of the members of her family.

Speakers Heard In Study Hall

Representatives Talk on Clean Up Projects on Wednesday.

Representatives from the Junior Chamber of Commerce told the students in the study hall the first three periods last Wednesday about their plans for Clean-Up Week which was observed throughout the city last week, and gave suggestions for cleaning up the city.

Mr. Carl Schlatter was the first speaker. In his talk he told about the 20,000 reports that are being distributed to all of the grade school children all over the city. These are to show what different families and individuals are doing to clean up and brighten up our city. He especially urged that people remove any trash from their premises.

Dr. Charles Meigs introduced Mr. Lawrence Goble and advised that health and cleanliness are relative. Mr. Goble, a member of the Indiana Service Corporation, demonstrated with a light meter how many foot-candles of light different pieces of glass registered. He said that if everyone cleaned his light bulbs, globes and windows the rays of light would be much more intense.

"The sun's light is equal to about 10,000 foot-candles; light in the shade is equal to about 1,000 candles, next to a window the light is equal to about 100 candles and inside the house it is equal to about 10 foot-candles," stated Mr. Goble. He also showed how different colors of paint affect the intensity of light. Blue paint absorbs the light and therefore makes a room very dark.

Girls Enter Contest Only two girls have taken advantage of the opportunity to enter the contest on the history of high schools. They are Helen Allen and Bernadette Dygert, both of whom are seniors. The papers were turned in to members of the committee on Tercentenary work. Mr. Wilson, one of the members of the committee, stated that the papers would be judged some time this week. He said also that the committee had not yet decided who would judge the papers.

Industrial Artists Make Furniture The manual training department of Springfield High School, Springfield, Illinois, is completing desks, combination end tables, magazine racks, chests, and book cases.

Despite Chilly Blasts Travel Club Enjoys Huntington Picnic

"Brr-r-r, am I cold!" was a very familiar phrase used at the Travel Club picnic held at Memorial Park in Huntington. "Let me stand around the oven while I eat my ice cream."

Despite the rather chilly weather, Travelers had a marvelous time at the picnic. A large supply of winners and runners were at hand, and also many marshmallows. For dessert there was ice cream. Of course, there were pickles, olives, etc.

Memorial Park was an ideal place for the picnic, with a playground, tennis courts, and a beautiful sunken garden near at hand.

Transportation was furnished by eleven cars, belonging to Miss Mabel Thorne, Miss Gertrude Oppelt, Miss Susan Peck, Miss Martha Pittenger, Catherine Allendorph, Newell Kellogg, Jim Bundy, Jim Clapper, Dick Hickman, Wayne Christie, and Lloyd Grodrian. Approximately sixty Travelers attended the picnic.

Play Was Featured At U. S. A. Annual Tea

A play titled "Follow the Gleam" the feature of U. S. A.'s annual Mother-Daughter tea, which was given on Thursday, May 9, in the Greeley Room.

Helen Meese was the chairman of the program committee in charge of the party. Those assisting her were Paula Gerding, Marjorie Carto, Betty Williams, and Phyllis Barrows.

Each girl was entitled to bring one guest besides her mother. Corine Coburn was chairman of the committee in charge of the refreshments.

Travelers Study Gems As Theme

Entertain Clear Creek Seniors, Send Portfolio To Australia; Meet Every Other Wednesday

The Travel Club, whose ideals and purposes are to unite the energy, interest, and knowledge of South Side's would-be travelers and to further the achievements of its members through world knowledge, is one of the most popular clubs at South Side. It has a membership of approximately ninety students, both boys and girls. The theme for the programs of the spring semester was "Around the World in Search of Gems." Programs on the emerald, diamond, opal, alexandrite, and the ruby carried out this theme.

The Travel Club has always made it one of its aims to have every member perform some service either for the club itself or in carrying out a purpose of the club. The club has about nine programs each semester, and there are usually about ten people on each program committee. The club meets every other week on Wednesday in the Greeley Room. At the beginning of each semester the officers choose the club's theme and also select members for the various program committees.

The Travel Club was the host for the Clear Creek High School seniors, juniors, and faculty members on April 6. The dinner party was held in honor of the members of the 1935 graduating class.

A portfolio, which contained a Totem, and interesting facts about the historical and commercial sites of Fort Wayne, was prepared by Miss Thorne, faculty adviser, and Virginia Baumgartner and was sent to Australia.

Any student or member of the faculty of the South Side High School who is interested in the ideals of the Travel Club may become a member by paying the dues of twenty-five cents per semester.

Archer French Teacher Attends State Convention

Miss Olive Perkins recently attended a meeting of the Indiana chapter of the American Association of French Teachers, which was held in South Bend at Notre Dame University.

Representatives from both colleges and high schools attended. All of the speeches were in French. Events of unusual interest on the program were a talk by a native of Louisiana, who talked in the southern dialect; a French talkie called "Le Mirage de Paris"; and French plays, songs, and poems. Another feature was a competitive examination open to all college freshmen. It consisted of dictation given by a native French woman, translation from French to English and from English to French. Three prizes of \$25, \$15, and \$10 were awarded the winners.

Junior Math Meets Helen Meyers gave a talk on Francis Viète who was known as the father of algebra, at the meeting of the Junior Math Club Tuesday. Viète used vowels for the unknown quantities and consonants for the known quantities. Mary Jane Klomp then presented some amusing games. Refreshments were served by Nora Mae Bradbury. The committee for next week is Marjorie Milton, chairman, Mary Jane Klomp, and Helen Cox.

Library Exhibits Coins The Roosevelt High School, Seattle, Washington, library is exhibiting old coins from all over the world.

Physical Geography Cited As One of Profitable Subjects

By L. K. Whelan

The title of, "Father of Modern Physiography", has been given to an Englishman named Huxley, whose book entitled "Physiography" was published in this country. This book was a great success and was the foremost high school text in the field for ten years.

Physical geography gained great popularity as a high school subject shortly after 1894. In that year the Conference on Geography made a report to the famous Committee of Ten of the National Educational Association in which they praised and recommended the new science of land forms based upon rock structure and sculpturing. This new science was based on extensive field studies and exploration by a group of famous geologists among whom were Powell, Dutton, Gilbert, and Davis.

In 1897 Dryer published an article in which he said that the new geography was scientific and rational, that it was preponderantly a natural science, and adapted to scientific or laboratory methods of study and teaching. He said, "Thus the new geography becomes able to give not only information, but scientific training; the ability to discover facts and see their relations." A series of new texts which appeared between 1901 and 1908 by such authors as Dryer, Salisbury, Tarr, and Davis made provision for laboratory and field work and placed physical geography on a scientific basis.

In recent years there has been a broadening of the courses in physical geography so as to include more of the economic and social relationships so closely associated with the geographic features and processes. Retaining as its chief objective the developing of an understanding and appreciation of the physical features and processes of the world about us, it also seems desirable that our course should show that these are of much more than merely scientific interest and importance.

In order to gain time for these economic aspects a considerable amount of the more technical material of the earlier courses has had to be eliminated. Care has been taken, however, not to sacrifice the scientific method. It is hoped that, whether the students of our course are at home or traveling to some distant region, they may gain a great deal of enjoyment through their ability to see and understand more of the beauties and significance of the phenomena of earth and sky.

The earliest record found of physical geography in the high schools of Fort Wayne was in a catalogue of courses published in 1873. In this catalogue were listed courses in physical geography, geology and astronomy. It was not discovered at what date the material of these three courses was condensed into the present physical geography course.

One reason for the continued popularity of this subject in the Fort Wayne schools may be found in the teachers who have presented it in the past. Mr. Charles Dryer, one of the

Sunshine Club Has Worthy Aims

Helpfulness, Kindness to Others, Service Are Purposes Of the New Organization.

The South Side Sunshine Club, a member of the State Sunshine Society, is one of the more newly-organized clubs of this school. This Sunshine Club has been named that for only one year, but it was started in 1932. It is open to all girls who are interested, and the dues are fifteen cents a semester or twenty-five cents a year. The club now has a membership of thirty-five. The faculty advisers are the Misses Edith and Mary Crowe.

The purposes of the Sunshine Club are helpfulness and kindness to others. This year the special aim has been service to the state, community, and school. The club gave five dollars to the Riley Hospital for Crippled Children, the members folded Christmas seals for the community and they now are working on emblems and mottoes for some of the school clubs to make the Voorhees Room more attractive.

The Sunshine Club has used two means for getting money. One was making pom-poms and selling them at the Central game. The other is the annual skating party at Bell's rink.

Amusement and entertainment for the club are furnished by the pot-lucks, which are given semi-annually. Then there are a picnic at one of the parks and a tea in honor of the mothers of the girls.

"The Sunshine Clubs hold a number of conventions during the year. In March some of our club members attended the District Convention at Goshen. In June, the state convention will be held at Hanover College. The next district convention will be held at South Side in October. All girls who are interested are cordially invited to join.

History, As A School Subject, Began In 1815

History Introduced Into 20 Schools As a Separate Subject From 1815-1827.

Massachusetts Was First State To Act

1870 Is Probable Date For Acceptance of History As Essential School Subject.

By Maurice Murphy

History teaching in the American schools, from 1835 to approximately the close of the American Revolution, was of the same order as the English school of the same period, consisting of simple stories and events connected with a few outstanding characters of early British history.

The recognition of history as an independent branch of school instruction began about 1815. No treatment of American history in text book form had appeared before 1785. Noah Webster published in that year "The Grammatical Institutes of the English Language." This book was a combination reading book, spelling book, and grammar and included short stories of geography and history of the United States. In 1788, the same author wrote for Morse's Geography, an account of the transactions of the United States after the Revolution.

However, the nineteenth century has been called the century of history. It was then that historians began really to see the past as past, and to recognize in a new and fuller sense, the difference between existence in the present. The idea of development and growth changed the whole aspect of historical study and made the historical point of view essential in every department of learning. The nineteenth century inherited and preserved the tradition that history should cultivate the moral and spiritual nature of the child. To this was added the patriotic motive and with it the idea that history should cultivate a historical attitude of mind and that only through the past can the present be made intelligible.

The year 1815 may be given as the date of the establishment of history as a separate subject of school study. In the course of the ten years following, twenty or more schools added this subject to the curriculum. In 1827 Massachusetts placed, by mandatory statute, the history of the United States among the subjects to be taught in every city, town, or district containing over 4,000 inhabitants. In 1837 more than two-thirds of the towns reporting offered United States history. In 1834, all of the academies, except one, reporting to the Board of Regents of the University of New York, admitted United States history. Later, in 1852, 126 out of 170 academies offered general history and 91 United States history. In 1862, the proportions had changed from 132 out of 204 offering general history, and 169 United States history.

In 1847, the Universities of Michigan and Harvard introduced history as an entrance requirement. By 1870 history appears to have fairly won general acceptance as one of the essential school studies. Its position in the high school began at about this time to be materially strengthened by a widening recognition as a requirement for entrance to college.

In 1876, a committee of the National Education Association, reporting a course of study from the primary school to the university, probably expressed the practice of the day in recommending United States history as a subject to be required in the elementary schools, also Universal (General) history and the Constitution of the United States to be required in the high school.

In 1892, we find the National Education Association Committee of Ten, recommending history to be taught from the first to the eighth grades, beginning with biographical and mythological stories in the first and second, Greek, Roman, French, and English from the third to the sixth grades, inclusive, with American history and civil government in the seventh and eighth. About the same time courses in Greek, Roman, Modern European, and American history were added to the regular high school course. The aims of such courses were stated as the training of pupils in the handling of books, as an aid in cultivating judgment in the formation of character as well as a cultural subject of great value. In 1914 over 600 high schools indicated from their reports, an adherence to a setup practically the same as mentioned above.

1910 is the approximate date of the entrance of sociology and economics into the high school course of study. These subjects, and the beginning of the unit method organization and presentation of history, which began to be referred to as social science, economics, and sociology, took a more prominent place in the social science course after 1918, the close of the World War. History, however, has kept its place as the center and foundation of the social science program. Historic-mindedness and the historic attitude of mind in all social affairs

Scenes Long Ago

Seen above here is a "battledore," which is a folded cardboard with printing on it. It was used as a reader just after the Hornbook, and it preceded the Primer. On the upper right are some sketches from a school day in Colonial times, and the lower right-hand corner shows a schoolboy of long ago, diligently studying. He possibly is studying Noah Webster's old "blue-black" speller.

Extra-Curricular Activities Are Important Part of South Side

Ever since their beginning, extra-curricular affairs have held an important part in the school program at South Side. Realizing the need for the use of leisure time, pupils of the same interests met to make clubs to their own tastes, with interested faculty members as advisers.

Down through the years the number and kinds of clubs have increased to meet the need and hobby of every student. This is due to the different character traits of the students. The first clubs were started with few members, but their interests and resolutions were firm so that they have succeeded in enlarging and improving their clubs.

Among the first demands of students was that for the development of their cultural tastes. To satisfy this, the Glee Club and orchestra were formed. From these small clubs, which were among the first to be organized in South Side, has grown our present music department.

The Art Club was also started with cultural aims and intentions. This club has grown until it is now recognized as one of the largest mixed clubs in South Side. Its requirements were simply an interest in art and a desire for cultural improvement.

A group of students interested in a literary club organized Philo. Their requirements were passing grades and at least a B grade in English. These starting requirements have remained until the present day. This shows that their foundation ideas were very sincere.

Math-Science was also an early club and drew its members from students interested in promoting advanced mathematics and science.

Christian principles also asserted themselves early in the school's curriculum; therefore So-Si-Y and Hi-Y were started. These clubs are affiliated with the Y. W. C. A. and the Y. M. C. A. and have a secure foundation. These clubs have also grown and improved throughout the years.

Journalistic work also took an early lead in the school curriculum; therefore the Times and Totem staff were organized. An adviser helped the hard-working students and the staff has improved until the staff's productions have gained international recognition.

Whatever the individual club's aims and intentions were in starting, there is a common thought to all;

are given as a worthwhile and consistent aim in the teaching of history. It has been well said that a social question is half solved when its history is honestly written. No man has just been found making history. He has always been found in business, in politics, in professions, or what not. It is such social phenomena that we study in an effort to determine what the results of human endeavor have been in the past and what contributions have been made to the life and institutions of one's own time. As Glenn Frank says, "An effort to understand one's own time, makes learning a living adventure."

Staff Members Meet Their New Manager

"This meeting was called simply for the purpose of warning you of what I am going to do during the next few weeks," stated Bryce Minier, general manager of the Times staff for next semester, after being introduced by Miss Rowena Harvey at a general staff meeting last Thursday evening in the Times room.

Bryce announced his intentions of keeping an eye on every member of the staff during the rest of the semester for the purpose of choosing his major assistants for next year's publications. A system of checking will be established and every person's work will be carefully watched," he said.

At the close of the meeting, workers were requested to fill out cards to designate their first, second, and third choices for positions and also to give their reasons for selecting them.

Prof. Buchan Informs Seniors About Butler

Interviewing all seniors interested in college, Professor Buchan of the journalism department of Butler University gave an interesting talk on the possibilities offered a student attending Butler. Although he is connected directly with the journalism department, he told of the different activities of the college. Very few chances for scholarships are offered to students during their freshman year, but a number are given during the junior and senior years. Tuition is \$100 a semester. Part of this may be earned through different positions offering part-time work. Butler is the only school in Indiana offering a major in journalism. It also offers a pre-medical course. Anyone interested in this college should write to Professors Perry, Buchan, or Leonard.

First Fort Wayne Public School Was In Our Court House

By Bernadette Dygett

It is an extremely interesting business, this taking a sight-seeing tour through Fort Wayne one hundred years ago. In fact, we find but a village which is most foreign-looking to us. We are used to the many churches and schools of the city of Fort Wayne in the twentieth century. On our tour in 1836, however, we do not go through the city, but the village of Fort Wayne. The sight rouses our curiosity, so we inquire into the inside workings of this slowly progressing village.

In the year of our tour, Mrs. Hugh McCulloch and Mrs. R. W. Taylor have taken a noteworthy step towards hastening the progress of Fort Wayne. They opened a school in the court-house, we find. However, this sort of thing being very new, it lasted but a short time. We are glad to hear, however, that something has been done along this line. Let us be immortals and live in Fort Wayne for a century or so. But now, our notice must just be confined to the Presbyterian Academy, one of the private schools. We will sit back comfortably and watch Fort Wayne improve and grow.

Only One Church

A year after the school in the court-house failed, the Rev. Jesse Hoover came to Fort Wayne and organized the St. Paul's Lutheran church. At this time, there is but one church in the whole village. It is a frame building about forty feet square situated on East Berry street between Lafayette and Barr streets. It is very new, as it had just been built that year. In it worshipped the Methodists, Baptists, Lutherans, and Presbyterians. Thus, this second church is welcomed.

In the basement of it, the Rev. Hoover, the Mrs. Hugh McCulloch, and Mrs. R. W. Taylor jointly started a school. W. W. Stevens and Alexander McJunkin succeeded them. The school is called "The Fort Wayne Female Seminary." Further progress is yet to come. The latter men within a few years built schools of their own; both eventually leaving their profession and becoming engaged in other fields of activity.

One Takes Up Law

It is interesting to us to note what becomes of these first people who help Fort Wayne grow, and it is also interesting to see how their work is carried on. One of the gentlemen became a lawyer and the other a treasurer of the Fort Wayne and Chicago railroad.

Now, is the school to suffer permanent burial? No, but we wait until 1845 to see its rebirth. In 1845 the Presbyterians purchased lots, built the new church, and dedicated it in 1852. However, this group of people is a most ambitious and worthy one. In 1853 they leased lots from the Hamilton estate, which has become the high school on East Wayne street; again, the Presbyterians organized their school with Henry McCormick and Jacob W. Lanious as teachers. This

Librarian

Miss Emma Shoup

school was called, "The Fort Wayne Academy for Boys."

Public Schools Begin

This year, however, they have quite a damper put on their private school, as the public schools are being organized. Nevertheless it continued to exist with more or less success until 1857. In this year George A. Irwin, who is in charge of the academy, is selected as "superintendent of the educational affairs of Schoolhouse No. 1." This would, of course, mean some new things to follow. We feel progress in the air. Sure enough, the trustees obtain a deed for the lots in 1865 and sold them to the trustees of the public schools in 1867. The old frame building was removed to Harmar street in 1868 and used for a school-house.

As it is somewhat due to the teachers that records of much of this is passed down, we should become better acquainted with them. The Rev. James, the Rev. Mr. Greer, John H. Jacobs, and Mrs. Mills should be added to the list of people teaching at various times. Pupils, too, take a certain delight and enjoyment in passing on accounts which they know will prove tremendously interesting to us. One pupil of the academy, Mr. Abe Barnett, today tells us, "I remember Charles Hanna, Samuel Chute, Henry Chamberlain, and Henrietta Stapleford as my companions in the Academy." Let us see, we also find as pupils, Dr. Gorell, David Kirkpatrick, and Platt Squires.

Ohio Wesleyan Envoy Is Guest at South Side

Carleton Babbs, a representative from Ohio Wesleyan University, was a recent guest at South Side. Mr. Babbs, who is secretary of the New Students Organization at Ohio Wesleyan, came to Fort Wayne May 8 to advise high school students on the subject of college application blanks, prospective major subjects, entrance requirements, and requirements for graduation from the college. Ten South Side girls were interviewed by Mr. Babbs on these subjects.

Following this conference, which took place during the second period, he went to North Side to address students there. During the afternoon he visited Central High School.

Scholastic Issues Special Magazine

Celebration of Tercentenary Anniversary of School Is Feature; Copies Are Available.

Scholastic magazine, the national high school weekly, published on February 23, 1935, a special edition called the "Celebration Book," in order to pay tribute to "a three century struggle which formally began in 1635, when Boston Latin School, forerunner of the present American high school, established free, public education for the first time in the modern world"—in other words, the Tercentenary Celebration.

The aim in the publication of this edition was to bring before the high school teacher and pupil the expansion and history of secondary education as to what it has done in the past, what it is doing at the present and what it will do in the future for society, if the majority of the people believe in furthering educational interests. It also wished to "open a few windows" on the problems that face the public high school and its possibilities as the "moulder of American destinies."

Found within the colorful covers of this issue of Scholastic are articles written so that high school students can understand, and photographs to give visual pictures of high school development. The articles written in simple style and are not supposed to be intellectual masterpieces, but articles which anyone can understand and gather food for thought.

Much of the material found in this issue was assembled and written by a special staff at the Scholastic office, the Department of Secondary School Principals of the National Association, and by Professor Calvin O. Davis, who is in general charge of the Celebration in the United States. Guest editors were the members of the Celebration Committee on Historical Study. The financing of this large undertaking was supported by the nation's biggest advertisers, who gladly paid large sums into the fund so that there was enough money to pay off the debts of the undertaking. All money left over after the debts were paid was turned over to the General Celebration fund.

One hundred seventy thousand copies of this celebration issue were printed, of which 150,000 were allotted in advance, so that 20,000 copies were available to general public sale at fifty cents per copy. Anyone wishing a copy of this issue may write to Scholastic, 801 Chamber of Commerce Building, Pittsburgh, Pennsylvania, and send fifty cents in coin along with the letter.

Award To Be Given To Best Special Issue

An award will be given to a limited number of schools for the best special issues published on the Tercentenary anniversary. The award is known as the "Tercentenary Memorial Award." Its official connections make it the highest award which a student publication can receive during the school year 1934-35.

TIME, THE ESSAYER

FOUNDED
BOSTON LATIN
SCHOOL
IN
1635

Time assays the true worth of men and institutions. Continuously, it separates dross from gold, determining what shall be kept and what shall be thrown away. The founding of the Boston Latin School, three hundred years ago, constituted the birth of our present high school educational system in America and while an insignificant event then, is today the occasion for national observance.

THE
NEWS-SENTINEL
IN
1833

For more than a third of the three hundred years of the Boston Latin School, The News-Sentinel has also lived. In that period of more than a century, The News-Sentinel has seen many men and institutions rise and fall but has constantly attempted to keep faith with itself and more than five generations of loyal, devoted readers. The News-Sentinel, like Boston Latin, is proud of its age and that time has deemed it worthy of survival but not content merely with past history, determines to make its future comparable with its past.

Foreign Speech, Subject Since Colonial Days

Latin Taught in New England Schools; French and German Introduced Later.

By Martin Rothert

In the New England colonial schools, Latin took a prominent place, as had been the case in England, the mother-country. Particularly those boys who were preparing for college had to be proficient in it. One wonders nowadays at the early age that a youngster was introduced to this subject. The statement is made that it was taught to boys at the early age of four. One feature of the teaching of Latin at that time was the training in writing Latin verse. The Latin textbook used for more than a hundred years was Cheever's "Accidence." It was read and re-read by the children. Sometimes a boy was obliged to study it through some twenty times.

French and German were introduced into the secondary curriculum somewhat later. However, they occupied an important place and are frequently mentioned among the subjects taught. Spanish, it seems, was not offered, as its name does not appear.

Coming down to local high school history, we find that in 1866 only three teachers besides the principal were employed, and that of these one taught Latin, German, and drawing; and another Latin, French, and mathematics.

In the superintendent's report of 1868, Latin, French, German, and Greek are listed among the high school subjects. Andrews' "Caesar," Frieze's "Vergil," Anton's "Cicero," Arnold's "Latin Prose," are named as textbooks.

In the report of Superintendent James H. Smart, 1873, the same four subjects are still in the curriculum. The principal recommends closer attention to the ancient languages and a more thorough drill in ancient history and geography. "Annapolis," he also recommends a thorough analysis of, and a thorough drill in the Constitution of the United States. Verily, there is nothing new under the sun. The principal himself instructed classes in languages and Belles Lettres; Miss Fowler, in painting, drawing, and French; and Miss Evry, in mathematics and Latin. In the Latin course, "Caesar" was begun the last quarter of the freshman year, "Vergil" in the second year, "Cicero" in the third year; and in the post-graduate course, the "Oration for Archias," the First Philippic, the last six books of the "Aeneid," and "Livy" were read. Strong mental pabulum, that, for youths of high school age.

Exam Questions Given

It is a matter of interest to note the examination questions set at that time. Here are samples: Give an account of Cicero's life in his early years; his education; and his rank as a scholar, orator, and writer.—Give the derivation of *conscriptus*. What is the difference between a gerund and a gerundive? Mention what English words are derived from the Latin in an indicated line or lines. Parse designated words and translate certain passages. How do you derive *cripio* from *ex* and *rapio*? How does *vi* differ from *homo*? (This last question appears in two sets of papers.) Tell for what the caesural pause is used. Surely Latin teachers today will not say that Latin examinations were easy and pupils will readily confirm this.

In Superintendent Study's report of 1907, it is seen that the languages offered were Latin, German, and Greek. Mr. C. T. Lane, the principal, who served in that capacity for over thirty-five years, was in direct charge of the Latin, teaching a number of classes himself. Mr. Lane in the summary of work in the department states that the equivalent of four books of Caesar's Gallic War were read. He adds, "it is considered doubtful, however, whether scrappy reading is preferable to reading the first four books in full." The writer agrees with this and wishes furthermore to testify from personal knowledge to Mr. Lane's sound classical scholarship and thoroughness in teaching. The subject matter of the third and fourth year's work as outlined then is practically the same as that offered at South Side now. The following statement of Mr. Lane is also noteworthy, "Therefore, our methods of instruction find no place for more or less skillful guessing nor for the careless and unintelligent skimming of vast areas of literature." Surely this holds true in the year of grace, 1935.

When South Side was organized there were two teachers in the department. At the present time there are three teachers as full-time and one as part-time instructors in the Latin department.

German Begun in 1870

Regarding the German in the grade schools of our city, Miss Louise Wolf gives the following authentic information:

"German was first introduced in the

Mr. Rothert and Class

public schools of Fort Wayne about 1870, when the Reformed churches of the city closed their parochial schools. "The school board engaged the parochial school teachers to teach in two German schools, a Westside School, at Webster and Washington Streets, and an Eastside School, in the Clay School. The Eastside German School was soon moved from the Clay to the Harmar School, because of crowded conditions in the Clay School.

"Some of the first teachers of German were Mr. Schwartz, Mr. Weber, Miss Fuehrer, Miss Anna Vordermark, and Mrs. Caroline Bremer. A little later German was taught in special rooms in the Harmar, the Hanna, and the Washington Schools.

"In 1901 a change was made in the teaching of German. In that year the special German rooms were closed and the language was gradually introduced into all but a few of the small schools as an elective study.

"By 1914 the work had become so extensive that a supervisor was required who could give more assistance to the teachers. Miss Louise M. Wolf was appointed. A German department was introduced in the Fort Wayne Normal School, where students were trained to teach the language. In 1917 schools.

There were thirteen teachers and nearly 3,000 pupils were studying it. The work was in a thriving condition until it was discontinued during the war in 1918."

German Leading Subject

German was also a leading subject in the high school for many years. In 1915-1916 there were 522 pupils and five teachers in the department. There were at that time two full four-year courses, one for students not having had any German prior to their entering high school and one for those who, when coming to high school, could speak or read it with some facility, having had it in the home or in the grade schools, or in both. Also a two-year course was offered for juniors and seniors. This proved to be a very popular course.

German was banned from the schools of the state, effective for the school year 1918-1919. The restriction was removed by legislative enactment about five years later and immediately thereafter German was offered at South Side, in the first semester of 1923-1924, the enrollment being 68 at the very start. At the present time there is one full-time instructor.

French Now Taught

Although French had been taught in the early history of the Fort Wayne High School, it was dropped later, but was reinstated when German was discontinued. The two languages, French and Spanish, were introduced in the curriculum for 1918-19, with two teachers: one French, and one French and Spanish. The next year the Romance languages increased by leaps and bounds, and the number of teachers increased to seven. The French was the more popular. Among the reasons given by students who enrolled for French course at the time was the following: "The soldiers will all be speaking French when they return, and I want to be able to talk to them." A four-year course was offered, and at the height of its popularity, twenty-two classes were needed for the number that had enrolled. At the opening of South Side, 1922-23, both French and Spanish were offered, three teachers giving the instruction. French is taught now by one full-time instructor. Spanish was dropped at the end of the first semester, 1929-30.

U. S. A. Members Hold Tea Party

Entertainment, Refreshments Provided at Annual Gathering; Roof Party Is May 23.

Mothers and friends of the U. S. A. members were entertained at the annual Mother-Daughter's tea which was held on Thursday, May 9, in the Greeley Room.

A one-act play was presented entitled "Follow the Gleam." The following girls took part: Margie Crago as Celia, Phyllis Barrows as Althea, Betty Williams as Bernice, and Barbara Raymond as "The Gleam." Dorothy Phiffer gave two readings "Mother" and "Be What Mother Thinks You Are." This was followed by a piano solo played by Kathryn Witmer.

During the serving of the refreshments, which consisted of punch, cookies, and candy, Vivian Woods played several selections on the piano.

The program committee which was in charge of this party consisted of Helen Meese, chairman; Paulla Gerding, Marjorie Crago, Betty Williams, and Phyllis Barrows.

The refreshments committee consisted of Corissa Colburn, chairman; Julia Crabill, Janice Baumgartner, Vivian Woods, and Vivian Blume.

On May 23, the club will have a roof garden party. The committee in charge of the party is Evelyn Lehman, chairman; Kathryn Boerger, Jean Ann Rarick, and Kathryn McGintie.

Prop Wash

Recently conducted tests may prove the doom of the aircraft carrier. An English pilot, recently landed and took off from an Italian battle cruiser. The type of plane used was C-30 direct control autogiro.

The autogiro can also be used as a great peace time arm of our merchant marine. The transportation of mail to and from ships could easily be effected and occasionally some passengers who are in a great hurry can easily be flown off or to sailing vessels many miles from shore thus saving much time.

After all, wars cannot be fought only when the weather is good, so the Army and Navy heads have decided that their respective fliers could use some winter training. A base has been located near Duluth where various tests have been conducted to see how equipment acts in sub-zero weather. The Navy department has the aircraft carrier, Ranger, off the coast of Maine carrying out tests for the flying sailors. May we add that the fliers had better wear red flannels.

Most companies have to keep improving their products from year to year if they expect to sell any merchandise, but not so with the Consolidated Aircraft Company. Five years after they brought out their famous Fleet trainer, they sold over one hundred planes. Why improve?

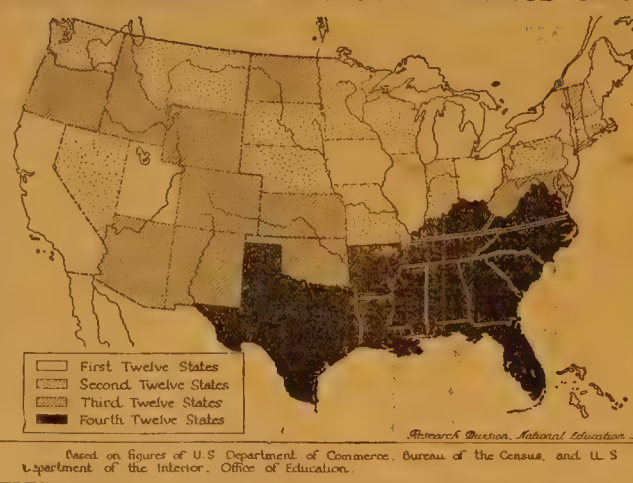

Progress. In 1903 the Wrights fly fast enough to float through the air. January, 1935, Joe Westover flies eight passengers from St. Louis to Chicago, a distance of 258 miles, in 1 hour and 2 minutes. TWA inaugurates its new non-stop from Chicago to New York by flying a Douglas transport with 14 passengers at an average speed of 266 miles per hour, making the trip in 3 hours, 15 minutes.

Lincoln Ellsworth recently announced that he and Bert Balchen had discovered five islands, three fords, and several mountain peaks. These men have undoubtedly done as much good work in the Antarctic as has the entire Byrd Expedition, yet only diligent readers know that they have ever been to the Antarctic continent.

The Detroit News has a special plane for their flying reporter. The camera is aimed by the same device as that which a flier uses to fire a stationary gun.

One pilot tells when he landed at an out-of-the-way airport and threw a blanket over the hood. "S no use, mister," a little boy shouted. "I have already seen the junk."

RELATIVE AMOUNT OF SCHOOL ATTENDANCE - 1930

Musical and Literary Selections Feature Robert Burns Program

"You know there was a day when the teacher had to know everything that was taking place in the class. The time for that sort of thing has passed, and I don't know a thing about our

program Thursday. All that I'm going to do is listen," thus stated Miss Emma Kiefer in advance in regard to the Robert Burns program, which was given by her English 8 class during the first period. And she didn't need to; for this program, which was given last week in the Band Room, was under the capable direction of Jane Kimble.

"The boy who took 'Seven Chances' in our senior play will now take another one at the piano," announced Jane Kimble. Ellis Lochner then played a selection on the piano which was followed by a very interesting sketch of Burns' life given by Jeanette Harlan. To keep in the spirit of the program, Ralph Schwartz played an Irish number, "Believe Me, If All Those Endearing Young Charms," on the xylophone. Next Betty Medaris sang one of Burns' famous songs, "Flow Gently, Sweet Afton," the class joined her in the last verse, singing with the harp accompaniment by Betty Wainwright. "My Highland Mary," one of Burns' well-known poems, was given by another talented member of the class, Peggy Phillips. This was followed by a harp solo played by Betty Wainwright.

What would a Burns' program be without those lovely poems, "John Anderson" and "To a Mouse"? So these were given by Jean Kranz and Ellis Lochner, respectively. The class then sang the original "Comin' Thro' the Rye." Robert Archer entertained the class next by reading a humorous poem, which was followed by a more serious one, "Song of Death," given by John Bremer.

Helen Sinish played a selection on the piano; following this, "To a Rabbit" was given by Wayne Bender. Then as an appropriate closing, the group sang "Auld Lang Syne."

Jane Kimble, Jeanette Harlan, and Gerry Henline typed the songs for every member of the class. Jane Kimble, chairman, was aided by Alice Hulise, Ellis Lochner, and Wayne Bender in preparing this program. This work required about fifteen hours, but it was worth the trouble as every one enjoyed it, and Miss Kiefer was given a rest for one period.

"You know we have so much talent in this class that I think we could give a 'big show' and make money on it. I don't know what we'd do with the money, but—we could get it," stated Miss Kiefer. Perhaps they will give one—who knows?

Group Plans Picnic, Hears of Joan of Arc

The anniversary of Joan of Arc was celebrated at the French Club meeting held Thursday, May 9, in the Voorhees room. Clarabelle Chenoweth told of the 500th Anniversary that was celebrated in France in 1930. The city of Campagne held the biggest celebration, with an elaborate and colorful procession of which she showed pictures. May 2 of every year is set aside as a national holiday in France for the celebration of her anniversary. Frank Montgomery gave a report on the life of Joan of Arc. Instead of telling the most common and well-known facts, he gave several interesting facts that are not generally known, such as some of her miraculous escapes and her vaudeville tour. Mary Snider finished the program with a talk on Joan's birthplace, the village of Domremy. All three speakers illustrated their talks with pictures.

Lloyd Grodrian reported on the picnic plans as drawn up by Paul Randall and himself. The picnic will be on May 23 after school. All those intending to go should sign up in room 90. Anyone who can drive a car should see Lloyd Grodrian or Miss Perkins.

Ruth Adler, Bob Adams In FHA Speech Contest

South Side's representatives in the speaking contest sponsored by the Federal Housing Administration will be Ruth Adler and Bob Adams. This contest is conducted by the federal government in an effort to acquaint the public with the purposes and uses of the FHA.

The two entrants from here will meet two from North Side, a boy and a girl. The topic of their speeches will be based on some phase of the FHA. This debate, which will be the county contest, will be held on May 25, before a public audience, probably the Rotary or Exchange Club.

The two entrants were chosen from Mr. Null's English 7 class, their work being counted on their composition grades.

Milestones In Girls Education Are Numerous

Placing of Home Economics In Public School System Is Rather Recent Thing.

Massachusetts Took Lead By Law--1870

Sewing and Cooking Interest Among Boys Has Been Shown Recently.

By Ruth Berning

Before 1800 the home was generally looked upon as the place for women and girls. Girls received no education whatever except the little which their mothers could give them.

Catherine Beecher, 1800-1878, brought out the importance of woman's education when she said: "The success of a democracy depends upon the intellectual character of the people. The proper education of a man decides the welfare of an individual, but educate a woman and the interests of a whole family are secured."

Some of the milestones in woman's education and in the growth of home economics in the school curriculum are:

Milestone 1

An important factor in education for women was the Act introduced by the Massachusetts legislature in 1870 which made drawing obligatory in the public schools of the state. This act was the beginning of woman's education throughout the country, and constitutes in the mind of some the real basis of industrial training. Schools of art and design, industrial classes, cooking and sewing classes followed in rapid succession in the East; while in the West, departments of domestic economy were introduced into agricultural colleges.

Milestone 2

Iowa State College, in 1872, by a course of lectures, gave the first instruction in the department of home economics. These were given to junior girls and were related to the study of house keeping. Later the trustees added a course in cooking, providing and furnishing a kitchen for class use. Thereby followed lessons in cooking, and lectures on such subjects as house furnishings, care of sick, management of help, and dress.

Milestone 3

In 1872, an association was formed in Boston known as the Woman's Education Association. As a result of its committee on industrial education, a cooking school was started in March, 1879. The primary object of this school was to give instruction in practical cooking. But after the first season it was found difficult to create an interest among that class, so the school was opened to any who wished to attend. A large increase in attendance resulted.

The World's Fair in Chicago, 1893, was responsible for at least three developments of interest to home economics workers: The Rumford Kitchen, the National Home Economics Association and the collection and analysis of food materials under the auspices of the U. S. Department of Agriculture.

Milestone 5

Mrs. Ellen H. Richards has been called the founder of home economics. Her leadership in home economics began with the Lake Placid Conference in 1889 and continued until her death in 1911. She was the first president of the Home Economics Association.

Formal steps were taken to organize this association at Washington, D. C., in 1908. After 10 years, this organization had a membership of 700; and published a Home Economic Journal.

Cooking and sewing, or food and clothing, were the foundation for curriculum building as begun by this association. Sewing was at first more favorable for it could be "put in" without so much bother—a table or two, a few chairs, a pair of scissors, and a new idea had sprouted. On the other hand, cooking required a kitchen, plumbing, supply closets, and money, but brought more satisfactory results. So both grew in favor.

Milestone 6

From 1912, and on, the public realized that home economics meant not only cooking and sewing, but also the improvement of the home in general. The economic questions involved came in for their share of attention, and the words "Division of Income" and "Family Budgets" were added to the vocabulary of home economics.

Milestone 7

In 1917, the Smith-Hughes Act, passed by Congress, promoted vocational education in home economics. It provided funds for the training of teachers for home economics and manual training.

Let us now enumerate some different

Tercentenary Topics

Forty years ago there were about 2,600 public high schools in the United States with an enrollment of about 210,000 students. Today there are over 29,000 public high schools enrolling about 6,000,000 students.

America's summer school population has increased nearly four times in less than 20 years.

In a study of 4,000 delinquents of Chicago and Boston, it was found that 23 percent were mentally subnormal and feeble-minded, while 72 percent were normal or above.

I hope all of you will give your co-operation to education in your communities and will stand back of every movement to make our country lead in having to understand what is going on not only here but throughout the world, so that we may have an informed public opinion. We then would have a real majority rule, a real democratic country, and perhaps we could fulfill the ideals of our forefathers when they founded a country where everyone should have reason to live for his country.—Mrs. Franklin D. Roosevelt.

During four and one-half months of 1934 a total of 70,000 students were aided in attending college by federal funds to the amount of \$4,500,000.

Money spent on schools in 1934-35 will be approximately \$475,000,000 less than in 1929-30. Also there are about 11,000 fewer teachers this year than in 1930. Enrollments, on the other hand, are 1,200,000 greater than in 1930.

In 1933-34, 2,282 nursery schools were established in 33 states under the FERA and the U. S. Office of Education, caring for 49,472 children.

Student Preference Given To News About Classmates

"In what part of the Times are you most interested? What do you read first? Do you swear to have told the truth, the whole truth, and nothing but the truth, so help you?" These are a

sample of the questions fired at several unsuspecting teachers and students as they strolled through the hall Tuesday night after school. The following are their private opinions: Miss Magley: "I like the editorials. They're almost professional."

Mr. Flint: "I like to read about the achievements of the various students, such as classroom news, etc. I also like the editorials on the way students can improve themselves—courtesy, good citizenship, etc."

Miss Montgomery: "The dirt. Perhaps this needs an explanation. It seems so real. I should say I like the freedom of thought expressed here."

Miss DeLancey: "I always scan the front page first. I suppose I'm most interested in the classroom news."

Richard (Dick to you) Russell: "I like the editorial page, especially the Wordy Well-Knowns. They flatter people too much, though."

Frank Montgomery: "Wordy Well-Knowns."

Geneva Shearer: "I usually look at the pictures first, and then I turn to the editorials."

Loretta Krauss: "The Wordy Well-Knowns."

Gerry Dush: "Sport page."

Harold Roberts: "Dirt."

Robert Morris: "Dirt."

comes most valuable.

When you have summed up a course in home economics, you find that it gives one a broad, cultural, and scientific background, a training for leadership and responsibility—training for a profession, and last, but not least, those things will have been learned which are necessary for successful and good homemakers.

School System 100 Years Old Next December

1935 Marks Centennial of
Fort Wayne Educational
Institution's Authority.

1853 Is Beginning
Of Free Learning

First Institution Is Located
On Lafayette St.; Isaac
Mahurin Is Principal.

By Mary Anne Park
From the Tercentenary bulletins which are being used in home rooms, and from other sources, students of South Side are entirely aware of the three hundredth anniversary of secondary education. But few people know that this year might also be observed as the one hundredth anniversary of Fort Wayne's public schools, even though the first school was dedicated nearly a score of years later than 1853.

The earliest records of the attention given to a public school system is found in the transactions of the town trustees of December 21, 1835. Henry Work and Samuel Edsall were appointed "to employ a suitable number of teachers and pay them out of the fund set apart for school purposes."

The year 1853 really marked the beginning of the free public schools, however, for in that year Hugh McCulloch, Charles Chase, and William Stewart were chosen to undertake the problem of instituting a system.

The first institution of its kind was housed in the McKinley building on the east side of Lafayette street between Main and Clay. Isaac Mahurin was the first principal and his assistant was Miss M. L. Mahurin.

A west side branch was established some time later after the first, in the home of Mr. and Mrs. A. M. Hubbard on West Jefferson street.

By 1855, the necessity for two new schools became apparent and James Humphrey, Charles G. French, and William S. Smith were appointed as a school board. Two sites were selected; they were: the corner of East Washington and Clay streets, which was purchased for \$1,300; and the corner of West Jefferson and Griffith streets (Fairfield Avenue), for \$1,170. The new buildings were dedicated on February 4, 1857.

The Rev. George A. Irvin was the first public school superintendent in Fort Wayne. Griswold says, "He was a young Kentuckian, and a liberal user of the switch as well as of chewing tobacco." Irvin continued with the schools until 1863, when he became a chaplain in the Federal army.

During the Rev. Mr. Irvin's administration, the schools had to be closed several times because of lack of support. Not until 1865 did the light finally dawn on the free school system. The Rev. Mr. Irvin was succeeded by E. S. Green as superintendent in June, 1863, and the fall term opened with a total enrollment of 698 pupils. The new high school had two teachers; the Jefferson, nine; and the Clay, six.

The first class was graduated from the high school in June, 1865. Four girls made up the graduates.

James H. Smart was appointed to succeed E. S. Green in 1865 and after ten years of service here, Smart was elevated to the positions of state president of public instruction and the president of Purdue University.

By 1866, the overcrowded condition became so apparent that classes were held in a fire engine house, and the teacher was pledged "to keep secure and safe from damage the engine and any other property in the building." Griswold gives little mention to the public school system until in 1913, when Fort Wayne enthusiastically grasped the idea of free agricultural trade, and home-making courses.

The first vocational subjects were taught in the Washington School. Some of them were mathematics for machinists, architectural drafting, English for foreigners, bookkeeping, typing, applied electricity, home cooking, and girls gymnasium.

Still newer innovations are night schools, co-operative classes, and opportunity schools for backward students.

This spring it is estimated that there is a total of 19,000 pupils in the twenty-three grade and three high school building of the city.

Mother-Daughter Tea Given By Meterites

The Meterites' Mother-Daughter tea was held in the Greeley Room, Tuesday, May 14. The room was decorated with spring flowers.

The mothers were welcomed by the Meterite president, Beatrice Fudge. Ruth Gerber explained the purpose of the club, and Betty Pugh discussed the club program.

Kathleen Wittmer played an excellent piano selection. Joan Bonsib gave a harp solo.

Three of the club members presented a play, "An Old Magazine." Various types of music that were softly played throughout portrayed the emotions of the play.

At the conclusion of the program, punch and wafers were served.

Principal To Entertain

N. H. S. Members at Tea

Seniors, who were elected to the National Honor Society this year, will be received at a tea by Mr. and Mrs. R. Nelson Snider at their home on Arcadia Court on Sunday, May 26. The members will be divided into two groups and they will attend during two different hours. Mr. and Mrs. Merle J. Abbott, Mr. and Mrs. Fred Croninger, Mr. and Mrs. Milton Northrop, and the faculty committee will also be guests at the tea which will be held in the garden.

Latin Awaad

This plaque is to be presented to the student who has averaged highest during his four-year study of the Latin course at South Side. It is

awarded by the Fort Wayne alumnae chapter of Alpha Omicron Pi, and will be given on Recognition Day.

After Teaching Everything, Mr. Snider Likes English

"You profit by experience" and "great oaks from acorns grow" may only be quotations but in the case of our principal, Mr. R. Nelson Snider, they have both been tested and proved.

Mr. Snider received his A.B. degree from the State Normal at Muncie, and his A.M. degree from Columbia University.

Before receiving his last degree our principal taught one year in Delaware County grade school. His job was to teach all of the subjects to about thirty-five pupils scattered through the first eight grades.

Mr. Snider instructed two years in De Soto County at a grade and high school combined which accommodated about two hundred pupils. He also taught one year in Eaton, Indiana, at grade and high school of about 300 students.

Having finished college at the age of twenty-two Mr. Snider then went to the Jefferson Consolidated school as principal. After acting in this capacity about two months, he was offered a position as principal of the Jefferson School, here in Fort Wayne, which he accepted. At this time about four hundred fifty pupils attended the Jefferson School. Mr. Snider was here about one year.

James H. Smart was the next school in which he acted as principal. At this time Smart School was composed of 1,400 pupils and was larger than either of the two high schools.

In 1926, after three years at Smart School, Mr. Snider came to South Side, which was then about one thousand fold. He has remained here since 1926. During the summers of '24 and '25 Mr. Snider taught in the State Normal School at Muncie.

While instructing in grade schools our principal taught all of the subjects; and in high school he taught English, history, mathematics, and science. Of all of these subjects Mr. Snider's favorite is English.

Picnic Plans Made

In a business meeting held Thursday, May 16, the Pebble Pups turned in points in a last-minute effort to put their team ahead. The date of the picnic was not definitely set but will be announced. There was no program. Plans for next semester were made.

Botany's Story Told In Brief By Teacher

Is One of Oldest Sciences;
Modern Use Widespread;
Taught Early in S. Side.

By E. S. Gould

Botany is the science of plant life. From a historical standpoint it is one of the oldest sciences. Centuries before the Christian Era it was studied. Originally it was the study of plants useful for food and medicine. Indeed, the very word "botany" comes from a Greek word meaning to eat.

When botany first appeared as subject for study in schools it was largely the naming of plants or systematic botany. This conception was an obstacle to its recognition as a valuable school subject. During the latter half of the nineteenth century a new trend was observed. Dr. Bessy in 1881 emphasized modern laboratory methods. He insisted that the child was of importance rather than the subject. We see here a tendency to humanize the subject and bring it close to the lives of the pupils. This tendency has increased until now the practical applications of facts studied are carefully presented.

Botany was taught in the Fort Wayne schools as early as 1873. For many years it was taught as a freshman subject. For about sixteen years now, it has been offered in the junior or senior years. This subject is presented not with the idea of making botanists, but with the object of adding a vital interest to the life of all the pupils who study this science.

Chemistry, Besides Giving Enjoyment, Has Definite Aims

If a person were walking past the chemistry room on a laboratory day, he would see a large group of pupils at work. Some would be holding test tubes up to the light; others would be adding solutions to the contents of test tubes; and still others would be writing the results of their experiments. And most of the students would apparently be enjoying themselves.

But the purpose of the laboratory work is not enjoyment. It teaches something definite. The handling of the equipment teaches pupils how delicate instruments and containers should be used and also teaches them the scientific method. This striving for the truth will keep the students from accepting fakes of all kinds in their later life. At the same time, the laboratory work will help the students to find themselves; it will show them if they have special aptitude for the vocation of chemistry.

The class work in the first semester consists of studying the basic laws. In the second semester, the chemistry of common things and a little organic chemistry is taught. The laboratory work of the first semester consists of confirming the basic laws. The laboratory work of the second semester includes the confirming of basic laws, and of a little analytical work. Through this study the pupils learn the service of chemistry to industry and to the home.

There is also a cultural value in chemistry. The study of the great discoveries and inventions gives the students a great knowledge of the things of every-day life.

What are you
going to give her . .
when she graduates?

A WATCH or a DIAMOND RING, of course!

Then, too, there are many other gift suggestions for this occasion.

Come in and look around—your visit will be a pleasure.

S. P. C. Potluck Plans Changed; Meeting Soon

Miss Marjorie Suter announced that the plans for the potluck at Vesey's will be changed to those of a business meeting in the Greeley Room. Miss Suter also stated that it will be a very important meeting and that all dues should be paid by this time. Those working with Barbara Uran, program chairman, are Louis Bonsib, Ruth Adler, Emily Lepper, and Rosemary Chappell. Plans were changed at a meeting held on Wednesday night. Besides some music and a short speech, they are planning to have an outside speaker from Central or North Side.

Scouts To Celebrate Silver Anniversary

From August 21 to 31 of the same month, the Boy Scouts of America will celebrate the twenty-fifth anniversary of their movement with a National Jamboree. This huge celebration will be carried on by 30,000 Scouts and Scouters in the city of Washington, D. C. The camp will consist of 10,000 tents! Three hundred cooks will serve 100,000 meals daily which means 260 tons of foodstuff. Nine hundred bushels of potatoes and 15,000 pounds of meat will be used each meal.

Who Else
WANTS A LEONARD REFRIGERATOR?

NO DOWN PAYMENT
only 15c a day!

What a simple, easy way to buy a Leonard! Just a few pennies each day—deposited in the meter—and before you know it the Leonard is yours! Thousands will tell you how easy it is. How a Leonard actually pays for itself through savings in food spoilage and in quantity buying of grocery "specials."

Come in today! See the new Leonard... the refrigerator backed by a 54 year old reputation for quality and dependability. Get your new Leonard now... this easy way.

Quick Facts About the Len-O-Meter Plan

See how easy it is! Select the model you want. We will install it. You make no down payment. Just deposit as low as 15c a day (depending on the model you choose) in the meter. No extra charge for meter. Once a month the money is collected from the meter. Then after your Leonard is paid for, the meter is removed.

Papyrus Plant Had Influence On Civilization

Egypt, Greece, Rome, Germany Carried on Alphabet Begun in Nile Valley.

Puritan Schools For Strict Discipline

Universities Originate During Middle Ages; First Started at Salerno, Bolog

People today would know very little of ancient Egypt and the Egyptians themselves would not have progressed as rapidly as they did if it had not been for the papyrus plant which grew in the Nile River. From this plant the Egyptians made boats, rope, sandals, mats, and, most important, paper. This paper lasted thousands of years and most of the writing on it can still be read.

In ancient Egypt the priests were practically the only people who knew how to write with reed pens and ink. The priests became more powerful and more wealthy than any other class. They needed clerks or "scribes" to keep accounts of animals and grain from farms and the wages of the servants. They trained boys in the art of writing and the practice of arithmetic. The Egyptians invented the earliest alphabet known to history and passed it on to the Greeks and Romans. The ancient Egyptians also had a system of numbers. Although no other nation adopted this system it is very interesting. For 100,000 they wrote down a tadpole; for 10,000, a finger; for 1,000, a lotus flower; for 100, a coiled rope; for 10, an arch; and for 1, a line like our number one.

Greeks Further Education
Knowledge was carried across to Greece from Egypt. Learning soon became popular in Greece. Men set themselves up as teachers and about 1,000 boys went to learn to read and write. The boys were also taught to play on the lyre while reciting Homer and Hesiod. The pupils were taught in the open air in shady places under trees. When school was held indoors, the students sat on chairs and benches but they had no desks. For writing they used slates which were waxed boards on which they scratched letters with a pointed instrument.

Half of the Greek school time was given to sports such as running, jumping, wrestling, and throwing the discus and javelin. The girls in Athens did not go to school and seldom learned to read and write. It was supposed that learning to sew, spin, and the other household arts was enough for girls.

Teachers Were Slaves
In Rome the boys and girls learned to read, write, and do sums in arithmetic. The teachers were men who were usually slaves or former slaves, many of them having come from Greece. After the teachers read aloud, the pupils repeated the words and sentences. Writing on the waxed boards was done with a stylus. This was a short rod of wood, ivory, or metal. It was about five inches long and had a sharp end for making letters and a blunt end for erasing. The older students were permitted to write with reed pens on sheets of papyrus. The Roman numeral system was used by the students.

The school building was often just a roof placed on pillars. On account of the noise and hubbub on the streets the pupils often had a hard time keeping their minds on their lessons. In many of the schools they had long benches without backs. In other schools each pupil had a chair of his own.

After completing primary school, the girls gave up class work; but learned to spin, weave, and sew in their homes in preparation for their marriage. The boys went on to grammar school where they studied music, geometry, elocution, and the poems of Homer. The older boys went to a school of rhetoric where they learned to make public speeches. The sons of wealthy persons rounded out their education by traveling.

School Not Public
The Roman schools were not free. Each parent was charged three dollars a year for the primary school; \$20 a year for grammar school; and \$100 a year for the school of rhetoric. Some parents could not even pay the three dollars and their children did not attend school at all.

For a long time after Rome was conquered by the German tribes, there were very few schools. However, the Greeks and Romans slowly taught the barbarians to read and write.

Although Charlemagne himself did not learn to read and write until he was a young man, when he was crowned king of France, Germany, Italy, he ordered schools to be started in his empire.

In England, Alfred the Great was a great supporter of the schools. During the Middle Ages most children were taught in village schools. Latin was the most common language taught in the schools, and many students learned to read and write Latin but not their native language.

University Is Founded
It was during the Middle Ages that universities were started. The first famous one to appear was the one at Salerno, Italy. Other famous Italian

Buddy Meyers, 12, Texas Musician, Plays in Contest

Not satisfied with the laurels already garnered as a youthful musician, Buddy Meyers, saxophone soloist at the recent music assembly left his home in Amarillo, Texas, to tour the United States to compete for national awards and then study at the Wainwright Music Camps.

He is only twelve years old but already has his own 14-piece orchestra, called "Buddy Meyers and Them Texans" which plays over the radio. Once in a while he teams with his sister, who plays the accordion. Last year he toured the United States and Canada with his mother.

His hobbies besides music are horse-back riding and tennis. By the way, he must also be an expert in tennis, for he stated that he plays with champions.

Although he has studied the saxophone for only four years, he won the state contest in Texas and he went to Madison, Wisconsin, where he entered the national contest.

He left Fort Wayne on Thursday, accompanied by Mr. Jack Wainwright. After the contest, he will visit his relatives in Chicago until June 22, at which time he will go to the music camp.

Tercentenary Committee Has Work Finished

General Exhibition Climax Of Various Achievements Of Group Headed by Flint

The general faculty tercentenary committee, of which A. Verne Flint is chairman, has this week practically completed its many duties, all of which aimed in the school's celebration of the 300th anniversary of the founding of secondary schools in America.

This committee planned for the celebration to culminate in the general exhibition and the joint commencement exercises of the public high schools. A city-wide committee aided in planning the graduation program. The one hundred seventy items which were discussed during home room periods and which ended in a school-wide examination last Thursday, were prepared for the most part by Miss Gertrude Oppelt, a member of the committee. Through these items the whole committee has attempted to show the high points in the history of American education.

Prize Given Winner
The tests have been graded by various home room teachers and the best paper in each of the sixty home rooms will compete next week in a final examination. Winners from each class will be chosen for an award consisting of an aerial view of South Side taken by Sheldon Hine.

The posters made by the Art department and the linoleum block print contest were both under the direction of Miss Mary Helen Ley, another member of the general committee. The winning block print was designed by Sonia Volkoff and was printed, together with an accompanying article, in the Times and in the Hoosier School Bulletin, the official magazine of the Northeastern Indiana Teachers Association.

In Mr. Wilson's social science classes, Bernadette Dyckert and Helen Allen have written, as outside projects, very complete histories of the system of Fort Wayne education. Although they receive no recognition officially, the projects may be regarded as another influence of the committee's work this year.

Publicity for the entire semester's work has been in charge of Miss Rowena Harvey, adviser of publications. The entire committee is composed of Mr. Flint, Miss Oppelt, Miss Harvey, Miss Ley, Miss Magley, Mr. Gould and Mr. Wilson.

In commenting on the committee's accomplishments, Mr. Flint said, "The work should put a new value on the fine things that are accomplished by the public high schools and it should enable us to judge our school by the past and so be grateful to our heritage. We realize more fully, now, that someone back of us contributed a great deal to make our opportunities so complete."

Loretta Foellinger, South Side Alumna Honored at Illinois

Loretta Foellinger, a graduate of South Side, was honored by the University of Illinois Friday, May 10, for her high grades. She is a member of the Honor Roll.

For members of the senior, junior, and sophomore classes, the basis of the honor award is their scholarship record during the two semesters immediately preceding the present term. For freshmen the basis is the record of their first semester's work.

Loretta is now a junior at the university. She was a very outstanding student here, being general manager of the Times, a member of Quill and Scroll, and the National Honor Society.

"Honors Day" was established at the university in 1925. The eleventh annual Honors Day Convocation was held in the university auditorium at 10 o'clock. On this occasion the university gives public recognition to those students whose scholarship record ranks them within the first ten percent of their class. The exercises were broadcast by the university station WILL.

Animal Study Injected Into Biology Course

Biology has been taught in the South Side High School for all but two years of its existence. General science was given in the freshman year the first two years. Then it was put in the seventh and eighth grades, and biology was offered for a freshman science subject. The change was welcome to us here at South Side, since biology is the only place in the course where animals are studied. Botany, the study of plants, has been in the course of study for a long, long time, but the study of animals was neglected.

Biology is the study of living things. It is not just so much botany and just so much zoology, but treats of those principles which are common to both; that is, the law of living things. However, since we have a year of botany we stress the animal side of the subject. Biology is given in the freshman year. The pupils seem to enjoy it. It gives valuable training in laboratory practice. This is of great value in later science subjects. It quickens interest in outdoor things which the pupils meet every day.

Meterites Picnic To Be Final Meeting of Year

Sophomore Meterites will be the guests of the freshmen Meterites Tuesday, May 28, at a picnic supper, which will be held in Foster Park. This will be the last meeting of the year.

Lillian Gunzenhauser is chairman of the picnic. Ann Peters will assist her in presenting gifts to the Meterite members with the most points who are going to leave the club. A new Meterite president and her officers will be elected at the picnic.

N.H.S. Banquet Has Ship For Theme

Poem by Ella Wheeler Wilcox Subject of Dinner; Program Held May 16 in the Cafeteria.

"One ship drives East and another West,

While the selfsame breezes blow,
'Tis the set of the sails and not the gale

That bids them where to go."

This poem by Ella Wheeler Wilcox was the theme of the National Honor Society Banquet held Thursday, May 16, in the cafeteria. The members were guests of the various members of the faculty; and the others attending were alumni members, and parents, relatives, and friends of the 1935 members.

The place cards were sail-boats, and the programs had white sailboats painted on a background of sea-green. Mr. Snider was the skipper, and master of ceremonies.

Trio Gives Music
The South Side trio, composed of Avenell Glass, an alumni member, Paul Randall, and Marian Lickert, furnished music with the piano, violin, and harp.

Margaret Wallace, an alumnae, was the first speaker, and her subject was "Sail Ho!" Margaret Murphy answered with a speech entitled, "Ship Ahoy." Bob Blomker's speech, "Mainmast," discussed scholarship, and showed how the mains'l, leadership, and the boom," service, depend upon it. John Bremer spoke on service, "The Boom," and showed the relationship of it to the other parts of the "boat," character, leadership, and scholarship. "The Boom," and leadership, were compared by Mary Osborn; and Dick Schannan spoke on "The Keel," character.

Howard Ropa Sings
Howard Ropa, a well-known singer, added much to the program by singing, "Rocked in the Cradle of the Deep," "Bells of the Sea," and "When I Grow Too Old to Dream." Betty Medaris and Paul Randall sang while Jane Kimble accompanied them on the piano and Dale Burgener played the violin.

Mr. Merle Abbett talked on "Charts," and gave the new sea-farers instructions for their first sail. "Eight Bells," was the subject of Mr. Voorhees' speech in which he introduced the new members of the society and told various interesting incidents which have occurred in his chemistry classes.

Chicken a la king, parsleyed potatoes, buttered carrots, perfection salad, buttered rolls, ice cream, cake, and coffee made up the menu.

Mr. Wilburn Wilson Is Erstwhile Pupil Of Brain Truster

There is a very interesting person on South Side's faculty who has studied under Professor Raymond Moley, one of the famed members of President Roosevelt's "Brain Trust." This man is Mr. Wilson, a social science teacher.

Mr. Wilson was born in Wells County, Indiana. He received his teacher's training at Ball State Teachers' College. In 1924 his A.B. degree was conferred on him at Ball State. Four years later, in 1928, he received his Master's degree at the University of Chicago.

It was here that Mr. Wilson became acquainted with Professor Moley. Mr. Wilson studied under him, and since there were only six students in the class, came to know him quite well.

During the years 1931-32 Mr. Wilson taught in the political science department at Harvard University.

Mr. Wilson has been teaching school since 1919. He first taught at Dunkirk, then at Pine Village, and from there he came to South Side.

Law and journalism were the first fields Mr. Wilson wished to enter. However, he decided to teach school, and has enjoyed this work very much.

Graduates To Wear Cotton
The graduating girls of East High School, Akron, Ohio, are wearing long cotton dresses. Sleeves are to be short and necklines conservative. The maximum total price to be spent upon a dress has been set at seven dollars.

Twenty-one Pupils In South Side With Surname of Miller

While ramsacking the files the other evening, we discover that of the 1950 pupils' names in South Side, Miller is the most common name. Two of these are 9A's; three, 10A's; and seven, 10A's. Of the upperclassmen there are two 11B's, four 11A's, and three 12A's, making a total of twenty-one Millers in South Side. The only repetition in the given names are Katherine, Robert, and Betty, of which there are two each.

Among other common names in South Side are Jones, Meyers, Smith, Brown, and Beck. There are fourteen, thirteen, eleven, nine, and eight of these, respectively.

The names Baumgartner, Kennedy, Hall, Jackson, Lyman, Shultz, Allan, Campbell, and Gardner each claim about six of the pupils here.

It is interesting to note that a few of the common names, such as James Wood, White, etc., are not very common in South Side.

Many of the names are spelled differently but are closely related to each other. Some of these are Wittmer, Wittner, and Whitmer, Meyers and Myers, Thomas and Thompson, and Allen and Allan.

So-Si-Y's Meeting Held In Picnic Form

So-Si-Y's last meeting of this semester, which was carried out in the theme of "Finding God in the Beautiful in Nature," was held at Foster Park on Tuesday, May 21, after school.

"Where There's a Will, There's a Way," a playlet in pantomime, was presented by the following cast: Mr. Laney, Ruth Adler; Mrs. Laney, Ruth Roadcap; and Mary, Dorothy Roubush. Helen Doenges acted as reader.

Lorraine Meyer gave the poem "The Garden" by Gertrude Huntington McGiffert, and Ruth Roadcap gave "My Garden" by Thomas Edward Brown, as devotions.

The new officers, who are Anna Bremer, president; Verna Holtman, vice-president; Harriet Basford, secretary; Betty Rison, treasurer; and Catherine Allendorp, Inter-Club Congress representative, were installed by the outgoing officers, who are Sue Meyer, Violet Wittmer, Martha Baumgartner, Virginia Beck, and Catherine Hirschman.

The following senior girls who have earned their Triple Triangle degree during their membership in So-Si-Y, were recognized for the work they have done: Mildred Hoerner, Catherine Hirschman, Mary Osborne, Violet Wittmer, Martha Baumgartner, Althea Hatfield, Betty Medaris, Audrey Fels, Arleth Carvin, Susanne Meyer, Evelyn Clauser, and Evelyn Ertel.

After the program, outdoor games were played and a picnic luncheon was held. The program was in charge of Ruth Adler, chairman; and Arleth Carvin, Martha Chase, Justine Crum, Marjorie Dancer, Mary Anne Park, Helen Doenges, June Haeger, Eleanor Kirkpatrick, Lorraine Meyer, Ruth Roadcap, and Dorothy Roubush.

Only Two Papers! Draw Line on the Hauptman Trial

The staff of a school newspaper in the Northwest recently conducted a survey of the Hauptman trial publicity and discovered that with the exception of two, the leading newspapers of the country had given the trial sensational treatment.

This staff found that the "Kansas City Star" and the "Christian Science Monitor" were the only leading newspapers which minimized the famous trial. The "Christian Science Monitor" did put some Hauptman trial publicity on the front page, but they ran a feature article which stated that the great Hauptman case had been overplayed in all newspapers.

It was even discovered that conservative papers gave the trial banner heads and startling front page pictures.

Industrial Arts In Schools New Vocational Bid

First School Established in 1876; Growth Is Rapid; Course Now Is Varied.

By J. H. Chappell

Our forefathers came to this country to establish homes where they could live in a manner which had been denied them. They had manual efficiency, so when schools were established, these were to train men to become preachers of the gospel, teachers and lawyers. Everybody was trained to work with his hands, and schools for the manual industries were not needed. Fathers taught their sons the trades and most of the work was done in the home.

The years passed swiftly and the mode of living has changed so rapidly. The simple life has passed and the age of the machine is here. As these changes in customs and manner of living took place, the ideas and purposes of the schools changed. It was in the year 1876 that a school was established in this country the purpose of which was to teach boys to learn hand skills. This manual training or hand training school was based on the Russian system of tool instruction and joint making. The Swedish sloyd system of model making followed. The method followed in these schools required each student to do the same thing in the same way. No allowance was made for individual differences.

In 1893, at the Columbia Exposition at Chicago, the group method of arranging the course of work, was first displayed by Teachers College, New York City.

In the early years, after its introduction into this country, manual training suffered by having the skill element unduly emphasized. Following this it suffered by having the other element—the thought side—unduly magnified. Both of these elements are important. It is the growth of the proper relation of these two elements, the thought element and the element of skill, which has developed the present status of industrial arts in our public schools today.

Today in our schools we speak of industrial arts instead of manual training. The old forge teacher is now an industrial arts teacher. Industrial arts includes any industrial subject which a school offers. Each subject has subdivisions which, if called a subject would really mean much more work than indicated. For example, a course in cabinet work includes, bench work, wood turning, mill work, finishing, staining, shellacking, varnishing, and polishing. Each subject offered is given to develop skill, thought, and information thus trying to prepare boys for good and useful citizenship.

A student may take industrial arts one year (minimum) or four years in South Side High School. Our course offers bench work in wood, mill work, wood turning, cabinet work, machine work, bench metal work, pattern making, foundry, forge, sheet metal, wood finishing and the different divisions of mechanical drawing as, pictorial and orthographic projection, developments, machine, architectural, inking and blueprinting.

New Demands Placed Upon Public Schools

Various Men Realized Need For Better Schools; Acted To Give Better Programs.

Vocational Aid New Responsibility

Immediate, Practical Work Offered in Beginning; Additions Made Later.

In an attempt to meet the ever-increasing demands of this age of science and invention, many different adjustments have had to be made by the schools. Realizing the changes in the world, Horace Mann correctly declared: "A new era has opened upon the world. The history of the future is to be widely different from that of the past. The stream of life is changing its direction. . . . We must prepare ourselves to move with society through the new realms which we are entering."

Unfortunately, the schools were poorly fitted to meet their new responsibilities or to help the people in making the difficult adjustments taking place in this country. In the most part the schools, especially in the rural districts, were survivals of the old fashioned type of "readin', writin'," and "rithmetic."

New Schools Needed

But the new and complex society which was developing needed a new and vastly better system of schools; however, people were slow to realize the worth of a better education.

Fortunately there were a few who saw beyond this narrow limit, among them Henry Barnard, leader of education in Connecticut and Rhode Island, who told people of its worth. The friends of public education organized a campaign to persuade the people to demand higher standards.

The most urgent need of the schools was for good teachers. Some plan for the training of teachers was essential if the common schools were to succeed.

In Concord, Vermont, in 1823, there was a young minister named Samuel Hall, who saw that much of the children's time was wasted by ineffective teaching methods. Mr. Hall opened a school in his own home for the purpose of teaching teachers to teach. After its development it was called the Concord Academy. Mr. Hall also published the first book for the professional education of teachers in English in America.

The search for better teachers turned attention toward the means used in Europe for their education. Pestalozzi had started a school for teachers at Yverdon in Switzerland. He, contrary to old ideas, regarded child nature as the basis of education. Influenced by his methods, men began to write on education and the literature on the subject began to grow.

Institutions Established

After the influence of these European schools, in 1827, James G. Carter opened a normal school at Lexington, Massachusetts, and petitioned the legislature to help. The number of schools of this nature grew and even a traveling normal school was established.

Next there was a demand for a different kind of secondary education, one in which there was more training for various occupations, instead of just preparing the pupils for college. Furthermore, the factory system was sweeping the country, thus increasing this demand. Out of these needs there finally developed our present-day system of secondary education.

The settlers realized that the Boston Latin School did not meet the needs of their life. They wanted a type which would help them to cope with the practical problems which beset them. The need for schools with a broader and more useful course of study resulted in a new kind of school—the academy.

The first American academy was planned by the practical and far-seeing Franklin. Academies were private schools, usually business enterprises. Everything from philosophy and surveying to painting and embroidery was taught in the larger academies. They became extremely popular. The academy formed the necessary link between the elementary school and college.

System Nearing Completion

The local high school at first offered only immediately practical education of an advanced elementary type. Later it added college preparatory courses and became a rival of the academy.

The states and cities were slow to provide good schools for very small children. They were expected to get the necessary training at home, but

Mathematics Not Taught In Early Schools

Subject Not Included With Latin School Curriculum Has Progressed Quickly.

Subject Defined As In Academics

Advice To Teachers Given; Problems in Old Texts Are Presented in Rhyme.

By Adelaide Fiedler
As far as the records show, mathematics beyond arithmetic was not included in the curriculum of the Latin grammar school until some time after it had been "generously recognized" by the Academy.

Early in the eighteenth century three writing schools were established in Boston. By "ritin skule" was meant a winter school where "boys whose parents had no special ambitions" could learn the simple arts and arithmetic. In these schools, boys studied numeration, addition, subtraction, multiplication, division, interest, and decimal fractions.

In 1751 a public academy was established in the city of Philadelphia. The academy provided for three schools, one of which was the Mathematical School. In 1821 the first high school, known as the English Classical School, was founded in Boston. Both the academy and the high school offered courses in arithmetic, algebra, geometry, and the more advanced courses in trigonometry, engineering, analytics, surveying, and navigation, but by the close of the century, all the advanced courses except trigonometry had disappeared from the course of study.

In our high schools at the present time, the courses offered are arithmetic, elementary algebra, intermediate or advanced algebra, college algebra, plane geometry, solid geometry, and trigonometry. "General" mathematics has found a place in the first and second years' work during recent years.

That mathematics held a most important place in the curriculum during the early days of the academy is evidenced by the prefaces in some of the earliest books published. In an arithmetic by Paul Deigham, published in 1821, the author states in part: "Arithmetic, that noble art, wants not the assistance of distant authority or ancient history to recommend it; it needs not the aid of remote ages to point out its value, nor the help of refined modern philosophy to give it more lustre; the universal consent of mankind is of itself sufficient to declare that no man ever employed his time in the cultivation of a science more generally useful to man than that of arithmetic. By arithmetic, the geometer calculates the ratios and several dimensions of different magnitudes and figures; the astronomer determines the precise time of eclipses and other celestial phenomena; the navigator discovers his exact place in the extended ocean and the course and distance to port; the surveyor makes out the quantity of land in his surrounded tract; the merchant regulates his various profits, exchanges, etc.; the user settles his rates percent; and the useful mechanic and laborer come at the balance of the small pittance remaining due. In short, arithmetic is so extensive in its operations, and important in its calculations, that the person who has a competent knowledge in it, is by common consent, allowed to be a good and useful scholar, however slender his other literary acquisitions may be."

It is evident that mathematics was still holding an important place in the curriculum in the middle of the eighteenth century. In Day and Thomson's "Elements of Algebra" published in 1854, we read the following: "Public opinion has pronounced the study of algebra to be a desirable and important branch of popular education. This decision is one of the clearest proofs of an onward and substantial progress in the cause of intellectual improvement in our country. A knowledge of algebra may not indeed be regarded as strictly necessary to the discharge of the common duties of life; nevertheless, no young person at the present day is considered as having a finished education without an acquaintance with its rudiments. The question with parents is not how little learning and discipline they can get through the world with, but how much does their highest usefulness require, and what are the best means to secure this end."

In Loomis' "Elements of Algebra," also published in 1854, we read: "The study of algebra may properly be commenced at an early stage of education. As soon as the mind has acquired some degree of maturity and has become familiar with the principles of common arithmetic, it is prepared to understand the elementary principles of algebra. This study is admirably adapted to the reasoning faculties, to lead the mind to rely upon its own resources, and to cultivate those habits of independent thinking which are alike important to the scholar and

Heads Math Department

Miss Adelaide Fiedler

to the man of business."

In John F. Stoddard's "Arithmetic" published in 1849, he offers the following pedagogical advice:

First—The lessons should be assigned previously to recitation, to afford the pupil an opportunity for his examination. The use of the book during class exercise should be entirely prohibited.

Secondly—To concentrate the attention of the whole class, questions should be assigned promiscuously, and not in rotation.

Thirdly—No question should be read more than once, if done slowly and distinctly; care should be taken that the language of the pupil be rigidly accurate as to construction and articulation.

In comparing the textbooks used in the early academies and the early high schools with the texts of the present day, one finds many changes in the definitions, the form, content, and presentation.

Just how interested would the student of mathematics today be in the definitions of some of the mathematical subjects which were written for the early academies? The following are some examples of the early definitions of the subjects themselves:

"Arithmetic is the art or science of numbering. It treats of the nature and property of numbers, but it is limited to certain methods of calculation which occur in common practice."

"Algebra is the branch of mathematics which enables us to abridge and generalize the reasoning employed in the solution of all questions relating to numbers. It has been called by Newton, Universal Arithmetic. One advantage which algebra has over arithmetic arises from the introduction of symbols by which the operations to be performed are readily indicated to the eye." In another text algebra is defined as "a general method of solving problems and of investigating the relations of quantities by means of letters and signs."

In 1830, geometry and trigonometry were defined as follows:

"Geometry is the science which treats of the properties of magnitude." "Trigonometry is that part of practical geometry by which the sides and angles of triangles are measured; where, by three things being given, either all sides or sides and angles, a fourth may be found; either by measuring with a scale and dividers, according to the problems in geometry, or more accurately by calculation with logarithms or with natural sines. Trigonometry is divided into two parts—rectangular and oblique-angular."

Perhaps the greatest change today lies in the method of presentation. In the early days, all work was done deductively. At the beginning of each new chapter, the rule governing the solution of the problems was given. The "why" of such a rule was not the concern of the student. He followed the rule blindly and mechanically. Today the student develops his own rule or formula by a process of inductive reasoning. If the formula has been forgotten, he should know how to derive it.

Of particular interest is the content of some of the earliest texts. Some of the unusual topics found in the arithmetics were: Fellowship, Barter, Vulgar Fractions, Single and Double Position Progressions, Permutations, etc.

Many of the problems in these texts were stated in rhyme, several of which are listed below:

A castle wall there was whose height was found

To be a hundred feet from th' top to th' ground;

Against the wall the ladder stood upright,

Of the same length the castle was in height;

A waggish youngster did the ladder slide

At bottom ten feet from the castle side.

Now I would know how far the top did fall,

ditions;" and Janet Hartman, "Spell-

Finals Are Held In Speech Contest

D. McAllister, R. Rastetter Are Named Division Winners in Freshman-Sophomore Contest

Dalton McAllister and Richard Rastetter were named winners, in their respective divisions, in the finals of the third annual Freshman-Sophomore speech contest, which was held in the study hall the seventh period Thursday under the direction of Miss Dorothy Benner. Manuel Rothberg, prominent public speaker, acted as chairman. Kathleen Wittmer and Ruth Garrison placed second in each division.

In the freshman division, the speakers and their subjects were: Dalton McAllister, "Arms and Munitions;" Joan Bonisib, "Music in the Schools;" Kathleen Wittmer, "Present War Conditions;" and Ruth Garrison, "By pulling out the ladder from the wall?"

Another runs this way:

In the midst of a meadow well stored with grass

I took then just two acres to tether my horse;

How long will the cord be that feeding all round,

He may not graze less or more than two acres of ground.

If mathematics held an important place in the past, how increasingly important need it become in this complex civilization. Those of us who are especially interested in the subject of mathematics, can point with pride today to the contributions which it has made to other fields of knowledge.

On one of the walls in the Hall of Science in Chicago, the "Tree of Knowledge" was represented. In this "Tree of Knowledge" we found (as stated by W. D. Reeve in a recent article in the Mathematics Teacher) that "mathematics furnishes the central root and vitalizing energy for the basic sciences such as astronomy, botany, chemistry, geology, and physics, and together with them furnishes strong support for the applied sciences on the higher branches such as social studies like economics and sociology and engineering of various kinds."

ing and Pronunciation."

Sophomore speakers and their subjects were: Richard Rastetter, "Reforming the Prisons;" Helen Kelsey, "The Distinction Between Amateurism and Professionalism;" Vernon Miller, "Government Ownership of Large Corporations;" and Ruth Garrison, "Disarmament."

The contestants gave a five-minute discussion on any subject they wished to pick with no rebuttal. The eight speakers were survivors of the initial contest in which thirty-six persons participated. For the last few weeks the speakers have been under the supervision of Miss Dorothy Benner.

Miss Kathleen O'Dowd, Miss Virginia Montgomery, and Mr. Franklin Tooke, all former graduates and prominent members of the public speaking department, acted as judges.

Plaque Is Award For Latin Student

(Continued from page 1)

at Indiana University. Mrs. Maurice E. Murphy is also a member.

Lingua Latina Summa Cum Laude (The Latin language with highest praise) is engraved on the silver mounting. The name of the honorary pupil for this year will be engraved on a metal plate which will be affixed to the walnut board at the side of the silver mounting. A metal plate thus engraved will be added each succeeding year.

The plaque will be presented by Mr. Rothert, head of the language department, on Recognition Day, May 31.

Accepts Secretarial Position

Ruth Rehm

The many friends of Ruth Rehm, daughter of Mr. and Mrs. Harry C. Rehm, 508 East Sutherland Street, graduate of South Side in 1932, will be pleased to know that she has accepted a secretarial position with the General Motors Acceptance Corporation.

Ruth while attending South Side was prominent in various activities and is a member of the National Honor Society. She continued her education at International College and graduated from the Executive Secretarial Course with high honors March 1, 1935. She is a real credit to South Side High School.

UP AND DOWN OUR INCLINES

Eloise Greiser, a pupil of Miss Ley, won first prize in the Clean Up, Paint Up Week poster contest. She received a four-dollar check.

Wayne Decker won first prize in a recent hobby contest and Hollis Logue won second. They both are pupils of Miss Ley.

The committee from the Math department for recognition Day consists of Miss Fiedler, Mr. Flint, and Mr. Davis.

Miss Fiedler gave recognition tests last week. Tests were given to those taking algebra 2 on Tuesday, geometry 2 and 3 on Wednesday, and trigonometry and algebra 3 on Friday.

As a class project Mr. Wilson's third hour class has been taking surveys of the county institutions. Paul Reynolds is the photographer.

Georgianna Martin gave a very good report on the county infirmary and Helen Flaig on the orphanage.

Over a short story test given recently to Miss Magley's English 6 classes, the following pupils made 90 to 96 percent: Fay Bechtold, Laverne Boyce, Margaret Crankshaw, Ruth Fowler, Jane Loomis, Catherine Allendorph, Marjorie Cartwright, Roland Detmar, Georgetta McIntire, Eliza Bess Lucas, and Ruth Rose.

In Miss Paxton's geometry 1, period 2 class, Goldie Wobser and Jack Rehner made 94 and 96 percent respectively on a recent test.

James Roth was the only one to make a perfect score on a test given recently to Miss Paxton's fourth period geometry class.

James Esterline, Lonnie Kirtz, and Rodney Stair are working on interesting posters to be exhibited by the pupils of Mr. Flint's classes.

On a test given to Mr. Flint's geometry 1 students over Book 1, the following made 90 to 100 percent: Period 2, Ralph Campbell, Sam Betounes, Ina Claire Chappell, Elizabeth Gross, Helen Gruenwald, Carl Hall, John Hines, Howard Hirschman, Harvey Humcke, Walter Jackson, Alice Karn, Helen Kelsey, and John Lyons; period 4, James Boserman, Robert Braungart, Betty Garton, Ruth Gerber, Clarence Greider, Donald Helm, Laverne Kiel, Charlotte Kimmel, Victor Pierson, John Thackery, and Kathleen Wittmer.

Melvin Blume, John Gerding, Ruth Adler, and Duncan McLeish took charge of Miss Paxton's classes while she attended the sessions of the Indiana Section of the Mathematical Association of America at Clifty Falls and at Hanover College.

In Miss Crowe's U. S. History 2 class, the following pupils brought in this interesting material: Virginia Gerdon, a French shrapnell shell and a soldier's bracelet; Dale McNeal, an American gas mask; Aaron Schoene-

Humble Birth of Alma Mater Belies Its Present Grandeur

It is probably difficult for the students of South Side to realize that former students of Mr. Murphy and Mr. Voorhes and others had to sit on boards extended over nail kegs during their first

classes in this school, that two classes were conducted in the chemistry laboratory at the same time at first. Confusion existed in many rooms, where the noise of wheel-barrows going up and down the halls and inclines and the pounding of hammers, disturbed the classes most of the time. Doors and windows were put in the rooms while class was continuing. But in spite of all the noise, classes went on, teachers worked and yelled, and the noise continued.

Another difficult thing to realize is that Mr. Gould's room was used as the cafeteria. Tables were set up in the hall to put the food on. The students would walk past the tables and get the food they wanted. Then they would go into Mr. Gould's room to eat.

A third interesting phase in the early history of South Side happened during the last few minutes of a basketball game between South Side and Central. The gym was crowded with people everywhere. It was the second overtime period and only a few seconds left. The score was a tie. Finally one of our players in the southwest corner of the floor made a basket, the gun going off before the ball struck the floor. This basket made South Side the champion of the season, an incident that has often been repeated in that same gymnasium.

The award, a fountain pen, will be given on Recognition Day, May 31. These pens are not awarded to students who make less than 65 out of the 100 points possible in the test. Less than ten-percent of the papers submitted earned such a high grade. Fully half of the 50,000 students who took the examination, which was presented in 700 schools, made less than fifty percent.

In speaking of the grades Mr. M. R. Robinson, editor of Scholastic, said, "While this would indicate an extremely difficult examination, the ability of high school students to develop a broad knowledge of world affairs today is demonstrated by more than fifty groups which had class averages above seventy."

A ballot for the vote on continuing the news examination was also enclosed for the adviser to fill out and return to the office of Scholastic for the purpose of determining whether or not the examination will be given in future years.

Foreign System Of Education Has Advanced

Education Is State Function; Attendance Compulsory; Instruction Is Free.

The United States is not the only country to make great advancement and change in their school system, for Europe also shows a big change in their education system. Education is looked upon as a function of the state. The government not only supervises public education but also is responsible for providing it and such instruction from the government must form an organized whole. Private schools, with certain exceptions, are not allowed. Education, therefore, throughout the countries must be uniform. Attendance at school is compulsory at the elementary school for eight years, and at the continuation schools until the completion of the eighteenth year.

Instruction is free in elementary schools and the state or municipality must provide assistance to poor parents for the further education if they are deemed qualified for instruction in the secondary or higher schools. In the ordinary state school religious training is optional. The parents or guardians of each child declare on its entering the school whether they wish it to receive religious training, if so, in what creed. The school authorities must provide instruction if demanded, in the creeds of all recognized churches. Room must be provided for such instruction in the ordinary timetable.

The German constitution does not follow the English practice of allowing schools conducted by religious organizations to continue under the supervision of public educational authorities and to receive state aid. Room, however, has been made in the ordinary educational system for strictly secular and denominational schools. The denominational and secular schools must conform with the general system of state education and reach a high educational standard. These are only general regulations, some which are not followed by all countries.

Dr. R. O. Copeland States School's Responsibility

Education has been growing for many years, every few years adding a new purpose. In recent years again, a big responsibility has been placed on education. That is the prevention of crime. This responsibility has been shared by the church and home, but according to Dr. Royal S. Copeland, United States Senator from New York, and chairman of the United States Commission on Crime, this plan of sharing the responsibility has not been successful and he proposes that the public schools assume the responsibility for a basic crime program. He states in his article in the "School and Society" that the time has come when this plan will prove satisfactory, of course, with the co-operation of the church and home. But the basis of the plan will be the responsibility of the public school system. Dr. Copeland closes his article with these words, "If by this means we can make a successful attack upon the juvenile delinquents, the next generation will bless us for our efforts. If we succeed in keeping the public spirit of our students and developing that high sense of trusteeship which will stand the test of competitive action of later life, we shall have saved the nation from a repetition of disclosures of vicious conduct in high places."

U. S. A. Holds Party On Roof of Y. W. C. A.

The annual potluck of the U. S. A. Club was held on Thursday, May 23, and was a roof garden party at the Y. W. C. A. Evelyn Lehman was the chairman in charge of this party. Election of officers for the fall semester was held. New officers will be announced later. Degrees were also given out to those members who had earned them.

Archer Alumni Shine Brightly In Local World of Business

It is of interest to the parents, teachers, and friends of South Side to learn that such a large number of South Side graduates have secured fine positions with various Fort Wayne firms.

Lincoln Life, General Electric, and International Harvester employ a large number of these alumni. The News-Sentinel and the Fort Wayne Public School System also employ quite a few of the South Side graduates.

Following is a partial list of South Side graduates who work in Fort Wayne:

Harriet Aichele, Bernice Beauty Shop; Della Ake, Public Library; Robert Baker, General Electric; Clyde Bechtold, Tokheim Tank; Kenneth Bechtold, Tokheim Tank; Robert Beery, International Harvester; Mary Bell, General Electric; Robert Bell, General Electric; Catherine Blomberg, General Electric; Jeanette Blough, General Electric; Madelyn Botterin, Frank's Department Store; Elizabeth Bowly, Wolf & Dessauer; Mildred Brackman, Wayne Candy; Richard Bradley, General Electric; Dorothy Bremer, Lincoln Life; Paul Brunner, Filtration Plant; William Brunner, General Electric; Chester Brower, Journal-Gazette; Mary Ellen Butler, Wayne Candy.

Tom Cameron, General Electric; Frances Clymer, Lincoln Life; Annabelle Colvin, General Electric; Ernest Cook, Two-Legs Shop; Eugene Craig, News-Sentinel; Virginia Creadson, General Electric; Howard Crise, General Electric; Robert Dent, General Electric; Almira Dickmeyer, Dickmeyer's Grocery; Walter Doebrman, Doebrman's Grocery; Eleanor Droege, Fishman's; Delmar Eggers, International Harvester; Melvin Eggers, People's Trust and Savings Bank; Eleanor Ellinger, teacher at Irene Byron Sanatorium.

More Have Positions
Forrest Fisher, General Electric; Helene Foellinger, News-Sentinel; Helen Fremion, Murphy's; Mary Helen Garman, Lincoln Life; Martha Garrison, Lincoln Life; Roberta Garton, Lincoln Life; Winifred Gearhart, Lincoln Life; Esther Gerding, Lincoln Life; Richard Gerding, Gerding Drug; Lucille Gollmer, Home Telephone and Telegraph; Charlotte Groves, Murphy's; Barbara Haven, Lincoln Life; Virginia Henrick, Lincoln Life; Helen Henline, Federal Relief Agency; Almira Hine, Lincoln National Bank; Sheldon Hine, Lincoln Life; Alma Hoeltje, General Electric; Jeanette Holtman, music teacher; Hilca Homeyer, Fort Wayne Public School System; Margie Horstmeier, Lincoln Life; Wilmer Knake, General Electric; Arnold Konow, Wayne Knitting Mill.

Robert Legeman, General Electric; Josephine Laisure, General Electric; Wilson Laubenstein, General Electric; Franklin Lebrecht, General Electric; Frederick Lebrecht, Lebrecht Greenhouse; Richard Lenz, General Electric; Lucille Lindeman, Lincoln Life; Vivian Crates Logan, News-Sentinel; Virginia Montgomery, South Side High School; Arthur Nickerson, General Electric; Herbert Nietzsche, School Press; Richard Parmalee, General Electric; Richard Parnin, International Harvester; Robert Parnin, International Harvester; Dale Perkins, Home Telephone and Telegraph; Betty Peters, South Side High School; Ruth Pletcher, Pletcher Grocery; Lester Price, General Electric.

Others Succeed Also
Mildred Reese, General Electric; Ruth Rehm, General Motors Acceptance; Gale Rinehart, General Electric; Phyllis Rudig, Lincoln Life; Stella Rupp, General Electric; Marcelle Sailer, Lincoln Life; Helen Schaeffer, Meyer's Drugs; Willodean Scheerer, Lincoln Life; Mildred Scheumann, Wayne Knitting Mills; Alfred Schlie, General Electric; Lorraine Shearer, Lincoln Life; LaMar Shedron, International Harvester; Elmer Sherbondy, General Electric; Emma Sherbondy, General Electric; George Simminger, General Electric; Henry Simminger, General Electric; Marjorie Simmons, General Electric; Merville Somers, Harman School; Edith Spangle, Wolf & Dessauer; Betty Spangle, Lincoln Life; Veda Stevens, Hamilton School; Lillian Thompson, Lincoln Life; Phyllis Toothill, News-Sentinel; Rhoda Toothill, News-Sentinel; Ruth Uffelman, Federal Relief Agency; Dorothy Walbert, Allied Mills; Elfrieda Wambganss, International Harvester; Helen Werling, Rastetter's Chair Company; Caroline Williams, Public Library; Ernest Williams, City Light and Power; Harriet Wyneken, Lincoln Life; Dorothy Yobst, Lincoln Life; Vera Young, Lincoln Life.

Robert Null Honored At Purdue University

Robert Null, son of Mr. Benjamin Null of South Side, has recently received high honors at Purdue University for his scholastic abilities.

Robert is a junior in chemical engineering at Purdue. Among his honors are the following: Elected president of the Triangle fraternity, which is a chemical engineering society; made a member of the Phi Beta Epsilon, a Chemical National Honorary; elected associate editor of the Purdue Engineer; and chosen member of Tau Beta Pi, an all-engineering national honorary society.

Also he has maintained the rating of "distinguished student" throughout the three years. A "distinguished student" rating requires an average of 95 percent or above. He graduated from South Side in 1932 with high honors, having been elected to the National Honor Society and having earned a letter in basketball.

Epidemic Hits School
Because of an epidemic of scarlet fever in Minneapolis, Minnesota, the Roosevelt High School of that city, had to postpone the Spring Frolic until next fall.

Good Health is a necessity for a real enjoyment of life.
Many people are deprived of the beauty of the world by mere neglect.

Difficulties Beset Alaskan Education

Whites, Natives Are Separately Taught; Industrial Schools Maintained; Subjects Vary.

Alaska, the greatest of the territories of the United States in area and in prospective resources, also has problems of education with which to deal. Here the whites and natives are educated separately—the former at territorial expense and the latter at the expense of the federal government. The public school system of the territory includes elementary, high, normal high, and citizenship night school for adults. These schools are maintained for white children and children of mixed parentage who lead civilized lives.

Board in Charge

The schools are directed by a board of education with the governor as chairman and a commissioner of education as chief executive officer. The average school year is nine months. There are approximately 5,000 pupils. In 1930 there were fifteen high schools and eighty-nine elementary schools with 253 teachers. The instruction is along thoroughly practical lines, and covers the moral, physical and mental training of both adults and children. Elementary English subjects, domestic science, industrial handicrafts, personal hygiene, and village sanitation are the principal subjects.

Besides their school work, the teachers aid in the reindeer service, and actively engage in the care of the sick and distressed, distributing food and clothing to the absolutely destitute and affording hospital care.

Industrial schools are maintained for natives at Eklutna; at White Mountain in the Seward Peninsula; and at Kanakansk on Bristol Bay; all are under the U. S. Office of Education.

Mission Schools at First

In 1786 Shelikof, the first and greatest of the Russian colonizers in Alaska, established a school at Three Saints Bay, on Kodiak Island. Since that time there have been mission schools in the territory. In fact there were no other schools in Alaska until 1885; but with the development of the public school system, the mission schools have gradually withdrawn from the field. Such schools, however, are still retained in the more isolated regions. The number of students enrolled at present in schools of this type is approximately one thousand.

School Song and sang it before an assembly.

11. Basketball was girls' only sport.
12. Choice of languages was Latin, French, and Spanish.

In the fall of 1926 Mr. R. Nelson Snider became principal of South Side. The home room period, which is used for the reading of office bulletins, school drives, such as care of the building and grounds, Health Week and Education Week, was originated in the fall of '33.

In the same year Merle J. Abbett introduced into our school system Supervised Study.

Clothes and Times Change To Suit Students' Pleasure

After the World War, a most decisive change in women's dress took place. Previously, huge hair bows of ribbon, high-topped shoes, cotton hose, and ankle-length dresses which were typical of

simplicity and sensibility, were the rage. These gave place to the knee-length skirts, which were fashioned in straight lines, loosely fitting, and featured the lowered waistline. These were created for comfort especially. Then, at the same time, short hair came into style and stayed for good.

Later, in 1930, the silhouette began to change; the dresses became longer, were more closely fitting, and the higher waistline became popular. Then, too, the long bob was first shown.

Of course, all these changes in fashion were reflected in the high schools. Girls followed the example shown by their elders. Now, today the girls copy even more closely the apparel of the young women, in practically all lines of clothing.

Way back in 1912 clothing was fashioned particularly for school girls. The Peter Thompson suit was worn for school. It was a tailored outfit of blue serge. Middie and blouses also were considered very practical. Sheath skirts formed an essential part of each school girl's wardrobe several years later. These came just below the tops of the high-topped shoes which were worn at all times. They also featured sides which were split to the knee. The much worn skirts for school today now feature similar splits. This vogue has even penetrated into the lines of silk and wool dresses.

Maybe your mother can remember the time when she wore the well-known "hobble" skirt, or even the "peg-top" skirt. The "hobble skirt" lives up to its name, for it was a very tight-fitting affair which was fashioned along straight lines. The "peg-top" skirt fitted tightly around the waist, and gradually increased in fullness. The bottom was tight and fitted around the legs. Blouses with high collars and long sleeves completed these outfits.

Several years ago the Empress Eugenie hat came into vogue. Do you remember it? This popular entrant into the world of school girl fashion, can partly be blamed on our elders. But after the high school saw it, the halls were fairly over-flowing with the gay, colored plumes on the tiny hats. And then there were the "butterfly" skirts! They were usually made of a gay plaid material whose colors were similar to those in the wings of butterflies. The "butterfly" skirt was cut circularly, and pleated so that the lower part swirled out as the wearer walked.

These are only a few of the glamorous creations which have held the center of attention during the past twenty-five years. So, refresh your memories, and see how many you can remember. How about it?

Will Present Opera
The Hutchinson High School, Hutchinson, Kansas, in conjunction with the Festival Opera Company of Chicago, will present the opera, "Faust."

G.A.A. Gym Exhibit Proves Successful

"A Day On The Beach" Theme Carried Out By Dances and Exercises; Have Specialties.

With deck chairs, beach and umbrellas, and sea horses as a background, the annual G. A. A. exhibition was given before a large, appreciative audience, Friday, May 17. The theme, "A Day on the Beach," was carried out both in programs and decorations.

Programs giving the entire list of events of the evening in their order were given to the people at the entrance. The affair started promptly at 8 o'clock and ended slightly after 9 o'clock. The programs were decorated with two upright sea-horses done in red ink on the left of the programs and the reading matter to the right.

The exhibition was started with the grand march, which presented all the girls in the exhibition. The girls in the grand march were dressed either in gym suits or tunics, and were led by the student leaders. The distinctive marks of the student leaders were their black three-cornered scarfs.

Between the grand march and the first number on the program, the little symphony orchestra, directed by Wilbur Arnold, played one selection. This was followed by the dance depicting "Waves." The lights were very dim at this time, as the scene depicted the breaking of dawn. The dance was followed by a group of over 100 girls doing morning setting-up exercises.

As the day was now well begun, the dances and entertainment followed throughout the day. Dancing waiters, life-guards, tumblers, gypsies, and negroes from the plantation were a few of the things witnessed by the seashore residents.

The program was concluded with a modern dance, an entirely different study in dancing, and was given to the beat of a drum. The pianists were Ruth Baade and Dorothy Richter. The boys' quartet also assisted in the plantation number.

Miss Suter Reads Rules For Gold D's

Student Players Hear Talks by Fort Wayne Film Endorsers; To Have Potluck Soon.

Miss Marjorie Suter read the requirements to get a gold "D" at the Student Players meeting held last Friday in the Greeley Room. She stated that all graduating seniors should fill out cards stating what offices they have held and what they have done for the club. Miss Suter told about the particulars of the Senior's potluck and the general one at Franke Park.

The speakers for the meeting were two ladies from the Fort Wayne Film Endorsers. They were Mrs. Hilker and Mrs. Roberts, who talked on how the organization tries to please the public, what the association does, and how to get in it. Mrs. Roberts showed her calendar, which consists of shows and the remarks made about them.

Marionette Club Has New Workshop Here

Although the Marionette are among the newer clubs, they have had some interesting and amusing times. The purpose of the club is to create an interest in the making, manipulation, and possibilities of puppets. Recently a workshop was acquired in the former archery range. This will be the working place and theatre in the future. It has been decorated and painted with clever sketches of masks and marionettes under the direction of Kenneth Scott. Members of the club will be pleased to act as guides at the Exhibit to show the new workshop, new stage, and the Marionettes in action.

The officers for this semester are John Bex, president; Georgetta McIntire, vice-president; Mary Ann Fark, secretary; and Eliza Bess Lucas, treasurer.

Bryce Minier Announces Next Semester's Staff

Rosemary Chappell, Ann Abbett Are Co-Managing Editors; J. Sweet Editor.

Two New Positions Added To Set-up

R. Garrison Is News Editor, H. Yapp Circulation Mgr.; J. Bex Is Business Mgr.

Persons to fill Times staff positions for next semester, both major and minor, have been determined by Bryce Minier, general manager for next term. Some staff positions are not yet filled, anyone desiring a position should see Bryce Minier.

Ann Abbett, who has had experience as make-up editor, copy editor, and assistant circulation manager, and Rosemary Chappell, who has acted as editor, circulation manager, and assistant circulation manager, were appointed managing editors.

James Sweet will fill the position of editor. He has been active as news editor, copy reader, and reporter. The position of news editor will be filled by Ruth Garrison. Her former positions were reporter and girls' sports writer. Jo Anne Smith and Reginald Gerig have been selected as copy editors. Jo Anne has been copy editor, assistant copy editor, editorial writer, reporter, and Reginald, assistant copy editor.

Norman Buck, whose former positions were boys' sports writer and reporter, will be sports editor on the new staff.

The capacity of make-up editor will be filled by Robert Storm. Robert has acted as copy editor, news editor, assistant circulation manager, and reporter.

John Bex, former advertising manager, ad solicitor, and reporter will be the business manager. Position of circulation manager will be filled by Harriet Yapp, who has been assistant circulation manager, and reporter. Helen Kealey and Mary Wolf have been appointed as advertising managers. Helen has been assistant circulation manager, ad solicitor, and reporter; Mary received experience as assistant make-up editor, ad solicitor, and reporter.

Two new positions have been established on the staff: they are star reporter and sports copy and make-up editor. The latter will be filled by Helm, former sports editor, sports writer, and reporter. Mary Ann Park and Leona Menze have been chosen as two of the five star reporters.

The other staff positions are as follows: Assistant make-up editor, Millie Foelling; intramural sports editor, Myron Jones; cartoonist, Paul Kennedy; point recorder, June Haeger; assistant circulation managers, Ruth Henline, Helen Anderson, Ina Claire Chappell, Eleanor Vesey, auditors, Miriam McIntyre and Ruth Adler; photographer, Paul Reynolds; sports columnists, Myron Jones, Merle Norris, and Dick Helm; sports writers, Myron Jones, Merle Norris, Dick Helm, Joe Bell, R. Schaaf, and M. McAfee.

Girls' sports writers, Leona Menze, Ruth Henline, Betty Bond, and Mary Katherine Connell; assistant news editor, Lois Wyneken; editorial writers, Dorothy Crabill, Joe Bex, Bernadette Dygert, Betty Garton, Gwen Horn, Dalton McAlister, and Clarice Rudy; exchange manager, Georgianna Jacob.

Reporters, Ruth Gerber, Betty Garton, Joe Bex, Bernadette Dygert, Virginia Greiner, LaVerne DeKeel, Joan Bonis, LaVerne Boyce, Mary Katherine Connell, Oliver Eggers, Virginia Fathauer, Violet Garton, Louise Gerding, Margaret Gross, Peggy Kilpatrick, Dalton McAlister, Marian McAlister, Ruth Ross, Dick Russell, Helen Walbert, Betty Wilson, Lois Wyneken, Georgianna Jacobs, Clarice Rudy, Lillian Stump, Marjorie Turner, and Helen Walbert.

Classroom reporters, Julia Crabill, Ruth Gerber, Melvyn Bohne, Betty Bond, Virginia Fathauer, Louise Gerding, Katherine Simminger, and Grace Nelson.

Poof readers, Catherine Alendorph, Joan Bonis, Ruth Henline, and Bernadette Dygert.

Ad solicitors, Joe Bex, Mary Louise Helm, Millie Hoff, LaVerne Keel, Fort.

Few School Days Left-7,689,000 Seconds of Vacation in Offing

High-Ho! Alack four days! Balmy spring weather and tempting ice cream sundaes make school a difficult task these last few days. Impatient students are anxiously awaiting the toll of the final commanding bell, which will ring Wednesday, June 5, at 3:15.

Lucky (or unlucky) seniors are counting the minutes until their final bell will ring Friday, May 31. To figure out how long their vacation will last, they, too, who know? Their vacation may last until a job pounces down upon them or it may be only until mama or papa starts giving out commands.

Free June 5

Students of South Side may declare themselves free from June 5 at 3:15 to September 3 at 8:05, when they must return to the old alma mater. If your time flies fast, you have exactly 29-30 months until you must return. If not so fast, then there is just 12 5-7 weeks during vacation.

However, if you happen to be just an old, ordinary day-by-day person, you will have exactly 89 free days to spend your time in. As we get down to the finer parts in vacation, there just happens to be 2136 hours in our summer vacation.

As time marches on, we count the precious minutes and find just 128,160

The Hay Hay Fever Is With Us Again--So Spring Must Be Here

"Aw, dis tod in my noss is terrible." Once again this onen of the approach of the beautiful summer with its gaiety of ragweed, goldenrod, asters, and sunflowers, promises the return of that greatest of all hazards to the good nature of hayfever, asthma, and rosefever sufferers. Once again you need not be greatly troubled if you see tears rolling down the chubby cheeks of your best friend, because he is not in a sorrowful state of mind, but is probably quite disgusted. Then, too, if the expended protrusion on his face takes on a rosy hue do not accuse him of imbibing to much, but instead send him a bouquet of goldenrod.

Finally, if you are so fortunate as to be taking the one and only on a ake party, be sure to drive down a nice dusty road in order to insure her a good time.

Latin Students Read 159 Books For Extra Credit

128 Pupils Scan Pages of Volumes on List; "Unwilling Vestal" Most Favored.

One hundred twenty-eight Latin students read one hundred fifty-nine books on the Latin reading list during the past semester. "The Unwilling Vestal" was the book most widely read, and others which were very popular are "The Perilous Sea," "With Caesar's Legions," "On Land and Sea with Caesar," "The Standard Bearer," "Slave of Catiline," "Famous Men of Rome," and "Quo Vadis."

Rosemary Lehman heads the list with the number of books read. She read "The Perilous Sea," "The Aeneid for Boys and Girls," "Singing Seamen," and "Social Life at Rome." Pupils who read three books are Patricia George, George Bringer, Paul Ellison, and Donald O'Brien.

The collateral reading list for the Latin department follows:

Rome 56

William Schafer—Slave of Catiline. Ruth Berning—The Unwilling Vestal.

Louise Gerding—The Unwilling Vestal.

John Thackeray—Classical Myths That Live Today.

Charlotte Krimmel—A Slave of Catiline.

Rosemary Lehman—The Perilous Sea.

Frances Craig—The Unwilling Vestal.

Phyllis Barrows—The Unwilling Vestal.

Alice Karm—The Unwilling Vestal. Kenneth, Moeller—With Caesar's Legions.

Louise Gerding—The Conquered. Betty Garton—Quo Vadis.

LaVerne DeKeel—Lucius.

Morris Boyce—On Land and Sea with Caesar.

Rosemary Lehman—The Aeneid for Boys and Girls.

Rosemary Lehman—Singing Seamen.

Bryce Minier—With the Eagles.

June Haeger—The Standard Bearer.

Geraldine Landis—The Standard Bearer.

Clifford Zieg—The Standard Bearer. Wilma Inwood—The Standard Bearer.

Jane Lee Davis—The Standard Bearer.

Wallace Updyke—Buried Cities. Kathleen Wint—Orievo Duet. Catherine Haus—The Perilous Sea.

Betty Gross—The Perilous Sea. Hilda Spangle—The Perilous Sea. Marjorie Rohrer—The Perilous Sea.

DeForse Hite—Famous Men of Rome.

John Helm—Famous Men of Rome. John Spencer—Famous Men of Rome.

Howard Kutsch—Famous Men of Rome.

Jim Ellenwood—Famous Men of Rome.

R. Vogelsang—With Caesar's Legions.

Donald Steinbauer—Stories of Old Greece and Rome.

Holden Rupnow—On Land and Sea with Caesar.

Jim Roth—On Land and Sea with Caesar.

(Continued on page 4)

Annal Awards To Be Received At Assembly

Various Departments Will Give Yearly Honor To Stars in Several Fields.

Many To Be Given Special Recognition

Complete Program Listed For Afternoon's Affair To Be Held Tomorrow.

All deserving students will receive awards for meritorious work at the annual Recognition Day assembly to be held Friday afternoon, May 31, in the gymnasium. The complete program for the service is as follows:

Music—South Side orchestra.

Heralds—Entry of seniors in caps and gowns.

Scholarship presentations.

Perfect attendance awards.

English awards—Mr. Null.

Public Speaking—Miss Benner.

Drama—Miss Suter.

Library—Miss Shoup.

Journalism—Miss Harvey.

Language—French, Latin, and German Clubs.

Music—Mr. Wainwright.

Science awards.

Social Science—Mr. Murphy.

Mathematics—Miss Fiedler.

Art awards—Miss Dochterman.

Health posters—Miss Smith.

Commerce—Mr. Murch.

Home economics—Miss Rehors.

Industrial arts.

Radio Club.

Special Dance—G. A. A.

G. A. A. letters and numerals—Miss Patterson.

Athletics—Mr. Davis.

Tercentenary awards.

D. A. R. medals.

Best citizens—Hi-Y award.

School Song.

Orchestra.

Recognize Honor Seniors

The following members of the four-year honor roll will be honored: Dorothy Fathauer, valedictorian; Bob Blomker, salutatorian; Wayne Bender, John Bremer, Jane Brinkman, Anna Brumbaugh, Goldie Bruoit, Dale Burgenor, Dorothy Canada, Arleth Carvin, Clarabelle Chenoweth, Eleanor Cupp, Garland Eickmeyer, Betty English, Fred Forbing, Emily Gardner, Brower George, Phyllis Graham, Lloyd Grodrian, Edward Hackney, Catherine Hirschman, William Hockett, Helen Hughes, Alice Hulse, Ruth A. Jones, Ruth Keller, James Kennedy, Clayton Kilpatrick, Bob Klopfenstein, Ellis Lochner, Berneta McIntosh, Duncan McLeish, Betty Medaris, Frank Montgomery, Dorothea Nance, Alma Nitsche, Sam Rea, Sam Schaaf, Richard Schannen, Robert Schelper, Mary Snider, Harrison Simon, Eliza, both Somers, Elgair Stump, Shirley Sykes, Alwita Tarney, and Edythe Thornton.

All underclassmen who have made the honor roll three times this year will also be included in the scholastic awards part of the program.

Public speakers who will receive recognition awards are Van Perrine, Bob Klopfenstein, Manuel Rothberg, Dick Schannen, Ann Abbett, Frank Montgomery, George Ann Martin, Richard Rastetter, and Dalton McAlister. Sixty-three others have received minor recognition previously.

Honor Music Students

Seniors who received letters for four-year service in music and whose work will be recognized again are Jack Beemer, Vernon Gregory, Myron Jones, Leone Frederick, Myron Jones, Leon Alwita, Tarney, Arlene Elise, Dick Hickman, Dolph Rehn, Betty Medaris, Miriam Lickert, Wanda Jones, William Arnold, Elmer Webb, Erna Fuhrman, Paul Randall, Wayne.

(Continued on page 4)

Summer School At Central High

Mr. Ralph O. Virts in Charge; South Side Pupils May Apply For Enrollment in Office.

This year, as in the past, summer high school sessions will be held. The classes will be at Central High School under the direction of Mr. Ralph O. Virts.

Full credit will be given to students enrolled in the summer classes. There will be a charge of \$12.50 for one subject or \$20 for two subjects.

Classes will start on June 10 and will last for eight weeks.

The subjects to be taught have not yet been decided. Those subjects will be taught for which there is the greatest demand.

Students from South Side desiring to enroll in the summer school should leave their names and the subjects desired with Miss Dorothy Alderdice in the office.

Art Teacher To Spend Vacation in Minnesota

Combining a summer of both pleasure and education, Miss Erma Dochterman will spend the summer in Minnesota. She will work on her Master's degree at the University of Minnesota, where she received her Bachelor's degree in '29. On the week-ends she will journey to the Art Colony located at Stillwater, Minnesota, a short distance from the campus, where she will spend some time in painting. The colony was founded by instructors from the university. Artists from all over the United States and Europe go there to receive instruction and to receive valuable criticism and instruction.

The location is ideal. It is on the St. Croix River in a picturesque hilly district, which offers inspiration to the artist. Miss Dochterman spent a short time there last year after closing her summer studio at Oliver Lake. She hopes to spend a greater part of her time in the colony this year.

Seniors! Books And Fines Due—May 29

Seniors! All books and fines must be turned-in to the library by Wednesday, May 29, at 3:15. If you fail to do this, your grades will be withheld. The deadline for underclassmen is Tuesday, June 4. The names of those persons who have failed to heed this warning will be sent to the office and these same ones will not receive their grades. Also, students must pay for lost books.

Final Test Held For Winners In Home Rooms

"Tercentenary" Elimination Victors Compete Monday After School in Cafeteria.

Winners of the Tercentenary elimination test, which was given in the home room recently, were given the final test in the cafeteria Monday after school. The winners will be announced at Recognition Day services.

How many of the following fifty questions can you answer? Answers can be found in the literature which was studied in the home rooms. Where was the first secondary school in the United States built? When was it built? What was it called? Was it supported by taxation or subscription, or both? What languages were taught in this school?

What was the object of the school? How many girls attended this first secondary school? One famous graduate of the Boston Latin School was G. A. A. letters and numerals—Miss Patterson.

What sort of manual training were boys given in the Boston Latin Grammar School?

The principal feature of the very complete school law enacted by the mass legislature in 1789 was the broadening of the curriculum by the addition of the study of —. When did Massachusetts begin allowing girls to attend the public schools? How long were the pupils required to study or work on their sums? What part did North England Settlement play in the school system of early days? What was the favorite method or agency of the discipline in the early days? The second type of secondary school in America was the —. Why was the academy known as a "quasi-public" institution?

Franklin's Academy at Philadelphia later evolved into what famous university? The academy movement spread rapidly; slowly? What were Benjamin Franklin's criteria for deciding what should be taught in his academy? The average academy probably consisted of few or many teachers and — pupils. When was the peak of the academy development reached? Name two specific contributions to school improvement made by the academy? The Presbyterian Academy for girls known as — was established in Fort Wayne. The first school board in Fort Wayne had one member who later became famous as Secretary of the U. S. Treasury—Who was he?

When were the first schools opened in Fort Wayne? People of Fort Wayne were very enthusiastic about public schools from the very start—true, false? Both grade and high school classes were held in the building at first. In 1859 the high school was moved to the — building.

What is the third historical type of secondary school in the U. S.? When was the first co-educational high school in the U. S. founded, and when was it? Why was there so much opposition to public high schools in the period following the Civil War?

In 1880 only 2.8 percent of the population aged 14-17 was in public high schools—in 1932 the percentage was more than 60. What does this indicate? The first schoolmaster in Indiana if whom we have any account was —.

How many pupils are in South Side this year? Whom did Mr. Abbett succeed as superintendent of schools in Fort Wayne? Who is superintendent of schools in Fort Wayne at present? Who is known as the "mother of home economics"? Where was the gymnasium located in the first high school in Fort Wayne?

How did the first gym floor compare with that of your high school? To what exposition was a model of the first high school sent? About how many pupils will be graduated from the high school in Fort Wayne this year? What was the price paid for the lot on which Central High School is built? Name two members of the present city school board.

Name four teachers who have been in South Side since it opened. What grade school was located in this building at one time? When the high school is extended to two more years what is the institution called? What was the second type of secondary education? What effect has the invention of labor saving machinery had on per capita wealth?

Mr. Snider Again Wishes Postcards Sent This Summer

As that most glorious of all times of the year, vacation, approaches, Mr. R. Nelson Snider once again wishes to announce that he will appreciate postal cards from the Archer students while they are on trips during the vacation period. Each year our beloved principal receives numerous cards from students at South Side. These come from all parts of the world indicating the scope of traveling of the Archers.

Upon receiving these cards Mr. Snider marks the location it comes from on a specially constructed map. Then at the conclusion of the period he has an accurate as well as interesting account of the cards he gets.

Totem Ready Today, Friday; Seniors First

Largest Book Ever Printed Just Coming Off Press; Cover Is Red and Black.

Unusual Pictures Have Been Used

Scenic and Informal Photos Used; Complete List of Staff, Writers Is Given.

The 1935 Totem, which will be larger than those published in recent years, and which will feature an unusual number of scenic and informal pictures, will arrive today and all of them will arrive by Friday, announced Miss Rowena Harvey, faculty adviser, after a conference with the printer.

Those arriving today will be issued to seniors; the underclassmen will receive theirs on Friday. When the books arrive, persons paid in full will receive theirs first; and, wherever there is any doubt or misunderstanding about payments, due to time needed for checking up and bookkeeping, these students will receive Totems on Monday.

Covers will be in bright red and black with a modernistic design of the front entrance of the school embossed on them. In most cases the subscribers' name is being printed on the cover in gold letters. The end sheets are printed in red ink on white stock. On these, cartoons representing all of the important events taking place at South Side have been sketched by Eugene Craig, former Times and Totem cartoonist now employed in the art department at the News-Sentinel.

Tercentenary Is Main Theme

Stories and pictures are woven around the Tercentenary theme. Curricular and extra-curricular activities are connected in one unit, the time when they were introduced into schools being featured in the stories.

Approximately one-half of the one hundred twenty-eight pages composing the book are filled with individual pictures and from one to ten in formal pictures appear on the remaining pages.

Five scenic pictures, which are eight inches wide and eleven inches long and appropriate for framing, were taken by Sheldon Hine, noted graduate photographer. One of these is an airplane view and two of them night views. This is the first time that any pictures of either type has appeared in a Totem.

Other pictures will include individual studio pictures of teachers, four-hundred senior pictures, and between six and seven hundred individual pictures of underclassmen. Paul Reynolds, Totem photographer, is represented by one hundred twenty-five informal snapshots of students in and out of school.

The major staff is as follows: William Hockett, editor; Berneta McIntosh and Lloyd Grodrian, co-business managers; Martha Baumgartner, circulation manager; Sue Meyer, assignment editor; Arleth Carvin, make-up editor; Fred Prange, Dorothy Fathauer, and Ellis Lochner, copy editors.

Reporters Listed Here

Reporters and the subjects they wrote on are as follows: Martha Baumgartner, Totem; Wayne Bender, Math-Science; Wilma Bleke, Wo-Ho-Ma; Bob Blomker, Student Players; John Bremer, Library, 1500 Club; Anna Brumbaugh, Senior Snapshots; Arleth Carvin, Snomom Snapshots; Leaders of Class of '35; Eleanor Cupp, G. A. A.; Charlene Davis, National Honor Society; Betty Dickmeyer, Wranglers; Bill Dulin, Junior Prom; John Dutterer, Intramural Sports; Betty English, Art Club; Dorothy Fathauer, Faculty, School; Emily Gardner, Marionettes; Lloyd Grodrian, French Club; Aletha Hatfield, Social Science; Geraldine Henline, Forensic; Eugene Jackson, Basketball; Ruth Jones, Philo; Clayton Kilpatrick, Junior Snapshots; Newell Kellogg, Travel Club; Bob Klopfenstein, Senior Hi-Y; Rex Knorr, Humor; Jean Kranz, Sunshine; Paul Lohse, Press; Lois Magley, Class of '35; Sue Meyer, German Club, Freshman Snapshots; Berneta McIntosh, Exhibit; Duncan McLeish, Junior Hi-Y; Ursula Morton, Times; Dorothea Nance, So-Si-Y, Stamp Club; Alma Nitsche, Class of '37; Mary Osborn, U. S. A.; Fredrick Prange, Pebble Pups; Paul Reynolds, Radio; Sam Rea, Football, Track; Edythe Thornton, Boosters; Ernst Trapp, Latin Club; Pauline Crabill, Class of '38; and Betty Erick, Inter-Club Congress.

Totem Pictures for Sale For Nominal Amounts

The Totem staff is prepared to sell pictures taken by the Totem photographer and the studio, to the students who are interested in buying them. Regular underclassman pictures may be purchased for five cents. The picture is the same size as first negative given to the students. Senior pictures may be purchased for ten cents.

Group pictures will cost fifteen cents. The pictures may be gotten by calling at the Totem office. This money will be used to help defray the expenses accrued by Totem publication.

German Club Enjoys Potluck at Foster Park

Despite the cold and rain, the members of the German Club had a very enjoyable time at their last meeting on May 22. The meeting was held in the form of a potluck at Foster Park. Preceding the supper, various games were played under the direction of Donald Sparkman. The potluck supper consisted of sandwiches, olives, pickles, fudge, and cake. Ice cream bars were served as dessert.

Principal Expresses Delight With Success Of Third Exhibition

With the exhibit over, and many words off his chest, Mr. Snider was able to give the students, teachers, and others who participated, their highly deserved praise.

"I should like to express my great delight," he said, "with the success of the Exhibit and Pageant. There was some feeling that parents would not be interested this year, but the very large and very enthusiastic crowd of people certainly proves that belief to be incorrect."

"Then the exhibits were all excellent. Everywhere I heard words of warmest praise for every one of the displays. Parents received, entirely new ideas concerning much of our work."

"And, last, a word of wonder and amazement that such a gigantic undertaking as the pageant could be handled in such an expeditious manner. It was a dramatic and effective idea, and it was executed in a forceful and efficient manner. All of the teachers and students taking part deserve the highest praise."

Rotary Names Van Perrine Extemp Victor

Senior Takes First in City Speaking Contest; Talks On "Youth and Future."

Van Perrine, senior and outstanding member of the public speaking department, won the city-wide extemporaneous contest, sponsored by the Rotary Club, Monday noon, May 20, at the Chamber of Commerce.

Van won the January extemporaneous contest at South Side and by doing so established a place for himself in the Rotary contest which is open to all extemp winners in the three public high schools.

Because a member of our school won the contest, the Rotary Club trophy, which has been held by Central for the past year and which will be given to the school which wins it the first three times, will be in our possession for the next year. Jacob Ochstein of Central, won the extemporaneous contest last year.

Fred Kraemer and Margaret Johnston, both of North Side, placed second and third in the extemp. The other entrants included Robert Klopfenstein, who won the extemp at South Side two weeks ago, and Herman Deck and Helen Long of Central.

The subject discussed was "Youth and the Future with Respect to the National Government, the President Industrial Problems, and the Social Order." The speeches were five minutes long with three minute rebuttals.

Albert A. Coll, director of public speaking at Central, acted as chairman. The judges selected by the Rotary Club were H. P. Howell, J. Lyle Tucker, and Allan McMahan.

Julia Crabill Is U.S.A. President

Roof Garden Party at Y. W. C. A. Enjoyed by Members at Election of New Officers.

Julia Crabill was elected president of the U. S. A. Club for the fall semester at the meeting of May 23. Other officers elected were Vivian Woods, vice-president; Helen Meese, secretary; and Eliza Hulse, treasurer. The cabinet members will be appointed on some future date.

At the last meeting the members enjoyed a Roof Garden Party on the roof of the Y. W. C. A. The committee in charge of this party was Evelyn Lehman, chairman; Kathryn Boerger, Jean Ann Rarick, and Kathryn McGinnitie.

At this meeting the degrees were given out to those members who earned them. Ten members received the first degree, five members the second, and two members the third. The two members who received their third degree are Mary Louise Lankenau and Barbara Von Gunten.

Hill Billies of Mountains Are Slowly Getting Education

Light is now being carried to the mountaineers of the South. For about two centuries, although they boast that they are pure Anglo-Saxon, they have been living in complete isolation. Many

of them could neither read nor write. Each year the effort to bring them education, which began about a generation ago, has been intensified.

Miss Martha Berry did much in this campaign of education. She opened the doors of the first school at Mount Berry, Georgia, on January 13, 1902, and summoned the mountain children of the south to come and learn. On Martha Berry's efforts alone depended the future of her school.

The earliest recollection which Miss Berry has of her proud mountain folk dates back to her childhood hours spent nestling on her father's lap. Her father, Captain Thomas Berry, won distinction in the Civil War. Many a time while on his knee, the little girl had asked to be allowed to share her clothes with some poorly clad child.

When Miss Berry was 12 years old, her father placed in her possession a deed to land, which was later to make possible the founding of her school.

Her first school work was in the form of a Sunday School. Not only did the children attend this, but they brought their parents.

The attendance of the log cabin

300 years of education will be relatively unimportant to the Seniors at the graduation, Tuesday, at North Side.

"Hoosier Hop" Is Theme For Senior Dance

June 3 Is Date Set for Annual Senior Affair; Wayne Stutz Will Play.

Unique Decorations Planned for Affair

Committees and Chaperones Are Announced; Special Numbers Will Be Played.

"Where Were You on the Night of June the Third?" may only be the title of a current hit, but to many it will be a question which they will answer very happily. For this will be the "night of nights" for our graduating seniors who have chosen this date for their Senior Dance. The theme of the dance will be the "Hoosier Hop" with all arrangements being carried out in an Indiana motif.

Miss Adelaide Fiedler and Mr. J. H. Chappell, faculty advisers of the senior class, will be in general charge of the dance and will combine their efforts with those of the class officers and committee.

The advisers have drawn up the plans for the decorations which include a unique false ceiling with units of varied colors in keeping with the summer season, and some very novel arrangements following the Indiana motif.

Wayne Stutz and his 12-piece orchestra of Elkhart, have been obtained for the event. They also played for the Junior Prom. In keeping with the theme of the dance they will include special arrangements of "On the Banks of the Wabash," "Back Home in Indiana," and Indiana University songs.

Clayton Kilpatrick is the designer of the extremely clever program for the dance. Clayton also made the suggestion for the theme of the dance.

The affair will start at 8:30 with dancing continued until 11:30. The grand march will be led by the officers of the class.

The chaperones for the dance will be Messrs. and Mesdames Merle J. Abbett, R. Nelson Snider, J. H. Chappell, L. E. Osborn, Victor Rea, George Canada, E. L. Carvin, George Chenoweth, C. H. English, H. Fathauer, F. H. George, E. M. Hulse, H. J. McIntosh, W. E. Thornton, J. W. Wainwright, and Misses Martha Pittenger, Adelaide Fiedler, and Mrs. G. E. Cupp.

Sam Rea Ticket Head

Sam Rea is in general charge of the ticket sale with Eleanor Cupp, Henry Miller, Bob Lohman, Gordon Straley, Bob Fowler, Ellis Osborn, Martha Baumgartner, Ellis Lochner, Bill Dulin, William Geyer, Pauline Crabill, Eugene Jackson, Miss Fiedler, and Mr. Chappell assisting him. Persons wishing to obtain tickets should get in touch with those people immediately.

On the program committee are Virginia Aherm, Margaret Ames, Alice Bandtel, Jane Louise Brinkman, Pauline Crabill, Lois Daugherty, and Betty Dickmeyer.

The check-room will be operated by Wayne Brown.

All lighting effects will be under the direction of Frederick Prange and Paul Reynolds.

Seniors Help Decorate

Included on the decoration committee are Robert Archer, Clarice Fyock, Geraldine Goetty, Joe Bailey, Irene Hildinger, Ruth Jones, Mildred Hoerner, Alice Hulse, Charles Baumgartner, Wayne Bender, Jean Kranz, Aileen Branning, Shirley Sykes, Dorothy Jane Canada, Robert Blomker, Robert Lehman, Wayne Christie, Fred Forbing, Norwood Dalman, Harrison Simon, Martha Chassey, Clarabelle Chenoweth, Ruth Collins, Edward Dirmeyer, Wayne Getts, Edward Ginn, Lloyd Grodrian, Howard Hall, William Hockett, Clayton Kilpatrick, Robert Klopfenstein, Duncan McLeish, Robert Gaskill, Evelyn Ertel, Dorothy Fathauer, Lois Magley, Betty Medaris, Ursula Morton, Kathryn Pape, Regina Rowley, Alice Mae Seibold, Mary Snider, Eileen Shoup, Harriet Storm, Betty Wainwright, Max Fritch, Arthur Ream, Elgair Stump, Ernst Trapp, Robert Schrieffer, Margaret Webb, Eugene Jackson, Brower George, Paul Randall, Robert Nelson, and Henry Miller.

Brevity is the parent of thought.

Husband: "Doth not the wanderer return home to the fatted calf?"

Americanism: Swallowing patented poison to keep in good health.

Politicians are like the old sailboats. It takes a lot of wind to keep them going.

An advantage of the old wall phone—the bore quit talking when his feet got tired.

The turtle is a good example of how useless streamlining is without a good engine.

Will power—what makes you decide to stay in the bath tub and let the telephone ring.

Some unknowns can do things well; others can do them fast. Most of the famous ones can do both.

Human nature: Condemning extravagant talk made in public; believing almost anything someone whispers.

A lot of fellows who spout so profusely about capital and labor never had any capital and never did any labor.

Unjust Condemnation

Saturday, May 18, the Maxim-Gorky, world's largest land plane, crashed as a result of an air collision. This giant airplane, owned by the Union of Soviet Socialist Republics, carried close to one hundred passengers, a large printing press, and motion picture theatre equipment. People with musty ideas in the secluded parts of their brain, are "up in the air" at air-minded" people. Remarks such as, "You wouldn't catch me goin' up in one of those contraptions," and "I'm goin' to keep one foot on the ground," are being wafted around by the winds. The very first airplanes were greeted with words just like these. And we are supposed to have progressed since 1903!

The Tercentenary Album

The parents, teachers, and students who were responsible for the Tercentenary. Album production have very good reason for being proud of its great success.

The episodes clearly contrasted the schools of the past 300 years with those of today. They showed in a very specific way how opportunities for education have increased.

The fourth episode was an excellent portrayal of a typical day at South Side, showing the modern vision of a high school with the large number of various activities that the students participate in every day.

The production showed a great deal of practice and preparation under the excellent guidance of capable instructors.

And in all, the episodes were well staged and equally well enjoyed by everyone attending the exhibit.

Hard Work and Results

An exhibit for a night! And what a night it was! Three centuries of schooling passed through in a few hours, rooms and rooms of extensive work planned and constructed by energetic students and teachers. South Side can well be proud of its display. Much labor, effort, and time was spent in gathering the material displayed.

A fine thing about the exhibit was the enthusiasm and co-operation which was shown by everyone who participated in the program and those who worked on the posters and material shows. A great deal of energy was displayed in this undertaking. We could see by this energy, even before the exhibit was opened Friday night, that it was to be a success, for energy is the foremost characteristic of successful people.

Every year that this festival is put on, it is carried out better than before. This year the enterprise was an especial achievement because the tercentennial celebration was held with it.

Everyone who came enjoyed themselves. The parents, relatives, and friends who attended were surprised and delighted at the work their children and the rest of the students were doing. Everyone who helped to make this affair such a success, the students and the faculty, are to be congratulated on the proficiency in which this commemoration of schools was achieved. More success and good wishes for the next one to which everyone is looking forward with happy anticipation.

Honor the Heroic Dead

Decoration Day, or Memorial Day, is the one day out of the year which, in all seven southern states, is dedicated in its entirety to the whole panorama of our glorious past—the days when the souls of our gallant, hallowed dead may bloom and bear the rich fruit of a nation's devoted gratitude. It is a day imbedded in custom and recognized in the law of the nation and in the laws of most of the states. Its purpose is that patriotism shall pay grateful and solemn tribute to the dead who have fought in the war for the Republic. It is not a holiday in the sense that it is festive in tradition, sentiment, and character, or that it is to be merry-making in its aspects. It is a sacred memorial to the dead.

This day is a public holiday, a national holiday, an occasion of solemnity. It is clothed with every significance and appeals to every sentiment of patriotism; it touches all the springs of national feeling.

Put out the flag of the Union. It is only a little thing to perform, but a great thing to have done. During the war it was an easy thing to keep the flag out. It is just as important to keep the flag out in time of peace as in time of war.

Devotion to the flag isn't seasonal. The national colors should be displayed on every appropriate occasion. No occasion can be more appropriate than this day which is dedicated to such heroic memories.

During the Civil War, a number of southern women began the custom of decorating the soldiers' graves with flowers. They decorated not only the graves of their own soldiers, but also those of northerners who had died in the South. For this noble work they were honored by the North and South alike.

Three years after the war, General A. Logan, then commander-in-chief of the Grand Army of the Republic, showed his admiration for what the southern women were doing by issuing an order that the 30th day of May that year (1868) be set apart for the purpose of strewing flowers on the graves of the soldiers. Various states in the Union took the cue, and soon Decoration Day was established and made a legal holiday.

Freshman Fantasy

Last Will and Testament of a Freshman

I, a Freshman, being in my sane mind, do bequeath all my personal property viz, to-wit—namely

To the incoming freshmen, I give courage and hope that when we pass into the lower world, (sophomoreism), they shall be able to absorb dutifully the cruel treatment, inhuman torture, and unrestrained abuses, which in our state of degradation, we will be blindly forced to administer.

To the sophomores who will consequently cast from themselves their marbles and skipping ropes, and will take over the wrinkled brows, the deep meditation, the vast horn-rimmed spectacles, and the books of typical juniors, I can only express regret that I am not pulling myself from the slime and slough of the past year like they are. Again I establish myself as a respectable student, as I was before toppling off into the greedy and abyssal depths of the second year.

To the juniors I can but add to their feelings of warranted pride acquired by arduous study, painstaking perseverance, and the natural dignity assumed by having banished from their behavior all evidence of the previous year's humiliation.

To the seniors I can offer nothing but compliments. Their lot is one of hard-earned simplicity. Theirs to set the example for the prospective sophomore; theirs to light the path for him after he has taken the inevitable plunge; theirs to leave behind a goal toward which he must strive.

I hereby provide a trust fund for the freshman who, perhaps through some possible misunderstanding has slunk severely. Thus he is able financially to commit suicide by what method he sees fit rather than be forced to submit again to the tyrannical oppressions of his superior classmates.

Though my knee doth quaver; though my hand shaketh and mine eye groweth dim, yet I again take up pen and write reluctantly. The time is fast going and my remaining freshman life is short. My whole heart and body cries out against it. Nevertheless, I must praise mightily the efforts of our valiant sophomores whose oppressions are only the result of being lowered suddenly and thus flung into a trance from which they awakened after the lapse of a year.

But even now all is becoming darker. A yawning precipice falls away before me. Is it possible that so soon I am changing to a sophomore? The thought stuns me. I must turn back but I can't! An impelling force drives me closer to the edge—one last look and I am hurled headlong—down—down.

Runs around with M. T.
Intelligent.
Little sisters Julia and Dorothy.
Brown hair.
Lithe.
A post-graduate.
Climbs trees.
Makes good grades.
A senior.
Really smart.
Tall.
Crabill.
Has curly hair.
Xtra-special nice.
In Library Club.

Second Table

The honor for the best "short story" this week goes to Marion Rippe and Bill Wilson, the faithful letter-writers. Rippe, it seems, insisted that Wilson take her to see Mae West; so he took Forrester Valentine to "The Bride of Frankenstein." Now Rippe writes Wilson and says she bakes a luscious cake every Saturday, and that he can't afford to miss a chance like that!

But the only reason that a woman's hair is something to dream over is that it would make a swell mattress.

Sight: The bare front wall of room S stripped of all its Health Week posters... Beanie McIntosh and Lochner hurrying out of the building at 3:20... Claude Davis, car wrecker deluxe... Virginia Baumgartner, the news-carrier-arounder.

Pet Peeves: The long theme correction line in room 72... looking for dirt where there is no dirt... lousy Totem pictures... walking through the crowded front hall in a new pair of white shoes... getting a drink of water between periods... finding a quiet place in room S, the library, or the gym (during the fifth period).

More Sights: (Third period, room S): No more lettermen, weather's too warm... The dame who insists on sitting with D. Crabill... Everyone indifferently studying (his Times)... Three out of every five boys in new white shoes.

Mademoiselle Modiste

By Rosemary Chappell

Gayly-figured print materials are now in fashion if you want a clever dress to wear for school or for any sports activities. Among the most widely worn and most popular are linen, gingham, seersucker, and pique. In viewing the array of these attractive print dresses, the smart one worn by Harriet Yapp cannot be overlooked. It has a background of white pique which is figured with small anchors of navy blue. These give the dress a nautical touch. The dress has a sun-back in it. This is concealed by a straight-lined jacket of navy blue pique. The jacket has no collar, has sleeves which are three-quarter length and loose, and is waist length. The collar of the dress forms lapels in the front. There are no sleeves in it. The belt is rather wide and fastens with a round white buckle. In the skirt are several pleats.

An attractive frock of plaid seersucker finds favor with Harriet Basford. It has stripes of blue, green, yellow, black and white. The blouse is fashioned in the ever-popular shirtwaist style, and has the typical shirtwaist collar. The sleeves are short and puffed, with a wide cuff band. In the front of the blouse is a row of small red buttons. There are two pleats in the blouse front and one pleat in the back. The belt is wide and trimmed with a round, red buckle.

Two pockets are on each side in front, and the skirt has a single pleat in the back.

Joan Bonsib also finds that seersucker suits her taste. Yellow is the choice of color. This dress, too, is fashioned in shirtwaist style. The yoke of the blouse is square. The sleeves follow the tailored trend of the frock and are short and pleated. In true shirtwaist style, the collar has a bow in front. This is of brown grosgrain ribbon and the belt around the waist is fashioned to match this bow. Down the front is a row of cubical brown buttons. These give a striking touch when contrasted with the yellow. The blouse has two pockets which are pleated. In the back of the blouse is a single pleat. The skirt has two pleats in the front.

Helen Goehring wears a chic dress of yellow shantung. Her frock is trimmed in brown pique. It is a two-piece outfit. The sleeves are short and are trimmed with brown pique cuffs. In the front the blouse fastens with a row of brown buttons. The collar is a round, school-girl creation and is trimmed in the front with a brown bow. On each side of the front of the blouse is a pocket. The wide belt is fastened with a big brown button. In the front of the skirt are several pleats.

Nettie's Niece

Dear Aunt Nettie:

I have just heard that Bill Geyer said that he wouldn't even ride in the same car with Dorothy Golden. I think that maybe she gets in his hair. I guess Fred Ostermeyer is going to lose his gal, as she has stepped out on him twice already. I have been told by a reliable authority that Bob Dirmeyer has a dress of Betty Wainwright's in his locker. Maybe if somebody will look again he will find Betty in the dress. It seems that Lois King has been added to the list of Bob Faust's many feminine admirers—I wonder what it is that he has that everybody else seems to lack. Herman Makey Jr. is so bashful that he is afraid to ask Gerry Henline to the Senior Dance.

Apparently Lewis Squires thinks he is the whole thing, as I heard him tell a girl to get him a Webster dictionary. He has more crust than a pie factory. Did you ever hear about the knife and fork that tried to spoon and couldn't? Rayola Morton went to Notre Dame last week to see her old steady. You've guessed it, he is Don Murray. What's all this about Norma Clauser, Becky and Larry Likens, Ginny Klopfenstein, Connie Schultz, and Ellie Greisen running around with boys from the institute? Well, maybe the boys will reform them, I hope! Three girls would like to know what Paul Boyer was doing with an armful of rhubarb in church. Good heavens, what next?

Dick Reinke likes to escort Evelyn Ballwyn to and from class the sixth period. Guess he's afraid she won't be able to make it alone. Several people have asked me what Jim Ellenwood was doing on Fairfield Avenue in a raincoat and with his pants rolled up one Sunday evening. Gerry Henline has a new permanent wave which adds much to her looks. What prominent teacher has been known to pronounce Jack Eiser's last name as "Eye-Sore"? (Maybe she was referring to his looks?). Some early dates for the senior dance are Martha Baumgartner and Bill Hockett; A. Hatfield with Herb Cramer, Kay Kiger and Bill Schaefer or Louie Haas; Alwilda Tarney and Elwood Vanaelestein; Betty Dickmeyer and Risher Hall; Betty Brothers and Eugene Craig (remember him?), and Sam Schaaf with Eleanor Cupp.

Since Recognition Day is so near at hand, I hope that some of the inmates of this school will get shaves and haircuts so that recognition will be possible. (Joke). Max Trich has a bunch of olives in his locker. Naughty, naughty! Jim Sweet has a "honey" of a new Chevrolet—all it needs is a radio—but maybe there is a birdie in the engine that supplies the music. I understand that Doris Schrom and Charles Hart are back together again and that she did mean it when she said "Come up and see me Schrom time." Since that is true, I guess Reeves will go back to Anita Catlett, if she will have him, and all will be happy ever after.

Rosemary Chappell and Harry Johnson are back together again from all appearances. It's lasted nearly a year now, for them. "Ah, meat on the table," said the man as he ran over a dog. Now that school is so nearly out, I suppose that old popular song about "No more pencils, no more books, and no more teachers' dirty looks" will be heard from all the pupils, especially the seniors. After Alice Garbison climbed a building with her new car, she was seen driving down the street with the old one, but that's what she deserves. It seems to be a good idea to go out and smash up the family bus, as that is a good excuse to get a new one. At least it worked for Betty Meigs and Virginia Noble. Maybe I'll try that, too. Bob Nelson can't be left in class when teacher is gone, so Miss Magley takes him on her errands with her. Oh boy, does he hate! Until I hear from you via the mail-box.

NINA.

Candid Camera

This week the senior class leaves the sheltering influence of South Side and goes out into the cold, cold world. But we will never forget them; every time we look in our swell new Totems we will think of them: Virginia Beck's walk; Pat Berry's bored look; when Lloyd Grodrian was all ready to take the library picture and the fuse blew out; the first time we met Peggy Phillips; Anna Brumbaugh's pep; Bill Hockett's "beautiful" smile; Beanie McIntosh's nonchalance; Ellis Lochner's personality.

Richer Hall's fancy shirts; Pauline Crabbill acting like her sister Dorothy over the telephone; Max Trich's pigeons; when Eleanor Cupp and Bob Klopfenstein did a tap dance on roller skates; how everyone said Martha Baumgartner was so nice; Ursula Morton's bright yellow dress; Harriet Storm's bangs; the way Alma Nitzsche likes to take a letter apart; Phyllis Graham's prim walk; Fred L. Beelby's hair.

Elizabeth Brother's Chinese-style finger nails; Jim Clapper's open air touring car (Cadillac); Irene Courdevey, who, they say, dances; Dorothy Geary's stare; Eileen Hall's freckles; when Aletha Hatfield and Gerry Goette got bawled out for trying to sit at the same table in the library; Jane Louise Brinkman playing golf every Wednesday; Eugene Holtman and his sister, Verna, walking together; Rex Knorr's gymnastics; Shirley Sykes' braid.

Bob Lohman's size fifteen shoes; Ginger Noble's new car; Dick North's curly hair; Gordon Straley's guitar playing; Elgaun Stump's tall stature; Betty Rose Wolf's acting; Ernie Trapp's studiousness; Clayton Kilpatrick stamping books in the library; Glenn Seibold's sheepish smile; Dick Schannen's talking; Clarice Fyock's white business suit; Charlene Davis' ten gallon bonnet; Paul Lohse's kibitzing; Dorothea Nance's everyday smile; Bob Simminger's bobbing walk; Fred Prange's one-sided smile; Clarabelle Chenoweth's cheerful disposition.

Around the School

Mr. Voorhees certainly has a queer way of affecting the health of his chemistry students. Last week he announced that on Wednesday he would give a little written lesson. Well, it seems that about seven students of the second period class became very ill that morning. Shame on you, Mr. Voorhees.

Can you imagine Miss Suter boxing 'travail-like? Neither can we, but at the last S. P. C. meeting she proved it really could be done.

Famous words of Mr. Windmiller to his fifth period typing class: "This is no playhouse."

Harold Benz, don't you know better than to disturb Louise Closs by snoring in history class? Such manners.

And then there was a bright remark by Risher Hall in economics. Mr. Murphy stated that while grading papers he had found one A—. "Were he rest all A+?" asked Risher. Joke—Ha, ha!

Room 178 experienced an unusual event last Thursday when the students were transformed into Indians. Miss Benner was the Indian chief and Helen Flaig portrayed Pocahontas and convinced the chief not to kill Captain Smith. Some fun, eh, what?

Mr. Null certainly must wander off his subject. The other day it was reported that he spent the whole period telling Pat and Mike stories. The funny thing about the jokes was that there wasn't any point. The class enjoyed it anyway, Mr. Null.

We've all heard about the absent-minded professors but when it comes to absent-minded students that's the payoff. Last week when V. Greiner received a paper on which to write a test she misinterpreted the teacher and neatly wrapped up her gum and put it in the waste paper basket. Virginia, don't you know the school board doesn't buy paper for such uses?

We wonder just when the duel is coming off between Frank Eakin and Glenn Fleter. You know it's impossible for two boys to escort one girl forever. Maybe you could do something about it, Eileen, d'ya s'pose?

Mr. Voorhees and his famous seventh period chemistry class! Last Thursday during the last ten minutes of class someone found a tack and proceeded to put it to use. It was first placed on the chair of Joe Bailey. When he got the point the little girls who played the trick clapped their tiny hands and giggled with joyous glee. A good time was had by all.

"Love me, love my flowers," is Miss Kiefer's motto. When asked to have her home room appear in the exhibit she insisted that she have her usual bouquet to work with or else.

Southern Slush

Talking about grads—It must be a good deal of a job to change all of a sudden from a graduate to a mere guy looking for a job.

A Chicago firm makes a partner out of a gunman. Well, it ought to do a stiff business.

Don't ask Dot Reese for a date, she's got 'em weeks in advance, and you're doomed to disappointment. She's got 'em weeks in advance, and aren't as good-looking as we thought.

The new rocket-propelled automobile has twenty-seven cylinders and no brakes. It seems to be just the type of car that some of our collegiate youths have been looking for.

If a male goose we call a gander, a male moose must be a mander. If one who fails is a failure, then one who quails is quailure.

Once upon a time Phil Green started bragging (again). He bet Cliff Schrom a twenty-five cent piece that he could get a date with Gwen Horn (not that she's so much) in two months. The two months were up a week ago, and he hasn't paid Cliff yet. Cheapskate, eh?

When company stays too long, just treat them like members of the family. They'll soon beat it.

"Beak" Wallace was disillusioned a few weeks ago. He fell for a certain North Side girl like a ton of bricks. But after he saw her in the daylight, he resolved that he'd never judge a girl at night in a rumble seat again.

Max Crosby still goes with Laven Kleber. Yeh! Oh no, they didn't break up three times, it was exactly ten times last night.

They say canned grapefruit, which doesn't squirt, is just as good as the fresh. But it isn't as sporting.

Ralph Martin and Mary Jane Lanty have broken up for good. At least that's what the rumors are.

A dame I would like to put out of biz; The one who 'phones—"Guess who this is?"

Still the fellow who believes in predestination jumps just as far at the sound of a honk.

"Now, remember my dears," said Mother Raceon to her children, "you must always watch your step, because you have the skin the college boys love to touch."

Tch, tch, Ann Winters still boils for Tom Jaenicke. My, oh my, can't she get anything better?

When Grandma was a flapper She dressed like Mother Hubbard; Now Grandma's flapper daughter Dresses more like her cupboard.

Solution to Wordy Well-Knowns

Various Changes Are Made In State Basketball System

Net Tourneys Include Period Of Four Weeks

I. H. S. A. A. Extends Time After Principals' Meetings Held in Various Cities.

Contest Dates For 1936 Already Set

Sectionals Are March 5, 6, 7; Regionals, Semi-Finals, Finals on Successive Week

Meets Favor Here

Opinions of various persons in South Side connected with the hardwood sport show that the new system of net play will probably meet with favor all over the state. A few opinions are:

R. Nelson Snider, principal: "If it was necessary to change the old system, the new system is the best possible plan."

H. H. McClure, basketball coach: "As far as determining the true state champion, the new system will work out better than the old plan."

Ward O. Gilbert, basketball official: "The new system will not prove as spectacular as the old one, but it will be much easier on the players."

Because of a demand for less strenuous play in the state final and sectional basketball tournaments, a new system of determining the state net champion has been adopted by the Indiana High School Athletic Association. This action of the state officials was taken after a careful consideration of the minutes of the results of the late principals' meetings, held over the state to get the principals' opinions of the net tournament.

In 1936 the state hardwood champion will be decided by four successive tournaments instead of three, as has been the custom. The sectional tournaments, each having 16 to 18 teams, will be held in sixty-four sectional centers on Thursday, Friday, and Saturday, March 5, 6, and 7, 1936. Of course sectional meets with light schedules will play only on March 6 and 7. Sixteen regional tournaments of four teams each will be held on Saturday, March 14, 1936. Four semi-final tournaments of four teams each will be conducted on Saturday, March 21, 1936. The final tournament of four teams will be held at Butler Field House on Saturday, March 23, 1936.

Besides eliminating the three games a day at the state final meet, the unnecessary number of games was also done away with in the heavily scheduled sectional tournaments. This pattern after the "Gary" setup of stretching the heavily scheduled tournament over a period of three days.

Arnold and Klopfenstein Take First Place in Meet

Arnold, with 16 points, took first place in the lightweight meet; and R. Klopfenstein took first in the heavyweight meet with 11 points. A. Flaig was second, L. Spencer and C. Baney

ied for third in the lightweight division; Bosserman was second, Kennedy, Dent, Rinard, and Jones tied for third in the heavyweight division. Eight new records were set, and one record was tied.

New lightweight records are as follows:

Arnold—High jump, 4 feet 8 inches.
L. Spencer—Broad jump, 17 feet 3 inches.
Half-mile relay, 2:02; and mile relay, 5:07—Arnold, A. Flaig, L. Spencer, and D. McAlister.

Heavyweight records that were set are as follows:

R. Klopfenstein—Broad jump, 19 feet 2 inches.
V. Seewald—Shot put, 40 feet 3 inches.

Kennedy—High jump, 5 feet 3 inches.
Half-mile relay, 1:50—Jones, Renard, R. Dicky, R. Dent.

J. Hilgeman—Pole vault, 9 feet, tied record.

Summary of the meet:

100-yard dash—Light, Baney, Nussbaum, Porter; time 15 seconds. Heavy, Renard, Bosserman, Dent; time, 11 seconds.

Mile run—Light, Blank, Flaig, Bazzone; time, 6 minutes. Heavy, Klopfenstein, Morris; time, 5 minutes, 40 seconds.

440-yard dash—Light, Blanks, Baney, Nussbaum; time 1 minute 10 seconds. Heavy, Jones, Reinking, Makey; time 1 minute 2-5 seconds.

Half-mile relay—Light, Arnold, Spencer, Flaig, McAlister; Blanks, Baney, Lasso, Nussbaum; Dutterer, Porter, Bozzenette, Dutterer. Time—2:02 (new records). Heavy—Jones, Renard, Dicky, Dent; Armstrong, Bosserman, Klopfenstein, Geiger. Time—1:50 (new record).

880-yard dash—Light, Flaig, Bazzone; time—2:59. Heavy—Makey, Dickey. Time—2:57.

220-yard dash—Arnold, Spencer, Time—30 seconds. Heavy—Bosserman, Dent. Time—27 seconds.

Mile relay—Light, Arnold, Flaig, Spencer, McAlister; Hockman, Ferguson, DuWalt, Schoaff. Time—5:07 (new record). Heavy—Geiger, Springer, Makey, Reinking. Time—5:21.

Shot put—Light, Dutterer, Porter, Baney; distance, 23 feet 7 inches. Heavy—Siewald, Miller, Tarney; distance, 40 feet 3 inches (new record).

Baseball throw—Dutterer, Baney, Brown; distance 170 feet 6 inches. Heavy, Lehman, Lauer, Siewald; distance, 215 feet.

High jump—Arnold, Paxton, Kenagy; distance, 4 feet, 8 inches (new record). Heavy—Kennedy, Faulkner, Cunningham; distance 5 feet 3 inches (new record).

I-M Ball Games Are Near Finish

Panthers, Slugs, Hoosiers Have Already Captured Crowns in Various Baseball Leagues.

Intramural baseball has been finished in two leagues and only two games remain to be played in the other league. The Panthers captured the middleweight crown and the Slugs took the lightweight crown. The Trojans and the C. A. B.'s or the Stooges will play for the heavyweight crown.

In the Red Middleweight League, the Hoosiers captured the title by winning two games and losing none. Results of the games: Hoosiers 14, Lions 3; Wimpy Lads 4, Lions 3; and the Hoosiers 11, Wimpy Lads 2.

The Panthers and Toars tied for first place in the Blue Middleweight League, each having one victory, a tie, and no defeats to their credit. Results of the games played are as follows: Panthers 11, Crusaders 8; Toars 14, Crusaders 6; and Panthers 10, Toars 10.

The playoff for the championship was taken by the Panthers when they defeated the Toars 6-5. The Toars had to defeat the Wimpy Lads 5-4 in order to get into the finals and the Panthers defeated the Hoosiers 8-3.

The Slugs with three victories and no defeats won the lightweight championship. The All-Americans, Nameless, and Yanks took second, third, and fourth place respectively. Scores were:

Slugs 22, Yanks 3; Nameless 10, All-Americans 11; Slugs 14, Nameless 2; All-Americans 10, Yanks 6; Nameless 35, Yanks 11; and Slugs 30, All-Americans 6.

The heavyweight title will go to the winner of the Trojan, C. A. B.-Stooges game with the Trojans favored to take the crown. The results in this league were as follows:

Trojans 4, Sluggers 2; Stooges 9, Hawkers 4; Hawkers 1, Trojans 20; Stooges 0, Trojans 17; Sluggers 4, Hawkers 6; Fast Freights 17, Spirals 2; C. A. B.'s 6, Fast Freights 3; and Spirals 0, C. A. B.'s 11.

The Fast Freights defeated the Trojans in the first game of the heavyweight playoff 7-4.

"The Choice of Them All"

G. A. A. Flashes

We hear that Jinny Beck kept up her speed on a moonlight skating party, because she was paid to stop. What's the matter, Jinny, aren't you used to trees without the houses?

Although everyone enjoyed working for the exhibit, we're glad it's over. The only thing left to do is to chalk up another successful event accomplished by the G. A. A.

By the way, Miss Patterson and Miss Smith certainly appreciated the co-operation of the girls who helped to make the exhibit a success.

Charlotte Krimmel and Mary Ellen Blauvelt, the freshman tennis champs, are two of the early birds this year to practice up a bit in this sport. Better take the hint, girls, and remember that "practice makes perfect."

That sophomore team led by Betty Eisenacher is certainly showing up some of those in the upperclassmen group. Perhaps they will even do better now that the exhibit is over.

Anna Brumbaugh just had her name in this column recently for winning a shorthand contest. She rates it again for another reason. She has a job at the Lincoln Life Insurance Company. We wish the rest of our graduates as much luck!

Hurrah for the advanced tumblers! Those having 100 percent are Baumgartner, Chadwick, Connott, Owen, Pavlish, Scheele, Snively, and Von Gunten.

Snively pops out and has a party for the student leaders. My, oh, my, and a good time was had by all (new stuff).

Marge Hower's baseball team sure can sock the home runs!

South Side Captures Third In Annual City Track Meet

Finishing in third place in the annual city track and field meet held at North Side Saturday, South Side's thinly clad runners rung the curtain down on an only fair track season. South Side scored

thirteen points in the meet to finish behind North Side's Redskins, who won the meet by amassing a total of 67 points, and Central's Tigers who gained second place by scoring 37 markers.

Six new marks were hung up during the meet by North Side. Gene Hathaway, star hurdler, lowered both the high and low hurdle records. The mile run mark was bettered by Thomas. A new mark was set for pole vaulting by Don Shilts. The Redskins brought the meet to a sensational close by annexing the two relay races in record-breaking time.

South Side garnered its thirteen points by chalking up one first, one second and a tie for second, and three thirds. Norris hung up the first by winning the 880-yard run.

The summaries:

High hurdles—Hathaway (N) first, Garvin (C) second, Wills (N) third. Time—15.9.

100-yard dash—Charleton (C) first, Ormiston (N) second, Collias (C) third. Time—10.2.

Mile run—Thomas (N) first, Dixie (C) second, Blake (N) third. Time—4:35.9.

440-yard dash—Rog Poorman (N) first, Mourning (C) second, Kessler (S) third. Time—51.2.

Low hurdles—Hathaway (N) first, Rip Poorman (N) second, Garvin (C) third. Time—26.3.

880-yard run—Norris (S) first, Mourning (C) second, Young (N) third. Time—2:02.3.

220-yard dash—Charleton (C) first, Ormiston (N) second, Collias (C) third. Time—22.8.

High jump—Ivey (N) first, Schroff (C) second, Warfield (C) third. Height—5 feet 11 3-8 inches.

Annual Awards To Be Received

(Continued from page 1)

Bender, Helen Flaig, Dorothy Mertz, Glen Siebold, Alberta Gollmer, Kathleen Kigar, Aletha Hatfield, Bob Archer, Bob Klopfenstein, Helen Sinish, Jack Geiger, Rosalind Enz, Ida May Frazell, Catherine Likens, Norwood Dalman, Wayne Brown, George Glenn, Bill Knocke, Alice Bandtel, Bill Hebermehl, Olin Lehman, Bob Wiehe, Maurice Zurbrugg, Bob Gingham, Bob Adams, and John Will.

Give Journalism Awards

Members of Quill and Scroll will present their certificates again. They are: Ursula Morton, Wayne Bender, John Bremer, Dorothea Nance, Bill Hockett, Sue Meyer, Arleth Carvin, Dorothy Fathauer, Lloyd Grodrian, Alma Nitzsche, Martha Baumgartner, Edythe Thornton, Margie Killen, Ruth A. Jones, Gerry Henline, Lois Magley, Aletha Hatfield, Charles Baumgartner, Mary Snider, and Berneta McIntosh.

The following members of staffs will receive pins according to the number of points they have earned: Gold jeweled, Wayne Bender, Ursula Morton, John Bremer, Bill Hockett, Rosemary Chappell, John Bex, Charlene Davis, and Margie Killen; gold, Ann Abbott, Bob Storm, Edythe Thornton, Jim Sweet, Paul Reynolds, Alma Nitzsche, Lloyd Grodrian, Anna Brumbaugh, Martha Baumgartner, Virginia Vesey, and Gerry Henline; silver, Ina Claire Chappell, Norman Buck, Dick Helm, Arleth Carvin, Berneta McIntosh, and Aletha Hatfield; and bronze, Pauline Crabill, Ruth Garrison, Jo Anne Smith, Dorothea Nance, Mary Anne Fark, Maxine Mariotte, June Haeger, and Sue Meyer.

Several people will receive special awards in contests sponsored by various press associations and for other services. They are: Ann Abbott, secretary of Indiana High School Press Association; Jim Sweet, current events; Jo Anne Smith, editorial writing; John Bex, advertising; John Bremer, current events; Dick Helm, sports writing; and Virginia Vesey, news stories.

Present Poster Winners

The students whose Health Week posters earned prizes and who will be further recognized are Art Boerger, Louis Bonsib, Delbert Leininger, and John Worline.

Dorothy Fathauer, Alma Nitzsche, and Anna Brumbaugh, along with several others, will be given special recognition from the commercial department.

Other honor recipients, such as drama, best citizens, and the various departments, will not be announced until the service Friday, according to Mr. R. Nelson Snider.

People Scurry About As Work Is Pushed For Final Papers

"Hurry up! It must be in tonight. The paper comes out Wednesday!" These phrases were the pet expressions of Jim Sweet on Monday afternoon. On every board he wrote—All copy due tonight. Due to the fact that the Senior Issue will come out on Friday and also to the crowded conditions in the press room, the reporters have had only one day to work on the paper this week. However, since this is to be the last issue of the semester, the reporters are co-operating by getting their stories in on time, and making them as good as possible.

Bryce Minier Announces Next

(Continued from page 1)

restine Valentine, Robert Schweitzer, Dorothy Aldridge, S. Becker, Ray Balweg, Louise Gerding, Dorothy Herbst, Lloyd Johnson, Joan Kennedy, Emily Lepper, Anna Schelper, and Ada Schuelke.

Copy collectors, Beatrice Fudge, Sue Wallace, and Mary Martha Hobrock; Mailing managers, Margaret Foelling, BonSilene Craig, and Marjorie Howard.

Bill collectors, Ralph Schweitzer, Virginia Ayres, Richard Busch, Ralph Martin, Dorothy Mertz, Robert Noe, Lucille Oberholzer, Vivian Plummer, Ralph Spayde, and Norman Theye.

Proof readers, Martha Ann Bacon, Sylvester Becker, Betty Bond, LaVerne Boyce, Jo Van Cook, Phyllis Culver, Bernadette Lyger, Oscar Eggers, Mary Ann Fark, Ruth Goeglein, Maxine Mariotte, Betty Pugh, Ruth Roadcap, Robert Schaaf, Arno Schelper, and Betty Lee Wilson.

New reporters who will be required to take a test are Dorothy Aldridge, Martha Ann Bacon, Sylvester Becker, Joe Bell, Ann Brothers, Dolores Cleaver, Phyllis Culver, Betty Davenport, Irene Ehlinger, Betty Garton, Ada Schuelke, Ruth Goeglein, Eliza Bess Lucas, Marjorie Meyers, Loraine Meyers, Martha Newell, Lilius Patton, Ruth Roadcap, Barbara Raymond, Margaret Rehm, and Dorothy Tobianski.

Editorial writers who will be given a test are Joe Bell, Mervyn Bohne, LaVerne Boyce, Ray Ballweg, Rose

Betty Jeanne Bond—On Land and Sea with Caesar. Betty Rose Lehman—The Perilous Seat.

Vera Hilgeman—The Perilous Seat. Jane Wormington—The Perilous Seat.

Jane Klein—Caesar (Clarks). Kenneth Eckhart—Famous Men of Rome.

Large Crowd of Visitors Enjoy South Side's Third Exhibition

"School Days! School Days! Dear Old Golden Rule Days!" was the common chant of the elbowing, noisy, pushing, yet appreciative crowd viewing the South Side High School Exhibit, Friday

night, May 24. The school was packed with interested parents and children, seeing the daily work of the school laid out in brief, simple fashion.

The evening exhibit with "Tercenary of Secondary Schools," as the theme, lasted from 7 to 11:30 o'clock. The school work of the different departments could be seen in various rooms throughout the school. The lapse of time, between 7 to 8:45 o'clock was devoted mainly to viewing department exhibits. One of the first demonstrations of the evening was given by the mathematics department in room 22.

Pupils Explain Math

Pupils in algebra and geometry showed various constructions in their problems. Room 10 held a display of mathematics in which pupils had exhibited individual work.

The home economics department presented frocks made by the sewing classes and cakes and cookies from the foods classes.

Room 50 held all of the club activities and each club represented had something to show its purpose or activities. Hi-Y, Art, Marionette, Wo-

Ho-Ma, Totem, Latin, Radio, German, Philatelic, Travel, Pöbble Pups, Philo, U. S. A., Wranglers, Girls' Rifle, G. A. A., Sunshine, Math-Science, Library, Lincoln Lore, and Boys' Lettermen were the clubs represented in Room 50.

Manual training in 43, 44, 46 was shown with actual shop work done by boys in the classes. French and German shared room 34 and each display had maps, souvenirs, and trinkets of the two countries. The exhibit was very novel.

Library Has Exhibit

A miniature library in room 8 exhibited library work. A book rack, files, book repairing, magazine racks, and sending out overdue book notices were some of the things shown. Actual specimens used in laboratory work and the student note books constituted the main part of the biology exhibit in room 4. Students at work in the chemistry room demonstrated with test tubes to interested spectators.

The physics display in 96 showed the devices and experiments used in student work. One of the things demonstrated was the sending of music over a beam of light. Health in 32 and English in 28 showed textbooks and notebooks used in their departments. The cups won by the public speaking contestants were also displayed.

Commerce Display Open

A complete commerce exhibit was shown in room 26 and displayed all the modern methods of office technique. The Times exhibit in room 18 showed the make-up of the paper from the assignment book to the finished project. The main attractions of botany, physical geography, and social science were maps, posters, and individual notebooks.

Perhaps the largest attraction on the program was the pageant that took place at 8:45 in the gymnasium, filled to capacity. The orchestra played a selection, and the curtain then opened to the tune of "School Days." The pageant was divided into four episodes.

Have Huge Pageant

The first episode was, "A Latin Grammar School—17th Century." It included eight boys from Miss Oppelt's Cicero class and Mr. J. H. Chappell as the teacher. It showed the methods they used in teaching Latin. Episode two was the "Benjamin Franklin Educational Academy." By this time, only were considered worthy of being educated and therefore allowed in schools.

The cast included boys and girls from two senior English classes with Earl Sterner as teacher of the co-ed academy. Episode three was "A Friday Afternoon Recital—19th Century," and pictured the days when manners were manners and oratory was oratory. The closing episode showed "A Day at South Side High School" and was divided into three parts. Home room 58, a series of actual tableaux, and a South Side High School assembly.

Miss Dorothy Benner acted as narrator for the whole pageant. Dancing at two cents a couple was taking place in the cafeteria during the pageant. Ice cream, candy, pop, crisp, and sandwiches were sold in the halls under the auspices of the P-T, A.

Election To Be Feature Of Travel Club Meet

Election of officers and an "enormous" farewell speech by the president, Wayne Christie, will be features of the Travel Club meeting today after school.

John Bremer is in charge of the program with the theme "Pearls of Hawaii." Speeches and Hawaiian music will be on the program.

Due to senior activities and the Math-Science picnic, the meeting will leave out early.

*MRS. KIMMEL
Instructor of Cello. Now of Kendallville.

*A. J. STEPHENS
Instructor of Violin. Now head of music in the Minneapolis Schools.

*JULIAN PULIKOWSKI
Instructor of Violin. Now first violin in the Cincinnati Symphony.

*SAMUEL HARRIS
Of Boston. Instructor of Clarinet and Saxophone.

*MADAME BALCH
Instructor of Piano. Now of Boston.

*FANNIE CLARK
Instructor of Art. Now instructor of art in the Cleveland Schools.

*HAROLD GESTER
Instructor of Brass. Now of Duke U., of Durham, N. C.

*WESLEY LEAS
Drum Major instructor. Now drum major of the Ohio State U. Band.

*AL SAWDY
Swimming and Water Sports Instructor. Now of Fostoria, Ohio.

*DICK SWAN
First Aid. Of Bloomington, Indiana.

*FRANCIS HALL
Dramatics. Of Kalamazoo, Mich.

*H. J. BUYTENDORP
Kalamazoo, Mich. Instructor of Bass and Tuba.

*MARION SHEETS
Canton, Ohio. Instructor of Piano.

*GOLDIE SHIFLET
Greenville, South Carolina. Instructor of Piano.

*A. D. LEKVOLD
Instructor of Cornet. Of New York City.

*G. E. PERSOL
Kankakee, Illinois. Director of the Junior Band.

*KENNETH PETERMAN
Director of Athletics. Shortridge H. S., Indianapolis.

*EMERSON BURROUGHS
Clarinet. Of Connersville, Indiana.

*JESSIE B. CAMERON
Dancing. Of Battle Creek, Michigan.

*A. K. GERMANSON
Riding Master. Columbus, Ohio.

"The Common Wealth" Commencement Theme For Joint Graduation

Fred Prange, a boy who has roomed in the halls for only two years, rated as the second most studious boy. Fred really does some studying. He is a busy boy, and I couldn't get his ideas as to whether he would advise underclassmen to study or not. But, if he said no, the score would still be three to one.

Congratulations, Best Citizens!

Heard in hotel, "Whose yer hop?"

Hop with the Hoosiers at the "Hoosier Hop."

And, too, best wishes for a happy vacation.

What a life!—Just a bunch of kids for a day.

What gave you your biggest thrill in high school?

So long, South Side—But now we're getting sentimental.

And remember when you got your first eighth period—or was it a ninth?

If we just stay to think, maybe we will regret the fact that we can't come back.

But there have been seniors who forgot to fuss the tossle when they got their diplomas.

"Here at the crossroads were standing"—remember when we sang that four years ago at Harrison Hill.

These grades don't count, seniors; but it is rather pleasant to see if you have improved since mid-term.

Remember when you had to write your reactions to your first day of high school? What would your last be?

Notice the "commence" in commencement—We are ending something, seniors; but we are also starting something—something perhaps quite different.

The evils that high school students do are soon forgotten; the good is often remembered after they have graduated—we hope!—apologies to Mark Antony and Willie Shakespeare.

Fulfillment

When the class of 1935 entered the portals of South Side they had high hopes and ambitions as to what they would accomplish during the four ensuing years. They were going to earn a high position on the Times staff, work on the Totem, make the four-year honor roll, hold offices in some clubs, and become a member of the National Honor Society. They were going to be popular, lengthen their lists of friends, and go to all the school functions.

How many of these dreams came true? How many of us would like to live this last four years over and really accomplish something?

What To Do?

What to do after graduation is a problem that confronts most of us. This problem is complicated by the fact that many of us who are seeking jobs do not know what we want to do or what we are fitted to do.

In last week's issue of the Times was printed a vocational indicator which gave aid in determining the type of vocation a person is fitted to pursue. The chart told of what occupations a person with certain characteristics should pursue, and was a part of a six-weeks campaign sponsored by the Kiwanis Club. Might we suggest that it would be a good idea to cut out that chart?

To the Right or Left?

When a student leaves high school, he may choose one of two roads, the right road or the left. Which will it be? The right one leads to success in life, respect and love from others, and a restful feeling within oneself; the left leads to riches at first, but later the loss of respect

and love, and to many, sleepless nights accompanied by a hunted feeling. The right road is straight because it goes over the hardships and meets them squarely; the left one is crooked, because it goes around the difficulties trying to dodge them. Only a person with scruples and a strong will can pass over the right road; any weakling may take the left and most of them do.

A Senior Wonders

Today there is much time and money spent on extra-curricular activities. Membership in these organizations and participation in their activities is now one of the requirements for prominence. No longer does scholastic achievement alone make for distinction.

Club work is almost a requisition for graduation. It is said that it teaches us to co-operate with others. Some say it teaches us to be leaders, others that it teaches us a fair sense of values. Does it?

We have had four years of hand-picked lessons in leadership, co-operation, and judgment. Would we have acquired the same advantages with less strenuous and expensive lessons? If we had devoted all our time to books and formal studies, would we have the wide circle of acquaintances that we now enjoy? Would we have the informal friendship of teachers that mutual activities stimulate? Would we have the knowledge of club procedure that we have gained through club membership? No, we would probably not enjoy any of these privileges unless we were very unusual individuals and were able to get more from the printed page than most people of our age and experience can get.

There are many things to be gained from intensive reading, a certain amount of knowledge that is not lessened by the fact that it is second-hand, but there are some experiences that we have to live ourselves, some knowledge that books cannot give us. Some time or other we have to get this knowledge for ourselves; and, if we get it in high school, how much richer and finer our lives will be than if we wait until half of it is past before we appreciate the unwritten things.

Pleasant Memories

It has been said that some people never learn to retain pleasant memories. They save old china, antiques, stamps, and many other things which are easily lost or destroyed during the years; but they forget the most precious thing in life—a pleasant memory.

We seniors are leaving what has been termed the happiest times of our life. Surely we want to remember them. Scrapbooks come and go. Spring house-cleaning time and lack of space play havoc with them. But a memory will always remain.

Right now we are looking forward with enthusiasm and backward with regrets. The two could be combined and make the years ahead richer and better. Past experiences are the greatest aid to present deeds; it is well to remember them. It is what we have done in the past that largely determines our success in the future. If we remember what we have learned and done during our four years in South Side, we can truthfully say that they have not been spent in vain—regardless of the grades we might have made and the rewards we might have won. Do not only retain memories. Use them!

Thomas Moore realized the value of memory and expressed it in these lines, "Let Fate do her worst, there are relics of joy, Bright dreams of the past, which she cannot destroy,

Which come in the night-time of sorrow and care,

And bring back the features that joy used to wear.

Long, long be my heart with such memories fill'd!

Like the vase, in which roses have once been distilled—

You may break, you may shatter the vase, if you will

But the scent of the rose will hang round it still."

Improvements in Four Years

What could be more appropriate for a senior to think about in his "last hours" than to reminisce through his high school career and compare the school as it was then to what it is at the present time. Four years ago, short time as it may be, the school was different in many ways. We seniors can still remember the days when there was no such thing as a home room; instead all of the day's business was transacted in the first period class. In case one had a subject that he didn't particularly like, this was very convenient, for the "business" often ran over the allotted five minutes.

A brand new system was inaugurated during our term here; the supervised study method was very successfully initiated. This system has proved very popular with students. The system brought with it seven periods for classes instead of eight class periods. Consequently, the detention periods after classes are called eighth periods instead of ninth periods. The change of name, however, has had no effect on the length of the sessions, the discipline conducted there, and the general attitude of these periods. We have seen a few teachers go, but only two teachers have recently become a part of our faculty. Mr. Ferlini and Mr. Windmiller have already become popular with the student body.

Perhaps, the greatest change has come to our music department. Mr. Wainwright has accomplished great things with it. He has planned and directed the monthly musical concerts.

The school exhibits have originated during our high school career. These exhibits tend to acquaint the parents with the students' school work. The exhibit in our senior year was by far the most elaborate that had ever been planned at our school in one way or another, and we hope on the stage. Recognition Day was introduced during our time. On this day all seniors are recognized and those underclassmen who have been outstanding in any particular line of work. Certainly we could not overlook the fact that our school has undergone many physical changes in the last four years. Many new shrubs, trees, and any number of flower beds; a bird bath, in addition to the general improvement of the lawn, are some of the things that have been done to improve the outside of the building. All in all, we have seen many changes which have improved our school in one way or another and we hope that the next four years will see just as many improvements.

Watch Your Step, Now

Wheat Chaff

Charles Baumgartner, the sports enthusiast, had an opportunity to test his athletic prowess recently when he climbed the stadium wall. The day, it seems, was windy, and so Charley did a good deed by retrieving a pedestrian's hat.

Tch! Tch! These dignified graduates who dress up on Kid Day! (The writer should talk!) Sam Rea and Bob Lohman certainly looked sweet, and did you see Betty Dickmeyer? Crabill and Tritch, it seems, had their picture taken together in their kid costumes. Such stuff!

Mostly piffle: Emily Gardner's pop-gun...Betty Medaris' oversized ice cream cone...Edythe Thornton's pig-tails...These last minute tests! Gr! ...Too many lazy people in this world! ...Funny how too many suckers affect one! ...Don't you like the Totem? Pretty neat, we think. The staff deserves a few orchids for the work we've done...Next year somebody else will have to worry...We seniors need that extra three days of vacation...The chemistry lab smells have ceased. Our instructors decided to leave it cleaned up after the exhibit...What happened to chain letters?...And yo-yo's. We never knew our classmates could look so signified in caps and gowns...Wonder what the fishing will be like this summer.

Things we never expect to see—A new roof on the school...A ten-thousand dollar bill...The South Pole—or the North Pole, either, for that matter...Mr. Voorhee's playing football...Louis Briner skipping rope...These seniors grown up...No weeds in the school lawn...Another tercentenary celebration...John Bremer wearing a tie to school...A streamlined horse-drawn buggy.

And then there were the marble players in the front hall.

So Mr. Mahey likes lemon pie—It seems some of our seniors got him one on Kid Day. They chased all over Fort Wayne, and finally located it, the only lemon pie in the city, way out north. See Sam Rea, Sam Schaaf, Dorothy Geary, and Bob Lohman for further details.

Yippee! No more eighth periods for the seniors—and no crowded halls—and no pink slips—and no bells—and no tests—and no big assignments—and no pests.

Senior Slander

Heigh-ho! After all these years, and Tritch is still stooging for Crabill. Chenoweth is still the ham with Miller's eggs. Sorta reminds us of Brad Moring and Madelyn Sheets, doesn't it, you?

My name's John, my last name's Dut-terer;

When I pass by, the girls' hearts flutter,

I'll surely earn my bread and butter And please get this; I do not stutter

Evelyn Ertel is certainly a firm believer in patronizing home industries. She gave a Centralite the go-by to flutter over Bob Archer. It seems that the ushers and part of the orchestra for the senior play had a party.

And we just found out that George Anna Martin doesn't even know where Dick Russell lives.

Dorothy Canada's big bad man, Herb Meyers, literally tore up the town to get to the side of his apple dumpling. It seems that he wore two inches off his bike tires tearing across town.

Heh, heh, funny how so many of our class are just learning to dance. It must be the forthcoming "Hoosier Hop."

Revival! Revival! Virginia Beck, as in olden times, is again sighing at the thought of Art Boerger. The good old days!

We might give a list of Ursula Morton's famous ex-boy friends, but we're afraid it would just about take us till Christmas. Anyway, her motto isn't E Pluribus Unum (Latin).

And so Bob Simminger went to school all these years and never had a date! But we'll bet there's someone, anyway.

Senior Second Sight

Dear Aunt Nettie:

I suppose that all the seniors can remember when Edythe Thornton went steady with Hugo Winterford, and when Claudia Bowlby was dated by Bob Nelson; but can you remember the time before Margaret Murphy and Jim Bair decided to go with each other alone? I remember Margaret having a few dates with Eddie Kruse and Jim as sorta shopping around with all of the gals...Do you recall going to a party at Betty Brothers' on a Halloween night about three years ago when our now grown-up seniors were but mere sophomores? Christine Elliot was with Hugh Scott at that particular piece, as well as at several others...Phyllis Graham had a date with Ed Cinn at one of the many parties.

Remember how we rode on kiddie cars at our Sophomore Party and how we stuffed crackers in our mouths and then tried to see who could whistle the first? Oh, them was the days! ...And how several girls had to substitute in the dancing classes when Miss Patterson broke her leg...The senior gals that took part in the Pony Ballet for an assembly and a College Club "Fun Festival" Everybody said that they made such nice looking horses, and they didn't know whether to be flattered or flattened.

The freshman pictures in our first yearbook make us look so young and innocent—maybe we were—but my, how we've changed!...Marion Rippe went steady with Henry Miller at one time during the four years. Now, you all know that he has eyes for no-one but Clarabelle Chenoweth...Remember when Jim Kimble received a medal in an assembly for having saved a man's life the summer before?...When Rex Knorr and Bud Jones' magic tricks were performed at every club meeting...And recall when the members of the Typhoon got those new blue sweaters with the white lettering?...Did you see Alice Hulst with Ned Hackney at our Junior Prom, and also Risher Hall there with Bernadette Dyer?

Do you remember when Dot Geary moved to town and what a runup among the boys she caused. Max Tritch was one of the first of her admirers, but that was before he started going with Pauline Crabill. And when Lou Sheets used to go steady with Brower George...Sykes and Clapper are the only two that time has not broken up as they have been together most of the time during their high-school careers...Sam Schaaf had a little book that he carried around with him called "Easy Lessons in Einstein." Maybe that's how he got that way!...Remember how Eugene Jackson's father used to have to drive Gene and girl-friend on all of his dates. All the girls were so thrilled.

Gloria Baur wants a bike for graduation, and if she gets it, I'll be around to help her ride it...From all reports, Ursula Morton and Dick Helm had a good time together at the Times lake party; but I gather everybody had a good time...Remember when Aletha Hatfield went with Bud Leininger, and Kay Kigar had a few dates with Dick North?...Arline Close has always been interested in singing and everything else to her is of little importance...Bill Dulin is the only boy in the class that has not had any particular heart-throb, although it is said that he has had dates with Wilma Bleke. Gentlemen always did prefer blonds...The Sub-Debs are giving a dance next fall and they are already making the decorations. There's nothing like being ahead of times...Mary Louise Newman has gone with Walt Benz for nearly all the time she has been in school. He is plenty cute and she can consider herself very lucky...Charles Yahne is finally graduating, I hope, and so does he. He must be pretty fond of the place to want to stay here so long.

Wasn't the dance last night swell? Everybody was there too...A' the senior members of Philo forgot their dignity and had a swell time at their picnic. Betty Medaris ate kind of a lot, but she figured that she must get her money's worth, so why not enjoy herself?...I hate to quit as this is the last time that I write this column, but I think my successor will be able to do it better than I. Whoops, now I've graduated!

Yours truly,

NINA.

Theme of the Week

Omnia Vincent Amor

By Betty English

"Well, and what do you intend to do?"

"Why, go, of course."

To this remark I made no reply. It was not my place to direct Jane's actions. We were sitting in the yard on the grass under the shade of the lovely arched trees discussing Jane's future.

"Jane Day!" came a sudden determined call from the house.

We both started, and Jane immediately jumped up and ran towards the house.

I could not keep from thinking of the great change which had come over the old house and its inhabitants in the last few days. Three short days before the atmosphere in the gracious old house was one of extreme happiness and contentment; now, the atmosphere was imbued with sorrow deep and merciless. Three days before he rooms echoed with laughter and gay, excited chatter; now there were ears falling for one of those who had laughed, and the conversation was low and quiet. Three days before Mrs. Day, dear lady, was mildly energetic, going about her tasks with a gentle, quiet smile; her mild energy had faded to almost nothing now, and the smile was gone, too, leaving her more quiet than before. Three days before Dr. Day appeared a little worried and seemed a little stooped when he came home, although he soon forgot his troubles when once in the house; he seemed to have aged over night, for now his face was lined with more cares and his back had to bear heavier burdens. Jane Day herself three days ago, which must have seemed like three years, was absorbed in an energetic, careless, happy-go-lucky life; now she was thoughtful, even a little resentful of that which had robbed her of her happiness. Adam Bell, Jane's beloved grandfather, was, three days ago, the dearest, kindest old man ever to live; now Adam Bell was dead, leaving behind him his endearing ways, his kind laugh, his quick, lively step.

"You don't agree with me, do you Joyce?" asked Jane, returning in the midst of my thoughts.

"I'll have to go, Jane," I began, rising and completely ignoring her question.

"Joyce, please," she begged, interrupting me and pulling me down beside her. "Don't be like that. You're the only one to whom I can go now. Everyone else here hates us."

"You'll do as you wish, no matter what I say," I replied and then was sorry as soon as I had said it.

"Yes, I know, but"—(Jane had her old spirit back now.) "I have to go! It's a wonderful opportunity! Don't you see that my going is the only way for me to succeed?"

Again I was silent, silent so long that I became uncomfortable under her steadfast gaze. "What about your parents?" I finally questioned her.

"They will—be all right," she said, a little irresolutely, I thought.

"You are sure of that? Your house is large and your mother isn't strong."

"Aunt Kate can come. She said she would. And anyway, Mother isn't so ill. She's just tired. Don't you think that, if I went and made a name for myself, my parents would be proud of me? Don't you, Joyce? And then I could come home and pay them back for all the good, wonderful things they have done for me. Wouldn't that be better than staying here and doing nothing? Wouldn't it be better than—"

"Joyce, if I stayed, my life would be dead. Going to New York after high school graduation is something I've dreamed of, planned for, anticipated for years. Mother isn't so ill that I can't go, is she, Joyce? She says she isn't, and she should know. Father, too, says that I should go if I see fit; so I'm going!"

I was saved from making a reply by the appearance of Dr. Day. A few minutes later, I was on my way home, thinking all the while of Jane and her decision to go even though her mother and father needed her.

Several weeks passed before I saw her again. One warm summer evening I took a few jars of my mother's finest plum conserve to an old lady who lived near Jane's. On my return home, as I was passing Jane's home and debating upon entering, I saw something white dart from the porch and run down the path. It was Jane.

"Joyce Lindsey! How glad I am to see you! Won't you come in?"

I assented, and she led me to the porch where we sat upon the steps looking at the stars as we had done so many times before.

"How are your mother and father?" I asked her.

"Mother is worse. Daddy is at her bedside now. He makes me leave at night, for I'm there all day."

As she was speaking, I noticed a change which had come over her since I had seen her last. Her voice was low and quiet, all her old impetuosity gone. Her movements were gentle, too, probably because she had accustomed herself to the quiet, dark room of the sick. Her carefree smile was gone; and in its stead was a soberness, a thoughtfulness hitherto foreign to Jane, who never used to stop to think before she acted. There was, however, something deeper than all this, something I could not understand.

We talked of a great many things that summer evening. We talked of our friends who were leaving for college, but not a word was said of Jane's departure. We discussed the possibilities of their success in life, and still no word about Jane's departure. We talked about our high school life and the changes we would make if we could live it over. Then, as girls will, we talked of love, only to discover that our views differed greatly. We talked of life and death, wondering in our ignorance what it all meant.

The moon was riding high in a cloudless sky when I decided that I should go.

"Well, Jane, and when do you go?" I asked as we were standing on the porch steps, she leaning against one

of the columns shining white in the light of the moon and I a few steps below in the dark, looking at her. "I'm not going," she said quietly. "Not going! Why, I thought—" "Yes, I did, too. But I couldn't, Joyce. Not with mother so ill."

"I'm so sorry, Jane."

"Thanks, Joyce," she said, slowly descending the steps, her arm around my waist.

That was all she said. I never knew until many years later how many sleepless nights she had spent before she came to this decision.

Again several weeks passed before I saw her again. During this time I learned from the ever-gossiping populace that Mrs. Day was still very ill, that Jane was never seen, and that Dr. Day walked to his office with a slow tread and bowed head.

The people of Northden had always been jealous of newcomers. The Northden people had taken an instant dislike to the Days because they had sought and changed the old Peabody place which, even though it was falling into ruins, was thought sacred to the Peabodys by the selfish Northdenites. They were jealous of the fact that Dr. Day could afford to improve the old place and tastefully furnish its old rooms. Some, although not many of them, disliked and envied Dr. Day because he was wealthier than most of them and because he, too, was reserved and a little distant. They were jealous of reserved, refined Mrs. Day just because she was an educated Southern lady who refused to discuss her neighbors. Jane they tried to envy at first just because she was new, but soon her quick responsive laugh and her pleasant friendly greetings dispelled all unpleasant feeling toward her.

As I was thinking these thoughts one extremely hot afternoon in late August while pulling obstinate weeds in our back yard, I heard some one coming down the gravel path. Upon turning my head and lifting my big straw hat, I saw Jane Day coming toward me.

She was dressed in pure white, and her dress was as faultless as ever I had seen it. Around her neck she wore a quaint old gold locket of her grandmother's, and a bracelet matching it was on her wrist. She was wearing a large brimmed straw hat which set off to great advantage her golden hair and fair skin. On her simple but well-made white dress were pinned a few of her father's roses. (Dr. Day's hobby was his hothouse, in which he grew many beautiful flowers.) I could not but admire Jane. She was very lovely.

"Well, Joyce," she said, laughing, "aren't you the energetic person to be working so diligently on such a warm day? Can you spare a moment?"

"Yes, indeed," I replied, laughing because she did. "Let's go in the house."

"Oh, no! It's quite all right here," and she seated herself on the bench under the old oak tree. "You didn't come to me, Joyce, and so I had to come to you. I have something to show you. I want your advice."

From her pocket she took a letter and handed it to me.

"Your progress and promise in vocal work has been brought to my attention several times by your excellent teacher and my dear friend and pupil, Sophia Bradstock," I read.

"As there is a vacancy in my list of pupils at the present time, I wondered if you would care to study with me until my other pupil returns; and, if your work is satisfactory, longer."

Sincerely,

Madame Thelma Nordiska."

I looked at Jane in silent amazement.

"Madame Nordiska! Isn't she one of the greatest of former operatic stars?" I then asked excitedly.

"Yes, and just imagine my receiving a letter from her! Oh Joyce! What should I do?"

"Go, of course. You will, won't you?"

"I don't know. What do you think?"

"It's the chance of a lifetime. There's no doubt in my mind that you could succeed. You would become famous, Jane!"

Jane smiled a little sadly.

"But what about mother and father?" she asked.

"Your Aunt Kate," I began; but she shook her head.

"No, I don't think so. It seems that mother and Aunt Kate are happiest when they are apart. Mother is so sensitive, and Aunt Kate talks so loudly."

"But child!" I cried. "You certainly aren't thinking of giving up this wonderful opportunity?"

"What else can I do? Father could never take care of mother, and she needs almost constant care. I succeeded in getting Mrs. Chamberlain to sit with her this afternoon, but this is the first time I have left her since—since grandfather died."

"But Jane, think! 'Opportunity knocks but once!' Sister Judy can stay with your mother. You must go!"

"That is very kind of you, Joyce. Judy's needed here just as much as before, and so I could not think of asking her to help me. No, Joyce, I'm not going. It wasn't quite so difficult for me to give up my dream the second time, although now I am almost sure that I could have succeeded. But I think, Joyce, that I can't go. If I did go and if I made a name for myself, mother and father would be proud of me; but I can't be sure that mother will live that long. She is very weak. If I went, and there was no one to care for her— So I can't go."

We looked at one another in silence for the next few minutes.

"Have you replied?" I asked her.

She shook her head.

"No, I shall write tomorrow. Can you come over?"

"Yes," I said.

South Side Athletes Bring Glory to School During Year

Archers Win City Football Championship

Harrison Simon and Brower George Are Selected To All-City Gridiron Squad.

Sectional Crown Kept By Green

Kelly-Klads Battle Way To Finals of Regional; Drop Only Four Tilts.

Winning the city football championship and the local sectional basketball tournament, South Side's gridiron and hardwood squads enjoyed successful seasons during the past year.

Coach Lundy Welborn's pigskin squad won the city title by defeating North Side and Central Catholic in city series clashes. Central's Tigers downed the Green in their third city game, but it did not reflect on the title. During the season the Archers won four games, lost three, and tied two. The other two Archer wins were over Peru and Bluffton. Mishawaka and Toledo handed the Archers their other two losses. Decatur and Culver tied the Archers in their scheduled games.

Prospects Limited
Prospects for next year's squad are very limited, twenty-two of this year's squad graduating. Three of the Archers won berths on the 1935 All-City squad. Harrison Simon and Brower George, both seniors, were named as quarterback and left end. Jim Ellenwood, junior, won an All-City berth for the second consecutive time.

Climaxing their net season by annexing the sectional tourney and winning their way to the regional finals, Coach McClure's netters went through one of the most successful South Side basketball seasons in years.

During the regular playing season, the Archer hardwood performers chalked up fifteen wins and four losses. Three of these losses being handed to them by Central (2) and Central Catholic in city series games. Huntington handed the Archers their fourth loss.

Impressive Wins
Among South Side's most impressive wins were those over North Side (2), Columbia City, Berne, Hartford City, and Muncie. The other Archer victories were won at the expense of Monroeville, Butler, Bluffton, Piercetoni, Decatur, Kendallville, Auburn, New Haven, and Garrett.

Material for next year's basketball team will also be scarce, only four of the first twelve men not graduating. Fred Ostermeyer, Jim Ellenwood, Joe Close, and Bud Lee are the only four men of this year's squad that Coach McClure will have back to work with.

Did you ever hear about how Garland Eickmeyer once won Helen Anderson's heart with his model airplanes?

Best Boy Athlete

Brower George

Brower George was voted best boy athlete among the members of the senior class. He has won five letters in football and basketball, having earned over 1,000 points.

Cupp and George Are Best Athletes

Both Participated in Sports For Four Years; Bob Nelson, Helen Fremion Are Second.

Never try to meet these people in the dark; they are athletes. Who? Eleanor Cupp and Brower George. According to the senior questionnaire they are the best athletes of the class of 1935.

Brower has been a member of the varsity net squad for two years, playing his initial year on the reserves. He was named a member of the city basketball team and also of the city football team, playing on the grid squad for two years. During this period he held down the position of left end.

Eleanor has gained the highest number of points that has ever been gained at South Side for girls. She will be awarded a plaque for high point winner. All during her four years she has been a student leader and has participated in all sports. She has held the offices of secretary and vice-president in G. A. A., besides being prominent in other extra-curricular activities.

Those who were second in the senior's choice were Bob Nelson and Helen Fremion. They have been very prominent in all sports, Nelson on the basketball team and in football and Fremion in all G. A. A. sports.

Eat

PIONEER ICE CREAM

Fresh Ice Cream Always Tastes Better

Seniors Enjoy G.A.A. Sports For Last Time

Activities of Organization Include All Games Together With Exhibition.

The activities of the G. A. A. for 1934-35 began with tennis last fall. There were single and double matches for each class, and then the winners played for the school championship. Speedball for the freshmen and hockey for the upperclassmen were the first major sports of the year. Following these games everyone entered into the fun of some great volleyball games.

The G. A. A. members enjoyed an evening of fun at Halloween time, for there was an annual party. Entertainment, refreshments, and dancing were participated in by the members. As the affair was a masquerade, prizes were awarded for the best, funniest, and most original costumes.

Basketball, the sport loved by everyone, was called to our attention next. The honor tournament was won by the juniors.

Two new ideas were presented this year by the G. A. A. Pencils were sold; on them the basketball schedule was printed in green on white. The other novelty was a baby show. Baby pictures of students and teachers were secured and mounted on cardboard. A penny sucker and permission to vote for best picture was awarded each person who attended. Prizes were awarded first, second, third, and fourth winners. They were Eleanor Cupp, first; Emily Gardner, second, and Betty English and Bob Lohman tied for third.

Tumbling was begun during the basketball season and continued until the exhibition which was presented May 17. Following tumbling, interest was turned to baseball and track.

Named As Best

Eleanor Cupp

Eleanor Cupp was voted the best girl athlete by members of the senior class. She has won over 2,700 points.

Miss Amanda Hemmer Is Presented Desk Set

Miss Amanda Hemmer, English teacher, was delightfully surprised by her home room class Wednesday morning on the presentation of a "very pretty desk set." Hers is a senior home room. The students presented the gift to Miss Hemmer as an acknowledgement of their appreciation for her part in their good times during their last two years at school.

The trouble is that to be elected the most bashful of your class, you have to be well known.

Henry Miller, Shirley Sykes Are Best Attired

Style shows are not very frequent at South Side; but, if we were to stage one, the most eligible mannikans, according to the senior questionnaire, would be Henry Miller and Shirley Sykes. Most of the votes were scattered, but these two together with those of the runner-ups were in a great majority.

Heads Dance Plans

—Courtesy News-Sentinel
Bill Dulin

Bill Dulin, president of the 1935 class, is in general charge of the "Hoosier Hop" to be held next Monday night at 8:30 o'clock in the gym.

Optimists Display Sunny Side of Life

No doubt it is that smile, enticing as that of F. D. R., that "flashed" Bill Dulin into first place as male optimist. Bill always has a smile, a joke, a story, or a thought that shows the sunny side of things. The duties of office. (Bill is president of the senior class, y'know) no matter how heavy, never seem to weigh upon his mind.

Bill (what another one?) Hockett pulled down a second stall in this contest. However, just between us three (you, me, and three dirt columnists), Bill confided in me that he isn't as optimistic as he appears on the surface. By the way, his only hope is to be a success at not being a flop. What's the younger generation coming to?

No one would expect anyone but Martha Baumgartner to be selected as the most optimistic damsel of the class of '35. This little girl showed her true colors when she was injured in an accident—and they weren't blue! That catching little phrase "Keep Smiling" must have been invented by her.

Second in line is Alwita (Pat) Tarney. Authentic rumor (it's him again) has it that she is the "cheerful little earful" in his crowd. So they say, she sets all of her friends "right" again as to outlooks, and she doesn't wear rose-colored glasses.

Pessimistic Seniors Chosen By Graduates

"Borrow money from a pessimist: he doesn't expect to get it back."

These words of advice will, no doubt, be of help to many a weary senior after a few months out in this cold, cold world of ours,—especially since they are to be accompanied by the names of those thus qualified to be "touched." They are Edythe Thornton, Clayton Kilpatrick, Ned Hackney, and Margaret Murphy.

Really, though, being a pessimist isn't the worst thing one could be. Think what this world would be like if there were more "Little Audrey's" who would just laugh and laugh and say they just knew you didn't need that money anyway.

"The Common Wealth" Theme

(Continued from page 1)

William Sur.

Episode I—(North Side students) Indian Village, 1635—Near Boston Settlement.

"Vocational training" among the Redskins—Arranged by Hilda Schwen, director of physical education; assisted by Gertrude Zook, instructor in art, costumes and accessories.

Music—The Orchestra, The Dagger Dance from "Natoma" (Victor Herbert).

Male Chorus—Song of the Grind-ers.

Episode II—The Puritans (South Side group).

Founding of the First Free Secondary School—The Boston Latin School, 1635.

The Puritan Family—The Puritan Royal Governor, Sir Harry Vane; Deputy Governor, John Winthrop; Cotton Mather, Clergyman.

Chorus, A Mighty Fortress Is Our God.

Gloria Patri, chorus.

The Home of Liberty (Old Welch class), chorus.

Dance of Joy—South Side group. Gretchen Smith, director (instructor physical education).

The Spirit of Democracy Rises in the New World.

Episode III—William Livingstone addresses the Assembly of New York.

Episode IV—Fort Wayne, 1857—(South Side group and others).

Girls' costumes, Pearl Rehorst.

David Colerick.

Mr. Case, member of Board of Education.

Judge Hanna, Two Cynics, the Mayor and Townspeople.

Episode V—The State of Indiana comes with her children. Two groups: The children of the earlier type of school. The children who went to work at 14.

Part II

The Twentieth Century School 1925. Serving All the Children. The children of the Commonwealth are the common wealth.

Symbolic Figures: Health—Design Banners, Erma Dochterman. Costumes executed by Maple Byers, Central. Decorations, Mary Zent, Central.

The Boy Athletes—(From the three schools)—Directors, Murray Mendenhall, Robert Nulf, Louis A. Briner.

The Girl Dancers (interpretative; the dance as an art)—Directors, Alice Patterson and Gretchen Smith, South Side.

The Girl Athletes (free play)—Directors, Meribah Ingham and Emma Adams, Central.

Group II—The March of the Subjects Added to the New School.

Music, the Orchestra, March from "Tannhauser," Wagner.

The Industrial Arts—Arranged by Tourist Thompson, Bertram Welbaum, J. H. Chappell.

Home Economics—Arranged by Pearl Rehorst.

Art—Arranged by Erma Dochterman.

Drama—Arranged by Marjorie Suter.

Masks—Helen Ley, South Side art department.

Music.

Tom Conway and Eileen Hall Have Big Line, Says Poll

"They can really sling it" was the thought of the majority of seniors when asked their opinion on who had the biggest line. "They" refers to four well-known members of this year's graduating class.

Auburn-locked (not a new feature on the Auburn curs) Eileen Hall seemed to boys and girls alike to possess that valuable talent of "stringing 'em". The boys probably know from first-hand knowledge, while the girls cast their votes on hearsay or personal observation.

"Tiger" Tom Conway can really tell them, according to the majority of seniors, and they should know. If one has not heard Tom's line sometime during the four years at South Side, that person must have purposely avoided him, have been stone deaf, or through some queer quirk of fate to have missed being around when our football hero was "slinging it."

Battling all the way but falling short when the last ballot was counted, Berneta McIntosh, of Totem-business-manager fame, drew up in second place. Berneta not only helped to manage the business affairs of "ye ole yearbook," but managed to "get around" and "be heard."

The same might be said about Rex Knorr. Not only has Rex Brainard a mouth big enough to be heard all over the gym when leading yells, but he has that certain something in his talk that the girls just can't resist.

More power to Eileen, Beanie, Rex, and Tommy—may they ever have that irresistible power (big line) over their noble contemporaries.

Commercial Departments.

Publications.

Banners of the Clubs: Fellowship, Appreciation, Service, Recreation, Citizenship, Skills, Interpretation.

Part III

Following the completion of the pageant, Mr. Abbott will present awards to outstanding members of the three classes. The diplomas will be given individually by the principals, Mr. R. Nelson Snider of South Side, Mr. Fred H. Croninger of Central, and Mr. Milton H. Northrop of North Side, as the 969 graduates enter from three different arches, representing their respective schools. Marche Noble by Bach will be played as the seniors are handed their diplomas. The Doxology will be sung by the chorus and audience.

The commencement will mark Central's seventy-first, South Side's thirteenth, and North Side's eighth annual exercises.

Theme of the Week

(Continued from page 2)

Jane's would cause her to lead a life entirely different from the one she had planned. She had dreamed ever since her childhood days of going to New York, the great metropolis whose very name is exciting; according to her decision, she must stay in Northden, a small town. Once, Jane had pictured herself living in an inexpensive but clean apartment in New York; now, of course, she would remain in her large, beautiful home. Ever since she had heard of Madame Thelma Nord-ska, she had dreamed of the day she would become a pupil of that great artist; now, that hope, perhaps the greatest of all her hopes, was forever shattered, and all lessons would have to stop. Jane was a diligent and conscientious worker, and part of her love of singing came from work; but there would be no happy hard work now, only the duties of caring for a sick person. Independence had been another of Jane's long-coveted dreams, for she loved to think of herself earning her own living; renouncing Madame Nordska's invitation would mean settling still further into the rut of dependency. Jane was by instinct a friendly creature, and she made friends wherever she went, a thing which pleased her greatly, for she believed that meeting and talking to people was one way of acquiring an education; her education would stop, as far as meeting others was concerned, for, during these times of depression, few people were moving into Northden. Her thoughts had all ways centered about a way to make her parents proud of her; and she believed this possible, once she could study with Madame Nordska: giving up the dream meant never gaining fame by her voice and never thus making her parents proud of her.

I did go over to Jane's home the next day. Jane first showed me her reply. It was worded in simple language.

"It is impossible," it said, "for me to express my deep delight upon receiving your letter."

"Much as I have hoped and dreamed of studying with you, I find it absolutely impossible at this time."

Sincerely,

Jane Day.

"It's very brief, isn't it?" I asked her.

"What else is there to say?" she replied, sealing the envelope. "Would you care to see mother now? She is a little better today."

"Yes, indeed, I should love to see her. Mother gave me this to give to her," I said, showing Jane the inevitable plum conserve.

"How nice of your mother, Joyce. Mother will appreciate it I know," Jane said as we went from the comfortable window seat in the library down the hall to the carpeted stair-way.

Upon entering Mrs. Day's room, I was immediately impressed with its beauty; and it occurred to me that this would be a most pleasant place for Jane to spend her time. The room was the large front one to the south-east. In it were four large windows, two to the south and two to the east, through which the sun could pour in the early morning. The windows were draped in figured green broadcloth which matched two handsome old chairs, one a low rocker and the other a straight chair, one on either side of the bed, which was placed against the east wall between the two windows. The bed was a massive affair with huge knobbed posts of walnut. The chest and dressing table were also of walnut. In the corner near the door was a chaise longue covered in green. The rug was light green, too, and very soft. Even the wallpaper was a delicate shade of green, dotted with a tiny design.

The conversation with Mrs. Day, short though it was, brought to my eyes the similarity between Jane and her mother. I had always known that Mrs. Day was very quiet and a little reserved; Jane was quiet, too, only

her stillness came from force imposed on a healthy young body. I loved to hear Mrs. Day talk, for her voice was naturally low and her words came easily; Jane's voice, once clear and penetrating, was low, too; for, in the past few weeks, she had unconsciously copied her mother's voice. Mrs. Day had tired blue eyes and faded blond hair; Jane's eyes were blue, too; and her hair was blond; but both shone with the freshness of youth. Mrs. Day's hands were slender and graceful, although very thin and white; Jane's hands were slender and graceful, too, but they were brown and strong from the sun and exercise. Mrs. Day was resigned to a life of illness, a life in which many earthly joys would be denied her; Jane seemed resigned to the fact that her duty was in this room; and the smile on her lips, her father's smile, spoke better than these words about her contentment.

Seniors Attain Dignity Donning Caps, Gowns

What yesterday were youngsters running around in short dresses, anklets, hair ribbons, and carrying dolls, dogs, and all-day suckers are, today, majestic seniors arrayed in caps and gowns.

While underclassmen look on with awe and anxiously await their turn, the seniors clad in about seven yards of heavy grey material wonder if the day will ever end, and how many heat records have been broken.

Many Students Enrolled Here This Semester

325 Come From Grades; Harrison Hill Sends the Largest Group of Pupils.

James Smart Ranks Second In Entrants

Enrollment Is Slightly Less Than That of Last Year; New Freshmen Listed.

Although only an incomplete list of the incoming freshmen could be had when this issue went to press, the number already totals 325.

Harrison Hill leads the list with 113, while James H. Smart is a very close second with 111. Hoagland sent sixty-two, Zion Lutheran twenty-nine, and Emmaus Lutheran sixteen. This number is small compared to the 380 of last year.

Following are the names according to the schools from which they entered.

Hoagland School

Dick Wooding, Dale Heersche, Neva Beckelt, Mildred Berry, Elizabeth Cossar, Joan Earl, Imogene Fabian, Anna Gehrig, Lois Miller, Virginia Moodie, John Muller, Mary Oates, Helen Louise Payne, Virginia Porter, Doris Safford, William Sipes, Orion Tappen, Mes Turner, Eileen Vaughn, Marvin Smith, Frances Haverstick, Jess Russell, Patti Gene Pfeiffer, John McElwain, Mary Mathews, Vivian Gebhardt, Donald Proehl, Samuel Anderson, Dorothy Brown, Norma Driven.

Kenneth Fairfield, Roger Haifley, Rebecca Havert, Mary Ida Straley, Margaret Wiltner, John Chidester, Gwendolyn DeWess, Geraldine Fabian, Reta Foster, Doris Hilbish, Marjorie Jackson, Mary Jane Kelley, Aubrey Kellogg, Dorothea Koonce, Darwin Leitz, Thomas Moorhead, Roger Neff, Mary Sapp, Virginia Selley, Lillian Scherbohn, Mildred Thayer, Frances Van Buskirk, Warren Kenneth, Olive Zahn, Ernest Bailey, Marjorie Clapp, Jack Keller, Lorain Iba, Marjorie Kuter, Velda Oppenlander, Kathleen Ramer, and Lois Rea.

James H. Smart School

Philip Warner, Beverly Marten, Eugene Ferguson, Ralph Miller, Bonnie Taylor, Harold Sanders, Russel Huffman, Dick McClure, Margaret Miller, Miles Rupert, Samson Christopher, Ruth White, Dorothy Marchand, Harriet Bell Mann, Marcella Steiny, Jack Bostick, Joan Roy, Dorothea Kast, Lois Vae Kean, Keith Kilpatrick, Paul Murphy, Thelma Reynolds, Melvin Scheiger, Virginia Schidler, Murray Squires, Edna Volz, Marjorie Wallace, Jeanette Warren, Helen Wynn.

Wilma Yost, Donald Nolan, Jewell Pelton, Maxine Pelz, Laverne Reid, Mary Lou Sanders, Howard Schroeder, Evelyn Session, Lucille Sitar, Clark Voorhees, Frances Walters, Clara Wonderly, Sadonna Neith, Louis Miller, Keith McPherson, Harry McClure, Irene Kirk, Richard Johnson, Alice Jackson, Betty Housier, Nathan Holtzberg, Roy Erwin, Kathleen Emrich, Lucille Detamore, Helen Detamore, Betty Crum, Wilma Carrier, Geraldine Campbell, Doris Bushman.

Gerardine Bolyard, Betty Bolyard, Max Atkins, Ralph Ahlermeyer, John Abbott, Charles Hall, Betty Abbott, Maxine Althouse, Nancy Antrim, Newell Beaty, Harry Channess, Beatrice Craig, Lewis Davis, Donna Dennis, Janice Dyer, Donna Foutz, Bernita Gregory, Dixie Hanna, Margaret Hart, Joe Hixson, Clayton Jensen, Sophia Kulak, Bob McKeeman, Elsenor Kneller, Alyce Lake, Patricia Lyman, Marjorie Miller, Pauline Molin, Nadina Mueller, Jack Powers, Thelma Roberson, Benjamin Roth, Marjorie Schelper.

Jean Seabold, Bernadette Shearer, Max Spencer, Audri Stahl, Marcia Steier, Marjorie Stratton, Janie Weir, Betsy Wolcott, Ruth Ellison, Helen Faux, Eileen Hoffman, Gladys Kenner, Valma Lehman, Ruth Morris, Betty Neeb, Betty Showalter, Mildred Trout and Nancy Valiton.

Harrison Hill School

George Pinkhousen, Richard Garton, Albert Ferguson, Marion Ehle, Forest Bricker, Gladys Beverford, Robert Hosack, Janet Nibel, Ralph Brown, Joan Rose, Harry Rinker, Thelma Pifer, Richard Peters, Vivian Oyer, Pauline Oetting, Jack Niernan, Betty Minneker, William Miller, Robert Merchant.

Ethel Kirtz, Betty Harris, Margie Lou Wickes, Fred King, Margaret Angus, William Hall, Owen Jenkins, Luella Liff, Dorothy McLennan, Arthur Miller, Dorothy North, Virginia Sprunger, Walter Staigh, Nathan Trumeyer, Margaret Wiles, Peggy Bacon, Helen Banks, Dorothy Bloemker, Joanne Bradley, Andrew Bremer, Melba Brindle, Marion Butler, Milo (Continued on page 8)

Speakers Bureau Continues

Public speaking activities, which are under the direction of Miss Dorothy Benner, will again be resumed this fall. A freshmen-sophomore speaking contest will be one of the outstanding events of the semester. The Speakers Bureau, an honorary society, which is comprised of students who have taken at least two semesters of public speaking, will also be active this year. An extemporaneous contest will be held, and also several debates.

All-American--N. S. P. A.; Medalist--C. S. P. A.; International Honor Rating--Quill and Scroll

"For Green and White With Main and Might"

South Side High School, Fort Wayne, Indiana--Wednesday, September 4, 1935

Price 10 Cents

Directions For First Day

The following are the directions for the first day.

1. The program for the day will be:

8:05-8:20	Home Room
8:25-8:40	Room 1
8:45-9:00	Room 2
9:05-9:20	Room 3
9:25-9:40	Room 4
9:45-10:00	Room 5
10:05-10:20	Room 6
10:25-10:40	Room 7

One bell will be sounded at the end of the period. At the beginning of each period the bell will be sounded the number of times corresponding to the number of the period.

2. Program cards are to be taken to the rooms as indicated, and are to be signed by the teacher in charge.

3. All program cards must be turned in to the seventh period teacher. Pupils who do not have seventh period classes must give their cards to the teachers of their last period classes.

4. a. During the lunch periods pupils must go to the gymnasium and remain there.
b. During the study periods pupils must go to their seats in the Study Hall.

c. Gymnasium pupils must report to the physical directors' office to have their cards signed.

5. No programs will be changed unless an error has been made.

6. During your Home Room period, fill all blanks on your program card.

7. There will be a meeting of all 9B pupils in Room S at 11:00 today.

8. Locks and lockers may be purchased from 10:45 to 12 and from 1:45 to 2:30 in the following rooms:

Boys	Girls
44-Bex, Chappel	146-Paxton, Magley
91-Heine, Windmiller	34-Welty, Woodard
82-Tudor, Sterner	68-Demaree, Rinehart
138-Flint, Wainwright	174-Hemmer, Benner
94-Davis, McClure	6-Smeltzly, Pocock

9. Books may be purchased from 10:45 to 12 and from 1:45 to 3:00 in the following rooms:

Botany	4	Algebra	16
Chemistry	4	General Math	54
Commercial Geography	4	Geometry	16
Civics	64	Physical Geography	14
Office Practice	12	Office Practice	24
Economics	12	Physics	24
United States History	8	Cooking	85
General History	8	French	90
German	144	Shorthand and Typing	24
Latin	30		

Second hand books may be purchased in the office after the first day.

10. Pupils who live outside the city limits, or whose parents live outside, must bring transfers. These should be in the office by Friday of this week.

11. Pupils who do not have Glee Club, Orchestra, or Band on their cards, and who want to take one or all of these subjects should see Mr. Wainwright in room 40. Periods for these subjects can be arranged only if the pupil has a vacant period at the proper time.

12. Attention of all pupils is called to the method of handling Absence Excuses. For Absence Excuses, pupils will report to the Study Hall. A written excuse, giving the date or dates of absence, and the reasons, and signed by a parent or guardian, must be brought by the pupil after the absence. Admit slips will be issued on presentation of the excuses.

13. Arrangements can readily be made to secure books for those pupils who cannot buy their own at the present time. Students who want help in securing their texts should take their lists to Miss Pittenger between 1 and 3 o'clock today.

Used Text Books To Be Sold Today

From 10:45-12, and 1:45-3:00, Today, Second-Hand Volumes May Be Purchased in Rooms.

Students who desire to purchase second-hand textbooks for this semester may do so from 10:45 to 12 and from 1:45 to 3 o'clock today. Used texts may also be secured in the office after the first day.

Arrangements can readily be made to secure books for those pupils who cannot buy their own at the present time. Students who want help in securing their texts should take their lists to Miss Martha Pittenger between 1 and 3 o'clock today.

The rooms where used texts may be purchased are as follows:

English—Book Room—Delancey, Peck.
Math—52—Thorne, Welborn.
Latin—30.
German—144—Schmidt.
French—40—Perkins.
U. S. History—8—Miller, Fiddle.
Gen. History—8—Miller, Fiddle.
Economics—12—Murphy, M. Crowe.
Civics—12—Murphy, M. Crowe.
Citizenship—64—Van Gorder.
Botany—4—Voorhees.
Physical Geography—14—Whelan.
Physics—14—Whelan.
Chemistry—4—Voorhees.
Health—32—E. Crowe.
Commercial—22—Furst, Covalt.

South Sider Drowns In Near-by Gravel Pit

Death took, during the summer vacation, one of South Side's students, Paul Thompson, a member of the class of 1937.

The fatal accident took place on July 16, in a gravel pit near Wayne-dale, where Paul was swimming with three boy companions. The cause of the death is not certain, but it is believed that the youth had an attack of cramps while swimming.

Paul was sixteen years of age, and a sophomore student. He graduated from the James H. Smart school in 1933. He will be remembered by many of his classmates for his pleasant disposition and good nature.

The youth's sister, Elaine, was a prominent member of the 1934 class, and is now employed at the Lincoln Life Insurance company.

Virginia Montgomery In Charge of Slips

Absence slips will again be obtained in the study hall from Miss Virginia Montgomery this year. To obtain these slips an excuse should be brought from home stating the reason for the pupil's absence. If the excuse is unacceptable the pupil will receive a pink slip which will not allow the pupil to make up his work. These slips should be signed by the pupil's teachers and returned to the study hall for filing.

Pupils who are tardy should also go to the study hall to receive their tardy slips.

Mary Pocock Will Instruct South Siders

Local '26 Graduate Is First One Ever To Teach Here; Will Be English Tutor.

The ever-increasing enrollment of South Side has brought about the requirement for additional teachers nearly every year. One of the new teachers this year is Miss Mary Pocock, a graduate of South Side in the class of 1926. Miss Pocock will teach English. Her previous experience has been teaching English at the Washington School since 1930.

After graduating from South Side, Miss Pocock attended Oberlin College in Ohio. While at Oberlin she majored in English, receiving her A.B. in 1930. Upon graduating she immediately accepted a call to teach at the Washington School where she has been associated until the present time.

While at South Side, Miss Pocock took active part in extra-curricular activities. She was secretary of U. S. A. and belonged to So-Si-Y. Math-Science, Wranglers, 1500, and Times where she was assistant business manager, copy editor, and associate editor. She was also in the county, and district Latin contests besides being salutatorian of her class. Miss Pocock is the first graduate of South Side ever to teach here.

Fifty-eight Grads Continue Studies

Many South Siders Will Enter Colleges This Fall; Purdue With Fifteen Claims Most.

South Side will be well represented in college and universities both far and near this fall. Fifty-eight of the class of '35 will continue their education in institutions of higher learning. Two will go to the far west to the University of California; two will go far to the south to enter Miami University. One has entered the U. S. Naval Academy.

Purdue, however, is the most popular fifteen are continuing their education there. Indiana is next in favor, nine grads choosing that school. Northwestern claims three. Ohio State, Ohio Wesleyan, and Ball State Teachers College will each receive two.

Those going to Purdue are: James Coffey, Fred Beeby, James Kimble, Richard Parmelee, Harry Mitchell, Harrison Simon, Garland Eickmeyer, William Kozma, Richard O'Conner, Robert Dirmeyer, Marjorie Rose, James Clapper, Duncan McLeish, Brower George, and Gordon Straley.

Those going to Indiana are: Ruth Jones, Albert Bidelot, Arleth Carvin, Elizabeth Somers, Walter Beckman, Ross Lee Miller, Edythe Thornton, Clarabelle Chenoweth, and Eleanor Rohrer.

Eugene Jackson, Shirley Sykes, and Betty English are going to Northwestern.

Others who are going to school are: William Hockett, University of Michigan; Robert Blomker, U. S. Naval Academy; Geraldine Smith, Western College for Women; Pauline Warner, Ohio Wesleyan; Dale Stoner and Edward Hackney, Ohio State; Sam Schauf and Albert Melching, University of California; Betty Brothers, Hanover; Franklin Meyer, Wheaton; Alice Hulse, Depauw; Aileen Branning, Wittenburg.

Mary Louise Newman, Ohio Wesleyan; Arthur Bowman and James Bair, University of Iowa; John Bremer and Dorwan Kessler, Ball State Teachers College; Robert Willson, Duke University; Virginia Crewdson and Betty Dickmeyer, Stephens College; Robert Lohman, Duke; Risher Hall, Valparaiso; Tom Conway, University of Michigan; Genevieve Phillips, Western College; William Geyer, Butler; William Knocke and Norwood Dalman, Miami; and James Elliott, Chicago Art Institute.

When asked by curious reporter how they spent their time during the summer vacation, some students revealed the secret of their happiness. Barbara Noble—I had the pleasant experience of tipping over in a canoe with my clothes on. We had to push the canoe a half-mile before we could get any help.

Don Hickman—I had a good time, and strange to say, I didn't break any bones.

Jim Roth—I played many a game of tennis.

Virginia Greiner—I spent much time improving my swimming.

Natalie Brennan—Instead of going into town on Wednesday nights at camp, I stayed home and had my buddies teach me a bit about the charming game of hop-scotch.

Marjorie Glass—I spent the summer nursing my little toe that a horse pranced upon.

Helen Flaig—I went to a house party and perfected my game of solitaire.

Helen Cox—I spent some time writing letters in Latin to various girls in the country.

Joe Bell—I played tennis the first three-quarters of the summer while I was working and the last quarter I played tennis anyway.

Delores Cleaver—I visited in a little town in Nebraska this summer. I got a kick out of watching the country folk go to town on Saturday nights. But they did have a pretty good swimming hole.

Marjorie Rohrer—I learned to dive and stand on my head in the water.

Dick Dingley—I tried to learn to drive, but most people gathered that I was successfully learning the art of side-swiping cars.

Bob Blomker Wins Annapolis Appointment

Robert Blomker, salutatorian of the class of 1935, has rejected the Rector scholarship to DePauw University in favor of attending the United States Naval Academy at Annapolis, Md. Bob was among the 123 honor high school graduates from thirteen states to receive an Edward Rector foundation fellowship.

The scholarship, valued at one thousand dollars, pays all tuition and fees for the four years of college work. More than five hundred candidates applied for the 1935 scholarships.

Bob, however, after having been named recipient of the scholarship, received word that he had passed his scholastic examination for entrance to the Naval Academy and rejected the Rector scholarship. He was unusually active in extra-curricular affairs at South Side, having been a prominent debater, and a member of the four-year honor roll and National Honor Society.

A Student's Best Friends

R. Nelson Snider

Freshmen, the first two persons you should meet at your new school, are your principal and dean. Mr. R. Nelson Snider is beginning his ninth year in the principalship of good old South Side. Whenever you need advice, go to him.

Martha Pittenger

Miss Martha Pittenger, dean of girls, has been helping students with their troubles since this school first opened in 1922. She will endeavor to aid you, too.

South Side Students Must Buy New Locks For This Year

It will be necessary for all students, including upperclassmen, to buy locks this year, since all locks were turned in last spring. Until a few years ago, this has always been the policy of the school, but for the past two years all students but incoming freshmen have been permitted to keep their locks from year to year.

A dollar deposit is required for each lock issued this fall. Those in charge of the sale of locks are to follow these instructions:

1. Issue no lock without the dollar deposit.
2. Be sure the pupil's name is placed on the half of the card which you keep.
3. Remind the student that he must keep the half of the card which he receives.
4. Check your cards and money, and make the report sent with the cards.
5. Check your report in with Mr. Snider the first evening. This should be done about four o'clock.
6. Do not leave cards or money where they can be taken.
7. Keep "open show" until lockers are all sold.

Following are listed the rooms where locks are to be sold and the teachers in charge of selling the locks:

Boys	Girls
44—Chappell, Bex	34—Welty, Woodward
82—Tudor, Sterner	174—Hemmer, Benner
91—Heine, Windmiller	146—Paxton, Magley
138—Flint, Wainwright	68—Demaree, Rinehart
94—Davis, McClure	6—Smeltzly, Pocock

Two 1935 Grads Get Scholarships

G. Eickmeyer Will Attend Purdue; Musical Award at Miami Goes to Norwood Dalman.

Garland Eickmeyer and Norwood Dalman, two of South Side's 1935 graduates, have been honored by receiving scholarships, it was announced recently.

Garland has been awarded one of the two \$3,200 scholarships given annually by the Pennsylvania Railroad Company from the Thompson Trust fund. The scholarship was made possible by the Purdue University special merit scholarship, which pays his tuition at the school. He will enter the engineering school of Purdue this fall.

Mr. Jack Wainwright, musical director at South Side, announced that Norwood Dalman had been granted a musical scholarship to Miami University, Miami, Florida. The scholarship is tentatively for one year, and if he is successful over that period, it will be continued for the next three years.

The scholarship was made possible by Walter Schaefer, musical director at Miami, who has been the guest director of Wainwright Camp at Lagrange which Dalman attended during the summer. He will leave for Florida in the middle of September.

Both boys were active while they were in South Side. Garland was a member of Torch Club, Junior and Senior Hi-Y, and he served as president of Model Airplane Club and vice-president and treasurer of Math-Science Club. He has won several model airplane awards and was elected a member of the National Honor Society. Dalman was noted during his high school career for his solo cornet playing with both the band and the orchestra. He won a letter for his work in the music department. Norwood also was a member of the Gospel Temple and News-Sentinel bands.

Cyclists Are Required To Obey Special Rules

Boys who intend to ride bicycles to school are required to have registration cards. These cards may be obtained from Mr. A. Verne Flint in room 146 during the first week of school.

There are special rules for riding bicycles to school. These are:

1. Keep your bicycle locked while it is parked at school.
2. Remove all accessories that you do not need on your bicycle and especially those which are easily detached.
3. It would be advisable to put the number which is on your registration card on the frame of your bicycle. This, of course, is not obligatory.
4. You may enter the building by any door before 8 a. m. At any other time enter only by the east door on the south end of the building.
5. When you return to the bicycle yard during the day, be as quiet as possible, so teachers and classes will not be disturbed.

Girls Asked to Aid In Office Positions

Any girl who wishes to work for Miss Pittenger or Mr. Snider during her study period should apply at the office with Miss Dorothy Alderdice on the first day. A girl will be needed each period during the day for office work at both offices. This should be done immediately as first applicants will be given preference.

Freshmen, Here's South Side. It's Yours for Four Years. Let's Make the Best of It.

Times Is After Subscriptions, With Goal 1500

Campaign Opens Today and Continues Three Weeks; Harriet Yapp in Charge.

Home Room Agents Work Is Important

Pupils Can Sign Promissory Notes and Pay 25c Down, Rest in Easy Payments.

First Three Times To Be Given Free

The first three issues of The Times will be given free to every student. This is done in order to get everyone acquainted with the paper, especially the incoming freshmen. After the first three issues one will receive no more unless he subscribes. The cost of the Times is seventy-five cents a semester. This amount can be paid in full or twenty-five cents down and the rest later.

Aiming to obtain the goal of fifteen hundred subscriptions, the Times circulation campaign opened today. The home rooms will again be the centers for the securing of the subscriptions.

The campaign this year is going to be the best since the establishment of the paper, thirteen years ago. Seventy-five percent of the students as subscribers is the desire of the staff with a probability that those unable to subscribe might also receive the paper. The interest in the campaign will be aroused among the students by a new and novel way, which will be announced in a later edition.

The campaign will end at the conclusion of the first three weeks of the semester. The first three issues will be distributed free among the students; and after the campaign closes only subscribers will receive the weekly issues. Anyone desiring to subscribe the first day may do so by going to the Times room, room 18, or to agents posted in the halls during the day.

The price of the paper, seventy-five cents per semester, can be paid in one sum, or in easy payments by paying twenty-five cents down and signing a promissory note, the rest to be paid at specified dates. To increase the interest of the parents in the paper and activities of the school, letters informing them of the conditions concerning the subscribing are to be sent.

Instructions for room agents were given at a meeting held Thursday, August 29. Other meetings will be held during the campaign.

Assisting the circulation manager, Harriet Yapp, are Julia Crabbell, Ina Claire Chappell, Helen Anderson, Ruth Henline, and Eleanor Vesey.

An incomplete list of agents for the following rooms follows:

Room	Teacher	Agent
4—Voorhees	J. Crabbell
4—Smeltzly	D. Russell
16—Wilson	D. McAlister
12—Murphy	J. Bell
14—Whelan	M. Mann
16—Fieder	R. Henline
22—Furst	B. Dygert
24—Covalt	V. Greiner
26—Parks	B. Scheele
30—Rother	D. Frost
36—Woodward	L. Menze
38—Rehorst	E. Vesey
44—Chappell	B. Noble
46—Bex	V. Fathauer
50—Wainwright	J. Bex
56—Oppelt	R. Garrison
58—Kiefer	M. Roth
60—Peck	B. Wolf
61—Ley	C. Krimmel
62—Kelley	B. Fudge
64—Van Gorder	D. Aldridge
65—Null	B. L. Wilson
66—Rinehart	J. Bonisb
68—Demaree	L. Johnson
70—Makay	D. Bennett
75—Mott	M. Gross
77—Dochterman	M. Borchert
80—Hodgson	D. Sinish
82—Tudor	M. K. Smith
85—L. Mellen	B. Storm
90—Perkins	S. Velkov
91—Heine	M. Hoff
92—Delancey	M. Paetz
94—Davis	I. C. Chappell
98—McClure	G. Jones
140—Magley	V. Mosel
142—M. Crowe	R. Chappell
144—Schmidt	T. Jaenicke
146—Paxton	B. Pugh
176—Sterner	B. R. Lehman
178—Benner	H. Anderson
S—Smith	F. Fritz
S2—Patterson	M. Haven
S3—Montgomery	M. Rippe
Cafe—Snider	V. Woods
Greeley—Murch	M. Turner
Gym—Briner	E. White

New Book Store Built To Accommodate Pupils

The new book store which is located under the west incline, is of great importance to all South Side pupils. It was built to more satisfactorily accommodate those pupils wishing to purchase second-hand texts. The only entrance to the book room is through the gym office, but there are two windows through which books may be examined and purchased by the students. One is located on the front hall and the other is the window formerly used for the G. A. A. office.

The books will be placed in the 225 cubby-holes which cover the walls of the room. Illumination is provided by three lights which are suspended from the ceiling. The floor is covered by the same material used throughout the school.

The room will be under the supervision of various teachers. The construction of the book room was under the supervision of Mr. Vonderau and his assistant.

Which Class for You?

The past month has witnessed the untimely deaths of two world-famous characters, Will Rogers and Wiley Post, mourned by a shocked world. In the same month, in fact, in every month, one reads of murderers being electrocuted, hunted like rats, and killed in gunfights.

Two men who have lived like MEN; countless others who know no principles except their own selfish impulses. Two men who realized that money is not happiness; countless others who have taken the property of others, but who get no real pleasure from it. Two men who have always held the highest respect of the world; countless others feared and hated by their fellow men. Two men who have left this world AFTER CONTRIBUTING SOMETHING PRICELESS; THINGS WHICH WILL ALWAYS REMAIN, MONUMENTS TO THEIR LIVES; countless others who have contributed nothing, but have done deeds the world wants to forget.

Into which class would YOU like to be placed after you die?

Let's Dance!

The far off jungles of Africa! Queer looking Siamese settlements! Central Europe! The western states!

What have these in common?

We were thinking of how all the countries on the globe, no matter how far apart, have their distinctive forms of dancing. Marathon dancing in the Congo; the distinctive statue-like dancing of the Siamese; the wild tango of the gypsies; the jiggy dances of the Hopi Indians; all have one source: the human instinct to move in rhythm.

It amuses us how much our modern dances resemble some of those of our "less civilized" nations. For some reason or other, we like to watch people on the dance floor.

One can notice the slow swaying typical of some types of Polynesian peoples. There is the exaggerated jiggle of the Hopis asserting itself in the "wiggles." Some people go around in circles like the early American Indians. One occasionally sees a couple trying to imitate the tango, a common sight—in the movies. Square dances remind us of the highland fling for some absurd reason. We imagine the Charleston must have been somewhat similar to one of these exhaustion dances in Africa.

Dance on, America! Let's see if we alone can possibly find a new way to jiggle, sway, or put other "uncivilized" nations to shame. Let's dance!

To the Teachers

The Times wishes to express its regret at the unfortunate accident experienced by Miss Kelley, who was just beginning a very interesting vacation in Europe. When one has worked hard for years previous to a fine trip such as that, it is a shame that a fractured leg should prevent it.

It is also unfortunate that Miss Rinehart should have been unable to enjoy her vacation, due to an operation.

We want to bid welcome to the new instructors at South Side, Mr. Burl Friddle, Mr. Maurice Tudor, and Miss Mary Pocock. We sincerely hope they will enjoy their associations here and they will like and be well-liked by everyone.

Our new coach, Mr. Friddle, should be a decided asset to the school, both in the capacity of coach and that of co-physical instructor. Mr. McClure has had a fine record as coach, having sent several Archer teams to the State Tournament, and having kept us in the front ranks of basketball, and it is with sincere regret that we heard of his retirement to full-time teaching.

We have personally had Mr. Tudor in his capacity as gym teacher at Harrison Hill and have seen him referee several basketball games, and we hope he will re-establish pleasant contacts with some of his former pupils.

We are, of course, proud of Mr. Field's appointment as principal of the Justin N. Study School. South Side is losing and Justin Study is gaining a very human person. Mr. Field's wit and friendliness will long be remembered among his former pupils and the teachers here.

We congratulate Miss Harvey on being named to the national committee on general courses in journalism, an undoubtedly well-deserved honor, everyone will agree.

Brass Tacks:

"Silence is a true friend who never betrays"—Confucius.

"My son Hannibal will be a great general, because of all my soldiers he knows best how to obey"—Hamilcar.

Carrying On With Joanne Smith

Note: Oscar Dibble, the regular author of this column was suddenly stricken by a violent attack of hiccups while out strolling three months ago, and has not stopped since. In the absence of our beloved writer, various colleagues will substitute for him. We're not so sure you would have liked him anyway.—Ed.

I've waited four years to be able at last to give advice to freshmen from a senior, and here is the moment! If you have been called the life of the party, even if it was a small party, and your puns don't bring forth too many awful groans, then maybe you fancy yourself a past master of the art of repartee (wise cracks to you). All I have to say is, don't try to out-wisecrack the Master Wisecracker, namely, Mr. Snider.

Once I thought up a good pun, and I waited many days to casually and very nonchalantly spring it on R. Nelson. Came the fatal moment, and he came right back with a pun that put mine to shame. You know the old saying, "You can't win?" Well, it was never more aptly applied than in this case.

Using a Phil Cookian expression, I see by the papers that we have a new coach. Welcome, thrice welcome! I hope he likes us, and, not to be conceited, I think he will. Mr. McClure was a grand coach, and personally I admired him very much for taking the tough breaks quietly instead of waving his arms and shouting. And can he teach history! He led me through many bloody battles and guillottines one semester and I really enjoyed it. Mr. Fields has been admitted to the mystic and marvelous organization of superhuman beings that are called Principals. Dear me, I don't know how I'm going to imagine him that way after getting used to him as a home room teacher that was as interested in each student's individual problem as he was in the future of our dear country.

It certainly makes me feel grand to see how many alumni have secured positions and made good at work and at college. I guess South Side really is a place to be graduated from. Freshmen, you don't know what a break you're getting this semester. Why? Miss Hodgson is coming back. She can make algebra very interesting. I remember when I was taking algebra from her, and there are various funny incidents that I can't quote, but were the highlights of my first year.

This seems to be mainly about teachers, but my mind is running that way. There are cynics who say that my mind often hobbles to the nearest stopping place and quits, but they are probably soured on life, anyway. I have noticed that when the great Back-To-School movement is in full sway, there is a certain sad, sorrowful look on the faces of the prospective victims, quite different from the carefree look they have when all they have on their minds is how to have a good time. Well, into each life some rain must fall.

Is there anything that can be done about the weather? If so, do something so that when the football games start, we can have football weather instead of swimming weather. Of course, there are times in the football season that we would appreciate a little warmth, but even with the cold nipping your fingers and toes, you enjoy it. It goes with football. Rambling roses are beautiful, but rambling poison ivy isn't as desirable, so I bid you adieu.

Who's Who In Archerland

Louis Bonsib, the new editor of the Totem, has worked on school publications ever since he was a freshman. He occupied the position of general manager of The South Side Times for the last four issues last term. Previous to acting as general manager, he worked as ad solicitor, advertising manager, business manager, news editor, and managing editor. He came out first in a national advertising writing contest conducted by a typewriter company, his winning advertisement being given a page in The Times. Outside the field of publications, he has taken part in dramatics, music and public speaking. He has been a member of Wranglers, Social Science, dramatics class, and played the violin in the orchestra when he was a freshman. A sister, Joan Bonsib, also attends South Side.

When Miss Sophisticate comes to high school, she tries to cover up her defects—with rouge.

It's really surprising how she wears holes in the rugs at home dancing by herself.

She used to tell fresh kids where to get off. Now she infers that they're quite smart, but pity her, she says, she's no one.

Her studiousness surprises her parents. She has boys helping her with her lessons all the time.

She's always taking notes in class—from everyone in the room.

Her boy friends wonder why the conversation always turns to coming parties and dances.

When she gets mad at a boy, he is surprised by her cheery greeting the next time they meet.

Back to Terra Firma

D-D-D-Don't!

Oh, listen to my story, Dear little freshies new! While we know all about the school, Perhaps you don't, DO YOU? Don't shiver while in public; You's pained expression lose; For if you are not nonchalant, You're apt to lose your shoes!

Don't search for elevators; What use are they to you? Don't let the upperclassmen use This joke; it's not so new. Don't walk into our book den And ask them for a card; If you don't want to be laughed at, You must be on your guard!

Don't fail to enjoy life And don't forget to dance; But you must surely study too; You have but this one chance! So now our tale is ended; Just part with this advice: Although you mustn't act too loud, You mustn't be like mice!

Secrets to Seventeens

Percolate—When school starts every one will come back into circulation and you will be plunked down in the midst of a lot of people. Here's a grand chance to make gobs of new friends if you percolate—mix—before you start being choosy. It is proper and conventional to speak to everyone in your classes. If you don't you will unconsciously acquire a reputation of being a snob. Be generous with your smile. Don't freeze solid and feel that everybody must speak to you first. Go out halfway to make friends with everybody. It's a big mistake to hang on the first person who speaks to you. Not only hang on, but get thoroughly tied up and stuck. This goes for the stronger sex, too. We sometimes don't realize how nice some people are and how much personality they possess until we give them half a chance.

Percolate — Don't form cliques. Don't always stay with your own little set. More friends create more personality! We all know that there are certain types of people who find it hard to mix with others, and therefore, each one should do his best to make these people feel that they are a part of the gang, too. Every one has experienced the feeling of being sort of an outsider in a large crowd. Mix with the crowd and meet lots of new people. If you must use your secret handshake or wise crack when in Sally Anne's or Betty's company, for goodness sake's explain it to the outsiders. In other words it's a major catastrophe not to percolate.

Keeping Up Appearances

By Helen Kelsey

Wardrobes for the popular high school miss are marked with variety in color and style. Buttoning down the front, in a stylish and unusual manner, is one of the distinguishing features of Miss Dorothy Alderice's white summer crepe ensemble. The jacket is fashioned with bell sleeves and a Russian neckline. The color to the suit is added by the embroidery work around the neck band and on the sleeves.

For cool evenings Ann Abbott chooses a pale yellow silk crepe sport dress. The neckline is adorned with a brown and white dotted kerchief of silk. The brown and white motif is carried out in two brown buttons on the front of waist and in brown and white pumps. JoAnne Smith selects for evening wear a pebble crepe of navy blue and green. The waist is of green and the skirt and kerchief are of navy blue. The cape sleeves add to the individuality of the dress.

The shirtwaist style has been very good for some time. It is still prominent in the wardrobe of many of the sub-debs of South Side. Lorene Schannon, an up-and-coming junior, prefers rose-colored lace for her shirtwaist dress. The plain trimmings give a tailored effect. A small, but perky brown bow at the neck adds the needed contrast near the face. Then the brown is carried out in the large brown wooden buttons from the neckline to the hemline.

The popular and famous Ruhl twins, Margaret and Marjorie, of South Side,

also have selected rose for the color of their linen dresses. Their two-piece linen suits are fashioned with one kick-pleat in both the front and back. The double-breasted blouse, being fastened with large brown wooden buttons, is made with short raglan sleeves. The small Buster Brown collar gives a very prim effect.

A very colorful dress of green, orange, and brown striped pique is worn by Marcelle Bandtel. It is styled on the lines of the wrap-around style, uniquely buttoning all the way up the left side. The buttons match the dress goods, being striped also, green and brown.

The nautical style has been more popular this year than ever before. The sailor influence may be noted in formal, semi-formal, and informal wear. Betty Wolf, now a dignified senior, attires herself in a sailor suit with a jacket for sports wear. Green shantung trimmed with white mild braid is the appropriate combination of which the ensemble is made. The suntan back may be covered with a green jacket that has quilted collar and sleeves.

A representative freshman, Betty Minneker, may be identified at South Side by her white linen suit, with a pinch-back jacket. The skirt is designed with two box-pleats in the front. Variety and color may be added by bright colored blouses. Betty takes advantage of this fact by having an ample supply of attractive blouses to wear with her suit.

Dictator of Italy Smithy's Son; Il Duce Formerly a Socialist

Note: This is the first of two articles about Mussolini.—Ed.

"Under a spreading chestnut tree
The village smithy stands;
The smith, a mighty man is he,
With large and sinewy hands;
And the muscles of his brawny arms
Are strong as iron bands."

—Longfellow

Which may account for the fact that Premier Benito Mussolini of Italy is such a large and muscular man, for his father was a blacksmith in the middle north of Italy, at Forli.

Benito first saw the light of day July 29, 1883. Born into a family of deep and conflicting opinions, the anti-religious and socialistic opinions of his father, and the deep religion of his mother both affected him.

The future Duce began his career as a school teacher, at the age of 18, at which time he became interested in the Italian socialists.

Being a wide reader of literature and feeling he ought to improve his education, he went to Swiss universities, supporting himself by manual labor. There he became actively engaged in socialism, making the country so hot for him that he was banned from it entirely, after getting a diploma as a French teacher.

Returning to Italy, he served his term in the army, and immediately got involved in socialist conflicts, consequently coming under police surveillance.

In 1908, he was called to Trento, then in Austria, as Secretary of the Chamber of Labor there. He became connected with a paper which favored annexing that part of the country to Italy and was expelled from Austria. In 1910, he founded a newspaper in his home town, Forli, where he swung away somewhat from the regular socialists because he thought they were compromising too much with the bourgeois spirit.

In 1911, he started a movement against what he believed to be a capitalist government expansion in Tripoli, declaring he wanted Italy cultivated, rich and free. He was jailed for five months.

In 1912, he began editing the official paper of the socialists in Italy, running up the circulation from 40,000 to 100,000 by his vigorous efforts.

Previous to Italy's entrance into the World War, he opposed entering on the side of the Central Powers, but favored war, which is against socialist principles. After being hoisted by his former followers, he founded "Il Popolo d'Italia" in 1914, a paper which had its influence in the younger generation, mostly composed of rough-necks, if we are to believe the report of a foreign correspondent.

In 1915 he was arrested for making a public speech in favor of revolution. He was slightly wounded in a duel with a more orthodox socialist in the same year. After Italy entered the war, he declared that everyone, of any political party, should fight, volunteering for action himself, although entitled to exemption as an editor.

He was wounded by the explosion of a mortar, and spent several months in the hospital recovering, in 1917, where he wrote his war reminiscences.

Thru the Wringer

"We get all the dirt." A main item of news is that George Anna Martin is on the verge of a nervous breakdown, because Bob Blomker has gone to Annapolis already.

Marian McAttee isn't going steady with Phil Bowser any more now that she recently moved near him, but has turned her attentions to Dick Orr and has managed to run in a date now and then with Bill Korte.

Ruth Garrison has been telephoned by so many North Side boys of late, and on the Times phone, that we suggest that they learn her phone number at home and call her there. Our head ad solicitor, John Bex, was overheard to say that Janice Cross is O. K. She ought to be flattered not flattened, because it is very seldom that he makes any remarks about anything of the opposite sex.

Theron King and Vera Mosel are still hitting it off together pretty good. They were seen at the dance at Tri Lakes on one Thursday night—kind of a long way from home for the young ones, isn't it? Something must be wrong with Bob Hoffman as he hasn't been in any accidents with his car for the last two weeks. Speaking of cars, David Gerig has been seen driving a brand new Oldsmobile around town. He sure ought to be popular now!

We wonder what kind of an affair Millie Hoff was mixed up in at Long Lake, when she tipped her boy-friend out of a canoe and into the water. What a woman! Virginia Gardner entertained a red-headed cousin this summer, who created quite a sensation among several of the prominent men. The attraction at Boy Scout camp that sent so much fan mail to Ruth Fritz was none other than Raymond Bixby, the make-up editor of The Northerner.

Jack Stumpf, who admits that he is only fourteen, brags about the dates that he has had with Ann Brothers. He was another sucker, but was he an all-day or otherwise? Many people have been inquiring as to where many of the notables of South Side spent the summer months. Well, here is some low down: Sally Rea spent most of the vacation at the Rea summer home in Northern Michigan; Paul Merkert was a junior officer at Boy Scout camp; Anita Catlett and Marjorie Glass were at Wainwright's camp for eight weeks; and last but far from least, Bob Hall gave the girls around Tri-Lakes a break.

Betty Schaff was rather lonesome as Gordon Parmelee was an officer of some sort at Camp Croesley, and could get into town to see her only on Thursday nights. Do you remember reading in the paper about a boy who found a small carved wooden statue that was declared to be an Indian relic in the St. Mary's river? Well, it is now known that Bill Hebermehl and Bill Fries were the creators of that statue. We wish to welcome to our school, Burl Friddle, and we hope he will like it here.

After he got out of the hospital, he returned to his newspaper work, supporting the occupation of Fiume, which caused him to be arrested. At this time, he founded his first fasci and used his influence to combat Bolshevism, which was coming into power in parts of Italy. He ran as candidate for Milan, but got few votes.

Following political murders and strikes by the bolsheviks, he swept Italy clean of reds entirely with his fascist forces.

Following this outstanding success, he and thirty-five fascists and ten tenationalist allies were elected to the Chamber at Rome in 1921. Fascism began to become firmly established in Italy, especially after it entirely broke a strike in August, 1922. Mussolini added many non-fascists to his party by upholding the monarchy. By this time, the fascists were the real power in the government, the regular one getting too weak to control the country or to prevent anything the fascists did.

The weak group in charge of the government had run up against a nut they could not crack.

Shoes and Ships

"The time has come," the Walrus said,
"To talk of many things;
Of shoes and ships and sealing-wax,
And cabbages and kings."
—The Walrus and the Carpenter

TREAT—John Bex, the advertising expert, made a bet with Miss Harvey concerning the amount of ads in the first issue last year. He will be seen any day now buying her a ten-cent Coca Cola.

WALL—If one had been at a popular lake dance hall early this summer, one might have seen the unusual sight of "Pat" Hoff doing the light fantastic with Bruce Hunt, N. S., '35, on a stone wall just adjacent to the water. But they didn't slip. Heck!

HOBBY—Herb Krabner's favorite sports is running through the Totem pictures and picking the best-looking girls on each page. He thinks Jane Davis is okay. No doubt he had a date with her. It seems he had an ex-date on each page.

JOLT—And then there was one of the fellows from up on Wildwood who nearly broke his neck falling out of a cherry tree in the lot next to Kettler's.

RACKET—Phil Green can be seen all over this end of town riding royally about on Rex Knorr's old washing-machine-motor car. He was riding around the street in front of Bacon's house when a neighbor lady requested him to take it away. It made too much noise for her!

SVENGALI?—It beats us the power this a-here Gwen Horn has over the weaker sex. We remember last semester Hugh Scott called her names one week and then next week she was a perfect angel, according to his column. To whom will she turn her talents to this semester?

WHEEL—Mary Kay Connell, all in the interests of transportation, was seen on a boy's bicycle. She says it's her very little bittie own! (?)

The dictator of Italy
Must lead a supreme life;
But judging Mussolini's rule,
We'd hate to be his wife!

FAREWELL—Ann Abbott: "Goodbye, John! Goodbye, Bryce! Goodbye, Joe! Goodbye, Jim!" Joe Bex: "We don't say hello like that, do we, Ann?"

Fly-swatting No Joke When Enemy Settles On Unsuitable Spot

To live peacefully during the summer months, the art of flyswatting should be developed by everyone. The plan of attack is as follows: Sit down on the porch and enjoy yourself. This is a sure way to attract your foe. When he appears, try to keep your eye on him. (I say "try" because it is impossible to follow him without acquiring a bad headache.)

Now don't try to be funny if the fly alights on someone's back. Finally, if the fly lights in a more desirable spot, approach him, exercising great caution. Now watch out, for that little brain about one-tenth as big as a pin-head is simply crammed with mischief.

Sometimes at the crucial moment the little pest will nonchalantly fly up and stop on the end of your nose, a very poor spot to attack. However, if the gods favor you greatly, he may alight and stay in the same place for as long as a hundredth part of a second.

Then, armed with a flyswatter (not a folded newspaper, because no one wants to read it after you have sprinkled it with the blood of your foe), raise the weapon and smite him a blow that would stow an ox.

Even then, you aren't supposed even to touch the fly on your first attempt. You will sometimes find him sitting on the other side of the flyswatter in utter defiance of your wrath.

However, don't get discouraged, for the batting average on flies is much worse than that of the poorest hitter on the Brooklyn Dodgers (what's in a name?) and that's putting it pretty low!

288 Students Secure Places On Honor Roll

Last June Roster of Pupils With Excellent Grades Announced by Mr. Snider.

Sophs, Juniors Hold High Honors

Seniors Trail 86 of Leaders With Close 74; Freshmen Are Last With 42 Pupils.

Two hundred eighty-eight students qualified for the June honor roll, according to the announcement made by Mr. Snider, principal. The juniors and sophomores used for first place in the two classes. The seniors took second honors with seventy-four members on the honor roll. The freshmen came in last with forty-two students qualifying.

The complete list according to the classes follows: Seniors—Joseph Bane, Charles Baumgartner, Virginia Beck, Wayne Bender, Donald Biecke, Robert Blomker, Alleen Branning, John Brumby, Jane Brunkman, Anne Brumbaugh, Dale Burgenet, Dorothy Canaan, Arieth Carvin, Clarabelle Crenoweth, Catherine Conneit, Pauline Crabb, Eleanor Cupp, Garland Dickmeyer, Georgianna Engle, Betty Engman, Dorothy Fathauer, Fred Forbing, Emily Gardner, Robert Gaskill, Dorothy Gaskill, Dorothy Goeglein, Rynlis Graham, Lloyd Grodman, Jeannette Harlan, Catherine Schannan, Helen Hughes, Alice Hulse, Ruth Jones, Ruth Keller, Clayton Kilpatrick.

Jane Kimble, Robert Klopstein, Elsie Koch, Ellis Lochner, Robert Lohman, Robert Long, Maxine Manock, Duncan McLeish, Betty Medaris, Judson Melton, Herbert Meyer, Margaret Murphy, Alma Nitzsche, Kathryn Pape, Betty Ann Pettit, Frederick Prange, Paul Randall, Mary Rose, Louise Schaefer, Richard Schannan, Robert Schelper, Glenn Seabold, Alice Mae Seibold, Maxine Siler, Robert Simminger, Harrison Simon, Geraldine Smith, Mary Snider, Elizabeth Somers, Harriet Storm, Elgain Stump, Paul Suterlin, Shirley Sykes, Alwita Tarney, Edythe Thornton, Ernest Trapp, Max Trith, Edward Turner, George Vorndran, and Betty Wainwright.

John Bremer, an outstanding member of the 1935 graduating class at South Side, has recently been honored with a scholarship to Ball State Teachers' College at Muncie, Indiana. John participated in many club activities, was general manager of the Times, and belonged to the National Honor society and four-year honor roll.

Three South Side students were among those who received awards at the special Tercentennial commencement exercises last June in the North Side High School stadium. Harrison Simon, known for his work in athletics here, was presented with a freshman scholarship in the school of engineering at Northwestern University.

Ursula Morton received a fifty-dollar scholarship from the Business and Professional Women's Club. Ursula was general manager of the Times, a member of Quill and Scroll, and was elected to the National Honor Society, besides being active in many clubs.

John Bremer, also a member of the National Honor Society, Quill and Scroll, and a former general manager of the Times, was given a medal by the Kiwanis club for being the outstanding boy in the senior class.

Eugene Hathaway and Gilbert Johnson, both graduates of North Side, were awarded scholarships from Northwestern University. Eugene Hathaway also received a Kiwanis medal for being the outstanding boy in his class.

Mary Aldred, of Central, and Marie Wurttenburger, of North Side, were the recipients of scholarships given by the Business and Professional Women's club. All awards were presented by Merle J. Abbott, superintendent of the Fort Wayne public schools.

Doors Open Here At 7:30; Close At 4

The doors to South Side open officially at 7:30 and close at 4. However, on many occasions during the winter, when the weather is cold, pupils come early; and the janitors are forced to open the doors and let the early-comers in lest they freeze.

Most clubs and other extra-curricular activities after school hours last later than 4 o'clock, so pupils attending these must be able to leave. Thus the main entrances remain open after 4. However, after 4, one may not enter the school from the outside.

The offices of Miss Pittenger and Mr. Snider are open from 8 a. m. to 4 p. m.

Hall Rules Issued; Pupils Must Obey For Speed, Safety

The following hall rules have been issued by Mr. Snider, and it is imperative that they be obeyed by every student in a school as large as ours with nearly two thousand students.

1. Never run in the halls.
2. Keep to the extreme right.
3. Go into your classrooms when you get there.
4. Don't clutter up the halls in groups.
5. Don't walk three or four abreast with arms interlocked.
6. Don't carry your materials in such a way as to poke or hurt someone.
7. Don't saunter—others are behind you.
8. Don't try to roughhouse or wrestle.
9. Remember the other fellow!
10. Pupils may enter the building in the morning when they arrive and are at liberty to go where they please until time for the home room period.
11. No pupil is to be in the halls during a period without a hall pass. Halls include locker rooms, gymnasium, ramps, etc.
12. Hall passes

- a. Permanent hall passes will be issued only by Mr. Snider.
 - b. All hall passes must be issued by teachers.
3. Hall passes must be dated, tell where the pupil is going, and give the exact time of issuance.
 13. Pupils returning to the building during the fifth period may enter the north, the main Calhoun, or the east door. They may go directly to the gym or to the study hall. They must stay in the room to which they go until the end of the period. Pupils wishing to go to the study hall must not enter the north door, of course.
 14. Pupils who have the fourth period off are not permitted to enter the building during that hour. Classes will be in progress in the gym and elsewhere.
 15. Pupils who go to the cafeteria the fourth hour must remain there all period.
 16. Fire drill traffic:

1. The warning signal is the fire siren.
2. Students are to form in two's inside the classroom door.
3. Teachers are to accompany the class out.
4. All students must leave the building.
5. Students are to walk rapidly—not run.
6. The first two pupils out any set of doors are to hold the doors open until all classes have passed out.
7. First classes out must go far enough from the doors to prevent any congestion there.
8. The fire drill is to be conducted without talking or disorder.
9. Classes are to stay outside until the siren sounds for them to return.
10. The order of passing shall be:

- Main Calhoun Street—North Side: 2, 4, 6, 142, 140, 138. South Side: 98, 96, 94, 92, west of S. 90. Gumpner Avenue—South west, Right: 84, 86, 88, 85, 91, 174, 176, 178. Southwest, Left: 82, 80, 79, 78, 77. Southeast, Right: 72, 74, 76, 65, 61. Southeast, Left: 70, 68, 66, 64, 62, 60. North Calhoun—Left: 12, 10, 8. Right: 14, 16, 18, 20. North Entrance—Left: Gym, Cafeteria. Right: 22, 24, 26. Northeast Entrance—28, 30, 34, 36. East Entrance—Left: 48, 46, 44, 41, 43, 40, 38, 144, 146. Right: 52, 54, 56, 58, east of S.

Where students from two rooms may walk four abreast, they should do so. Two drills will be held a semester so that the students may become better acquainted with the regulations.

Richard Gents, Richard Gerke, Carl Goebel, Joan Gunter, Lillian Gunzenhauser, Evelyn Habig, Dorothy Hall, Ruth Henline. Audrey Jeffries, Robert Jones, Martha Kessler, Richard LaMar, Max Magner, Edward Marschand, Dalton McAllister, Elizabeth Neff, Betty Pugh, Edward Reeves, Arno Schelper, Eugene Schmidt, Frieda Schubert, Robert Shmel, Herman Spillner, Henry Vellkoff, Eleanor Vesey, Richard Weaver, Charles Will, Betty Williams, Betty Lee Wilson, Betty Wimmer, Viola Yanney.

Marjorie Ruhl, Lorraine Schannan, Dorothy Scheele, Marjorie Scheuman, Katherine Simminger, Donald Sinish, Donald Sparkman, Lewis Squires, John Staley, Robert Storm, John Thackeray, Charles Thorne, Marjorie Turner, Forrester Valentine, Geraldine Valton, Claudine Wells, Elmer White, Marie Winkler, Kathleen Witmer, Clifford Zeig, Jessie Ellen Zol-lars.

Freshman—Ruth Baade, Evelyn Baldwin, Joseph Bex, Charles Bollman, Joan Bonsib, Norman Budde, Mattie Lou Coats, Helen Cox, James Craig, Phyllis Culver, Phyllis Geller,

Wins Ball State Scholarship

Library Rules Are Announced By Librarian

Students to Aid Miss Shoup; Approximate Total Books Is Estimated at 6,000.

Now that school is in full swing, we must turn to our helpful library to aid us in our studies. The library is one of the main parts of the school. All students are permitted to use it during their study periods.

Miss Shoup, who has been with the school for nine years as a librarian, has been of great aid in helping the pupils select the books on subjects pertaining to our school work. Miss Shoup made the statement that out of 6,000 books (approximately the amount of books in the library) the most called for are English and social science books. About 125 books in the library are owned by the school itself. Two-thirds of these 125 books are fiction.

There will be no new books added to the library this fall except for a few English 6 books. All of the scholars who are to assist the librarian have not yet been selected. Some of the juniors, who worked last year helping Miss Shoup will continue their work this fall. Miss Shoup requested that all of those who wished to work in the library to place their applications with her last spring. From this group, Miss Shoup will select the ones she wishes to use.

From 7:45 in the morning until 4 o'clock in the afternoon the library is open for use during study periods or after school.

Miss Shoup requests that the following rules be enforced in connection with the use of the library.

Anyone in the school is permitted to borrow at one time as many books as are needed to help with school work.

If a book is not returned before 8:05 o'clock on the day that it is stamped due, a fine of five cents for that day and every other day that it is overdue will be charged.

Books of fiction should be returned within two weeks without the privilege of renewal.

Most supplementary and reference books may be kept only one night or one period.

When one comes to the library to study for the whole period, he should sign his name and his seat number on his admit slip and should then remain the entire period to do library work only, or return to the study hall when he has finished all reference work necessary.

When the dismissal bell rings, all books and magazines should be returned to their places on the shelves, or placed on the large desk at the front of the room.

To reserve a book one must leave a request at the desk and call for the book before 3:30 o'clock or it will no longer be reserved.

Students are to remain in the library only one period unless they are carrying more than one subject that requires reference work, in which case permission for entering the library a second period may be obtained from the librarian.

Mathematics and shorthand may not be studied in the library, since these subjects do not require library books, except in special cases.

Wilbur Haley Named Adviser of Spotlight

Fred H. Croninger, principal at Central High School, announced recently that J. Wilbur Haley, a teacher of history and civics at Central, has been named faculty adviser of the Spotlight, weekly newspaper of the school.

Mr. Haley will succeed John R. Jones, commercial teacher, who directed the publication last year. Mr. Haley was transferred from the Franklin School to Central in February. W. W. White will continue his duties as adviser of the school year-book, the Caldron.

Mathematics and shorthand may not be studied in the library, since these subjects do not require library books, except in special cases.

Wilbur Haley Named Adviser of Spotlight

Fred H. Croninger, principal at Central High School, announced recently that J. Wilbur Haley, a teacher of history and civics at Central, has been named faculty adviser of the Spotlight, weekly newspaper of the school.

Mr. Haley will succeed John R. Jones, commercial teacher, who directed the publication last year. Mr. Haley was transferred from the Franklin School to Central in February. W. W. White will continue his duties as adviser of the school year-book, the Caldron.

Changes In School Building Are Few

Gym Floor Is Refinished; Rooms Are Given Good Cleaning; Ora Davis' Office Is Moved.

Even though not very many changes have been made about the building of South Side High School, it has had a good general cleaning. All rooms have been washed and the seats were thoroughly scrubbed. A small amount of plastering was done in rooms where it was badly needed. The gym floor was refinished and varnished.

Mr. Ora Davis has moved his office, which used to be with Mr. Briner, to Mr. McClure's former office at the north end of the gym.

The room next to the girls' gym office, which was used as the G. A. A. club room, has been changed into a book store.

Mr. W. N. Mason, one of the janitors of South Side, stated that there may be some painting done in the office, if time permits.

Scholarships Awarded C. Hirshman, B. Brothers

Catherine Hirshman and Elizabeth Brothers were named winners of the Indiana University Extension Division and Hanover College scholarships respectively. The girls, who graduated from South Side last June, were very active in school activities.

The \$100 scholarship which Catherine received is sufficient to pay two-thirds of the tuition during her freshman year. While at high school, she was a member of the four-year honor roll and National Honor Society and belonged to the Wo-Ho-Ma, U. S. A., Po-Si-Y, French, Library, G. A. A., Pebble Pups, and Travel Clubs.

The Hanover award will pay \$75 on Elizabeth's expense. She belonged to the Philalethian Literary Society, Math-Science Club, French Club, and Meterites during her high school career at South Side.

Looking From Ambulance, Miss Kelley Sees Tower of London

Last spring two members of South Side's teaching staff were planning travel cruises to Europe. One of these teachers reached her destination. She is Miss Eleanor Smeltzly, who, with her

sister, Miss Mary Catherine Smeltzly of Central High School, took what is known as the Northern Wonderland and Russian DeLuxe Cruise. They sailed a few days after the close of the school year on the steamer Reliance; and arrived back in the States only a few weeks ago. Their journey took them to Iceland, Finland, Sweden, Denmark, Estonia, France, Germany, Norway, and most important of all, Russia.

The other teacher, however, had the unique experience of seeing the Tower of London from an ambulance after her long-planned vacation tour of England and France was cut short when she fell on the deck of an ocean cruiser and suffered a fracture of her left leg.

Together with Miss Ruth Brown of Central, Miss Elizabeth Kelley left Baltimore, Md., on June 19. Six days later, during a period of rough sailing, Miss Kelley sustained the fracture which cut short her vacation. It was after the boat docked in London that Miss Kelley, on her way to a hospital, saw the more interesting sights of the city; among them the famous Tower. The process of setting the fracture and placing it in a cast required several hours, but the total time the two teachers spent on English soil amounted to only seven hours.

"Those seven hours we spent in England had some good points, but were really rather disappointing, considering that we had intended to spend practically the whole summer there," stated Miss Kelley.

From London, the Misses Kelley and Brown went to Hamburg, Germany, where another x-ray of the fracture was taken. "We stayed in Hamburg for four days, but I didn't see much of the city because all the ambulances have frosted glass windows," Miss Kelley continued. "I don't believe I've ever done so little talking and eating, for I couldn't appreciate the German style of cooking and I don't understand a word of the language."

After leaving Hamburg, the boat touched at Le Havre, France, and then continued back to the United States. Since arriving at Fort Wayne, Miss Kelley has been confined to the Lutheran Hospital. She hopes to return to South Side today, but if circumstances do not permit, a substitute will be employed until she is able to resume her teaching position here.

Bulletin Boards Prove Valuable

Daily Bulletins Also Serve To Enlighten Student Body by Purveying of Information.

There are various ways by which pupils may learn about extra-curricular activities. It is possible to obtain the information through the school paper and old members. Another way is through close observation of the bulletin boards. Each club in the school has its own bulletin board somewhere in the halls on which they post notices for meetings.

There are also the daily bulletins read in each home room. Club meetings are announced in the bulletins on the day on which they are to convene. Any special report from the principal, dean, or any teacher is printed in it. When anything is lost that is of worthwhile value, the dean inserts an item in the bulletin. There are also the notices for assemblies, tea dances, athletic activities, schedules for the days on which assemblies are held, as well as other things of general interest.

Thomas Fields Is To Be Head Of Study School

Social Science Pedagogue Will Succeed R. E. Shriner As J. N. Study Principal.

Thomas Fields, a social science instructor at South Side High School for the past six years, on August 3, 1935, was named principal of the Justin N. Study school, on Brooklyn Avenue, by Merle J. Abbott, superintendent of Fort Wayne Public Schools. Due to the promotion of Richard E. Shriner to the principalship of the Hoagland School, which position was formerly filled by the late S. B. Plasket, Mr. Fields received his new appointment, filling Mr. Shriner's place. Mr. Fields received his degrees from several universities. He received his A.B. degree in social science from Ball State Teachers College, Muncie, in 1927. In 1928 he received his A.M. degree from Indiana University, Bloomington. Mr. Fields has had a great deal of experience in his line of work. From 1917 to 1920, he taught school in Lauderbeck and Conklin in Hancock County, and also taught in Charlottesville school from 1920 to 1924. He gained experience in principalship during the years between 1925 and 1929 when he served as principal of the Wilkinson high school, formerly his own school. In the fall of 1929, Mr. Fields accepted a position as social science instructor at South Side High School. His former services and favorable recommendations from Mr. Merle Abbott certify his ability to successfully handle his new position. Mr. Abbott states that Thomas Fields' service in South Side has been outstanding. Summer finds Justin Study's new principal serving on a supervisory staff of Camp Crosley, a boys' camp at Lake Tippecanoe.

Girl Reserve Meet To Be At Yarnelle

Annual Setting-Up Conference To Be Held September 6, 7, 8; Officers, Advisers To Attend.

This year, as in former years, the officers and advisers of the High School Girl Reserve clubs will hold a week-end "setting-up" conference at Camp Yarnelle, Winona Lake. The conference is to be held on September 6, 7, and 8, and although the sessions will not open until Saturday morning at 10 o'clock, many girls will arrive at camp Friday evening. During the sessions, plans will be made for work to be done by the clubs during the coming school year. One of the most interesting features of the conference will be an exhibit of program material used by the various clubs. On Saturday an interesting discussion will be held on the city-wide Girl Reserve activities during the next school year. Later the officers of each club will meet separately to discuss the specific work of each officer. The clubs which will send their officers are North Side Polar-Y, Central Triangle and Friendship, and South Side So-Si-Y and U. S. A. The committee in charge of the program for Saturday evening is comprised of Vivian Welborn, Anne Tucker, and Jeanette Welker. The Sunday morning service is in charge of Betty Rison. She will be assisted in arranging the service by Helen Meese and Ruth Reitz. The meals will be arranged by Miss Glenna Lea Brown, new assistant secretary of the Y. W. C. A. She will be assisted by Betty Rison, Marie Franke, and Vivian Welborn. The officers of the South Side Girl Reserve clubs who will probably attend are: from So-Si-Y, Anna Bremer, Verna Holtman, Harriet Basford, Virginia Greiner, Betty Rison, Ruth Reitz, Ruth Roadcap, Miss Rinehart, Miss Smeltzley, Miss Miller, and Miss Woodward; from U. S. A., Julia Crabill, Helen Meese, Vivian Woods, Barbara Raymond, Miss Kelly and Mrs. Welty.

Allen County Teachers Hear College Director

Allen County teachers from outside of Fort Wayne were addressed by Dr. H. J. Arnold, Ph.D., director of the division special schools on August 29, at two meetings of the Allen County Institute at Wittenberg College, Springfield, Ohio. During the morning session he spoke on "The Teacher's Personality" and in the afternoon on the "Supremacy of Spiritual Factors in Teaching." Dr. Arnold held the presidency of the Ohio Conference on Adult Education.

Fields Appointed Principal

Thomas Fields

Mr. Thomas Fields, one of South Side's favorite social science teachers has been recently appointed principal of the Justin N. Study school. Mr. Fields attended Ball State College at Muncie.

Simplified Physics Course Suggested For Feminine Sex

"If enough girls would choose Physics as a subject, the course could be modified to make it more simple and interesting for them," stated Mr. Louis Hull, when interviewed concerning the interest displayed by girls in Physics. "Each year the number of girls in my classes varies. About two years ago, we had many girls, due to one young lady who took Physics and fell very much in love with the subject. She urged all the girls to enlist for the subject, and many of them took her advice," he further stated. The general tendency all over the country is to modify a course for girls. When it is given for girls to a great extent, this is the most practical application. The course, as it is generally given, is more practical for boys than girls; however some parts of the course are more interesting to girls than to boys. The parts that interest the girls most are heat, the conductivity of heat through materials, the effect of pressure on the boiling point, and on pressure cookers, the physics of sound and music, the simpler appliances of electricity, and the physics of colors and light. Electricity, mechanics, lever machines, pulleys, axels, steam engines, and water pressure are most interesting to boys. "Girls who take physics usually make the best grades, because generally, they take it for a definite reason, and know that they have to work hard. Most boys have put a radio together or taken a battery apart and think that they know all about the subject, so they don't bother to study," concluded Mr. Hull.

South Side Graduate Receives Art Award

Four outstanding graduates of the Fort Wayne high schools have been presented scholarships to the Fort Wayne Art School for the first-year study. The awards were determined by the submission of work by the candidates. The work submitted included twelve drawings such as sketches of furniture and running animals. The contestants also had to write essays on their hobbies, on paintings, artists and sculpturing. The winners are the following: from South Side High School, Elizabeth Marie Hampel. White in South Side she was in the Travel, Meterite, German and So-Si-Y Clubs; from North Side High School Marjory Hegelfeld and Dorothy Aumann; and from Central High School, Carol E. Sharp.

Ten Journal Carriers Win Trips To Detroit

Ten of the sixty-five Journal-Gazette carriers, who were awarded a two-day pleasure trip to Detroit, are students of South Side. The trip was their reward for their splendid work in a circulation contest held between August 1 and 17, when 2,000 new orders were received. Five of these boys, Earl Rarick, Robert Locke, Ralph Spayde, Richard Kaiser, and Norman Miller, as a special prize in the contest, were transported to Detroit by airplane. Those who left Tuesday morning by train with the others are Jack Kelly, Herbert Kramer, Richard Miller, Richard Schlink, and Donald Kaiser. Wednesday the boys went on a 122-mile boat trip to Port Huron, Michigan. They left Detroit Wednesday evening at 8:30 p. m., arriving in Fort Wayne at 11:33 p. m.

Special Issue Of Times Gets Highest Award

Paper Receives Certificate With Names of Principal, Journalism Adviser, Staff.

With the 300th Anniversary of National Education, came more laurels to the South Side Times when this publication received the Tercentenary Memorial Award, the highest recognition attainable. Last May the National Education Association sponsored the contest in which was entered the issue of the Times commemorating this occasion.

In a letter to Miss Rowena Harvey, Mr. C. C. Harvey, executive secretary of the National Association of Student Editors, wrote, "This special recognition indicates that your school, and especially the staff of your paper, has made an outstanding contribution to the foremost educational event of the year, the Tercentenary Celebration of Secondary Schools."

A beautiful certificate, containing the names of the members of the staff, journalism advisers, and principal, is to be awarded to our paper about September 20, 1935. It will contain the signatures of the executive secretary of the National Education Association, the editor of the Journal of the National Education, the National Association of the Student Editors, and the United States Commissioner of Education.

As before stated by Mr. Harvey that service pertaining to this event was the main reason for the issue, a service unit was organized during the past year. The Vitalized School Journal, the official organ of the National Association of Student Editors, was developed as part of this service. The chief work of the unit is made up of (1) service to the student editors, (2) service to student debaters, (3) promotion of American Education Week activities in high school, (4) helps for schools in planning commencement activities.

Mr. Nelson Snider Spends His Summer Taming Farm Horse

It looks as if Mr. R. Nelson Snider has gone back to the soil, or at least he thinks that the farm is the best place to live and learn. During his summer vacation he turned farmer, and quite a good one at that.

Mr. Snider had many duties to perform each day on his farm. Evidently, he was supposed to help the hired man. He spent much time in plowing, hoeing, and pulling weeds, the latter of which he grew an exceptionally large crop.

He grew corn, oats, wheat, hay, and potatoes. We only hope the price of those crops doesn't go sky-high because of a shortage.

Mr. Snider learned to know individually each of his animals on the farm. He learned to know one of his horses especially well. This horse was a nice gentle little steed who refused to be tamed. (However, Mr. Snider wouldn't believe this until the horse decided to prove to him that he really meant that he wanted to be wild). One day, Mr. Snider boldly mounted his gallant steed. Away this spirited horse jumped (but fortunately, Mr. Snider jumped in a different direction than did the horse). Mr. Snider said that he was trying to tame the horse, but evidently, the horse had in mind to tame Mr. Snider. However, from each steed someone must fall. The horse has not been ridden since that day.

But still, Mr. Snider says that he loves farm life and would like to live on the farm always.

Cafeteria Worker Dies

Mrs. Katherine Bauer, who made salads and operated the electric dishwasher in the cafeteria at South Side, died Sunday, August 18, at the St. Joseph's Hospital. She had been ill for six weeks.

Mrs. Bauer, known by friends as "Kitty," had worked in the cafeteria for approximately ten years.

Personal Mention

Sonia Velkoff toured the West where she visited the San Diego Exposition for her vacation. Harriet Yapp spent most of the summer at her cottage at Lake James. As a delegate from So-Si-Y, Ruth Rose and Virginia Greiner attended a Girl Reserve Convention at Camp Yarnelle on Winona Lake. Ruth and Virginia also visited their cottages at Lake James and Lake Papakeeche, respectively. Jim Sweet vacationed at St. Louis, Chicago, and Long Lake.

In a recent essay sponsored by the American Boy Magazine, Joe Bex was one of the fifty winners in the United States. The subject of the essay was, "Six Reasons Why I Wish to Visit Japan." Five dollars worth of Japanese merchandise will be Joe's prize. Maxine Rippe spent a month in Detroit, then, with Harriet Schaeffer, she visited Mammoth Cave and other interesting places in Kentucky.

JoAnne Smith and Ann Abbott enjoyed a short visit in Saint Joe, Michigan. Mildred Hoff vacationed at Long Lake part of the summer.

Joan and Louis Bonsib traveled East, making New York City one of their stopping places.

Instead of vacationing, Louise Miller was taken to the Lutheran Hospital where she had an appendicitis operation.

Betty Wolf spent two weeks of her vacation at Lake James.

Tom Geller enjoyed his vacation, which he spent at Long Lake.

Ruth Fritz was Betty Ann Schaff's guest at Crooked Lake.

Robert Baker, Arthur Engleking, Robert Shokman, Gerald Walker, Philip Wendall, Jack Rosenberger, Harold Roberts, William Fries, Robert Schrieffer, Robert Strawbridge, Richard Strasser, Robert Faust, and William Hebermehl were the South Side boys who enrolled in C. M. T. C. at Fort Benjamin Harrison this summer.

Upon returning from St. Joe, Michigan, Peggy Kilpatrick was the guest of friends in Little Rock, Arkansas. Mr. Alvaro Ferlini attended Summer school at Notre Dame where he worked on his masters degree in mathematics.

Among the graduates at the recent graduation exercises of the International College were Beulah Colicho and Marie Butler, members of South Side's classes in 1935 and 1934, respectively.

Norman Buck has just returned from a visit with Paul Johnson of Indianapolis, a former classmate at South Side.

Betty Rose Lehman was the guest of relatives for several weeks at Glen Isle Beach, Lake James.

Among other vacation trips, Dorothy and Barbara Lee Scheele were guests at the Wermuth cottage at Lake James.

For one month, Jean Bollman vacationed at her cottage at Klinger Lake.

Bernadette Dygert went to Chicago for a week end.

June Haeger spent nearly the whole vacation with her parents at their cottage at Camp Arcadia on Lake Michigan.

Ruth Stoner was the guest of Joan and Robert Lohman at Walloon Lake, Michigan.

Doris Bennett stayed at her cottage at Lake James for one week.

Hilda Spangle traveled to Pennsylvania for her vacation.

Rebecca Wermuth had Dorothy Golden and Georgianna Dewald as her guests at her cottage at Coldwater, Michigan.

Sally Rea spent the whole vacation at Leland, Michigan.

Maxine Howard visited Vera Crise at Lake Levine.

John Miller poked through Bridgerton, Conn., New York City, Washington, Buffalo, and Detroit by himself for a month.

Grace Nelson spent some time in New York state.

Directed Study Very Beneficial To Each Pupil

Was First Introduced in 1933; Plan Effective for Both Teachers, Pupils.

Supervised study was first introduced in South Side in the fall of 1933. Its fundamental purpose is not to make the work of the pupil easier, but to make the work more effective. It has been proved that since we have had supervised study there is no less studying to be done, but that the results obtained from this form of study are much greater. This plan was not chosen because it would make the receiving of an education any easier, but because an education is received only as a result of untiring effort.

The use of the plan varies in the different subjects studied. The same procedure is not used at the beginning of a unit of work as that used when reviewing the unit.

The pupil need not expect that the time will always be evenly divided between study and recitation, but generally speaking it will be over a semester of work.

As a usual thing, the recitation will come the first part of the period. The studying can then be done while the subject is fresh in the pupil's mind. During the study period any point which is not understood can be worked out with the teacher. The teacher often gives worksheets to find out how much one has received from the lesson.

Much of the value of supervised study comes from the opportunity afforded the teacher to give more detailed and explicit assignments. The work to be done will be more definite; the main parts of the lesson will be pointed out; and the lesson will consequently be made easier.

It is a generally known fact that all pupils do not have the same knowledge on the same subject. Because of this, each pupil will not have to put the same amount of study on each subject, but more on some subjects and less on others. It is best if individual instructions can be given to each pupil, but the amount of time in each class does not permit this.

The supervised study period furnishes an opportunity for the teacher to discover what information the pupil possesses on the subject. This will enable the teacher to help the pupils on their weakest subjects.

Boy Scouts Tour East On Rovering Expedition

Four students of South Side were among the forty-nine boy scouts who left Fort Wayne on August 20 on an eight-day "rovering expedition" through the east as a substitute for the National Jamboree which was called off by President Roosevelt because of the infantile paralysis epidemic.

The Lincoln National Life building was the meeting place for the group. After pictures were taken, they proceeded to the Pennsylvania station. The four South Side leaders on the expedition were Jack Stumpf, Kenneth Carbaugh, Arthur Pontius, and Robert Storm. The tour leaders included Leroy Lane, Morton Pareira, Leo Didier, Herman Riley, Gray Woodcox, and L. L. Hotchkiss.

South Side School Teachers Travel, Study During Summer

Although South Side's faculty number is small compared with a number of places that may be visited during vacation, one could meet some of them in almost any part of the United States and Canada during the summer.

Traveling was the most favored activity of the summer even though some enjoyed going to a college, university, or directing a camp.

A fishing trip in Canada was enjoyed by Mr. A. V. Flint, Mr. Paul Sidell, Mr. Louis Hull, and Mr. E. H. Murch. Mr. Flint also went to the Smoky and Southern Appalachian Mountains. Parts of Michigan and Indiana were also visited by Mr. Hull.

Miss Beulah Rinehart visited Green-castle during the vacation. The Misses Edith and Mary Crowe studied at the University of Washington, besides visiting the New England States. Indiana University claimed Miss Pauline Van Gorder as its student, while Miss Alice Patterson and Mr. M. W. Rothert were students at Columbia and Michigan Universities respectively. Mr. Rothert also spent some time in Washington, D. C., New York City, and Clifty Falls.

Niagara Falls, Cleveland, Columbus, and Detroit were visited by Miss Virginia Montgomery, while Mr. Russell Furst spent some time at Rochester, Minnesota, New York City, and Muncie. Miss Dorothy Magley went to Oxford, Ohio, Southern Indiana, and Nashville, Tennessee. Some of Miss Mary McCloskey's time was spent at Hartford City and Warsaw, Indiana.

Clear Lake and Oliver Lake attracted Miss Dorothy Benner and Mr. Benjamin Null respectively as ideal places to spend part of the summer. Bowser playground was under the direction of Mr. Louis Briner, while Muncie Y. M. C. A. was under the direction of Mr. Earl Sterner.

New Novel of the Air Features Betty Winkler

"Girl Alone" is the title of the new radio "novel of the air" which is being broadcasted over an NBC-WEAF network each weekday morning at 9:15 a. m., which features Betty Winkler, a former South Side pupil. She portrays the role of Patricia Rogers, who turns her back on a tremendous fortune to make her way alone in a large city. Fayette Krum of the NBC Chicago staff, is author of "Girl Alone."

Forty-Nine Scouts Take Eastern Tour

Four South Side Students Join Rovering Expedition To View Washington, D. C., New York.

Four students of South Side were among the forty-nine scouts from the Anthony Wayne Area who left Fort Wayne on the evening of August 20 on an eight-day "rovering expedition" through the east. This expedition was a substitute for the National Jamboree which was called off by President Roosevelt, two weeks ago because of the infantile paralysis epidemic.

The group met in front of the Lincoln National Life building on Harrison street where pictures were taken. From there they proceeded to the Pennsylvania station. The four Archers included on the expedition were: Jack Stumpf, Kenneth Carbaugh, Arthur Pontius, and Robert Storm. These boys are sophomores in South Side, Robert Storm being make-up editor on the Times this year. Four leaders for the expedition are: Leroy Lane, Morton Pareira, Leo Didier, Herman Riley, Gray Woodcox, and L. L. Hotchkiss.

Complete Book List And Costs Are Released

In This Semester's Texts Few Changes Are Found; Add Commercial Books.

The book list for this year differs in several respects from that of last year. One English text is changed; Macbeth is omitted; one math book is substituted for another; and some new commercial books are added.

The complete list with prices as close as can be determined are as follows:

English	
As You Like It	\$.55
Book of Modern Plays	.80
Burke—Conciliation	.45
Clive and Hastings	.70
Dutch Boy Fifty Years After	.70
Five Plays of Shakespeare	.70
Franklin's Autobiography	.50
Golden Treasury	.70
Idylls of the King	.35
Introducing Essays	.85
Ivanhoe	.65
Julius Caesar	.50
Junior Drill Pad	.50
Kidnapped	.40
Life of Samuel Johnson	.45
Life on Mississippi	.85

Vacations Are Over Until Oct. 17 When Teachers Will Meet

Now that we have once again settled down to the humdrum of school life after enjoying a long summer vacation, most of us are looking forward to future vacations.

The schedule for the vacations and holidays for the coming year are listed below:

Teachers' Convention...October 17-18
Thanksgiving.....November 28-29
Christmas Vacation..December 23-27
New Year's.....January 1
Close of First Term...January 17-20
Spring Vacation.....April 6-10
Close of School Year...June 5

Above is the floor plan of "the school that has no equal." Look closely, freshmen, because this is the building in which you will spend the next four years of study. This is the plan of the first floor only; the Greeley Room, offices, teachers' rest rooms, rooms 138, 140, 142, 144, and 146 are at the heads of the main inclines, 174, 176, and 178 at the head of the south incline, and the cafeteria at the head of the north incline.

Jim Dern Finds Labrador Place of Unusual Sights

One of South Side's more adventurous students, James Dern, accompanied Miss Mable Thorne to George's Cove, Labrador, where her party consisting of Emily Gardner, Charles Thorne, herself, and James performed welfare work in the great undertaking of Dr. Wilfred Thomason Grenfell.

Dr. Grenfell, English author and medical missionary to Labrador, has saved many lives in this country by going from colony to colony during the season the ice is afloat and administering food and medical aid to the natives.

The main part of the work which had been planned for the South Side group this summer was to drain a swamp and to plant a garden, a task that is very difficult and seldom undertaken in that vicinity. After this was learned, Miss Gertrude Oppelt, James' Latin teacher, thought that it would be interesting and practical for him to give a talk on the Roman sewage system. His class thought it was quite a joke. This speech was mentioned in most of the letters received from James.

The following letter was received by John Bex, a close friend to James.

Saturday, July 13,
George's Cove, Labrador.

Dear John,

We have arrived, and so far we have found everything all right. We got here Tuesday, June 25. It was a fine trip although we were delayed by fog and ice.

Sunday night, after leaving Saturday morning, we went over to see Niagara Falls. It is still flowing over. About 9 o'clock the lights went on. At first there were just the white ones, then colored glasses were put over the lights, casting a light from the different angles made the mist very pretty.

Tuesday morning we passed into Canada at Trout River, New York. Wednesday we got to Quebec. Miss Thorne decided to drive through the streets, and you know how they go up to the sky. Also the French names got the best of us. We were directed to look for St. John's Street but we couldn't find it any place until we remembered the John was Jean in French. We had passed this street twice before.

Once on it again we found where we were to go. We got our rubber boots at a store in the lower town. In the afternoon we went to the plains of Abraham, the Agricultural Museum, and the Church of the White Sisters. Later we went to one of the houses of one of the Grenfell workers. It was quite a nice house, big and much like one would expect to see in England. There surely was quite a variety of people that lived in that house. The father had canary birds and didn't the one daughter's cat get at them! The other daughter had about fifteen guinea pigs in the back yard.

Thursday morning we set sail for Blanc Sablon on the Sable Isle. The "Empress of Britain" was supposed to come into Quebec that day and we all kept a lookout for her, but we failed to see her. The captain thought that she went on the other side of

South Side Graduating Class Numbered 409

As in former years, South Side again took the lead in the number of students graduated. The graduates from North Side, Central, and South Side sent off in Fort Wayne's first joint high school commencement exercises last June, numbered 939. A large percentage of these were representatives of South Side, while a less imposing number were from Central and North Side.

To be exact, 409 South Side students were graduated in the commencement exercises, which featured an elaborate pageant commemorating the 300th anniversary of secondary free schools in America.

In addition to the members of the graduating class, a great many underclassmen helped to represent South Side by taking part in the pageant and ushering, along with underclassmen from the other schools.

In previous years, South Side's graduating classes have been larger than those of any other Fort Wayne high school. The following figures are shown to give you an idea of how the class increases from year to year:

Year	Number in Class
1931	273
1932	312
1933	315
1934	325
1935	409

island. We left most of our baggage here and walked across the island. Our first view of the cottage was just as I imagined it. It was a fine looking house than the rest. It is situated on a hill and overlooks the rest of the village. The Penny's and the mission houses are the only ones that are painted.

In all there are but eight houses, although there is a great deal of other sheds and fish sheds. These they call the stages, the flakes, the place where they dry the fish, the wharfs, and the stage heads. There is a fence made of pickets around the mission house. Part of it was blown down by winds and the drifting snows. There was a meeting of some of the men in the village to decide upon a place for the gardens and the possibilities of draining the swamp which Dr. Grenfell had planned to have drained.

Classes meet in late afternoons and evenings at Central High School.

Miss Hodgson Resumes Work After Absence

Math Teacher Back After a Year Out, Due To Illness; Served Nine Years.

Many students of South Side will be glad to hear that Miss George Anna Hodgson will again resume her duties as a mathematics teacher this fall. Miss Hodgson, having taught nine years at South Side, used to be a great favorite with the Archers. Her quick wit and jovial manner endeared her to all at South Side.

Miss Hodgson had taught only four weeks of the first semester last year when she was taken ill. She made several attempts to resume her work but each time was unable to continue. For the rest of the year she was confined to her home at 4110 South Webster street and at various sanitariums. Mr. Alvaro Ferlini took Miss Hodgson's place for the rest of the year.

In reply to the question whether or not she would still remember how to teach math, she laughingly answered, "I think so."

She also said that she had been a faithful subscriber to the Times, and was very glad to have a way to keep in touch with the activities of her former students and friends. In a personal interview for the Times, she expressed her appreciation for the many cards, letters, and flowers sent to her by the South Side students. She also said that the teachers and Mr. Snider had been very kind.

Math-Science Club which has been under the supervision of Miss Adelaide Fiedler and Mr. Lloyd Whelan, will again be directed by Miss Hodgson in January. When asked whether she would be glad to attend Math-Science once more she replied rather emphatically, "Indeed I will!"

Tooke, S. S. Grad, Is New Radio Announcer

With the invention of the radio came a new varied occupation which has greatly appealed to the younger generation. Franklin Tooke, graduate of South Side in 1930, is one who has ventured into this comparatively new broadcasting work at WOWO.

He was interested in dramatic work while at high school and DePauw University where he specialized in stage and public speaking activities and received his degree in these subjects. Seeing the vast number of people interested in stage work who are walking the streets, Franklin decided to turn to radio work. Then, if television develops soon, Franklin figured those people who have had stage and radio experience should get along better.

At the present time his only job is announcing, but when the winter schedule begins in September, he hopes to have some feature programs to work on.

Although when in high school, he had no idea of entering radio work, Franklin's experience in the dramatic and public speaking line helped him greatly. He was a member of the National Honor Society, Student Players, Glee Club, Wranglers, Student Council, Writers' Club, Math-Science, Times, Totem, four-year honor roll, debating team, state oratorical contest, state discussion contest, speakers' bureau, Booster Club, minstrel show, two leads in operettas, senior play lead, octette.

Applied Mob Psychology Aids When Coming Back to School

Coming back to school! For sleek, sophisticated Sally Senior this is just another September 4, but think of all the thrills awaiting Freddie and Flossie Freshman, those verdant twins. On the

day we come back to school with all the dignity becoming ancient seniors, we may expect to see all the usual silly things a freshman does. For instance, there's Freddie walking through the girls' locker room already, and if here isn't Flossie with her head in her locker and her feet in the hall! Old ? Years. (But they're still doing it.)

This morning we see Freddie and Flossie frantically racing past, ten minutes late to each of their classes. The fifth period we see their nice white shoes thrown pitilessly to the gym floor by their very superior elders, the sophomores. After the seventh, we see them valiantly struggling to buy books and locks from overwrought teachers. What a life for freshmen, and Sally Senior takes it all so calmly! How do you suppose she does it?

In a few short weeks, though, Freddie and Flossie will know all the ropes and be as casual as a seasoned sophomore! Then comes the time when they'll be thinking of joining clubs—for there are clubs of all descriptions to choose from. Hobby clubs, athletic clubs, publications, and subject clubs. All the suffering a verdant freshman is compelled to endure is worth the fun of "belonging" and "fitting in." Incidentally, clubs are much more fun if you study just a wee bit harder and make good grades. You'll be amply repaid when your four-year career at South Side has ended.

So, dear green Freddie and Flossie, however much "ragging" you may have to take, remember you'll be as sophisticated as any sophomore next year. Welcome to you, but don't forget to study!

Marjorie Rose Gets Scholarship To Purdue

Marjorie Rose, 1935, has been awarded a scholarship to Purdue University. The winner of this scholarship is exempt from the payment of sixty dollars in fees at the university. The Board of Trustees of Purdue University, upon recommendation from the faculty, appoint two students in each county of the state of Indiana to receive these scholarships.

Marjorie was an outstanding student as well as a prominent participant in extra-curricular activities. She was a member of the honor roll, Societas Romana, U. S. A., Meterites, and Travel clubs. She also participated in the freshman-sophomore debate and various extemporaneous contests.

Summer School Pupils

More pupils attended summer school this year than last year. This year, as usual, it was held at Central High School. It began the Monday after school was out, June 10, and was dismissed August 2.

The most important subjects such as Latin, mathematics, English, and other subjects were taught.

Those who attended from South Side were: Marjorie Boerger, Art Boerger, Earl Buskirk, Ruth Blue, George Castle, Vera Crise, Rodney Diehl, Fred Forbing, Ruth Phipps, Paul Reynolds, Earl Roop, and Frances Tumbleson.

Mr. Ferlini To Teach Harmar Mathematics

Mr. Alvaro Ferlini, teacher of mathematics at South Side during the past year, was transferred to Harmar School where he will also teach mathematics.

Mr. Ferlini replaced Miss George Anna Hodgson when he came to South Side last year, but he had been a member of the science department at North Side before coming to South Side.

Mr. Ferlini, a graduate of Notre Dame University, was elected a member of the Academy of Science, Honorary Academy there. In addition to science, he was interested in the musical life of the school, being a member of the Glee Club and also playing the clarinet in the school band.

Times Staff Organized At Early Meeting

A Times staff meeting was held Thursday evening, August 15, for the purpose of organizing the staff and starting work on the first issue.

Bryce Minier, general manager, spoke, stressing the necessity of beginning work in earnest, since the issue was to be a big one. He added that all assignments were in the assignment book and should be checked out before leaving by those who wanted stories.

Miss Harvey announced that she was pleased by the large attendance, although she hadn't expected students who were on vacations to come back early to work on the staff.

Ruth Garrison, news editor, urged reporters to be prompt in getting in their stories and to make sure they are checked in and out. She announced that reporters who wanted a club beat should see her after the meeting to sign up.

After the meeting, staff members were given cards, on which they signed their names, addresses, and occupations of parents who are in business.

"Sheaffer's Lifetime Pens"

Burl Friddle Takes Post As Archer Basketball Mentor

Former Coach At Washington To Lead Green

Tudor Appointed As Fields' Successor; McClure To Resume Full-Time Teaching.

Lundy Welborn Is Still Football Head

Ora Davis Will Resume Post As Chief of Financial End of Local Athletics.

In keeping with the modern philosophy of a new deal for everyone, a complete revision of the athletic staff of South Side, with two exceptions, was made during the summer months. Foremost in the line of changes was the appointment of Burl Friddle to the position of coach of the Archer netmen. Coach Friddle succeeds Coach Jake McClure, who has held down this position for a period of eight years.

"Mac" desired to resign as coach last season but acceded to the wishes of his superiors and continued to tutor the Archer five throughout last season. However, Jake is not leaving the portals of our alma mater since he will continue to teach in the social science division.

Mr. Friddle comes to South Side with an outstanding record on the hardwood both as a player and a coach. In the past ten years his Washington Hatchets have always been in the limelight in state net competition and in 1930 they were crowned state champs. On four other occasions Burl has taken his outfit to the Butler fieldhouse in vain efforts to capture the state title.

However Burl's fame on the hardwood goes back even further than this. During his high school career Burl was a member of the famous "Wonder Five" of Franklin High School which won the state title three seasons in a row. Again in his college days at Franklin College Burl was an outstanding performer on Griz Wagner's "Wonder Five." In addition to being on the net squad, Friddle was also a participant in football, baseball, and track, being the only four-sport man at the institution. Although he is only under a one-year contract at the present time, he will undoubtedly remain as a fixed asset at South Side.

The appointment of Mr. Thomas Fields to the principalship of the Justin N. Study grade school here in this city has brought about further changes in the lineup of the athletic faculty. Maurice Tudor, more popularly known as "Pop", will become a member of the South Side faculty this year to succeed Mr. Fields as manager of athletic equipment.

Last year he led his net quintet to the city championship. Tudor was successful in teaching his youthful proteges the fundamentals of the zone defense to such a degree that they had their opponents completely baffled most of the time. He is well-known throughout the state as an athletic arbiter.

Coach Lundy Welborn will continue in his capacity as head football mentor and Mr. Ora Davis will also resume his post as head of the financial end of the athletic department.

Mr. Tudor was graduated from Martinsville High School in 1921, attended DePauw University, and received his B.S. degree from Indiana State Teachers' College in 1928. He taught at Stylesville in 1924 and 1925. From 1925 to 1928 he taught at Plainsville. Since that time he has been teaching physical education and coaching athletics at Harrison Hill grade school in this city. In this capacity he has developed a number of South Side's outstanding athletes.

George Nulf To Teach At Harrison Hill School

George Nulf, formerly athletic coach at Elmhurst High School, has been appointed to succeed Maurice Tudor as head of the physical education department at the Harrison Hill grade school, while the latter will be added to the teaching staff at South Side.

Nulf was graduated from South Side in 1927 and received his B.S. degree from Butler University in 1931. He was also a student at Indiana University. For the past four years while at Elmhurst, Nulf taught history and physical education and also coached. Last year his basketball team won the Allen County championship. He is a brother of Bob Nulf coach of North Side's Redskins.

Since Nulf has such an excellent record, Superintendent Merle J. Abbott is confident that he will succeed in his new position.

Meet Your New Coach

Burl Friddle

—Courtesy News-Sentinel

Mr. Burl Friddle, coach at the Washington High School at Washington, Indiana for ten years, will be South Side's new coach. In 1925, he was a member of the "Wonder Five,"

which was considered the best basketball team in the world. Mr. Friddle will take the place of Mr. J. H. McClure.

Miss Patterson, Miss Smith Attend School During Summer

In their endeavor to keep up to date on all the modern trends in methods of instruction of physical education, Miss Alice Patterson and Miss Gretchen Smith, the popular girls' gym instructors

at South Side, devoted their vacations to the task of gaining the necessary information. Both instructors attended summer schools, Miss Smith entering the course offered at Wisconsin University summer school, and Miss Patterson choosing to attend a school in New York. Both teachers also continued to participate in many sports, among them being golf, swimming, boating, sailing, and tennis.

Miss Smith admits having tried her hand in Badminton. This is an English game which greatly resembles our game of tennis and is played with feathered darts. She took a course in creative dancing in order to get material for new classes. She also took two courses in vocational guidance which will assist her in her position.

L. U. Scholarships Given Two Alumni

R. Schannen, C. Lautzenheiser Chosen From Allen County; To Receive State Awards.

During the 1935 session of the Indiana general assembly, Indiana University was authorized to grant two scholarships to high school graduates in each county of the state. The recipients of these awards in Allen County are Richard Schannen and Charles Lautzenheiser, South Side graduates.

Schannen, who graduated from South Side in 1935, will begin his freshman year this fall. He has been president of the Latin Club, a member of the Math-Science, Wranglers, Student Players, Library Clubs, the National Honor Society, and four-year honor roll. Dick was prominent in debating and had a part in the Senior Play.

Lautzenheiser was graduated from South Side in 1933 and has been making high scholastic records at Indiana during his freshman and sophomore years.

G. A. A. Flashes

Freshman girls, be sure to join the G. A. A. The first thing to sign up for is speedball. Watch the bulletin board outside the gym office for further announcement.

Mary Ellen Blauvelt had quite a fight on her hands with Doris Garrison, a South Side graduate of two years, in the city tennis tournament. Mary Ellen was the conqueror after three hard-fought sets.

Barbara Raymond informed me that she has taken up golf. We don't think she is acquainted with pars yet. Are you, Babs?

Leona Menze surely looked good at the city tennis tournament. Watch out, you other juniors; she is a strong bid for class champion.

Margaret Ruhl is one of the smoothest net players we have ever seen. She used a good defense in the city tennis tournament.

If anyone wants to get Marjorie Meyer's goat, ask her about the back-dive. She tried to shave her back with the board, but she will not try it again for anyone.

Ada Schuelke has her junior life-saving badge now. She has been in charge at the "Y" pool at times this summer.

Girls in Tourney

South Side was well represented in the Girls' Single Tennis Tournament at Weisser Park. Those entering were Helen Doenges, Winifred Porter, Ruth Phipps, Leona Menze, Mary Ellen Blauvelt, and Marjorie and Margaret Ruhl.

Six Intramural Sports Offered To Boys Here

Tag Football, Cross Country, Tennis, Golf, Volleyball, Handball Scheduled.

Six sports are scheduled to be offered to students by the intramural department during the coming semester, according to Louis Briner, intramural head. Tag football will open the season, with cross country, tennis, golf, volleyball, and handball following. Next semester's intramural schedule will consist of wrestling, boxing, basketball, track, softball, tennis, golf, and horseshoe.

All boys, especially freshmen, are urged to participate in the several sports offered in the early part of this season. Tag football, the first of the early sports, is very popular among intramural participants. Last fall Mr. Briner had a very fine turnout, there being eight heavyweight teams and eight lightweight teams. The lightweight teams consist of boys weighing under 105 pounds, and the heavyweight teams consist of boys weighing over 105 pounds.

Other early sports which are very popular are cross-country, tennis, and volleyball. Cross country is taken care of on the south field, and tennis and volleyball are run off in the gymnasium. Tennis, especially, draws a good many athletes.

South Side's chief reasons for conducting an intramural department is to give boys who do not make the varsity teams a chance to participate in the sports they like and to give them an opportunity to earn a minor letter. Any boy enrolled in South Side is eligible for intramural athletics. There are no scholastic requirements. However, a boy who makes a varsity team is not eligible to participate in that particular intramural sport.

Intramural letters are earned by gathering enough intramural points. The first letter is earned by collecting 125 points, and the second letter is awarded for earning an additional 125 points. The first is white with a green I. M.; the second letter is green with a white I. M. The intramural letter, being six inches high, is two inches shorter than the varsity letter.

South Side Alumni Place In Different Athletic Contests

Dan Zehr, former South Side student and well-known Olympic swimming star, appeared this summer in a large number of races. Just recently he won a 100-meter backstroke race in San Francisco by three yards with Taylor Drysdale, of Detroit second. Zehr's time was 1:11.

Zehr is now in Japan and has placed a close second in another 100-meter backstroke event. His time in this race was much better than that of the race in San Francisco, due to the fact that he had been working too hard before the latter race.

Jack Fleming, former half-mile star at South Side, was recently named co-captain for the 1936 track squad of Northwestern University. He also received a varsity letter for his participation in track.

Chet Ensley, a graduate of the Archer class of 1934, continued his track work which he began at South Side, by earning his freshman numberals also on the Northwestern squad.

Teachers Meeting Held Each year before the school term begins, the teachers and principals of Fort Wayne hold a meeting in the auditorium at Central. This assembly is called for the purpose of inspiring the teachers for the coming school year. Mr. Merle J. Abbott speaks to them and gives them a few instructions. After the meeting, the teachers go to their respective schools. The teachers and principals' meeting was held this year on Tuesday, September 3. However, no meeting was held at South Side this year.

Teaches at Y. M. C. A. Mr. Delivan Parks was a member of the faculty at the Y. M. C. A. vocational school where he was an instructor in the field of accounting.

Many Changes Are Noticed In Northeastern Indiana Staffs

Following the present trend toward frequent shifting of athletic officials throughout the country, the high school faculties of northeastern Indiana have been subjected during the past few months to a larger number of important changes than for several years.

One of the changes most interesting to Archer fans is the appointment of Norman (Tut) Miner to the coaching post at Gas City High School. Though a small school, Gas City is well known for putting out good, scrappy teams. The position is one on which Miner may well be congratulated.

While at South Side, Miner was a star on the net team which went to the state tourney in 1929. After graduating, he became a member of the Purdue University squad and is thus well qualified for his new post.

Another important change is the appointment of George Nulf to succeed Maurice (Pop) Tudor as physical education instructor and coach at Harrison Hill grade school. In this capacity Nulf will develop players, who, after they reach South Side, will compete against his brother, Bob's North Side teams.

Dwight Byerly, formerly of Avilla high school, has been named to succeed Nulf at Elmhurst. Byerly has been turning out good teams at Avilla and is expected to fill the Elmhurst job capably.

George Bush has accepted the coaching job and a faculty position at Monroeville High School. He will succeed Paul Kinsley, who has been named to the staff of Anthony Wayne School. Bush has had experience as coach at Leo for two years, and as assistant coach at New Haven High School.

In addition to these, four changes have been made in connection with South Side's faculty. Burl Friddle will take over the net-coaching position left vacant by the appointment of J. H. McClure to a full-time history teaching job.

Pop Tudor will be transferred to South Side to take care of all athletic equipment in the absence of Tom Fields, who will take over his duties as principal of Justin N. Study grade school.

It is believed that the Times expresses the unanimous opinion of all South Side fans when it wishes these men good luck in their new positions.

G. A. A. Members Again To Be Student Leaders

Members of the G. A. A. will again act as student leaders in the gymnasium classes. The student leaders class is purely an extra-curricular activity in which the work is all done voluntarily. Last year the class numbered nearly forty.

In the fall, the athletic directors call together all student leaders and all volunteers. The volunteers each have a private interview with Miss Alice Patterson or Miss Gretchen Smith. It depends upon this interview whether she is admitted or not. If the person shows signs of leadership she is likely to be accepted.

The student leaders meet every week, usually on Tuesday night. A special notebook must be kept for this work. The object of the course is to train girls in leadership in groups, to train them on athletics, to teach them how to officiate at games, and to show them how to present work to others.

Student leaders help in all affairs of the gymnasium department as well as in arranging the athletic program. They are responsible for the neat appearance of the locker and shower rooms and are in charge of the equipment used in the athletic department. No extra credit from this is given toward graduation.

South Side Football Schedule For Year Is Announced

Archers Face Nine Contests During Season

Six Games To Be Played Here; Several New Men; Coach To Mold Team.

Two Foreign Tilts To Open Season

First Rivals From Ohio; Schedule Is Tough for Green Wave Aggregation.

Facing a nine-game schedule which promises to be one of the toughest encountered by the Archers in the past several years, Coach Lundy Welborn has been driving his gridiron prospects at a rapid pace in order that they will be in the best of shape for the first few tilts. Coach Welborn is facing a Herculean task as he sets out to mold a squad to carry on for the southern institution during the coming grid season. The loss of twenty-two players from last year's squad, nine of which were first-string men, presents a very serious situation. In addition to this the majority of the aspirants for this year's squad are inexperienced, most of them having no actual experience in action.

The schedule contains nine encounters, six being played in the archer stadium and the remaining three on foreign fields. All of the city-series contests will be played in the stadium. The majority of the South Side gridiron enthusiasts will not have an opportunity to see the Kelly kinds in action against their new opponents, Van Wert and Howe, since these encounters will be played on the opponent's respective fields.

Two out-of-town tilts open the archer schedule this season. Both of these games will be with grid aggregations from the Buckeye state. Woodward of Toledo will be the initial opponent of the Green. This tilt promises as one of the most difficult games the Archers will have this season. Woodward plays only a short schedule but displayed plenty of power in their initial game with the Archers last season when they rolled up a 27 to 0 score on our gridgers. Most of Woodward's forces from last season are returning this year and the Green seem to be in for a mighty troublesome afternoon. On the following Saturday the Archers will journey to Van Wert to take on the eleven of that city. Van Wert usually produces strong outfits and again the Summit City squad seems to be facing a hard tilt.

Following the two out-of-state games, the Archers will play six consecutive contests on their own gridiron. In their opening home engagement the Archers tackle the Maroon and White aggregation of Mishawaka. This game will afford the Archers fans an excellent opportunity to watch the strength of their eleven tested. Mishawaka generally has an excellent squad and this year's edition of the Mishawakans will probably prove to be no exception. Last season the Cavemen handed the Green Wave a 13 to 7 setback. The Green will be anxious to avenge this defeat suffered when three of their first-string men were forced out of the game due to injuries thus permitting the Cavemen to push over two markers in a second-half rally. Peru will be the next opposition encountered by the Welborns. The Circus City eleven this season should prove to be one of the "dark-horse" elevens of this vicinity. Last year's team was composed almost entirely of freshmen. With all but one member of that squad back all signs point to a very successful season for the Peru team. Last season the Archers ran roughshod over the Circus City outfit and only frequent substitutions by Coach Welborn kept the margin of victory as low as 14-0.

Following these four tilts the Archers will enter into the city competition for their first start in defense of the city crown which they acquired last year. The Irish of Central Catholic will be the first aggregation to try to stop the Green Wave in the race for the coveted city championship. Coach Bill Barrett goes into the present season with one of the poorest prospects for a victory. Last season that he had in many years. His squad from last year was riddled by graduation and the prospects for this year's team were made even more dim by the decision of several of the prospective mainstays of the year's eleven to quit school. Thus the Irish mentor finds himself confronted with the task of rebuilding the entire Blue and Gold line and adding at least two new backfield men in addition to obtaining a capable group of reserves.

Following the contest with the Irish the Green will stack up their eleven against the Redskin gridders from North Side. Here the Archers will run into their first really tough opposition in the city series. The Redskins had a very good season last year and all prospects point to the competition of last season's performance. The Nulmen seem to have the outstanding squad in the city at the present time, but anyone familiar with city series play in this city knows that pre-season conditions seem to have very little effect on the actual playing of the teams. The next opponent which the Welbornites are scheduled to meet will be the Columbus City Eagles. The Eagles generally produce some mighty tough

Archers Receive Training at Camp Crosley

South Side tackles should be tough this coming season if George Christensen, Oregon All-American and more

recently using his 240 pounds to be an outstanding pro league tackle, has anything to do with it. George is

spending much time on the Archer tackles. Left to right, Jim Ellenwood, Herman Makey, Nelson Miller,

Christensen, and Fred Nye engage in some practical work.

S. S. Football Camp Has New Schedule

Daily Program of Archer Gridgers at Camp Crosley To Develop Players More Slowly.

Coach Lundy Welborn instituted a new schedule at Camp Crosley this year. In connection with his plan to bring the inexperienced Archer gridgers along more slowly than in previous years, Lundy decided to have but one actual practice session each day.

This gave the prospects the whole afternoon free. In this time they enjoyed an excellent opportunity to gain a lot of mental practice by watching the Detroit Lions, professional football team.

By giving his squad but one actual practice session each day Lundy hoped to develop his players more slowly than in previous years. Thus, although the Archers will probably have a tough time of it the first few games, it is hoped that the team will be able to give a good account of itself by the city games roll around.

The schedule for the Archers at Camp Crosley follows:
6:20—Reveille.
6:30—Swim.
7:00—Inspection and breakfast.
8:00—Chapel.
9 to 11—Football scrimmage.
11—Swim.
12—Lunch.
Whole afternoon free.
5:30—Supper.
8—Assembly.
9—Taps.

eleven but in the last few years the standard of the teams of past years has not been reached. Thus it remains to be seen whether or not the Columbia City aggregation will cause the Green much trouble.

The outstanding tilt on the Archer schedule will be played on the following Saturday when the Green's traditional rival, the Central Tigers, will come to the southern bowl to trade blows with the Archer eleven. This tilt is always looked forward to by the entire group of grid fans in this city because generally at least one title is hinged on the outcome of the fray. The strength of the Blue and White for this season is not known, but Coach Mendenhall can always be counted on to turn out a strong group of performers. The downtown school did not suffer serious losses due to graduation and this year's edition of the Tigers can thus be depended upon to have a squad of about equal strength with that of last year which

Camp Crosley Squads Nightly Listen To Gridiron Tall Stories

Every night at 8 the steps of the squads who crowded Camp Crosley were turned toward the newly-dedicated chapel wherein a program was planned for them each night. The Detroit Lions

of the National Professional Football League, who have collected All-Americans from all sections of the country, also worked out at Camp Crosley in preparation for a gruelling season.

To these thirty-odd husky, broad-shouldered men, the camp turned a good many times for the evening's entertainment and the result was a riot of football stories which kept those who attended in throes of constant laughter.

Glenn Presnell and Doug Nott turned in the two masterpieces. The former, who learned his football at Nebraska, related the inside story of a game which took place a good while ago between Nebraska and Iowa.

It seemed that it was bitterly cold, the mercury hovering in a good many degrees below zero. In the first period Iowa rang up two points on a safety, and as the game pulled into the later stages that two point lead assumed monstrous proportions. Finally, with only a minute remaining, Nebraska in desperation, sent in a star place-kicker to attempt a field goal. This would win the game for Nebraska by a score of three to two, if successful. The pass from the center was perfect and the kick looked as if it were headed straight between the bars, but the ball took a sudden dip and hit squarely on the cross-bar. The weather had been so cold that the ball had frozen stiff, and as it hit the cross-bar half of it fell over and half fell back on the playing field. This was almost a

handed the Green a dismal defeat.

The Green will conclude their activities for the season against the eleven of Howe Military Academy at Howe. The Howe team is generally composed of players who are at least two years older than the footballers on the Archer squad. Thus they have the advantage in weight and often also possess more experience than the Archers have. Thus the Green will have a battle on their hands in their final game of the season.

Nine Play Supervisors Are Associated Here

Among the thirty-seven playground supervisors who served during the summer, there were nine persons associated with South Side, three teachers and six former students.

They were as follows: Bradley Moring, former Archer, now a student at DePauw; Louis Briner, boys' gym instructor here; Maurice Tudor, former gym instructor at Harrison Hill and now a history teacher here; Margaret Spiegle, a graduate of South Side and Ohio Wesleyan; Veda Stevens, a former South Sider, now instructing at Hamilton School; Marjorie Young, a graduate of South Side, now studying at Indiana; J. H. McClure, our basketball coach, recently transferred to teach history; and Ed Golden and Hart Schaaf, former students here.

Their work extended through the summer and ended on September 1. Their job was to direct the activities of the playgrounds assigned to them by Miss Carrie Snively, the superintendent of the playground work. The playgrounds were open every day except Sunday from 8:30 to 11:30 a. m.; 1 to 5 p. m.; and 8 to 11 p. m.

PIONEER ICE CREAM BARS

Sold At Football Games

FRESH ICE CREAM ALWAYS TASTES BETTER

Season Tickets Are To Be Sold In Davis' Office

Tickets May Be Purchased For \$2.50 Cash Before September 13; \$3 After.

Installment Plan Will Be Utilized

Home Room Teachers To Give Pupils Identification Cards To Be Presented.

The plan for the sale of the season tickets, which have been prepared for the students of South Side and will contain tickets to all the home basketball and football games and track meets, is quite different from that of previous years.

The plan is as follows:

1. A season ticket for all home games will be sold at \$2.50 cash until September 13. After that time they may be purchased on the installment plan for \$3.00 each. All tickets will be purchased in the office of the faculty manager of athletics during eighth periods. This office has been changed to the lower west office at the north entrance of the gymnasium. Before buying a ticket you must secure an identification card from your home room teacher. This must be presented when you purchase your ticket. You should purchase your ticket according to the following schedule:

Room S—Cash, Sept. 5; payment plan, Sept. 16; 1-20, Sept. 6, Sept. 17; 20-41, Sept. 9, Sept. 18; 41-60, Sept. 10, Sept. 19; 61-80, Sept. 11, Sept. 20; 81-100, Sept. 12, Sept. 23; all others, Sept. 13, Sept. 24.

Those buying tickets on the installment plan must pay the first or more as first payment. By November 1 \$1.50 must be paid. Three dollars must be paid by January 15.

3. A ticket for all football games may be purchased for one dollar. These will be on sale September 25, 26, and 27.

4. A ticket for the first half of the basketball season will be sold late in November for one dollar cash.

5. A ticket for the last half will also be one dollar cash.

6. Single admission will be forty cents except for city series games which are fifty cents.

7. Adult season tickets are \$2.50 cash. Please announce this to your parents.

Students are urged to become acquainted with this plan and to be sure to call for their tickets at the proper place and time. This schedule has been made for the convenience of the students. The athletic department feels that it is offering an excellent variety of plans from which a student may choose the one best suited to himself. The money spent for season tickets is used to improve the athletic program and give the boys participating in athletics the proper equipment.

No 8th Periods Held During First Week

Information has been received that no eighth periods will be held the first week of school. The students, however, should not disregard the rules and regulations of the halls and classrooms on account of this. Eighth periods will start to be held the second week of school beginning September 9, when a teacher will be appointed to take charge of them. During the past years various teachers have been in charge of them.

Mr. Herbert Voorhees To Resume Duties Here

Herbert Voorhees, who was taken ill the latter part of May, 1935, will again resume his duties this fall. As it was time for the school term to close, no substitute was named in his place.

Mr. Voorhees teaches chemistry, botany, and is at the head of the science department of Fort Wayne high schools. It might also be added that Mr. Voorhees has taught at South Side since it opened in 1922.

Mr. Voorhees, who is well known to all South Side students because of his humorous nature, will be welcomed back by all.

Club Activities Are Popular At South Side

All Clubs Represent Subjects Of Interest To Students; Leaders, Purposes Listed.

Extra-Curricular Work Important

Math-Science, Library, Art, Travel, Wo-Ho-Ma, 1500 Several Important Ones.

Extra-curricular activities provide an outlet for the numerous and varied interests shown by South Side pupils. The careful enjoyment of club work, indulged in by even our most studious, does much towards relieving the load of studies and assignments which every student must carry.

Club work will be taken up immediately with the start of school, and will continue throughout the school year as an extra feature in the high school curriculum. The various clubs will announce their first meetings through the daily bulletins, and information on dues and regular meetings can be obtained from actual attendance of the club meeting and from reading the Times.

Math-Science
Purpose: To give students information on the practical application of mathematics and science.
Faculty advisers: Miss Adelaide Fiedler and Mr. Lloyd Whelan.
Eligibility: Any pupil who is taking either mathematics or science and has taken two consecutive terms of either.

President: John Bex.
Vice-president: Ruth Adler.
Secretary-treasurer: Helen Anderson.

Junior Math
Purpose: To give students information on the practical application of mathematics and science.
Eligibility: Any freshman or sophomore boy or girl.
Faculty adviser: Miss Mary Paxton.

President: Nora Mae Bradbury.
Secretary: Helen Cox.

Social Science
Purpose: The culmination of interest shown in history, civics, and economics.

Faculty advisers: Miss Eleanor Smeltz and Mr. Wilburn Wilson.
Eligibility: A B or above in social studies and an 11B classification.
President: Robert Adams.
Vice-president: John Bex.
Secretary: Manuel Rothberg.

Library Club
Purpose: In order to make use of talent and to give those interested an opportunity to learn more about library work.

Faculty adviser: Miss Emma Shoup.
Eligibility: A junior and pledge to remain a member for at least one semester.

President: Martha Franz.
Vice-president: Maxine Mariotte.
Secretary: George Anna Martin.

Travel Club
Purpose: To unite the energy, interest, and knowledge of South Side's would-be travelers and to further the achievements of its members through world knowledge.

Faculty adviser: Miss Mabel Thorne.
Eligibility: Open to all.
President: Virginia Baumgartner.
Vice-president: Rowena Bevington.
Secretary: Helen Walbert.
Treasurer: Geneva Shearer.
Foreign secretary: Beatrice Schieber.

Art Club
Purpose: To learn more of art.
Faculty adviser: Miss Mary Helen Lay.

Eligibility: Membership is open to all.
President: Georgianna Jacobs.
Vice-president: Elizabeth Linhart.
Secretary: Ann Hull.
Treasurer: Hollis Logue.

Wranglers
Purpose: To promote interest in public speaking.
Faculty adviser: Miss Dorothy Benner.

Eligibility: All who are interested in public speaking and debating.
The election of officers is to be held at the first meeting.

Wo-Ho-Ma
Purpose: To establish friendships among high school girls, to further interest in the Home Economics department, and to have members of more service to the home and community.
Faculty adviser: Miss Pearl Rehner.
Eligibility: Any girl taking home economics.
President: Faith Clark.

1500 Club
Purpose: To improve the work of the Times staff, to act as a consulting body to matters pertaining to Times or Totem policies, and to bring the staff together.
Faculty adviser: Miss Rowena Harvey.

Eligibility: Any Times or Totem worker who has earned 1500 points.
The elections will be held at the first meeting.

Student Players Club
Purpose: To promote an interest in dramatics and to bring the three high schools of Fort Wayne closer together.

Faculty adviser: Miss Marjorie Suter.
Eligibility: Any student with one semester's credit of attending dramatics class.

The election will be held at first meeting.

Philatelic Society
Purpose: To bring together those interested in stamp collecting.
Faculty adviser: Miss Pauline Van Gorder.

Eligibility: Any one interested in stamps.
President: Homer Miller.

Vice-president: John Thackery.
Secretary: Dalton McAllister.
Treasurer: Fisher Rehner.

Lettermen's Club
Purpose: To create and maintain a high standard of character, sportsmanship, and conduct in our school.

Faculty adviser: Mr. A. Verne Flint.
Eligibility: Any boy who has received the varsity letter "S."

President: Fred Nye.
Vice-president: Bud Lee.
Secretary-treasurer: Joe Close.

Intramural Lettermen's Club
Eligibility: Any boy who has received the intramural letter "S."

Faculty adviser: Mr. Louis Briner.
The election will be held at first meeting.

Girls' Athletic Association
Purpose: To further interest in wholesome gymnastics and athletics.

Faculty advisers: Miss Alice J. Patterson and Miss Gretchen Smith.
Eligibility: Any one interested in athletics.

President: Marjorie Hower.
Vice-president: Marjorie Cartwright.
Secretary: Leona Menze.

Manager of sports: Anita Snively.
Sunshine Club
Purpose: To bless, give light and health to the home, school, and community.

Eligibility: Anyone but members of Girl Reserve clubs.
Faculty advisers: Misses Mary and Edith Crowe.

President: Iona Schuler.
Vice-president: Thelma Erwin.
Secretary: Caroline Dirmeyer.
Treasurer: Frances Roykowski.

U. S. A.
Purpose: To live up to the motto of unity, service, and appreciation.

Faculty advisers: Miss Elizabeth Kelley and Mrs. Grace Welty.
Eligibility: All freshmen and sophomore girls.

President: Julia Crabbell.
Vice-president: Vivian Woods.
Secretary: Helen Meese.

Treasurer: Barbara Raymond.
So-Si-Y
Purpose: To find and give the best.

Faculty advisers: Miss Eleanor Smeltz, Miss Alda Jane Woodward, Miss Hazel Miller, Miss Mary Paxton, and Miss Beulah Rinehart.

Eligibility: Any junior or senior girl.
President: Anna Bremer.

Vice-president: Verna Holtmann.
Secretary: Harriet Basford.
Treasurer: Betty Rison.

Senior Hi-Y
Purpose: To create, maintain, and extend throughout the school and community a high standard of Christian character.

Faculty advisers: Mr. Dwight Shirey and Mr. Fred Gilbert.
Eligibility: Any senior boy.

President: Dick Dochterman.
Vice-president: Allen Faux.
Secretary: Miller Makey.

Treasurer: Edward Leitz.
Junior Hi-Y
Purpose: To create, maintain, and extend throughout the school and community a high standard of Christian character.

Faculty adviser: Mr. Ward Gilbert.
Eligibility: Any junior boy.

Torch Club
Purpose: To create, maintain, and

Ball State Award Won By J. Bremer

South Side Grad Will Attend Teacher's School in Muncie; Others Get Scholarships.

John Bremer, 1935 graduate of South Side High School, was awarded one of the \$66 scholarships given by Ball State Teachers College. As well as having a high scholastic record, he took a prominent part in extra-curricular activities. John was general manager of The South Side Times, a member of the Torch, Junior Hi-Y, Senior Hi-Y, Travel, French, Glee Club, 1500, Totem, and Intramural Lettermen's clubs, and the speakers bureau, four-year honor roll, Quill and Scroll, and National Honor Society.

Others to receive Ball State Teachers College scholarships in northern Indiana are: Frieda Kinans, Kenneth Hirschy, and Gladys Doan of Adams county; Betty Gelder and Arline Borror of Grant county; Dorothy Curtis and Mary Rhodes of Lagrange county; Louise Grau and Neva Harris of Miami county; Alice Skelton and Florence Howe of Steuben county, and Mary Wakely of Wabash county.

extend throughout the school and community a high standard of Christian character.

Faculty adviser: Mr. Kramer of the Y. M. C. A.

Eligibility: Any freshman or sophomore boy.

President: Joe Bell.
Vice-president: Carl Wills.
Secretary-treasurer: Dick Vogel-sang.

Booster Club
Purpose: To boost scholarship and to promote all of South Side's activities.

Faculty advisers: Miss Rowena Harvey, Miss Gertrude Oppelt, Miss Nellie Covatt, and Miss Mary Helen Lay.

Eligibility: Members are chosen by faculty advisers.

There are no officers.

Latin Club
Purpose: To enhance the cultural side of Latin and to enjoy its social activities.

Faculty advisers: Mrs. Grace Welty, Miss Alda Jane Woodward, and Mr. Martin Rothert.

Eligibility: Any Latin student.
President: Virginia Gardner.
Vice-president: Virginia Greiner.
Secretary-treasurer: Constance Haag.

French Club
Purpose: To further interest in French language and customs.

Faculty adviser: Miss Olive B. Perkins.
Eligibility: Any French student.

Theo Schegenberg will serve as chairman until the election this fall.

German Club
Purpose: To bring together those interested in German.

Faculty adviser: Miss Clara Schmidt.
Eligibility: Any German student.

President: Eric Beyer.
Vice-president: Verna Holtman.
Secretary: Lorraine Meyer.
Treasurer: Betty Muntzing.

Meterites
Purpose: To instill in its members an appreciation of and a desire for good literature.

Faculty adviser: Miss Susan Peck.
Eligibility: All freshmen and 10B girls having a grade of B or above in English.

President: Betty Pugh.
Vice-president: Phyllis Geller.
Secretary: Ruth Baade.
Treasurer: Ann Peters.

Philalethian Society
Purpose: To develop in its members an appreciation of the fine arts, especially literature, and to promote friendship and high ideals among the girls.

Faculty adviser: Miss Elizabeth Demaree.
Eligibility: All 10A, junior, and senior girls who have B grades in English.

President: Ruth Adler.
Vice-president: Helen Anderson.
Secretary: Dorothy Crabbell.
Treasurer: Betty Rose Lehman.

The glee clubs, the band, and the orchestra are organizations open to all students of musical ability and interest. An excellent opportunity for leadership, service, and the development of a good character among your fellow students is offered in all of the aforementioned clubs. An increase in scholarship is also offered in many.

Students Send Mr. Snider Many Cards From Far and Near

Post cards from various places were received by Mr. R. Nelson Snider, principal, from a few students on their vacations this summer.

Europe and Labrador were the farthest points of interest visited by students during their summer vacations. A few were received from Detroit and other cities in Michigan.

Students going south visited Miami, Florida and Dallas, Texas. A few who wanted to go west stopped at St. Louis, Missouri, Yellowstone National Park, and Long Beach, California.

Eastern points of interest for the students were Washington, D. C., Albany, and New York City. Those closest to home were Dayton, Ohio, and Indianapolis, Indiana.

Many Students Enrolled Here

Chasey, Thomas Clapper, Marjorie Craig, Janice Cross, Betty Daniels, June Enoch, David Fyock, Herbert Glass, Beverly Griffith, Ralph Hamilton, Frank Harp, Erma Heckler, Mary Hines, Rosella Koehler, Mary Lampton.

Hilda Lehman, Maurice Lehman, Alan Lichtenberg, Robert Miller, Max Mitchell, Morton Nahmowid, Meriam Oberkiser, Evelyn O'Day, Mary Pens, Mary Roush, Delilah Shaffer, Doris Siebold, Virgil Squires, Calvin Stocks, Melvin Trevey, Imogene Wright, Donald Carrier, Nancy Garbison, Richard Goshorn, Anne Marie Hausmann, June Holzworth, Anna Kowalski, John Magley, Howard Miller, Margaret Null, Florence Oransky, Marjorie Rapp, Jean Ann Scharf, and Tom Thompson.

Zion Lutheran School
Robert Gerke, Richard Gerke, Gilbert Gerbers, Richard Buchholz, Eugene Batz, Wilmer Bengs, Donald Kolkman, Walter Grotrian, Harold Hensch, Paul Herrmann, George Hohnhaus, Vera Berning, Marcella Brackman, Dorothy Braun, Lois Marie Hagermann, Phyllis Kaiser, Ethelda Koch, Alma Korte, Evelyn Kruse, Virginia Menze, Marilee Passe, Doris Reinking, Donald Burnside, Arleen Schoenefeld, Mary Jane Rison, Bernice Bender, Helen Avis, Gerald Miller, and Dorothy Ringenberg.

Emmaus Lutheran School
Dorothy Lebrecht, Warren Schuler, Betty Jaebker, Ruth Kaiser, William Peters, Adelheid Scheele, Mildred Franz, Lavern Englebrecht, Velma Adams, Wilfred Bleke, Bill Doehman, Louise Beneke, Virginia Walters, Mildred Sephel, Walter Roegner, and William Fuhrman.

Following is a list of those graduates who have chosen nursing as their profession: Carrie Alexander, Metra Bojinoff, Margaret Sowers, St. Joseph's hospital; Martha Webb and Jeanette Dixon, Lutheran hospital. Dorothy Jane Canada and Dorothy Walker will attend Michael Reese Hospital and St. Louis City Hospital, respectively.

Students Must Obey Driver's Regulations
A pupil who wishes to drive a car to school must get a permit from the office and have his (or her) parents fill it out. Those pupils who wish to ride with other pupils must also secure blanks and have their parents fill them out.

Due to accidents that have occurred at some of the schools when automobiles parked at the school curb obstructed the vision of the pupils, the police department has forbidden parking along school house curbs.

Graduates To Go To Local School

Many Students Will Attend Apprentice, Nurses Schools, and Fort Wayne Business College.

Many members of the 1935 graduating class of South Side who have not planned to attend colleges and universities outside of Fort Wayne are furthering their education by taking advantage of the training schools Fort Wayne has to offer. Some of these students will attend the General Electric apprentice school. Those who wish to enter the business world have announced their intentions of attending the Fort Wayne Business College. Nurses training schools have also attracted a number of students.

Those entering the General Electric apprentice school are: Louis Affolder, Melvin Blume, Albert Brand, Brodick, Milford Crick, Howard Degler, Frank Eakin, Robert Gingham, Robert Hirschman, Charles Hursh, Lawrence Lewis, Woodrow Ormiston, Lester Reinking, Louis Rhoads, Edward Ringenberg, William Russell, Donald Schoenefeld, William Seifert, George Vorndran, Elden Wehr, Alva Wehrmeister, Bernard Whitacre, and Paul White.

South Side alumni who were graduated from business college this year are: Dorothy Bremer, Kathleen Lane, Marguerite Trulock, Alice Van Buskirk, Kay Rhoads, Alice Garmire, Mary Helen Garman, Ruth Rehm, Helen Hockett, Dorothy Martz, Lucile Shimmel, Robert Busses, Marie Butler, Beulah Colicho, Lola Myers, Lorabelle Grogg, Iva Uvan, Wallace Brown, Charlene Grandy, Esther Gerding.

The list of South Side graduates now attending business college is as follows: Dorothy Seiler, Ruth Sharp, Harriet Schaefer, Jane Kinzie, Fred Blenz, Milford Kruse, Lovetta Kirby, Arthur Maxham, Doris Patch, Jan Tolan, Mary Elizabeth Porter, Lowell Myers, Lewis Adler, Charles Felts, Donald Carr, Dorothy Carr, Marian Carr, Richard Reincke, Nedra Kilpatrick, Lowell Day, Pauline Crabbell, Evelyn Ertel, Mary Miner, Ida May Frazel, Arnold Metach, Maurice Schultze, Eleanor Cupp, Marian Harris, Bernice McIntosh, Florence McKoon, Mary Scherrer, Paul Randall, Betty Medaris, Margaret Rennick, Edward Ringenberg, Robert Long, Max Tritch, Lester Bohl, Jane Louise Brinkman, Helen Marie Smith, Mercedes Colicho.

Following is a list of those graduates who have chosen nursing as their profession: Carrie Alexander, Metra Bojinoff, Margaret Sowers, St. Joseph's hospital; Martha Webb and Jeanette Dixon, Lutheran hospital. Dorothy Jane Canada and Dorothy Walker will attend Michael Reese Hospital and St. Louis City Hospital, respectively.

Eugene Jackson Gets Northwestern Award
Eugene Jackson, one of South Side's outstanding graduates of 1935, was awarded a freshman scholarship by Northwestern University, at Evanston, Illinois.

While in South Side, Eugene was a member of the Times and Totem staffs and of Junior Math and Lettermen's Clubs. He was also a member of the school football and basketball teams.

Jackson plans to enter Northwestern University in the fall.

Four Adventurous Teachers Try Trout-Fishing In Canada

Four of the more adventurous members of our South Side faculty, Mr. Flint, Mr. Murch, Mr. Hull, and Mr. Sidell, spent part of their vacation on a trip to the lakes of the province of Ontario, in Canada. They started their trip on July 7 and were back on July 16.

Having been on the same trip before, they knew the preparations that had to be made. Special rods and reels for fishing for lake trout, high-top boots, mosquito dope, and netting, were among many other things that were necessary.

Going up to Canada they narrowly missed running into a horse that had wandered into the road. If the driver had not done some quick thinking and acting, this story might be very different.

Upon arriving, they camped near Iron Bridge, Ontario, which is located about 75 miles east of Sault Ste. Marie. Iron Bridge is a very small town settled by white settlers fifty-five years ago and is on the banks of the Mississauga River. (The bridge over this river gives the town its name.) From their camp there they made trips to Basswood, Chiblot, and Rawhide lakes.

On their trip to Chiblot Lake, it was necessary to make three portages, a spot where the stream is not navigable, and the boat must be carried around it. While on Chiblot Lake, their motor stopped (strangely) because they used crankcase oil instead of regular oil in the motor. After rowing the remaining four miles they had learned their lesson.

The two Indian guides they employed on the trip to Rawhide Lake proved to be very interesting fellows. One was a half-breed, the other full-blooded and both were very typical of their type. The half-breed was forty years old, well built, and possessed marvelous strength and endurance. He could carry a heavy pack on his back and

one of the two 16-ft. canoes on his head and shoulders or paddle a canoe for hours without tiring. The other wore a bright red blouse and blue trousers, employed American slang skillfully, and could make drinking cups out of birchbark. For two months each winter he goes trapping for furs and in the summer when not acting as a guide he is on relief. He also believed that he had seen a monster, that looked like a small island, in Rawhide Lake.

The surrounding country was also very interesting, being mountainous and sprinkled with lakes. It was so rocky that the trees seemed to some times grow on solid rock and the fish hooks frequently caught on the rocks on the bottoms of the lakes. Many bears, deer, and moose could be seen in the dense pine forests. Though the roads were poor and few, there were many old Indian trails kept open by the forest rangers. In the winter the lakes freeze over and there is still plenty of ice on them in May. Temperatures as low as 60 degrees below zero are quite common. The sparse population of this region was of French, Scotch, English and Indian blood and were very hospitable.

The fishing for the trip was very profitable, for about 75 fish were caught in all, ranging in size from two to eight pounds. Mr. Sidell claimed honors for having caught the most and Mr. Hull for having caught the biggest. However, Mr. Flint states that he had such a big one on his line that he broke his pole and the fish got away. The others say the hook was probably caught on a log or something. For further details you can see them about it.

Archers Lose, Harmor Gains Alvaro Ferlini
Word has been received from Mr. Merle J. Abbott's office that Mr. Alvaro Ferlini, instructor of mathematics at South Side during the past year, has been transferred to the Harmor School where he will also teach mathematics.

Mr. Ferlini replaced Miss George Anna Hodgson, who returned this fall, while at South Side. During the short time that Miss Hodgson returned last winter, he was a member of the science department at North Side.

Mr. Ferlini made a great number of friends and was very active while instructing here. He chaperoned several affairs and was a faculty advisor for the Junior Math Club.

While a student at Notre Dame University, from which he graduated, the youthful math instructor was elected a member of the Academy of Science, Honorary Academy. In addition to Science, he was interested in the musical life of the school, being a member of the Glee Club and also playing the clarinet in the school band.

Harriet Yapp Holds Meeting Of All Agents

Prizes Go To Best Rooms; John Bex Explains About Awards That Will Come.

Faculty Adviser Adds Warnings

Assistants Are Authorized To Take in Returns From Subscriptions to Paper.

Harriet Yapp, circulation manager of The Times, presided at the first meeting of the room agents, which was held Tuesday afternoon in room 24. The roll was called by the assistant managers, who are Julia Crabbill, Helen Anderson, Ina Claire Chappell, Eleanor Vesey, and Ruth Henline. Harriet then told the room agents that they could obtain their receipt books and promissory notes in the Times Room, Wednesday morning. She also said that they would have time each morning to go around to each student personally and get subscriptions and also to talk before the whole class.

John Bex, business manager, then explained that all room agents having a percent of seventy or above would be entertained at a party given by the Times. He also said that prizes would be given to those having above eighty percent. A dollar award will be given to the agent obtaining the most subscriptions. Bex also said that they wished to get subscriptions from at least seventy-five percent of the school. To all room agents getting a hundred percent, candy will be given to each member of their home room.

Miss Harvey also added a few warnings to all the room agents. She said that they should keep all their receipts, and not to give any money, or to take money, without making out receipts. She also said that they should be sure to turn in their subscription money to the right persons. Those people who may take the money are the five assistant circulation managers, John Bex, Bryce Minier, Harriett Yapp, and Miss Harvey. Miss Harvey closed the meeting by saying that all room agents should try and get at least two subscriptions the first day.

South Side Times Wins In Contest

Times Is Awarded First Place For Ninth Consecutive Time; Northerner Wins Its Class.

The South Side Times again took high honors in the ninth annual newspaper contest, conducted under the auspices of the Indiana University chapter of Sigma Delta Chi. The winning papers are placed on display at the Indiana University building at the State Fair. This honor has been taken by the South Side Times every year since the contest has begun. This, then, makes the ninth consecutive time that The Times has taken first place honors.

The Times was awarded first place in the first division, which includes papers of six or more columns. The Indiana University chapter of Sigma Delta Chi is a professional journalistic fraternity. The contest was judged by members of the university faculty on the basis of news writing, use of correct English, makeup, and use of type faces.

The paper on display at the State Fair is the paper printed during the American Education Week. This, during the month of November of last year. A certificate, showing the awarding of first place, will be received from Indiana University.

Those certificates received in past years were printed on parchment and were completely hand-lettered. They are framed and placed on display in the Times room. The Indiana State Fair awards a blue ribbon to signify first place. These are kept in the Times room and will be framed in the future. At the present time, they are kept in the picture frame with the parchment certificate.

The Northerner, the North Side High School paper, took first place in the second division, for papers of from four to six columns. The third division, for papers having less than three columns, was taken by an Indianapolis high school paper, The Arsenal Cannon. This was their second consecutive time.

Hopeless, Helpless Freshies Make Many Typical Errors

The eventful (we hope) semester of 1935-1936 is no exception, so far, at least, as far as freshman mistakes are going. This year's crop of verdant greenies are carrying on the traditions of their elders inasmuch as they are making more and better blunders all over this kingdom of R. Nelson's.

Erving young males, however, are on the decline, for only a small percent of the green crop encountered and cornered were boys. Surely this does not mean that the fair sex is becoming less civilized and intelligent! There is a slight "little birdish" feeling, however, that the young men were just a trifle shy when the inquisitor came around.

These are some of the breaks the dear children made:

Dorothy Lou Braun—I've got a big sister here, thank goodness, so she kept me out of scrapes and showed me around.

Jack Feller—Shoes off twice, and what a time getting 'em back!

Ernest Bailey—Some fun dodging sophomores!

These last named young fellows were sitting together and sympathizing with each other. Bruised and battered by their superiors, the afore-

New Upperclassmen Are Enrolled Here From Other Places

South Side has several new upperclassmen who have recently moved from other towns and other parts of the city. These students have enrolled from cities in Ohio, Kansas, New Jersey, Illinois, and Texas, as well as Indiana.

Several students who formerly attended South Side, but withdrew for various reasons, are re-entering this fall.

The new upperclassmen from out of town are as follows: Ruth Allemeier, Delphos, Ohio; Eva Allison, Topeka, Kansas; Thelma Connett, Bluffton, Indiana; Robert Frye, Markle, Indiana; Olene Loughhead, Bryan, Ohio; Doris Osgood, Red Bank, New Jersey; Janet Patterson, Simpson, Illinois; Marian Patterson, Valparaiso, Indiana; Laurene Quinn, San Antonio, Texas; Thomas Sellers, New Haven, Indiana; Elizabeth Stoltz, Harlingen, Texas; Mary Ellen Strunk, Elmhurst; John Williams, Elmhurst.

New upperclassmen from the city schools include the following: Rolan Bolde, North Side; Madeline Geise, St. Peters; Ruby Hill, North Side; Adeline Hahn, St. Catherine; Walter Prange, Lutheran Institute; Robert Schneider, Central Catholic; Martha Zelt, Luther Institute; Warren Zelt, Concordia College.

The following are former South Side students who have re-entered: Robert Bender, Donald Blecke (P. G.), Dean Brahm, Henry Brandt, Harold Kitzmiller, Billie Mauk, Macy McCoy, Tessabelle Niebel, Richard Orr, and Wayne Rolf.

School Faculty Has Only Few Changes Listed

Roll of South Side Teachers And Faculty Members Are Given; Also Their Posts.

The faculty at South Side High School has undergone only a few changes this year. The list of teachers and faculty members of the school is as follows:

R. Nelson Snider, principal; Martha M. Pittenger, dean of girls; Virginia Montgomery, attendance, study hall; Dorothy Alderdice, secretary; Emma Shoup, librarian; C. A. Bex, industrial arts; Louis A. Briner, physical education; J. H. Chappell, foreign languages; Paul Sidell, mathematics; A. Verne Flint, mathematics.

Burl Friddle, physical education; Russell Furst, commerce; Ward O. Gilbert, chemistry, health, mathematics; E. S. Gould, botany; A. W. Heine, biology; Louie R. Hull, physics; Herman O. Makey, English; J. H. McClellure, history; E. H. Murch, commerce.

M. E. Murphy, social science; Benjamin Null, English; Delivan Parks, education; M. H. Rothert, foreign languages; Paul Sidell, mathematics; physics; Sari A. Sterner, English; M. E. Tudor, history.

Herbert S. Voorhes, science; J. W. Wainwright, music; Lundy E. Welborn, mathematics, coaching; Lloyd K. Whelan, physical geography; Wilburn Wilson, social science; Harold Windmiller, commerce; Dorothy Benner, English, public speaking; Nellie Covalt, commerce; Edith Crowe, health; Mary Crowe, history.

Rosemary De Lancey, English; Elizabeth Demaree, English; Erma Dochterman, art; Adelaide Fiedler, mathematics; Rowena Harvey, journalism; Amanda Hemmer, English; George Anna Hodgson, mathematics; Elizabeth M. Kelley, English; Emmr E. Kieffer, English; Mary Helen Ley, art; Dorothy Magley, English; Mary McCloskey, English.

Lucy Mellen, home economics; R. Hazel Miller, social science; Crissie E. Mott, home economics; Gertrude J. Oppels, home economics; Mary S. Paxton, education; Mary S. Paxton, mathematics; Susan K. Peck, English; Olive B. Perkins, French; Mary Poock, English; Pearl Rehorth, home economics.

Beulah Rinehart, English; Clara C. Schmidt, German; Eleanor Smeltzley, history; Gretchen A. Smith, physical education; Mabel Thorne, mathematics; Pauline Van Gorder, history, citizenship; Grace Mellen Welty, Latin; English; Alda Jane Woodward, Latin.

Philo Welcomes Literature Lovers

Girls Interested in Developing Appreciation of Fine Arts Invited by This Society.

South Side's Philaethian Literary Society extends an invitation to the girls of South Side who are interested in developing an appreciation of fine arts, especially literature, and to promote friendship. All 10A's, juniors, and senior girls who have B or above grades in English are eligible for membership. Those desiring membership should write a letter of application and then present it to the faculty adviser, Miss Elizabeth Demaree, in room 68. Many pleasant surprises and good times are being planned for the coming semester by Miss Demaree and the officers who are: President, Ruth Adler; vice-president, Helen Anderson; secretary, Dorothy Crabbill; treasurer, Betty Rose Lehman; sergeant-at-arms, Rosemary Chappell; program chairman, Mary Martha Hobrock; and pianist, Virginia Gardner. The dues for Philo are twenty-five cents a semester and this amount grants you literary development as well as many fine social events. The Philo fall dance and other fall frolics are looked forward to by wise pupils. The first meeting of the club will be Monday, September 16, in the Greeley Room. The meeting will be in the nature of a pep session and all who desire to become a member as well as old members are cordially invited.

University Scholarship Awarded Bill Knoche

Bill Knoche, who was a 1935 South Side graduate, has accepted a four-year full tuition scholarship, which was offered him by Miami University. Knoche was given the scholarship in recognition of his musical ability. He was a member of the News-Sentinel Boys' Band for seven years and also belonged to the South Side band. Besides playing in the band and orchestra at Miami University, Bill will study public accounting.

Knoche is the son of Mr. and Mrs. Walter Knoche, 2803 Abbot Street. He was formerly a pupil in the Zion and Bethlehem Lutheran schools.

Other pupils to receive this award are Gilbert Johnson, who will go to Northwestern; and Norwood Dalman, a South Side graduate, Wallace Bryan and Franklin Bryan, who will go to Miami University.

Math-Science To Meet First on September 27

"Members of the executive committee of the Math-Science Club will meet with the club advisers, Miss Adelaide Felder and Mr. Lloyd Whelan, to make plans for the meetings of the coming semester," John Bex, president of the club has announced.

Other members of this committee are Ruth Adler, vice-president and chairman of the program committee; Helen Anderson, secretary; and Dave Sherman, treasurer. The first of the regular monthly meetings will be held in the Greeley Room at 7:30 on September 27.

Any pupil who is taking either mathematics or science and has taken two consecutive terms of either may become a member of this club which was organized to give students information on the practical application of mathematics and science.

News-Sentinel Cartoonist and Editor Counsel School Youth

Among other signs of school days was an appropriate cartoon and editorial which appeared in the News-Sentinel recently. The first section of the cartoon depicted the ambitious and willing school youth as a football player ready to hit the line of the foot-

ball players composed of tough looking school days which are never as tough as they look, in the other section the student was already wondering whether he could make it and expressed the desire of not having to carry the ball namely the school year. The question which the cartoonist asked was, "Which way are you going to hit the line?"

The editor explained in his accompanying editorial that it was aimed at the "Oh, yeah!" attitude which has recently threatened to fulfill the prophecy of Edmund Burke which said that "Learning will be cast into the mire and trodden down under the hoofs of a swinish multitude," and learning is one of the main things which will prevent this swinishness. He also said that both young and old have been neglecting books.

In reference to books William Elery Channing said, "They give to all who will faithfully use them, the society, the spiritual presence, of the best and greatest of our race."

The editor asks if there are still students who have never taken books seriously enough to run the risk of having any of their work smell of the lamp—saying that the proper study of mankind is man, that human contacts are vital, that self-education is the main thing after all, that one should strive to avoid the very appearance of being a "greasy grind." He tells them who have the idea to remember that "who without books essays to learn, draws water in a leaky urn!"

The editor accuses many youngsters of high school age of pouring their midnight oil on lobster salad and forgetting old Roger Ascham's counsel that "Learning teacheth more in one year than experience in twenty." He then admits that most students really want to "make good" and, by that very token, should be eager to pay the price of making good.

In conclusion the editor quotes from some of the soundest "homespun" philosophers. "Every man who can be a first rate something—and every man can be who is a man at all has his right to be a first-rate something; for a fifth-rate something is no better than a first-rate nothing."

Teachers Hold Meeting

Annual teachers' meeting of all the public schools was again held in the morning of September 3, at Central High School. Dr. G. W. Allison, minister of the First Presbyterian Church, opened the meeting with devotion. Entertainment was furnished by three girls, Ruth Siegal, Margaret Baker, Kathleen Bolyard, students from Central, who played the piano, violin, and cello. They have won national music honors. Mr. Abbett delivered a general speech to the teachers, and thus closed the meeting.

Mr. Snider has issued a bulletin to each of the South Side teachers, in order that he may save time and omit the necessary meeting of the teachers at the beginning of the school term. The principals at both North Side and Central have also adopted this system.

Junior Math To Meet

Officers for the coming term of Junior Math Club were elected at a potluck held toward the close of last term at Nora Mae Bradbury's house.

Those chosen are: President, Nora Mae Bradbury; secretary, Helen Cox. Other officers will be elected at the first meeting of the term to be held Tuesday in the Voorhes Room.

All Important Dates For School Year Are Announced

The following dates are important ones that will occur throughout this school year.

First Term Begins—September 4, 1935. Ends—January 18, 1936.
Second Term Begins—January 20, 1936. Ends—June 5, 1936.
Grades First Semester First period ends October 4; grades issued October 8.
Second period ends November 8; grades issued November 12.
Third period ends December 13; grades issued December 17.
Fourth period ends January 15; grades issued January 15.
Second Semester First period ends February 21; grades issued February 25.
Second period ends March 27; grades issued April 31.
Third period ends May 1; grades issued May 5.
Fourth period ends June 3; grades issued June 3.

Home Rooms Crowd School; 62 Scheduled

All Available Space Is Put Into Use for Early Morning Groups; Heads Listed.

Because of the large enrollment at South Side this year, every available room in the school is being used as home rooms, including the Greeley Room, Voorhes Room, library, gym, room S, and the cafeteria. Sixty-two teachers will be used as home enrollment teachers.

Following are the home rooms, their clack and teachers:	Class
Teacher—Room	Class
Benner—178	Junior

Wainwright—50	Senior
Welby—34	Freshman
Whelan—14	Senior
Wilson—10	Sophomore
Woodward—36	Junior
Windmiller—28	Freshman

New Lockers Are Put In East, South Halls

Due to shortage of lockers in South Side during the past year, one hundred new lockers have been placed in the halls. For several semesters, the enrollment at South Side has increased to such an extent that in many cases students were forced to double up on lockers.

Several men have been busy during the past week setting up the lockers. Thirty-six of the lockers will be placed at the south end of the east hall, and the remainder will be set up in the south hall across from rooms 72 and 82.

The lockers are the same type as those already in the halls. They will also have the same type combination locks as have been used in past years.

Miss Hodgson Glad To Work After Year of Recuperation

"During the school year I spent away from South Side convalescing from my illness, I followed a strict routine of rest, quiet, walking, reading, and knitting, my favorite hobby," stated Miss George Anna Hodgson, who returned to South Side recently to resume her teaching duties.

Miss Hodgson spent the foremost part of September, 1934, at Mayo Brothers' Clinic in Rochester, Minnesota. After several unsuccessful attempts to resume her work here, she spent several months in various hospitals, and afterwards returned to her home on Webster Street.

"Fort Wayne is a nice place to be ill, considering the calls, cards and lovely flowers I received, but the seclusion I went through in the hospitals was almost unbearable," said

School Paper Aims At 1500 Subscriptions

Room Agents Having 70 Percent of Their Rooms Subscribed To Get Party.

Is Greatest Goal Ever To Be Set

Price of South Side Times Is 75 Cents; Is Possible To Pay by Installments.

Subscription Record Is Set on First Day

Two hundred sixty-nine subscriptions to the Times were obtained the first day of school, giving the circulation campaign a grand beginning. This is the highest number of subscriptions ever obtained on the first day since the Times was organized fourteen years ago. Eleanor Vesey with forty-two and Betty Wolf with thirty-nine were two room agents who were leaders in acquiring subscriptions.

Fifteen hundred subscriptions has been set as the goal, and during the next three weeks agents will work to acquire it.

"The greatest Times subscription campaign in the history of South Side will be conducted this semester by Harriett Yapp, the new circulation head," stated John Bex, business manager, "and it promises to be entirely new and different."

The goal of 1500 subscriptions tops the highest past record by 400 subscriptions. Last fall, however, the subscribers totaled 950 and in the spring there were 370.

The room agents having seventy percent will be given a party, while those having over seventy percent will receive special awards which are reported to be very worthwhile. The home rooms having one hundred percent in the drive will be treated to candy.

As previously, the subscription will be seventy-five cents and can be paid for in installments if preferred. Promissory notes require a down payment. The final payment will be due in December.

The circulation manager, Harriett Yapp, will be assisted by Ruth Henline, Helen Anderson, Ina Claire Chappell, Eleanor Vesey, and Julia Crabbill.

There will be several meetings of the room agents in the near future. The most recent list of room agents is as follows:

Room	Agent
2	L. Rea
4	J. Crabbill
6	D. Russell
8	M. J. Nul

"The Power Interests"

Ever since the first group of human beings were thrown together into a society, the problem of power has existed.

Society against the powers of nature! Naturally in every society, there must be leaders. And so kings, dictators, presidents, generals, preachers, chiefs, powers-behind-the-throne, and innumerable others came into existence.

The world today is a spectacle to a very absolute group of leaders. Mussolini of Italy; Stalin of the Soviet; Hitler of Germany; the late Pilsudski of Poland, who declared democratic government bad for a country; all these rulers could fit the exclamation of Louis XIV: "The state? It is I!"

The field of government is not, by far, the only field in which power exists. Hardly any association exists which is not headed by someone with power over it.

In our opinion, power should come to a person gradually, so that one has to work long and hard for it. When one gets all he wants, he is likely to abuse it.

In South Side, we believe each pupil should have an active interest in all his activities, so that leadership will be well trained when it comes to power.

Perk up, students! Take an active interest in your school work and outside activities, for tomorrow you will lead, and those who don't lead now should be good followers until they do.

Lets Be Clubby!

To the incoming class of 1939, South Side will be an entirely new experience. Freshmen will find that in high school one is more on his own and must depend on himself more or less to succeed, on the supposition that he has grown up a little.

This attitude is the basis for the manner in which scholastic and extra-curricular activities are carried on. Previous to their high school career, school was just school for most students, including few activities independent of the classroom. The four years of high school offer to the student a great variety of clubs, covering many subjects. There is hardly anything which should not interest someone not included in our clubs.

Why do we have clubs and outside activities anyway? Simply this: At this time in life, youth begins to take an active interest in many different things, and naturally wants to associate with others who have the same interests. Ordinary everyday life offers few opportunities for independent activities. To begin with, there is the difficulty of becoming acquainted with the group of people one wishes; a meeting place must be found; to get the best results, trained people who know most about the subject must be contacted; parents who have the best interests of their children at heart like to know what they are doing and like them to be in good hands; independent clubs usually cost a great deal to join; and many students need a little push to get them started.

On the other hand, the school offers many advantages. School activities offer a fine chance to get acquainted with people; South Side has two rooms entirely devoted to clubs; some of the best authorities speak before our clubs; all clubs are under the supervision of faculty advisers; the cost of South Side clubs is extraordinarily low. Indeed, many clubs have no dues at all; and under the encouragement of fellow students and teachers, a desire to join is created.

In the end, one will find that time on club work is well spent, because something is derived from the clubs which can never be gained from regular activities. The ability to mix socially with one's fellows is gained; one learns to assert oneself, thus gaining an ability to use one's own knowledge to advantage; and often club connections bring out interests which may become a life work. To South Side's new students and also non-club members: We cordially welcome you to a place in our club life and sincerely hope you will join up and get much enjoyment from them!

Brass Tacks:

"He jests at scars who never felt a wound"—Shakespeare.

"Let us endeavor to live so that when we come to die even the undertaker will be sorry"—Mark Twain.

Carriving On

With Dick Helm

"In the spring a man's thoughts turn to love" according to the poet's pen, and the rhythm-made should have continued and said that romances in the summer are the general result. And all because of this rapid turn of events your scribe once more seats himself before the thumping machine and pours out his wrath on his unsuspecting friends.

First, why does that darling senorita with the delicious smile, Selma Liff, find it necessary to give the local boys the cold shoulder while the man from "way down East" is here? Come on and give a couple of South Siders a chance.

Wonder what G. Martin is doing these days since Bob left for Annapolis.... Betty Wilkinson really went to town this summer. The poor gal is about exhausted from it all.... This Margaret Ann Shryock really gave the male populace a run during the summer period. Seems as though they really raise the peaches in deah ol' Florida.... Beanie Dygert continues to rate an army of admirers during the vacation period. Among her victims were Dick Tresselt, George Perkins, Melvin Eggers, Ron Staley, Dick Woodruff, and a host of fellows from the dear old alma mater.

Camp Wainwright took the count in the matter of romances during the summer. Myron Jones led the race for honors by being a participant in a number of "steady" combinations. Betty Wainwright was the first to fall under his charm and after that we understand there was a continual line.... Bob Adams continued to stay true to dear little Daisy.... Marjorie Glass really pulled a slick one over on the hunting party. If you ever get in a jam, relieve yourself of your cares by holding a consultation with this blonde.

"Wimpy" Nelson has been wearing out plenty of shoe leather hoofing it out into Lafayette Place. You can hardly blame him though with a prize like Ginny Gardner at the end of the trail. Joe Close likewise continued to rush Mademoiselle Greiner off her feet all through the summer months, and we suspect that he will continue the good work indefinitely.... Craig and Horn did their duty by the hem-men up at the lakes during vacation. According to all reports they were the outstanding mermaids at Lake James and really had the men going gaga!

Another of the late summer twosomes which seems headed for bigger and better times is composed of little Jimmy Sweet and Ruth Garrison. They looked great together as they fed the elephants at the circus.... the greatest mystery now confronting our writer deals with a cute little soph. How does Julia Crabbill avoid the men so completely? That smile of hers is going to have plenty of masculine charmers falling for her. Funny how much she resembles Barbara Craw.

Just what is happening out the Velloff way? After a period of nothing but Bob Faust we now see Son otherwise occupied. There must be a rift in the waves.... Just saw Forrestine Valentine and her steady, Elwood Jackson, burning up the pavement in his new Ford. Looks as though she is definitely settled and Bill Willson is once more in the lurch.

Wonder why all the commotion is being made about the formation of the Suckers Club. Seems that the charter members have all formerly gone with Ann Brothers. Wonder how large the membership is?.... Don't ask Marjorie Dancer what made the last two weeks of her vacation so enjoyable because the answer is sure to be Hickman and more Hickman. Ever since his arrival from Camp Wainwright Bob has been rushing her off her feet.

And now comes the news of one of the worst complications that can develop in a case concerning affairs of the heart. While Joe Bell is away at football camp doing his best to become a heap big gridiron star, his one and only Eleanor Vesey does the walking-out act on him. Seems that she considers tennis such a "raquet" that she played a few "love" games with Sir Robert Schaff.

Another one of South Side's charming daughters who seems to be heading for better times this fall is Marjorie Rohrer. This tiny brunette has more than one going gaga and still more are headed for the same dreaded affliction. Frank Dalzell has openly admitted that she is his Secret Passion.

Now that Italy is preparing to attack Abyssinia, we can name the place without making it a pun for good-bye.

As usual, Americans want to get involved in it. American negroes are willing to chip in spare cash to defend people who keep negro slaves.

Both countries are explaining to their soldiers that war should be civilized, (i.e.: one should try to kill the enemy, but if one fails, all efforts must be made to save him.)

The British, who were shedding tears for Ethiopia recently, are now willing to give Italy a mandate. (Over an independent nation.)

The only difference in the inevitable disagreement between the Italians and the Ethiopians is that if the Italians tried to grab the country, it would be a war for Ethiopian independence, and if it were mandated to Italy, it would be a civil war.

The Italians plan to bomb Addis Ababa, population 70,000, the capital of a country containing 10,000,000.

It is anticipated that if the Italians ever get bored, they can sit in the mud and make pies.

Shoes and Ships

FOOLING—The appearance at South Side of the advance brigade of the class of '39 makes us think of some of the happenings of our dear, dear childhood. (If any parents are reading this, we're only fooling—about the childhood, we mean.)

We remember Sonia Velloff was always drawing distinctive creations of her own design draped over big-eyed mannikins.... We used to sit directly before a Harrison Hill teacher, and when we made our first acquaintance with the Times there, we had to read it on our desks so she could see what occurred behind us.... Then there was the time Miss Schlegelmich was very angry at Lester Yoder for peeking through the scenery at the Harrison Hill pageant.

Once Mr. Jones, the music superintendent, (also Myron Jones' pa) asked us to solo on "My Country 'Tis of Thee," and we didn't know the words

—Clarice Rudy used to take elocution lessons—demonstrating her talent before Fort Wayne's appreciative orphans, as we remember.... Ann Winters used to cast longing glances after a filling station attendant before she gave herself to South Side—Little Loves in the Lives of the Mighty?.... Bob Gargett used to play dolls with a neighbor girl—maybe Peggy Collins, '35.

There were two girls we always thought twins, whose curls the boys loved to pull. They lived suspiciously near where Rosemary and Ina Claire Chappell now reside.... Maxine Marlotte had a dog which followed her into class one day. The teacher shut it up in the cloak room (remember those?) where it nearly awoke the dead with its barking.... We attended a Christmas party at "Billy" Korte's once and the tree caught afire—did everybody run?

DIARY—If we had kept a diary our first few days here, it probably would have gone like this:

First day. Felt quite nonchalant until lunch period when I had to try in the gym. Spent much time trying to read The Times and keep my eye on the upperclassmen simultaneously. As the shoes of my classmates hit the floor, cold shivers went up my back and my blood pressure went up a notch. It's really quite a task to look nonchalant when you don't feel nonchalant.

Second day. Some great big letters passed within a few feet of me today but I just walked by them. I had to pay one fellow a nickel to keep him away from me. I don't think Mr. Snider would approve of that.

"I wish I felt like you—always going places and doing things."

"Well, my dear, the secret is Dr. Morse's Indian Root Pills."—adv.

At last we know what makes them do it.

Keeping Up Appearances

By Helen Kelsey

"Plaids" and "pleats" are the key-words of the fall fashions. An idea for a dashing ensemble is a gay plaid skirt that is smartly pleated. A white blouse of handkerchief linen is advised to balance the brightness of the skirt. A small perky tie of plaid matching the skirt sets off the ensemble to make an unusual addition to any girl's wardrobe.

A clever dress for a football game will be a suit of blue velvet. For the "accent on youth," tuck a plaid scarf nonchalantly in the slashed neckline. The blouse is fashioned with raglan sleeves and is fitted snugly by means of diagonal tucks at the waist line. Simplicity and shortness are attractive features of the skirt. Allowance for the necessary fullness in the skirt is made by two small kick pleats on each side. A blue felt derby, and brown suede shoes and gloves for the contrast should complete the outfit. For reassurance of your school spirit "tuck a feather in your hat and smile."

Almost every high school girl should have at least one knitted dress. In view of the fact that the art of knitting is fashionable as a pastime, the

industrious miss can not afford to be without a ball of yarn or a finished product. Attractive scarfs with monograms are advisable for beginners because of their simplicity. Later, more complicated projects may be attempted, such as gloves, sweaters, hats, and finally a dress. The average sub-deb will be very proud of her knitted outfit for more than one reason, one and perhaps the most important being that she knitted it herself, and the ulterior reason being that "Vogue" speaks very highly of knitted ensembles.

Last year's dress may be revived by lending trimming for autumn. This year's autumn touch is fur trimmings, especially, fur buttons. Fur trimming appears on some of the smartest of the new fall dresses. Get out your last year's black crepe frock, for early fall, and get some black astrakhan fur. Add fur buttons and trimming to the pockets. For color tuck a bright red scarf, embroidered with gold dots inside the neckline. The tie accents the ensemble by giving that breezy appearance for an important date. For hat of black felt and step-in pumps of black kid are suggested.

Coup d'Etat By Mussolini Set Fascist Followers in Power

Note: This is the second installment of two articles on Mussolini. The next person whose life we shall feature will be William Randolph Hearst.

Practically all Italy was in the hands of Benito Mussolini's armed troops. Following a cabinet crisis and a meeting in which he declared his intentions of overthrowing the government, the march began. It is of interest to note that such famous names as Italo Balbo and Dino Grandi were among the guiding spirits of the march.

The government in "power" drew up a decree against the troops, but the king refused to sign it because it would have meant civil war.

Mussolini's troops occupied Rome October 30, 1922. They entered peacefully, not being molested by the police; and there was very little bloodshed.

The king named Mussolini premier, and he had his cabinet chosen within seven hours, a record for the Italians, who usually took a week or so between governments. He himself occupied the positions of Minister of Foreign Affairs and Minister of the Interior. He ordered his troops to disband and Rome was entirely unoccupied by November 2.

He made a speech to the Chamber, showing great contempt for the parliamentary form of government, declaring the people had set him up in power to govern them.

Some of the things on the fascist program were: A well managed budget. A powerful army and an exceptionally large air force. No freemasonry. Abolition of inheritance taxes.

He had a law passed which gave the party with the most votes two-thirds of the members of the Chamber.

An affair that shocked the world was revealed in 1924 when Giacomo Matteotti, the secretary of an opposition group, disappeared. He was found dead June 13, and a group of men high in the fascist councils were apparently implicated. After much hushing up, the men came to trial, about half of them being found not guilty, and the rest serving very light sentences.

Apparently his rule did not entirely suit some people, for many attempts were made on his life before strict penalties were laid down for attempts on the head of the state.

A plot to murder him, involving socialists and freemasons, was nipped in the bud in October, 1925.

An Irishwoman wounded two in the nose with a revolver, not hurting him, however, in April, 1926.

A bomb thrown at a motor car in which he was riding injured several occupants but not Mussolini, in September, 1926.

In October, 1926, a youth fired a gun at him, but missed him narrowly. The would-be assassin was immediately lynched.

His political planning resulted in the "corporate state," following the passage of a measure in 1926.

The principle of the plan was to put all capital and labor under the control of unions. Any sort of violence in labor disputes was strictly prohibited, disturbances being settled by arbitration before a government labor court. In case this arbitration failed, the case went before a group of arbitrators chosen by the disputants.

The unions, or guilds, were headed by men elected by the different

Down South
 Last Roses of Summer
 The song is ended, but the melody lingers on. Some of summer's roses, too, seem to have a lovely way of lingering. Martie Hobrock with her "You know what I mean" is looking "rosier" than ever these days. Soothsayers have it that she's really going to blossom forth.

Jerry Zehr, the smiling soph president, has evidently turned "daffy-dill" over someone, or so several little rays of sunshine say. Wonder if it could be a certain lovely young lady "Gardner" who is causing this flower to linger. What we need is more and lovelier "Gardners."

Rex Knorr however, doesn't need to care if there is rain, sunshine, or even a lady to care for the roses, for nothing "Meigs" any difference as long as Betty still says "Forget-me-not."

Jean Bollman still is going on her merry way. For her, roses in full bloom are not quite as interesting as those in the "bud." The young lady is quite particular, for she prefers the "Mahurin" type. Certainly no one will argue that "Mahurin" is a most admirable kind.

Speaking of "Buds" reminds one of "Schromie." From the general looks of things, he has been dutifully selling groceries during vacation. Of course, undoubtedly, there's his deeply hidden social life which will come to the top sooner or later. Several "Pegs O' My Heart" still brighten up our noteworthy halls. Kilpatrick surely is a sight for sore eyes after one grand vacation. We're not so sure about this Korte affair. Perhaps school will serve as a reviver for their budding romance.

Peggy Woodhull is an up-and-coming young lady in our midst. Summer found her constantly showing those dimples of hers and being generally attractive. There'll come a day!

"Flowers for Madame," and these go to Rosemary Chappell, for she's still making a go of it with Johnson. She's "just an ordinary human" but she certainly deserves credit for being so long lived in this case, as it were.

Doris Bennett has really been "Perky" this summer. There have been loads of good times and Dale still rates.

Whoops! Summer affected one poor roose sady. He became quite aged and really was "the" last rose of summer.

But oh! It's still Bob Adams, as young as ever, hiding behind a "cookie dust-er." Come on out, we know you! "No Horse, No Wife, No Mustache" seemed to be a much better pliff, so off it came, August 22, 1935. But there's still hope yet. He ought to be able to grow it back in three months, if he doesn't shave. The melody lingers on—Time Will Tell.

Secrets to Seventeens

Be Smooth....Lads and lassies, begin your young to cultivate a smooth, moderate voice as well as manner. The sweet young thing who pitches her voice at high C and talks like a babbling brook makes everyone want to run in the opposite direction. With constant care the voice can be kept moderately toned. Conversation, as well as voice, should be kept smooth. Many boys are blunt and abrupt because they are self-conscious and answer abruptly just to end the agony of talking. As they gain poise their conversation becomes easier. Be on the watch constantly; before you talk, soften your voice and keep it low. Always say the smooth, easy thing even though it seems hard at first, and you'll be at ease and then some.

Smooth Gals....They, in short, do and say the right thing, in the right way, and at the right time. A member of this set never even considers using slang; she leaves this for the silly young thing who doesn't know any better. Although giggling is considered cute and puts an accent on youth, even it can be carried too far. Smoothies giggle very little; they know a soft low laugh is much more effective. Above all, smooth girls don't always have a wise crack coming. Be clever, yes, but let the members of the opposite sex shine and you just laugh. They love it.

Smooth Gents....They make their girl friends feel at ease. Even though they aren't crazy about their lady for the evening, they give her all of their attention and don't even think about the one they would rather be with. If you want a reputation for being smooth, never think of swearing in the presence of a lady, and never ever tell a joke that you wouldn't tell your mother. When the smooth boy is turned down, instead of saying "O.K." and banging down the receiver, he says, "Sorry, well I'll be seeing you again soon," or something of this nature. A smoothie doesn't always talk about "my golf game," "my tennis game," or "my life and times," but once in a while talks about something interesting to everyone.

If you don't think being smooth is worth the effort, you may as well hand in your uniform now, for like every other game, it means a lot of hard training. And if it were just an end itself, it certainly wouldn't be worth the trouble. It isn't an end, however; it is a means. A means of getting on very, very well with other people. If you have it, you go through life "with the greatest of ease."

Strange Apparition From Planet Mars Notes Local Antics

We were trying to sleep the first evening after school, following a very troubled and busy day. It may have been the mince meat pie we ate just before—but we'll skip that.

At any rate, while we were dazedly contemplating the reason for cracks in the ceiling, we heard a low voice at our side.

"Who are you?" we asked the apparition.
 "I just dropped in from Mars to visit Mrs. Roosevelt," it said. Singular; very singular, we thought, but decided not to say anything about it. After all, that's Mrs. Roosevelt's business.

The scene shifted occasionally.
 "What's going on here?" it asked.
 "The upperclassmen are showing a freshman the elevator," we said.
 "Why are they laughing?"
 "There isn't any elevator."
 (Oh, yes there is!—Ed.)

"I see in the paper that a fish bit a lady's toe off which had been painted red."

"That's right."
 "Why do ladies paint their toes?"
 "To attract poor fish."

"Who are those people sitting around in that hot room?"

"That's Congress in session."
 "Why don't they go home? They can if they want to, can't they?"
 "Yes, but the President won't let them."

Important Dates During School Are Announced

Sixty-One 'Red Letter Days' On Scholastic Calendar Are Found in List Below.

Students who wish to observe all important events at South Side will have an idea what to look forward to after investigating these days. All "red letter days", taken from the school calendar, are listed below:

September 4—School opens.
September 20—Faculty picnic.
September 23—Wranglers picnic.
September 27—Torch Dance.
October 5—Sunshine convention.
October 7—Back-To-School.
October 11—Tea Dance.
October 14—Freshman mothers' tea.
October 16—Math-Science party.
October 17 and 18—Teachers' convention.
October 21—Wranglers' potluck.
October 25—G. A. A. party.
October 28—Sophomore party.
November 1—Airplane skate.
November 4—Torch banquet.
November 8—Philo dance.
November 11—Junior mothers' tea.
November 11—Armistice Day.
November 15—Tea dance.
November 18—Tea dance.
November 22—Senior mothers' tea.
November 28 and 29—Thanksgiving vacation.
November 29—Torch skate.
December 2—Christmas tea dance.
December 23-27—Christmas vacation.
December 30—School opens.
January 1—New Year's vacation.
January 2—School opens.
January 10—G. A. A. recognition.
January 15—Central pep session.
January 16—Travel skate.
January 17—Term closes.
January 20—Term begins.
February 21—Senior Fun Fest.
February 24—Wranglers potluck.
February 27-28—Minstrel Show.
February 28—Junior Math skate.
March 2—Freshman mothers' tea.
March 6 and 7—Sectional.
March 14—Regional.
March 17—Philo Banquet.
March 20—State tournament.
April 2—Musical.
April 6-9—Spring vacation.
April 10—Good Friday.
April 17 and 18—Senior Play.

May 8—Sophomore Party.
May 11—Girls' track meet.
May 12—Wranglers' banquet.
May 14—Hi-Y honor banquet.
May 22—All-School Exhibit.
May 26—Recognition Day.
June 2—Senior Dance.
June 4—G. A. A. breakfast.
June 5—End of term.

I. U. Extension Offers Work For Full Credits

The Indiana University Extension Center here, a branch of Indiana University located in Fort Wayne, offers an ideal solution to the problem of many graduates of South Side and other schools who, for various reasons, find it impossible to continue their education in schools outside of Fort Wayne.

Many graduates have taken advantage of this opportunity in former years. Graduates from South Side, North Side, and Central as well as graduates from Decatur, Kendallville, and other surrounding towns, increased the enrollment to nearly a hundred students carrying full time work.

For the graduate who works full or part time the extension has evening classes. A student may take perhaps half-time work and thus have one full year's work finished in two years.

Students who would like to enter Purdue University may study the first year at the Extension. Last year an agreement was made with Purdue arranging for full credits to be transferred there for the engineering course taught here. All but one of the subjects of that course are taught at the Extension. This one is supplemented by another subject, and the student receives the equivalent of one year's work at Purdue.

Teaches Here Again

Miss Georgeanna Hodgson

Miss Georgeanna Hodgson, mathematics teacher, who has not taught at South Side for one year because of illness, returned to her former position this term.

Harriet Yapp First Subscriber; Wayne Bender Close Second

Aiming to obtain the goal of fifteen hundred subscriptions, the circulation staff of the Times is earnestly helping to make the campaign a success. Harriet Yapp, the circulation manager, was the first to subscribe to the Times. Wayne Bender, former General Manager of the paper, was a close second. Others who were among the first were John Bex, Helen Kelsey, and Margaret Gross.

The person who received the first folded copy of this semester's papers was Eleanor Vesey, room agent and assistant circulation manager. James Sweet, editor, and Bryce Minier, general manager, were the first to fold a paper. The first story, a feature on mob psychology, was written by Mary Ann Park.

John Bex obtained the first advertising contract for the semester from the South Side Market. With such a start, and with the support of the faculty and the student body, the Times is bound to keep up the splendid record it has maintained in former years.

Ben F. Geyer Renamed School Trustees Head

Ben F. Geyer has been reappointed president of the Board of Public School Trustees. He previously headed the board from August 1, 1930 to July 31, 1932. Mrs. David Vesey was elected secretary of the board and Judge David E. Smith was elected treasurer. The officers are elected for four years. The other two members of the Board of Trustees are Dr. Victor H. Hilgemann and William T. McKay, the latter being a new member.

A reorganization meeting of the Board of Public School Trustees is held within the first five days of each August.

The board meets the second and fourth Tuesdays of each month in the office of Merle J. Abbett, superintendent of the public schools of Fort Wayne. The meeting is made up of reports from various committees, news, business and communications. Also at these meetings the school finances are considered. The board signs all contracts and checks that have anything to do with the schools. They consider all petitions.

Industrial Arts Division Offers 4-Year Course

Manual Training Department Adds Interesting Problems To Its Course.

The Industrial Arts department, which offers a four-year course for all who wish to take advantage of it, is adding many new problems to make the course even more interesting.

The first semester covers woodwork. The second term includes wood-turning and benchwork.

The third semester covers general metal work, including machine shop, foundry, sheet metal, and forge work. Many new features are intended for this part of the course.

In the fourth semester pupils study advanced woodwork, including cabinet-making, furniture making, and advanced woodturning.

The last four semesters are entirely devoted to mechanical drawing. In the fifth semester pupils study the rudimentary principles of mechanical drawing.

In the sixth semester the pupil has the choice of taking either machine-drawing or architectural drawing. The former deals with the design of cams and gears. In architectural drawing the pupil designs a house, making all pencil drawings and blue prints.

In the seventh and eighth semesters the pupil studies advanced machine designing or structural steel building for large structures.

Although the department was originally meant for boys alone, sometimes girls find the course profitable, especially the drawing department.

A new feature of room 46 is a "floating floor" which will be used to store projects and supplies. The platform is in the rear of the room. In the middle of the room are seats for thirty-five students to be used as home room and for students of the classes when a teacher is giving a demonstration.

Because of the large classes this year a new teacher will be employed to lift part of the burden from the shoulders of Mr. Bex and Mr. Chappell. He will only teach one-half of each day, however.

Sunshine Club Meet At Hanover College

On June 18 and 19, a convention of Sunshine clubs was held at Hanover College. Sunshine clubs all over the state sent representatives to this interesting gathering. Those who attended the South Side Sunshine Club are as follows: Betty Reynau, Frances Shepler, Mildred Shepler, Frances Rykowski, Josephine Carrier, and Caroline Dimeyer.

The convention was opened with a meeting at noon on Tuesday, the recreation in the form of swimming and hiking followed this meeting. The girls then attended vesper services, after which supper was served. The evening's entertainment consisted of a program and a dance.

On Wednesday morning activities were reopened with a business meeting. Immediately after dinner on Wednesday the convention was dismissed.

Social Science Meets First on September 20

The Social Science Club will hold its first meeting on Friday, September 20. This meeting will be devoted to organization and the explanation of the purpose of the club to the new members. Outside talent will furnish the program for this meeting. Mr. Wilburn Wilson is the faculty adviser. The officers of the club are as follows: Robert Adams, president; John Bex, vice-president; Manuel Rothberg, secretary.

Times Staff Wants Two Sports Scribes

Two positions are now open for sports writers on The Times staff for this semester. Writing experience is unnecessary, but an "A" grade in English is essential.

All applicants must be willing to work hard and spend a good deal of time on the staff.

All those desiring the positions should apply to Norman Buck immediately after school in the Times Room.

Werner Duemling Is School Doctor

Recently Named Leading School Physician To Follow Charles Dancer's Long 26-Year Term.

Dr. Werner Duemling recently has been named chief school physician by the Board of Public School Trustees. He will succeed Dr. Charles Dancer. Dr. Dancer retired after having held the position for twenty-six years. The board drew a resolution in gratitude to Dr. Dancer for his long service.

Dr. Duemling has spoken to the students of South Side once in assembly. He has spoken to the Math-Science Club several times. In previous years, Dr. Duemling has been the school physician for both Hamilton grade school and South Side. However, he thinks he will have only South Side this year. He said that he feels he knows the South Siders even better than we know him.

Dr. Milton F. Popp and Dr. William R. Clark were appointed substitute physicians on the school staff to succeed Dr. Orval J. Miller and Dr. Carl F. Moats, who were promoted to fill vacancies on the regular staff caused by the absence of Dr. Dancer and Dr. H. Brooks Smith, who has moved from the city. Ten applications were considered.

The board said it favors increasing the amount of immunization treatment in the schools. To have Federal Emergency Relief Act nurses follow up cases of illness of school children is a plan which has been advanced for the coming year.

The staff of regular school physicians for the coming year will include: Drs. Duemling, E. C. Singer, B. M. Edlavitch, Ruth Hoetzer, Harvey Murdoch, A. E. Maravec, Miller, and Moats.

Herbert S. Voorhees Resigns As Lecturer

Mr. Herbert S. Voorhees, chemistry teacher at South Side and lecturer in chemistry at the Indiana University Extension Center here, has resigned the latter post due to ill health. He has been a member of the Extension staff since it was organized.

He will be succeeded by Dr. Maurice M. Felger, who graduated from South Side in 1926, and who has received his Ph.D. degree from Indiana University. Dr. Felger, while at South Side, was a pupil of Mr. Voorhees and through him was moved to further study in chemistry. Serving as president, secretary, and chairman of the program and membership committees he was very active in Math-Science Club. He was also a member of Wranglers, was a band member for three years, and a member of the orchestra for two years.

Labrador Scribe Continues His Tale of Frozen North

The sewerage part of our summer is out, because they said that in the fall the big storms and waves come in and flood this land. That talk I had to give in Latin class didn't do so much good after all. We planted one garden that was already made that evening. We had received some cabbage plants from St. Anthony. Now we have only five or six of the original fifty still alive. The soil is very poor. It doesn't hold moisture very well. One day I went across the bay to Fishingship's Harbor and sent back the news that we had arrived safely.

One of the schooners that comes up to the various stores with salt, groceries, and other provisions for the fishermen was unloading there. There was considerable ice in the bay and we had to dodge it. Nathan Burden, one of the men who went across, likes to get up in the prow of the boat and sing as loud as he can.

For the new garden we had to bring in three things: First, shells which we gathered at the shore about one-half mile from the cottage and which had to be crushed very finely by hand; second, muck, which had to be taken from the swamp behind our cottage; and third, sand which had to be dug from the hills. This is quite a bit of trouble for one small garden, but it had to be done. We brought in eighteen loads of muck; this was the easiest to get of the three, and nine of the shells, although four of these were already crushed, and nine of sand. This was for one garden about eight by twelve feet. No wonder there aren't many gardens up there. A garden in Indiana seems to me now as though it would be quite easy to take care of even though it was made of clay.

On the Fourth of July we had a party for the young people of the village. It was anything but noisy. The people are "quite quiet." They worked at jig-saw puzzles all evening. I only hope that someone has some firecrackers left when we get home. Charlie and I went across the bay that day. It was very rough in the morning, but we put on our oilskins and started off. We went up on one wave and came down where the next one should have been but wasn't. We had on our oilskins, so the water coming over didn't make too much difference unless you looked around at the wrong moment, and then a spray of salt water met your face "head on." We got about a quarter of a mile, and then the rudder broke loose from the ship, and we had to turn around and come back. Coming back it was much like a surf board. We seemed to slide along on top of the waves.

Saturday we went aboard a schooner that had started from St. John's and was anchored at the Bight. The captain had been at the mission house, and he showed us all around the boat, even blowing the horn for us. There were twelve fishermen that were her crew. It had left St. John's two weeks previous and it had about four more weeks to get to its destination, which was about one hundred miles from Hudson Bay. In this part of the country when a ship is going north, it is going down north, and when it is going toward Quebec or St. John's it is going up.

There is a place near George's Cove where the compasses fail to work. About four miles away on the island is Francis Harbor. It is an old trad-

ing post. There are many sheds where the fish are kept, a church, and a blacksmith shop. The house is over a hundred years old and one of the sheds is eighty years old. About a quarter of a mile from the sheds is Cape St. Francis. Here is a place where they don't work. Below it is a great quantity of iron.

Now the fishermen of the village are getting cod fish. These take considerable work to get ready for the fish buyers. The salmon just have to be headed and the insides removed. This can be done very quickly. The Burdens took over a load of salmon to the fish buyer, and on the way over they "hauled their nets" and got one salmon. Part of the net was tangled; so they didn't get any more. One of the men cleaned this salmon and it was put in with the rest.

But the cod have to take several days or more. I'll try and give you a play-by-play account of the way they are prepared for the market. They are first caught in traps, that is, nets on the six sides. The salmon are caught in one strand of the net about eight feet wide. They get their heads through but are caught by their fins and can't go ahead or back. When the cod traps are hauled, the fish are put in the large motor boats and taken to the stages. Then they are "pronged up on the stage head" Then they are pronged into the "stage head." Then the man that "tends the table" prongs them into a box. The "cutthroat" does what his name indicates and slits the ventral side. Then the header takes off the head and takes out the insides and separates the liver from the rest. This is kept.

Then the cod goes to the splitter who takes out the "sowin". The children of the village are here and are giving names to us again. So far we can write them down as they pronounce them but this last one is "bad." The "sow" is pronounced like the pig is, and everything is slurred into one syllable. Part of this is bone and some of the rest is taken out and dried. Then it is eaten. The fish are then put into big tubs. Later they are washed in two tubs of water, and they are put in a half barrel and taken up to the salter who washes them again in water and scrubs them with a rag. Then they are put in a pile with salt above and below. After they remain here a short time, they are taken out and washed again. Then they are put on flakes and dried. If the conditions are good; a bright sun and a good wind, they can be dried in one day. But if it is rainy or there is a storm threatening they have to be taken in and piled up again and then taken out after the storm has passed.

There is a large iceberg now in our bay. It has been changing its position most of the day. We went for a walk over to The Head, which is the best place to get a view of the village. It is about three hundred feet high and in many places rises up quite abruptly from the bay. We took some pictures of the rocks and the surf and one specialty number. Charles and Emily got on a narrow ledge a few feet from some other rocks and then pretended to be about to be falling off. I tried to get just the ledge and make it look like they were in danger of falling off down into a deep abyss. I hope it turns out all right.

The last few days the weather has

Times, 1500 Club To Meet Tonight

Election of Officers Will Be Held by 1500; 23 Members Of Club Should Be There.

A meeting of the Times staff will be held directly after school today. All members of the staff should attend.

Directly after the Times meeting the 1500 Club will have an election of officers. The members of the club are:

Ann Abbett, John Bex, Louis Bon-sib, Norman Buck, Ina Claire Chappell, Rosemary Chappell, Mary Ann Park, Mildred Foellinger, Ruth Garrison, Virginia Greiner, June Haeger, Dick Helm, Gwen Horn, Emily Lepper, Maxine Mariotte, George Anna Martin, Bryce Minier, Paul Reynolds, Jo Anne Smith, Bob Storm, Jim Sweet, Virginia Vesey, Harriet Yapp.

Wranglers' Activities Planned for Season

Plans for Wranglers' Club activities for the coming school year, as announced by Miss Dorothy Benner, faculty adviser, embody a program of unusual interest. Miss Benner today extended an invitation to all South Side pupils interested in public speaking and allied studies, to attend the first meeting of the Wranglers, the date of which will be published in the school bulletin and probably will be during the first week of school.

The program for the year will be launched at the club's first meeting, when officers for the year will be elected. Later the group will give a picnic to which all members will be invited. Other things of interest on the year's program include a dance following the North Side-South Side basketball game, a banquet in the Spring, the annual Wranglers' debate, and many other enjoyable events. They also plan to have one or two speakers during the year.

Art Classes Will Use Illustrations From Life

Outdoor watercolor, sketchings from life, nature, and illustration, will make up a part of the schedule for the art classes this semester.

Miss Erma Dochterman, who has just returned from "The Little Art Colony" in Minnesota, said that she would give her advanced students a taste of the newer viewpoint in watercolor. She said that because of short periods, it was rather difficult in taking much time with any one subject, but that she would stress her newer ideas which she received this summer.

Miss Ley said that she would be doing sketches from life, and also illustration with her classes.

It has been changing its position most of the day. We went for a walk over to The Head, which is the best place to get a view of the village. It is about three hundred feet high and in many places rises up quite abruptly from the bay. We took some pictures of the rocks and the surf and one specialty number. Charles and Emily got on a narrow ledge a few feet from some other rocks and then pretended to be about to be falling off. I tried to get just the ledge and make it look like they were in danger of falling off down into a deep abyss. I hope it turns out all right.

Seeing you soon, Jim.

Girls' Athletic Association Is Largest Group in South Side

G. A. A. Club Includes About 300 Members

Point System in Use; 1200 Markers Must Be Carded To Get Varsity Letter.

Numerous Sports To Be Scheduled

Girls Must Pass Scholastic Lessons, Physical Tests To Be in Organization.

The Girls' Athletic Association, which is the largest club in the school for girls, has nearly 300 active members. The purpose of this association is to promote an interest in wholesome gymnastic and athletic activities. The large variety of sports include: basketball, volleyball, track, and tennis. The members also swim, hike, and skate.

All girls are required to pass a physical examination in order to be eligible for sports. No girl may come out for teams if she is not passing in her work. As soon as her work is made up, she is admitted to a team.

The point system of the association is as follows: the varsity letter "S", 1200 points; numerals, 300 points. The highest honor a member can receive is to have her name put on the G. A. A. plaque. The graduating senior with the highest number of points receives this honor.

These awards are given at mid-semester and on Recognition Day. At mid-semester, serious services are held in the Greeley Room. The sportsmanship code is read at this service. The graduating seniors with the highest number of points are representatives of the various sports, and are dressed accordingly. The president and the dean give short addresses after which Miss Patterson awards the letters and Miss Smith the numerals. On Recognition Day, the awards are given at the assembly. Miss Patterson also reveals the name of the senior girl whose name will be put on the plaque.

A gymnasium exhibition by the girls' gym classes and sponsored by the Girls' Athletic Association is an annual event. This exhibition is representative of all the work done in this department. The proceeds are used to carry on the work in the department, such as the buying of numerals and letters.

A banquet is usually held at the end of the year. At this banquet the officers, who are chosen by ballot vote, are announced. These officers, who make up the executive board, are the president, vice-president, secretary, manager of sports, and inter-club congress representative.

This following code is not in the constitution of the Girls' Athletic Association, but nevertheless, is the Girls' Athletic Association but of all the gym classes:

1. Thou shalt not alibi.
2. Thou shalt not quit.
3. Thou shalt not gloat over winning.
4. Thou shalt not be a rotten loser.
5. Thou shalt not ask odds thou art unwilling to give.
6. Thou shalt not take unfair advantage.
7. Thou shalt always be ready to give thine opponent the shade.
8. Thou shalt not under-estimate thine opponent, nor over-estimate thyself.
9. Remember, the game is the thing, and he who thinketh otherwise is a mocker and no true sportsman.
10. Honor the game thou playest, for she who playeth the game fast and hard wins even though she loses.

A book is kept in the office by a volunteer, a student leader, in which is kept the articles concerning the G. A. A. which have appeared in the Times. Any member can find this book on the rack.

All games are timed and refereed by the student leaders. The squads in the gym classes also have a student leader at the head of each one.

At the end of the basketball season, honor teams representing each class are chosen. These four teams then play for the championship of the school.

The G. A. A. club room, or the "hangout", is entered from the gym office. The members may go there at any time. This room has a desk and table in it. The walls are decorated with drawings of girls in position for some sport.

Points for the sports are compiled as follows: In speedball, volleyball, hockey, basketball, tumbling, and baseball, 100 points are awarded each girl if she has not had more than one unexcused or two excused absences. In hiking, one point is awarded each mile; swimming, one point for each ten lengths; skating, one point for each hour. Track points are recorded thus: five points or more compiled in the meet gives that person 100 points. Under five points and over a part of a point, the girl receives 50 points. Participants winning no points receive 25 points.

Points in the track meet are compiled as follows: first place in any event except the relay, five points; second place, three points; third place, one point. In case of a tie, the points are divided, except for first place, where each person receives four points.

Tennis points are recorded as follows: Each class champion receives 100 points; the runner-up, 75 points. In the doubles, the class champions each receive 75 points and the runner-up pair 50 points each. Each person receives 25 points for participation.

Come on, you freshmen, and have the fun we upperclassmen are having. Join the G. A. A. right now and sign up for speedball. You will find an announcement on the bulletin board outside the gym office. All other announcements are also found on this board.

Miss Alice Patterson

Miss Gretchen Smith

Miss Alice Patterson and Miss Gretchen Smith will again direct the year's activities of the Girls' Athletic Association. Both instructors are to be praised for their fine work in developing the G. A. A. into the largest organization in South Side.

G. A. A. Flashes

By Barbara Raymond

Yes, it's time to sign up for tennis. Don't forget!

Congratulations to Margaret Ruhl for getting in the tennis finals of the city tournament.

Marjorie Hower has been working very hard on her swimming. She is ready to pass her senior life-saving tests.

Although Ruth Berning is a good diver, she surely makes water fly on her front flips.

Now that school has started, we notice that the girls' shower-room is as noisy as ever.

If Mary M. Hobrock roller-skates to console herself, she must have plenty of consolation.

Well! It isn't! Yes, it is Anna M. Baumgartner with a wind-blown bob.

After a summer's basking in the sun, the girls are blocking the traffic to compare their tan. Shall we bleach?

Berneta McIntosh Is Winner of Scholarship

Berneta McIntosh, '35 graduate, has been named recipient of a \$100 scholarship given by Psi Chi Sorority for the first time. It was based upon scholarship and leadership. Berneta acted as president of the Psi Chi for one year.

It was stated by Mary Martha Hobrock, president of the sorority, that the scholarship will be made an annual award.

It is expected that Berneta will go to International Business College this fall.

Many Boys Visit Y. M. C. A. Camp

Two Leaders From South Side; 120 Campers During Summer; Some Archer Students Attend

Camp Potowatomi proved to be an ideal spot for a beneficial and restful vacation to many boys of the surrounding territory. This camp is another one of the activities promoted by the Young Men's Christian Association. The camp committee, composed of Fort Wayne business men interested in the aims of the Young Men's Christian Association, is responsible for the promotion of the camp.

The committee, composed of Dr. Noah Zehr, A. P. Irmischer, C. C. Barnes, R. W. Altkruse, Carl Suedhoff, Dr. Charles Rothschild, and Harvey Mullendore, works in connection with the secretary of the association, Mr. Amrhein.

Boys from Fort Wayne and any surrounding territory are permitted to attend Camp Potowatomi during any two weeks in the camp's open eight-weeks' period. The charge for a two-week period is fifteen dollars, and the Young Men's Christian Association shoulders what expense there is left.

The aim of Camp Potowatomi is simply to afford boys a place for building themselves up, and enjoying themselves while doing it. A group of boys from surrounding colleges and institutes act as camp leaders and instructors.

Among the twelve leaders, two were formerly of South Side, namely, Wayne Grodrian and Harry Johnson. Wayne acted as class instructor and Harry had charge of cabinet work and wood-craft. They spent the entire eight-week period as leaders.

The leaders are in turn supervised by the program director, Mr. Robertson and the athletic director, Mr. Schwan. The general ages of the boys run between ten and sixteen years. There were boys present from Fort Wayne, Chicago, Indianapolis, and a few from Ohio.

Camp Potowatomi is situated on Blackman Lake just north of South Millford, and is about forty miles from Fort Wayne. The boys live in rather rustic surroundings and spend their time learning useful camp projects. There are five cabins in the camp.

During the course of the summer, there were approximately 120 campers. A few boys from South Side attended the camp. Among these were Jerry Zehr, Ralph Doty, Harvey Newell, Richard Bridges, Junior Kellogg, William Hebermehl, Bud Mahurin, Al Kelso, Darrell Good, Dalton McAllister, and Richard Larson. Jerry Zehr attended the camp the whole eight week period, but most of the others stayed only a two-week period.

"Why is that woman suing that man?"

"It's a breach of promise suit. He promised to marry her and didn't."

"Why didn't he marry her?"

"She didn't love him."

Tennis Double Title Is Taken By Ruhl Twins

B. Eisenacher, B. Harnish Are Defeated in Finals; A. Niemeyer Wins Singles

Margaret and Marjorie Ruhl captured the doubles championship of the city Junior girls' tennis tournament on the Weissner Park courts by defeating Betty Eisenacher and Betty Harnish in the finals 7-5, 6-4. They won among a field of fourteen original doubles teams. Although both teams played a fine game and fought to the finish, the Ruhl twins had a slight advantage and formed a perfect team to win. Margaret played an especially fine net game while Marjorie played well back-court. Incidentally, these girls are South Siders.

In the first round of the doubles there was only one feature match, that being between Helen Doenges-Lorraine Meyer and Delores Pequinot-Dorothy Spiller, the former team winning 6-7, 7-5, 6-2.

Close matches in the second round were Betty Eisenacher-Betty Harnish who defeated Coggeshall-Briefhof 6-3, 8-10, 6-4; Doris Garrison-Leona Menze defeated Helen Donges-Lorraine Meyers, 4-6, 6-2, 6-1.

In the semi-finals Margaret Ruhl-Marjorie Ruhl defeated Leona Menze-Doris Garrison 6-1, 6-3, and Betty Eisenacher-Betty Harnish defeated Hachmeyer-Beverington 6-3, 6-3.

Ada Marie Niemeyer, who proved to be the dark horse in the singles division, captured the title when she defeated Margaret Ruhl, defending champion, in the finals 1-6, 6-4, 6-3. After Margaret Ruhl took the first set quite easily, 6-1, Ada Niemeyer tied down after offered tough opposition, winning the second set 6-4. In the third set, Margaret staged a rally and tied the score at three all, but wavered and was unable to win another game. An excellent game of tennis was displayed by both girls. Ada was presented a trophy for permanent possession by Al Lomont and Bill Dyke.

In the first round, the feature match of the day took place when 11-year-old Joan Stiffer played Winnifred Porter. Although Joan lost, she put up a good fight and took one set from Winnifred, the score being 6-0, 7-9, 6-0. In another feature match, Mary Ellen Blauvelt took Doris Garrison 8-10, 6-1, 6-4.

Quite a few upsets took place when three of the seeded favorites lost in their second matches. Mary Ellen Blauvelt lost to Maxine Whately 7-5, 6-4; Leona Menze lost to Rosemary Stanger 8-10, 6-4, 6-1; and Marjorie Ruhl lost to Mary Abbott 6-2, 6-4. Other close matches were Winnifred Porter defeated Ruth Phipps 7-5, 2-6, 6-3; Coggeshall defeated Briefhof 5-7, 6-2, 6-4; and Marjorie Obergfell defeated Jo Ann Sterling 6-1, 3-6, 6-3.

In the quarter-finals, the only hard fought match was between Rosemary Stanger and Marjorie Obergfell, the former winning 2-6, 6-4, 6-3.

Margaret Ruhl defeated Maxine Whately in an easy match, the score being 6-2, 6-0. The other semi-final match took place between Rosemary Stanger and Ada Niemeyer. Rosemary Stanger won defeated by Ada Niemeyer 6-4, 7-5.

Girl Reserves To Go To Camp Yarnelle

The annual city-wide set-up conference for Girl Reserves will be held Saturday and Sunday at Camp Yarnelle, Winona Lake. Officers and other cabinet members of all Girl Reserve clubs in the city will attend the conference for the purpose of choosing semester themes and making plans for the year's activities.

So-Si-Y officers who will attend are Anna Bremer, president; Verna Holtman, vice-president; Harriet Basford, secretary; and Betty Rison, treasurer. Committee chairmen are Helen Anderson, membership; Norma Clausner, social; Virginia Greiner, publicity; Ruth Riets, service; and Catherine Allendorph, Inter-Club Council.

Swimming Flash

Dan Zehr

Dan Zehr, former South Side student and well-known Olympic swimming star, appeared in a large number of races this summer. He recently won the 100 meter backstroke race in San Francisco. Dan is now in Japan as a member of the American team competing against the best competition the Orient can offer.

Joe Bex Winner In Essay Contest

Receives \$5 Worth of Japanese Merchandise As Prize; Topic Based on "A Tour to Japan."

Joe Bex, freshman A, entered an essay contest which was sponsored by the Japanese Tourist Bureau, and won one of the eighty-five prizes offered. The rules were published in the July issue of the American Boy magazine, and were closed on the first of August.

The topic of the essay was to be "Six Reasons Why I'd Like To Visit Japan." Contestants were to write their story within the limit of 200 words. The winner was to receive a \$100 loving cup, but even though Bex didn't win it, he was just as happy to receive five dollars worth of Japanese merchandise. Although it took up much of his time, and required a good deal of thought and rewriting, Bex says he certainly enjoyed the work. There were a few Japanese among the judges of the contest. The United States was the only place where the contest was held.

Good Times in Store For Meterite Members

Members of the Meterite Club are eagerly looking forward to welcoming many of the incoming freshmen into their organization this term. Meterite is a literary club organized for the freshmen and 10B girls of South Side. To be eligible, a girl must have and maintain a B average in English.

A Meterite meeting is held every other Tuesday at 3:20 p. m. in the Greeley Room. At the beginning of each school year, the officers of the club hold a meeting at which the club programs for the year are planned. A meeting of this kind will be held on Friday of this week in room 60. Theater parties, the annual potluck, skating parties, and the like are planned also at this meeting. The officers for the coming term are Betty Pugh, president; Phyllis Geller, vice-president; Ruth Bando, secretary; and Ann Peters, treasurer.

An officers' meeting will be held on Tuesday, September 10, in room 60. The first regular Meterite meeting will be held on Tuesday, September 17.

Intramural Sports Are Again Offered

Cross-Country, Golf, Tennis, Tag Football Are First Sports To Be Played This Semester.

"Intramural sports should be of interest to everybody in South Side because they not only build up the students physically and mentally, but help them in their chances of making a varsity team," said Mr. Louis Briner, head of the intramural department. "Also," continued Mr. Briner, "A point system has been worked out whereby a boy can earn a minor letter while aspiring to build himself up. If anyone doubts the fun that is had in intramural sports he should see and talk to an intramural 'letterman'."

The first four sports to be offered by the intramural department are tag football, cross-country, golf, and tennis. Tag football participants will be awarded ten points for participation, five points for being on the winning team, and three points for being on the runner-up squad.

Cross-country offers fifteen points for participation, thirteen points to the winner, ten points for second place, and five points for third place.

Golf, which is played on municipal greens, gives ten points for participation, and five, three, and one points respectively for first, second, and third places.

Tennis, which is played on South Side's gymnasium floor, provides two points for participation and two points for every match won.

For all of these sports there are both lightweight and heavyweight teams. The heavyweight teams consist of boys weighing over 105 pounds, and the lightweight teams are composed of those weighing under 105 pounds.

By working very hard a boy may be able in a year's time to collect 125 points, necessary for an intramural sports letter.

Mrs. Stonehill Substitutes

As Miss Kelley will be unable to come back to South Side until Monday, her place is being temporarily taken by Mrs. Stonehill, a substitute who had taught at Hamilton grade school

Side's gymnasium floor, provides two points for participation and two points for every match won.

Squad Suffers Heavy Losses By Graduation

Nine Veteran Linemen To Be Absent Because They Graduated in Spring.

Reserves Appear Extremely Weak

Norris, Ellenwood, Nye, Parmalee, Ostermeyer, Seen As Best Prospects.

"I'll make something out of it, but you'll have to name it," was the comment of Coach Lundy Welborn recently as he sadly surveyed his gridiron prospects for the coming season.

The squad came back last Friday from Camp Crosley where they engaged in a 10-day practice session in preparation for the fairly tough schedule which the Archers will face for the next few weeks. For the past week Coach Welborn has put his changes through daily practice sessions at the southern stadium.

Lundy's chief problem seems to be the inexperience of his candidates. The line has been harder hit by graduation than the backfield. No less than nine veteran linemen were graduated last spring.

The end positions were hard hit. Every wing man who saw much action last year has graduated. The loss of George will be felt most, with Jackson, Nelson, and Fowler also on the retired list. To replace them, Lundy has Norris and Don Faux, both of whom saw a little action, and Ank-bruck.

One of the strongest spots in the line will be at tackle. Although Stray and Hunkeler will not be available, Ellenwood and Nye, both of whom were regulars last year, will be back. Faux is also a good tackle prospect and may earn a regular berth.

The guards will be rather weak. Of the candidates, Allen Faux has seen the most action. Bennett looks fair, with Dem, Kenneth Miller, and Bill Wilson also out to replace Roop, Schoff, and Domer from last year's squad.

Fred Ostermeyer will be back at center. Bob Miller, a junior, is giving a run for his money and looks like a bright prospect for next season.

The most serious single loss of all is the graduation of Harrison Simon, capable quarterback. The value of Simon was displayed all too well when the Archers played a miserable game against Central last year after he was removed from the game because of injuries. Meyers and Woodhull appear the best prospects to fill his shoes. Luman is another hopeful, but lacks experience.

All the experienced halfback prospects are working for the right half back. They are Parmalee, Lee, and Richter. The first two look best.

The left-half race is a wide open affair between Dochterman, Ed Kruse, Lenz, and Davies. The absence of Ann, Kessler, Lohman, and Nelson will be felt keenly. Chuck Stone, who saw some action last year, does not intend to go out for the team this year.

Another good race is being staged in fullback. Bud Lee has tried this position a little in addition to half. Helps, O'Brien, and Hosier are also vying to take the place of Lenz and Snyder.

Altogether it appears that the Archers should have a heavy but inexperienced first-string line to open holes for a fair backfield. One of Lundy's big problems will be to develop the Archer reserves, which at present are woefully weak.

South Side fans can not expect much during the early season, but by the time for city series games the team should present a tough defense line. It remains to be seen what can be developed in the way of scoring power in the backfield by that time.

Four Yell Leaders Return; Pep Meets Before Home Tilts

That important part of South Side Athletics—the yell leaders—will be back again in all the glory of their green satin suits, ready to lead cheers for more victorious Archer squads. Dave Steger, Cliff Schrom, Mahurin, and Phil Green are the boys who will lead South Side's cheer this year.

The new green satin suits will be as much in evidence at pep sessions which will be held before every home game, both football and basketball, as they will be in the cheerleaders' uniforms. Help send the Archers on to another victory.

All boys who see themselves as prospective cheer leaders can discover their abilities in this line by going to Mr. A. W. Heine in room 91.

It was last year, an extensive crop of prospective yell leaders is expected to overwhelm Mr. Heine this season.

Some good youngsters should be recruited from the group.

Ora Davis Directs Work at Games

Any Boy Who Wishes To Perform Duties During Season Should See Athletic Manager.

Boys interested in working at football games are asked to sign up with Mr. Ora Davis sometime during the first two weeks. Every year there are from nine to ten boys picked from all those who have signed up, to help make the football games a success.

The compensation for this bit of labor is a free ticket to the afternoon's game. The boys sign up for the entire season, the agreement being that they will help Mr. Ora Davis during the entire football season. If the boys fail to show up for one of the games, they are simply dropped and other boys are chosen in their places. However, if proper reason is given, they are naturally excused from the game. The boys seem to like their jobs so well, though, that only once or twice has there ever been anyone dropped. As there are several boys picked from each class, the work is continuous and runs quite smoothly.

Every Saturday morning before the game, there are four boys lining the field. They manage to get the field into fine shape for the afternoon's game. While the game is being played, five boys are needed to operate the scoreboard. Several boys actually work on the scoreboard while two are needed to signal it.

Central Catholic Opens Season With Decatur

Central Catholic's gridirers opened their football schedule yesterday against the Decatur Yellow Jackets. They played with an almost entirely new team built by Coach Bill Barrett and his assistant Jim Agnew, who was captain of the Irish last year.

Of the seven games on the schedule, only three will be played in the city. They will be the contests with North Side, South Side, and Central. All of these are City Series games.

Central will be their first City Series opponent, this game to be played on September 28. The following Friday they meet North Side in a night game. They will play South Side on October 19 at the Southern stadium.

The complete schedule follows:
September 6—Decatur, there.
September 13—Portland, there.
September 28—Central, at North Side.

October 4—North Side, there.
October 12—Howe, there.
October 19—South Side, there.
October 26—Garrett, there.

Much of the success of the Archer gridirers this season will be due to the tutelage received at Camp Crosley this summer from the Detroit Lions, professional football team. In this picture we see Randolph of Indiana University fame instructing Fred Ostermeyer on playing center, while the other contenders for that position, Bud Suelzer, Tom Broderick, and Bob Miller, look on.

Sportlights

Once again the grizzled veterans of the prize-fighting publicity game are back at their old job of ballyhooing up a non-championship bout as the outstanding fight of the century. By the time Joe Louis and Max Baer start to maul each other in Madison Square Garden in the latter part of September, the entire aggregation of pugilistic fans from Maine to California will be expecting a massacre in the raw. However, at the present time it seems as though there will be a rather one-sided massacre with Baer on the receiving end. The "build-up" stunt for the bout is a swell racket just the same.

Some of these gridiron fans who are advocates of the idea that the boys playing in the pro leagues take it easy in general and don't attempt to make much of a fight, should take a look at the Chicago Bears. These fellows spent about three weeks in a football camp in Wisconsin getting in condition for their encounter with the college All-Star outfit. While in camp every member was required to get up in the morning at 6 o'clock and follow a set routine throughout the day and to retire at 9 in the evening. Included in the routine was an hour of calisthenics and four hours of active drill. The gridirers went at it with so much enthusiasm that the club owners were forced to procure the services of a physician to treat four or five of the two-hundred pounders who were suffering from serious bruises and torn ligaments. No, these boys don't play the game hard! Not Much.

Just when the wrestling game seemed to have an undisputed holder of the heavyweight title for the first time in several years, a general mix-up has occurred and once again there are a multitude of challengers to the crown. The grunting profession has always been bothered by a line of persons claiming the championship. Tournaments to decide the titleholders have been held on various occasions, but one or more of the claimants always refuse to enter and as a result there is a constant jumble. Someone has suggested one way to decide this problem. This would be by means of a battle-royal between all of the claimants. Can you imagine the massacre that would take place if London, Pesek, Connenberg, Savoldi, and George were to get inside the ropes and start swinging at each other?

Redskin Team Tackles Corbin Here Tonight

North Side Gridiron Eleven Starts Nine Game Season With Tough Kentuckians.

North Side's Redskins will tackle Corbin of Kentucky in an inter-sectional tilt under the floodlights at North Side field this evening at eight o'clock. The game will open the Redskins' nine-game 1935 grid schedule.

Much interest in the game is being displayed here, inasmuch as this will be the second important inter-sectional engagement ever to be played in Fort Wayne.

Corbin is considered one of the toughest teams in Kentucky. Two years ago they advanced to the finals of their state grid tourney before losing after a tough battle. The school is a member of the Cumberland Valley league.

The Kentucky team received its early training this year at a northern Indiana lake. For the past week the squad has been practicing at Garrett's high school gridiron. The game with North Side will be played on the trip homeward.

The Blue Grass outfit is coached by N. G. (Nick) Denes, who formerly attended Garrett High School and the University of Illinois. While at Garrett, Denes was a teammate of Louis Briner, physical education instructor at South Side. Denes combines the Illinois and Warner systems and uses both single and double wingback formations.

The Kentucky eleven is expected to be a little too tough for the Redskins, chiefly because of the weakness of the North Side line. Coach Bob Nulf lost twelve of his first fourteen linemen by graduation last spring. It is believed that this will prove too great a loss to fill immediately.

To make it possible for local fans to see the Corbin team in action, North Side athletic officials have reduced the admission price considerably.

The complete Redskin schedule for the coming season is as follows:
September 6—Corbin, Kentucky, here.

September 13—South of Lima, here.

September 21—Goshen, there.

September 27—Auburn, here.

October 4—Central Catholic, here.

October 11—Central, here.

October 18—Decatur, there.

October 26—South Side, there.

November 1—Huntington, here.

Student Is Incapacitated

"Pat" Hoff, one of our most prominent junior students, has been unable to attend school this week as a result of an appendicitis operation. "Pat" suffered an acute attack of appendicitis at 2 o'clock Monday morning. She was taken to the Methodist hospital, where the operation was performed at 5 o'clock.

Mrs. Hoff stated that "Millie is doing as well as could be expected in such a case."

Archer Grid Candidates Show Superiority at Football Camp

Some new precedents were established and others were abolished in the current football camp at Camp Crosley, host to Archer grid hopefuls for ten days. The field meet, usually a feature of the camping period, was apparently forgotten in the hustle to

develop winning teams, and the Archers were unable to demonstrate their superiority in this line, as they did in softball. South Side walked off with the softball championship, trimming Anderson in the finals and thereby winning for each player a delicious milkshake.

An evening feature entertainment was the showing of two moving pictures. The pictures were fairly good, but to the majority of the campers, who were missing their movies, the pictures looked so good that they even overlooked the ten or fifteen minute pause between reels while the new film was being attached to the ancient machine. Often the hero would be about to take his death plunge and then the screen would suddenly go blank, everyone sitting on the edge of his seat for fifteen minutes until a new reel was put on and the story continued.

The All-Stars-Bears football game was staged on the evening before camp broke up and the campers were allowed to stay up and hear the conclusion of the game. Even as early as the first quarter some of the campers began dropping off and at the half practically three quarters of a fine list of listeners had piled into bed. At the end of the third quarter, the ranks of the listeners were even more depleted, and only a few survivors remained. At the end of the game about three or four South Siders were still on the battle-front and this handful trudged wearily back to their respective tents at about 11:30. Coach Lundy Welborn was one who remained to the end, but he had all he could do to keep his eyes open.

The Archers also made an excellent showing in the football end of the camp. A new, and for the most part inexperienced line proved almost impragable against the various offenses hurled against them by the other teams working out at Crosley. On the last day of the camp in scrimmaging Anderson, the Archers offensive play was dominated by some sparkling passes that clicked with remarkable precision and demoralized the Anderson pass defense. The line smashes also clicked but not with the regularity of the passes.

The South Siders suffered few injuries other than the usual run of cuts and bruises. Early in the camping period, Nelson Miller suffered a bad cut on the head; and on the last day at camp, Fred Meyers sustained a knee injury, but neither was very serious. Outside of this the Archers were fortunate in avoiding injuries and they came home with the squad intact, ready to start practice once more on the home grounds.

Athletic Costs Of Last Year Pass Income

Sports Department Spends \$70.83 More Than It Received; Balance Is \$420.

During the 1934-35 athletic season, South Side's athletic department spent \$70.83 more than it took in, according to the financial report issued recently by Ora M. Davis, athletic manager.

The total receipts for the past year were \$6,901.42. The disbursements amounted to \$5,581.38. This leaves a balance of \$420.04 as compared to last year's balance of \$492.87. This fact probably accounts for the rise in the price of season tickets.

The disbursements listed under "general" in the following report include printing, fees, sweaters and letters, Lettermen's banquet, postage, supplies, and express.

Anyone who desires may inspect the complete detailed report of all receipts and expenditures on file in the office.

The report is as follows:

Receipts—Balance, \$492.87; student tickets, \$1,977.55; adult tickets, \$353.50; guarantees, \$760.83; general admissions, \$1,861.55; tourneys, \$592.24; miscellaneous, \$42.88; total, \$6,001.42.

Disbursements—Football, \$2,571.88; basketball, \$1,818.31; track, \$485.52; golf, \$57.50; tennis, \$12.10; general, \$485.07; bills payable, \$150.00; total, \$5,581.38. Balance, \$420.04.

Cafeteria Helpers Expected To Strictly Obey Their Code

After receiving a position on the student cafeteria staff, the students are expected to give their best to the work. The following rules are ones which Miss Mellen, the cafeteria supervisor, wishes them to follow:

1. Report promptly.
2. Have hands washed and finger nails clean.
3. Keep apron and headband on while handling food.
4. Keep handkerchiefs away from food.
5. Use between fifteen and twenty minutes for eating.
6. Have cashier student check amount on your tray.
7. Stay at work until the bell rings.
8. Hang up headband and apron before leaving.
9. If necessary to be excused, report to Miss Mellen.
10. If to be absent, consideration and courtesy demand that you let Miss Mellen know.
11. Show courtesy to all customers.
12. Courtesy, respectfulness, and co-operation for all women on the staff.
13. Courtesy demands that all complaints be brought to Miss Mellen.
14. Helpers at counter, keep counter neat and clean, food trays filled and covered.
15. Serve food in proper amounts.
16. At close of service bring remainder of the food to the kitchen.
17. Student at candy and ice cream counter, report order needed for the following day to Miss Mellen.
18. Cashier, learn food prices.
19. Cashier, be accurate in making change and handling money.
20. Money found, should be turned in to Miss Mellen, so as to be returned to the owner if it is called for.
21. Be honest in all dealings.
22. See the things to be done, and then do them.
